MR. JOHN D'OYLY,

(AFTERWARDS SIR JOHN D'OYLY, BART.)

HISTORICAL INTRODUCTION.

- 1796—On February 16th, 1796, Colombo fell into the hands of the British and with it the dominion of the maritime provinces of Ceylon.
- 1798—Two years later, the King of Kandy, Rájádhirája Siṅha, was deposed and Kannasámí, the son of a sister of one of his queens, raised to the throne by the first Adikar Pilima Talawuwé under the name of Śrī Wikrama Rájasiṅha. The new King was but eighteen years old and for some time the minister was supreme. His object, as he avowed later, was to render the government of his puppet obnoxious to the chiefs and people and, expelling the Malabār family which had ruled since 1739, to found a native dynasty in his own person. Pilima Talawuwé claimed royal descent and hoping to make his daughter queen gave her to the king in concubinage, but the latter on the advice of his relatives and the other chiefs took to wife the two daughters of Gampola Déwiyó (Feby. 1801). Meanwhile the rival claimant to the throne Muttusámí or Buddha-sámí, whose three sisters had married the deposed king, fled to the British territory and was accorded a residence in Jaffna.
- 1799—In 1799, the Adikar opened communications with Governor the Honourable Frederic North, with whom he had several interviews at Avissáwélla. In the course of these he solicited His Excellency's aid, his plans being to assassinate his sovereign and to place himself on the throne: in return he

- 1799 undertook to make the British masters of the country. His proposals, however, were rejected, the Governor stipulating for the safety of the king and the maintenance of his dignity. Pilima
- 1800 Talawuwé now appeared to renounce his murderous designs and the sanction of the king having been obtained, General MacDowal was despatched in March 1800 to Kandy as ambassador with a considerable escort. Negotiations however fell through, as the British proposals were not acceptable to the court, while the Kandyan demand for a sea-port was rejected by Government.
- 1802—Negotiations however continued, and in February 1802 Migastenné, second Adikar and son-in-law of Pilima Talawuwé, arrived as ambassador at Colombo, and attempts were secretly made to renew the first Adikar's proposals. These together with an offer to allow the British to cut a road across the country to Trincomalee without the knowledge of the king being rejected, Pilima Talawuwé resolved on war, and seized the areca-nuts and baggage cattle of some Puttalam traders, the areca valued at £1000 being sold by the Adikar's people at Ruwanwella. No redress having been given in answer to remonstrances to the court,
- 1803 war was declared on January 31st 1803 and General MacDowal placed in charge of the operations. On February 24th Kandy was taken and on the 8th of the following month Muttusámi crowned as king, and a treaty concluded, by which the British obtained large concessions.

Pilima Talawuwé meanwhile remained by the side of Śrī Wikrama and intrigued with the British, whose strength he exhausted in useless expeditions undertaken at his suggestions. On March 28th MacDowal had an interview with the second Adikar and a treaty was proposed, by which Muttusámi was to hold his court at Jaffna, Pilima Talawuwé ruling the kingdom with the title of Utum Kumárayan, while a road to Trincomalee, Fort MacDowal (Mátalé) and the whole of Seven Kóralés were to be ceded to the British.

On April 1st, the General left Kandy, leaving a small garrison under Colonel Barbut, and a few troops stationed elsewhere in the country. Pilima Talawuwé now expressed a desire to interview the

1803 Governor, who set out for the purpose for Dainbadeniya. Here on the 3rd May he met the Adikar and the treaty of the 28th March was confirmed. The fortunate arrival of Colonel Barbut with a force from Kandy frustrated the Adikar's design of seizing the person of Mr. North.

Colonel Barbut died in Colombo on May 21st and the command of the troops in Kandy, many of whom were sick in hospital, devolved on Major Davie. On the 23rd, MacDowal arrived in Kandy at the urgent request of the Adikar; the minister however failing to appear, he left for Colombo on the 11th of the next month. On the 23rd the truce was broken by the Kandians seizing the fortified posts of Galagedara and Girihágama. On the next day, a general attack on the British position in Kandy followed; only 20 convalescents were available and after a fusillade of ten hours Major Davie capitulated, on being promised a safe conduct to Trincomalee, the care of the sick being undertaken by the Adikar. The troops thereupon marched out, but finding the Mahaweli Ganga in flood encamped at Watapuluwa. On the 25th the king repudiated the terms of the capitulation; but promised permission to retire in safety, if Muttusámi were delivered up, and resistance being impossible this was done. On the 26th the king ordered all to return to Kandy unarmed on pain of death. The officers were thereupon taken to the capital, and the men massacred only a few escaping, while the sick at the hospital in Kandy, numbering 120, were put to death. According to the Kandyan version Davie and two officers were invited on the 26th to meet the Adikar half way to Kandy to make the final arrangements for the conveyance of the troops across the river. They went, but were met by three Chiefs, of whom Mullégama and Millawa Disáwa of Wellassé were two, and were informed that the king desired to have an interview with Davie. The Major consented, and he and his companions were imprisoned. On a message purporting to be from Davie, the troops laid down their arms and were massacred, while Muttusámi was taken to Kandy and executed. The surviving detachments fought their way to the coast or were relieved and on July 2nd no British troops remained in the Kandyan provinces.

- 1803 Elated by their success, the Kandyans in August and September descended on all sides into the British Settlements: the king went in person to take Colombo, but being repulsed at Hanwella Fort on the 6th September fled precipitately. Overtaken in his flight by Lewuké Disáwa of the Three and Four Kóralés and Palipáné the Maha Lékam, he ordered their immediate execution charging them with sitting under a tree instead of directing the attack. Reprisals were made by the British, while disaffection in their territories
- 1804 was fostered by the court. Next year a simultaneous invasion of the kingdom from all sides was ordered, but was countermanded. Captain Johnston of Batticaloa, however, misunderstanding his orders, marched with a small force to Kandy, which he took on October 6th, but finding himself unsupported, withdrew on the 9th and marching through hostile country, reached Trincomalee on the 20th.
- 1805.—February, 1805, saw another invasion by the Kandyans who were repulsed on all sides, and a mutual cessation of hostilities ensued. On the 19th July of this year, Thomas Maitland assumed the Government.
- 1808.—About 1808 the second Adikar Migastenné died and his Disáwany of the Seven Kóralés were given conjointly to his successor Ehelépola and Molligoda the elder. Double services being thus required, the people revolted. Pilima Talawuwé offered to reduce them to submission, and succeeded: the Disáwany was then divided, Ihala Dołos Pattu being given to him, while his son-in-law Ratwatté obtained Pahala Dołos Pattu.
- 1811.—Major General Wilson succeeded Maitland as Lieutenant Governor on March 19th 1811. Advantage was taken of the period of peace by the king to beautify his capital by the construction of the upper lake and the building of the Octagon and other works, all of which pressed hard on the common people. Meanwhile D'Oyly's Diary clearly shows the growing unpopularity of the monarch among the greater as well as among the lesser

1811 chiefs. Unable to trust them, he became daily more suspicious and jealous of their power, in particular of that of Pilima Talawuwé, who incurred his wrath by a proposal to marry his son to the natural granddaughter of Kirttişri. This was regarded as an attempt to gain the throne, and the Adikar was deprived of all his offices and sent to his village in disgrace. The fallen minister thereupon conspired to assassinate his master, but on the night appointed the Malay Muhandiram found the King unexpectedly awake, and the districts of Udunuwara and Yaşinuwara rose, the deed still unaccomplished. The Muhandiram fled to Colombo: Pilima Talawuwé and Ratwatté were imprisoned and executed, the occurrence of a festival day saving the Adikar's son from a similar fate. Tradition says that these occurrences which took place in May and June wrought such an effect in the king's mind that he never slept two watches of the night in the same place.

Eşelépola, though suspected by the king as the nephew by marriage of Pilima Talawuwé, was appointed first Adikar, his late office being given to the aged Unambuwe, who dying in 1813 was succeeded by the elder Molligođa. In the Maritime Provinces Sir Robert Brownrigg became Governor on the 11th March 1812.

1812.—In December of the same year Mámpitiyé Loku Bañđára, the natural son of Kirttişri, was cut to pieces at Hunukoşuwa for alleged treason. Dumbara, Héváheşta, Kotmalé, Úva, and Walapané in which districts the king placed confidence were forbidden intercourse with the rest of the kingdom and all persons not natives of them as well as all priests and Moors were bidden to depart, an order which, in many instances breaking up families, served but to increase the disaffection already existing.

1813.—In 1813, Şri Wíkrama married the two daughters of Degal Sámí: Eşelépola's presents were considered mean and he and the other chiefs were ordered to their provinces. Complaints against the Adikar began to arrive from Sabaragamuwa, his disáwany; he protested against the order to enforce the exaction of 'marála' or heriots, the payment of which had become obsolete, and finally in March

1814 1814 was summoned to Kandy. Knowing his probable fate too well to comply, he began to correspond with the Governor, who however refused assistance to his proposed revolt, pending a more decided expression of Kandyan feeling. On raising the standard of rebellion, he was deprived of office: Molligoda Disáwa of the Four Kóralés was appointed in his place and despatched to suppress the outbreak, and in May Ehelépola fled to Colombo where he was received unofficially by the Governor. Some explanation of his treatment by the king may be found in the fact that his letters passed through the Four Kóralés, where according to tradition they were tampered with by Molligoda. Antipathy undoubtedly existed between the two chiefs and it was perhaps this which kept Molligoda loyal in the rebellion of 1817-1818.

The rebels captured in Sabaragamuwa were executed: the old offence of the Seven Kóralés was again investigated and many of the principal headmen of that province tried and condemned to death by a commission of three, one of whom was Molligoda against whom they had previously rebelled. Execution now followed execution: Puswellé Disáwa, once the favourite, was arraigned for the disrespectful manner in which Puswellé Gabađa Nilamé was alleged to have presented his brother's offerings and fell a victim to the tortures which he himself had taught the king. Ehelépola Disáwa son of the Disáwa of Úva was executed and the ex-Adikar's children beheaded, their mother being compelled to pound their heads in a mortar, after which she and the Disáwa's wife were drowned in the Bogambara lake. The children were put to death under the king's eyes in Déwasanhiṇḍa between the Maha and Nátha Déwálés, and Śrī Wikrama thus added sacrilege to his other offences, while he alienated the priesthood by executing Paranátala or Moratoṭa Kuđa Unnásé. The withdrawal of a detachment stationed to guard the frontier during Ehelépola's rebellion led to preparations for invasion of the maritime provinces by the king, and the simmering rebellion and unrest in the Kandyan country rendered action by Government imperative. While war was contemplated and D'Oyly negotiating with Molligoda hostilities were precipitated by the barbarous

1814 mutilation of ten cloth merchants, British subjects, in July.

Arrangements were now made for the invasion of the Kandyan country, and, the despatch of reinforcements from Madras being countermanded, the troops were disposed in eight divisions:—

- I. Major Hook, 2nd Ceylon Regiment—
430 men—from Colombo
- II. (reserve) Lieutenant Colonel
O'Connel, 73rd Regiment—
780 men—from Colombo
- III. Major Kelly, 4th Ceylon Regiment—
402 men—from Galle
- IV. (reserve) Colonel Murray, 4th Ceylon
Regiment—
642 men—from Galle &
Hambantota
- V. Major D. Mackay, 3rd Ceylon Regiment—
445 men—from Trincomalee
- VI. (reserve) Major General Jackson &
under him Lieutenant Colonel
Rainsford, 19th Regiment—
500 men—from Trincomalee
- VII. Captain Anderson, 19th Regiment—
205 men—from Batticaloa
- VIII. Captain De Bussche, 1st Ceylon
Regiment—
225 men and a free corps
of Malays raised by that
officer: total 340 men—
from Negombo.

On December 9th Major Hook accompanied by Ehelépola advanced to Hanwella, and early in
1815 January proceeded to Avissáwella; here he was met by D'Oyly as the Governor's Commissioner who conducted the negotiations with the disaffected Kandyans. On the 10th Ehelépola's adherents in the Three Kóralés encountered the King's troops who routed and pursued them across the Sítáwaka Ganga into British territory. War was declared the same day, and on the 11th Hook crossed the frontier and accompanied by the people of the district distinguished by white bands on their arms

1815 under D'Oyly advanced to Ruwanwella, at the ford of which place the enemy was posted. On the 20th the troops advanced from Mattamagoda to Iddamalpána when it appears Molligoda was wounded in the heel. Hettimulla was reached on the 24th and the Maha Oya forded after some show of resistance at Attápitíya on the 29th. The division proceeded next day to Ganétenna where Molligoda appeared before Hook in the guise of a messenger from himself.

On February 1st Hook skirted the Alagalla range with the object of turning the Kandyan position and two days later took the forts of Galagedara and Giriágama. Meanwhile on the 2nd Major Moffat ascended Balané, when a period of inaction ensued to enable the other detachments to take position around Kandy.

On the 6th the Governor, who had left Colombo on the 1st arrived in the camp of the 2nd division at Ganétenna in time to receive the surrender of Molligoda in state on the 8th. On the 10th the division ascended the hills and reached Amunupura, while Ehelépola entered Udunuwara by another pass. Next day Major Brownrigg reached Gannoruwa and the king fled the capital; a proclamation was also issued, annexing the Four and the Three Kóralés and Sabaragamuwa. On the 12th the advance guard under Major Willerman entered Kandy, followed by the Governor on the 14th. The capture of the King was the next object; a detachment under Lieutenant Mylius accompanied by Ehelépola, sent in pursuit, defeated Muttal Sámi at Hakketuwágala and on the 18th Śrī Wikrama was a prisoner. On March 2nd a convention of the Kandyan chiefs was held in Kandy and King George III proclaimed sovereign of the whole of Ceylon.

Many causes contributed to the fall of the Sinhalese monarchy. Among others may be mentioned the personal disaffection to the King who through the intrigues of Pilima Talawuwé had become hateful for his cruelties, the deterioration of his character being largely due to his inability to trust any of his chiefs. The king in consequence attempted to break their power by encouraging the local councils, known as Raṭa sabé and

1815 Gamsabé, and by dividing the disáwanies, a policy, as already seen, carried into effect in the case of the Seven Kóralés, and pursued in 1814 with Úva and Sabaragamuwa. Many of the chiefs moreover were heavily indebted to the Náykkars of the Royal family, and looked to the subversion of the dynasty to escape from their liabilities. In addition to the foregoing was the secular suspicion of the Government of the maritime provinces on the part of the court, resulting in a duplicity which rendered all treaties nugatory; this, with the geographical position of the British settlements round the coast and the substitution of a strong for a weak power, rendered the existence of a hostile power in the interior impossible.

BIOGRAPHICAL NOTICE.

John D'Oyly, born June 11th 1774, was the second son of Archdeacon Mathias D'Oyly, rector of Buxted, co. Sussex from 1788 till his death in 1815, and came of a family of ancient descent. Educated at Westminster School, he became a commoner and fellow of Benet College, Cambridge, where he took his degree of B.A. in 1796. He arrived in Ceylon as writer in September 1801, his appointment probably being due to Lord Liverpool, later Secretary of State for the Colonies and afterwards Prime Minister, the principal resident of Buxted.

In 1802 he was appointed Second Member of the Provincial Court of Colombo. On July 7th 1803, he was given the office of President of the Provincial Court at Matara, at which place he studied under Karatota

Náyaka Unnánse. On February 22nd 1804 he was appointed as Agent of Revenue and Commerce for the district of Má tara, with which on May 2nd of the same year the district of Galle was amalgamated under his control. On July 10th 1805, as a reward for his proficiency in Sinhalese he was given the Chief Translatorship to Government, a post which he held until he resigned it on June 12th 1816, and on February 12th 1806, became Agent of Revenue and Commerce for the district of Colombo, a title which in 1808 was changed for that of Collector. In his capacity of Chief Translator he was entrusted with all negotiations with the Court and chiefs of Kandy, and the diary now printed is a record of his work in this direction. It was found in the Kandy Kachcheri; the few pages then in private hands have since been recovered and placed with the main document.

On August 12th 1814, he was made Civil Auditor General and Chief Translator and on November 30th Military Auditor General: as holding the combined offices, he was to be styled Auditor General as from December 1st of that year.

In the war of 1815, D'Oyly was attached to the troops as Commissioner of His Excellency the Governor and entrusted with the negotiations with the Kandyan chiefs. On March 2nd, he was appointed Resident of the newly acquired provinces and Member of His Majesty's Council on Ceylon and on September 11th of the following year was gazetted as from October 1st Resident and First Commissioner of the Board formed to administer the affairs of the late kingdom. On July 27th (*var.* August 29th) 1812, he was created a Baronet of the United Kingdom but did not live to enjoy the dignity long, dying in Kandy on May 25th 1824 of fever contracted in the Seven Kóralés, in his fiftieth year. His remains were buried in the Garrison Cemetery, where an inscription to his memory exists; a copy of the same appears on a tablet in St. Peter's Church, Colombo.

The following is from the Ceylon Gazette of May 29th 1824:—

"Died. At Kandy on the 25th Instant at 1 o'clock A.M. of Remittent Fever caught on an Official Tour in the Seven Korles, The Honourable Sir John D'Oyly Baronet, a Member of His Majesty's Council in Ceylon and Resident and First Commissioner of Government in the Kandyan Provinces.

His remains were removed from his late residence in the Palace for Interment in the Burial Ground of the Garrison on the morning of the 26th Inst. at 7 o'clock the troops of the Garrison lining the road from the Palace to the Burial Ground resting on their arms reversed, while Minute Guns were fired by the Royal Artillery in the Castle, as the Procession moved along in the following order

The Korales and Arachchies of the Udaratte.

THE BODY,

Borne by twelve European Soldiers of the 45th Regiment.

The Pall borne by six Field Officers and Captains of the Garrison.

Chaplain The Rev. N. Garstin. Medical Attendant Surgeon Armstrong.

Lieut. Colonel L. Greenwell, S. Sawers, Esqr., H. Wright, Esqr., the Commissioners of the Board, as Chief Mourners.

Officers of the Garrison & Gentlemen of Kandy.

The Adigar of the Kandyan Provinces & Kandyan Chiefs.

Modliars, Mohandiramams of the Residency, Clerks of the Public Offices, together with an immense concourse of Natives.

To all in Ceylon and everyone in any way connected with this Island, no Eulogium on the character of Sir John D'Oyly is necessary; and to those unacquainted with the deceased, Language must fail in conveying an adequate idea of his worth as a man and merit as a Public Servant.

His talents and acquirements were of the first order, and little doubt will be entertained on this head, when it is known that before he quitted Westminster, he was particularly distinguished by the friendship of the late learned Head of that School Dr. Vincent, with whom we have heard he maintained a correspondence till the death of the Reverend

Doctor: The honorable and high feelings which were conspicuous in Sir John D'Oyly's character, combined with an amiable gentleness of disposition, naturally produced a courteousness of manner which made his society much more desired by all who were acquainted with him, than his laborious zeal in the execution of his public duties would allow of their enjoying it; while the esteem and admiration of his countrymen and friends were fully shared by the natives of every part of Ceylon in which his official functions had been displayed, and towards whom authority was always exercised by the deceased, with such strict and patent justice, tempered with attention to all their wants, and a general charitableness of disposition, that their regret as evinced by the numbers of all ranks in and about Kandy who spontaneously attended the funeral and loudly lamented the loss they had sustained, we fully believe to be unfeigned and sincere.

The merits and exertions of Sir John D'Oyly as a Public Servant, and principally as connected with the addition to His Majesty's Dominions of the larger part of this Island, have, our readers will know, been duly appreciated by the highest authorities. His Majesty's approbation was first conveyed in the Dispatch from the Secretary of State to Sir Robert Brownrigg published by the Government here on the 1st of June 1816 in the following words:—

‘I am also commanded particularly to express the sense which His Royal Highness (The Prince Regent) entertains of the conduct and services of Mr. D'Oyly upon the late occasion. To his intelligence in conducting the negotiations first with the Kandyan Government and latterly with the Adikars and others who opposed it, to his indefatigable activity in procuring information and in directing the Military Detachments, the complete success of the Enterprise is principally owing; and His Royal Highness avails himself with pleasure, of this opportunity of expressing, how greatly he appreciates, not only Mr.

D'Oyly's latter Services, but those which he has at former periods by his attention to the Kandyan Department, rendered to the Colony and his Country.'

His Majesty's approval thus expressed, was afterwards followed by the elevation of the deceased to the dignity of a Baronet of the United Kingdom on the 27th July 1821. This title becomes extinct, as Sir John died without heirs, never having been married."

TRANSLITERATION.

D'Oyly's system of transliteration, though not perfect or systematically carried out, was far in advance of that prevalent in Ceylon in his day. The vowels generally are those adopted in the existing Government scheme, though e often appears at the end of words for short a: long vowels are marked with acute, grave or circumflex accents. The vowel *et* appears as ey, while *ē*, *ō* and *ṓ* are represented by *ñd*, *t* and *d*.*

* It has not been possible to reproduce the accents and these symbols in printing the Diary.—*Ed. Sec.*

Then the Chief, Major Davey, & 2 others were called away, & the King gave directions to Massacre all the other White Men, without leaving one. They were first ordered to lay down their Arms, which was done, & then they were all put to Death. About 10 or 12 black People, Attendants remained, & fell down at the Adikar's Feet imploring their Lives. He wrote Information to the King requesting Directions, who ordered them all to be shot, & it was executed accordingly. If they had had the sense to have fired 5 Shots all the Kandians would have run away. But there was not a sensible Man amongst them, & they suffered by their Folly—He continued there very late conversing alone, & returned to Maralande Walawuwe, after being directed to come again, before he went away—3 Days after he was again summoned at Night, & was long detained in Conversation alone as before—The Adikar observed, that he did not

think either the King or the English had acted very wisely—The English had come from the Coast & conquered Putelam & other Countries. Will they then give it up? If he were a sensible King, he would not persist in demanding it. The English Gentleman would be given up, Ambassadors would be sent from Kandy to Colombo, & from Colombo to Kandy—How many Presents & how many Letters had been sent to Kandy within the last 4 Years, & what Advantages had been derived from it? If the Disawe were wise, he would not send away more Letters—The Adikar asked, Whether he had carried the Letters, which had lately been sent to Kandy, & whether he knew any Thing of it—He replied, No, but he had heard common Reports of it—The Adikar observed, 'It must have been the Disawe who sent them. Tell him not to send any more Letters, till I come to Kandy'—He took an Opportunity of asking, whether the Disawes had come down, for the mere Purpose of catching Elephants & writing Lands?—The Adikar answered, *Maha Wasalin Yeduna for the Disawes to come down, & I came last of them all. An Order was given to catch Elephants & to write Account of Lands; but for what Object †'Koyi Andamata Kiya' I do not know'—The Adikar dwelt much on the Injustices done by the King, said, that he had stript the Kandyan Chiefs of all their Wealth, had taken from himself 3 Laks; that none of them were well affected towards him, & that if 50 Men came, they might take possession of Kandy—He told him another Circumstance, as a great Secret, & bound him by his Oath to disclose it to none, but to the Disawe—Viz. That there was a Malabar present resident at Putelam, named Nayakare—now Decd., but his 2 Sons are living—These are the People through whom the King conducts his Correspondence with the Dutch & French, & sends & receives Letters & sends Presents—The People from the Coast lodge at their House, & one of them accompanies them to Kandy—& when they depart, one of the Brothers comes & takes a Passport, & says they are his Relations. The Disawe there is not a Man of Sense, & is not aware of it, & takes no

Means to intercept them. There are now 2 Malabars lodging there, sick; of which, Information was conveyed to him—He desired his best Compliments to the Disawe, & Thanks for the Medicinal Oil, & said, he wished to know the best Medicines of the English for Fever, Dysentery &c. & the Method of making mixes* Paints &c—He said, he would accomplish any thing which the Disawe wished, but told him for the Present to come only with Verbal Communications, & to bring no Writing—He returned to Maralande Walawuwe, & the next Day set off for Colombo—He recd. the Money for the Cloths which he carried; & besides, RD. 100 from the Adikar & RD. 50 from his Lady, to buy & send some more Cloths by Pusweylle Korale who sent with him—He neither saw nor heard of any other Transaction in which the Adikar & People engaged, except catching Elephants & writing Account of Lands—

He mentioned to the Adikar a Report he had heard, that they were making Gunpowder & Balls & Lances—The Adikar smiled, & showed him the Lances, (Hella) which had been made for driving the Elephants—

Pusweylle Korale attends—& delivers an Ola desiring to know the Method of making Paints &c. & the best Medicines for Fever & other Diseases—He was directed by the Adikar to deliver to me this Ola, & bring an Answer as he receives it—& to say that he would ever be friendly to our Side—He was directed also to bring back some Cloths, which he would receive from Wattela Vidan—The Adikar is doing nothing, but causing Elephants to be caught, & Account to be written of Lands—3 different Kraals have been constructed, & several Elephants taken—The Dis. of 4 K. is lately come to Ilukmodere Watte Walawuwe, near Parapè, the Limits of the 4 & 7 K—

Dismissed him with Instructions to present my best Compts. to the Adikar—to inform him, that the time has been insufficient to enquire & write the Methods of mixing Paints &c—& the best Medicines for several Diseases—but that I will enquire & write at a future Opportunity—That it is our Intention to be exceedingly friendly both to himself & to the King—& to tell him in private, that it is the Intention of H. E. the Governor in a very few Days to dispatch a Keydapanne Kadasiya to the King—

W. Appu informs—he forgot to state one Circumstance, which the Adikar directed him to acquaint me with: viz: That there was one Method by which we might subdue & keep possession of Kandy, i.e. by rendering Worship & Honour to the 4 Temples—Thus the Beylma of the Gods will be over us. But as soon as their Temples are dishonoured by killing Cattle & other Pollutions, the Gods become incensed, & Sickness seizes the People—

DECEMBER 1810—

Saturd: Decr. 1st.—Godamunne Unnanse attends & relates the Circumstances of his last Journey. He stopped 2 Days at Embaraluwa Pansala, & being joined by the Wedarale, proceeded, by the Road of the 7 K.—At Kotikapala, a little on this side of Weywuda, he saw a Man said to be from Matura, with his Hands bound together, conducted by 25 Men, going as said from Maha Nilame to Kandy—They proceeded to Kandy, the Wedarale being dressed like an Oliya—& lodged at Arddana Maluwa, at a Pansala near, & belonging to Asgiri Wiharaya—The next Day the Wedarale said, he would go & lodge at the House of an Acquaintance Punchyrale in Borawey Widiya, which is not far distant.

The next Day, the Wedarale walked about the Streets, & went to Bogambere Weywa to bathe. The next Day he informed him, that he was afraid to stay, because the Katupulle People were searching about for Men of Pata Rata, who were come to get Intelligence. However he persuaded him still to remain & he consented—The next Day however, on going there, the Wedarale was gone & had left a Message saying that he would wait for him at Kande Wihara, near Weywuda—Accordingly himself immediately set off, joined him there & returned—The first Evening of their Arrival in Kandy, they went to Dalada Maligawa, & met there Maha Gabada Nilame, who bowed to him, & asked what Day he came from Meydepola Pansala, & when he was going back—but made no other Enquiries—

The People of Kandy said, that they were making Preparations for War—He saw only, that the Dutchman was superintending the Making of Gunpowder in the Wedibet Maduwa, & People were cleaning & repairing Guns in the Kammalata—There are several Singhaleze drilling—21 Divisions of 30 Men each. Composed of Young Men of all Casts—They wore high black Soldiers Caps, black Jackets & white Trowsers, & exercise with Guns—Their Chiefs wear 3 cornered Hats—The Maduwe People are distinct & wear red Jackets—He saw in the Streets 5 Malabar Men said to have come very lately from the Coast with

a Letter. They wore Turbans, red Jackets, & black Trowsers—He also met 2 or 3 different Letters, brought by Messengers on the Road 1 by a Malabar Man of this Country, who said he came from Trincomale—On the Road through the 7 K. he was told by a Korale & also by a Mohottiyar, that in the Disawanies, the People were enrolling—The Singhaleze above stated, who are drilled Morning & Evening, are employed during the Day in raising a Rampart round Maha Dewale—

Wedarale delivers an Ola, in which he has written Account of his Journey—& another Ola containing Intelligence & obtained from his Uncle Ganegoda Unnanse—They reached Kandy in the Evening. The Priest stayed at the Pansala. Himself went to the House of an Acquaintance, Yakadagodaya; the next Day he went to bathe at Bogambara Weywa with the *Yakagodaya. On their Return, he saw in the †Strt. 5 Malabars, who as the Yakadayodaya informed, had arrived in Kandy 4 or 5 Days ago with a Letter. He saw a Number of People drilling in Kandy by a Mistrie & a Malabar—about 400 Malabars, 250 Moormen & 200 Malays.—No Singaleze whatever. The same Evening the Yakadagodaya came & informed, that Enquiry was making for Priests of Pata Rata, that none were found except Pattiwila & Polhena Unnanse: that it was unsafe for him to remain, & he must set off the next Morning—He set off early, & coming across the River, waited at Kande Wiharaya, till the Priest joined him—

The Ola of Intelligence from Ganegoda Hamiduruwo contains in Substance—That if Foreigners arrive, there will be War, not otherwise & that the Foreigners will certainly come in 3 Months. They will not come to Kandy, but the Kandyan Chiefs will come down—An Order has been given to write Account of the Priests, who reside in Temples—& an Order to break down Malwatte Wihara—

The Man, whom he sent to Maralande Walawuwe with some returned last Night, & informed, that the 1st. Adikar was preparing to return to Kandy, in consequence of an Order recd. from thence, & was expected to set out, the Day this Messenger came away; now 6 Days—

The rata Korale is arrived from Eyheylepola Udagampahe at Saffragam—& called on him—& told him, that Udagampahe had directed him to go to him (Wattala Appu) & say that he was very anxious to see the Disawe, & proposed to take Measures for meeting him at some Place on the Limits in a private Manner—The Korale is come to buy some Velvet, with Money to be given by the Wanniyas for Areka, which Udagampahe has sent here—

Desired him to call the Korale here to-morrow Evening—

18th.—The Rata Korale attends and informs—That he came to Colombo about 15 Days ago, being sent by Udagampahe for the purpose of purchasing some Velvet. He has met with some, which a Person who lives near the Cutchery, has caused to be brought from Galle—1 Piece of Green Velvet, 40 Cts., another of red, 41 Cts.—He has agreed to buy the former for RD. 500, which a Wanniya is to give, for Areka sent down by Udagampahe—He wants this Velvet to make Caps for the 2d. Adikars—of Green. No other Colour will suit the Purpose & no other Chiefs can Wear Green Velvet—The Disawes all *came down into their Korles for the purpose of catching Elephants, writing Lands, & improving the Country—They are not caught in Saffragam, because there are no Kuruwe People there. There is a White Elephant there, sacred to Sripade, which cannot be caught—The Writing of Lands by Lekams has been completed in 1 Korle only. They are employed in a 2d.—& 5 more remain—Udagampahe is at present employed in no particular Project—He has caused Chests & Boxes to be made by Carpenters from Moratuwa, of Kalamander & Nendoen Wood—not for Sale, but for the purpose of sending to Kandy

—He has employed Goldsmiths & Silversmiths in working for himself—& Blacksmiths in making Momaties, Keytta, Weyas & Guns to send to Kandy. 1000 of each Description have been ordered—& a Part already sent. He has likewise caused a Number of large Mast Timbers to be cut & dragged down—at the Desire of the Waniya, who wanted them—

These Mast Timbers are all for Udagampahe's own Profit—Udagampahe has brought with him an Eyta, on which he rides, but no Horse—His Family have 3 Horses—2 of them went with his 2 Nephews, who are Disawes of Matale, & Nuwera Kalawiya—& the 3d. was too sorry a Horse to bring—Udagampahe's Elder Brother (now Decd.) was Disawe of Uwa, & came to make War at the Leways—Udagampahe became Disawe of Uwa after him—Udagampahe is married to a Sister of Keyppitipola, formerly Disawe of Matale, being a Daughter of an elder Sister of Pilama Talawuwe—

He was directed by Udagampahe to go to Wattala Vidan, & inform that he was very desirous of seeing the Disawe, & that he hoped a Meeting might take place on the Frontiers.

He was directed also, if he found Opportunity to go to the Disawe, & inform him in the same Manner. It was the Intention of Udagampahe, that the Interview should take place without the Knowledge of the Public or the Knowledge of the King. It may be done (i.e. there will be no Difficulty) on Udagampahe's Side—& he believes, Udagampahe will send an Ola in 6 or 7 Days after his Return to Batugedara—

21st.—The Rata Korale again attends & states, That he expects to receive the Velvet Cloth to-morrow—

Desired him to attend the Day after to-morrow—

But another time it would be advisable for him to write to me, when he was in want of Valuable Articles of that Kind, otherwise he might possibly meet with Difficulties in procuring them—That there continued here the same Friendly Inclination, & Disposition to Peace, but it was impossible to recede from the Terms which had before been made known—That the 2d. Adikar would probably have heard, that the present Governor was shortly about to leave the Island; That it was the Govr.'s Intention very shortly to send a Keydapana to announce this Event to the King—That I am much gratified with the kind Message which he has sent, desiring to see & converse with me at the Frontiers; That it would give me great Pleasure to meet him, & it would be good, if he would write an Ola, to state the Object of the Conference he desired, & at what place and at what time he would meet me—

Kiriamma () & Daughter died about 20 Days before he left Kandy, within 8 Days of each other. It is supposed that some Yaksha (Devil) has taken Possession of the Palace; for since their Death he has been continually moving about the Palace, shaking & knocking at the Doors & Windows—There is no Work proceeding in Kandy except making a Dam of Weywa—

& finishing the Wall & Gate Way round Kandy—There are about 300 Sepoys & Malays, who regularly exercise in Kandy; & some Maduwe Eytto, who do not exercise regularly. Some new Hewapanne have lately been enrolled, but not yet called out or exercised—The Disawes were all sent into the Korles for the Purpose of catching Elephants.

Q. Was there no other Cause?—A. Publicly I know of no other Cause, but Secretly I can tell a little. It was because there was Intelligence of War prevailing in the Sea, & that the French & Dutch were coming. But now there is no Talk of that Nature. At that time there was a Man, a Kind of Yaka who came from the Coast with a Letter. He was naked, except an Iron Cap on his Head, & Iron Pitapota round his Waist.

He is enclosing a Spot of Ground, Peylanwatte for the purpose of planting, on the other side of Gurugoda Oye, with a Ditch so deep, that an Elephant cannot pass it—& since this Work was begun, the usual Adukku Peyhidum is remitted—The Brother of Nando Vidan, who had absconded on acct. of Arrears of Rent, had come back with 2 Vidans & an Ola from Eyhelepola, & a Present of a Silver Box. The Disawe upon this has treated him kindly, not pressed him for his Rent, & engaged to answer for it himself—About 5 or 6 Days ago there was a Rumour, that a Detachment was about to march from Colombo; which arose in Consequence of an Order to repair the Roads—but it will now subside in Consequence of the Appuhs. going with a Keydapana—He was at Hangwelle the Day before yesterday, when the 2 Appuhs. left it with 3 Tomtoms on their to Sitawaka, at about 1 P.M.—

Money for Areka to be hereafter sent from Saffragam, came afterwards to negotiate for it, & yesterday the Korale came, with a Moorman & a Malabar who brought the Money (RD. 500 the Price was RD. 480—and the Moorman was to receive RD. 20)—The Korale promised according to his Invitation, to come to-morrow (this Day) to look at other Cloths—But having heard from a Singaleze Doctor who attends to his Family, named Bolawalana, that the Korale was going, he sent for him, & shewed him his Cloths & called him aside & conversed with him. The Korale related, in answer to his Enquiries, that the Disawes had not come down for War, but to catch Elephants, & write Acct. of Lands—That 2 Korles had been written & 5 remained—That a Letter had been sent to Kandy 3 Months ago to enquire whether Peace could be made—& the Answer was returned—That Peace might be made upon the Terms, which before existed—That Major Davey was still alive & well in Dumbara, was supplied with Victuals & Clothes by the King, with Clothes such as we wear, but had no Shoes or Stockings. He was sent for by the King occasionally, when wanted, & sent back to Dumbara—

He has got a complete Suit of an Adikar's Dress in 3 Pieces, fine Cloth, embroidered with Gold—Also a Piece of Crimson Velvet—He caused the Velvet to be sent out to him from London, in consequence of an Application to him from a Kandyan a Year or 2 Ago—

NOVEMBER—1811.

Novr. 12th.—Hurukgomuwa Unnanse attends & states, That he has been lately into the 7 K., & has brought an Ola addressed to me from Kalundawe Mohottale who desired, that it might be delivered into my own Hands—

The Ola is addressed to the Disawe of Colombo, by Jayatilika Wikkrama Pandita Kalundawe Mohottale to the following effect:—‘Now having sent Disawes into our Country & other Disawanies they rob the Country. The People of the Country are heart-broken—Besides Pallegampahe Adikaram & several other Disawes who stood for our Protection, have been beheaded—& his Son is imprisoned in Hewaheyte, lest he should come to this Country. Now our one Disawany has been given to 2 Disawes—Now in the Pahala dolos P. where we reside, Unambuwe Bandara having obtained the Office of Adikar & Disawe, residing at the Village Watukona, & saying that it is the Order of the G. Gate, having given Directions to all the People of the Wihara, Dewale, Gabada, &

Novr.

1811.

Korala Wasam, has caused Musquets to be collected, & People to be drilled—bringing Smiths has caused Bullets & Iron to be cut—Gunpowder to be made—& collected Kuda as large as 5 from each Family. Calling it 7 Peyhidun he measured 50 of Rice—& caused to be collected Fowls, Eggs, Ghee. Whilst they give Adukku Peyhidun, he charges Crimes on the Innocent & takes Fines—Besides having made an Eytgala he catches Elephants—Now they send People of the Gabada with Kuda to Kandy to repair the Tank—They fired at the Neyket towards the Fort of Halawata—On acct. of such Wrongs & Injustices not being able to remain in this Country, our Minds are broken. Because at this time, the Disawes are in the Country, & because we have Children & Cattle, if 1 or 2 of us should do anything, they will ruin all our Things—Therefore if there be any Succour to us, if you wish to receive Service from us, when a few of the Jawas who came from Kandy, & a Detachment being sent, pass the Maha Oye, coming & appearing, the War which is made afterwards, we will make—

The Persons concerned in this are Hurukgomu rale, Udumulle Rale, Yakkawita rale, Kandedegara rale, Hanweylle rale, Patigewatte Rale, Kirimey-tiye Rale, Paragahaweywe Rale, Munamale Rale, Mirihanpitiye Rale, these are the Words (Assent) of these Mohottales. I will be answerable taking the Words of all these Persons, to accomplish this Matter—This Matter I communicate to the Great Disawe—

13th.—Delivered to Tamby Modr. a Letter Dated Novr. 12th.—to be sent to Major Davey by the Messengers who brought a Letter from him (Vide Novr. 8th.) also Paper—Also gave to him 25 Str. Pags., whereof 20 to be given as a Reward to the 2 Messengers, 5 to be conveyed to Major Davey—

Novr.
13th
1811.

He read the Note & immediately tore it, seemingly displeased. He appeared pleased with the 10 Pags.—He was lying down apparently sickly—He told him, not to come again himself, but said he would send an Answer by the Gammeyhe, who cooks for him. Accordingly about 5 Days after the Gammeyhe brought the Letter which he now delivers—He delayed some time after receiving it, because he had Fields to sow, & besides was waiting for another Person to accompany him—He had recd. the Letter about 20 Days before he left Dumbara—

14th.—Koskandawala Unnanse attends & informs. That he lived formerly at Degaldoruwa Wihara & had twice an Opportunity of seeing the English Gentleman—at the time when he suffered Insult from his Malabar Servant, & came away without leave to the River at Leweylle to complain —& would have gone to Kandy, but was prevented there—Some Head men came there from Kandy, & enquired into the Complaint, & punished his Servant & other Servants were allotted to him from the Gabadawa—On this Occasion the English Gentleman passed by his Temple, which is on the Road & stopped there. For the last 2 or 3 Years he has been resident at Malwatte Wihara, in consequence of an Order that no Person, not a Native of Dumbara or Hewaheyte should reside there—He has now the liberty of going for a Day or 2 & returning but not more—He has long had it in Contemplation to attempt the Escape of the English Gentleman & thinks it might be effected by employing Ukkuwa & 3 or 4 other trusty Persons, to bring him away by Night in a Cloth; for he is in such a State as not to be able to walk—It should be contrived, with the Gammeyhe, that no Intelligence of his Escape should reach Kandy, or at least that no general Notice of it should be published in the Korles, till they have brought him across the Limits—which may be done in 3 Nights—He proposes to bring him away the first Night to Hulugammana in Harispattuwa, & thence by secret Paths to the Hapitigam K.—

For employing these People, he requests 50 Star Pags. & 50 P.N. Pags., which, if he does not succeed he will repay—He is not certain of Success, but will exert his best Endeavours—

Novr. 16th.—Koskandawala Unnanse & Ukkuwa attend--
 1811. Gave to Koskandawala Unnanse for the purposes
 above stated 50 Str. Pags. & 50 P.N. Pags. & took

 Priest a Letter for Major Davey, date Novr. 16th.

 Pagodas—Gave also to Ukkuwa as a Reward for
 himself 10 Str. Pagodas—

Ukkuwa informs, That about 10 Days before
 he came away, Gammeyhe came & informed him—
 That a Man of Talawinna had come to the English
 Gentleman, & was about to obtain a Letter from
 him. But Gammeyhey perceiving it, seized the
 Man, & bound him & beat him, & was about to
 send him to Kandy—but released him for Charity,
 after taking away a Knife which he had—Gam-
 meyhe is in his Interest, but will not suffer other
 People to hold such Communication, without his

 attends & informs, That he is come to Colombo
 by Order of Pusweylle Disawe of Ihala dolos P.,
 for the purpose of calling Wattala Appu with some
 Cloths which Pusweylle is in want of to perform
 Pinkam—He was ordered also, in case W. Appu
 declined to come, to go to the Disawe of Colombo,
 & request that he might be sent—The Tanayama
 where Pusweylle resided at Atamune, was burnt
 down by Night about 15 Days ago. The Ola
 Peylali caught fire by Accident from a Light which
 was kept near his Horse—Pusweylle after this
 Accident has been residing at Kuruneygala where
 a Pinkam is to take place the next Full Moon—

Shewed to him a *Watch, & acquainted him,
 That I had sent to the far distant Country, &
 caused it to be made at a great Expence, because
 I thought it would be a worthy & acceptable

26th.—Awusadahamy of Saffragam (Vide Novr. 6th.) attends & informs, That about 10 Days before he left Saffragam there was a great Bustle all over the Country in consequence of a Report that a Detachment was about to march from hence—occasioned by clearing the Roads to Nambapane. The People were summoned from their Villages with Arms—their Arms put in order, Gunpowder brought from Moraheyla Kanda & Kuruwita Korale sent with People towards Nambapane to keep Guard—The People had removed all their Property into the Jungle—except the †3 Nilames, who however had removed a little—Warigama Atapattu Nil. was much pleased with the Message he recd. & gave him (Awusadahamy) a Tuppoti in token of his Satisfaction. He kept him several Days, saying that he would send an Ola, & in the expectation that a Detachment would actually march from Colombo that the Disawe would accompany it, & that he might learn, what were our Wishes with regard to Saffragam. He instructed him now to say, that he would send anything whatsoever which I desired to procure from Kandy—& himself & the other 2 Nilames were ready to obey whatsoever we said—That whilst other People were secreting their Property, themselves had not for the Disawe's sake—Eylapata Nilame desired him to say, that with respect to the Keydapana brought from Nalande & Trincomale, it now seemed as tho' it were a Stratagem of the King's—The Keydapana, which went lately from hence to Kandy, was sent down to the Adikar at Batugedara

Adikar, & after remaining one Day, to Pusweylle Disawe at Weywuda—He presented to him Salt Fish & Sugar; & sold to him 5 fine Katchies. Pusweylle enquired after the Disawe's, told him that he must go to Kandy, & bid him wait at Pusweylle Walawuwe, till recd. a Message. Pusweylle went to Kandy early next Morning, & 3 Days after, himself recd. an Order & was conducted by 2 Messengers of the Gabadawa to Kandy—& placed him in the House of Arukgammuna Vidan—In the night at about 1 o'clock, he was called to the Palace, & stood just within the Wahalkada (Gateway), where Pusweylle came & questioned him, & after every Answer, went in & reported to the King—He first enquired the Affairs of Colombo, Whether it was true, that Ships had come & a Multitude landed, that a new Govr. had arrived: Whether there were many

English Gentlemen; & Caffres—whether Soldiers had not been sent to Trincomale—He enquired, whether it was true, that the English were about to come & make War agt. Kandy, & instructed him to tell the Disawe of Colombo to prevent it, & asked whether he thought he had the Power. He observed, that no Foreign Power had ever conquered the Kandyan Country, & made it prosper (දිවුන කලා) & that it was impossible—He mentioned the Names of 3 or 4 Kings, in whose time European Chiefs had been taken Prisoners & restored upon sending Embassies—He enquired, whether the Disawe had written the Keydapana which was sent to Kandy, a Month or 2 ago, & observed, That one Part of it was good, another Part violent. Again one Thing good, the next violent. That there appeared in it, that an Ambassador would be sent with a Multitude of People & 12 Years Arrears of Presents, & asked, what was the Meaning of that—He added, that if an Ola was sent in a proper manner, the Desire of the Disawe should be accomplished. That the Disawe had obtained Favour from the King—

He forgets many other Things. He was ordered to wait at Yatiyawala Pansala till he recd. a Message—He waited 6 Days, & then was summoned in the Evening & attended at Pusweylle Walawuwe—

Pusweylle Disawe directed him to present his best Compts. to the Disawe of Colombo, to state, That the utmost Age to which he would attain, is 100 or 120 Years—That it was written in the Olas, which had been sent long ago, that I should be glad to meet & hold Conference with him. That if the same Proposal were now made, it would be assented to. That if a good Ola were sent within a few Days, the Desire of the Disawe would be accomplished—He had heard at the Palace, what was the King's Pleasure, & * මහවංශ ලින් යෙදිමටදෙයක් කවදවත් වරදිනෙන් නැත—Pusweylle Disawe said, that he should remain in Kandy 10 Days, & if no Ola was brought, he should return to the 7 K. on the 12th. accompany him—The 2d. Adikar-instructed him to desire his best Compts. to the Disawe of Colombo, to state, That he would accomplish any Thing he desired, & was inclined to any Side he pleased. That he had written 3 times to Kandy on the Subject of meeting & holding Conference with the Disawe, but had recd. no Answer & therefore had delayed sending an Answer to my last Letter—

Pusweylle Disawe went to Kandy with 1500 Men for the Work of the Dam, which when completed, will entirely surround Kandy—The People of 7 K. are very much disaffected. Both at the Wadiya of Pusweylle Disawe at Weywuda & at that of Unambuwe Adikar at Watukana—the Mohottales spoke loudly—If the English are coming, pray tell them to come speedily—There are about 50 of the Alutpanne & 25 others, drilling with Unambuwe Nilame.

The 2 Messengers from Unambuwe Nilame, Hunale Vidan &

That they are come from Unambuwe 2d. Adikar to desire his best Compts. to the Disawe, to enquire after his Health & say, That on the Subject of the last Letter viz: Meeting & holding a Conference with him, he had written 3 times to Kandy, but had recd. no Answer, & therefore had delayed sending an Answer to my last Letter—

Instructed them to assure the 2d. Adikar of my high Regard, That I am much gratified with his Message & shall be happy to see him, if Opportunity offers—

Decr. 24th.—Letter from Chandos Modr. informing, That the Horse was seen carrying away by several People at Kaburugoda Weykande on the Morning of Thursday last (19th.)—

Letter from Do—Informing, that he has learnt from Jayawirage Gabriel Nayde, who has been to Kandy for Trade & is returned, That on the 19th. a Mohottale & 2 Korales having come to the Villages of Digalla, Walpalamulle & Bogoda to send a Number of People to the Adikar at Watukana, they said, That 2 of each Family were already on Duty there, & that no more could go—Upon which, whilst they had laid on the Ground

& were punching (අනුමන) 2 Men, the Multitude of these 3 Villages assembled, beat & broke the Heads of the Korales, & bound them, beat & drove away the 12 Lascs.—& all the Inhabits. of these 3 Villages having agreed to abandon their Villages, are removing all their Property by the Road made in the Govt. Territory, to the Hither Yagam Pattu—They surrounded & were breaking into the House, where the Mohottale was, but he by some Means made his Escape—

28th.—Hurukgomuwa Unnanse attends & informs, That he has lately been to Watukana the Residence of the 2d. Adikar & left it on Wednesday last—There are now assembled there altogether 700 Men. He saw the Lekam Miti—Of these 400 are Alutpanne, & exercise daily with Musquets Morning & Evening, under the Direction of 4 Mohottales. They have white Trowsers, Black Caps, & some of them red Jackets in imitation of the Sepoy Uniform—The other 300 are required to shew their Arms occasionally, but do not exercise. There are no other warlike Preparations—All the Inhabitants of the Gabada, Wihara & Dewala Gan, are bound & carried away by force to Kandy—The Inhabts. of some Villages have made Resistance—They are sent away ostensibly, to make the Dam, & are employed at that Work, but People supposed it is the King's real Object to have a large Force in Kandy, to provide agt. the Attack, which is expected from the English. It is every where reported, that an Eytgala is making—Also that Rest houses have been built, & the Roads cleared—& that the Detachments will march from every Quarter 3 Days after eating the *New. That the Malay Mohm. is gone to Hambantotte, for the purpose of making an Attack on that side—

There is not, even amongst the Singaleze a more fearful Man, than the 2d. Adikar—The People of the Country are much distressed by the Failure of their Crops on account of the Drought, & by the Fines exacted, & the Adukku Peyhidun, which they are forced to contribute to the 2d. Adikar—He requests, in case the Detachment should move into the 7 K., that his Temple Raja

Father Hurukgommuwa Mohottale (now Atapattu Lekam) may not be injured—This Temple & the Mohottale's House & Granaries of Paddy & Salt were all burnt in the last War—The Day before he left Watukana, a large White Horse was brought there, said to come from Chilaw, a Penum (Present) from a Man, (as he understood) of Gomagomuwa, on soliciting an Office—

29th.—Letter from Negombo Chandos Modr.—Informing, what he has learnt from Muniwarage Juan Nayde, who is come with Rice from the 7 K., That on Wednesday 25th. he met 7 Men at the Village Henduwawa who had passed at Ketewatte Mankada, leading a very strong White Horse, 3 Cubits high, 4 Country Horses, 2 Pistols, 2 Pingos of Cloths, 4 Heyli (Jars) of Salt Fish, to the Disawe of 7 K., who said they were taking the Horse from Colombo to the Disawe of the 7 K.—That the People were from the side of Wattala or Mabola—he should know them, if he saw them, but cannot tell their Names—According to the Description, it is not the Ja Mohm.'s Horse—Also that near the Disawe of 7 K. are about 1000 Men, but only 150 drill with Guns—Also because a great Number of People are seized, & sent to Kandy to work at the Tank, very many Persons in the 7 K. left their Villages, & are living in Concealment—

29th.—Dispatched 2 Appuhs., Wanygesuryge Mudiyangelage Don Andries Appuhy. & Eyllege Don Alexander Appuhy., both of Mulhriyawa, with a Letter from myself to Eyheylepola 1st. Adikar (No. 76)—Gave them RD. 20 for Expences of Journey—

Disawe of Ihala Dolos P., after residing at Mawatagama, having gone to Kandy, is now residing at the Village Ambateynne, & collecting & sending People for the Work of the Dam of the Tank, but there is not any Drilling or novel Transaction—The Disawe of 4 K. residing at Manikkawa, is collecting People at the rate of 2 & 3 from each Family, sending them forcibly to the Work of the Dam, & tears down & breaks the Roofs of the Houses of some Men, who absconded. Dated Jany. 1st.—Informing in Answer to my Enquiries, That he immediately sent & made Enquiry from all the People, living near the Roads & Mankada, & learnt from them for certain, that no Horse had been taken through that Korle. That in consequence of my former Ola he gave proper Order, & in the manner in which Care is taken, he is certain that an Article of that kind cannot be carried to Kandy—But the white Horse, which was said to have been carried, was kept for 4 or 5 Days in the Premises of Sinnawan Vidan at Negombo, was taken away by Night through Alutkur K., across Kodunnawe Mankada to the Village Meytikotuwa in Pitigal K., kept in the Jungle by Day, & by Night through the Villages Dummala Deniya, Sendriyamulle, Irabodagama, Kahatawila, across *the Road into the Kandyan Country. After which Dodanpawala Korale & 4 or 5 Men taking it openly by Day, were met in the Village Udu-gama, by Durawe Punchy Nayde, of Maningomuwa—& that the Horse was carried in that manner to the Adikar, he has learnt from several People—

Orders to conduct them to Batugedara where the Adikar resides—Upon which they immediately proceeded from Hitawaka. Moreover the Disawe of 3 Korles left Ruwanweylle on the Morning of Wednesday the 1st. to proceed to Kandy—

„ 6th.—Pannala Unnanse attends & brings an Ola from Koskandawala Unn. (Vide Novr. 16th.) & a Letter from Major Davie, Date & informs, that he recd. them by a Young Man, who accompanied Koskandawala Unn. from hence, wrapt in a Hakuru Mulle (Lump of Jaggery)—He recd. also an Ola from Koskandawala Unn. informing, that the Jaggerero, who went from hence had recd. this Letter shortly after he went, but could not bring it, because he waited to accompany the Henaya, who comes to the Disawe of 3 K. at Ruwanweylle. The Priest has therefore recd. it from him & sent it—Also that the Jaggerero Ukkuwa had deceived him by saying, that the Gentleman had one Foot much swelled; which proved to be false, when he sent another Person to see him—The 2 Silk Cloths are intended for Siwura, he believes, to be given to a Priest of Asgiriya Wihara, who is intimate with Koskandawala Unn. & is the Channel of Communication with the English Gentleman—

Jany. 6th. 1812. The Ola is addressed to the Disawe of Colombo, as follows:

The Matter of the Conversation which I had with you, there is a Means of accomplishing. For it if you send without fail by the Hands of Pannala Hamuduruwo 2 good Silk Cloths worth 20 or 30 Pags. & 200 Mal Waragan (Star Pags.), the Affair which you mentioned, can accomplish within a Month—Thus wrote & sent Koskandawala Sumana Terunnanse—

Signed at the Head of the Ola ('Sumana')—

9th.—Recd. a Letter from S. Sawers, Batecalao, through the Magam P. dated 29th. Decr.—Informing the Arrival of the Malay Mohm. a few days before: & in answer to my Letter of
That the Headman of the Vedas, near the Limits

Jany. 9th 1812. says, a Letter was carried to the Kandyan Country 3 Months ago by Chinna Pulle, a Moorman of Korle P.—& 2 Moormen Poker & Culingo say they saw 2 Kandyan Head Men take down a Letter from a Tree, which they carried to the Disawe of Tamankada, & he dispatched it to Kandy—He detains the 2 Moormen in Custody—

„ Recd. also an Ola from the Malay Mohm. as follows:

‘To the Disawe of Colombo—We are now at Matakalapuwa—There is no News of the Affair of the Gentleman. Therefore must know in what manner receive Order now. I think, that I can. Therefore must receive the Men I (am to) receive. Must receive Order without Delay—This Writing sent Asana Cappitan’—

attends, & brings a Packet—contg. several Letters written by Major Davie, to the Dutch Artillery Man Thoen in Kandy, a Letter to Govr. Maitland, a Draft on Do—for 600 RDs. A Note to his Father—& a Letter from John Egbertus Thoen to the Govr.—requesting 50 Pags. to pay his Debts—

The Moorman relates, That he has been resident a long time in Kandy trading—He left it about 2 Months & has since been residing at Ruwanweylle, where he has a Tavellam—The Papers which he has now brought he saw in possession of Lala about 5 Months ago; they had no means of dispatching it sooner. He recd. it from Lala just before he left Kandy, & coming away with a Vidan of the 3 K. he was not searched—

Lala is indebted to him for many Articles he has supplied, & told him to receive in Payment the 600 RDs. appearing in the Draft—The Draft will be in the Name of a Chitty (Narayana Poelle Cornicopoly of the Store of Provisions from Trincomale) who has made his Escape to the English Territory. There will also be Mention of 50 Pags. in it—& he requests to know, whether he shall receive either of the Sums mentioned. He has no Design of going to Kandy again very speedily—Because he is afraid that an Ola which he sent some time ago from Kandy to the Head

Jany. 10th. 1812. Moorman of Colombo, giving Information of 2 Spies then at Colombo which Ola was never delivered, may have been discovered—He is going however to Ruwanweylle, to bring his Areka, & other Things. For it is every where reported, that the English Detachments are about to March & make War agt. Kandy—

10th.—Tamby Modr. informs, That the Messenger dispatched with the Letter to Major Davie (Vide Novr. 13th.) has twice returned to Chilaw, & related, that in consequence of the strict Guard now kept, he has been unable to deliver the Letter—He is however gone again to try—It is every where reported in the Kandyan Country, that the Malay Mohm. is gone after the English Gentleman—Other Reports say, that he has been made Prisoner in the Saffragam Korle. It is also every where reported, that English Detachments are about to March immediately, & the King has been down to Polatu Siyambalawa—

Jany. 13th.—Ola from Hapitigam K. Modr.—Dated Jany. 12th.—Informing, that upon the Receipt of my Letter he immediately sent a Person to Watukana, to make Enquiry, who has reported, That the 2d. Adikar set off to go to Kandy on Sunday the 7th., & carried with him the Horse which he before brought from Kandy, & the White Horse lately taken from hence; but no other Horse—Besides on enquiring from Kandyan People, & 2 or 3 of our Merchants, who saw Dodanpawala Korale & 4 or 5 Men openly carrying the Horse away in Kandy, the Marks of that Horse, he learnt, that it was white Colour, a Mark of burning on the outside of the Leg, 2 burnt Streaks on the Neck & beginning of the Throat, tall, large, Tail long, & body lean; he cannot learn rightly, what Persons from this Country accompanied the Horse. He cannot *learnt that before this, any other Horse was taken—

not come off) & informs, That he is instructed to deliver this Letter with Warigama Nilame's best Respects—& to state, that if I would send an Ola informing what I wished, with regard to the Saffragam K., he would send an Answer. That at present there was nothing whatsoever new, nor Preparations for War in Kandy; but only the Work of the Dam, by which the People are much harassed, & praying for the Arrival of the English—Eylapata Nilame also desired his best Compts. & requested an Answer, whether we wished to have possession of Saffragam—The People of Saffragam and the Adikar will not believe, that Batavia has been taken by the English, & they regard the Govt. Proclamation* announcing it, is a Deception—They have Intelligence that the English went & demanded 7000 Jawas to make War agt. Kandy, & when it was refused, that they made War on Batavia, were defeated & returned with a loss of 7000 Men. That the English had been successful in an Attack on one Country, & brought away 200 or 300 Men—but they had been defeated in an Attack on Ollandawa, & lost a great Number of Men, & they were on the point of abandoning Colombo. Sannasses frequently come down from the King announcing, that the French were very near—The People say, 'If they have taken Batavia, Where is the Rice, Where are the Jawas?'—There is at present no Drilling at Saffragam, but the People were not long ago called, & their Guns inspected, probably preparatory to the Reception of the Appuhs., who have proceeded from Colombo with the Keydapana.—These 2 Appuhamies are still waiting at the Village Hakamuwa about 1½ Qr. League from Batugedere, till an Order arrives from Kandy with Permission for the Adikar to receive it—The Road has been cleared from that Village to the Rest house—The Adikar has lately published an Order, forbidding People to drink Arrack, & to expose Infants in the Forest—This latter Practice is very common, particularly with Female Infants, after 3 or 4

Date Jany. 21st.—Informing, that according to my Directions he has made Enquiry, but cannot find any other Person, who met the white Horse beyond Ketewatte Mankada, except Munawarage Juan Nayde. But he says, he can bring, if required 2 of the Kandyans who were with him at the time—& that he should know the Men who carried it, if he saw them, but does not know their Name, nor their Village—& that about 2 Heytakma before he saw the Horse, he met 7 Men of Wattala—Moreover there is News, that Dodanpawala Korale, & the Disawe of the Pahala Dolos Pattu, who resided at Watukana are gone to Kandy, that the Horse carried from Negombo has not been accepted, that the other White Horse has been presented—& That the Korale is in Disgrace—He will write again, as soon as he receives more Information—

24.—The 2d. Maha Modr. attends & informs, That a Person of the 3 Korles is come to him with a Message from Mattamagoda, who about 15 Days ago arrived at Ruwanweylle, as Disawe of the 3 Korles—to desire his Compts., & say, that he must have his Assistance, & also to remind him, that there was Relationship between them—(N.B. The Maha Modr. states this Relationship, if any, to arise through his Mother's Father's Father Ratnapura, of Saffragam, who performed great Services for the Dutch, was made Disawe of Matura, & annexed to it a Part of the Saffragam K.—

Directed the 2d. Maha Modr. to instruct the Men to acquaint the Disawe, that if he has any Message to sent to Colombo, he should address himself to me—

Maha Nilame—who told us, At the Confidential friendly Messages which the Governor and the Maha Disawe have sent to be delivered in my Presence, that I have attained to great

You must acquaint the Maha Disawe, in order that he may state it in presence of the Governor. 2dly. He said, You must inform, That I desire my Remembrances many times to the Govr. & to the Maha Disawe—3dly. he said, 'You must state before the Maha Disawe, that within no many Days, an Answer will be sent to the Letter, which has been dispatched addressed to me—Again he said, Since a Number of Days have elapsed since you came, 2 Mohandirams will be sent very early to-morrow morning to conduct you to the Limits—(Signed by the 2 Appuhs.)—

They further relate,
That they understood the Delay before they presented the Letter, & again before they were dismissed, arose from the Circumstance, that the Adikar waited for an Answer from Kandy—My Letter together with an Ola from the Adikar were sent to the King, & the Day an Answer arrived, they had their Audience of Leave. The Night of presenting the Ola, they were accompanied by 2 Mohms. & about 30 other Attendants with Lights but no Tom toms. In front of the Katupeyleylla they passed through 2 Lines of about 300 Singaleze armed with Muskets, without Uniforms. There were *2 Malabars in Uniforms on Guard at the Gate, & 4 or 5 other Malabars & several Korales & Headmen. They were conducted into a small Inner Room, where the 1st. Adikar was reclining on a Chair, & delivered the Letter into his own Hands. He questioned them leisurely, as above related, & did not open the Letter in their Presence—5 Persons only were present viz. Warigama Atapattu & Basnayaka Nilame—Eylapata Kodituwakku Nilame, Eknelligoda Kodituwakku Nilame—The Rate Mohottale & Walandure Nilame Waluwuwe Mohottale. The latter standing behind them,

wrote down every Thing they said, & this occasion-
ed the Delay in the Ceremony—Every 2 or 3 Days,
some Person came to their Residence, & enquired
after their Health & whether they were supplied
with all they wanted—Occasionally Nando Vidan,
their Acquaintance came & said, That he was
living at the Adikar's Wadiya, & should probably
obtain the Areka Rent—They learnt from the
common People of the Country, that they are much
dissatisfied—on account of the Fines levied, the
heavy Supplies of Provisions, which they daily
furnish, & the new Orders which the Adikar has
issued, forbidding the People to drink or purchase
Arrack—to keep Pigs or kill Pigs or Animals of
any kind—or even to shoot Animals when damag-
ing their Paddy Fields—The Maha Harvest now

That having recd. Intelligence, that some
Disturbance has taken place regarding the
English Gentleman, he went into the 4 Korles,
for the purpose of learning the Truth—& at Gali-

ignorant of the Plan, but has brought him an Ola
from Kosk. Unn. & a Bag containing an Ola also,
addressed to me & the Articles, which he now
returns—The Ola addressed to himself contained
Intelligence to the following Purport:

That about 12 Days before Lonsappu of Manik-

Lala. In consequence hereof, Lonsappu was imprisoned in the Maha Hira Ge. The Dutchman, & Lala had been sent out of Kandy, no one knows where. The English Gentleman had been brought sick to Kandy, kept there 3 Days, & then sent away, it is not known for certain whither, but it is believed he is now residing at Udawatte Pansala—That he had kept the Silk Cloth, & 50 Pags. for Occasion which might offer, & sent back the rest—The Priest (Koskandawala) is now come to Seylawaw Wihara with Moratota Anunayaka Unnanse (the elder Brother's Son of the late Decd. Nayaka) & is waiting there, till he (Pannala Unnanse) shall come—

The Ola addressed to the Disawe of Colombo from Koskandawala Unnanse is as follows:

'Because the Object for which I laboured, has now turned out differently, whilst I was repining exceedingly, when I made known this Affair to our 2d. Anunayaka Hamuduruwo, he said, 'I am able to accomplish this matter.' When I enquired, what it was proper for us to do for that purpose? he said, If the Disawe will send a Letter addressed to me, I am able to accomplish this Matter—Therefore by whatever Means it is good to send without fail a Letter with your Signature addressed to that Nayaka Hamuduruwo—This Matter with Thought & Consideration has written & informed Koskandawala Sumana Terunnanse' At the head of the Ola (signed) 'Sumana'—

Informed Pannala Unnanse, that I am unwilling to send any Letter to the Anunayaka Moratota until I know, what Use he designs to make of it & by what means he proposes to accomplish the Object—Desired him therefore to proceed to Seylawaw Wihara, to converse with Moratota & with Koskandawala Unnanse, to ascertain more fully their Intentions & to return & inform me as soon as possible—

‘Now after I arrived at Matakalapuwa, I wrote & sent an Ola to be presented—Therefore I have not learnt an Answer to it. Now having sent Men to the Limits of Wellasse have made Enquiry into all Matters. Upon making Enquiry, the Disawe is at the Village Iwanawatte in the Disawany of Wellasse—At Namal Oye, about 8 Men are on Guard. At Sepola Kadawata 15 are on Guard. Tho’ they be, we are able to go. Therefore the Men & Arms, which I (am to) receive, must receive speedily. If this be delayed, may meet with Rain—With many Obeisances all these Matters wrote & sent Asana Kappittan’—

Mr. Sawers writes, that he has again applied for a Supply of Money—

„ 7th.—Godamunne Unnanse attends & states—He is just returned from Loluwagoda where Dulweywe Unnanse is residing—He there saw Kahawatte Unnanse lately come from Kandy, who related, That Lonsappu of Manikkawa had been detected at Balane, with a Letter from Major Davie in his Way to Colombo—in consequence of which, he together with the Malabar Lala, the Dutchman & the Gamerale of the House where Major D. resided, had been put to Death at Bogambara. Major Davie had also been brought to Kandy, was kept there 15 Days, & it is said, was also put to Death at Talwatte, near Gangarama—

13th.—Ola from Hewagam K. Modr.—Date Feby. 12th.—Informing that because the Pol. Vidan & Kankan of Awissahawela have informed him, that Word has been sent by a Messenger, That Walandure Mohottalahamy & Ginimale Mohottalahamy, who have come from Batugedara in Sabaragomuwa, bringing a Letter from Sinhale Maha Nuwara, on the 11th. of this Month are waiting near the Kadawata of Geytaheyte—he has caused Wiyan to be hung in a Place for their Residence, upon their Arrival at Hangweyle—& has prepared to furnish them with Provisions—They are not yet come—& there is proper Intelligence that they are waiting till some one goes to conduct them—Before no Person went from this Korle, to conduct Persons who come in that Manner—

Kiribatkumbura Punchyrale attends & states, That a Vidan (his Acquaintance, Inhabt. of a Village in Yatinuwera) but living in the Walawuwe of Kapuwatte Disawe is arrived with Instructions to seek him, & to go to any Place to which he should call him—

The Man attends & states, That his Name is Punchyrale, that his Village is Weywuda, but he has lived from his Youth in Kandy—& lives in the Walawuwe of Kapuwatte late Disawe—He came by the 7 K., & is about 25 Days from Kandy. The Disawe instructed him to go to Colombo & find out Kiribatkumbura Punchyrale—& to go to any Place, to which he should call him—& to state, 'That he (Kapuwatte) was now in a State of Disgrace, & in fear for his Life, & had nothing remaining, but his Food & Clothing—Therefore, if there is any Expedition coming * (සහ එන බව තක් දැනනම්) to know, how that Affair was?'

Keypitipola Nilame is also disgraced & his Property carried to the Aramudale—2000 or 3000 Men are still employed in Kandy, raising a Dam, & the Work will never be finished—There are 2 Dutchmen in Kandy & 1 English Gentleman in Dumbera—

Directed him to acquaint Kapuwatte Disawe, That I am much gratified at his Message—That I have a great Friendship for him, as I had for the late Pilima Talawuwe—That I can give no specific Answer to his Verbal Communication, but if he will send an Ola, a suitable Answer shall be returned—

Febry. 13th.—Wattala Appu attends (Vide Jany. 9th.) & informs, That he proceeded with the Messenger from the 2d. Adikar Unambuwe Nilame, but when they crossed the Limits, they heard that he was already gone to Kandy—The Messenger went to Watukana, & he proceeded alone to Katugastota. At Andarapane he met with the Brother of Andarapane Mohm. just returned from Kandy, who informed that the English Gentleman had been brought sick to Kandy—From Yatiyawala Pansala, near Katugastota he sent Word to Pusweylle Nilame of his Arrival—and the next Night was summoned to attend him—He stated, That the Disawe of Colombo had desired his best Compts. & would be very happy to meet & converse with him—Pusweylle Nilame enquired the Affairs of Colombo, & whether the English were really coming to make War or not—& bid him wait at Yatiyawala Pansala, to accompany him Pusweylle into the 7 K.—He informed Pusweylle, that he must go to Unambuwe Nilame, who owed him RD. 100. He replied, 'No, you need not go, send another Person to ask for it.' He said, he had no Person to send, & Pusweylle was silent—He remained 3 Days in Kandy at the House of Arukgammana Vidan; & went to Unambuwe Nilame, & desired my best Compts.—He replied, I have lost my Disawany of the 7 K. & am appointed to that of Udapalata. You may assure the Disawe, that for every Thing whatsoever, & at all times, my Friendship will remain unaltered towards him—He recd. only 100 Ridi in part of his Debt, & a Promise that Arukgammana Vidan should bring him the rest—He returned to Yatiyawala Pansala & 6 Days after recd. another Order to attend Pusweylle Nilame, who said many Things, which he forgets—He said, that his Friendship should never be wanting to the Disawe of Colombo; & he would endeavour to accomplish any thing he desired. That formerly his

Adversaries existed, who thwarted his Endeavours, but now they existed no longer, & any thing he proposed, would be attended to (විටමනවා) or have effect—He bid him as before to accompany him to the 7 K.—4 Days after, Eyheylepola Kuda Nilame—New Disawe of the Ihala Dolos P. Pusweylle Disawe of the Pahala dolos P. & Unambuwe Nilame Disawe of Matale all left Kandy & passed Katugastota the same Day together—Eyheylepola came first, & conversed with him a long time at the Ferry till the 2 others arrived, & desired him to bring him some Cloths, & to make him acquainted with the Disawe of Colombo—After crossing the River, they ascended their Palanquins—The Palanquin of Eyheylepola went first; Pusweylle 2d. & Unambuwe 3d.

The Disawe of Matale turned off to Matale, & the 2 others proceeded together—Eyheylepola stopped, & is now residing at Mukalanyaya—Himself followed in the Train of Pusweylle, to the Rest house of Itanawatte, & after 4 Days, was called to attend Pusweylle Nilame—who gave him leave to go, told him to bring some Cloths, & instructed him to convey his best Compts. to the Disawe of Colombo, to state, That he would employ his best Endeavours to accomplish his Wishes—That he should be happy to meet & converse with him at the Frontiers; & that he (W. Appu) must return with Ola in a few Days, stating in what manner, at what time, & what Place they should meet at the Frontiers.—

About 10 Days before his Arrival in Kandy, the English Gentleman had been brought thither from Kandy, in consequence of the Detection of a Letter from him to Colombo in the possession of a Man, Inht. of Kandepola, originally said to be from Saffragam. In consequence of information privately given, this Man was seized & carried before Pusweylle Disawe, then residing in the 7 K. & being searched, the Letter was found in his Cloth behind. Pusweylle Disawe took him to Kandy, where being punished, he discovered 3 other Accomplices, a Gabadawe Mohm., a Moorman & another who escaped—The 3 former were punished with the Wada Bera, & banished to Telapeyhey.

The English Gentleman was sent for to Kandy— & questioned by the King, near the Dam, 'Whether he had given the Letter. He replied, 'Yes, I did so, because your own People asked for it.' The King observed to the Chiefs, who were around him, 'That every one was naturally anxious for his Deliverance, & that the Fault was not in him, who gave the Letter, but in his own People, who asked for it.' The Chiefs all agreed, & he was acquitted as innocent—He was at that time sick & was lodged in Kora Wahalkada, under the Charge of Physicians. He is still residing there— & it is said, nearly recovered—He heard this Account from a great Number of Persons—& Pusweylle himself informed him, that he was residing in Kandy, & recovered from his Sickness—

In the interval of 6 Days whilst he was residing at Yatiyawala Pansale before being summoned the 2d. time to converse with Pusweylle, the Son of the late Pilima Talawuwe was brought to Kandy, & being asked by the King what he wished for, he replied, That he only wished for Permission to worship Budu in the Maligawa. The King said, I give you Permission, & with it bestow on you the Office of Diyawadana Nilame—

Andarapone Mohm. has been sent with him by Pusweylle Disawe, to deliver a Message—

Andarapane Mohm. attends & informs— That he is instructed by Pusweylle Disawe to come to me, to convey his Compts. many times, to ask after my Health, & to enquire about the Affair of meeting & conversing with him at the Frontiers— He desired him also to acquaint me, that the English Gentleman was now residing at Kora Wahalkada, which is close to Asgiri Wihara, that he had been sick, but recovered by his Care & Attention, & by the Medicines of his Brother, now Maha Gabada Nilame—Unambuwe Nilame & Molligoda, late of 3 K. are said to have been dismissed on account of their Exactions—Unambuwe Adikar is Disawe of Udapalata & Walapana—His Brother, Disawe of Matale—Kobeykkaduwe, Dis of Uwa—

15th.—Andarapane Mohm. again attends & states—That he had before forgotten to mention one Circumstance—viz: That a Man had been detected in bringing a Letter from the English Gentleman to Colombo—The Man was Ukkurale, originally of Saffragam, afterwards Inhabt. of Pusweylle in 7 K. & who ingratiated himself with Pusweylle Nilame, & was one of the 3 Persons, given to the Gentleman from the Gabadawa, as Servants—& residing with the Gentleman at Badulla, in Uwa—He was detected at Balana Kadawata, coming with a Moor Mohandiram (formerly in the Service of Muttettu Nilame, a Malabar from the Coast, who resided at Weywuda, & after his Decease, in the House of Asgangule Vidan) & with one Punchyrale of Udunuwera—They were conducted before Mat-tamagoda, then Rata Mahatmaya of Yatinuwara—& thence cast into Prison in Kandy—The Gentleman being sick, & also this Affair happening, was brought up to Kandy—He was conducted before the King near the Weykande, & being questioned denied all knowledge of the Writing—& said, That these Persons, in whose Possession it was found, had caused the Letter to be written. Upon examining the Letter it did not appear to have been written by the Gentleman, & he was acquitted. The other 3 Persons were banished to Telpeyhey, in Uwa—The Gentleman was lodged at Kora Wahalkada, & delivered to the care of the King's Physicians, & is nearly recovered—

Instructed him to convey my best Compts. to Pusweylle Disawe to acquaint him, that I am most gratified with his kind Communication—& that I shall be happy to meet him at the Frontiers—That I am going into the Country, before the lapse of many Days, & shall travel into the

They will stay there this night, & proceed forward to-morrow Morning—There are about 30 People with them. Febry. 17th.—Ola from Hewagam K. Modr. Dated Febry. 16th.—Informing, that upon sending an Ola by a Lascorin to the 2d. Friday Feby. 21st.—The 2 Kandyan Mohottiyars again, according to Appointment, attend—& I entered into private Conversation with them regarding the Country of Saffragam, Sripade, &c—& shewed them a Singaleze Watch*, denoting the Singaleze Hour with Singaleze Figures—

Walandure Mohottale is the principal Speaker, & replies to my Enquiries, that the Lanjana is the left Foot, which it is easy to discover from the position of the great toe. The foot points to the NW. Quarter, is about $1\frac{1}{2}$ Cts. long, & imprinted about 5 Inches deep—There is a covering to the Lanjana of Gold & Precious Stones, which at the time when the People † චක්‍රාචාරය කරති is laid on, but at other times of the Year is kept at Pallebada Pansala. is under the Superintendence of the Nayaka Unnanse of Kandy—Kamburupitiya Unnanse is appointed Nayaka of the Pata Rata, but is residing in the Saffragam K.—In ascending Sripade the Cold is very great, & white Dew hangs on the Trees. There are several Species of Plants & Trees, which are not found in other Countries, & he *voluntary offers to send me Specimens with their Names, upon his Return.

There is also in those adjoining a Species of Animal called Gawara, about the Size of a half grown Buffaloe, & much the same Colour, but with its Horns hanging down. It is very seldom seen, because it studiously avoids Man, & runs away at the very Scent of him. It is said, that a Gawara was once caught & sent to Kandy—It died about a Month afterwards—On informing them that I have a great Wish to visit Sripade, & enquiring, whether they believe, there is a Means of my doing so, they replied, 'It is not in our Power to say any *think definitive, but we think, the Disawe's Wish may be accomplished.

On shewing the Singaleze Watch, Walandure Mohottale takes it in his hand, surveys minutely & with great attention & with great Delight the going of the Minute Hand—& says, It would be a very valuable Article in their Country—I told him, that I had written to a Foreign Country, & caused this Article to be made at a great Expence, for the purpose of presenting to the G. Gate, or to Maha Nilame when Opportunity should Offer. That many other Rich Things had been brought with the same View, but it appeared as tho' there was no Method of coming to an Accommodation—They observe, They believe, all that rests at our pleasure—

Monday Feb. 24th.—The 2 Mohottales again attend by Appointment conducted as before to take their public Audience of Leave—& the following Ceremonious Conversation passes:

Q.—Of the Matters which you were instructed to communicate by Word of Mouth, ඉබ්බා කාසයන් is there anything which you had before forgotten?

A.—No—we communicated that Day all we were directed^{812.} to state by Word of Mouth මුඛ අදහසෙන් & there is nothing more—

Then because many Days have elapsed since you arrived at Colombo you have leave to depart. When you arrive at Batugedara, you will acquaint Pallegampahe Maha Ad'hikaram Ralahaminnanse that I many times desire my Compts. to him—You will acquaint him also, that I desire many Remembrances to the other Principal Chiefs in the Circle of great Ministers of the Supr. MARCH 1812—

Frid. March 6th.—The Malay Mohm. Assana Capten arrives from Batecalao, & informs,

That he arrived at Hambantotte in 8 Days, & from thence to Colombo in 8 Days more. He had sent People to the Limits of Wellasse, & had ascertained, that he could penetrate to Dumbara, avoiding the Kadawata, & proceeding by Paths, which since the War have been abandoned by Order—He had recd. no Intelligence of the English Gentleman, & till he recd. my Ola, which recalled him, had not learnt that he had been removed to Kandy—At Hambantotte, he had lodged one Night on his Way, at a House, where he met People from the Kandyan Country, & on his Return, he had reason to believe, that by that means Intelligence had been conveyed of his Journey—He thinks the Secret Object of his Journey must have been published abroad by Walagoda Mohm., the Patabandaya & others who receive Pay, as Guides. For at his first Arrival from Kandy, he had been called to Major Hankey's, Conversation had been held with him on the possibility of rescuing Major Davey; & these People must have known from thence, that he had such an Object in Contemplation—At Yale River he met Tunpanahay Appu, Hiraluwa, & 2 or 3 others, who said, they were come to seek him—& they returned with him. He is ashamed to appear before me again, without having accomplished his Object: but if he obtain leave, he still hopes to accomplish it, & it will be the easier for him, if the Gentleman is in Kandy—

was true) & there being no other Proof agt. him, & further having made some Presents to the Dis- awe, he was that time acquitted. But since this, the Cooly named Adama, who was the Bearer of the Ola, & betrayed him by delivering the Ola at Colombo to Sinne lebbe, (who had come from Ruwanwelle with the 2 Kandyan Spies Kristna & Seyedu employed by Muttal Samy) has proceeded to Kandy & given Evidence of the Transaction—

Having a Tavellam at Ruwanwelle, he suspected that he should not be suffered to come to Colombo openly. Under Pretence of going with 2 or 3 other Persons employed by Sangalingam (a Kandyan Lekam now resident at Ruwanwelle) to apprehend a Man, who had stolen some Jewels from him, he took the Opportunity of making his Escape across the Limits. He is afraid to return, & shall lose all the Property in his Tavellam—

About a Month ago he obtained from Lala (who is in Prison at the House of Gabada Nilame) by means of

a Malabar Ola desiring to pay to him the Bearer described, the Money which appeared in Major Davie's Draft in favour of Lala—Before leaving Ruwanweylle he entrusted it to a Man to bring to Colombo, but it is not yet arrived—

But as yet they have neither built Palaces, nor collected Timbers to build. The Disawe of Korle tune went, to see the Place for building the Palace, to the Place where the Palace was formerly built at Ruwanweylle. Besides there is News.

That he is sent by Puswelle Disawe to enquire after my Health—& desire his Compts. to say, that a Rana Girawa was much wanted for Presentation, & that Eyheylepola 1st. Adikar had obtained much Favour by that which he sent—& he wished to know, whether I had sent that—The lame Parrot would not be fit to be presented—He desired him also to apply to me for some Jaffna Ambas, which the King had heard, are remarkably good, & therefore, he would be glad, if I would send some—

Pusweylle Disawe also instructed him to acquaint me, that a Palace was building at Kuruneygala, & the King was coming down into the 7 Korles, for the purpose of enforcing his Commands, of redressing Injuries, & placing the Country in Order (රට සමන්විතයි). That the English Gentleman would be brought with the King to Kuruneygala—That then the Disawe might be sent to hold Conference at the Frontiers, but not now, because it would occasion an Uproar in the Country—That the King on coming to Kuruneygala designed to send Letters to Colombo, & to

It is expected, that the King will come down, after the Perahera of Nikini. The Palace is building at Kuruneygala with Mud Walls, & is to be covered with Tiles. Fresh Orders have been issued in the Country fixing a low Price upon all Articles—a Massa (16 Pice) for a Peyla (2 Parrahs) of Paddy—1 Pice for a Fowl—1 Chalia for a Cocoa-nut, a 6 Ct. Cloth for 5 Sattalias, &c.—1 Pice for a Measure of Salt, &c.—Every Man who has 2 Bihi (Granaries) of Paddy, is compelled to sell one at the above Price, & Paddy is sold at the same from the Bandara (King's) Stores—

Order has also been given reducing the මනත්තුවන් (lower Casts) to their Original Ranks. Paduwas & Berawayas cannot wear Beards nor Konda—Hakuro, Durawe & Hali can wear no Beards nor Ohori (Jackets) but may wear Konda—& other Regulations are enforced with respect to Dress—

He was directed also to call Wattala Appu with a few fine Cloths—Pachcha Wadan (Red Cloths). Puswelle Nilame said, that the Cloths, which he carried last time were very dear, & he retrenched about RD. 20 of the Price stated—

The Work of the Dam in Kandy is finished, as well as the Pattrippuwa, & the Maligawa & a Kotugodella—They are at present digging a deep Ditch round the †Uyanwatte from Kumarupe Widiya to the Talwatte at Kundasale—The King has lately sent ‡අටමුල් තොට්ටි to the 2 Adikars & §තරමුල් තොට්ටි to all the Disawes, & white Karapus

He is elder Brother of Ukkurale, who was seized a few Months ago with a Letter which he carried from Colombo—It happened in the following Manner: Ukkurale came to Colombo with a Pannaya of Harispattu, & was absent from his Village 18 Days—On the Day of his Return to his Village Weylipota, the Pannaya went to the House of Uduwele Mohm. Geborale, named Kirihamy, who was living near the Atuwa, & had lately come to take Charge of this Village, which was before under the Orders of himself & Ukkurale as Vidans—The Mohm. questioned him, whether Ukkurale had brought Cloths, & where he had been, & what he had been doing so long—& the Pannaya informed amongst other Things, that Ukkurale had been to the Fort—The Mohm. (who had been offended, because himself & Ukkurale had not paid their Respects to him upon being appointed to the Village) came the same Evening to his (Pulingurale's) House, where Ukkurale lived—& sat down, & desired to see his Cloths, & asked for Betel—Ukkurale with his Betel Box, inadvertently laid down his Heymbiliya (Tampatchy) also. The Mohm. took it up, & unpereceived by any one took from it a Letter, which Ukkurale had brought from Colombo—Early the next Morning, just before Day light, his House was surrounded by a Number of Gabadawe People, Ukkurale was bound, & carried a Prisoner to Kandy. Uduwela Mohm. understands Dutch, Portuguese & English Languages—Ukkurale was questioned, & said, that he had been sent to Colombo on Commission to receive Money from a Moorman, that the Moorman had given to him in Return this Paper, & he knew nothing of its Contents—The Dutchman, (who was taken in the War, who makes Gunpowder & married a Moor Woman) Lala, & Cutwal were all implicated. The English Gentleman was brought from Dumbara & questioned & at the end of about 8 Days, after several Enquiries, the Dutchman, as the Contriver & Chief Instrument of the Secret Correspondence, was carried to Ampitiya & beheaded, & impaled. Lala & Cutwal & Ukkurale were carried away from Kandy, he did not then know where. But he has since learnt, that they are all 3 living in Confinement at Badulle in Uwa at the House of the Atuwe Vidan—The

English Gentleman was kept 8 Days in Kandy at the House of Ankumbure Gabada Vidan at Migon Arambe—There is a Katupelelle before the House—and was then removed to Uduwela, & is still residing there at the House of the Kankan formerly Gammeyhe near the Atuwa—On the first Day of questioning Lala & Kutuwal, they were permitted to return to their Houses, & there in his (Pulingurale's) Presence Kutuwal wrote an Ola—and Lala delivered to him, with Instructions to give to Mihidien Bawa a Moorman at Colombo. Havildar led him to-day to this Moorman, who has called them both to the Disawe's House—He is unacquainted with Mihidien Bawa before—

Orders have been issued by the King for building Palaces in the Country—Those in Uwa are finished, & it is reported that the King will proceed first to Kataragam, & make a Circuit through Saffragam, the 3. & 4. & 7 K. That he is going to bring Salt from the Leways—and has given Directions to the Madige People of Uwa to have a great Number of Cattle in readiness.

His Brother Ukkurale told him, that in case of Accident befalling him, he should apply to the Disawe of Colombo, who would give him Assistance—Ukkurale escaped with his Life, by the Assistance of Gabada Nilame, to whom he (Pulingurale) gave Presents—Lala by Favour of Muttal Samy (Katchi Dewiyo the Son of the King's Mother's Sister, born on the Coast, Father unknown)—The 2d. Day after this Full Moon (the Full Moon is this Day 24th.) is said to have been fixed for the Departure of the King from Kandy, but it is supposed his Journey will be delayed by the Arrival of the 2 Modrs. with a Keydapana—

If he receives Assistance, he shall be able to convey a Letter to the English Gentleman at Uduwela—and to bring an Answer—

25th.—Sinna Mira Mihidien Bawa also attends with Pulingurale, & produces the Malabar Ola, which Pulingurale delivered to him—This is not the same Ola, which was delivered to him at Ruwanweylle by Hineytipana Vidan, but is written by Lala, & states, that he Mihidien lebbe must receive the RD. 600—

He informs, that he cannot go there himself
—His elder Brother who was in his Tavellam at
Kotikaha Cumbura in the 4 K., made his Escape
about the same time with himself—He has since
heard, that his Property in the 2 Tavellams, was
taken by different People there, saying, that he
was indebted to them: & what remained was taken
by the Disawe—

Kandyan Country, & learnt, that the Palaces in
Uwa are finished, & the Report is, that the King is
going to Kataragam, & will proceed from thence

lately called before him all the inferior Head Men
of the Rata hate, & given them Samakkattu, &
Money & told them, they must be ready, when he
should call them upon an Expedition—The King's
Journey, it is supposed will be delayed by the
Arrival of the 2 Mudiysansela with the Keyda-
pana—

26th.—Pulingurale, of Weylipota again attends—
On questioning him again about the Manner in
which the Letter from hence was detected on
Ukkurale, he varies from his first Account, &
states That the Morning after Ukkurale's Arrival
from Colombo, several Paniwidakarayo came to
his House, & sat down in a friendly manner, &
asked to look at his Cloths, & ate Betel—when one
of them saw the Letter in his Pita heymbiliya
(outer Tampatchy), & asked, what it was?
Ukkurale replied, It was a Bit of Paper in which
he wrapped some Medicines—The Man however
opened it, & stretched it out (දිවුරු) & shewed
the European Letters to all present, & called them
to Witness—& then bound Ukkurale—

(From this Variation I rather suspect, that
the Letter which he carried from hence was not
detected, that his Motive for saying so, may be
the Hope of greater Reward, for having suffered
in consequence of being detected with my Letter.

than if detected with one from Major Davie; & that the Letter detected, if any, was according to my first Accounts, from Major Davie)—He further informs, that on the 2d. Day after the Wesak Pujawa ended, i.e. the 2d. Day of the New Moon of Pohon (which is now waning) the King distributed Presents to the Korales & Head Men of the Rata hate & Disawanies, intimating that they must be in readiness, when called upon Expedition—Before Ukkurale's Apprehension, the English Gentleman was one Day (about 3 Months before) called to Kandy & recd. some Cloths, but did not stay there—Himself came to Negombo with others for Salt, about 2 Months before Ukkurale's Detection, but carried away no Bottle of Arrack—The English Gentleman before resided in Dumbara, near the Atuwa, at Gammeyhe's House—This Gammeyhe was put to Death at Talwatte in consequence of Discoveries by Ukkurale's Apprehension—

Delivered to Pulingurale a Diminutive Piece of Paper to be delivered to Major Davie, inscribed as follows:

Jayatuhamy says, that himself saw the Gentleman—The Adikar at Batugedara is causing a Sloop to be built—As he went to Pay Obeisance at Dalada Maligawa, there was no Drilling of People at Batugedara. Now People are collected at Batugedara, & drilled—4 Caffres who fled from Matura upon coming to Batugedara, the Adikar sent to Kandy—Jayatuhamy says, he saw 2 of them—Besides, after having learnt the News, that the King is coming to the Low-Country with the Multitude, upon Enquiring at what period, he is to come, there is Preparation for coming in the ensuing Month of Durutu—In that Expedition, in which he comes for making War, & that no Man must retreat, & that if any one retreat, they will be beheaded, a forcible Order has been issued by the King to the Chiefs & to the People—Thus Jayatuhamy related, according as he learnt Intelligence—

Ihala dolos P.—It is computed, that 100 Men die every Day in the 7 Korles—& in the Village Weywuda alone 97 Persons died in 1 Month—One of his own Coolies, a Jaggerero, was seized with Dysentery at Andarapane, & notwithstanding every Assistance, died after 7 Days—The People of the 7 K. are exceedingly disaffected to the King, & ascribe their present Calamities of Sickness & Famine to the Injustices & Wrongs committed by the King—

26th.—Awusadahamy, of Talawitiya attends & states (Vide Sept. 10.)—That he is sent by Warigama Nilame with his best Compts. to acquaint me,

That Eyheylepola 1st. Adikar is about to proceed from Batugedera to Denawaka on Tuesday last. Tanayam had been built there, & himself, & all the other Head Men had been ordered to attend him, with the Kodituwakku, & Lascorins had been sent for from the Villages—He did not yet know the Object of his Journey, but he bid him (the Messenger) come to him at Denawaka, or wheresoever he should be, & he would send me all the Information he could—That himself Warigama Nilame had lost his Office of Atapattu Nilame, which had been conferred on his Sister's Husband Doloswala Nilame—That with respect to what I enquired, there was no Doubt about the Death of the English Gentleman—He had died, it was said, in Kandy—& his Body was exceedingly swelled—The King had forbidden any one to mention his Death—Eknelligoda Nilame also desired his best Compts.—Himself (the Messenger) left Batugedera on Tuesday Morning, & it was expected, the Adikar would set off for Denawaka that Day—Denawaka is reckoned near a Day's Journey—In Leagues, about 3 Leagues distant—about 100 Men have been exercising daily at Batugedera for some time—On his way he met some of the Attendants, of the 2 Kandyan Head Men, who lately brought an Ola to Colombo—The Mohottale & Korale had gone straight from Hitawaka to Kandy to give Account of their Mission—Directed him to express to Warigama Nilame, my great Satisfaction at his Attention & Friendship in sending the Intelligence—I hope for a Continuance of his Communications & that he will acquaint me, if any Thing of Moment occurs—

27th.—Marasana Unnanse (Vide Augt. 16th.) attends & informs—

That since receiving my Note, he met with another Aradanawa, for the latter Was, & has been residing at Kirillawala in the Meda P. Sinna K.—He dispatched the Note by the Hands of his Servant Boy, who accompanied some Traders to the 4 K., & from thence went with a Priest to Kandy, & delivered the Note to his Walawuwe i.e. to the House of his Sister's Son.

6 Days ago the Lad returned with the Paper (which he now produces) a Piece of China Paper, apparently blank & brought also an Ola, stating that the Gentleman had no Pens & Ink & Paper, & that this Paper should be scorched by a Fire of Charcoal made with Cocoa-nut Shells—It will therefore be good to try the Experiment—He will go away & do so, & bring it to me shortly—

He returns in about 3 Hours with the Paper slightly scorched & having a Writing in reddish Characters, (which have evidently been executed with Lime Juice) as follows:

'I dont know who inquire of my Health and I know who is this in my be have beloved friend but I was now is very well and I resident in the town of Candy but I hope that you will make Possible favors to the bearer of this letter.

September 6th. 1812'

The Priest states, That the Boy who brought it has a sore in his Foot, & could not come, & the Ola which accompanied it, he has left in the Sinna K.—

Without giving away any Intimation, that I discredit the Writing, (which the Handwriting, the Style, & Purport evidently show to be a Forgery) bid him bring the Ola which accompanied it, & the Messenger who brought it—

Sept. 28th.—The Malay Mohm. attends & informs,

That a Priest of Asgiri Wihara, whom he knew before in Kandy, but does not know his Name, came to him yesterday, & stated, That he was come to Colombo by desire of the Son of the late Pilima Talawuwe

1st. Adikar, to say, that he designed to make his Escape to Colombo, & wished to know, how he would be received—He added that the English Gentleman had died at Ampitiya of Sickness, about 10 days before the Perahera—He had heard so, but did not state it for certain—

29th.—Wanduragala Unnanse, of 7 K., but belonging to Asgiri Wihara attends & states,

That he came to Colombo to see the Malay Mohm. by desire of the Son of the late Pilima Talawuwe 1st. Adikar, to enquire what Reception he should meet with here, because he designed to come away to Colombo—He is now without any Office or Honour, & residing at Kattota Walawuwe—

OCTOBER 1812.

Octr. 4th.—Marasana Unnanse (Vide Septr. 27th.) attends & produces the Ola, which is without Signature, but purports to be written by Udumulle Nilame Rale to the Priest & stating,

That the Paper which is brought, must be scorched, till the Letters appear. That Major Dewi is living in Kandy in Dalada Widiya in a House on the Border of the Weywa at the bottom of the Garden belonging to the Wahala of Katchi Nayaka Dewiyo, that 6 Men & Women of the Gabadawa are on Duty in the House, & 12 of Gampola Naranwita without. There is no Order to take Papers to that House. Therefore it is good that you, should destroy this Paper without shewing to any one, after looking at it—Have done this, because you told me, but it is not a Thing done regarding his Life—Therefore you must not let any one see the Writing—It appeared in this Paper—only, How is your Health, Where are you residing?—

He informs, That this Ola was brought concealed in a large Aggala, the Paper open—One Priest his Disciple went with the Lad to Kandy, another came back with him—

The Boy also attends, & states,

That he has lived with the Priest, about 3 Months, ever since he came

from Kandy—now about 3 Months—& he has been living Was in his Father's Garden at Parakandeniya—The Priest has now & then stayed a Day or 2 at the Pansala where he lived Was last Year, but has not lived there this—About 2 Months ago he went to Kandy with the Priest, to his Temple near Kandy—& went to the House of the Priest's Neyndamma, where the Nilame-rale, who is called Mohottale, lives—Again he went to Kandy with a Priest, called Kuda Unnanse a few Days ago. He carried some Karawala, Umbala Kada, & Sugar—to the Nilame-rale's House, & brought back some Aggala & Bulat Puwak. He neither carried, nor brought back any kind of Writing—He was laid up with a sore Foot & his Brother came to Colombo with the Priest last Saturday Sennight—The Priest has not been to his Village since—but his Brother came back with a Message saying, that he must come—

Informed Marasana Unnanse, that I have sufficient Grounds for discrediting the Paper Writing which he brought—& unless he can explain to me in what manner the Fraud of that Paper has been committed, he need never come to me again—

He protests by his holy Religion, that he is entirely ignorant—

Octr. 7th.—Induruwege Paolo (Vide Septr. 5th.) attends & informs, That there is no News whatsoever in Kandy—Delivered to him the Letter (No. 101) to be delivered to the Disawe of Korle tune with my best Compts. & instructed him to say, that I hope he will not take Offence at the Delay in answering his Ola, & that in future a more speedy Answer will be given—

.. 7th.—Mastangalaya, of attends & states,

That there is no News whatsoever in the Kandyan Country—except that an Order has been given by the Disawe of the 3 Korles,—since Sunday Sennight—that no Priest or other Person, who is not known may pass over the River at Palan-gomuwa Watte from hence, without first obtaining leave from the Disawe—Preparations had been made some time ago for the 1st. Adikar to go from

Octr. 7th. 1812. Batugedara to Denawaka, for the celebration of a Pinkama last Full Moon, at Ganegama Wihara, which is near it, but he did not go, & till the latest Intelligence, he was still at Batugedara—

Octr. 9th.—Wattala Appu attends with Andarapane Mohm.—& states, That he hears the younger Eyheylepola Disawe of the Ihala dolos Pattu, is not yet returned from Kandy—

Andarapane Mohm. delivers to me the Ola (No. 102.) from Pusweylle Disawe of the Pahala dolos P., who gave him Instructions to desire his best Compts., & state, That all the Articles which I sent, were sealed & sent off to Maha Gabada Nilame in his presence for the English Gentleman—That himself was going to Kandy soon, & would then accomplish the Affair of the English Gentleman—He further states, That Narandeniya Vidan who went in charge of the Articles to Kandy is not returned, & he has not learnt, what afterwards became of them in Kandy—The Scarcity still continues in the 7 K. & many Persons die by Sickness & for want of Food—They bring Paddy upon Bullocks from Matale & the 4 K. where it is purchased at 16 Pice for 1 Peyla, but the Quantity does not exceed 2 or 3 Cornies—

Himself has a Quantity of Paddy in store, & shall feel no Want for another Year. The People are now sowing Bala Wie & Kurakkan & Fine Grains, & the Country will again flourish, in 3 or 4 Months, if they have a favourable Season.—A Bullock exchanges for about 3 Peyla (6 Ps.) of Paddy, & a Buffaloe for 1 Ammm.—

Amms—& received only 2 Gold Rupees for RD. 40—RD. 100 are now due—Unless he recovers it, his own Land will be sold for the Debt—The Disawe said, RD. 100 was no great Matter, but other Moormen might play the same Tricks—Mihidien Baba absconded to Colombo for a Debt to the Cornicopoly of Katchi Dewiyō.—

Bid them come to the Cutcherry on Monday, where their Complaints should *investigated—

.. 20th.—Dispatched 2 Appuhs. of the Guard Wani-

to Eyheylepola 1st. Adikar now resident at Saffra-
gam—

Gave them RD. 25 for Expences of their Journey—

.. 22d.—Peyniheyla Dingyrale (Vide June 30th.)
attends & informs,

That after leaving Colombo last
time, he remained 10 or 12 Days in his Village &
then went to Kandy where he remained about 2
Months on Govt. Service—He went twice to the
English Gentleman who is now residing at Wata-
pana—the 1st. time he went with Suppu a Maduwe
Appu—he went into the Gentleman's Room, but he
bid him go away, & turned him out, & could not
even deliver the Paper which he recd. from hence—
He returned to Kandy & applied to the Dutchman,
& gave him the Paper, & accompanied him to
Watapana 2 or 3 Days after: when the Dutchman
went in & he saw the Paper delivered—The Dutch-
man told him, that he could give no Answer now,
but would afterwards—because he was afraid, on
acct. of the Detection of the Letter 7 or 8 Months
ago—He understands, a Maduwe Appu named
Ukkurale, formerly of Saffragam, but who resided
in the 7 Korles, was detected in bringing a Letter
from the English Gentleman—& thereupon him-
self, & the Dutchman who was a Washerman of
Colombo & understood Languages & Painting
Work, & Lala Brahman, & Alakka a Malabar,

were all removed from Kandy, & supposed to be put to Death—It is now about a Month that he returned from Kandy, & has been sick in his Village—He thinks he shall be able to bring a Writing from the Dutchman in Kandy, & is sure he shall be able, if he receives a Note from hence—

23d.—Gave to Peyniheyala Dingyrale a diminutive Paper, to be delivered to the Dutchman in Kandy, inscribed as follows:

'How is Major Davie's Health?
Where is he now residing?

Octr. 23d. 1812—'

He promises to bring an Answer in 20 Days—

Octr. 26th.—Awusadahamy of Talawitiya, attends & informs,

That Warigama Basnayake Nilame again desired his best Compts., & instructed him to say, that there was scarcely a Means left for them to remain in the Country on acct. of the Injustices committed—There had been a *Practice in very antient times, of taking to the King the Property of a Deceased Chief—but it had been long forbidden by former Kings—It was now 4 or 5 Months since the Decease of Eylapata Nilame—The Adikar at first caused to be brought for himself a Chest containing Valuables to the Worth of 7,000 or 8,000 Pagodas--& took Possession of Eylapata's Garden near Batugedara, called Balibattota W. contg. 2,000 Cocoanut Trees—He afterwards sent for 2 or 3 more Boxes of Valuables, but because the Lama etanin objected to part with them, the Adikar wrote to Kandy Information that 2 or 3 Lac Worth of Property belonging to the Deceased were concealed—An Order came down from Kandy with 8 Katubulle Lascorins—who were sent with Kiriporuwe now Walawuwe Mohottale, Walandure late Walawuwe Mohottale & 2 other Chiefs to Eylapata Walawuwe at† Hetekma from Batugedere—They went there at Night, & communicated the King's Order to take account of

all the Property—& advised the Widow, with 3 Daughters & 1 adopted Son to leave the House—They retired to the neighbouring House of Wedarale, but were denied to take with them even a Bag of Rice for their Food—Guards were placed over the House that Night & the next Morning all the Property was brought forth—& account taken. There were 2500 Boxes altogether, & an immense Quantity of Iron Tools—There were 5 Kankans Servants in the Family, who were brought to the Maha Wadiya, & put to the Torture by hanging them up by the Hands, with Weights, putting red Hot Udal under the Feet, & to their Breast, & flogging to produce Discovery of Concealed Property & in this manner 3 or 4 Jars of buried Property & Cash were brought to Light. The Property was all remaining still in the Walawuwe, detained on the King's Account—Warigama Nilame said, The same would happen to himself, when he died, & therefore he wished to know our Wishes & Intentions, which he was ready to obey, & he was sure, if a Detachment came, that every Man would come & appear—He also added with respect to the English Gentleman, that after the Malay Mohm. came away, they got Intelligence in Kandy, that he was coming up to rescue him whereupon he was brought up to Kandy, lodged in a private House, & fell sick—his Body becoming very much swelled. He died in Kandy about 30 days after & his Body was removed privately the same Night out of Kandy no one knows whither—& it was forbidden to speak about him.

Eknelligode Kodituwakku Nilame also desired his Compts., was very indignant at the Seizure of Eylapata's Property, & said, That he had rather the English should come & take it, than that it should fall to the King—The People were still taking Account of the Property of the late Eylapata, when he came away—All the People of Saffragam K. are dissatisfied with the 1st. Adikar. He collects a great Quantity of Provisions, which the Head Men bring to present, upon their Appearance besides the daily regular Contributions for the Supply of his Table, & the Maintenance of his Attendants, from Kandy, who will amount to 50 Persons—Every 8 or 10 Days, he sends 10 or 12 Coolies Load of Provisions, & Momaties & Iron

Works, & Boxes to his own Walawuwe at Kosinna in the 4 Korles, where his Wife resides—About 50 Men are exercising daily in the Morning but not in the Evening. The Drums beat at 6 o'clock A.M. & they all assemble—They are drilled by a Brahmana of Saffragam named Latchamana—

27th.—Awusadahamy again attends—Instructed to give my best Compts. to the 2 Nilames & to thank them for their Communications, & to say, That I can at present give them no Hopes that an English Detachment will proceed from hence, & therefore it is advisable that they should remain quiet—

NOVEMBER 1812.

Monday 2d.—Tamby Modr. informs,

That he has recd. Information, in a manner deserving of Credit, That Major Davie is living in Health in Gagala Pattu, a recluse & very Hilly Country little frequented— & situated, he believes, between Matale & Dumbura—

He has recd. the same Account from 2 different Persons, but not heard it from any one, who had seen him—If he can receive a Bit of Paper, he will endeavour to have it conveyed.—

4th.—Arambepola Mohm. (Vide) attends & informs,

That he has been compelled to *abandoned his Country, & fly here for Refuge—For a considerable time after he came to Columbo requesting Assistance, Things passed on well, in the time of Unambuwe 2d. Adikar; & of Pusweylle Nilame. Upon the Arrival of the latter, himself as well as the other Head Men went & appeared, & after remaining at the Wadiya several Days, he obtained Leave to go to his Village on acct. of Sickness—Some time after, 3 or 4 Messengers came, requiring his Appearance, which he avoided by pleading Sickness. About 20 Days ago Messengers were sent, & carried before Pusweylle Nilame

a Man named Panaliya Vidan, known to be attached to the late Pilima Talawuwe, but charged with no other Crime that is known. He was immediately bound, & sent off a Prisoner to Kandy, & is since reported to have been impaled—16 Days ago, some Messengers came, requiring his Attendance before Pusweylle Nilame—He was forced to obey & accompanied them—It is one Day's Journey only, a Distance of 3 Leagues, but pretending Sickness he delayed on the Road. He came with them 2 Days, & on the 2d. made his Escape from their Custody, & went to his Relations at Weytewya, & designed to return to his own, to provide himself with some Rice & Provisions; But he learnt that Guards had already been placed there; & fled into the 4 K. & remained concealed 8 Days at the Temple of Lendramulla in Beligal K.—The Priests of the Temple then informed him, that they had heard, Olas were sent to the 4 K., & Orders given for apprehending him, & they were fearful of concealing him longer—He therefore came away by private Paths to Bottala in Hapitigam K., & from thence in 4 days to Colombo—

He does not know the Specific Guilt of which he is accused; but has heard, it had been whispered agt. him, that about 4 Years ago, he had gone to Colombo & a foreign Country to bring a Prince for Kandy (a very false Accusation, for about that period he only went * ශ්‍රී පාදෙ චරිත) & that last Year he went to Colombo for the purpose of bringing Detachments into the Kandyan Country—He has now no Means of returning to his Village & requests Assistance for his Livelihood here, inasmuch as he has no Aid from any other Quarter—It he were assured of Assistance, he would go to the Limits, & contrive to bring away his Wife & Children—

Novr. 5th.—Ola from Don Andries & Don Joronis Appuhs—Bearers of my Letter to the 1st. That he wished merely to have a Word from us, & he was ready to obey it, That if we desire it, the Conquest of that Disawany is the most easy Thing, excepting that we are not aware of it. That if any Misfortune or Adversity should befall himself from the Adikar, it was his Design to take Refuge in this Country & come to me, in which Case he hoped for my assistance & Protection—He further desired him to state, that he wanted a Watch, & would be glad, if I would send one—He said, he once had one, but gave it to a Man of Kaltara to have repaired, & never saw either the Watch or the Man since—

Eknelligoda Kodituwakku Nilame instructed him also to present his best Compts., & state, That it had been his Intention to write an Ola to me this time, informing the Injuries to which they were subjected. But as he was writing the Ola, a Bad'ha happened, (the Cry of a Huna) & he was doubtful, & desisted. He particularly requested however, that whatever he wrote, might never be disclosed to Maha Nilame—

There is no particular News in Saffragam—The Property of Eylepata Nilame under Sequestration—Galaboda Nilame who came from Kandy to the Adikar, had been employed by the Adikar to administer Medicine to Eylapata Nilame during his Illness, & had Opportunity of looking a little after his Property—This Man was afterwards sent by the Adikar with others to take Account of it, & is now gone to Kandy with the Account of all his Riches—

But whether he was removed from that Place no one knows—In search of him, he has passed through Matale, Hewaheyta, Dumbara, Meyda Maha Nuwara, Kotmale, Atabage, & Part of Walapana—but can hear nothing of him—He was only informed in a vague manner by one of his Relations in Kandy, that the English Gentleman had been carried towards Walapana—The Dutchman who killed the Fiscal of Colombo, is in Prison at Polkiriya in Matale (where himself saw him) on account of some offence unconnected with the English Gentleman—The other Dutchman is in good Health in Kandy—Lala a kind of Malabar Man has been put to Death on account of the Detection of a Letter—He is going again to Kandy, & will make further Enquiry & Search—

Invitation, by which he swore by Dalada wahanse not to betray him, he proceeded to Kawadumunne, which is 3 Heytakma distant from the Maha Oye beyond Meyddepala—He was shut up in a Room & continued there 4 Days, during which Messengers came from Kandy with Orders to the Mohottale to prepare the Rest house at Ahugoda, & to send Coolies, because the Disawe, a new Disawe, the 2d. That he can now also serve the English—And that there is another Matter—The Appu (Son) of Kapugammahalage came & told him, that an English Gentleman, who was taken Prisoner is residing at Kapugammahalaye Gedera, at Welagoma, in Meyda Maha Nuwara—

the Necessity of contracting Debts, & is in fear of his Creditors—He has no Lands nor Property on the Coast, nor had his Father. It is not the Custom for Persons of his Family (the Royal Family) to possess Lands; which belong only to Goyas or Cultivators—His Father was born on the Coast at Ramnad, but came early to Kandy, & all his Children were born in Kandy—His (Sinna Samy's) 3 Sisters were married to the late King Rajadhi—But prior to this, he had a first Wife, not the Brother's Daughter of Wengada Perumal Nayaker, the present King's Father, but a distant Relation—& the Daughter of Nanammal. At first Objections were made to her Coming, & Wengada Perumal Samy went & brought her from the Coast—The present King is married to 2 own Daughters of Gampala Dewiyo, now living in Kandy—The Father of Gampala Dewiyo, called Aligiri Nayaker, & the Father of Kirttisri were own Brothers—Gampala Dewiyo has also a Son living—

There are 2 Sons of the present King's Mother's Sister living in Kandy—the eldest's name he does not know, the youngest is called Muddal Samy—

A few Months ago he heard from some Malabars who arrived on the Coast from Kandy, that his (Sinne Samy's) Brother Ramasamy is now living in Kandy, & had lately married a Malabar Woman, by the Assistance of Muddal Samy. He never thinks of corresponding with him, because it would expose him to Danger—Since his Arrival at Colombo, he has been under the necessity of contracting a debt of RD. 600 & requests pecuniary Assistance—He has been sick for some time past, & the first Health he has seen is to-day on seeing me—

Informed him, That H. E. the Governor has taken into Consideration all they have stated, but does not think proper to make any Decision regarding the Division of the Pension, until he can ascertain the Original Intention of Govt. when the Pension was granted, & has seen the Documents stated to be in possession of the Widow, & heard her Objections & has the whole Case before him. But in the mean time it is unnecessary for them to

Sinna Samy replies, That he is ashamed to return to his Relations on the Coast, without obtaining his Request, & it is better that he should remain at Colombo—

To say the Truth, he is so involved in Debt both here & on the Coast, that he does not know, how to escape from his Creditors—He has no other Friend, but me. He considers me as his Brother, & relies on my Protection—

Decr. 29th.—Kaluwa, Yakadura, a Wahumpuraya, of Kehelpennela, 4 K. attends, being sent with a Boy, by the Ja Mohm. & states,

That he is come to Colombo, with a message from the Son of the late Pilima Talawuwe, Eyheylapole 1st. Adikar & Molligoda Nilame, to state, That they are under the King's Displeasure, are in danger of their Lives, but have no Means of making their Escape to this Country. They did not say expressly, what they requested from us, but implied, that they wanted Assistance & Forces—They have confidential Persons about them, but there are others who cannot be trusted, & they cannot rely altogether *Forces & Resources—For if they fail, they have no Means of escaping—The Son of Pilima Talawuwe is living in Kapuwatte Walawuwe with his Step Mother. He enjoys the Office of Diyawadana Nilame—Eyheylepole Nilame & Molligoda Nilame are in Disgrace—& the latter was lately ordered to be beheaded, for neglecting his Duty in sending Men for Service, but the Order was recalled—Pusweylle Nilame, & all the other Chiefs are in Kandy—They were summoned up, not for a †Kara beyndi Mangalya as reported, but to superintend the Repairs of Dumbara Weywa, (a Lake made for pleasure by former Kings)—Before the Chiefs came up, the King went thither, & cast a little

Earth at the Neykat & nothing further has yet been done—All the People are disaffected to the King & in fear of him—Of the two Mampitiya Bandara Mahatmayo (Sons of Kirttisri by a *Yakada Doli, the Youngest died of Sickness 6 or 7 Months ago. The Eldest was beheaded at Hunukotuwa 8 or 10 Days—He does not know for what Crime, but it is commonly said, lest he should usurp the Kingdom (රජය ගනිති)—Himself was brought up in the House of Pilima Talawuwe—He was instructed to go first to the Ja Mohm. & then to come to me—He has no Proof of the Truth of what he states, except the Ja Mohm. who knows that he was brought up in the House of Pilime Talawuwe—

Informed him, That I recommend him to bring some Proof of the Truth of his Mission. In the mean time, he must present my best Compts. to the 3 Nilames from whom he came, & state my Advice, & Recommendation, that in as much as the People are disaffected, they should accomplish, by their own Adherents, & the People of the Country, any Thing which they consider necessary for their own Safety—

.. 29th.—Having instructed Kiribatkumbura Punchyrale to find out this Man & to converse with him, & discover the Truth of his Tale & inform me—

Punchyrale attends in the Evening & informs, That on his Way to Ja Mohm. he met Kaluwa in the Street—He is the Person, who once before came to Colombo with Seylawa Vidan now Decd. & was then pointed out to him, as a Person in his Confidence, whom he should employ, if Occasion required, in Secret Messages—He was brought up under Deyliwala Unnanse of Seylawa Wihara, & having learnt a little Sastra Neykata is called Yakadura. He was not brought up in the Wala-wuwe of Pilima Talawuwe, but must have been delivered to his Son by the above Priest, as a Confidential Person—

He said, that he had been sent by Pilima Talawuwe Bandara, with a Message to him (Punchyrale) not to the Malay Mohm. or to me) to ask counsel from

him, whether it were advisable to eat Poision, or to wait a little longer?

Kaluwa, stated, That he (Pilima Talawuwe) was in fear of his Life, but had no means of escaping—

That himself would engage to conduct a Body of Men from hence to Alpity Kande (under which he resides at Kehelpennala), & 50 Men might be raised there—

He instructed Kaluwa to go & enquire what was become of the English Gentleman, & he promised to return in 10 Days—

Kaluwa stated also, That he knew a Priest had been sent by Paranatala Unnanse (Moratota Kuda Unnanse) pretending to bring a Message to me from Pilima Talawuwe Bandara Mahatmaya. But it was a false & deceitful Message, for he had & would employ no Priest (This must be Ahugoda Unnanse Novr. 7th.)—He believes the story of Kaluwa to be true. Paranatala Unnanse is attached to Pusweylle Nilame, & is at Enmity with Deyliwala Unnanse, who was a Friend of the late Pilima Talawuwe—In opposition to his Claims, he hears the Property of the late Moratota (valued at a Lak of RDr. deposited at Seylawā Wihara were given to Paranatala Unnanse—Whilst Pilima Talawuwe lived, this Property had remained under Charge of Deyliwala Unnanse, who had improved the Temple, & seemed to have the fairest Claim—Seylawā Wihara is at the extremity of the 4 K. & adjoining to Dolosbage in Udupalate, a remote & recluse Situation—Paranatala Unnanse is the Son of the late Moratota Nayaka Unnanse's elder Brother, & Deyliwala Unnanse the Son of his younger Sister—

Decr. 30th.—Ja Mohm. attends & states,

That Kaluwa went yesterday—He came to Colombo once before, & himself knew him in Kandy. He believes his story to be true—He hears, that Muddal Samy, the Son of the King's Maternal Aunt, & the younger Brother of the 2 has obtained Privilege which was never before granted, of going in his Palanquin within the Limits of the River—of which the other King's Relations are jealous—He is said to possess great Influence with the King. not bear the Injustices of that Country. It would happen to his Property, as to that of the Eylapata, & it would not descend to their Children—He has lately obtained the *18 Gabada Gan under his Charge, but he preserves the Adikar's favour for his own Security & not from any Attachment—He desired him also to mention to me, that he wished for a Watch, tho' not a very capital one. Even a Silver one would answer his Purpose—

Eyheylepola 1st. Adikar upon his Arrival in Kandy, was recd. by the King with great Favour, & still continues so—When Eknelligoda Nilame arrived on this side of the River upon his Way to Saffragam, he recd. an Ola informing, that his Gabada Gama Niwitigala was taken from him, & that the 18 Gabada Gam were given to Warigama Basnayaka Nilame—On his arrival on this Side of Iddamalpana he recd. Intelligence, that Mampitiye Wahala Bandara had been executed—It is reported in Kandy, that Kundasale Nuwara is about to be rebuilt for the purpose of crowning a young Prince, in the present King's Lifetime—Rice & Paddy & Kurakkan are still very dear in the nearer Parts of Saffragam—Numbers of People from this Country go to purchase it from the Parts adjacent to Uwa,† where it is comparatively cheap—

Doloswala Nilame & Walandure Mohottale are employed in sending to Kandy the Property of the Decd. Eylapata—A great Number of Cattle, of Guns, Hand bills, Mommaties, & other Iron Works, Boxes of Sadalingam & other Things have been sent—

Warigama Nilame is causing to be made 50,000 Iron Nails according to Order, for building the Palace of Kundasale—

Jany. 16th.—Awusadahamy, of Saffragam, again attends & informs,

That he has learnt to-day some Intelligence, which he is come to relate—He met to-day in Colombo, Colombogama Vidan (Colombogama is in Nawadun K., who brought an Ola from the 1st. Adikar in Kandy) to Wapu, Moor Mohm.

Day after the Full Moon; The King was to marry 2 Sisters, on 2 Successive Days—& the Order was to send to Kandy immediately a Quantity of fine Cloths, & Venetians & Pagodas & other Articles—They dispatched to-day 4 Pingos of Cloths, & a Silver Kuppiya (Vessel) weighing 50 Rupees for sprinkling Pini-diya, & about 30 small Looking Glasses.

Colombogama Vidan informed, that on his Way from Kandy the People of 4 K., who had been dragging Timbers, for Kundasale Nuwara, were all going to Kandy, for the Festival, & the Head Men were hurrying with their Presents—

Jany. 21st.—The Malay Mohm. attends & states to me with the same Confidence as in former Conversations,

That he is able to pass unperceived to the Neighbourhood of Kandy, & shall there by means of his Confidential Friends be enabled to ascertain beyond, whether the English Gentleman is living or Dead—If living, he has great Confidence, that he shall be able to penetrate to his Residence & find a Means of conveying him away—

He shall proceed first to Negombo, then leave it under Pretence of going into the Jungle to cut some Timbers, & without coming to Colombo, pass up the Country by the Path of Wattala & Mudun-goda Mawata, & to proceed by the 4 Korles—He shall take with him his Brother-in-law, 3 Malays who receive Rice & 2 of those who are enlisted in the Malay Company, Tamby Bawa & Tamby Jusu Batta—They will travel by Night only, & lie concealed by Day—

Informed him, that if he is desirous of going, & thinks he can accomplish any of the Objects above stated, there is no Objection on my part to his going—but cautioned him particularly not to permit any of his People to commit the smallest Depredation, & to avoid the possibility of being seen or traced in passing either through our own or the Kandyan Territory—

The Malay Mohm. informs further,

That a Man is come to him with a Message from Kaluwa Yakadura (Decr. 29th.) to state, That his former Journey to Colombo has been discovered, & he is afraid to come again so soon—but he will obtain any Intelligence which we desire—He related, that the King's Marriage was about to take place shortly—

21st.—Kiribatkumbura Punchyrale attends & states,

That he is confident the Malay Mohm. will be able to pass to the Neighbourhood of Kandy unperceived with a few Malays & probably to obtain Intelligence of the English Gentleman—Himself will accompany the Malays as far as the Limits & then return—

Delivered to Punchyrale for the Malay Mohm. a Brace of Pistols without the Compy., or Govt. Mark, 2 spare Flints, a small Parcel of Gunpowder & leaden Balls—

Jany. 21st.—Kiribatkumbura Punchyrale further informs,

That he believes the Appu, who is come to Colombo, stating that he was in the Service of Mampitiye Bandara lately beheaded, to be an Impostor, for he could not give any Account of the People connected with his Family—

Kirttisri had altogether 6 Children by Mampitiye, 2 Sons & 4 Daughters—The latter were all married to Malabars in Kandy, but had no Children—Their Husbands, were all dispersed or put to Death upon the present King's Accession, & in the late Kandyan War*—& 2 Daughters only are now living—The Elder Mampitiye recently beheaded, cohabited with his younger Sister. This is contrary to Singaleze Law, but it is said to be legitimate with the Royal Race, that it may be preserved pure & unmixed—The Younger Mampitiye who died of Sickness a few Months ago, was called Siyambalagoda, because he resided at the Village of that Name in Yatinuwera—

That 2 Olas have been brought to him within the last Days, 1 from Pusweylle Disawe, the other from Unambuwe 2d. This Abundance of Cloths is required for the Celebration of the King's Nuptials, which are to take place—

.. 25th.—Kiribatkumbura Punchyrale attends & informs, That the 2 Malays belonging to the Company have not yet obtained Leave of Absence—They have twice been to Capt. De Bussche, & asked Leave of Absence, & were ordered to wait till they were sent for—& they are afraid to go till they receive Orders—They had fixed upon leaving Colombo to-night, & the Man who came from the Yakadura has been sent with another to desire the Yakadura to meet them at the Limits, to shew them the Secret Road to Kandy—

.. 27th.—Kiribatkumbura Punchyrale attends at night & informs,

That the 2 Malays have not yet obtained Leave, but are waiting in readiness for Orders—The Kandyan Yakadura had been appointed to meet them at the Limits on Wednesday or if they should be unable to come on that Day by any Accident, he must wait all Thursday—The Malay Mohm. has sent Messages to him from Negombo in great Anxiety, desiring, either that he should be permitted to go, as appointed, or that the Plan should be altogether laid aside—

Informed him, that I shall go to the Fort tomorrow Morning, & will take Measures for

He will sent Word to the Mohm. to leave Negombo to-morrow—

That the 2 Malays of the Company are just come to him (8 A.M.) & say, That they obtained leave yesterday, & slept at the Mohm.'s House—They request a Passport from me, in case they should be met with—(On enquiring why they did not set out last Night he replies) He did not know till now, that the Malays had Leave—The Mohm. must have come part of the Way yesterday, & he thinks, will have stopped at Mabola—

Informed him, That the Malays will receive no Passport from me, as their Journey is a Secret one—& the sooner they go the better—

Jany. 31st.—Kiribatkumbura Punchyrale attends about 1 P.M. & informs, That on Friday afternoon he proceeded from Colombo with the 2 Malays belonging to the Company—Beyond the Bridge of Dalugam he saw in the Road the Singaleze, who lives with the Malay Mohm., who shewed him the Place where the Malay Mohm. was, in the Jungle, with 1 Malay & 2 Moormen—They had stopped at Mabola the preceding Night, & came to Dalugam that Day at Noon—About 7 P.M. they proceeded on their Journey by the Road of Biyagam, S. Dias Modr.'s House, & Keragala. They met only 1 Man near Biyagam & no other Passenger, nor Interruption on the Road—They were compelled to proceed slowly because it was very dark in the covered Paths, & it beginning to dawn, when they arrived at Radawana, about 3 Heytakma on this side of Timbirigama, they retired out of the Road, & lay concealed in the Jungle—Himself went publicly to Timbirigama, to the House of Timbirigama Appu (the Brother of the late Seylawar Vidan) who died about 3 Months ago—& made Enquiry for the Yakadura who had been expected to meet them at the Limits, but heard nothing of him or of the Messengers—The Malay Mohm. was very desirous, that he (Punchyrale) should accompany him into the Kandyan Country, to shew the

Way—but he objected, saying he could not go without previous Leave from me—He found at Timbirigama the Elder Brother's Son of Timbirigama Appu (with whom he was before acquainted) & spoke to him about accompanying the Malays to Kandy—He consented to do it, & came with him to the Place, where the Malays lay concealed in the Jungle, about 1 or 2 P.M. yesterday—He seemed willing to go with them, & he thinks, will go, if the Mohm. gives him a Reward—Himself left them in the Jungle at about 4 P.M. yesterday, & was desired by the Mohm. on parting, to acquaint me, that they should proceed into the Kandyan Country that Night (last Night) or if any thing should prevent them, to-morrow Night (to-night the 31st.)—It was their Intention to go at Night fall, to the House of the Timbirigama Appu, & dress Victuals, & refresh themselves—He thinks, they will probably rest there all to-day, & proceed on their Journey to-night—

Besides the Mohandiram are altogether 6 Persons, viz: the Singaleze, who lives in his House, the Malay & 2 Moormen, who came with him from Negombo—& the 2 Malays of the Company—Besides the 2 Pistols recd. from me, the Mohm. has one Pistol of his own—They have 1 Crise, & 1 Sword Stick—

They have 12 Measures of raw Rice, & some Aluwa keyta &c. (Biscuits)—altogether he thinks, sufficient for 6 Days Provisions—

Singaleze (who now accompanies the Mohm. originally a Native of Galle, but resident at Negombo, & accustomed to trade to Kandy & who came the last time with the other Messenger from the Yakadura) informed him on Saturday, as they went together conversing, from the Jungle to Timbirigama, That Pilima Talawuwe Bandara had sent by their hands a Male, which they had given to the Mohm.—On enquiring, for whom the Male was designed, he said, It was sent for the purpose of being shewn to the Disawe of Colombo, not to be given to him—

Instructed Punchyrale to go again to Timbirigama to-morrow or next Day, & ascertain, when the Malays proceeded—

„ 5th.—Arambepole Mohm., of Morugama attends & states,

That he presented a Petition to the Governor which was referred to me, & he requests an Answer to it—He has not been to his Village since he fled to this Country—but he went to the Limits & sent a Person to ascertain the State of his Affairs—He learnt, that the Atapattu Lascs. from whose Custody he made his Escape by Night at the Wadiya of the Disawe, (upon the suggestion of Kalundawa Mohottale his Relation, that he was sent for to be executed) were in Prison, & Kadukawe Mohottale, to whom the Lascs. belonged, had given Orders for watching after his Return—His House & all his Property continued sealed, & he could procure nothing whatever from his Village—

„ 6th.—Kiribatkumbure Punchyrale attends & informs,

That he went to Timbirigama the Day before yesterday & returned yesterday—He saw Timbirigama Appu, & learnt from him, that the Malays had remained concealed at his House till Wednesday Night.

The Singaleze of Galle, who accompanied the Mohm. went on Sunday to the Brother-in-law of Yakadura, who resides about 2 Heytakma from the Limit Ratmalagala, & learnt from him, that Yakadura had come to Ratmalagala & waited there the preceding Wednesday & Thursday, &

then returned to his Village (which is near Ambanwita in 4 K. a full Day's Journey from the Limits) leaving word with his Brother-in-law, to come instantly & acquaint him, in case any one should come & make Enquiry—The Brother-in-law immediately set off, & promised without fail to bring the Yakadura on Wednesday.

The Singaleze of Galle returned to Timbirigama, & on Wednesday night 4 or 5 Hours after dusk, they all set off, & stopped concealed in the Jungle about 1 Heytakma beyond Ratmalagala, till the Yakadura came—Timbirigama Appu left them there, & returned to his Village the same Night—He was desired by the Ja Mohm. to say, in case any one from Colombo should come to enquire, that they had set off the next Night, i.e. the Day after he (Punchyrale) left them—

Feby. 16th.—Assana Captan the Malay Mohm.* attends at 9 P.M. & informs,

That he is just returned from the Kandyan Country having accomplished the Journey according to his Intentions—Near Ratmalagala the Limit of the Sinna K, he was met according to previous appointment by the Kandyan Yakadura, who accompanied & shewed the Way—They proceeded through the 4 Korles by Iddamalpana & Nainankada, & crossed the †Kandyan River by Miwatura Totapala, resting in the Jungle by Day, & travelling by Night—They lay concealed one Day in the Village Hindagala immediately beyond Miwatura Totapala, but this Spot being too distant from Kandy, they removed the next Night to a thorny Jungle in the Neighbourhood of Huduhumpala Wihara (a Temple)—& having found, that this Part was frequented by People seeking Fire wood, they afterwards ascended higher into Hantana Keyle (Forest)—

To obtain Information regarding the Fate of the English Officer, he sent for a Moorman of his Acquaintance named Sekandu, who made particular Enquiry from the Wife of a Washerman

serving in the Family of Muttal Samy, first Cousin of the King—She related, that the English Officer lay sick with Dysentery several Days in the Garden of Muttal Samy, refused to take Medicines, & merely drank a little Canjy. That Biscuits & other Things were brought for him from Colombo, but he died in about 15 Days, & his Body was carried out secretly by Night, & buried in Udawatte Keyle, a Jungle near Kandy—This happened in July last—

The Yakadura above mentioned went to the Son of the late Adikar, who sent a Wahumpuraya Servant to the Mohandiram; & upon his desiring to procure Intelligence of the English Officer, the Adikar's Son with the view of obtaining more particular Information made Enquiry from Hakurugammana Vidan, formerly in his Father's Service, but since his Death living in the Family of Muttal Samy—This Person related in like Manner, that the Fact of his Death was certain; that he lay some time sick with Dysentery in the Garden of Muttal Samy, that Provisions were sent from Colombo, but he could eat nothing, & died in July last, & was buried in Udawatte Keyle—A strict Order was given, that his Death must not be mentioned, & that any Person who said, he was not living, should have his Tongue cut out—

The Mohandm. saw also his Friend Mulgampala Kankan of the Prison in Kandy; This Person stated the general Report, that the English Officer was dead, but had no knowledge of any particular Circumstances, excepting that one Night 4 Reykawallo (Executioners) had been ordered to attend for Duty, but upon what Duty, they went, he did not learn—

The Mohm. saw his Mother in Kandy, & learnt that all his own Property had been discovered & confiscated. She desired him to return immediately, because his Life was in danger there—He could not see his Brother, for he was absent on Service at Gurudeniya, with the Company of Kandyan Malays & Moormen—

The Kankanaya swore to him, by placing his Hands upon his Eyes, & again upon the Ground, that the English Gentleman was living & said, that he had seen him a few Days ago—

Andarapane Mohm. informs,

That he is come with a Paduwa Kankanaya of the Gabadawa to call Wattala Appu to Kandy, by order of Pusweylle Disawe of Dewameyde, & his Younger Brother the High Steward, with some Cloths & Salt Fish—The High Steward also directed him to come to me & conveying his Compts. a thousand times, to ask after my Health, & State, 'That the English Gentleman is living at Migon Arambe in a sickly State, with Swelling, & with Pains in his Arms & Legs, that he had Fever, which now has left him, that he cannot be certain whether he will live, but Pusweylle Disawe himself gives Medical Aid. He knew, Reports had reached Colombo, of his Death, but they were false'—He added that if W. to carry 15 Days Provisions to the English Gentleman at Migon Arambe, on the upper Side of the Weywe, not far from Poya Malu Wihara, & not more than half an Heytakma from the Palace. The House in which the Gentleman lives, is an old Walawuwe of Pusweylle Nilame—Himself did not enter the Katupeyleylla, nor see the English Gentleman, but stood without, whilst the Kankanaya went in with the Provisions—The Kankanaya objected to come to me, & is afraid to come, because he recd. no Orders from Pusweylle & he is going away early to-morrow Morning—The *Kara beyndi Mangalya took Place 4 or 5 Days before he left Kandy, with one Woman, not 2—He does not know who she was—It was celebrated in the Palace at Night on the 7th. Great Quantities of Cloths were brought from Colombo for the Occasion—& the People from all the Disawanies are now carrying Presents—

Instructed him to present my best Compts. to the High Steward, & to state my Confidence, that every Medical Aid & Care will be administered, for the Recovery of the English Gentleman, & that I send W. Appu for the purpose of seeing him, & obtaining Proof, that he is living—

On enquiring from him the Cause, that no Answer has been returned to the last Letter which I sent by his Hands, he replies, That he does not know—He delivered the Letter to Pusweylle Disawe at his Walawuwe in the 7 K., & saw it dispatched from thence to Kandy. He has heard nothing, & recd. no Order on the Subject since—

Instructed him to present my best Compts. to the elder Pusweylle Disawe of Dewameydde also & state my Surprise & Regret, that no Answer has been returned, according to Custom, to my last Letter—

Instructed him to convey my Compts. to Pusweylle Disawe & to the High Steward—to acquaint the former with my Surprise & Sorrow, that my last Letter had not been answered—& to state to the latter, that I send him (W. Appu) for the express Purpose of seeing the English Gentleman—& to request, that a small Proof of his Existence may be sent; merely a Word written with his Signature on Paper, informing, that he is living—Otherwise I cannot give Credit to it—Instructed him also to be cautious of being deceived by the Sight of a Person, perhaps a Dutchman, at a Distance, lying on a Bed, with a glimmering Light; & to endeavour to approach him & converse with him, by every Means; & if it be not permitted, to say that he cannot believe the English Gentleman's Existence, or report to me, that he has seen him—

On enquiring after the English Officer, he relates, That he was brought to Kandy from Napana in Dumbara about 7 Months ago on acct. of his Sickness. He immediately went to the Palace, & after receiving Samakkattu (Presents of Cloths) he came & resided the first 7 Days at a House belong to the Gabadawa in the same Garden Where himself (the Kankan) resided. Whilst the Gentleman resided in Dumbara, himself twice carried to him from the Gabadawa Bottles of red Arrack & Muttis of Good Things, he knows not whence they came—The 1st. time 4 Bottles & 4 Muttis, 2d. 3 of each—& the Day before he left Kandy he delivered 3 Bottles & 3 Muttis—One or 2 other People went with him the last time, but not Andarapane Mohm.—He joined Andarapane Mohm. on his Way to Andarapane. Kulasekara's G. Son mixed with the Patti Women, & thus lost his Cast.

He replies, that he shall be able to procure such a Writing as I desire, & will send it by Wattala Appu—

The Malay Mohm. informs,

That he learnt no particular News in Kandy, besides what he before related—The King's Nuptials, he understood, took place a few days before he arrived there—The Company of Malays & Moormen, (of whom about 30 may be Malays) are employed in bringing into Cultivation the extensive Range of Fields called Gurudeniya Keta, on the banks of the Mahaweyli Ganga, 1 League distant from Kandy—Eyheylepola 1st. Adikar upon his Return to Kandy, fell under the King's Displeasure, upon the Charge of having appropriated to himself a Part of the Property of the late Eylapata Nilame, & of having done some Wrongs to the People of Saffragam—Fearing the King's Resentment, he stayed in his Walawuwe pretending Sickness, but the King sent Officers to tell him not to be afraid, & he is since somewhat recovered—

That he is sent by Kaduruwelle Mohottale of the 7 K. to Godamunne Appu & to me, to say, That Buweylikada Palace is repairing; & that a great Number of Pannayas & Moormen are drilling in Kandy—about 300 or 400—The Mohottale is just returned from Kandy—The Disawe of the Pahala dolos P. March 6th.—The Malay Mohm. attends & returns a Parcel of the Gunpowder & Balls which he recd.—for his Journey—He informs,

That last Night the Kandyan Moorman Sekandu, with whom he had Communication, at Kandy in his late Journey, came last Night, & related that the Malay Saddaku who accompanied the Mohm. in his late Journey to Kandy (being the young Man who came with Sinna Kandu from Trincomale in July 6th. 1812)

has been seized at the Village Watuwala, in Harispattuwa, a little on this Side of Katugastota) This young Malay, after his Return from their Journey, went to trade in the 4 Korles with Salt in Company with a Kandyan Moorman who also accompanied the Moorman on his late Journey; for which the Mohm. furnished him with R.D. 2—It seems he proceeded from the 4 K. to the above Village, where his Wife & Mother reside, & Information of his Arrival having been given to Katchi Dewiyo, he was seized, & carried bound to Kandy—Sekandu, fearing, that the whole Transaction of their recent Journey to Kandy, might be extorted from this Malay, has fled to Colombo—Of the Moorman who accompanied this Malay, there is no Intelligence—

The Malay Mohm. being questioned with respect to the Man a Kandyan, lately arrived at Colombo calling himself Bowala Mudiyansele Punchyrale, Servant of Manpitiya Bandara, lately executed, States,

That he is not the Person he represents himself to be, because he (the Mohm.) is acquainted with that Family—He thinks, he once saw his Face in Kandy, with the People of *Mat a village in Udunuwara, belonging to Katchi Dewiyo, & Gangoda Aratchy (a Man implicated in the Insurrection in Kandy of June 1811, & banished to Binteynna from whence he made his Escape to Baticalao, & arrived at Colombo 7 or 8 Days ago) informed him, that he is a man of the Berewaya Village above mentioned—

He one Day told the Mohm., that he could communicate anything he wished to Katchy Dewiyo. On enquiring, whether he could speak with Katchy Dewiyo to procure his (the Mohm.'s) safe Return to Kandy with his Family, he answered, Yes—†

She then was induced to acknowledge, that she had seen her Son the Mohm. in Kandy, & that Sekandu had been the Channel of Communication—Sekandu all this time, since the Malay's Apprehension, had kept himself out of the Way, & upon this Disclosure absconded to Colombo—The Malay, it appears, was betrayed by his Wife, who since his Absence has cohabited with another Man—

The Mohm. informs, that he designs to go to Negombo to-morrow or next Day to look after his Garden & House—*

Sannadi Writer, the most intelligent of them gives the following Account:

March
20th
1813.

The Kandyan Malays & Moormen had been employed for some time with the Singaleze in raising a Dam for the formation of a Tank at Gonawatte about $1\frac{1}{2}$ Leagues from Kandy, where 5 Malays deserted, & attempted to reach our Territory by Uwa, but were apprehended, & kept in Chains. Upon their Desertion, all the other Malays were re-called from that Work, & resided free of all Duty at their Quarters in Katukeyle—About 10 Days after, a Moorman named Saddaku, who fled from Kandy to Colombo, about 6 or 8 Months ago, was apprehended at the Village Kondadeniya in Harispattuwa, where he went to see his Wife with the Intention of bringing her away: & being brought to Muttal Samy & tortured, he confessed, that he came to Kandy with the Malay Mohm., & that the latter had Interview with his Mother & with Sekandu—The Mohm.'s Mother being questioned, could not deny the Fact, & Sekandu absconded, it is said, to Colombo—Upon this Affair coming to light, the Malays were all summoned before Muttal Samy, & the Captain Kuppen was directed to separate all those, who had Relations at Colombo, who were worthless, & unworthy of Confidence, & to reserve only such as were good Men, who would not kill Animals, & who were faithful & trustworthy, for whose Conduct the Captain must answer, if any thing should happen hereafter—The Captain separated accordingly. Persons, besides the 5 Prisoners, & Muttal Samy told them, *That they should witness the Punishment of those 5 who must suffer Death. He then added,* They deserved Death, but for Charity Sake were pardoned by the G. Gate and permitted to leave the Country. *He then told them*—that they had Friends & Connections in the British Territories, who would be coming to see them, & find Harbour in their Houses—that they could not be trusted, & therefore must depart with Women & Children to the Country where their Friends & Relations were. He added, that the 5 Deserters were deserving of Death, but for Charity Sake were pardoned by the G. Gate, & permitted to Leave the Country with the rest. 2 Elephant Rupees were given to each Malay Man for the Expences of his Journey, & they were sent immediately to the Muddra

Maduwa, & there delivered in Divisions to the Disawes of the 7 K., the 4 K. & 3 Korles, respectively, to be conducted under Charge by 3 Roads to the British Territories. The 5 Malay Deserters were dispatched by the 7 K.—Himself & Party, including the Mohm.'s Brother & Mother, by Balana, Beligala & Hapitigam K.—& a Party of 7 Men, besides Women & Children by Iddamalpane & Ruwanweylle—It is now 9 Days since they left Kandy—Muttal Samy on dismissing them said, That if anyone should be able to cut off the Malay Mohm. at Colombo, & bring his Head he should receive Favour from the G. Gate a Present of the 2 Golden Bracelets (shewing them) which he wore on his Arms'—One Malay Lon asked immediately his Capt. Odin whether they should not obtain a small Knife. Muttal Samy replied, 'Why a small Knife he may have a large one'—but no Knife was given—

About a Year ago, a Dutchman in Kandy, & Lala & Kutuwal were seized suddenly in Kandy, in consequence, as reported, of being concerned in a correspondence between Major Davey & Colombo; These were removed immediately out of Kandy, & no one knows, what is become of them. Shortly after this, the English Gentleman was brought up to Kandy sick from Dumbara, & resided near Malwatte Wihara—He did not see him, but the Place is close to Kandy, & it was the common Talk that the English Gentleman was there, & that the Doctors of the Court attended him—

About 10 Months ago he enquired from Muruwa pulle (his intimate Acquaintance) the Under Cornicopoly of Muttal Samy (the Head Cornicopoly is Sangalingen) what was become of the English Gentleman, who before lived at Malwatte Wihara?—He replied, that he was living near the Bogaha at the back of Muttal Samy's Garden—About 15 Days before he left Kandy, he learnt from the same Muruwa Cornicopoly, that the English Gentleman had died of Sickness, but he did not Mention at what time or place, or any other Particulars—

The Mohm.'s Brother Tamby, as well as the Malays who arrived by Way of Hewagam K. agree in their Statement of the Cause & Manner of their Dismission from Kandy—

Appu, his Nephew & the 2 Hunno, who accompanied them, were in confinement 2 with Muttal Samy, & 2 at Ampitiye Kadawata—The Crime imputed is, that W. Appu having recd. Orders to leave Kandy, instead of departing, went to the House of Pusweylle Disawe—Andarapane Mohm. is also a Prisoner in Chains at the House of Molligoda Dis. of 4 K.—People had seen Andarapane Mohm., but no one had seen W. Appu & his 3 Companions—therefore he fears that he is no more—Pusweylle Nilame had been dismissed (he knows not for what cause) from the Disawany of the Pahala dolos P. 7 K.; he was 3 Days sick with Dysentery in his Walawuwe, after which the King to comfort him sent a Message, bidding him 'bathe himself in the Disawany of Nuwarakalawiya & come (to Court). Iddamalpana, January 20th. 1815.

Dear Sir,

I accompanied the Detachment which marched from Mattamagoda at 2 AM. by the great Road. We halted till near Day break at Kotikakumbura, & afterwards marched slowly expecting the Report of Shots in our Front from the other Parties, who had preceded to surround the *Adikar—No such Signal being heard for some time after Daylight we advanced & found all the Batteries deserted, & Capt. Blankenburg's Party in possession of the old Buildings lately occupied by the Adikar & his people at Pinideniya, with some Prisoners & Kandyan Musquets—It appears that they had obtained previous Intelligence of our March, & had fled long before Daylight, but I believe were not aware of Lt. Folkstone's Detachment interrupting the high Road so far in the Rear.—This Detachment came into the great Road (by the Error I believe, of the Guides) at the Ambalam of Arandara 2 or 2½ Miles S. of this instead of immediately at Iddamalpana, about 2 AM. & saw a Number of Lights passing Northward below the great Road, which Lt. Folkstone now believes to have accompanied the Adikar. He waited however, near the Road Side till Daylight, & interrupted the Adikar's empty Palanquin, which came along the Road, attended, I believe, by about 25 armed, besides other Men, some of whom being taken Prisoners, reported that the Adikar was not with it, & has escaped along the high Road upwards—It is stated, however, & believed by many other Natives, & especially by a Priest, living near this Place, that the Adikar has not yet passed

• Molligoda Senior.

Iddamalpana, but ascended the Hills, which are covered with Forest, lying E. of Arandara, & Measures have been taken for interrupting the Road leading from the 4 K. to Bulatgama through Alawatura, by writing to Major Moffatt, & by guarding the Road, which descends to this Place through Lahupane—I shall use every Means for ascertaining whither he is gone, & endeavour to obtain speedily a Test, whether his Professions are sincere or false—Lt. Folkstone afterwards marching forward to Iddamalpana, found about 300 Men, who fled after firing several Shots, but stopped again & fired a few more Shots from a Battery lately erected at Atugoda Hinna, a Hill just beyond this Place, & immediately fled upon his Approach—

I reached Iddamalpana Rest house at about 10 AM., & the Road during the last 3 Miles lies through a beautiful Valley of Paddy Fields with standing Paddy, ripe & ripening, closed on both Sides by rocky Hills covered with Forest, & in some Parts cultivated with chenas Paddy to the Summit—

I did not invite our *Adikar & Disave to accompany us on this Expedition, because the present Adikar Molligoda must certainly feel Apprehensions & Scruples towards them, & would much rather treat with us, than with either—Till his Resolution is taken, or his Fate decided, which we shall probably know in 2 or 3 Days, I have thought it preferable to keep these 2 Chiefs at a Distance. But as the Time is now arrived,....which their Assurances must be proved, & their Influence rendered serviceable to us, I shall write Olas inviting them into this Neighbourhood—

Our faithful Allies, the People of the 3 K., I am sorry to say, have been committing Depredations on a few neighbouring Villages of the 4 K., whilst our Troops were at the Limits, ... few who were with us to-day, have brought in some Paddy, & justify themselves upon the Ground, that their Country has been ravaged & plundered by the People of the 4 K., & they are now come to co-operate with us in Arms, but have no Means of Subsistence. I have in such Instances done all in

my Power to procure Restoration of the plundered Property, & shall endeavour by all practicable Means to repress the lawless, & at present most impolitic Retaliation—

I have just recd. Yr. Excellcy's Letter of yesterday 2 PM., & will forward the Enclosures immediately to Major Kelly through the Saffragam K.—In a Political View, I think Balangoda would at present be a preferable Station to Kahawatte, but the Material Objection is the greater Distance to which the Detachment will be removed from its Supplies—I will write immediately to the Adikar on the Means of assisting our Detachment from Hambantotte in Bullocks & Coolies, but am fearful, that the Resources of that Part of the Saffragam K. will be nearly exhausted for Major Kelly's Corps—

There is a Report that the Adikar is gone to Malwana a Village about 2 Miles from this place, & a small Detachment is sent to seek him.

I have the honour &c.

H. E. The Govr. Colombo

Iddamalpana Jany. 21st. 1815.

Dear Sir,

I have this Moment recd. your Excellency's Letter of yesterday's Date, & will immediately despatch the Letters to Major Kelly, & urge the Adikar to accomplish the Repair of the Roads by the People of the Saffragam K.—The Adikar informed me yesterday, by Ola in reply to my Ola that the Go-down at Batugedere is finished, but the Rice not arrived, & he has ordered Coolies to be collected to convey it to Major Kelly's Detachment, of all which I apprised Major Kelly by Letter yesterday—The Adikar, I am sorry to say, has effected his Escape into the great Road above us. Tamby Modr. & the Party who were sent yesterday to the East, returned in the Evening with Information, that the Adikar having ascended the Hills near Arandara, as mentioned in my Letter of yesterday, & from thence crossing over to Lahupana fled towards the North East beyond Halmessa.—The Party pursued the very Road, which had just been

Jan'y.

cleared of Jungle for his Passage, as far as Halmessa, & got Intelligence, that he was not far in Advance. But the Soldiers being fatigued, & complaining that they had long fasted, & their Party being small, and Tamby Modr. thinking, that he had no Orders to go far, they returned from the Pursuit—This Morning the Son of Lahupana Korale, who accompanied the Adikar in his Flight, has returned to his Village, (but I have not yet seen him) with Intelligence, that the Adikar escaped last Night by the Road from Halmessa, accompanied latterly by no more than 5 Persons, to Hettymula, which is 4 or 5 Miles distance from hence on the high Road to Attapitiya—

The Adikar had thus yesterday another fair Opportunity of placing himself in our Power, but probably thinks it imprudent to take his Resolution prematurely, & intends to adhere to the Plan stated in his last Ola—I omitted to mention in my Letter of yesterday, that my Messenger to the Adikar met us on our March at Day break, having left the Adikar a short time before Midnight at Pini-deniya, then ignorant of the March of our Troops. The Adikar sent a Verbal Answer, that his Views had been sufficiently made known to us in his former Olas—That there was at present altogether 11 Chiefs with him, that the King's Relations are expected at Attapitiya, but no Intelligence had been recd. of their Arrival—

I hear, that Lahupana Korale with the People of his Village are come to make their Appearance—A few People of some Villages in the 4 K., which we have left behind us, appeared yesterday & this Morning, but no Chief of any Importance. I return Mr. Lusignan's Letter dated Trincomale Jan'y. 8th.—If no Detachment can be ready to march from Batecalao before Feby. 20th. it appears to me advisable to abandon that Route altogether—

I beg to know, whether Circumstances will render it necessary for the Detachment to remain at Iddamalpana so long, that I could without Inconvenience go for 1 Day to Colombo—During its Stay I would recommend, that every Facility be made for bringing in Advance as large a Store of Provisions as procurable for future Operations—

Iddamalpana Jany. 22d. 1815. 6 PM.

Dear Sir,

Having no Business of greater Importance yesterday, I went in the Afternoon with an Escorttowards the Village Deydigama, of which the Mohottale had expected.....to appear. On my Road I met first Ilipangomuwe.....farther the Mohottale of Deydigama with 2 other principal.....accompanied by 40 or 50 Men, all on their Way to make their Appearance.....As they stated.....Inhabitants of several other Villages would attend in the Morning, & one of my Objects was to look after the Royal Grain, I pursued my Journey, but rested for the Night at Tuntota Ambalam which I reached near Dusk.—This Morning early I rode first to the Village Meynikkadawara, & next to Deydigama, both King's Villages, & equidistant about 1 Mile from Tuntota, the former in a WNW., & the latter in nearly a Northerly Direction—The Store of last Year's Paddy in both Villages is said to have been exhausted,—The Crop of this Year is almost fit for reaping, but it is damaged by the Drought. The Extent of Royal Land sown in Meypikkadawara is 6 Amms., in Deydigama 9½ Do.—I instructed the Mohottale to cause it to be reaped & threshed, as usual, & to secure the Produce, till he receives the Orders of this Govt.—

I saw altogether to-day, I think, between 250 & 300 Men, the Inhabts. of 13 or 14 Villages; & I gave them a Copy of the Govt. Proclamation—

Jany.
22nd
1815.

They said, that they were only apprehensive of Danger from the King's Troops, & requested our Protection, of which I gave them full Assurances—I have conversed with Major Hook & am of Opinion, that it would be advisable to advance a Post as far as Hettiyamula or its Neighbourhood, for the better Protection of those Villages, which have made their Appearance—

Kinigama Korale & his Brother, Persons of great Influence in this Korle, whose House near Iddamalpana was on our first Arrival plundered by some People of the 3 K., have both made their Appearance to-day & whilst I write, Bambaragomuwe Korale, whose House is close to this Place, has also arrived—The *Inhabitation of that distant Part of the 4 K., which is adjacent to the 7 K., have not yet attended; but every Chief of greatest Influence in the Beligal K., has now made his Appearance, & I have Satisfaction in stating, that they have done so, whilst our Adikar & the Disave of the 3 K., are still residing in Palangomuwe Watte—Kinigama Korale accompanied the Adikar as far as Hettiyamule, & is come to his Village with Leave—He states, that the Adikar is decidedly inclined to join us, but waits till our Troops have so far advanced, that the King will leave Kandy, & his Relations have the Opportunity of escaping—He stated, & seemed to make a Merit of the Circumstance, that no People of the 4 K., have stood to fire upon our Troops—

A Report was brought this Afternoon, but requires Confirmation, that the King's Troops have been burning Houses in the Village Nelundeniya, whose Inhabitants made their Appearance before me to-day.

Iddamalpana Jany. 24th. 1815.—

Dear Sir,

Since my Letter of the 22d. no very important Occurrence has taken place, but many People with the inferior Chiefs of 12 or 14 more Villages have made their Appearance, & have recd. from me Assurances of Protection & Security—amongst others a few Inhabitants of 2 or 3 Villages in advance of this Place, who after appearing before me were returning to their Home yesterday Evening unsuspecting of Danger, but unexpectedly found the Adikar & his People in possession of the village Galigomuwa, & Kahagalle Korale with another Man fell into his Hands—

Major Hook & myself fully concurring in the Impolicy of retreating to occupy the Position suggested in Major Willerman's Letter, & in the Expediency or rather necessity of advancing for the Protection of those Villages, whose Inhabitants have declared themselves in our Favour, a Detachment was sent forward yesterday to take Possession of Hettymulla, & in consequence of what occurred last Night, a Detachment has been sent this Morning to take Post at Galigomuwa, in the great Road leading from Balane to Beligala, which I conceive will effectually protect the Beligal K., & afford an Opportunity to the Inhabts. of the Parts adjacent to the 7 K. to make their Appearance—without Dread of the King's Power. Major Hook & myself intend to move forward to Hettymulla this Afternoon.

The Adikar, I hear, withdrew last Night from Galigomuwa to Ambanpitiye, & is since gone 2 or 3 Miles beyond it—

The Report, that the King's Troops had been burning Houses in the Village Nelundeniya was unfounded.—

I am happy to say, that our Cause has hitherto prospered beyond my Expectations in the hither Parts of the 4 K., placed within the Protection of our Forces, & I hope that by the additional Influence of their Example, we shall find a correspondent Disposition in the Chiefs & People, as we approach the Hills—

The *Adikar wrote yesterday to inform, that Indisposition will prevent him from moving for 2 Days, & the Disawe of the 3 K. will accompany him—

I have just been favoured with Your Excellency's Letter of yesterday, & rejoice to find that the Advance of our Troops to Hettymulle, which Circumstances here seemed to render expedient, meets with Yr. Excellency's Approbation—

I have just recd. Letters from Major Kelly through the Saffragam K., & forward herewith one addressed to Yr. Excellency—

Ruwanweylle, Jany. 28th. 1815—

My dear Sir,

I have recd. your Letter of the 24th., & have no Doubt, that ere this you will have heard of the Arrival of the Rice at Batugedere—My Instructions in the Beginning were that the Head Men should request your Orders, at what time & to what Place the Provisions should be conveyed, & the Adikar informed me, that Coolies should be furnished to carry it—

I believe, it is intended, that after entering the Province of Uwa, your Detachment would be supplied with Provisions from Hambantotte through Weyllewawa, as the easiest Route, but of Course you will receive Advices on the subject from Head Quarters—

I write by this Conveyance to the Head Man in Charge of the Rice at Batugedere, to request your Orders with respect to detaining 2 Pades at Batugedere, for the Purposes mentioned in your Letter, of conveying back the Sick, & useless Stores—& not to send all the Rice at once, but in such Quantities & at such Periods as you may direct—

I have been down to Colombo for 2 Days, & am now on my Way to rejoin Major Hook's Division, which is ordered to march forward, & will reach Ganeteyne at the foot of the Balane Mountain on the 30th.—

Col. O'Connel's Division marched from hence at 2 o'clock this Afternoon for Mattamagoda—

I am Dear Sir etc.

Iddamalpana Jany. 29th. 1815—5 AM.—

My dear Sir,

In consequence of the Govr.'s Desire, I caused to be brought from the Kandyan Country a Number of Pads & Sacks for loading Bullocks, but most of them being in some degree torn, I employed People to repair them, & these are now at this Place in charge of the Modr. in a serviceable State, & at

your Command when required from him; a certain Number which the Modr. could not state to me exactly, as I passed hastily yesterday, but is directed to inform you immediately, sending Account of a few Expences incurred in repairing them.

I remain yours &c.

To Col. Kerr
&c. &c.

PS. It will not be in my power to procure any Paddy at Ruwanweylle, but I have hopes of succeeding in the 4 K.—

Hettymulla Jany. 29th. 1815—

Dear Sir,

I had previously requested the Adikar to procure some Coolies from the 4 K. to assist in forwarding Provisions. As I am writing an Ola to him to-day, I have desired him to send you, all whom he can collect, but am entirely uncertain, what Number can be furnished or at what time—

Major Hook marched early this Morning for Attapitiya, leaving Lieut. Tranchell & a party of 30 Men to bring up Provisions—

I am, yr. etc.

To Lt. Col. O'Connell Commg. 2d. Division.

Ganeteynne, Jany. 30th. 1815—5½ AM.

Dear Sir,

I joined Major Hook's Detachment at Attapitiya yesterday.....having accompanied the Advance of Col. O'Connell's Division from Iddamalpana to Hettymulle, & proceeded from thence in the Afternoon with.....7 Malays—

I learn from Major Hook, that 3 Chiefs of respectability came to him yesterday Evening with a Message from the Adikar Molligoda to state that he cannot join us till our Troops have entered Kandy—

Jany.
30th
1815.

A Kandyan Inhabt. of a neighbouring Village, who says,.....Morning by the Adikar to give Information regarding the Road from hence to Weywuda, states, that this Adikar was last Night at Alutnuwara & came this Morning to Manikkawa in the great Road, sending Word to the King's Relations (who are said to have retired last Night into the Forests of Balane Kanda) to come also & oppose our Progress—with the View, it is alleged, of preserving Appearances, or of placing them in our Power.

Our Detachment marched from Attapitiya, this Afternoon at about 3½ and crossed the River to Ganeteynne at about 10 Min. before 5—The Enemy made no serious Opposition, but fired a few straggling Shots at 5 or 6 Places in the Road, & immediately fled as the Troops advanced—

I have as yet received no Communication from the Adikar & the time would scarcely allow it, but I hope to obtain in the course of to-morrow at least some Intelligence of his Movements & Intentions.

Our Adikar & the Disave of the 3 K. I invited yesterday to proceed forwards to Hettymulla. Whilst there is a hope of speedily gaining over the other Adikar, I think it politic to keep them rather in the rear.

I have &c.

H. E. the Governor Colombo.

Ganeteynne Jany. 31st. 1815. 8 PM.

Dear Sir,

No Communication whatever has been recd. from the Adikar to-day—Nor have any Chiefs of Consequence in the Upper Part of the 4 K. made their Appearance, but merely a few inferior Chiefs & people of the neighbouring Villages. The greater Part of the Inhabts. of the Villages near our camps, & in the Vicinity of the Road, are still with their Families in the Jungle, but I hope, a few Days may produce a favourable Change—

The People of the 4 K. are undoubtedly withheld from joining us by the Examples & Influence of the Adikar, whose Conduct, to say the least, is very ambiguous, but according to his own Plan,

Jany.
31st
1815.

which has been intimated to us, must necessarily be so, & carrying the features of Deception—We hear to-day that he has been attempting violent Measures to compel the People of the Country to join him in Arms—

According to the last Report, which I recd. this Evening, he had fled to Aranayaka a Village about 2 Leagues from hence near the Hills of Uda Palata—

The Lekams are said to have fled to the Hills S. of Balane, & the King's Relations to have ascended Balane by the high Road—

Major Hook will have acquainted Your Excellency. the Result of the Expedition late last Night to Mahantegama about 4 Miles from this Place, of which I was not apprized till this Morning. The 3 Prisoners have been released with a Singaleze Ola, which I wrote at his Request in the Hope of doing away in some Degree the injurious Effects, which, I fear, will be produced in the Minds of the Inhabts. by this Exercise of the Severities of War—

I have recd. an Ola to-day from the Adikar of rather a discouraging Nature, stating that he does not yet perceive a Cordial Disposition in the Minds of the People of the 4 K., who have appeared, that no suitable Measures have yet been adopted, nor the Charge delivered to himself—That he thinks it advisable to station Guards in the Parts adjacent to the 7 K.,—That he has no sufficient Guard for his own Person—& some Accident may befall him from his Enemies. That the Forces, which now attend on him, will in 3 or 4 Days be compelled to depart for want of Provisions, & he proposes, that himself should proceed with our Detachment to Kandy, either by the Roads of Uwa or of the 7 K.—

It is now almost too late for the Adikar to alter his Route, & it appears to me, that his Influence is rather more necessary in these Parts to fulfil his Promises, with regard to the people of the 4 K., Udunuwara & Yati Nuwara in particular: And as I think it highly desirable to bring with us, as Auxiliaries to Kandy a certain Number of Armed Men from the Saffragam K. & the 3 K., I recommend, that they be supplied with..... Rice at Ruwanweylle—There are about 300 Armed

Jany.

1815.

Men in the Train of the Adikar & the Disawe, & I beg to know with as little Delay as possible, whether Your Excellency would authorise that Quantity to be issued to them—

I cannot conclude without offering my Opinion, that till the 4 K. have declared more decidedly in our Favour, Posts of moderate Strength will be required in the great Road, especially in the higher Parts of it, to maintain the Communication—

Major Hook commences his March for the 7 K. to-morrow Morning before Daylight.

I have the honor etc.

heavy Baggage might be sent, meeting the Route of the other Division, which is to march from Hambantotte through Weyllawawa—But of this you will necessarily obtain far better Information in the Saffragam K., than I am capable of giving—

Major Hook's Division, which I re-joined at Attapitiya, reached Ganeteynne in the Afternoon of the 30th., having met with no other Opposition, than a few straggling Shots in the front & flanks—Major Hook's Division marched this Morning along the foot of the Hills towards the 7 K., & Col. Balangoda—

Ganeteynne Feby. 2d. 1815—

Dear Sir,

Yesterday Afternoon about 4 o'clock, as a Detachment of 100 Men was ready to march towards Mahantegama in pursuance of Col.

Feby.
2nd
1815.

O'Connell's Orders, 4 or 5 Shots were heard in that Direction. Col. O'Connell & myself accompanied the Detachment, & found that they had been fired without any apparent Cause, from a Hill about a Mile distant from hence just above the Valley through which we passed—We proceeded a little beyond Molligoda the Paternal Village & Family Residence of the Adikar & Disave of the 3 K., & the Detachment was posted a little on this Side of it, in a few Buildings near an "unfinished Temple. It is a beautiful Romantic Valley abounding in well cultivated Paddy fields & Gardens—About 8 PM. Hiyambalapitiye Mohottale, who is in the confidence of the Adikar, came to the Camp, & being admitted, said, that he is sent by the Adikar to enquire after my Health, to assure me of his Friendship, to ask on what Day our Troops will ascend the Hills, because he shall then be enabled to withdraw his Relations from the King's Power & will thereupon immediately join us with the People of the 4 K.—

He replied to my Enquiries, that the Adikar was yesterday in the Neighbourhood of Alutnuwara, that the few Shots which we heard in the Afternoon, were fired for the mere purpose of conveying to the Balane Mountains, the Report of War waging against us, that the Adikar would send no Armed Forces to attack our Troops on their Way, or in our Posts, but fire empty Shots occasionally, as yesterday, to preserve the Appearance of his Fidelity to the King & Hostility to us—

I returned a Civil Message expressing the Gratification I should feel in seeing him—That I cannot now state, on what Day our Troops will ascend the Hills, but I trust very little Delay will take place: & I added, that I should consider it a Proof of his Friendship if he continues to conduct himself in the Manner above promised, & especially if he contrived the Escape of Golaheyla Nilame (a Brother-in-law of our Adikar, who has long been imprisoned at Dumbuluwawa, & whose Removal to Kandy, I heard, is threatened by 2 King's Messengers who arrived yesterday) & I shall esteem it a Proof of the Contrary, if he suffers him to be carried away—

Feb.
2nd
1815.

This Chief was rather inquisitive regarding the March of the Division to the 7 K., the Day on which we should ascend Balane & the cause of our Delay & said that he would bring an Ola to me from the Adikar as a Proof of his Sincerity—

This Morning one of his Attendants has arrived & states, that the Adikar is at Alutnuwara, & has declared to Hiyambalapitiye Mohottale for my Information that he will delay for 3 Days the Execution of the Order agt. Golaheyla Nilame. I replied, that I expected from him the Accomplishment of his Escape—The Danger of his near Relations is unquestionably a most plausible Ground for the Adikar's temporising Conduct—& I think we may place some Reliance on the 2 Tests above mentioned—In Confirmation of one, I can state, that since our Arrival at Ganeteyne on the 30th. neither our Troops, or Followers of our Camp have met with Attack or Molestation—Single Persons have carried Letters uninterrupted, & of my own Servants, 2 arrived here yesterday, & 3 to-day from Colombo, entirely unguarded, whilst the Adikar & many of the Inhabitants of the 4 K. are not more than 2 Miles from the Road between Attapitiya & this Place—& if not disposed to Forbearance, might with the greatest Ease intercept them—

There is a considerable Quantity of Paddy in the Granary at Molligoda, for the Delivery of which I have obtained Authority from the Disawe of the 3 K., but I think it right in Courtesy to request the Permission of the Adikar his Brother, with whom I am in Communication—

More Inhabts. of the neighbouring Villages have made their Appearance yesterday & to-day, but no Chief of any Importance in this Part of the 4 K.—The Adikar has destroyed the House & disposed of the Property of Kalwana Aratchy, who appeared before Major Hook at Attapitiya—

It is reported, that many of the King's Malabar Relations in Kandy are at Variance with him, & reproach him with his Tyrannical Measures, adopted contrary to their Counsels, which are bringing ruin on his Family & Kingdom—7 or 8 Shots of Matchlock Guns were heard to-day about Noon in the same Direction as yesterday, from the

Febry.

Adikar's People, & so far his Actions correspond with the tenor of his Message communicated to me last Night—A reconnoitring Party sent to-day up the Balane Hill having been fired at on the Road, was re-inforced by Major Moffatt with 150 Men. They advanced, & passed one Battery in Pursuit, & we have not yet learnt, how far they are pushing their Successes.—

I have the honour &c.

Ganeteynne Febry. 2d. 1815—8 PM.—

Dear Sir,

I have closed my Letter, but write one Line to state, what will be reported officially by Col. O'Connell, that Major Moffatt's Detachment, according to a Note just recd., has passed the strong Gravet of Balane, which, I understand, was abandoned on his Approach & taken post at Amunugama, the same, I believe, with Amunupura, $\frac{1}{4}$ League beyond it according to Singaleze Computation—

I sincerely rejoice, that the reputed Difficulties of the Balane Mountain have been surmounted with so much Facility, & that Yatinuwara & the Capital are so fairly opened to our Troops—

I have the honour to be &c.

H. E. the Govr. Road from Colombo—

Ganeteynne Febry. 3d. 1815—7 PM.—

Dear Sir,

I rode with Col. O'Connell this Morning to the Post occupied by our Detachment at Amunupura about $1\frac{1}{2}$ beyond Balana Gravet, being a fine Hill in a Commanding Situation—& I am just returned—We arrived there from Ganeteynne in $1\frac{1}{4}$ Hours including all Delays, & I returned in 1 Hr. 20 Mins.—The whole Distance, I think, rather falls short of, than exceeds 4 Miles, & the previous Reports of its arduous Ascent from this Side have not been exaggerated beyond the truth—

Feby.
3rd
1815.

I went forward from Amunupura, with an Escort of 4 Soldiers, in the hope of finding some Natives, & for the purpose of affixing some Govt. Proclamations which I did at 3 different Public Places in the Road—

The Extent of my Excursion was about 2 Miles to Walgowagoda, where I found a Palace erected for the King, containing many Apartments united, built with Mud Walls, white-washed & thatched with Straw—The Interior was not quite finished & seemed to be in a State of Preparation, but I hear, was occupied by the King's Relations, who lately came down with the Troops from Kandy—

The Fields were every where full of standing Paddy, & the Villages comparatively numerous & well cultivated, but all was for the Moment deserted. However, about 1 PM., some Natives were seen at a Distance with a White Flag, & a Korale with about 20 Natives made their Appearance with the Inhabts. of 2 or 3 Neighbouring Villages—They of Course.....ment with Promise of Protection, & said that many more will make their Appearance. Later in the Afternoon a Native arrived with the Message from the Chief of Yatinuwara, stating, that the King had sent Messengers directing his Attendance in Kandy, that he remains concealed in the Jungle, & will join us, as soon as the Troops arrive at Ganoruwa—

I learnt further from these Natives, that the King's Relations, (of whom one of superior Rank was on Horseback) retreated last Night to Dodanwala—about 3 or 4 Miles beyond Amunupura; & had directed the people of Yatinuwara to assemble in Arms to-day at Weykepitiya, near that Place, but no one had complied with the Order—That a Battery had been erected & mounted with Cannon on the other Side of the River at Geytambe, where the King designs to make a Stand, & if he is defeated, to kill his People & leap into the Lake—The King is said to have put to death 3 Chiefs, & to have impaled at Ganoruwa a Pattany Soldier, who fled from the 7 K.—

It was my Wish to remain at Amunupura, but as our Affairs are still unsettled with Molligoda Adikar, I thought it preferable to return to

Feb'y.

Ganeteynne, especially under the Expectation of seeing Yr. Excellcy. here to-morrow—

The Adikar's People fired again to-day before Noon, near 20 Shots of Matchlock Guns, from nearly the same Spot, as yesterday—

I have found at this Place Mr. Sutherland's Note dated yesterday from Ruwanweylle—In consequence of a Letter which I recd. from Major Kelly dated Balangoda Jany. 28th., I wrote immediately to the Adikar, requesting that every Exertion might be made to forward the Provisions from Batugedere, & every possible Assistance be given to our Troops by the People of Saffragam in passing Idalgashinna—& I now write again to the same Effect—

I return Major Kelly's Letter of the 28th., & enclose for Yr. Excellcy.'s Perusal a Letter of the 30th. just recd. from him. His Letters of the 25th. & 28th. I answered as soon as recd. I do not precisely know the Situation of the Village Wellongasthe, but conjecturing, that it lies S. of Idalgashinna, or rather of Halpe Kadawata, & that it cannot be far from the Route laid down for the Division from Hambantotte through Weyllawawa, I recommend, that the Commg. Officer of it be apprized of the Forces said to be here assembled, & instructed to attack them if within Reach—

I have the honor &c.

H. E. The Govr., Road from Colombo—

Major Willerman continues at Amunupura, not inclined to repeat with a disabled Foot the Labours of the Balane Mountain—

Ganeteynne Feb'y. 6th. 1815—

Dear Sir,

A Serjeant of the Cavalry has made Application to me for Paddy, & states, that 160 Seers are required pr. Day—I believe there is no Deficiency of Paddy in the Country, but the Inhabts. have removed it out of the Way, & I do not think it possible to obtain this Quantity immediately without having Recourse to the Adikar's Granary—

Feb'y.
6th
1815.

In answer to the Message which I sent, the Adikar said, that his Brother the Disawe had no Concern with that Paddy, & that we might do what we pleased with it. But the Key of the Granary is in his Possession, & he ordered a Kankan, who was in Charge of the House, to leave it—From this I conclude, that he does not give a willing Consent, & that if it be taken, he designs, that it should be done by Force—

Under these Circumstances, I beg Yr. Excellcy.'s Directions, whether the Store shall be opened, & the immediate wants of the Cavalry supplied from it,—keeping an exact Account of all the Issues.....80 Seers are wanted for this Evening, & I await Yr. Excellcy.'s Answer—

I have the honour &c.

H. E. the Governor, Attapitiya.

Ganeteynne Feb'y. 6th. 1815—

My dear Sir,

H. Ey., I believe, has written to state, that at his Desire I would acquaint you with the Plan of an attempt, which I suggested to him, to intercept the King's Retreat from Kandy—For believing, that he is now in Kandy, & will not leave it till our Troops have forced the Passage of the *River, his Person will be found far more easily now, than then after his Retreat into the remote Provinces; & it is certainly politic to attempt the Termination of the War in one Day—& at one Blow—

I propose, that this should be effected in Concert with Major Hook's Division & by the Night March of Detachments both from his Division & from Col. O'Connell's—That both Divisions should march forward by the great Road to take Possession of Kandy on the Morning of the 9th.—That after Dusk on the Evening of the 8th. the Detachments should commence their Night March—

The Detachment of 150 Men from Major Hook's Division should march down the Left Bank of the Mahaweyli Ganga across the Pinga Oye into Dumbara—Dividing itself into 2 Parties, one should occupy, before Daylight the Pass of the

* Mahaweli Ganga.

Febry.
6th
1815.

River at Alutgamtota—the other should cross the River at a fordable Ferry near Leweylle, called Eytwala Padiya, & occupy the Road leading from Borawey Widiya to Leweylle & Kundasale—

There is, I understand, a Path leading to Dumbara from the great Road of Giriagama, near Uduwawala Siyambalagaha Ambalam—Whether there is any other more Secret & more eligible, I am not aware, but better Information will be obtained on the Spot; & I think highly desirable, that for this Enterprize, Tamby Modr. & a Party of the Kandyan & free Malays should immediately join Major Hook—For they know the Paths & will conduct Matters well—

The other Detachment of (100 or 125) Men from Col. O'Connel's Division should leave the great Road by Night at Walgowagoda, cross the Mahaweyli Ganga near Miwatura Ferry & passing through the Forest, reach before Day light the Neighbourhood of *Kumarup Widiya by which it is probable, that the King will retreat—

All these Parties should be instructed even after Day light, to be concealed, if possible in the Jungle near the Road, till a suitable Object presents itself—stationing one or 2 Natives to watch what is passing—

As the utmost Secrecy is necessary, I recommend, that no Enquiries regarding these Roads be made from the Natives, who frequent our Camp, because among them, I know, there will be Spies; & one Man tho' not a Spy, will probably tell 10 Companions all that is said to him—

Yours very truly &c.

Major Willerman &c. Amunupura.

Ganoruwe Febry. 12th. 1815—12 $\frac{3}{4}$ PM.—

Dear Sir,

Capt. Brownrigg will have acquainted Your Excellency, with our Arrival at this Place a little before 7 AM.—Before the Lapse of 1 $\frac{1}{2}$ Hours, the People of the Neighbouring Villages began to make their Appearance—I have seen altogether about 150 of them—& I dispatched by one of the first the Letter to Major Hook at Katugastotte—

Many of the Inhabts. were fervent in their Expressions of Joy at their Deliverance from the King's cruelties, which the shocking Exhibition of the Remnants of impaled Bodies present to our Sight on both Sides of the River; one the Body of a Moorman, who fled from the 7 K., & was executed 8 or 10 Days ago—The rest about 15 in Number on the Eastern Bank, of the Chiefs of the 7 K.—I have seen 5 or 6 Kandyans, who left Kandy last Night & this Morning—They concur in stating, that our Troops have reached Katugastota, that the King with his Malabar Relations & Dependents left Kandy the Night before last, & that the Place is deserted—

Major Moffatt, (the Remainder of whose Detachment arrived here about an Hour ago) will march forward without Delay, according to Yr. Excellency's Instructions communicated to him to prevent the City from Plunder—if any Property remains—

Kandy Feby. 12th. 1815—

Dear Sir,

I arrived here with Major Moffatt's Detachment in about $\frac{3}{4}$ of an Hour from Ganoruwe at about 2 o'clock this Afternoon without the slightest Opposition—

We were accompanied from Ganoruwe by 15 or 20 Kandyans of Yatinuwere, but found this City entirely deserted & the Houses destitute of all Property, except Mats, Baskets, Chatties &c.—After halting the Troops & looking all round the Place, no more convenient Spot could be found, for the present Exigency, than the Road Side just without Wadugodapitiya Widiya Gravet, where the Troops are now encamped—

I am just returned from a Walk all over the Palace with Major Moffatt; & a Guard will be placed over it. But with respect to the Property in it requiring Protection it contains chiefly broken Chests & Boxes & Rubbish in abundance.

the Symptoms of many Articles removed but nothing else more valuable than some Copper & Glass Panes—But I should mention two Cohorns & 3 or 4 Ginjalls found in the Palace, & in the 3 different Places in the Environs three Iron Cannon about the Size of 6 Pounders—

No Person has since been found except 2 Inhabts. of Hewaheyta, who were taken just without the City by the People of Yatinuwere. They named a Village in Dumbara, to which some of the King's Property is said to have been removed, but profess to know nothing of the King's Flight—I hope some of the Inhabts. will make their Appearance to-morrow, & afford me the Means of procuring Intelligence—

Kandy Feby. 13th. 1815—

Dear Sir,

I have just seen a Man sent to me by Tamby Modr., who informs, that he left Dumbara yesterday—That the King is at Teldeniya, 2 Leagues beyond Leweylle Ferry, that some Chiefs with 2000 Men were building 2 Batteries on this side of it, & that People were carrying Rice (a Quantity of about 200 Parrahs) from Degaldoruwe, about a mile beyond Leweylle, to Hurikaduwe.

H. E. The Govr. Amunupura—

Tamby Modr. whom I saw in the Afternoon, before I saw the Messenger, requested, that he might *sent with some Malays to seize the Rice; & that Yr. Excellcy. might be informed of it—As the Messenger says, all the Rice will by this time have been removed from Degaldoruwe, I doubt, whether it is worth while, without an ulterior Object, to send them so far—

I recd. this Afternoon a Message from our Adikar, informing that he had arrived at the River, that the People of Udunuwara & Yatinuwara had come to him with Tomtoms &c., & requesting to

know in what Manner he should enter the Capital—I sent Word, that I thought he should enter Kandy in the same Manner as first Adikars have heretofore been accustomed, i.e. without Tomtoms & he arrived accordingly at Dusk, accompanied by a great Concourse of People, sending a Message to the same Effect, as before, after passing my Lodging.

Hakkeytuwagala Febry. 16th. 1815.

Dear Sir,

I preceded the Adikar this Morning from Kandy, & finding myself much in Advance, came leisurely, visiting on my Way the King's Granary at Dambarawa, which was empty, & reached this Place about 10½—

About an Hour before, we heard some Firing in front, & on my arrival I am happy to say, found Lt. Mylius' Detachment in possession of 17 Malabar Prisoners, Part of the King's Relations & Dependents, of whom I enclose a List, as well as of 3 killed & 1 wounded—

On its Approach to this Place 10 or 12 Shots were fired at our Detachment by a Party consisting, it is supposed, of about 50 Men, & the Malays spreading themselves around, intercepted their Retreat, & took many of them Prisoners—

Muttal Samy had laboured some time under the King's Displeasure, & had been in Confinement, but I understand was since released, & sent in Arms with the other Malabars to oppose us—He states, that he came to-day to the Ferry of the River with the Intention of joining us, but could not cross over for want of a Dony—

It is said, the King is at Meyda Maha Nuwara & I hope the People of the Country will enable us to discover his Retreat. I met on my Way many Inhabts. of Dumbara & more are flocking in from the neighbouring Villages.

*late King, have taken Refuge in the Village Maguloluwa, which belongs to a larger Village Eytanwala in Matale. As I believe Major Mackay's Division has at present little other Employment, I beg leave to recommend, that a Party be detached from it in that Direction for the purpose of securing them—

4 more Malabars were brought from the Jungle yesterday Evening: & another this Morning Dalawa Samy said to be a Relation of the King—It is reported that another Kumarasamy is concealed in the Neighbourhood, & People have been sent in Search—

Intelligence having been brought this Day about Noon, that 25 more Malabars & 4 Horses were 2 or 3 Miles distant in front at Rambukkeyle, 25 Malays have been sent at my Request by Lt. Mylius, & it is hoped that the People of the Village may in the Interim have been able to detain them—

The Adikar has requested me to state, that he recd. a Message from Millawa Nilame elder Brother of the Chief of Harispattuwa, signifying that he had recd. a Message to wait upon Yr. Excellency.—The Adikar supposes this to be untrue, & believing him to be a Person unworthy of Confidence, recommends that he should not be yet admitted to Yr. Excellency's Presence—

The Vidan of a King's Village Dambarawa has given to me the Account of sundry King's Property entrusted to his Charge—Of this I have caused to be brought & delivered to Lt. Mylius 32 Firelocks. For the Rest consisting of 62 Old Gun barrels buried in a Hole, 22 Boxes of Cloths, 7 of Brass Utensils he has signed an Ola to be responsible when called upon—& I think it preferable not to take them at present, because it would divert our own & the Adikar's People from our principal Object, & lead their Attention to the dangerous Pursuit of Plunder & be the Signal for others to make away with Property committed to them—He has also in Charge, according to Account, 125 Measures of Rice & 30 Amms. of Paddy, which as our Troops here are at present

well supplied, may await our Return—unless required in Kandy immediately—

It is reported, that the King is at Potdalgoda, about 3 Miles beyond Meyda Maha Nuwara, but I believe he does not remain long in one Place—No Inhabitants of that Part of the Country have yet joined us, & to engage their Appearance & Cooperation, which is of such essential Importance we propose to advance 3 or 4 Miles to-morrow—The Time being arrived, when Gold may probably be employed with Success, I beg leave to request, that some Pagodas may be sent to me, with Authority to dispose of them on account of Secret Service for the Object of discovering & securing the King's Person—

I have the honor etc.

H. E. the Govr. Kandy—

PS. 5 PM. 12 more Malabars have been brought in this Afternoon by the Singaleze,—& I think it would be advisable, if a Guard were sent from Kandy early to-morrow to escort them—

I have received an Ola from Tamby Modr., informing the Arrival of the Detachment at Rambukkeylle, & reporting that the Villagers having attempted to stop, & demanded the Arms of the Malabars in the name of our Adikar, 3 of them being Relations of Budda Samy (whom Mr. North placed on the throne), immediately complied & separated. The rest wounded with their Swords 2 of the Singaleze, who attempted to seize them, & made their Escape with the Horses—The 3 Relations of Budda Samy joined our Detachment as soon as it arrived—

I hear that the 2 Disaves, to whom I sent Olas of Invitation have arrived in Kandy—Pilima Talawuwe & Kapuwatte—

Hakkeytuwagala in Dumbara, Febry. 17th. 1815—
Sir,

In Compliance with H. E.'s Desire conveyed to me in a Letter just recd. with the Enclosed, I beg leave to acquaint you, that the King is now

supposed to be at or in the Neighbourhood of Meyda Maha Nuwara about 8 or 9 Miles East of this Place, & it is apprehended with great Probability, that on the Advance of our Forces, he will retire to the Village Mimura, situated at the Eastern Extremity of Dumbara, from whence the Way would be open for his Flight into the Countries [full of] Forest, where it may be most difficult to discover his Retreat—

[I beg therefore] Leave to suggest that a Part of your Division should remain at or near [Weragantota, guarding] the Roads from Dumbara, & that another Party consisting of 70 or 80 Men [be dispatched with] the least possible Delay to Mimura, which according to Information recd. [here is 8 or 9] Miles distant from Weragantota, & is accessible from Weragantota, where I presume, [this Letter will reach] you by a good level Road leading through Udattawa along the left Bank [of the Mahaweyli Ganga—]

It appears to me, that you will most effectually co-operate for accomplishing the Object in View by stationing Detachments at Mimura & Weragantota, as above mentioned, endeavouring to intercept the King, or his Family or Malabar Adherents, who may move in either Direction & I will acquaint you with any Change of Circumstances, which may appear to render any other Movements necessary—

I have the honor etc.

To Capt. Anderson Commg. 7th. Division from Batecalao—

I beg the favour of an Answer by the Bearer—

Hakkeytuwagala Febry. 17th. 1815—11 PM.—

Dear Sir,

I send herewith 2 Men, who will shew the Way to Eytanwala, & bear an Ola to our Adikar to the Chief of Eytanwala, instructing him to co-operate with our Detachment in the Seizure of the Malabars—

I have recd. Yr. Excellcy.'s Letter of this Day—I have dispatched Major Willerman's Letter to Capt. Anderson with a Letter from myself, recommending that for intercepting the King's person, a Part of his Detachment be stationed at Mimura, & a Part at or near Weragan-tota—

I will communicate with the Adikar to-morrow on the other Points mentioned in Your Excellcy.'s Letter—

I have the honor etc.

King's Granary—Teldeniya—Febry. 18th. 1815—
Dear Sir,

The Party sent in Advance yesterday, rested here last Night & we joined it this Morning at about.....after a March of about 5 Hours, incommoded during more than half the time by slight Rain, which prevented us from setting out early—We have information, that the King fled from Meyda Maha Nuwara yesterday Evening before Dusk, upon hearing of the Arrival of our Detachment at Teldeniya, it is yet unknown where he has again rested—Some Inhabts. of 2 Villages near Meyda Maha Nuwara have made their Appearance here, & *promised to co-operate, & are gone away with some Kandyan Armed Men, to guard the Passes at some little Distance, but I fear the King has escaped beyond them—

We are purposely proceeding here by slow Journies to allow Time for our Men to pre-occupy Mimura, towards which it is supposed, the King will next retreat—As the King's Relations & Malabar Dependents on the Court of Kandy are now dispersed, & in a few Days will probably be Fugitives in every Direction they may perhaps seek a Refuge near or within our Limits & I beg leave to recommend, that Orders be written immediately to all the Collectors to make diligent Enquiry after all such Emigrants from the Kandyan Country—

* when the Adikar telling them, that the Robber, who had destroyed their Country & Religion had taken Refuge in their Country demanded whether they would deliver (surrender) him up (erased in M.S.)

Febry.
18th
1815.

The Adikar, at my Request, will immediately send Orders for collecting into our Stores all the Royal Grain in the 4 K., 7 K. & Uwa—

Information having been recd. of a Treasure of Copper Money buried under the Floor of a Room in this Granary, the Pioneers have been employed some Hours in Digging, & at the Depth of above 5 Feet, near 3 Feet are still wanting to reach a Stone Pavement, which is said to cover the Cash—

From the freshness of the Earth, there is every Appearance, that the Intelligence is correct, & I shall write again, as soon as the Copper is actually found—Its Surface is said to be about 9 Feet in Length & 6 Feet in Breadth, the Depth unknown—

I have the honor etc.

H. E. The Govr.—Kandy—

PS. 6½ PM. 5 Men have arrived with Intelligence, that the King is in a Forest about 6 Quarter Leagues from hence. Tho' I cannot altogether rely upon it as certain, it comes with such an Appearance of Credit, that according to their Request, a Detachment will be sent, with the View of attempting to intercept him, & at once terminating the War—

Mr. Barnes has arrived with a Bag of Pagodas, of which I sha[ll beg leave to] return a great Part—being much more than I shall have Occasion [to dispose of.]

King's Granary Teldeniya Febry. 19th. 1815—

Dear Sir,

I have the sincerest Joy in reporting to Yr. Excellcy., that the Object of your anxious Wishes is accomplished. & the King of Kandy a Captive in our Hands—*He was surrounded yesterday by the People of Dumbara, in Conjunction with some

*He was surrounded yesterday by the people of the Udis Pattuwa in the Precincts of Meyda Maha Nuwara in conjunction with armed Men sent by the Adikar at about 5 p. m. in a house at Doraliyadde (erased) by the Inhts. of the Country in Conjunction with armed Kandyans sent yesterday by the Adikar.

armed Kandyans sent by the Adikar in the Precincts of Meyda Maha Nuwara, & taken about an Hour before Dark in the House of Udupitiye Aratchy at Galleyhewatte a Mile beyond Meyda Maha Nuwara, with 2 of his Queens—

A few Attendants, after the House was surrounded, made a Show of Resistance, & wounded 2 or 3 Men, but fled after a few Shots from the Assailants—

I went forward with Palanquins to meet him at Rambukkeylle, & have conducted him to this Place with his Queens—from whence, after Rest & Refreshment, they will be sent to Kandy under a Sufficient Military Guard—

The King's Mother and 2 more of his Queens are at Hanweylle, & a Detachment will be sent immediately to conduct them in Safety, & to secure from Plunder any Treasure & Valuables which may be found—

I have written Olas to be sent to the King's Relations & Nayakkaras, informing them of these Events & inviting them to come without Fear—

I have the honor etc.

H. E. the Governor Kandy—

Teldeniya Febry. 19th. 1815—[6 PM.]—

Dear Sir,

I have just recd. Yr. Excellcy.'s Note—Dated 1½ PM.—I am clearly of Opinion, that the King should be sent to Colombo without Delay, & that it is preferable to avoid all Interview between the King & Your Excellcy. under the present Circumstances, which can admit of only one decisive Course—

I conceive, that the only Sensation produced in Kandy by his Presence, can be no other than favourable to our Interests, but as the Public Exhibition of his Captivity in the Capital of his Kingdom to an injured & exasperated Nation cannot be grateful to the Feelings of a fallen Tyrant, the Route proposed by Yr. Excellcy. for conducting him to Colombo is perhaps upon all Accounts the most eligible—

Feby.
19th
1815.

There is an intermediate Place, where he could conveniently rest at Dambarawa Granary, near Hakketuwagala, but in his Journey beyond it, either Tents or Resthouses must be prepared, & of course he will desire to be accompanied to Colombo by his other 2 Queens who probably will not reach this Place till to-morrow Evening—

As the King is entirely without suitable or even decent Apparel (which has been sent for, but is not yet arrived) & the Afternoon has been rainy he has not set off on his Journey, & according to the Plan now proposed it will be advisable for him to await either here or at Dambarawa the Arrival of his Queens, & Equipage & Apparel—

Much Valuable Property belonging to the King is said to have been plundered by the Kandyans who seized him & he complains of the insulting Language & Illtreatment experienced from them, but otherwise shews no Symptoms of hurt Feelings or Depression at his Fate—

A Half Brother of the King, named Wengada Samy, with Perumal Nayakkara & 2 other Malabars have been brought in to-day from Kunda-sale, Gurudeniya & Meyda Maha Nuwara—

Our further Search for the hidden Treasure here has been interrupted by the Residence of the King & his Queens in the adjoining Room—

I have the honor to be etc.

H. E. the Govr. Kandy—

Major Willerman has arrived & begs me to say, that he will write to Yr. Excellcy. in the Morning—

Teldeniya Feby. 20th. 1815—

Dear Sir,

The Adikar, whom I have just seen, complains of Indisposition & the Unhealthiness of this Country & intends to proceed to Kandy this Day—

[A]mongst other Things, 4 Horses belonging to the King have just been sent in, by [Mr.] Mainwar[ing], who is gone with the Detachment in Advance. The Adikar [had] been very anxious

to obtain one of them, a Black Horse, & sent his People [to search for] it since several Days— Having stated to me to-day, that it [was taken by] our Soldiers from his People who were bringing it, I have so [far gratified] his Wishes which were rather urgent, as to request Lt. Mylius [to let the Adikar] take Charge of it to Kandy, where he will present it to Your Excellency. & receive your Orders—

Mr. Mainwaring writes, that the Queens are said to be on their Way from Hanweylle, & if the King's Apparel is brought, I hope, the Royal Family may be moved as far as Dambarawa tomorrow—I enclose a Memorandum of the several Stations on the Road from Kandy to our Limits, at which it is customary to rest, & I have desired the Adikar to send Orders for preparing Buildings—

It appears to me scarcely decorous, & I believe, would be offensive to the Kandians, that the King should use any longer in this Country the Insignia of Royalty & for this Reason his State Palanquin, which was brought to-day has at my Request been sent forward to Kandy—If a suitable Palanquin could be procured in Kandy, for the King, I beg that it may be sent here with Bearers, for his Journey to Colombo—Otherwise, I will give him up my own, in which he came yesterday, & request a Dooly in its Stead—

The Female Relatives, who are coming from Hanweylle, I understand, will bring their Palanquins with them—But the 2 Queens, who are here, have none, & I beg that 2 Doolies fitted up with White Cloth in a decent Manner may be sent with Bearers from Kandy—

I have obtained to-day from the King, & enclose the Names of Villages, in which Malabars have taken Refuge—I think, it would be advisable to send small Parties from our Divisions (where not far distant) to the Neighbourhood, & being chiefly Women & Children, they will probably come forth upon the first Invitation, or will be produced by the Singaleze Inhabitants—Madulla, I believe, is nearest to Kimbulgantota, & is said to be 1 or 1½ Miles distant by a Road leading through

Meyda Maha Nuwara Febry. 21st. 1815—4 PM.—

Dear Sir,

The King's Relations not having arrived last Night, & having no Business of greater Importance at Teldeniya, I came here this Morning in a little less than 2 Hours, the greater Part of the Road being the Ascent & Descent of a Steep Hill

Feb'y.
21st
1815.

Weygala Kanda—I found here the King's Mother, his 2 last Queens, 4 or 5 other female Relations, besides other Women—his 2 Fathers-in-law Gampala Dewiyo & Degal Samy, 3 Nephews, 5 or 6 other Nayakka[ras], & 8 or 10 of inferior Rank—

2 Palanquins only were brought from Hanweylle, & several of the Females came on foot. We have just dispatched them for Teldeniya, my Palanquin conveying the 2 Queens, & [the] common Doolies being sent at my Request for the Accommodation of the rest—

There are altogether at least 9 Females of the Royal Family, who must [be co]nveyed in P[alan]quins to Colombo, & 2 only having been brought, it will be incumbent [on us to provide] the rest—We can probably contrive Conveyances for them as far as M[ulmeydiyawa] with the Assistance of my own & the Doolies of the Detachment, if 4 were sent from Kandy, besides the King's—As the Royal Family & Dependents are now s[o] numerous, and there] will be Difficulty in accommodating all at one Place, I propose, to move the King (tho' his Clothes are not yet arrived) & a Part of his Family to Dambarawa to-morrow—& the other Relations must follow, when he proceeds to the next Stage, which I hope will take Place the Day after, but I first write to the Adikar to know, whether the Buildings are ready at Mulmeydiyawa—Armed People belonging to the Adikar conducted all these Malabars to Meyda Maha Nuwara yesterday Afternoon, after plundering them, I am informed, of many Things. Tamby Modr. met them 5 or 6 Miles in Advance of Meyda Maha Nuwara, & took from some a Part of their most valuable Plunder. But a great Number of them, I hear, went back, probably with the View of obtaining more Booty—& I have this Day sent an Ola directing them all to return—

I have also written an Ola to 2 Kandyan inferior Chiefs, warning, that they will be held responsible for some Valuable King's Property, deposited in a House at Hanweylle—& another to a few Malabars, who have fled beyond Hanweylle, inviting them to return without Fear—

I have the honor &c.

H. E. The Govr. Kandy—

PS. Teldeniya—9 PM.—I am just returned from Meyda Maha Nuwara all the Way through the Rain—& 3 Doolies with the King's female Relations who are still behind—Lt. Mylius has Provisions for no longer than to-morrow & I recommend, that more be sent. For the Royal Family will probably consume all the Rice to be procured here—Major Bailey is at Kosgama, & I hear has found some Boxes of Cloths & Rice—After securing all the King's Property in that Quarter, I know not, that he has any further Employment, than to join his Detachment—

I just hear, that 2 Washermen of a Village 2 Miles from hence, Henageyhuwala, were found murdered last Night, & their Property plundered—

Dambarawa Febry. 22d. 1815—9½ PM.—

Dear Sir,

I recd. Your Excellcy.'s Letter with the 3 Palanquins at Teldeniya about 10 AM. The King with all the Royal Family left Teldeniya this Afternoon, & reached this Place about an Hour ago—But I am much disappointed in finding not the smallest Preparation for their Reception, notwithstanding I had early warned the Adikar, & he promised to give the necessary Orders—The Rest-house is empty & not a Man is to be found in the Village—It is reported, that they have fled through Fear, having been plundered by the People, who went in the Adikar's train to Kandy—

The Royal Property concealed in different Parts of the Country, have been placed under the Charge of responsible Persons, & if we can only preserve them from the Depredations of our own Soldiers & Followers, & the plundering Inhabts. of other Kandyan Provinces, I do not think, there is Danger of losing it—

I have written Olas to the Adikar & the Disave of 3 K. informing that our People will shortly be sent peel Cinnamon & the Peelers, may, no Doubt, venture with Safety to pursue their Occupation in the Forests in the Saffragam K. and the 3 K.—

Feb.
22nd
1815.

I have sent People this Morning to bring away some Boxes & other Property at Giddawa & Henageyhuwala—which the Persons in Charge render no Difficulty in delivering, when demanded—In the same Manner, the other Chiefs in Charge will doubtless in a few Days produce the other concealed Treasures, when called upon by the Proper Authority—

The King having desired to speak to me the Night before last, took me by the Hand & requested my Assistance, and said, that he would discover to me Places, where Royal treasures are concealed, unknown to any but himself, intending, as I understand, to offer them as a *Douceur*—I told him, that any Account of concealed Property, which he gave, would be laid before Your Excellency, & that all Royal Treasures will of course belong to Govt.—He promised to give me in Writing such an Account, & seemed to hope, but I gave no Encouragement of that kind, that the Discovery might entitle him to the Favour or Indulgence of Govt.—

This Morning the King again desired to see me, & formally presented to me his Mother & his 4 Queens, & successively placing their Hands in mine, committed them to my Charge & Protection—These Female Relatives, who have no Participation in his Crimes, are certainly deserving of our Commiseration & particularly the [aged] Mother, who appears inconsolable, & I hear has been almost constantly in Tears [since the] Captivity of her Son. They had been alarmed by idle Reports amongst [other things] that violent Measures would be adopted against the King, & his Relatives [subjected to] Disgrace & Ill-treatment—& I ventured to assure them of their Personal [Protection [under] Your Excellency's Govt. & that no Outrage would be committed agst. [the Life or Person] of the King—

Lt. Mylius having reported to me the increasing Sickness amongst his Troops, I have left the Copper Treasure at Teldeniya under the Charge of the Chief of Dumbara—

Feby.

1815.

* Some Articles of Female Dress were brought in to-day by one of Tamby Modr.'s People, & have been given to the King's Female Relations, but the King is still destitute of suitable Apparel, & there is little Prospect of procuring any here—I have written to the Adikar, requesting him to send such immediately and a Message from Your Excellency might probably be effectual—I have not yet heard from the Adikar whether the Buildings are prepared at Mulmeydiyawa, & am uncertain whether we can move to-morrow—

I have the honor &c.

H. E. The Govr. Kandy—

Dambarawa, Feby. 23d. 1815—

Dear Sir,

I have just recd. an Ola from the Adikar informing, that there is a Rest House at Attaragama, which is, I believe, 2 or 3 Miles from Katugastota, & on this Side of Mulmeydiyawa—This would equally answer the Purpose for the next Station, but I have heard that the Buildings there are insufficient, & in consideration of their Treatment here last Night, I cannot venture to move the Royal Family, till I am sure, that every Thing is ready for their Reception at least in a decent Manner—& till we obtain suitable Apparel for the King—I have written again to the Adikar to enquire this, & do not think that we shall be able to move from hence till to-morrow—

Tho' the King in his present fallen Condition should carry with him no Insignia of Royalty, himself & the Royal Family should be treated with all the Respect due to Persons of High Rank—It is essential to our Credit, that White Cloths should be hung in the Rest Houses, & Provisions furnished without Deficiency & Apparel suitable to their Dignity—

The Adikar, I perceive, is disposed to allow as little Respect & Attention, as possible, & I think, an Intimation from Yr. Excellency. would be

* I believe, we shall require, at least, 2 more Doolies from Kandy, to convey on the King's Female Relations—& I have given up my Palanquin to-day to convey the 2 last Queens—(Note in MS.)

advisable to ensure proper Treatment during the Remainder of their Journey to Colombo—I was ashamed to go near them last Night—Lt. Mylius has furnished this Morning 2 Bags of Rice—But the Chief of the Village has now appeared, & I shall be able to obtain Provisions for them here to-night & to-morrow Morning—

There are altogether 17 Females, who have Pretensions to go in Palanquins, but if 5 more could be procured, & sent to meet us at Attaragam, it will, I think, be sufficient—with Bearers for 2 more, which they have with them—

I have the honor &c.

H. E. The Governor Kandy—

I write to the Adikar to furnish as many Bearers as possible—I hope the King's Apparel will not be forgotten—

Dambarawa Feb'y. 23d. 1815—

Sir,

Having recd. Information, that your Detachment is approaching the Neighbourhood of Giddawa, I beg leave to acquaint you, that I have already taken Account of King's Property in the Village Giddawa, under the Charge of responsible Persons, who will produce it, when called upon by Proper Authority—viz—

Kotuwegedere Aratchy—3 Boxes—Silver, Brass & Copper Ware—3 Bags of Copper Money etc.

Talawinne Duraya—2 Do.—Brass & Copper Do.—1 Gun & 2 Barrels—etc.

Matalawe Korale—2 Do.—2 large Standing Lamps—2 Guns—etc.

Mutukeliyawa Aratchy—1300 Ridi in Copper—4 Elephants Teeth etc.

As I consider all this Property already secured to Govt., I believe, it will be unnecessary for your Detachment to take Possession of them—

I have the honor &c.

Dambarawa Febry. 24th. 1815—8 AM.—

Dear Sir,

I have discovered & caused Account to be taken of the Property said to have been concealed at the Village Giddawa—It consists of a little Copper Money, Silver, & Brass Ware, Cloths & a few Guns, & 3 locked Boxes, of which the Contents are unknown—They are stated with the Exception of a few, to be the Property of the King's Relations, & remain under the Charge of 4 Chiefs to whom they were originally entrusted—

Tamby Modr. delivered to me at Teldeniya a Box containing a few Artic[les of which] 2 Cloths were delivered to the King's Relations, & the rest will be sent [to Kandy—]

I saw the King yesterday Evening. He expressed a Desire to see Your [Excelly. for the] purpose of communicating the Deposits of Treasures known [only to himself—&] wished to know, what Assistance he should receive—I told him, that there was no Probability of seeing Your Excelly. before he reached Colombo; that I am authorised to assure him from Your Excelly. that himself & the Royal Family will be treated in a liberal Manner, but if he meant to condition for the Discovery, we altogether reject the Overture—He replied, that he did not intend so, but seems disposed to preserve the Discovery till an Interview with Yr. Excelly.—

I have just recd. Yr. Excelly.'s Letter of yesterday Evening with 3 Doolies, & had previously made Arrangement for the Departure of the Royal Family this Day to Attaragama, which will take place, as soon as they have repasted—

I recd. late last Night from the Adikar, a Cap, Jacket & Shirt designed for the King, which are in very bad Condition & entirely without Buttons. I sent them to the King's Resthouse, & they are returned with Answer, that it is impossible for him to wear them—

I have the honor &c.

Febry.

1815.Harrispattuwa—Attaragama Febry. 25th. 1815—
8 AM.—

Dear Sir,

Our Journey was postponed till late in consequence of the Rain, which continued almost all yesterday, but knowing Yr. Excellency's Desire that no Delay should take place, we left Dambarawa with all the Royal Family about 3 PM.—The Doolies were so badly manned, having only 6 Coolies to each, & a few of them sick, that I went forward, to procure from Major Hook a Reinforcement of Coolies—I did not reach his Camp till between 8 & 9 PM.—when 18 Coolies were sent back to meet him, but we learnt during the Night, that the Detachment missing the Path, which leads into this Road, by cutting off the small Angle, reached Katugastotta late at Night, & could proceed no further for Want of Coolies—

I find, there is very insufficient Accommodation for the Royal Family at this Place, & they will proceed straight to Dulweywa, $1\frac{1}{2}$ or 2 Miles further where I am assured, there are Buildings sufficiently spacious for all—

Of the Boxes of Cloths, which I before reported to Your Excellency, as being under Charge of the Chief of Dambarawa, I sent for one in the Hope of finding a suitable Dress for the King—All the Cloths, however, were of an inferior Kind, 51 in Number & 6 deficient of the Number stated in the Ola, but I thought it right to issue the whole to the King's Relations & Followers, many of whom had none, besides what they wore—

The 2 Bundles of Cloths sent to Major Hook, contain 2 or 3 Articles of Dress, which I believe the King might wear—but the principal Apparel, viz. the Cap, Jacket & Shirt & Slippers are wanting—As all will be useful to the Royal Family & Nayakkaras, I shall deliver the whole to them—

Instead of 4 Tuppoties, as stated in the List, I find 3 Tuppoties & 1 Palanquin Cloth—

I have the honor &c.

Kandy March 6th. 1815—

Sir,

I had the honor to receive Yr. Excellency's Letter bearing Date March 2d. informing, that Yr. Excy. has been pleased to appoint me a Member of H. My.'s Council, & enclosing a Commission, by which I am nominated the Accredited Agent of the British Govt. in the Kandyan Provinces—

I beg leave to offer my warmest Acknowledgements for these distinguished Marks of Yr. Excy.'s Approbation, & especially for the kind & handsome Terms in which they have been communicated to me—

If my Endeavours have in any Degree contributed to the brilliant Success which has attended Yr. Excy.'s Measures, this alone is a Subject of heartfelt Satisfaction: but to have earned so honourable & public a Notice of them from the Govt. of this Island, is the highest Praise to which I could aspire—

The new & important Charge now delegated to my Hands I accept with Pride, as a further Testimony of Yr. Excellency's good Opinion & Confidence, but with far opposite Feelings, when I reflect on the arduous Office about to be undertaken, & my own Inability to perform its weighty Duties in a satisfactory Manner—

In Return for this flattering Distinction, I can at present only tender my Assurances, that if my Health will permit, my best Exertions shall never be wanting, in the Attempt to realize the Benefits expected to flow from the Acquisition of the Interior Provinces, & to establish His Majesty's Govt. upon its surest Basis, in the Affections of the Kandyan Nation—

I have the honor &c.

H.E.—I have still another Matter to state—A new Pavilion (Pattrippuwa) has lately been erected by the King near Dalada Maligawa—Having no particular Occasion for this Pavilion, I present it to the Temple for the use of the Priests.

The Priests present express unanimously a lively Satisfaction—

The High Priest states—We receive with the greatest Joy this Proof of H.E's Intention to promote & increase the Prosperity of Religion—& we consider, that from this Day Religion is beginning to flourish—

The Priests—We have one Circumstance to state. We have recd. Accounts, that the Soldiers are committing Disorders & Depredations in the Countries, & we are in Fear, that after H.E's Departure they will not be controlled—We have great Apprehension on this Account, & it is our Duty to state, what has come to our Knowledge—

H.E.—I can assure you all, that no Apprehensions of this Kind need be entertained. The strictest Orders have anew been issued for preventing all such Disorders & †fullest Confidence, that they will not be continued.

The Priests express their Satisfaction & take their Leave—

The High Priest saving—Religion is under the Protection of the Gods—& those who support

Religion will receive their Favour—as H.E. the Govr. in this manner protects & promotes the Prosperity of Religion, so will the Gods for ever afford him Protection—

The Mohottales of the Disavanies, the 7 K., Uwa, Saffragam K., 3 K. represent through the 2 Adikars, That they hear, the Low Country Modrs. of Karawe, Durawe, Halagama & other Low Casts have been created, & are accustomed there to travel in Palanquins—In the Kandyan Country, such Things are never permitted, & they request, that no Persons of these low Casts may be allowed to assume such Honours within the Kandyan Territory, but only the niyama Mudiyansele of the Goyigama—It appears also in the Proclamation, that their antient Usages shall be observed—

H.E.—Your antient Customs shall undoubtedly be observed, & the Persons of inferior Cast shall be forbidden to use such Honours & Distinctions within the Kandyan Provinces—

(NB. Eyheylepola, representing his Indisposition, had taken leave previous to the Admission of the People of the Rata pahe—Upon the Govr.'s Invitation he promises to visit him at Colombo at the King's birthday, after his Marriage, which is fixed for Wesak—).

Kandy March 19th. 1815—

Dear Sir,

I return the 2 Certificates in the Case of the Property brought in with my Indorsements—You will perceive, that the Property described in one of them appears to me to have come under such Circumstances, that according to the Orders of March 14th. it should be kept under our joint Custody for Reference to Govt., in the same manner as that brought in by the same Malay Mohm., which was sealed with my Seal on the 17th.—

In this & similar Cases of Property not certified by me, I believe, the Regular Course will be for the Prize Agents to report the Circumstances to Govt.—

My dear Sir,

I send the 2 Copies of the Procln. with the Signatures converted into English Letters—You will notice that some of them differ from the Names, which these Chiefs usually bear, & will explain to those who enquire, or doubt, that they are not different Persons—In one of the Copies, our Attestation must be connected with the Signatures by a Circumflex—

I have left it to your Judgement to subscribe to my Signature either Rest. or Chief Translr. as may be most proper—

In my List of Appointments of the 18th. opposite to Kunam Maduwe Lekam, the name Arawuwala must be substituted for Teynnewatte—

Be kind enough to send me the Licence for bartering Salt & Cloths—

My dear Sir,

After taking leave of Yr. Excellcy. this Morning, I learnt from Capt. De Bussche Yr. Excellcy.'s kind Intention of leaving the 7 Dozen of Wine for my Use here—I return many Thanks for this Attention & Kindness, but I recd. a Supply of Wine from Colombo yesterday, & cannot lose Sight of Yr. Excellcy.'s Return to this Place, at which it may be acceptable—

I have just recd. Yr. Excellcy.'s Note from Amunupura—The abundant Supply of dressed Provisions, I think, has been most properly attended to on the Govr.'s first Journey. The Quantity may be so diminished in future as not to press hard upon the People, but it will perhaps be advisable not altogether to abolish the Custom or rather the bounden Duty—

I will make particular Enquiry regarding the King's Property, said to have been deposited at Alagama—

Nothing important has occurred to-day in Kandy—Eyheylepola has sent Word, that he is sick to-day, but will visit me to-morrow—I have seen Molligoda Adikar & 3 or 4 other Chiefs to-day

Kandy March 22d. 1815—

Dear Sir,

There is a Village named Kitulpe in Hewaheyta, which was offered many Years ago to the great Temple in Kandy—It is now, I believe, near 2 Years since the King, who distrusted the People of the Disawanes, & received into Confidence those of Hewaheyta, took Kitulpe for the Use of his Kitchen, & delivered to the Temple in its stead the

Village Rahala Waragoda in the 4 K.—This at the time, was a Cause of considerable Offence to the People, & I believe, was mentioned by me to Your Excellency at Colombo—

I lately desired the 2d. Adikar to enquire the Wishes of the Priests & am now informed by him, that they are desirous to receive again the Village Kitulpe. I trust, therefore, Your Excellency. will authorise me immediately to restore it to the Temple, resuming in its Place the Village above mentioned in the 4 K.—

The Committee has been occupied yesterday & to-day in the Enquiry regarding the Property claimed on the part of the Temple—A Servant of the Temple, who, it appears, was the most forward in pointing it to our Troops, & in asserting it at that time to be the Property of the King now declares, that it was formerly the Property of the Kings, but had been dedicated to the Temple—& 2 inferior Head Men of Pitigoda, examined to-day, testify that all the Property at that Village belongs to the Temple—but there are still more Witnesses to be examined—

There are several Complaints arising with respect to Villages, on the Question, to what Department, or to what Chief they belong—which I must settle as well as I am able, with the Assistance of the Adikars—Both of them were present at the Committee yesterday & to-day—Eyheylepola on acct. of Sickness has not made his Appearance—

I have the honor &c.

Eyheylepola did not join the Procession—After we passed, he appeared on horseback behind—I stopped for a Minute, sending to know, whether he intended to join us—He said “I cannot go with that Tale” & desired us to proceed—At Dewa Sanhinde, near the Neykata, he sends a Message to enquire, whether he shall go home, being indisposed, & having no Rajakariya to perform here—I replied, “I should have been happy if he had accompanied us, & waited here till the Neykata—but if he is indisposed it is no Matter, & there is no Objection to his going home”—

NB. Many Kandyans say, that Eyheylepola has to-day been acting the Part of the King, who was accustomed on such Occasions to ride in the Rear on horseback—He mentioned to me yesterday, that a sore Foot disabled him from walking without Difficulty, & probably will explain the Circumstance in that Manner—

Matele, for abusing him in the Street—I go with him to the Dalada Maligawa, where the Presents prepared with great Purity for offering to the 4 Dewales are produced. I take each Bundle separately, & deliver them to the Appuhamies, appointed to carry them to the Temples—The 4 Kapuralla stand on the left—myself with the 1st. Adikar on Right, 2d. Adikar on left, & the other Chiefs on each Side in the Veranda of the Temple—I address them saying—We are not come to this Country to destroy the Religion of Buddha & the Gods, which have prevailed from antient Time in this Country, but to protect & to promote it. I desire you to pray to the Gods to bestow Favour on us & all the Inhabts. of this Island—This Address is repeated with Amplification by the Adikar—The Kapurale replies at length, stating, that Buddha delivered Charge of this Island & Religion to Seakra, who committed it to Vishnu, who from the time of King Wijaya has protected them during a long Succession of Kings, & whilst Reverence has been paid to the Gods, the World & Religion have prospered—Now since they have heard from the Chiefs, that the English Govt. rules the Country, & that Religion will be protected & promoted: they are ready to perform their Service & to pray for the Welfare & Prosperity of all the Inhabts. of Ceylon—But it will be difficult to perform their Services without our Assistance—I assure them, that they will receive every Assistance for the due Performance of their Religious Ceremonies & Worship—The Appuhs. severally bear away the Presents under Wiyantattu (Canopies borne by 4 Men on Poles) to their respective Temples, attended by others, having small Umbrellas (Mutukuda) & with Hewisi—& followed by Disaves & other Chiefs according to Custom, 2 to each Temple to offer the Presents—

After their Departure I enquire the Cause of his Failure to bring the Dalada wahanse. He replied, that he went, upon Information from the Servants of the Temple—that it was at Pallewela (from Pitigoda), he sent to acquaint Nayaka Unnanse with his Journey, & did not learn from him the contrary—He did not himself converse with the Nayaka Unnanse—I observe that

the Nayaka Unnanse could not be ignorant, where it was deposited—Molligoda asks rather sharply, whether the High Priest & Diyawadana Nilame can possibly be ignorant? Kapuwatte replies with some Asperity, & a little Altercation ensues, which is soon appeased—when Ratwatte attacks him with Asperity, & a violent Altercation begins, which Molligoda, Millawa & myself in vain endeavour to appease—I tell them, it is disgraceful to the Chiefs to behave in this manner even in the Streets—& most highly improper in this Place—I will remain no longer—I leave the Temple & peremptorily call the 2 Adikars only to the Hall of Audience—Ratwatte follows to the Door, but I peremptorily forbid him to come, & direct him to return immediately to his Walawuwa—& he obeys—At the Hall I again enquire from Kapuwatte the Cause of this Failure—& state my Opinion, that it has arisen from his Failure to consult the High Priest—He says, he sent to the High Priest 3 or 4 Days before he left Kandy to know where the Relic was deposited—The Reply was—That it was in that Part, viz: towards Pallewela—& the Day before his Departure, he sent Word again to the High Priest, that he was going—No Answer was returned—& having learnt from the Servants of the Temple, that it was at Pallewela he went—However, he has failed this time, & all persons are liable to Error—but he has sent Persons to ascertain, where the Relic is, & engages to conduct it to Kandy, before Nanamura Mangalya—He believes, Dalada wahanse must have been removed in Consequence of a Message, which he sent to that Effect, the Day in which the Priests said in the Magul Maduwa, that it could not be brought back to Kandy, till all the Property belonging to the Temple was definitively restored—I repeat, that the Failure has occurred, because he did not consult the High Priest & recommend, that he do so now—He promises to comply—

Millawa Disave joins, & a desultory Conversation takes place till 8 P.M.: principally between the 2 Adikars, on the Dereliction of former Customs, which have been forgotten only since 30 Days—alluding to the Conduct of Eyheylepola on Horseback yesterday—

END OF DIARY.

Extract from Asiatic Journal 1816 p. 91.

1815.

Colombo, May 3. The following is an extract of a letter from a correspondent at Candy, dated 28th April:—I shall now give you the particulars of the ceremony of replacing the Sacred Relic in the principal temple, which took place last Monday.

To give splendour to this event, preparations were made for many days previous. On Sunday, the high-priest left Candy, for the purpose of

escorting it in, attended by a numerous body of priests. About one o'clock, it was intimated to Mr. D'Oyly, that the procession was approaching, when he, attended by Mr. Wright and myself, left the palace on foot, and proceeded toward the entrance of the town, to join it. On our arrival, we were met by the high-priest and chiefs, who appeared delighted at this mark of respect to their religion—complimentary congratulations detained the procession for a short period, when it proceeded in the following order:—

Eight large elephants, with white tusks, with rich coverings, accompanied by numerous attendants.

High-priest, supported by two young priests.

One hundred and fifty priests.

A SACRED IMAGE,

Covered with gold brocade, carried in a muncheal, with a canopy over it.

Sixty flags of different colours.

Trumpets and tom-toms.

Dancing girls.

Whips.

Adigars.

Whips.

Molligoddie, 1st adigar, attended by numerous

Two hundred head-men.

[chiefs.

Gingals of the temple.

Tom-toms.

Drums of his Majesty's 3d Ceylon regiment.

Five most beautiful tusked elephants abreast, the centre one carrying

THE SACRED RELIC.

This elephant was highly ornamented, tusks cased in gold; the rest carried attendants, holding silver and gilt umbrellas and fans, &c.

Whips.

Adigars.

Whips.

Capuwatte, 2d. Adigar, in charge of the Temple, attended by many chiefs, and accompanied by Mr.

D'Oyly, Mr. Wright, and myself.

Some hundred head-men and followers.

Six large tusked elephants followed separately next, each carrying a sacred image.

Some hundreds of natives.

Ehehleyypola, who intimated that his health would not admit of his walking, followed in the rear on horseback, with a numerous body of attendants.

The procession extended more than a mile; it reached the palace, in which the principal temple is situated, at four o'clock, but the soothsayer having intimated that the propitious hour had not arrived, the procession again moved round the square opposite the palace. Upon its arrival a salute was fired from the gingsals of the temple, which was answered by one from the royal artillery: after this, the Sacred Relic was taken from off the elephant's back by two servants of the temple, whose mouths were covered for the purpose of preventing their breath from contaminating the object of their worship: after this the chiefs, attended by the priests, retired within the temple, Mr. D'Oyly, &c. being also invited to enter, which we did, first taking off our shoes; after a few complimentary words, Mr. D'Oyly intimated, that he wished to make an offering to the temple, in the name of His Excellency the Governor, and would retire to bring it. After a short interval, he returned, and presented as an offering to the temple, a most beautiful musical clock, which was sent out during the government of Gen. Maitland. The burst of applause which continued for some minutes, upon this beautiful work being produced (which so fully showed the superiority of our countrymen as mechanics), proved the high estimation they put upon the present; but when, as if by magic, this little machine was put in motion, the expressions of delight, by both priests and chiefs, exceeded all belief; several other smaller customary offerings were made.

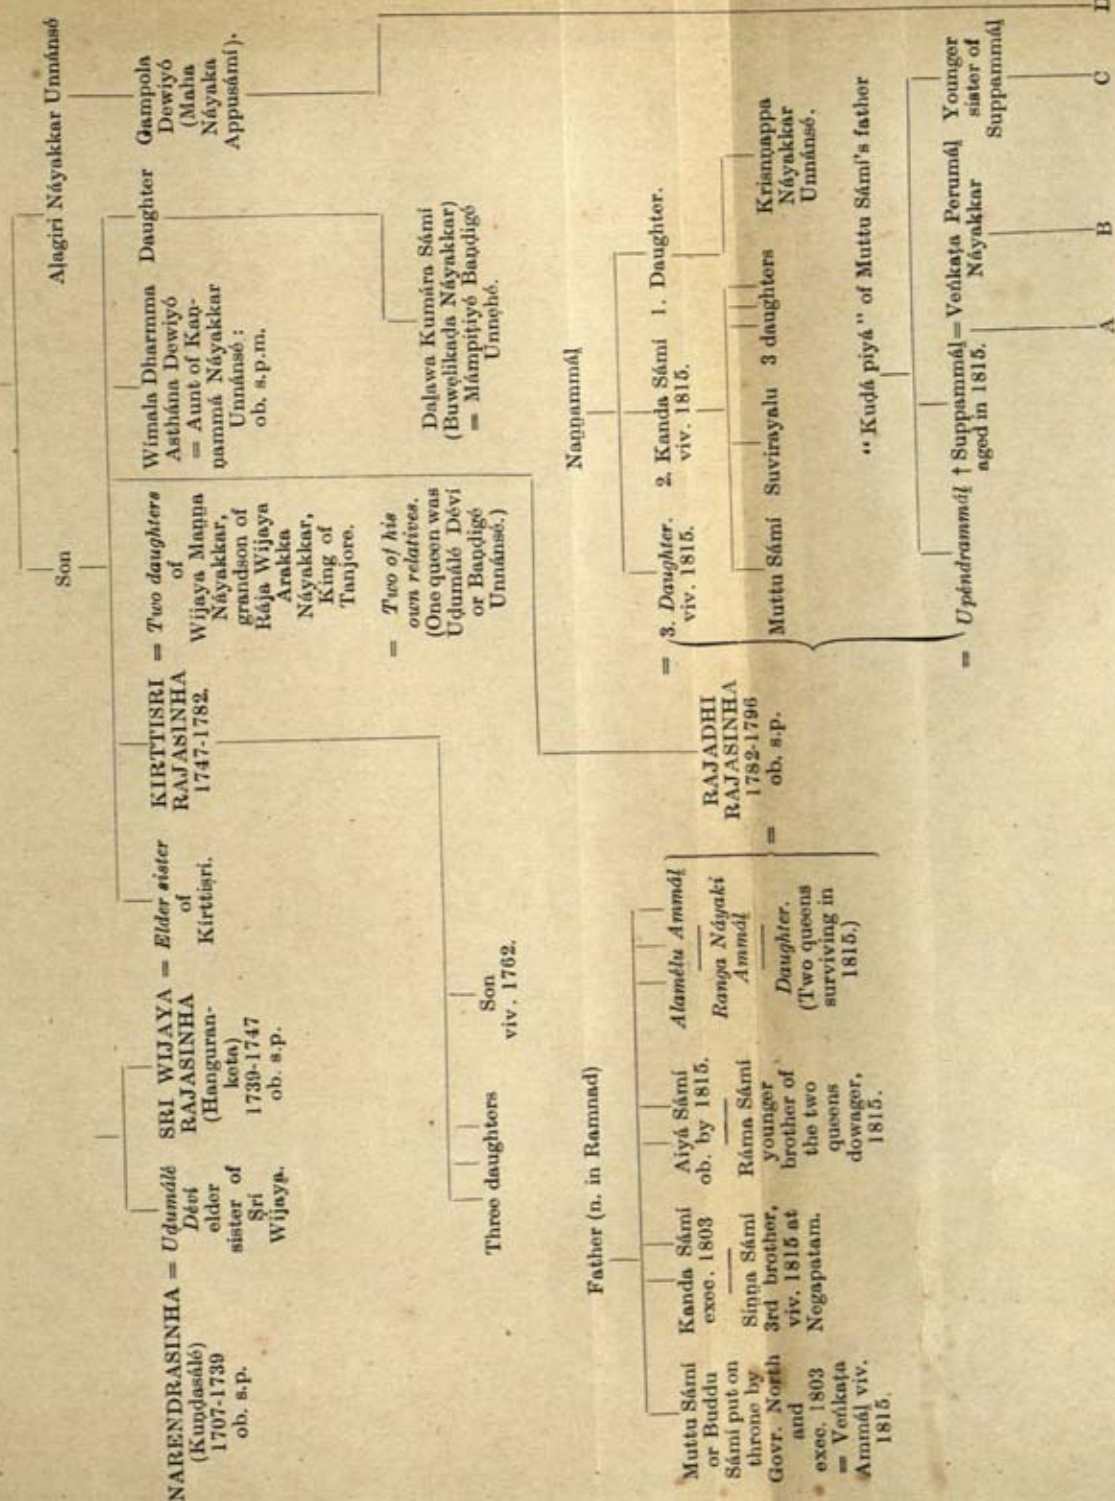

This procession, which was most magnificent, was conducted with the greatest regularity; not the smallest disorder was observable.

The streets through which the procession passed, were strewed with a white composition, as an emblem of purity; the houses in the town were all ornamented with the young plantain trees. The decorations around the temple were most tastefully designed: all the pillars were covered with cocoanuts and various flowers.

The square in front of the palace was very handsomely illuminated at night; and groups of boys, dressed as dancing-girls, were exhibiting in all quarters.

Corresp. Board of Commissioners 262½ No. 256 (1816). "On enquiry made of some of the Nayakars it was stated that he [Major Davie] died in the Cingalese Month Mandig of the Gentoo Year Angura—four or five months after the Execution of the Adikar and about 35 Months previous to the Enquiry, being the 23rd of January in the present year," viz.:—Medindina of the year Aúgírasa (1812-13) or March 1813, but Pilima Talawuwé was executed in 1811, not in 1812. The probable date of Davie's death therefore is Medindina of 1812. The Kandyan Government, which demanded for the ransom of the captive a seaport, circulated false reports that he was alive. De Bussche in his "Letters on Ceylon" (1817) states that he died in 1812 a natural death, apparently from dropsy, in a house in Kumáruppé Widiya and was buried on the south side of the lake in an isolated valley.
