ADAM & CHARLES BLACK: LONDON
WHO'S WHO
1958
AN ANNUAL BIOGRAPHICAL DICTIONARY WITH WHICH IS INCORPORATED "MEN AND WOMEN OF THE TIME"
15379
ONE HUNDRED AND TENTH YEAR OF ISSUE
ADAM AND CHARLES BLACK LONDON
PREFACE

Some occurrences notified at a date later than mid-October 1957, when the early pages of this edition had to go to press, could not be recorded in the body of the book; a number of these, of the most general interest, are listed in a supplement preceding the first page of the biographies. This includes also the names of those who, having no entry as yet in the body of the book, received titles gazetted on 1 January 1958. The obituary on pages 23-30 includes deaths reported up to mid-November 1957.

A proof of each entry is posted to its subject every year for personal revision, but this cannot be sent unless an address is given. It should be pointed out that the numbers given of the children of a marriage are, unless otherwise indicated, those of the sons and daughters now living; also, that it is the practice to print the names of London clubs unaccompanied by the word London.

It cannot be stated too emphatically that inclusion in Who's Who has never at any time been a matter for payment or of obligation to purchase the volume.
