BANKERS.
Lloyds Bank (Herries Farquhar Branch), 16 St. James's Street, S.W.
At the time of the foundation of the Royal Institute of British Architects there existed in Lincoln's Inn Fields the Architectural Society, the primary objects of which were the advancement and diffusion of architectural knowledge, and its ultimate intent to form a British School, with Library, Museum, Professorships and periodical exhibitions, the want of which was then beginning to be greatly felt by students.* Instituted in 1831, the Architectural Society had for its governing body in 1834-35 William Barnard Clarke as President, Thomas Henry Wyatt as one of the Vice-Presidents, George Mair as Hon. Secretary, with Benjamin Ferrey among the ordinary members. In 1834 it became evident to a few architects of established reputation that the profession required a more influential representative institution than that which already existed, and an Address was circulated among the profession pointing out that though few of the arts and sciences were left without a Body associated for their promotion and cultivation, Architecture, as an art embracing the whole circle of the sciences, was in this country destitute of such an establishment.

The first meeting of the founders of the Institute† was held at the...

* An earlier society still was the London Architectural Society, established in 1806, probably the first institution formed by professional men with aims and objects similar to those of the present Royal Institute. By the rules of this Society members were required to produce annually, according to a rotation and time agreed upon, an architectural design never before in any way made public, consisting of at least one plan, elevation, and section, and accompanied with observations, critical and explanatory, under forfeiture of two guineas; also an essay on some subject connected with civil architecture, under forfeiture of half-a-guinea. These designs, observations, and essays were discussed at General Meetings, and every member absenting himself for two successive nights was fined 5s., and also 5s. for every additional night of absence unless prevented by illness or a distance of ten miles from the place of meeting. The Society probably became extinct before the formation of the Architectural Society in 1831.

What was probably a forerunner of the London Architectural Society was a club called the Architects' Club, which was founded in 1791 and held its meetings at the Thatched House Tavern. The treasurer was Samuel Pepys Cockerell, father of Professor Cockerell (second President of the Institute), and grandfather of Frederick Pepys Cockerell (for many years Hon. Secretary). Among the original members were Sir William Chambers, Robert Adam, Robert Milne, John Soane, Thomas Hardwick, James Wyatt, George Dance, S. P. Cockerell. (See article by Mr. Harry Sitt, Journal R.I.B.A. 7th January 1911.)

† The last surviving original member of the Institute, Professor Donaldson, died in 1885. He took a prominent part in the foundation. His letter convening the preliminary Meeting was as follows:—

7 Hart Street, Bloomsbury Square: 8th May 1834.

Dear Sir,—Some of the following gentlemen, all of whom, as well as yourself, have received a circular from Mr. Robinson, are anxious to have a preliminary Meeting to talk over and consider the objects and prospects of the proposed Institution of British Architects, and will meet at Mr. Rainy's room, 14 Regent Street, on Tuesday...
Thatched House Tavern, St. James's Street, on the 2nd July 1834, when the Address setting forth the aims and objects of the proposed Institute was adopted. Endeavour was made to secure as members architects of prominent position and unimpeachable character, educated for and following their profession as an art, and free from those conflicting relations with trade which frequently existed in the early part of the century and prevented that implicit confidence on the part of the public which should enable a client to regard his architect not only as his agent, but as his friend and adviser. A second meeting, for the enrolment of members, was held on the 6th August 1834; and the Council, elected by ballot on the 3rd December following, and consisting of Messrs. Robinson, Kay, and Gwilt as Vice-Presidents, Messrs. Donaldson and Goldcupp as Hon. Secretaries, and Messrs. Barry (afterwards Sir Charles Barry), Basevi, Decimus Burton, Fowler, Philip Hardwick, Kendall, J. B. Papworth, and Rhodes, met for the first time on the 10th December at the Thatched House Tavern. A few weeks afterwards the Earl de Grey was elected President. The junction of the Architectural Society with the Institute was effected in 1842.

The Opening General Meeting of the Institute was held on the 15th June 1835. The President's Address, with that afterwards delivered by Professor Donaldson, will be found in the Institute TRANSACTIONS. Sir John Soane. Professor of Architecture at the Royal Academy, evinced his sympathy with the newly established body by giving a donation of £750 for such purposes as might appear most conducive to its advantage.

The Royal Charter was granted by King William IV. on the 11th January 1837. On the 8th August of the same year Queen Victoria became Patron, and was subsequently associated with the Prince Consort, who at all times manifested his interest in the Institute's proceedings, on one occasion, in 1842, acting as Chairman of the Council Meeting and afterwards presiding at the General Meeting.

A further and lasting mark of the Royal favour was shown in 1848 by the foundation by Queen Victoria of the Royal Gold Medal, since annually conferred by the Sovereign on some distinguished architect, or man of science or letters connected with architecture, on the recommendation of the Institute.

On the 18th May 1866 by Royal command the style of the Institute was altered to the "Royal" Institute of British Architects.

King Edward VII., Patron from 1863 till his death in 1910, continued the presentation of the Annual Gold Medal.

His present Majesty King George V., on his accession to the Throne, graciously intimated his pleasure to continue the Royal Patronage and the presentation of the Gold Medal.

In 1887, in order to bring the powers of the Institute more into line with the work it aspired to accomplish, and to render the fact of member-

ship to a certain extent a test of proficiency, the Supplemental Charter of the 50th Victoria, conferring among other privileges power to hold examinations and issue certificates or diplomas, was granted, the document receiving the Royal Sign Manual on the 28th March 1887.

A further Supplemental Charter (8th Edward VII), granted 11th January 1909, provided for a temporary class of Licentiates to be elected by the Council, made fresh provisions respecting the qualifications of candidates for Fellowship and the granting of diplomas, and extended the educational functions of the Institute.

---

**THE INSTITUTE PREMISES.**

The first rooms of the Institute, engaged early in 1835, were at 43 King Street, Covent Garden, better known as Evans's Hotel, a building said to have been designed by Inigo Jones, and immortalised by Thackeray in *The Newcomes*, in the description of "The Cave of Harmony." In 1837 rooms were taken at No. 16 Grosvenor Street, where for twenty-two years the work of the Institute was carried on. The necessity of acquiring larger and more convenient premises led eventually to the formation of the Architectural Union Company, which was established, in the terms of its articles of association, "for the purpose of providing accommodation for the different societies connected with architecture, and especially for the Royal Institute of British Architects and the Architectural Exhibition." Sir Charles Barry was Chairman of the Company, Mr. (afterwards Sir William) Tite Deputy Chairman, and a number of prominent members of the Institute were Directors. The then President, the Earl de Grey, presented to the Institute twenty shares in the Company free of all further calls. The Architectural Union Company, having purchased the property No. 9 Conduit Street, constructed the Galleries (afterwards known as the Conduit Street Galleries, and later as the Maddox Street Galleries) at the rear of the house. The Institute was assigned the entire suite of apartments on the principal floor (the present Library rooms), with separate staircase, a large room for casts, models, etc., and apartments for an attendant in the basement and upper floors. The premises were formally opened by Earl de Grey on the 7th November, 1859.

In 1890 the Institute took over the ground-floor and basement, now used as the Secretary's offices, and in 1897 acquired the second floor, where are located an annexe to the Members' Common Room, the Editor's office, the Library store-room, and the typists' room.

In 1909 the Institute secured the leasehold interest in the Galleries which the then tenants held from the Architectural Union Company, and entered into possession of the entire building. At this date also, the Institute holding a considerable number of shares in the Company, advantage was taken of an opportunity to acquire the remainder, and in 1910 the Institute became practically tenant of the property in perpetuity, the lease, which is held direct from the Corporation of the City of London, being renewable on the periodical payment of a nominal fine.

Of the three Galleries in the rear of the building, the Great Gallery is used for General Meetings and, with the East Gallery, for the Examinations and for exhibitions of drawings, etc.; and the West Gallery, which
contains the fine collection of portraits of Past Presidents, the work of eminent contemporary artists, serves as the Council Chamber and, except during Meetings, Members' Common Room. The first floor is devoted exclusively to the Library.

With a view to the further and much-needed extension of premises the Council have recently purchased the Corporation leasehold of the adjoining building in Conduit Street, No. 10. The leasehold is perpetually renewable without fine and therefore practically a freehold. A piece of land adjoining the Maddox Street Corridor has also been purchased for the purpose of enlarging the Great Gallery.

THE COUNCIL DINNER CLUB.

The Council Dinner Club was founded during the presidency of the late Mr. Charles Barry (1876-79), to give Members of Council an opportunity of dining together in the interval between the close of a Council Meeting and the opening of a General Meeting of the Institute. It consists of all Members of the Council for the time being, past Presidents, past Vice-Presidents, and such other past Members of Council as the Club desires to elect. One of the functions of the Club is to entertain foreign architects of distinction visiting England, readers of Papers at General Meetings, and others whom the Institute would desire to honour. The Club is entirely self-supporting.

THE R.I.B.A. TRAVELLING CARDS.

Members, Licentiates, Students, and Probationers R.I.B.A. can obtain from the Institute a travelling card, or credential for travel abroad, available for a stated period. Persons requiring the cards for use in Italy must have them visé'd by the Italian Consul of their district. Cards are also available for use in the United Kingdom. Applications for the cards must be made in writing to The Secretary R.I.B.A. at the Office of the Institute; and, in the case of non-members, the application must be accompanied by a letter from a member.

ASSESSORS IN COMPETITIONS.

Members of the Institute who have been requested to act as Assessors subsequent to the conditions of the Competition having been drawn, should obtain a copy of the conditions and consider their conformity with the Regulations issued by the Royal Institute, and should also notify the Secretary of the Institute that they have been asked to act.

REGISTER FOR ASSISTANTS SEEKING EMPLOYMENT.

This Register, kept at the office of the Institute, contains applications for varieties of work connected with the profession. The Book is always open to architects' assistants, improvers, pupils, and clerks-of-works; also to young architects desirous of becoming known to members of the Institute through their drawings or other work. Applicants desirous of being registered should give the following particulars:—(1) name and address; (2) age; (3) salary per week; (4) qualifications; (5) references. On obtaining an engagement the applicant should at once inform the Secretary, in order that the fact may be noted in the Register.

Architects, whether members of the Institute or not, will be furnished
on application with the names and addresses of persons desiring employ-
ment as assistants, improvers, or clerks-of-works, as the case may be. 
Architects applying for assistants should give the following particulars 
of their requirements:—(1) whether temporary or permanent engage-
ment; (2) junior or senior assistants; (3) particulars of duties and style 
of work; (4) salary offered.

THE BY-LAWS.

At the Council Chamber, Whitehall
The 23rd day of March 1910.

By the Lords of His Majesty's Most Honourable Privy Council.

WHEREAS by Section 33 of the Supplemental Charter of the Royal Institute of British Architects dated the 28th day of March, 1887, it is provided that the said Royal Institute may from time to time by Resolution of a General Meeting confirmed at a subsequent General Meeting, which shall be held not less than seven and not more than twenty-eight days after the former Meeting, make and adopt such By-laws as may be deemed expedient and may in the same manner vary, suspend, and rescind any By-laws and make and adopt others in their stead, but so that the By-laws for the time being be not in any respect repugnant to the Law of England or inconsistent with the said Supplemental Charter: Provided always that no such By-laws shall be of any force or validity whatever unless and until they have been approved by the Lords of the Privy Council.

And whereas the said Royal Institute has by Resolution of a General Meeting held on the 7th day of February, 1910, and confirmed at a General Meeting held on the 15th day of February, 1910, made and adopted certain Revised By-laws to be substituted in place of the existing By-laws of the said Royal Institute.

And whereas the said Revised By-laws were this day read at the Board.

NOW THEREFORE, Their Lordships, having taken the said Revised By-laws (a copy of which is hereunto annexed) into consideration, are hereby pleased to approve the same.

Almeric FitzRoy.

I. MEMBERS AND LICENTIATES.

1. Every candidate for admission to the Royal Institute shall make and subscribe a statement:—1st. That he is
eligible under the Charter and By-laws; 2nd. That he is willing, if elected, to be bound by the Charter and By-laws, and by Regulations made as hereinafter provided.

2. Every person desirous of qualifying for candidature as Associate must pass or have passed the Examination or Examinations required by the Royal Institute under the provisions of the Charter and By-laws; and according to a standard fixed, and Regulations made, from time to time by the Council. The examination for candidates for Associateship, which shall be held at such times and places as may be appointed or approved by the Council, shall be written, graphic, and oral: and shall relate to the history of architecture; the characteristics and details of architectural styles; the nature, properties, and application of building materials; sanitary science; the principles and practice of construction; the design and arrangement of buildings; professional practice; and such other subjects as the Council may from time to time determine. Every candidate for Associateship after the year 1913, before presenting himself for the Final Examination, shall have either (a) passed through the course prescribed under the scheme to be adopted by the Council as provided in By-law 47, or (b) proved to the satisfaction of the Board of Architectural Education that he has been otherwise properly trained as an architect.

3. Save and except those whom the Council may elect in accordance with the Charter, every person desirous of being admitted as Fellow or Associate must be proposed according to the Nomination Form for his Class. The Christian name, surname, and place of residence and place or places of business of each candidate shall be inserted in his Nomination Form, and this Form must be subscribed by him, and, except as hereinafter otherwise provided, by at least three Fellows, who shall certify their personal knowledge of him. The Nomination Form must be accompanied by a separate written statement by the candidate giving particulars of his professional education and, in the case of a candidate for Fellowship, of his works; and also by a separate written statement by one Fellow who has signed the Nomination Form, giving particulars of his acquaintance with the candidate as to his professional education and, in the case of a candidate for Fellowship, with his works. A candidate for Associateship must have passed, and must in his separate written statement declare that he has passed, the Exam
Examinations required by the Royal Institute under the provisions of the Charter and By-laws.

(a) In the case of a Non-Metropolitan architect who, being desirous of admission, is a member of any Society in alliance with the Royal Institute as hereinafter provided, the Nomination Form may be signed by one Fellow of the Royal Institute, and by the President and Honorary Secretary or Secretary of the Allied Society of which the candidate is a member.

(b) In the case of members of The Architectural Association (London) desirous of being admitted as Associates, the Nomination Form may be signed by one Fellow of the Royal Institute, and by the President and Honorary Secretary of The Architectural Association.

(c) In the case of a British architect not residing in the United Kingdom, the candidate for election may be proposed according to the Form A i, the Nomination Form being accompanied by testimonials from well-known persons as to his professional position and character.

(d) In the case of any candidate for membership not being personally acquainted with the number of Fellows herein required to propose him, the Council shall, if satisfied with his qualifications, have power to nominate him, and to dispense with the separate written statement to be made by a Fellow as herein provided.

**HONORARY MEMBERS.**

4. Every nomination of a candidate as Honorary Associate must state his Christian name, surname, and place of residence, and must be subscribed by him and by at least three Fellows who shall certify their personal knowledge of him. The number of members in the Class of Honorary Associates must not exceed sixty.

5. Every proposal for the election of an Honorary Fellow must be made either by the Council or on the nomination of any twelve Fellows, and must give the Christian name, surname, titles, and address of the candidate, with a statement of the grounds on which he is recommended.

6. Every proposal for the election of an Honorary Corresponding Member must be made either by the Council or on the nomination of at least three Fellows, and must give the Christian name, surname, titles, and
address of the candidate with a statement of the grounds on which he is recommended.

**Licentiates.**

7. Every person desirous of being admitted as a Licentiate must be proposed according to the Nomination Form of his class in manner similar to that hereinbefore provided in respect of Fellows and Associates, but his Nomination Form may be subscribed by any three members, whether Fellows or Associates.

Every candidate for admission as a Licentiate who satisfies the Council that he is eligible under the Charter and who is in the opinion of the Council a fit and proper person shall be admitted as prescribed in By-Law No. 12. A Licentiate when and as soon as he is otherwise eligible as a Fellow may before the 31st December 1920 be admitted for nomination to that class when he shall have passed such examination as the Council may from time to time prescribe, in which case he must be nominated and submitted for election in all respects as prescribed for other candidates for the Fellowship.

**Nominations for Admission to Candidature.**

8. The nomination of every applicant for admission to any class of membership or to the class of Licentiates must be forwarded to the Secretary, or in the case of a Dominion, Colony, or Dependency through the Local Honorary Secretary if any appointed by the Council, for submission to the Council, who shall inquire into the fitness and qualifications of the applicant so nominated; and in the case of a nomination of any person residing in a district or province where there is an Allied Society as hereinafter defined, but whose nomination has not been forwarded through such Society, the Secretary shall send notice thereof to such Allied Society and invite observations thereon. The name and address of every applicant for candidature shall be suspended in the Meeting-room and published in the *Journal* of the Royal Institute, with a notification that any objection or other communication must be sent to the Secretary for submission to the Council within a period from the date of such publication to be fixed by Regulation of the Council. If, after due investigation of the claim of such applicant and of any objection thereto, the Council approve him and find him to be eligible and qualified according to the Charter and By-laws he shall be admitted to candidature, and his
nomination shall be signed by the Chairman of the Council Meeting at which such nomination is approved. The nomination shall be read at a General Meeting and forthwith suspended in the Meeting-room of the Royal Institute until the day of election. The name and address of the candidate, with the names of his proposers, shall be printed in full in the circular convening the Meeting at which such election is to take place. Any communication respecting applicants for admission to candidature, or respecting candidates for election, received by the Council shall be treated as confidential.

ELECTIONS.

9. The election of candidates shall (except in the case in which special provision is made in By-laws 3, 7, 10, and 12) take place at Business Meetings only, and in no case until due notice thereof has been given in the circular convening the Meeting.

10. The voting at elections of candidates shall be by show of hands, and a candidate shall be elected if supported by a majority of those present having a right to vote and voting at such election. Provided always that if a requisition in writing signed by Fellows and Associates of whom not less than seven shall be Fellows (the total number of signatures being not less than twelve) be delivered to the Secretary not less than fourteen clear days before the Meeting at which such election is to take place, that the votes for the whole of the candidates, or for one or more specified candidates, be taken by voting papers, then the election or elections of such candidates shall be so conducted. Voting papers shall then be issued to all Fellows and Associates resident in the United Kingdom, and shall be returned to the Secretary, so that the same shall be received by him at the latest on the Thursday evening before such Business Meeting as aforesaid, folded and enclosed in a sealed envelope, bearing on the outside the signature and Royal Institute serial number of the member voting. The Council shall appoint not less than three Scrutineers of whom two shall form a quorum, and such Scrutineers shall be summoned by the Secretary to meet at the premises of the Royal Institute, and at such Meeting he shall deliver to them the said envelopes, which shall be opened and the voting papers taken therefrom without being unfolded, the Scrutineers adopting such further measures as they may deem fit to prevent the identification of the voters. The Scrutineers shall then
examine the voting papers, count the votes, and report to the Royal Institute at any General Meeting the names of the candidates elected—negative votes in the proportion of one negative vote to four affirmative votes excluding from election. The decision of the Scrutineers, or a majority of them, shall in all matters relating to an election be final.

11. In case of the non-election of any candidate proposed to be elected by a show of hands, no notice shall be taken thereof in the Minutes of the Meeting. No candidate who has been excluded from election shall again be proposed within a period of twelve calendar months.

12. The name of any candidate whom the Council are empowered under the Charter to elect either as a Fellow or Licentiate, together with the names of his proposers, shall be sent to every member of the Council, and if he be practising out of London to the Council of any Allied Society of the province in which his office is situated, not less than fourteen days before the meeting of the Institute Council at which his name is to be submitted for election.

Every such candidate for the Fellowship receiving the unanimous vote of those present and voting at a meeting of the Council, not less than twelve being present and voting, shall be declared duly elected, subject to By-law No. 13.

Every such candidate for the Licentiateship receiving an affirmative vote of two-thirds of those present and voting, and in any case of not less than twelve, shall be declared elected, subject to By-law No. 13. Such voting in both cases shall be by show of hands.

13. When a candidate is elected, the Secretary shall inform him of his election and shall send him a copy of the Charter and By-laws, and no elected candidate shall be entitled to the rights and privileges of membership or as a Licentiate until he shall have signified his acquiescence in the election. No candidate for membership or as a Licentiate shall be entitled to any rights and privileges until he has also signed and returned to the Secretary the Declaration, A, B, C, or D, and in the case of a member has paid his entrance fee and first annual subscription, and in the case of a Licentiate has paid his first annual contribution.

14. Every member or Licentiate who has complied with the preceding By-law 13 shall be formally introduced and admitted, at the first General Meeting at which he may be present, by the President, or the Chairman of the Meeting,
who, addressing him by name shall say—"As President [or Chairman of this Meeting] I hereby admit you a — [naming class] of The Royal Institute of British Architects." And every such member or Licentiate shall at such Meeting sign, according to his Class, the Register of the Royal Institute. Should the elected candidate be unable to attend a meeting within three months of his election he shall transmit by post to the Secretary his signature to be inserted in the Register.

15. Any Fellow who has been a member for not less than thirty years, and has retired from practice, may, subject to the approval of the Council, be transferred without election to the non-subscribing Class of "Retired Fellows of the Royal Institute"; and in such case his interest in, or claim against the property of the Royal Institute shall cease. A Retired Fellow shall be entitled to be present at, and to take part in, the discussions on any subject brought before the Meetings, but shall not be entitled to vote.

Entrance Fees, Subscriptions, and Contributions.

16. The amounts of entrance fees and subscriptions shall be from time to time determined by Resolution of the Royal Institute.

(a) The entrance fee of each Fellow shall not exceed six guineas, nor his annual subscription five guineas. In the case of a Fellow elected from the Class of Associates, his entrance fee shall not exceed three guineas. Provided always that the Council may during their pleasure dispense with the payment of an entrance fee in the case of Non-Metropolitan Fellows.

(b) The entrance fee of each Associate shall not exceed four guineas, nor his annual subscription three guineas.

(c) A Licentiate shall pay an annual contribution of two guineas, and for this shall be entitled (1) to receive the Journal and Kalender of the Royal Institute; (2) to use the Institute premises, subject to any regulations or restrictions that the Council may make from time to time.

17. Every subscribing member shall pay his entrance fee and first annual subscription, and every Licentiate shall pay his first annual contribution, within two months of the day of his election; otherwise, unless the delay be
explained to the satisfaction of the Council, his election shall be void.

18. Annual subscriptions or contributions shall be paid in advance; and, except as provided by By-law 17, shall be due on the first day of January in each year. Every member or Licentiate elected after the thirty-first day of October in any year shall not, after having paid his entrance fee (if any) and first annual subscription or contribution as hereinbefore provided, be required to pay any further subscription or contribution before the first day of the January twelvemonth subsequent to his election.

19. Every member or Licentiate shall be liable for the payment of his annual subscription or contribution until he has either ceased to be a member or Licentiate under By-laws 21 to 24 inclusive, or has signified in writing to the Secretary his intention to resign and has paid all arrears.

20. Any member or Licentiate whose annual subscription or contribution, due on the first day of January, is unpaid on the first Monday in March following shall receive notice thereof; and in the event of the said subscription or contribution not being paid on or before the first Monday in April following, the name of such member or Licentiate shall be forthwith posted in the Meeting-room of the Royal Institute, with a statement of the amount due; and shall remain there until the arrears shall have been paid, or until the member or Licentiate shall have become a defaulter under By-law 21. A registered letter, in the Form VI, shall be forthwith sent to every member or Licentiate whose name has been so posted.

21. Whenever any member or Licentiate shall permit his annual subscription or contribution to remain in arrear for a period exceeding one year, he shall become a defaulter, and a registered letter, in the Form VII, shall be sent to him; and, if the arrears be not paid within six weeks after the forwarding of such letter, the name of such defaulter shall be posted for six weeks in the Meeting-room of the Royal Institute; and if the arrears be not paid within that time, the defaulter shall be suspended or expelled by Resolution of the Council, in manner provided by By-law 24. Should any member or Licentiate be expelled for non-payment of his subscription or contribution, the Council shall have power, upon the defaulter giving to their satisfaction an explanation of the non-payment, to reinstate him in his former position as a member or Licentiate; and in such case to require the payment of all subscriptions or contributions which would
be due had he continued a member or Licentiate up to the date of such reinstatement, and any costs to which the Royal Institute may have been put in consequence of the default.

22. In the case of any member or Licentiate being disabled from ill health, advanced age, or unable from other sufficient cause to continue to practise his profession, the Council may remit his annual subscription or contribution and any arrears due from him, and may further, if they thereafter find good reason for so doing, reinstate such member or Licentiate in his former position as a member or Licentiate.

23. Any member or Licentiate contravening the Declaration A, B, C, or D, as the case may be, signed by him, or conducting himself in a manner which in the opinion of the Council is derogatory to his professional character, or who shall engage in any occupation which in the opinion of the Council is inconsistent with the profession of an architect, shall be liable to reprimand, suspension, or expulsion in manner hereinafter provided. Any member or Licentiate who may be convicted of felony shall, ipso facto, cease to be a member or Licentiate of the Royal Institute.

24. Any charge under the preceding By-law 23 preferred against a member or Licentiate must be in writing, duly signed, and forwarded to the Secretary, who shall lay it before the Council at their next meeting. Such charge shall be entertained, considered, and determined by the Council only, but the Council shall have power to appoint a committee of not less than three of their own body to investigate it and to report to them thereon. Should the Council find prima facie grounds for further proceedings, the Secretary shall send, in a registered letter, to the member or Licentiate against whom the charge is preferred, a statement of the charge, calling upon him to answer such charge in writing within fourteen days of the date of such letter, and, at their discretion, to appear in person before a meeting of the Council, or of a Committee of the Council. In default of the member's or Licentiate's compliance with the request in such letter, or if his explanation be in the judgment of the Council unsatisfactory, the Council shall have power to decree the reprimand of such member or Licentiate, his suspension for a period not exceeding twelve months, or his expulsion. No member or Licentiate shall be suspended or expelled
unless the Council so decide by a majority of at least two-thirds of those present, and in any case by the vote of at least twelve of those present. If they so decide, the member or Licentiate shall be suspended or expelled, and cease either temporarily or permanently, as the case may be, to be a member or Licentiate, on the Chairman at the next General Meeting announcing such decision of the Council to the members present; and the Secretary shall thereupon communicate the fact by registered letter to such member or Licentiate. In any case of such suspension or expulsion the fact shall, if the Council so decide, be recorded in the _Journal_ of the Royal Institute, and published in such newspapers as the Council may determine. Provided always that, should any facts be subsequently brought to the knowledge of the Council which in their opinion shall justify them in rescinding their previous decision in respect of such suspension or expulsion, they shall have power to do so with the concurrence of at least the number of votes required for the suspension or expulsion as herein provided, and in such case the Chairman at the next General Meeting shall announce the decision of the Council to the members present, and they shall publish such decision in the _Journal_ and the newspapers as before provided.

25. Diplomas of such forms and designs as the Council may from time to time prescribe shall be granted to every Fellow and Associate who is or shall be entitled thereto: and certificates of such forms and designs as the Council may from time to time prescribe shall be granted to every Licentiate who is or shall be entitled thereto.

The Diploma or Certificate shall bear the Common Seal of the Royal Institute, and be signed as provided by By-law 44. It shall remain the property of the Royal Institute, but shall be tenable by the member or Licentiate so long as he shall remain a member or Licentiate. When the holder shall cease to be a member or Licentiate, he shall, within seven days of demand being made in writing by the Secretary, return the Diploma or Certificate; but should he or his legal representatives fail to do so, or to explain his or their inability to do so to the satisfaction of the Council, the Council are hereby empowered to cancel the said Diploma or Certificate, and to sue for and recover the same with costs; and a notice of such cancelling shall be given by the Chairman at the next General Meeting, and shall be inserted in the _Journal_ of the Royal Institute.
and published in such newspapers as the Council may determine.

II. THE COUNCIL.

26. The Council shall consist of not more than forty-two, viz.—

(a) The President, four Vice-Presidents, an Honorary Secretary, eighteen Fellows as Members of Council, and six Associates as Associate-Members of Council.

(b) Two past Presidents of the Royal Institute.

(c) Presidents of the three Societies within the United Kingdom in alliance with the Royal Institute which on the 31st December of the year preceding the election contain the largest number of members of the Royal Institute. In the event of there being an equal number of such members in two or all of such Societies, then the Presidents of such of them as on the said date contain the largest number of Fellows of the Royal Institute. In the event of there being an equal number of Fellows in two or all, then the Presidents of such Societies as on the said date have the largest number of practising architects among their members.

(d) The Presidents of six other of the Societies within the United Kingdom in alliance with the Royal Institute selected as follows:—

The first six Presidents shall be of those Societies which on the 31st December of the year preceding the election contain the largest number of members of the Royal Institute. In the event of there being an equal number of such members in two or more of such Societies, then the provision applicable to the selection in Class (c) shall apply.

In subsequent years the Presidents, not exceeding six in any one year, of the remaining Societies shall be similarly selected until all the Societies in Class (d) are represented in regular rotation, and when all have been represented the process of rotation shall begin again and continue on the same lines.

In every case under (c) and (d) as a condition precedent to their nominations the Presidents of such Societies must be Fellows of the Royal Institute.

(e) One Fellow or Associate of the Royal Institute as representative of the Architectural Association (London).
27. No President of the Royal Institute who has filled the office for two successive years shall be again eligible for the Presidency until the expiration of two years from the termination of his tenure of office.

28. Any Fellow who is or has been a Member of Council shall be eligible to serve as Vice-President, but no Vice-President who has filled the office for four successive years shall be eligible for re-election as Vice-President until the expiration of two years from the termination of his tenure of office.

29. The Honorary Secretary shall be eligible to be re-elected from year to year. He shall, subject to the direction and control of the Council, have the management of the affairs of the Royal Institute, and shall cause Minutes to be taken of the proceedings of General Meetings, and of Meetings of the Council, of the Board of Education, and of the Standing and all other Committees of the Royal Institute, provided always that no Honorary Secretary who has filled the office for six successive years shall be eligible for re-election as Honorary Secretary until the expiration of two years from the termination of his tenure of office.

30. No past President serving on the Council under clause (b) of By-law 26 shall be eligible to serve for more than three successive years.

31. Any Fellow shall be eligible to serve as a Member of Council. Any Associate shall be eligible to serve as an Associate-Member of Council.

32. Two weeks prior to the Annual General Meeting in May, the Council shall issue to every member in the United Kingdom entitled to vote thereon a list of members whom they nominate to form the Council as provided in By-law 26, for the ensuing year of office. Such list shall contain the names of at least twenty-two Fellows and eight Associates as nominated for election as Members of Council and Associate-Members of Council respectively. Any seven or more members, the majority in all cases being Fellows, may nominate any other candidate for any of the offices named in By-law 26, (a) by delivering such nomination to the Secretary before the close of the Annual General Meeting, accompanied by a written undertaking by the nominee to serve if elected. The name of every candidate so nominated shall be added to the said list, which, with such added names (if any), shall be the voting list for the election. The names of all candidates for election shall be printed in the same type and in alpha-
ethical order. On this list shall be printed directions for its use by the members; and any list which fails to comply with such directions shall be rejected by the Scrutineers, and the votes shall be lost. The Scrutineers, who shall be appointed by the Council, shall have the direction of the election, their decision on any matter relating thereto being final, and five of them shall be a quorum. The voting list shall be issued to all members in the United Kingdom entitled to vote thereon within one week after the Annual General Meeting. No other document or communication besides the voting papers, directions for their use, and the envelope within which they are to be returned, shall be issued therewith. The voting list shall be returned to the Secretary, at least seven days before the first General Meeting in June, folded and enclosed in a sealed envelope, bearing on the outside the signature and Royal Institute serial number of the member voting. The Scrutineers shall, as soon thereafter as may be convenient, be summoned by the Secretary to meet at the premises of the Royal Institute, and at such meeting he shall deliver to them the said envelopes. They shall then proceed to open the said envelopes and take the voting lists therefrom, without unfolding them, adopting such measures as in their discretion they shall deem fit to prevent the identification of the voters. The Scrutineers shall then open the said voting lists and count the votes, and shall report the result to the first General Meeting in June. The members who receive the most votes shall be declared to be elected at the said first General Meeting in June to the respective offices for which they were nominated, and shall enter upon their respective duties from the first of July following. In the event of an equality of votes for the President or Honorary Secretary or for the last place of the four Vice-Presidents or of the eighteen Members of Council or of the six Associate-Members of Council, the election of the candidates so receiving such equality shall be determined by ballot of the members present having the right to vote and voting. The Council so elected shall remain in office until the last day in June of the year following that in which they were elected.

33. One-sixth of the Ordinary and Associate Members of Council—i.e. three Fellows and one Associate—shall be ineligible to serve again as Ordinary or Associate Members respectively for two years from the termination of their tenure of office; such members to be the seniors
in continuity of service, and in the event of equality of seniority the rotation to be decided by lot.

34. In the event of the death or resignation of the President, the Secretary shall forthwith forward to every member of the Council a notice thereof, and at a regular meeting of the Council, held not less than fourteen days after the date of such notice, the Council shall elect one of the existing Vice-Presidents to fill the vacant office until the next Annual Election of the Council, and the Vice-President so elected shall forthwith enter on his office.

In the event of the death or resignation of the Honorary Secretary, the Secretary shall forthwith forward to every member of the Council a notice thereof, and at a regular meeting of the Council, held not less than fourteen days after the date of such notice, the Council shall elect one of their members to fill the vacant office until the next Annual Election of the Council, and the member so elected shall forthwith enter on his office.

In the event of the number of Members of Council being reduced by death, resignation, or otherwise, below one-half of the full number prescribed in By-law 26 (a), the Council shall issue to every member within the United Kingdom entitled to vote thereon a notice thereof containing the names of such Fellows whom they nominate for the vacant offices. Within two weeks of such issue, any twelve members, the majority in all cases being Fellows, may nominate to the vacant offices any other Fellows, by forwarding their names to the Secretary, accompanied by a written undertaking by the nominees to serve if elected. The Council shall, within one further week, issue to every member entitled to vote thereon a voting list for the election, accompanied by a notice convening a Special General Meeting as provided in By-law 64, to be held not less than seven and not more than fourteen days after such notice. Such lists shall be returned to the Secretary at least three days before the date of such meeting. The Council shall appoint Scrutineers, and the Scrutineers, whose decision shall be final, shall count the votes, and report the result to the Special General Meeting. The form of voting list and the mode of procedure shall be similar to those provided in the case of the Annual Election. The Members of Council so elected shall enter forthwith on their respective offices.

The President, Honorary Secretary, and Members of Council appointed as herein provided shall remain in office until the last day in the following June.
35. The Council shall meet at the premises of the Royal Institute at least once in every month during the Session. Ten Members of the Council shall form a quorum. The President or any five Members of the Council may, by letter to the Secretary, require an Extraordinary Meeting thereof to be called.

36. Any Regulation made by the Council for carrying into effect the Charter and By-laws, and for the general management of the affairs of the Royal Institute, except as otherwise provided by the Charter, shall after notice given be reported to a General Meeting for confirmation by Resolution of the Royal Institute, and such Regulation shall be subject to repeal or alteration only at a Special General Meeting, to be summoned in the manner described in By-law 64 for the consideration of such repeal or alteration.

37. Any notice required by the Charter or the By-laws to be given to members may be a written or printed notice, and may be sent to members or Licentiates either separately or in or with, or if printed may be printed under the heading of "Notices," as part of the next issue of the Journal of the Royal Institute, as the Council may direct, and any notice shall be deemed to have been duly sent to a member or Licentiate when such notice, or the Journal in which it is sent or printed, addressed to the last address of the Member or Licentiate appearing in the Kalendar of the Royal Institute, has been put into the post or otherwise despatched.

38. No notices or other documents other than those necessary for the usual conduct of the business of the Institute shall be issued to the various classes of members and Licentiates, save those directed to be so issued by the Charter or By-laws or by Resolution of the Council, except that in case of emergency the President shall have power to issue any notice he may think fit, provided that he report his action at the next meeting of the Council.

39. Any appointment by the Council of the Secretary, or other officer or servant of the Royal Institute, shall reserve to the Council the right to terminate such appointment on giving such notice, not exceeding six months, as may be fixed by the Council at the time of the appointment, and no appointment without such reservation shall be valid.

40. The Council shall present a report on the state of the property and affairs of the Royal Institute to the Annual General Meeting, which report shall give an ab-
strac of the proceedings during the official year, an account of the funds (including a balance-sheet of the receipts and disbursements for the past year properly audited), and an estimate of the income and expenditure for the current year. A copy of the report shall be issued to every subscribing member within the United Kingdom, at least one week before the Annual General Meeting.

41. The Council shall, unless otherwise directed by any deed or trust, have the power to invest any entrance fees, surplus income, funds, donations, or endowments, in such securities as trustees are permitted by the High Court of Justice to invest in, and in the stock or shares of the Architectural Union Company (Limited); and such investments shall form part of the property of the Royal Institute.

42. All money belonging to the Royal Institute and not invested shall be deposited by the Council, on account of and for the use of the Royal Institute, with a Banker in London or Westminster.

43. No sum of money exceeding £10 shall be paid on account of the Royal Institute except by a cheque of the Council, signed by three members thereof, and countersigned by the Secretary or other officer nominated by the Council.

44. The Common Seal shall not be affixed to any deed or writing except at a meeting of the Council, and then only by their authority; and such deed or writing shall after the Seal has been affixed be signed by the President or the Chairman of the Meeting, by two other Members of Council present, and by the Honorary Secretary, or in his absence by another Member of Council, and countersigned by the Secretary. Every use of the Seal shall be recorded in the Minutes.

III. THE AUDITORS

45. The Royal Institute shall annually elect as Auditors one Fellow and one Associate, not Members of the Council. Candidates shall be nominated for the office at the Annual General Meeting on the first Monday in May, and their names shall be appended to the list of the Council nominated for election. The Auditors shall have access at all reasonable times to the accounts and securities. They shall examine the securities and the annual accounts before the latter are submitted to the Annual General Meeting, and shall report thereon to the Royal Institute. In
the event of the decease or resignation of an Auditor, another member of the Royal Institute shall be elected to the office by Resolution of the Royal Institute after notice given.

IV. THE SECRETARY.

46. The Council shall appoint an officer who shall be "The Secretary of the Royal Institute," and who shall be responsible to the Council, and, subject thereto, shall have the management of the establishment and the conduct of the executive business of the Royal Institute.

V. EDUCATION AND EXAMINATION IN ARCHITECTURE.

47. The Council shall annually appoint a Board of Architectural Education to deal with the education of students in architecture, and to conduct by Examiners approved by the Council such examinations as are required by the Royal Institute under the provisions of any Act of Parliament or of the Charter and By-laws. The Board shall not exceed twenty-one in number, inclusive of the President, who shall be an ex-officio member, and shall consist of such subscribing members of the Royal Institute and such other persons as the Council may invite. The Council may on the advice of the Board invite other representative persons to act as advisory members of such Board. The Board shall have power to elect its own officers from its members and to draw up regulations for its procedure. The Board may conduct its own correspondence, but shall take no public action nor incur any pecuniary responsibility. The Board shall submit any scheme they may devise for education and examination to the Council for their consideration; and if and when the Council shall approve such scheme the Board shall have the supervision thereof, and shall annually report to the Council thereon, and may submit any suggestions for variations thereof to the Council for their consideration.

The scheme adopted by the Council and any variation thereof adopted by the Council from time to time shall be forthwith published in the JOURNAL of the Royal Institute. No such variation shall in any way prejudice any student in respect to any work done by him under the scheme existing previous to such variation.

Every student who has passed the examination for that grade instituted or to be instituted by the Royal Institute,
and shall have satisfied such other requirements as the Council may from time to time prescribe as applying to students, shall be entitled to be registered as Student of the Royal Institute of British Architects subject to such conditions and to such restrictions as to continuance as the Council may determine, and a Register shall be kept setting forth the Students' names in the chronological order in which they have passed.

VI. ORDINARY COMMITTEES.

48. The Council shall have power to appoint Boards and Committees, for the purpose of dealing with specific subjects connected with the objects of the Royal Institute; and the reports of such Boards or Committees shall be submitted to the Council in writing. Such Boards or Committees may respectively appoint one of themselves to act as Chairman and one or more as Honorary Secretary.

VII. THE STANDING COMMITTEES.

49. Standing Committees for the promotion of the art, science, literature, and practice of the profession of Architecture shall be appointed annually.

50. The Standing Committees shall each consist of not more than twenty-one members, namely:—Ten Fellows and six Associates, to be elected annually in the manner hereinafter provided, and other members to be subsequently appointed by the Council, at least one of whom shall be a member of the Council. No member shall be eligible for election or appointment on more than one Standing Committee in any one year, and no member shall serve on the same Committee for more than six successive years.

51. The functions of the Standing Committees shall be to consider and investigate any subject appertaining to the branches of the profession of Architecture with which they are respectively entrusted, and to make reports and suggestions thereon to the Council. The publication of such reports or suggestions, or abstracts thereof, shall be left to the discretion and management of the Council. The Standing Committees may make communications at a General Meeting by the direction or leave of the Council Chairman of the said Meeting.

52. The Standing Committees shall each appoint from their own members a Chairman, Vice-Chairman, and one or more Honorary Secretaries. No Chairman of a Stand-
ing Committee who has filled the office for two consecutive years shall be again eligible for the Chairmanship until the expiration of two years from the termination of his tenure of office. The Standing Committees shall meet at the premises of the Royal Institute at such intervals as they may deem desirable. The Chairman or Vice-Chairman shall have power to summon a meeting of his Standing Committee at any time he may think fit. Five members shall be a quorum.

53. Four weeks prior to the Annual General Meeting in May, the Standing Committees shall each send to the Council a list of Fellows and Associates whom they suggest as suitable and eligible to serve on their respective Committees for the ensuing year of office. The procedure for the election, including the issue of a voting list by the Council, the nomination of other candidates, the preparation, issue, and return of the voting lists, and the duration of the Committee, shall be as provided in By-law 32 for the Annual Election of the Council, so far as such provisions are applicable; and Scrutineers appointed as therein provided shall have the conduct of the election. The voting lists shall be printed on paper of a colour distinctive from that of the voting list for the election of the Council.

54. The Standing Committees may conduct their own correspondence and business respectively, but shall take no public action nor incur any pecuniary responsibility.

55. In the first week of April in each year the Standing Committees shall each forward to the Council a report of their proceedings during the official year, which report, or a summary thereof, shall be incorporated in the Council's report to the Annual General Meeting.

VIII. GENERAL MEETINGS.

56. The Session shall commence on the first Monday in November in each year, and shall terminate in the following June, but it shall be in the power of the Council to vary the commencement and duration of the Session.

57. All General Meetings, excepting Special General Meetings, shall be held on Monday evenings at the premises of the Royal Institute. The chair at such Meetings shall be taken as soon after eight o'clock P.M. as there shall be a quorum of twenty subscribing members present, of whom the majority shall be Fellows. If such quorum be not constituted before 8.30 P.M. the Meeting shall not
take place, and all notices in respect thereof shall be held to have lapsed. The Council shall, at or before the beginning of the Session, fix the dates for General Meetings (excepting Special General Meetings), and a card containing such dates shall be forwarded to every member. The Royal Institute may by Resolution, after notice given, vary the date, time, and place of Meeting.

58. The Chair at General Meetings shall be taken by the President, or in his absence by one of the Vice-Presidents, or in their absence by a Member of Council; failing whom, any Fellow whom the Meeting may elect shall take the Chair.

59. A printed notice of every General Meeting, stating the date and hour at which it is to be held and the business to be transacted thereat, shall be sent to every member and Licentiate within the United Kingdom at least seven days previously. Any General Meeting may by Resolution adjourn from time to time, but unless the adjournment be for a period exceeding seven days no printed notice shall be necessary. The proceedings at General Meetings shall be conducted in accordance with Regulations to be made from time to time by the Council.

60. At least four Business Meetings, exclusive of the Annual General Meeting in May, shall be held during the Session at as nearly as possible equal intervals. At these Meetings elections for membership shall be taken, and any questions relating to the property or the management of the Royal Institute, or to any professional question, may be discussed thereat, and such proceedings shall be private and shall not be communicated to the public Press without the written consent of the Chairman of the Meeting; but notice of any motion intended to be submitted to a Business Meeting must be given in writing to the Secretary at least fourteen days before the date of such Meeting.

61. Questions relating to the property or the management of the Royal Institute or to any professional question shall be brought forward at Business or Special General Meetings only.

62. No Honorary Associate shall be entitled to vote in the election of any candidate for admission to the Royal Institute, or on any professional question or in the election of the Council and Standing Committees.

63. The Annual General Meeting shall be held on the first Monday in May, to receive and consider the Report of the Council. A list of the attendances at the Meetings
of the Council and of the Standing Committees shall be submitted to the Annual General Meeting.

64. The Council may at any time call a Special General Meeting for a specific purpose, and they shall at any time during the Session be bound to do so on the written requisition of twelve subscribing members, the majority in all cases being Fellows, which shall specify the nature of the business to be transacted, and no other business shall be discussed at such Meeting. A Special General Meeting shall be held within three weeks after the delivery of such requisition to the Secretary, and at least seven days’ previous notice thereof shall be sent to every member or Licentiate entitled to be present. The notice shall state the business to be discussed. If within half an hour after the time appointed for such Meeting there be not thirty subscribing members present, of whom at least sixteen shall be Fellows, no Meeting shall take place, and all notices in respect thereof shall be held to have lapsed.

65. The adoption of any new By-law, or the alteration, suspension, or repeal of any existing By-law, may be proposed by the Council, or in writing by any twenty Fellows. In either case a Special General Meeting shall be convened in the manner prescribed in By-law 64 to consider the proposal.

66. A Resolution respecting the adoption of a proposed By-law, or the alteration, suspension, or repeal of any existing By-law, shall be declared to be carried at a Special General Meeting if there shall be present at least forty Fellows; and if the same be supported by the votes taken by show of hands of a majority consisting of two-thirds of the Fellows present and voting thereon.

A Resolution on any proposal affecting the property or management of the Royal Institute shall be declared to be carried if there are present at least fifty members, of whom at least forty shall be Fellows, and if the same be supported by the votes taken by show of hands of a majority consisting of two-thirds of the members present having a right to vote and voting thereon.

A Resolution on any professional question shall be declared to be carried if there are present at least forty members, of whom at least twenty-one shall be Fellows, and if the same be supported by the votes taken by show of hands of a majority consisting of two-thirds of the members present having a right to vote and voting thereon.

A Resolution declared to be carried, and requiring under the provisions of the Charter to be confirmed at a subse-
quent General Meeting, shall be deemed to be so confirmed provided it be by a majority of those present having a right to vote and voting thereon at the said subsequent General Meeting. At such confirmatory Meeting the voting shall be by show of hands; and a Resolution of the Royal Institute so voted shall be declared to be carried if supported by a majority of those present having a right to vote and voting thereon.

67. The subject of a Resolution which has been submitted to a General Meeting and duly considered shall not be again submitted during the same Session without the previous consent of the Council.

IX. GENERAL CONFERENCES.

68. The Council may make arrangements for Conferences for the consideration of subjects of interest to the profession of Architecture, to be held sometimes in London and sometimes in the provinces.

X. THE ROYAL GOLD MEDAL.

69. In the case of the Royal Gold Medal the Council shall announce to the members, at a General Meeting, at least four weeks before the Special General Meeting at which the election is to be made, the name of the person they propose to submit to His Majesty as a fit recipient of that Honour; and any twelve Fellows desiring to substitute any other name shall deliver in writing to the Secretary a proposal signed by them, containing the name to be substituted, at least fourteen days before the day of election. If no name be so proposed for substitution before the said time, the nomination of the Council shall be submitted on the day of election to the Special General Meeting. If, however, any such substituted nominations be made, and be not accepted by the Council, the name proposed by the Council shall be first submitted to the Meeting; and if such name be not approved by Resolution, then the other names proposed as above, in the order of the date of nomination, shall be submitted. In any case the award shall be by Resolution of the Royal Institute.

XI. STUDENTSHPs AND PRIZES.

70. The Council shall, subject to the terms and conditions of any deed of gift or trust, define the programmes and conditions of competition for such Prizes, Medals, Exhibitions, Studentships or Scholarships, as have been or may from time to time be established by the Royal
Institute, or which have been or may hereafter be founded by private munificence and held in trust by the Royal Institute; and shall, by a deed or writing under the Common Seal, award the same, and shall announce such awards at the next General Meeting after the adjudication.

XII. MISCELLANEOUS.

71. Each member shall have the privilege of introducing at any Ordinary Meeting one Visitor, who shall enter his name in a book provided for that purpose, but the Council shall have power, on special occasions, to suspend this privilege on giving notice in the circular convening the Meeting.

72. The name of every person who shall contribute to the Collection, the Library, or the general funds of the Royal Institute, shall be published in the Journal of the Royal Institute.

73. Every Paper read or taken as read at General Meetings by any person may be published by the Council in any way and at any time that they may think proper, unless there shall have been a previous engagement with its author to the contrary.

74. The Charters, Deeds, and Securities of the Royal Institute shall be kept in the custody of the Banker on behalf of the Council, in an iron chest, with three separate locks, each having a different key; and one of the keys thereof shall be kept by the President, the Honorary Secretary, and the Secretary respectively.

75. The Common Seal shall be kept in an iron chest or safe at the offices of the Royal Institute; keys of the chest or safe being kept by the Honorary Secretary and the Secretary respectively, and the record of its use shall be entered in the Minutes.

76. The Presidential Chain and Badge of Office shall be placed in the safe at the offices of the Royal Institute.

XIII. ALLIED SOCIETIES.

77. Any Architectural Society in the United Kingdom, in India, or in any Dominion, Colony or Dependency of the United Kingdom, consisting in whole or in part of professional members, may be at the discretion of the Council admitted to alliance, subject to such regulations, limitations, and restrictions as may from time to time be prescribed by Resolution of the Royal Institute.
78. The constitutional rules or By-laws of Allied Societies shall be subject to the approval of the Council, and no addition thereto or variation thereof shall be made without previous notice to and approval by the Council.

79. The Royal Institute shall not be responsible for any acts, expenses, or other liabilities which may be done or incurred by any Allied Society.

80. If any Society in alliance with the Royal Institute desire to withdraw therefrom, such Allied Society shall be at liberty to do so after three months’ notice, and the Royal Institute may in like manner determine the alliance.

81. The Royal Institute shall, in each year, contribute to any Non-Metropolitan Allied Society not more than one-fourth of the annual subscription paid to the Royal Institute by each member thereof who is also a member of such Society, in respect of and for his subscription thereto; but in no event shall such contribution apply in the case of any one member to more than one Allied Society.

XIV. INTERPRETATION.

82. "The Royal Institute" shall mean The Royal Institute of British Architects. "The Charter" shall mean the Original Charter so far as unrepealed together with the Supplemental Charters of 1887 and 1909. "The Council" shall mean the Council of the Royal Institute of British Architects. "The Honorary Secretary" shall mean the one or more Honorary Secretaries of the Royal Institute as may from time to time be determined at any annual election, and in the event of there being more than one, any duty imposed on the Honorary Secretary shall be effectual if performed by any one of them. "The Secretary" shall mean "The Secretary of the Royal Institute," as defined in By-law 46. "Non-Metropolitan Architect" shall mean an architect who has no office or place of residence within a radius of twelve miles of Charing Cross in the City of Westminster. "Non-Metropolitan Architectural Society" shall mean a Society having no place of meeting within the said radius of twelve miles.
THE FORMS OF DECLARATION

A. FORM TO BE SIGNED BY A FELLOW.

I, the undersigned, ..... having been elected a Fellow of The Royal Institute of British Architects, do hereby declare that I have attained the age of thirty years, and have been engaged as principal for at least seven successive years in the practice of Architecture; and in consideration of my having been so elected I promise and agree that I will not accept any trade or other discounts, or give or accept any illicit or surreptitious commissions or emoluments in connection with any works the execution of which I may be engaged to superintend, or on which I may be employed under any other person or with any other professional business which may be entrusted to me. Lastly I declare that I have read the Charter and By-laws of the said Royal Institute, and will be governed and bound thereby, and will submit myself to every part thereof and to any alterations thereof which may hereafter be made until I have ceased to be a member; and that by every lawful means in my power I will advance the interests and objects of the said Royal Institute.

B. FORM TO BE SIGNED BY AN ASSOCIATE

I, the undersigned, ..... having been elected an Associate of The Royal Institute of British Architects, do hereby declare that I am engaged in the study [or practice] of Architecture, and have attained the age of twenty-one years; and in consideration of my having been so elected I promise and agree that I will not accept any trade or other discounts, or give or accept any illicit or surreptitious commissions or emoluments in connection with any works the execution of which I may be engaged to superintend, or on which I may be employed under any other person or with any other professional business which may be entrusted to me. Lastly I declare that I have read the Charter and By-laws of the said Royal Institute, and will be governed and bound thereby, and will submit myself to every part thereof and to any alterations thereof which may hereafter be made, until I have ceased to be a member; and that by every lawful means in my power I will advance the interests and objects of the said Royal Institute.

C. FORM TO BE SIGNED BY AN HONORARY ASSOCIATE.

I, the undersigned, ..... having been elected an Honorary Associate of The Royal Institute of British
Architects, do hereby declare that I am not following the profession of an Architect, but am interested in the study of Architecture; and, in consideration of my having been so elected, I promise and agree that I will be governed and bound by the Charter of Incorporation and By-laws of the said Royal Institute, which I hereby acknowledge to have read, and by any alteration thereof which may hereafter be made, until I shall have ceased to be an Honorary Associate; and that by every lawful means in my power I will advance the interests and objects of the Royal Institute.

D. FORM TO BE SIGNED BY A LICENTIATE.

I, the undersigned, ... having been elected a Licentiate of The Royal Institute of British Architects, do hereby declare that I have been for not less than ... years engaged ... that I am ... years of age, that I am not engaged in any other avocation than that of an Architect, or Architect and Surveyor, and in consideration of my having been so elected I promise and agree that I will not accept any trade or other discounts, or give or accept any illicit or surreptitious commissions or emoluments in connection with any works the execution of which I may be engaged to superintend, or on which I may be employed under any other person or with any other professional business which may be entrusted to me. Lastly I declare that I have read the Charter and By-laws of the said Royal Institute, and will be governed and bound thereby, and will submit myself to every part thereof and to any alterations thereof which may hereafter be made, until I have ceased to be a Licentiate; and that by every lawful means in my power I will advance the interests and objects of the said Royal Institute. And I hereby agree that I will not use after my name any other affix with reference to the Royal Institute than "Licentiate R.I.B.A."

REGULATIONS (BY-LAWS 3, 8, AND 10).

As regards By-law 3*—

Every person desiring to be admitted a Fellow shall in all cases submit for examination by the Council, as evidence of his abilities as a practising Architect, working drawings, and, if practicable, photographs of his executed works, with such further evidence, if any, as the Council may require. Such drawings and photographs shall be accompanied by a declaration, signed by the applicant, that the buildings to which they relate have been designed by himself.

* Approved at a Special General Meeting held 27th March, 1893.
As regards By-law 8*—

1. Any objection to an applicant for candidature whose name and address are published in the JOURNAL of the Royal Institute, or other communication respecting him, must be sent to the Secretary for submission to the Council within ten clear days from the date of issue of that number of the JOURNAL.

2. No nomination of any applicant for candidature shall be approved by the Council until after the lapse of at least fourteen days from the date of the publication of his name and address in the JOURNAL of the Royal Institute.

3. The day of election shall be the first Business Meeting held after the expiration of twenty-one days from the General Meeting at which the nomination was read.

As regards By-law 10†—

The voting papers, which shall be in the form of the voting papers issued for the election of the Council, shall state the name and address of every candidate, with the names of his respective proposers, the year in which he was articled, and, in the case of a candidate for Fellowship, the year in which he became engaged as a principal in the practice of Architecture.

RESOLUTIONS OF THE COUNCIL

The attention of Members and Licentiates is called to the following resolutions of the Council:—

1. That any Member or Licentiate of the Royal Institute who takes part in any competition as to which the Council shall have declared by a Resolution published in the Journal of the Royal Institute that Members or Licentiates shall not take part because the conditions are not in accordance with the published Regulations of the Royal Institute for Architectural Competition, or who acts as Architect or Joint Architect for a work which is or has been the subject of a competition in which he is or has been engaged as Assessor, shall be deemed to be guilty of unprofessional conduct, and shall be liable to reprimand, suspension or expulsion.

2. That in the opinion of the Council, the Royal Institute having adopted a Scale of Professional Charges, it becomes the duty of Members, when giving advice relating thereto, not to weaken the value of the Scale.

THE LIBRARY

The Library of the Royal Institute of British Architects consists principally of books presented by their authors, members of the corporate body. Many have been received in large donations, others by bequest. From time to time standard works of reference are purchased, to meet the requirements of the professional student, as well as to maintain the special character and historic value of the collection. Not the least interesting portion of the Library is that which includes rare and valuable editions of Foreign Works, mostly presented by Hon. Corr. Members.

From the 1st October till the end of June the Library is open from 10 a.m. to 8 p.m. (Saturdays 5 p.m.); in July and September it closes at 7 p.m. (Saturdays 2 p.m.). The Reference Library is closed during the whole of August, but Loan books may be received or issued between the hours of 12 and 2 daily (Saturdays 1 p.m.).

All Probationers, Students, and Qualified Candidates for Associateship on registration in the books of the Institute, are furnished with a card of admission, and such card must be shown by the reader at every visit. Cards are also granted on the recommendation of members of the Institute, professors of colleges, schoolmasters, and others, who are required to certify, on a form to be obtained at the Institute, that the persons they recommend are fit to be admitted to the privileges of the Reference Library and the Loan Collection.

The Council afford facilities to architects and others, not members of the Institute, to consult books in the Reference Library and to have the use of the Loan Collection. Applications should be made in writing to The Secretary R.I.B.A. at the Office of the Institute.
RULES TO BE OBSERVED IN THE LIBRARY.

THE REFERENCE LIBRARY.

1. Everyone using the Library must sign the Attendance Book placed at the entrance.

2. The front and back rooms are reserved for members of the Institute, but non-members are allowed access to any special books of reference there on application to the officer in charge.

3. No book or other work forming part of the Reference Library is allowed to be taken from the premises of the Institute, except by special resolution of the Council.

4. Readers desiring to trace are required to apply to the Librarian or official in charge for a form, which must be duly filled up, giving particulars of the work and specifying the portion it is intended to trace. Soft pencils only may be used in tracing. In the case of rare and other valuable works, in order to preserve the print from injury, isinglass will be supplied for the purpose of tracing.

5. No compasses of any kind may be applied to any of the works, and the use of ink is prohibited at any table on which rare or costly works are placed.

6. Readers are requested to inform the official in charge when they have finished with any work, in order that it may be restored to its place.

7. Silence is necessary in the Library, and all oral communications should be conducted in an undertone.

THE LOAN LIBRARY.

8. The Loan Library is open for the issue and return of books during the same hours as those appointed for the Reference Library.

9. Not more than one volume at a time is issued to any one borrower, except by permission of the Librarian, and no volume may be retained longer than fourteen days, unless a written renewal from the Librarian has been obtained [see No. 12].

10. Application for works must be made personally, except in the case of Members, Students and Probationers of the Institute, who may send a written request by a person authorised to receive and sign for them, or may apply in writing to the Librarian for the volume to be sent by post or rail.

11. A borrower is required to sign a voucher for each book he takes out, and is responsible for the work so long as the voucher remains uncancelled. A book will not be accepted as returned unless it be delivered by hand to the official in charge at the Library during Library hours, and the borrower’s receipt obtained in exchange. In the case, however, of a member of the Institute borrowing through the post, his letter of request shall be countersigned by the Librarian on the day when the volume is despatched, and shall be regarded as the borrower’s voucher. Volumes shall be despatched at the cost of the Institute and returned at the cost of borrowers. On the return of a book the Librarian shall at once send the member a receipt. Books due for return on days when the Library is closed must be returned on the first following day when it is open.

12. Application for renewal must be made personally or by postcard in sufficient time to allow of the book being punctually returned if it cannot be renewed; if renewed or otherwise, a notice from the Librarian will be sent.

13. A fine of threepence must be paid for every day or portion of a day during which any volume is retained beyond the time allowed, unless the bor-
rower can show a written renewal from the Librarian. And a fine of sixpence must be paid for every day or portion of a day during which any volume is retained after delivery at the borrower's address of a notice from the Librarian for its return (the day of delivery of such notice not included).

14. Borrowers are not to trace with ink or with a hard pencil, nor apply compasses of any kind to the works. Marking any book by writing, turning down leaves, &c., is strictly prohibited: this applies even to correction of a misprint, or to a single additional mark in a book, however much previously disfigured. Infringement of this rule will render the borrower liable to suspension from the use of the Loan Library. A borrower is liable to be called upon to replace at his own expense any work lost, marked, or injured while in his possession, or to pay a fine.

15. A borrower whose fines are unpaid will not be permitted to use the Loan Library; and if not a member of the Institute, he will also be debarred the use of the Reference Library.
REGISTER OF MEMBERS

[Additions and Corrections to 31st October, 1922.]

* Marked thus have been previously members of Council. The names of members of the present Council are printed in full capitals.
† Marked thus have received the Certificate of Competency to act (1) as District Surveyor in London granted by the Institute under the London Building Act, 57 & 58 Vict., cap. cxxiii, section 140; or (2) as Building Surveyor under Local Acts of Parliament.
‡ Marked thus have entered after passing an Examination qualifying for candidature as Associate.
§ Marked thus have been elected from the class of Licentiates, after passing the qualifying Examination. The distinctive affixes to names in this Register are restricted to hereditary titles and titles of honour; University degrees; to membership of the Royal Academies of Arts, of the English, Scottish and Irish Royal Societies and Societies of Antiquaries, of the Institutions of Civil Engineers (Great Britain and Ireland) and the Surveyors' Institution, and of the House of Commons.

FELLOWS (F.R.I.B.A.)

After the date of this our Charter no person shall save as hereinafter provided be admitted a Fellow of the Royal Institute unless he shall at the time of admission be either (a) an Associate of the Royal Institute or a person who has passed an Examination qualifying for admission to the class of Associates or (b) a Licentiate who has passed such Examination or Examinations as may from time to time be prescribed by the Council as a qualification for the admission of Licentiates to the class of Fellows. Provided however that the Council shall have power to elect and admit as a Fellow any Architect who shall have attained the age of thirty years and shall have been engaged as a principal for at least seven successive years in the practice of Architecture as to whom the Council may resolve that it is desirable to elect and admit him as a Fellow.—Extract from the Supplemental Charter 1900.

Every person desiring to be admitted a Fellow shall in all cases submit for examination by the Council, as evidence of his abilities as a practising architect, working drawings, and, if practicable, photographs of his executed works, with such further evidence, if any, as the Council may require. Such drawings and photographs shall be accompanied by a declaration, signed by the applicant, that the buildings to which they relate have been designed by himself.—Regulation under By-law 3.

The Architectural Association (London) is carried on under the authority of the Literary and Scientific Institutions Act 1854. Its objects are to provide facilities for the study of Architecture, and to serve as a medium of friendly communication between the members and others interested in the study and progress of Architecture.

The President for the time being of the Architectural Association, provided he be a Fellow or an Associate of the Institute, is annually nominated as a member of the Council of the Royal Institute of British Architects.

The work of the Association is carried on at 34, 35 and 36 Bedford Square, W.C., where the General Meetings are also held. Members under the age of twenty-three years are allowed the use of the Library of the Institute and are furnished with passes for that purpose.

A complete Course of instruction is given by means of the full-time Day Course in the School of Architecture, and upon completion of this Course students may continue their studies in the A.A. Design Club. The Day School is under the direction of Mr. Robert Atkinson [F.], Director of Education, and Mr. Howard Robertson, S.A.D.G., Principal, assisted by qualified masters and staff.

The Day School provides for five years of study, upon completion of which students are advised to enter architects' offices as Assistants, and continue their studies in Design in the evening in the A.A. Design Club, which is under the direction of a Committee and Jury composed of practising architects, assisted by members of the A.A. Day School staff.

The aim of the School is to provide for its students not only theoretical instruction in the Design and Engineering sides of architecture, but so to arrange its curriculum that the students, during their instruction, may find ample opportunity to gain practical experience in outside work or in the offices of practising architects.

The Council of the R.I.B.A. accept the Certificate issued upon satisfactory completion of the first three years of the Day School as granting exemption from the R.I.B.A. Intermediate Examinations. The A.A. Diploma, issued upon satisfactory completion of the full Five Years' Course, entitles the holder to exemption from the Final Examination of the R.I.B.A., with the exception of the examination in Professional Practice, and on passing the examination in this subject the holder becomes eligible for nomination for Associateship of the R.I.B.A.
THE TRIBUNAL OF APPEAL
(London Building Acts, 1894 to 1905)

Clerk of the Tribunal : Mr. Charles Herbert Love.
Offices : 13 Great George Street, Westminster, S.W.

The Tribunal of Appeal, as constituted under sections 175 and 178 of the London Building Act 1894, is composed of three members—one appointed by a Secretary of State, one by the Council of the Royal Institute of British Architects, and one by the Council of the Surveyors' Institution. The members are appointed for a term of five years, and are eligible for re-appointment. Appeal may be made to the Tribunal under the several sections set out in the London Building Act 1894 (57 & 58 Vict., c. ccxiii.) and in the London Building Acts (Amendment) Act, 1905 (5 Edw. 7, c. ccix.), the Tribunal having power to hear the parties interested in person, or by counsel, solicitor, or agent; to administer oaths; to hear and receive evidence; to require the production of documents or books; and to confirm, reverse, or vary any decision appealed against, and to make any such order as they may think fit, also to award costs in their discretion.

When any question of law is involved in any appeal submitted to them, the Tribunal may, on the request of the parties, and if ordered by the High Court, or a Judge thereof, on application in a summary manner made by any party to the appeal, shall state a case for the opinion of the High Court, which shall hear and determine any such question of law, and thereupon reverse, affirm, or amend the decision of the Tribunal, or remit the matter to them with the opinion of the Court on the case stated, or make such other order as to the matter and as to the costs of the case as the Court sees fit.

Any order of the Tribunal may be enforced by the High Court as if it had been an order of that Court.

With the approval of the Lord Chancellor, amended Regulations have been made as to the procedure to be followed in cases of appeal, and as to fees to be paid to the Tribunal by the Appellants and other parties, copies of which may be obtained from the Clerk to the Tribunal on application (price 1s.).

Appeals are to be lodged (by hand) at the Office of the Tribunal, and the fee thereon paid, within the periods (if any) prescribed by the Acts, and where no period is so prescribed, within the time required by the Regulations.

The Tribunal consists of the following members:

Mr. Alfred Arthur Hudson, K.C. [Hon. A.], appointed by the Home Secretary (President of the Tribunal).

Mr. John Slater [F.], appointed by the Council of the Royal Institute of British Architects.

Mr. Dendy Watney, F.S.I., appointed by the Council of the Surveyors' Institution.

All communications should be addressed to the Clerk of the Tribunal. All payments to be made in cash. Office hours, 10 to 4 (Saturdays, 10 to 1).
THE ALLIED SOCIETIES

The non-Metropolitan Societies allied to the Royal Institute of British Architects [see By-laws 78–82] are thirty-four in number, twenty-three being located in the United Kingdom, three in South Africa, one in East Africa, five in Australia, one in New Zealand, and one in Canada. Each Allied Society is the accredited centre of a district, and the agent of that district in its relations with the heart of the system in London.*

The NORTHERN ARCHITECTURAL ASSOCIATION has Newcastle for its centre, and Northumberland, Cumberland, and Durham for its province.

The LEEDS AND WEST YORKSHIRE ARCHITECTURAL SOCIETY has Leeds for its centre, and the West Riding and that part of the North Riding west of the railway line for its province.†

The YORK AND EAST YORKSHIRE ARCHITECTURAL SOCIETY has York for its centre, and the East Riding and that part of the North Riding to the east of the railway, including Northallerton, Middlesbrough, and Stockton, for its province.‡

The SHEFFIELD, SOUTH YORKSHIRE AND DISTRICT SOCIETY OF ARCHITECTS AND SURVEYORS has Sheffield for its centre, and Derbyshire, northern Lincolnshire, and a part of South Yorkshire for its province.†

The MANCHESTER SOCIETY OF ARCHITECTS has Manchester for its centre, and Westmorland, part of Lancashire, and part of Cheshire for its province.

The LIVERPOOL ARCHITECTURAL SOCIETY has Liverpool for its centre and parts of Lancashire and Cheshire, with the counties of Flint, Denbigh, Carnarvon, Anglesea, Merioneth, and Montgomery, and the Isle of Man for its province.

The NOTTINGHAM AND DERBY ARCHITECTURAL SOCIETY has Nottingham for its centre, and part of Nottinghamshire and Derby and south part of Derbyshire, and Lincoln and south part of Lincolnshire, for its province.

The BIRMINGHAM ARCHITECTURAL ASSOCIATION has Birmingham for its centre, and Warwickshire, Staffordshire, Shropshire, Herefordshire, and Worcestershire for its province.

The LEICESTER AND LEICESTERSHIRE SOCIETY OF ARCHITECTS has Leicester for its centre, and Leicestershire and Rutlandshire for its province.

The BRISTOL SOCIETY OF ARCHITECTS has Bristol for its centre, and Gloucestershire, Wiltshire, Somerset, and Dorset for its province.

The SOUTH WALES INSTITUTE OF ARCHITECTS has Cardiff for its centre, and Glamorgan, Brecknock, Radnor, Cardigan, Pembroke, Carmarthen, and Monmouth for its province.

† The line between the Sheffield and Leeds Provinces has been determined as follows:—From a point on the Lancashire and Yorkshire border through Peniston, Barnsley, Snaith, Goole, and then south of the River Ouse.
‡ The line between York and Leeds has been determined as follows:—The railway line from the River Ouse up to Darlington to form the dividing line.
The Devon and Exeter Architectural Society has Exeter for its centre, and Devonshire and Cornwall for its province.

The Northamptonshire Association of Architects has Northampton for its centre and the county of Northampton for its province.

The Hampshire and Isle of Wight Association of Architects has Southampton for its centre and the county of Hampshire and the Isle of Wight for its province.

The Berks, Bucks and Oxon Architectural Association has Reading for its centre and the three counties for its province.

The Norfolk and Norwich Association of Architects has Norwich for its centre and the county of Norfolk for its province.

In Scotland the Incorporation of Architects in Scotland, located in Edinburgh, is composed of the following Societies, which form Chapters of the Institute—viz., (1) the Aberdeen Society of Architects (the Aberdeen Chapter), having the counties of Aberdeen, Kincardine and Banff for its province; (2) the Dundee Institute of Architects (the Dundee Chapter), having the counties of Forfar, Perth, part of Fife and Kinross for its province; (3) the Edinburgh Architectural Association (the Edinburgh Chapter), having the counties of Edinburgh, Haddington, Linlithgow, Berwick, Roxburgh, Salkirk, Clackmannan, Peebles, and a portion of Fife for its province; (4) the Glasgow Institute of Architects (the Glasgow Chapter), having the counties of Lanark, Renfrew, Ayr, Wigtown, Kirkcudbright, Dumfries, Stirling, Dumbarton, Argyle and the Isles for its province; (5) the Inverness Architectural Association (the Inverness Chapter), having the counties of Inverness, Elgin, Nairne, Ross and Cromarty, Sutherland, Caithness, also Orkney and Shetland and the Western Islands for its province.

In Ireland the Royal Institute of the Architects of Ireland has Dublin for its centre, and the whole of Ireland for its province.

The Home District of the Royal Institute of British Architects comprises, with London for its centre, Middlesex, Essex, Hertfordshire, Bedfordshire, Surrey, Sussex and Kent; and until the formation of a Society in Cambridge, the counties of Cambridge, Huntingdon, and Suffolk.

The Society which it is proposed should be established in the Eastern Counties would have Cambridge for its centre, and Cambridgeshire, Huntingdonshire, and Suffolk for its province.

In Australia the Institute of Architects of New South Wales, located in Sydney; the Queensland Institute of Architects, located in Brisbane; the Royal Victorian Institute of Architects, located in Melbourne; the Royal Institute of Architects of Western Australia, located in Perth, W. Australia; and the South Australian Institute of Architects, located in Adelaide, are the accredited representatives and agents of their respective provinces in their relations with the Institute.

In New Zealand the New Zealand Institute of Architects, located in Wellington, is the accredited representative of the Dominion in its relations with the Institute.

In Canada the Royal Architectural Institute of Canada, located in Montreal, is the accredited representative of the Dominion in its relations with the Institute.
THE BERKS, BUCKS AND OXON ARCHITECTURAL ASSOCIATION.

[Province: The Counties of Berkshire, Buckinghamshire, and Oxfordshire.]
Headquarters: University College, Reading.
Hon. Secretary: Harry Hutt [A.J.], 164 Friar Street, Reading.

The Berks, Bucks and Oxon Architectural Association was founded in June, 1921, its objects being: (a) The advancement of architecture and the promotion and encouragement of its study and appreciation; (b) the care and protection of the interests of the architectural profession; (c) the provision of a medium of friendly communication between its members and others interested in architecture, and of mutual assistance, by consultation, advice or mediation, in professional questions amongst architects in the three counties. The membership consists of Fellows, Associates, Students, Associate Craftsmen and Hon. Members.

(a) Fellows must be practising Architects, not combining any other business with their profession of Architecture except that of Land and Quantity Surveying or Civil Engineering, and must be Members or Licentiates of the Royal Institute of British Architects, or the Society of Architects, must either have served Articles to Architects of recognised qualifications, or passed successfully through the Course at a "Recognised School." In any special case the Council may relax this rule.

(b) Associates must be Architects' Assistants who have been engaged at least six years in the study or practice of Architecture. Assistants who are Members or Licentiates of the R.I.B.A. or the Society of Architects shall be eligible for election as Fellows.

Provision is made in the By-laws for the formation of Branches either for the whole of any of the aforesaid counties with the capital town of the county as Centre, or for Districts having an important city or town for centre, as may be determined by the localities affected, subject to the Council's approval. Branches already formed are the following:

Reading Society of Architects (88 members).
Oxford Society of Architects (19 members).
Slough Society of Architects (18 members).

Each Branch has its own executive. The Council of the Association refunds to the respective Branches half the annual subscriptions received from the members of each Branch, these sums to be used for Branch working expenses. Each county may appoint four representatives on the Council, not more than two representatives to be elected from one Branch. Any Branch having a membership of more than thirty (Fellows, Associates or Students) may appoint one additional representative for every fifteen additional members above thirty. The Council meet every three months, or upon request of three Members of Council, at Reading, Oxford or Slough, as arranged by the Council. The Annual General Meeting of the Association is held either at Reading, Oxford or Slough in the month of May.
Officers and Council of the Berks, Bucks and Oxon Architectural Association.

Hon. Secretaries.
A. L. Snow [A.], 105 Colmore Road, Birmingham.
A. G. Jenson, 20 Carpenter Road, Birmingham.

The Birmingham Architectural Association was founded in 1873 for the promotion of union and professional integrity among its several classes of members; the establishment, as far as possible, of uniformity of practice; the general advancement of architecture, and of the arts and sciences connected therewith. The Association consists of Fellows—architects who have been in practice at least three years; Associates—architects not eligible as Members, architects’ assistants and pupils; Honorary Members—persons who are not architects, but interested in architecture and the allied arts; Subscribers—persons engaged in the various crafts connected.
with the architectural art. The Annual General Meeting is held in April. General Meetings are held fortnightly on Fridays from the months of October to March.

Through the efforts of the Birmingham Architectural Association a School of Architecture has been founded at the Municipal School of Art, Birmingham, under the Directorship of Mr. W. H. Bidlake, M.A. [F.], Past President of the Association.

Sketching excursions are arranged for students, visits made to old buildings and to buildings in progress, and prizes offered for reports and sketches of the buildings visited. A permanent room is available for meetings, and the Library is open during the day.

BRISTOL SOCIETY OF ARCHITECTS.

[Province: Gloucestershire, Wiltshire, Somerset, and Dorset. Centre: Bristol.]

Hon. Secretary.
W. J. Stenner [A.], Guildhall Chambers, 24 Broad Street, Bristol.

The Bristol Society of Architects was established in 1850, and re-organised in 1888. The Society exists for the purpose of maintaining the interests of the profession; for the educational advancement of local students; for the formation of a Library; and for insuring a uniformity and respectability of practice. The Members consist of Fellows—architects who have attained the age of thirty years, and who have been engaged as principals for at least five successive years in the practice of architecture; Associates—persons engaged in the study or practice of architecture who have attained the age of twenty-one years; Honorary Associates—persons not professionally engaged in practice as architects, who, by reason of their interest or ability in art, science, literature, or archaeology, or their experience in matters relating to architecture or building, may appear to the Council to be able to render assistance in promoting the objects of the Society; Students—persons engaged in the study of architecture, and who are not less than 16 years of age. Students have the privilege of attending ordinary meetings of the Society and of joining in discussions, but have no voice in the control of the Society's affairs. All Students are expected to qualify themselves for passing the Examinations of the R.I.B.A. The Annual General Meeting is held the second Monday in April, and monthly meetings are held from October to May, at which Papers are read and the business of the Society transacted. The Society, in collaboration with the Royal West of England Academy, was instrumental during the year 1920-21 in establishing the School of Architecture of that Academy, opened by H.R.H. the Prince of Wales on 10th July 1921. The School is carried on at the premises of the Academy, and is open to students of Architecture irrespective of age or sex. It is affiliated with the school of the Architectural Association of London, but is controlled as to its educational policy and curriculum by a Council of which the majority are members of the Council of the Society who are also Artist Members of the Academy. The curriculum closely follows that of the school of the Architectural Association, the teaching being by masters who are masters at that school. The general system of education is, however, that of combined apprenticeship to a practising architect and school work, though special cases are dealt with on their merits, and apprenticeship and office work are not compulsory.

ROYAL ARCHITECTURAL INSTITUTE OF CANADA.
590 Union Avenue, Montreal.

Hon. Secretary.
Alcide Chausse, J.P., 590 Union Avenue, Montreal.

The Royal Architectural Institute of Canada was founded as the Institute of Architects of Canada, 19th August 1907; was incorporated by Special Act of the Dominion Parliament, 16th June 1908 (7 & 8 Edward VII., Chap. 82,) under the corporate name of "The Architectural Institute of Canada," and was granted Royal permission to adopt the prefix "Royal" to its corporate name, 2nd June 1909.

The Charter of the Institute was amended by a Special Act of Parliament, sanctioned 1st April 1912, and on 7th October 1912 the Council surrendered to a new Council, composed of the delegates of the various provincial associations of architects in Canada, all the assets and affairs of the Institute. This completes the Federation of all the Canadian architectural bodies, which has been the aim of the founders of the Institute since the date of its formation on the 19th August 1907.

The Federated Societies consist of the Alberta Association of Architects, the Manitoba Association of Architects, the Ontario Association of Architects, the Province of Quebec Association of Architects, the Saskatchewan Association of Architects, and the Architectural Institute of British Columbia.

The objects of the Royal Institute, as set forth in its Charter, are "to facilitate the acquirement and interchange of professional knowledge among its members, and more particularly to promote the acquisition of that species of knowledge which has special reference to the profession of architecture, and further to encourage investigation in connection with all branches and departments of knowledge connected with that profession." There are four classes of members—viz. (1) Honorary Members, who are persons eminent in Architecture or kindred sciences; (2) Corresponding Members, persons not residing in the Dominion of Canada, eminent as architects or archaeologists, or in art, science or literature, who may render assistance in promoting the objects of the Royal Institute; (3) Fellows, who must have practised as architects for at least ten years; (4) Associates, architects having practised as architects for at least two years. A Code of Ethics, Schedule of Usual and Proper Minimum Charges, and Regulations for Architectural Competitions, were adopted in the General Annual Assembly on the 29th September 1908, held in Ottawa, Ont. The General Annual Assembly is held in September or October.

THE CAPE INSTITUTE OF ARCHITECTS.

Cape Town, South Africa.

Registrar.

H. J. Brownlee [A.], c/o Messrs. Reid & Delbridge, Parliament Chambers, Parliament Street, Cape Town.

The Cape Institute of Architects, founded in 1899, was admitted to alliance with the Royal Institute of British Architects in 1907. There are three classes of members:—Fellows, Associates, and Honorary Fellows. Fellows must be architects who have attained the age of thirty years and have served articles for at least three years to a recognised practitioner, or can otherwise satisfy the Council as to their qualification, and who have been engaged as principals for at least five successive years in the practice of architecture. Associates must be persons engaged in the study or practice of architecture who have attained the age of twenty-one years, and have served at least three years’ articles or apprenticeship or can otherwise show proofs of proficiency to the satisfaction of the Council. Honorary Fellows must be persons distinguished by artistic, scientific, or literary attainments, and architects not resident in South Africa. The Council have power under the By-laws to decide conclusively respecting the admission as a candidate for election of each person proposed as a member. The acceptance by any Fellow or Associate of any surreptitious commission or consideration from any builder, or dealer, or agent, or other person, on account of materials or goods supplied to works being carried out under his supervision, or any conduct which in the opinion of the Council shall be derogatory to his professional character, shall be deemed ground for his expulsion or suspension. Meetings are held once a month during the Session from April to November. The Annual General Meeting is held the second Thursday in April. The R.I.B.A. Schedule of Professional Practice as to the Charges of Architects” has been adopted by the Cape Institute, with such modifications as the different conditions of the Colony necessitate.

DEVON AND EXETER ARCHITECTURAL SOCIETY.

[Province : Devon and Cornwall. Centre : Exeter.]

Hon. Secretary.

A. R. Holman [A.], Castle House, Exeter.

The Devon and Exeter Architectural Society was founded in 1890. The objects of the Society are:

1. a. The promotion of union and professional integrity among its several classes of members; the establishment as far as possible of uniformity of practice; and the general advancement of Architecture and the various Arts and Sciences connected therewith. b. To secure an adherence to honourable conduct in the practice of the profession. c. To establish and maintain an acknowledged code of professional charges and rules of practice.

2. To obtain and consider information respecting Competitions and other matters affecting the profession, and, where practicable, to advise Committees or others desiring professional aid, and to endeavour to ensure equitable terms and awards, upon the Suggestions for the Conduct of Competitions issued by the R.I.B.A.

3. To afford mutual assistance by advice or mediation in cases of misunderstanding either between members and their clients, or between members themselves, or in any other way deemed expedient.

4. To establish a Library for the use of members.

The Society consists of three classes of members, viz. Members, Associate Members, and Associates, wholly engaged in the profession of architecture and surveying, and not connected with any of the building trades. Members must be architects in practice on their own account or in partnership and above the age of twenty-five years, and have been engaged as principals for at least two successive years in the practice of architecture. Associate Members consist of gentlemen in practice not eligible for full membership, or who have qualified for Associateship R.I.B.A., or who have served as architects' pupils or assistants for a period of not less than five years and have attained the age of twenty-two years, who shall have full voting powers in the affairs of the Society. Associates include all assistants who have duly served articles, and pupils serving in articles or receiving other training recognised by the R.I.B.A., who shall enjoy all the privileges of membership, but shall have no vote in its elections, nor any voice in the administration of its affairs. The Council have the entire management and direction of all the affairs of the Society. The Meetings of the Society are held at various dates. Special Meetings may be convened on the requisition of the President and Hon. Secretary; or by the wish of the Council. Prizes are offered to the Associate Members and Associates for measured drawings. Arrangements have been made for members to join the Architectural Association Class of Design. The Society possesses a Library for the use of Members.

ROYAL INSTITUTE OF THE ARCHITECTS OF IRELAND.

(INCORPORATED.)

31 South Frederick Street, Dublin.

[Province: The whole of Ireland. Centre: Dublin.]

Hon. Secretary,

George F. Beckett, 31 South Frederick Street, Dublin.

The Royal Institute of the Architects of Ireland was founded in 1839 and incorporated in 1908. The objects of the Institute are—(1) The general advancement of Architecture; (2) The maintenance of the interests, status, and uniformity of practice of the profession, and (3) The maintenance of communication and friendly relations with other bodies associated for similar purposes. The Institute consists of Students, Members, Fellows, Honorary Members, and Honorary Corresponding Members. Fellows and Members are known as “registered members.” Students must have attained the age of nineteen years, and (a) have signed articles to serve for a period of at least three years as Apprentice to a Member or Fellow of the Institute, or of the Royal Institute of British Architects or of the Societies allied to it, or to an Architect approved by the Council, or who shall have satisfied the Council that they have received adequate architectural training, and (b) who shall have passed such examination as may be from time to time prescribed, or shall have obtained an Architectural Degree in any recognised University. Members must be Architects of good repute who have attained the age of twenty-three years, and (a) who have been students of the Institute for at least two years; or (b) who have been engaged for at least seven successive years in practice as principals, and who are, in the opinion of the Council, fit and proper persons to be admitted to membership; or (c) who have passed the Associate Examination of the Royal Institute of British Architects. Fellows may be elected from the rank of Members by a general vote of registered Members, provided they are architects of good repute, and have attained the age of thirty years and been engaged for ten successive years in the practice of Architecture as principals. Persons not being in practice in Great Britain or Ireland, who are eminent for their works or scientific acquirements, are eligible to be associated to the Institute.
without any contribution, under the designation of Honorary Members if resident within the United Kingdom, or of Honorary Corresponding Members if resident abroad. Meetings of the Council are held the first Monday in the month at 11 a.m., except during July, August and September. The Ordinary General Meetings are held on a convenient Thursday in February, April, June and November. The Annual General Meeting is held in December, at which meeting the Council for the ensuing year is elected. There are Standing Committees for Professional Practice, Examination, Arts, and Publication, with special Committees for Ancient and Historic Buildings, and Housing of the Working Classes. The annual subscription for a Student is half a guinea, for a Member one guinea, and for a Fellow two guineas. A Journal of Proceedings is published annually.

Leeds Institute, Cookridge Street, Leeds.

[Province: The West Riding and that part of the North Riding west of the railway line. Centre: Leeds.]

Hon. Secretary.

F. L. Charlton [A.], 62 Woodhouse Lane, Leeds.

The Leeds and West Yorkshire Architectural Society was founded in 1876, and registered on the 10th November 1885, under Section 23 of the Companies Act, 1867. The Society consists of Members—architects who have been in practice at least two years prior to election; Associates—architects' assistants, pupils, or architects who are not eligible as Members, or who have not been nominated as Members; and Honorary Members—persons interested in the arts and sciences associated with Architecture. The Society arranges visits of inspection to old and new buildings periodically during the summer months, and a course of evening lectures is given during the winter session. Several prizes are offered annually by the Society for measured and other drawings, designs, &c.

LEICESTER AND LEICESTERSHIRE SOCIETY OF ARCHITECTS.

[Province: Leicestershire and Rutlandshire. Centre: Leicester.]

Hon. Secretary.

Clement Stretton [A.J., Alliance Chambers, Horsefair Street, Leicester.

The Leicester and Leicestershire Society of Architects was founded in 1872. The objects of the Society are:

(1) To maintain the alliance to the Royal Institute of British Architects; (2) To establish and maintain an acknowledged code of professional charges and practice; (3) To obtain and consider information respecting competitions, town planning, and other matters affecting the profession, and, where practicable, to advise with committees or others desiring professional aid, and to endeavour to ensure equitable terms and awards; (4) To afford mutual assistance, by advice or mediation, in cases of misunderstanding, either among members themselves, or between them and their employers, or between the members and those employed in works under their superintendence, and generally to promote personal acquaintance and good feeling among members of the Society; (5) To establish an architectural reference library for the use of the various constituent members of the Society, and to advance the professional knowledge and interests of members of the Society in any way that may from time to time be deemed expedient.

The members consist of four classes, viz.: Hon. Members—retired architects and others; Full Members—architects who have been engaged for not less than three years as principals; Associate Members—architects in practice, but not eligible as Full Members, or Associates R.I.B.A.; and Assistant and Pupil Members—assistants and pupils not less than 16 years of age, in the office of an architect, surveyor, or civil engineer in practice in the counties of Leicester or Rutland. The Society possesses a Library to which all its members have access, and has issued a schedule of professional charges and practice. Prizes are awarded by the Council of the Society to pupils and others for the best Architectural Sketches, Measured Drawings, and other Competitions, particulars of which are published in the Society’s Annual Report. General meetings are held at various dates, due notice of which is issued to all members by the Honorary Secretary. The Annual General Meeting is held in April or May.

company, the Certificate of Incorporation bearing date 22nd August 1901. The objects of the Society are:— (a) To undertake and encourage the general advancement of civil architecture, and to promote and facilitate the acquirement of the knowledge of the various arts and sciences connected therewith. (b) To promote professional integrity and honourable practice, and generally to promote honourable relations in the profession. (c) To obtain information and to consider and discuss all subjects and questions connected directly or indirectly with the art, science, and professional practice of Architecture. (d) To support and protect the status of architects and of surveyors practising in, or in the vicinity of, the city of Liverpool, and for that purpose to confer with and advise public bodies and others on all matters affecting the interests of the profession, and, if necessary, to take active means to protect such interests. (e) To establish and maintain a library of architectural books and a collection of designs, prints, and other articles of interest to the profession. (f) To advance and encourage professional study by organising classes for study, competitions for prizes to be given by the Society, and the delivery of lectures, and by such other means as may be thought expedient.

The Society consists of two classes of members—viz., Fellows and Associates. The Fellows are architects or surveyors who have attained the age of twenty-eight years, and who for not less than three years have been engaged as principals in professional practice. The Associates are persons who have attained the age of twenty-one years and are engaged in the study or practice of Architecture or Surveying. There are honorary classes for Honorary Fellows and Honorary Associates, and a class for Students.

The Society has a Library and Reading Room which is open daily for the use of the members and students.

Sessional Meetings are held from October to April inclusive. The Annual General Meeting is held in April.

corporated under Section 23 of the Companies Act, 1867, as a limited company, the Articles of Association bearing date the 16th June 1891. The objects are:

(a) To support and protect the character, status, and interests of architects practising in, or in the vicinity of, Manchester, and to promote personal acquaintance and good feeling between members of the Society. (b) To establish and maintain an acknowledged Code of professional practice and charges, &c. (c) To advance and encourage professional knowledge and study in the younger members of the profession by the foundation of classes for study, competition for prizes given by the Society, delivering of lectures and other means. (d) To obtain and consider information respecting competitions and all other matters affecting the profession, &c. (e) To afford mutual assistance by advice and mediation in case of misunderstanding between members, or between members and their employers or those employed under them, and in any other way to promote honourable conduct in the profession generally. . . . (g) To establish, form, and maintain a Library or other collection of architectural works, and to acquire, by purchase or donation, books, designs, drawings, and other articles of interest in connection with the profession.

The members consist of Fellows, who have been engaged in practice at least five years, and who are entitled to use the affix F.M.S.A.; Associates, who are at least twenty-three years of age, engaged in the study or practice of Architecture as a profession, and who are entitled to use the affix A.M.S.A.; Students, who are under twenty-three years of age and are engaged in the study of Architecture either as assistants or pupils. The Society possesses a Loan and Reference Library, containing some eleven hundred volumes, which is open to students, other than members, on certain conditions. Students’ meetings are held during the Session, when Papers on architectural subjects are read. A large number of prizes are offered by the Society in competition to members of the Society, or to pupils or assistants in the offices of architects in Manchester or in the offices of members of the Society. The more important include the President’s prize of Three Guineas for water-colour sketches; Mr. Beaumont’s Prize (Three Guineas) for the best selection of Measured Drawings, &c., for the Society’s Sketch-Book; Prizes for Sketches and Measured Drawings; the Mills and Holden Prizes; and Prizes for the best work done in connection with the School of Architecture. The Council meet every month; General Meetings of the Society are held every three months, and Sessional Paper Meetings are held during the winter. The Annual General Meeting is held in April.

NATAL INSTITUTE OF ARCHITECTS.

[Durban.]

T. H. Chaplin, 18 and 19 Field Street Buildings, Field Street, Durban.

The Natal Institute of Architects was founded in 1901, and was incorporated the 23rd May 1902. The objects for which the Institute is established are the promotion and advancement of architectural art and practice, and its allied arts, sciences, and crafts, and the maintenance of the honour and the interests of the profession of architecture. In furtherance of these ends the Institute seeks “to improve and elevate the technical and general knowledge of persons engaged in, or about to engage in, the architectural profession, or any employment connected directly or indirectly therewith, and to provide for the delivery of lectures and the holding of classes, and to test by examination or otherwise the competence of such persons; and with such object to award prizes, certificates, and distinctions; and to make, institute, and establish scholarships, grants, rewards, and other benefactions; to establish and maintain in Natal libraries and museums of models, designs, drawings, and such other things as may be deemed of interest to the members of the Institute, and lecture and class-rooms or other institutions; to institute lectures or courses of lectures; and to establish schools for the study of architecture and its allied arts, sciences, and crafts in Natal”; to arrange and promote the settlement of disputes by arbitration; to provide for and facilitate social intercourse between members; to organise and hold architectural

congresses, exhibitions, and award medals and certificates; to prepare, edit, and publish architectural books, pamphlets, maps, drawings, &c. The Institute consists of three classes of members—viz. (1) Honorary Members; (2) Members, who must be directly engaged in the profession of architecture and be above twenty-three years of age; (3) Associates, who must be strictly engaged in the pursuit of architecture and be above eighteen years of age. As a condition precedent to admission Members have to sign a Declaration identical in terms with that of the R.I.B.A. The Annual General Meeting is held not later than March, and Ordinary General Meetings are held at such times and places as the Council appoint. Special Meetings may be called by the Council or on the requisition of members. Professional practice as to charges is regulated by a printed schedule based upon that of the R.I.B.A.

INSTITUTE OF ARCHITECTS OF NEW SOUTH WALES.
[INCORPORATED.]

Secretary,
J. J. Lough, Royal Society's House, 5 Elizabeth Street, Sydney.

The Institute of Architects of New South Wales, which was originally founded in 1871, was reconstructed in 1880, and formed into a corporate body with limited liability under section 54 of the Companies Act, 1874. The Memorandum of Association was amended by special resolution, con-

firmly by the Supreme Court of N.S.W., in December 1920. Among the objects of the Institute are:—

The advancement of Architecture; the examination of applicants for membership; to represent generally the views of the profession, to preserve and maintain its integrity and status, and to suppress dishonourable and unprofessional conduct or practices; to afford means of adjusting professional differences and to decide all questions of usage or courtesy in connection with the profession; to promote professional good feeling and friendly intercourse amongst the members; to watch over, protect and promote the interests of the profession generally; to increase the confidence of the public in the profession; to acquire, form, and maintain Art and Scientific Libraries and Museums; to encourage and reward the study of Architecture by articled pupils and others.

The Institute consists of Life Fellows, Fellows, Associates and Honorary Fellows, and such other classes or members, either subscribing or non-subscribing, as may be hereafter established by the Institute. Life Fellows are Architects who have been Fellows not less than ten years and who are elected Life Fellows for eminent services rendered to the Institute. Fellows are Architects who have attained the age of 30 years, and who have served articles for at least three years to a recognised practitioner or otherwise can satisfy the Council as to their qualifications, and who have been engaged as principals for at least seven years in the practice of architecture, and have erected buildings of sufficient importance in the judgment of the Council. Honorary Fellows are gentlemen distinguished by scientific, artistic or literary attainments.

Associates are persons engaged in the study or practice of Architecture who have attained the age of 21 years and have served at least three years’ articles or otherwise can satisfy the Council as to training and who have passed such examination or examinations as may be directed by the Institute according to a standard fixed from time to time by the Council. Associates of the Royal Institute of British Architects, or of any other incorporated Association of Architects, which the Council may from time to time recognise as upholding a sufficiently high standard of qualification, may be admitted to ballot without being required to pass an examination. An Associate need not pass examination prior to election as Fellow. A Code of "Professional Practice and Charges," based upon that of the Royal Institute, but adapted to the different conditions of the State, was adopted in General Meeting on the 12th August 1890, revised and adopted in General Meeting on 29th April 1915, and again revised and adopted in General Meeting on 27th November 1919.

The Annual General Meeting is held in February or March.

NEW ZEALAND INSTITUTE OF ARCHITECTS.

[Registered Office: 39 Johnston Street, Wellington, N.Z.]

Secretary.

D. G. Johnston, P.O. Box 1527, Wellington.

The New Zealand Institute of Architects was established in 1905 for the following among other objects:—To represent generally the views of the profession, to preserve and maintain its integrity and status, and to suppress any dishonourable or unprofessional conduct or practices; to afford means of adjusting professional differences, and to decide all questions of usage or courtesy in connection with the profession; to promote good feeling and friendly intercourse amongst its members; to watch over, protect, and promote the interests of the profession generally; to hold annual conferences in the principal towns in New Zealand; to publish an annual journal, giving an account of the proceedings of the Institute, including Papers read, and illustrations of architectural works in New Zealand; to acquire, form, and maintain an Art and Science Library and Museum; to encourage the study of the profession by articled pupils, and to give prizes and rewards. District Branches of the Institute are located at Auckland, Hawkes Bay, Wanganui, Wellington, Canterbury, Otago, and Southland. Each District Branch is governed (subject to the Rules of the Institute) by a Committee of its own election consisting of a President, Vice-President, Hon. Secretary, and two other members. An Annual Meeting of each Branch is held in the month of December, not less than fourteen days before the Annual Meeting of the Institute, and at this meeting the Committee present a report on the affairs of the Branch. The Annual General Meeting of the Institute is held in February.

NORFOLK AND NORWICH ASSOCIATION OF ARCHITECTS.

Hon. Secretary.

E. W. B. Scott [A.], 24 Castle Meadow, Norwich.

The Norfolk and Norwich Association of Architects was founded in 1921. The objects of the Association are the advancement of architecture, the promotion of efficiency and the protection of the interests of the members, the maintenance of a code of professional charges and practice and the affording of mutual assistance and the promotion of personal intercourse among the members.

The membership, which includes almost all the practising architects in the province of the Association, consists of three classes, viz.—

Members: Members or Licentiates of the R.I.B.A. and architects who have been in practice on their own account for not less than two years.
Associate Members: Architectural draughtsmen, architects' pupils, and architects engaged on the staffs of business firms. Honorary Members: Persons who by interest or ability appear to the Council able to render assistance in promoting the objects of the Association.

The annual meeting is held in January. Other meetings, lectures and outings are arranged by the Council. Students' competitions are held annually.

NORTHAMPTONSHIRE ASSOCIATION OF ARCHITECTS.
9 Gold Street, Northampton.

Hon. Secretary and Treasurer.

The Northamptonshire Association of Architects was instituted in 1911, its objects being the promotion of union and professional integrity among members, the establishment as far as possible of uniformity of practice, and the general advancement of Architecture and the various arts and sciences connected therewith. Members are of four classes, viz.: (1) Members, who must be engaged in practice as principals; (2) Associates, who must be engaged as architects’ assistants or articled pupils; (3) Honorary Members; (4) Associated Craftsmen.

NORTHERN ARCHITECTURAL ASSOCIATION.

[Province : Northumberland, Cumberland, and Durham. Centre : Newcastle.]

Hon. Secretary,
G. T. Brown [F.], 51 Fawcett Street, Sunderland.

Assistant Hon. Secretary,
Geo. H. Gray [A.], 50 Camden Street, North Shields.

The Northern Architectural Association was founded in 1858, and the rules and constitution were revised in 1885, and again in 1911 and 1921. The objects of the Association, as stated in the new rules, are to promote union amongst the members; the elevation of the profession of Architecture; the establishment of uniformity of practice and professional charges; and the general advancement of the art and science of Architecture. There are 222 members in the Association, consisting of four classes, viz.:

Members—architects in practice as principals, or as town or county architects, who have so practised for not less than three consecutive years immediately preceding their nomination; Associates—architects not yet eligible as Members, or assistants (over twenty-one years of age) in the offices of gentlemen eligible as Members or Associates; Students—persons engaged in the study of Architecture in the offices of gentlemen eligible as Members or Associates, and not exceeding the age of twenty-one years, except when they are still pupils and exceed that age; and Honorary Members—gentlemen eminent for distinguished attainments recommended by the Council. Members and Associates only have the right to vote. Under the Glover Trust the Council offer Prizes in books of the following value:

(1) Prize of Five Guineas (age limit 25 years) and Prize of Five Guineas (age limit 21 years) for Measured Drawings of existing work.

The asterisk (*) denotes a Licentiate R.I.B.A.
(2) Prize of Five Guineas (age limit 25 years) and Prize of Five Guineas (age limit 21 years) for Architectural Sketches made from and finished at the actual building.

(3) The Glover Travelling Studentship, the Glover Medal, and a Prize of Twenty-five Guineas open to Students or Associates for Architectural Study in the United Kingdom.

There is a Students' Club in connection with the Association, and a library. The session commences in November; and meetings, at which Papers are read and professional questions discussed, are held in each month up to and including March of the following year. The Annual General Meeting is held in March.

THE INCORPORATION OF ARCHITECTS IN SCOTLAND.

Secretary and Treasurer:

The Incorporation of Architects in Scotland was founded in 1916 for the following objects:—

(1) To organise and unite in fellowship the Architects of Scotland, and to combine their efforts for the general advancement of Architecture and for the promotion of the aesthetic, scientific and practical efficiency of the profession.

(2) To consolidate and co-ordinate the interests and activities of the existing professional organisations throughout Scotland.

(3) To promote and facilitate the acquirement of the knowledge of the various Crafts, Arts and Sciences connected with Architecture.

(4) To foster the study of the national Architecture of Scotland and to encourage its development.

(5) To consider and discuss all subjects connected directly or indirectly with the profession of Architecture, and to ascertain and express the considered opinion of the profession on such subjects.

(6) To maintain the status and protect the interests of the profession.

The Incorporation maintains local divisions of its members known as Chapters, to each of which a definite portion of the whole territorial area of Scotland is assigned as its sphere of influence and action.

The Incorporation consists of three classes of Active Members: Fellows, Associates, and Students; and two classes of Honorary Members: Honorary Fellows, and Honorary Corresponding Fellows. Fellows must be over thirty years of age, engaged as principals for at least five successive years, or engaged in professional education under an Educational Body in Scotland, recognised as such by the Council. Associates must be over twenty-one years of age and resident in Scotland, who, having completed a term of pupilage or the equivalent in the Schools, are engaged in the practice of Architecture as principals, or employed as assistants in an architect’s office recognised as such by the Council, or are engaged in professional study or education. Students must be over sixteen years of age and resident in Scotland who are pupils in an architect’s office or are engaged in the study of Architecture in the Schools or in such other way as the Council recognise as equivalent; candidates for the studentship must have obtained at least the Intermediate Certificate of the Scottish Education Department or its equivalent. Associates who have been engaged as principals for five years and who are otherwise eligible for Fellowship must apply for admission as Fellows, failing which the Council may consider they have resigned; in like manner Students on becoming eligible must apply for admission as Associates, or have their names removed from the list. Membership of the Incorporation is conditional on concurrent membership of the Chapter within whose territory the member’s office is situate. Each Chapter has its territorial designation as a Chapter of the Incorporation, but it may, with the consent of the Council of the Incorporation, retain a proper name or title other than its designation as a Chapter of the Incorporation. The Chapters number five, viz.:
Each Chapter has its own President and Council, who manage the affairs of the Chapter and prepare an Annual Report for submission to the Annual Convention of the Scottish Incorporation. Each Chapter Council appoints from its own Chapter representatives to serve on the Council of the Incorporation. The Presidents of the several Chapters are Vice-Presidents of the Incorporation. Each Chapter may make new By-laws for its own government subject to the approval of the Council of the Incorporation. The Annual Convention of all the Members is held in or about the month of May at the place fixed at the preceding Annual Meeting. At the Annual Convention the new President is elected and installed.

SHEFFIELD, SOUTH YORKSHIRE AND DISTRICT SOCIETY OF ARCHITECTS AND SURVEYORS.
The University, Sheffield.

[Province: Northern Derbyshire, Northern Lincolnshire, and part of South Yorkshire. Centre: Sheffield.]

Hon. Secretary.
H. B. S. Gibbs [A.], 15 St. James' Row, Sheffield,

The Sheffield, South Yorkshire and District Architectural Society was founded in 1886 for the advancement of the profession of architect and surveyor; for promoting and facilitating the acquisition of a knowledge of the various arts and sciences connected therewith, and the education of the junior members thereof; and for the consideration of questions of professional practice. The members consist of five classes: Fellows, Associates, Students, Honorary Members, and Lay Members. The Fellows are practitioners who have been engaged as principals for not less than five years in their professions; the Associates are principals or assistants, over twenty-one years of age; the Students are articled pupils; the Honorary Members are persons distinguished for their connection with Art and Science; the Lay Members are gentlemen not practising but interested in Architecture or Surveying, and not following any of the building trades. Papers are read, and professional questions discussed, on the second Thursday in each month from October to April, both inclusive. The Annual General Meeting is held in April.

SOUTH AUSTRALIAN INSTITUTE OF ARCHITECTS.  
(INCORPORATED.)
North Terrace, Adelaide.

Hon. Secretary.
Guy St. J. Makin, Grenfell Street, Adelaide.

The South Australian Institute of Architects was founded in 1886. There are three classes of members: Fellows, Associates, and Honorary Members. Fellows must have attained the age of 30 years, and practised as principals for at least seven years. Associates must not be less than 21 years of age and have served at least three years’ articles to a practitioner approved by the Institute and have passed such examinations as may be required by the Council. The articles of apprenticeship of pupils have to be registered with the Institute, and the date of registration will be taken as the date of commencement of apprenticeship. No articles will be registered until the pupil has passed the Junior Public Examination of the University, or its equivalent. Candidates for Associateship must submit Testimonies of Study required by the R.I.B.A. and pass an examination following the lines of the R.I.B.A. Intermediate and Final. The Annual General Meeting is held in July or August.

THE SOUTH WALES INSTITUTE OF ARCHITECTS.

[Province: Glamorgan, Brecknock, Radnor, Cardigan, Pembroke, Carmarthen, and Monmouth. Centre: Cardiff.]

Hon. Secretary.

Ivor P. Jones [4], 6 and 7 St. John's Square, Cardiff.

The South Wales Institute of Architects was founded in 1890, and consists of Fellows, Associates and Honorary Members. Fellows must be practising Architects, not combining any other business with their profession of Architecture, except those of Land and Quantity Surveying, Land Agency and Valuing and Civil Engineering, and must either have served articles to Architects of recognised qualifications, or be members of the Royal Institute of British Architects or the Society of Architects;
or Architects' Assistants who are Associates or Licentiates of the R.I.B.A.
or Members of the Society of Architects, unless the Council shall see
reason to relax this rule in any special case. Associates must be Architects'
Assistants over twenty-one years of age. Students must be Architects'
Articled Pupils, or Day Students in any recognised Architectural School.
Honorary Members must be persons who have rendered or may be in a
position to render to Architecture or the South Wales Institute of Archi-
tects such service as in the opinion of the Council entitles them to that
distinction.

ROYAL VICTORIAN INSTITUTE OF ARCHITECTS.

'(INCORPORATED.)

57-59 Swanston Street, Melbourne.

Hon. Secretary.

W. M. Campbell, 57-59 Swanston Street, Melbourne.

The Royal Victorian Institute of Architects was founded in 1871, and incorporated under the Statutes of the Parliament of Victoria, Nos. 109 and 764, in 1890. Its objects are the advancement, protection, and elevation of Architecture as an art, and the cultivation of friendly intercourse between members. The Institute consists of Life Fellows, Fellows, Associates, and Honorary Fellows. Life Fellows are architects elected by the Institute for eminent services rendered to the Institute. Fellows are architects who have attained the age of thirty years, and have served articles for at least three years to a recognised practitioner, or have satisfied the Council as to their qualifications and have been engaged as principals for at least ten years in the practice of Architecture, and have erected buildings of sufficient importance in the judgment of the Council. The Institute has power to declare that every person desiring to be admitted as a Fellow shall be required to have passed such examination or examinations as may be directed by the Institute. Honorary Fellows are gentlemen not practising as architects, and distinguished by scientific, artistic, or literary attainments. Associates must be persons engaged in the study or practice of Architecture who have attained the age of twenty-one years, and have served at least four years' articles, or otherwise can satisfy the Council as to training, and who have passed such examination or examinations as the Institute may direct. In special
cases the Council have power to dispense with such Examination. Associates of the Royal Institute of British Architects, or of any other incorporated Association of Architects which the Council may from time to time recognise as upholding a sufficiently high standard of membership, may be admitted to ballot without being required to pass an examination. The Institute has power to hold examinations at such times and places within the State of Victoria, or elsewhere, and in such a manner, as the Council may determine. The Institute has power to grant diplomas or certificates in connection with examinations as the Council may prescribe.

YORK AND EAST YORKSHIRE ARCHITECTURAL SOCIETY.

[Province: The East Riding and that part of the North Riding to the east of the North Eastern Railway, including Northallerton, Middlesbrough, and Stockton.
Centre: York.]

Hon. Secretary.
J. E. Reid [Licentiate R.I.B.A.], 9 Mill Lane, York.

The York and East Yorkshire Architectural Society was founded in 1882, the objects being to afford facilities for the study of Architecture,
The asterisk (*) denotes a Licentiate R.I.B.A.
sanitary engineering, and other subjects identified with the architectural profession; and to advance the professional interests of the members. It is endeavoured to carry out these objects by means of (1) Papers and discussions upon all subjects and questions connected directly and indirectly with Architecture; (2) The preservation of ancient and historical architectural monuments and buildings; (3) The advancement and encouragement of professional knowledge and study in the younger members of the profession by the foundation of classes for study and the award of prizes for satisfactory work; visits to works in progress, and to buildings ancient and modern; sketching, and such other methods as may be determined from time to time. Further, by supporting and protecting the character and uniformity of practice of the profession, and promoting personal acquaintance and good feeling between the members, and honourable conduct in the profession generally. The members consist of three classes, viz., Fellows—architects who have been in practice more than two years, or hold chief public appointments; Associates—students of Architecture, assistants, or others in the profession who are not eligible as Fellows; Honorary Members, those who have any direct or indirect interest in Architecture, or in some of the collateral arts and sciences. The Annual General Meeting is held in May.

The R.I.B.A. Archibald Dawny Scholarships. In accordance with the terms of the will of the late Sir Archibald Dawny, the R.I.B.A. offer annually for competition between students of "Recognised Schools" three scholarships, two of £50 per annum for two years (£100 in all) and one of £25 per annum for two years (£50 in all). The scholarships are intended to foster the advanced study of construction, and the improvement generally of constructional methods and materials and their influence on design, and will be awarded for excellence in construction, with the idea of assisting the winner in the further study of construction. The competition is open to all students of Recognised Schools who have completed within the preceding year, or are about to complete, their full three years' course in architecture.

SCALE OF PROFESSIONAL CHARGES.
First issued in 1872; Revised in 1898 and 1919.

CONDITIONS OF ENGAGEMENT.

The Architect is employed subject to the following Conditions founded upon the Customs of the Profession, and his remuneration is payable according to the Scale of Charges hereinafter stated, which Scale is fixed and accepted on the basis of the same Conditions:

(a) That the general supervision which the Architect will give to the work is such periodical inspection by him or his deputy as may be necessary to ensure that the work is being carried out in accordance with his design, but constant superintendence of the Works does not form part of the duties undertaken by him and is not included for in the following Scale of Charges.

(b) That in all cases in which constant superintendence is required a Clerk of Works shall be employed for this purpose. He shall be nominated or approved by the Architect and appointed and paid by the Client. He shall be under the Architect’s direction and control, but the Architect shall not be held responsible for any fraud or negligence on the part of the Clerk of Works.

(c) That the issue of a certificate by the Architect for a payment to the Contractor implies only that in the Architect’s opinion work has been done at the date of the certificate to the value stated thereon, and to the best of his belief in accordance with the contract or order. No certificate, however, whether final or otherwise, shall be held to render the Architect responsible for improper execution of the work or for any breach by the Contractor of the terms of the contract or order.

(d) That the Architect has authority to give such orders on behalf of the Client as are necessitated in the Client’s interests by constructional emergencies.

(e) That the Architect is empowered to make such deviations, alterations, additions, and omissions as he may reasonably consider desirable in the Client’s interests in carrying out the works, provided that no material addition to the cost of the contract or order is caused thereby.

(f) That the fees of any Consultant or Consultants retained for any part of the work with the concurrence of the Client shall be paid for by the Client.
(g) That in all cases in which any projected work is not proceeded with for a period of two years after drawings have been prepared the Architect's services shall be paid for as for abandoned work.

(h) That all drawings, specifications, and documents prepared by the Architect shall remain his property, the copyright in the same being reserved to him.

(i) That the cost of the preparation of quantities, the measurement and valuation of variations, additions, omissions, and the preparation of the statement of accounts is not included in the Charges named in Clauses Nos. 1 to 9, but is to be paid in addition thereto.

Scale of Charges.

Clause 1.—For taking the Client's instructions, preparing sketch design, making approximate estimate of cost by cubic measurement, or otherwise, preparing drawings and specifications for the purpose of estimates, obtaining tenders, advising on tenders and in preparation of contract, selecting and instructing Consultants, furnishing to the Contractor one copy of the drawings and specification and such other details as are necessary for the proper carrying out of the works, general supervision as above defined, issuing certificates for payment, and passing and certifying accounts, the charge in respect of new works is to be a percentage on the total cost of all executed works as follows:—

(a) If the contract or order exceeds £2,000 the percentage is to be 6 per cent.

(b) If the contract or order does not exceed £2,000 the percentage is to be 10 per cent. in the case of works costing £100 graduated to 6 per cent. in the case of works costing £2,000 as the special character of such works may render appropriate.

Clause 2.—In the case of alterations of and additions to existing buildings a higher percentage may be charged, not exceeding twice the amount due under Clause 1 for new works of the same cost.

Clause 3.—In works in which designs for fittings, appointments, decorations, or complex detail or construction are main features, special fees may be charged according to the circumstances, and also for designs for furniture.

Clause 4.—In addition to the percentage on the total cost of executed works, the Architect is to be paid in respect of all works included in the tender or order, but not executed, two-thirds of the charge which would have been due upon them had they been carried out.

Clause 5.—If the project or part of it be abandoned, or if the services of the Architect cease or are dispensed with before a contract is entered into or order given, the charges in respect of the works abandoned or for which the Architect was employed (as the case may be) are as follows:—

(a) For taking Client's instructions, preparing sketch design, and making approximate estimate of cost by cubic measurement, or otherwise, one-fourth of the percentage stated in Clauses 1 or 2 (as the case may be) on the estimated cost of such works.
(b) For taking Client's instructions, preparing sketch design, making approximate estimate of cost by cubic measurement, or otherwise, and preparing drawings and particulars sufficient to enable quantities to be prepared or a tender obtained, two-thirds of the percentage stated in Clauses 1 or 2 (as the case may be) on the estimated cost of such works.

Clause 6.—On a contract being entered into or order given for the works the Architect shall be entitled to an instalment of two-thirds of the charge calculated on the total amount of the contract or order, and no part of such payment shall be reclaimable from the Architect in the event of the subsequent abandonment of the works. The remainder of the Architect's remuneration shall be payable by instalments from time to time as the work proceeds.

Clause 7.—In all cases where work is executed wholly or in part with old materials, or where material, labour or carriage is provided by the Client, the percentage shall be calculated as if the works had been executed throughout by a Contractor, and with new material.

Clause 8.—The foregoing percentages do not cover the following services, for which, and for any other services not covered by any payment herein provided for, additional charges may be made in accordance with the amount of work involved:—

Advising as to the selection and suitability of site. Negotiations relating to the site or building. Surveying the site or building and taking levels, and making surveys, measurements, and plans of existing buildings.

The preparation of further sketch designs necessitated by a material alteration in, or addition to the Client's instructions, or altering the working drawings and specification in consequence thereof prior to the commencement of the works. Altering drawings, or preparing new drawings, and other services involved in consequence of variations or additions desired by the Client after the commencement of the works. Making extra drawings for the Client's or Contractors' use, and making drawings for and negotiations with ground landlords, adjoining owners, public authorities, or others, and making applications for licences and consents.

Making arrangements in respect of party walls and rights of light and other easements, reservations or restrictions. Services in connection with litigation or arbitration. Services consequent upon or resulting from the death or bankruptcy of Contractors or the failure or neglect of Contractors from any cause whatever to carry out the works in accordance with the contract or order or consequent upon the fraud or negligence of the Clerk of Works. Services in connection with fire, flood, or tempest during the execution of the works, and services in connection with the planning of grounds or gardens.

Clause 9.*—In the case of housing schemes and laying out estates, special arrangements may be required in exceptional circumstances, but

* The Scales of Fees, etc., set out in this clause were approved of by the Ministry of Health, the Board of Agriculture and Fisheries, and the Scottish Board of Health in September, 1919. They have since been superseded by the issue of General Housing Memoranda Nos. 31, 51D, 52, and 61.
for ordinary cases the following scales of fees and arrangements shall apply:—

I.—Architects.

A. Preparation of Lay-out Plans.—For the preparation of a plan or scheme from existing maps, showing roads, builders' plots and buildings in block, including:—

1. Conferences with local authorities and their officials;
2. Surveying, levelling, and preparation of contour plan;
3. Lay-out plan (where necessary) to 1/2500 scale;
4. Detailed lay-out plan or plans to 1/500 scale;

but exclusive of the preparation of detailed plans of buildings:—

For the first 25 houses .... £1 per house.
For the next 75 houses .... 10s. per house.
For the remainder .... 7s. 6d. per house.

In cases where the number of houses has not been determined, the fees shall be based on an average of 10 houses per acre.

Where a fully contoured plan of the site is provided by the local authority, a deduction shall be made in respect thereof, from the fees above stated, of £1 per acre.

B. Roads and Sewers.—For preparing working drawings, specifications and quantities for roads and sewers in accordance with the lay-out plans prepared under Section A, advising on the same and on the preparation of contract, furnishing to the contractor one copy of the drawings, specifications and quantities, general supervision, issuing certificates, measuring up, passing and certifying the accounts:—

For the first 25 houses .... £2 per house.
For the next 75 houses .... £1 per house.
For the remainder .... 15s. per house.

C. Cottages and Flats.—For taking instructions, preparing sketch design, making approximate estimate of cost, preparing drawings and specifications, obtaining tenders, advising on tenders and on preparation of contract, selecting and instructing consultants, furnishing to the Contractor one copy of the drawings and specifications, and such other details as are necessary for the proper carrying out of the works, general supervision, issuing certificates for payment, and passing and certifying accounts:—

5 per cent. upon the first 12 cottages or flats.

$2 \frac{1}{2}$ " " " next 60 " "
$1 \frac{7}{4}$ " " " remainder.

This scale covers the ordinary variations in type of house and such modifications as are made to avoid monotony in appearance.

Save in exceptional circumstances, it is not desirable that any one architect or firm of architects should be entrusted with more than 250 houses in any one scheme, but the fees payable in respect of each 250 houses shall be calculated as above, whether or not several architects be employed thereon.
II.—Quantity Surveyors.

For the preparation of bills of quantities:—

2 per cent. upon the first 12 cottages or flats
1 per cent. upon the next 60 cottages or flats.
3/4 per cent. upon the next 178 cottages or flats.
1/4 per cent. upon the remainder.

This scale covers the ordinary variations in type of house, and such modifications as are made to avoid monotony of design.

For measuring variations on the contract and adjusting the final accounts, the remuneration shall be at the rate of 1 1/2 per cent. on additions, and 1 per cent. on omissions brought into account.

The above scale is exclusive of all disbursements in respect of printing, lithography, and other out-of-pocket expenses.

The scales of fees set out in Clause 9 are intended to include all necessary duties of an architect and surveyor incidental to the carrying out of the work, including such duties as are involved in complying with the requirements of the Ministry of Health.

Clause 10.—For approving plans submitted by a lessee and for inspecting the work during its progress so far as may be necessary to ensure the conditions being fulfilled, and certifying for lease when required, the charge is as follows:—

For each £100 or part of £100 of the total cost up to £500, 2 1/2 per cent., the minimum fee being £3 3s.

For each £100 or part of £100 from £500 up to £5,000, 1 1/2 per cent.

For each £100 or part of £100 above £5,000, 1 guinea per cent.

Clause 11.—For qualifying to give evidence, settling proofs, conferences with Solicitors and Counsel, attendances in Courts or before Arbitrators or other tribunals, and for other services in connection with litigation and arbitration, the charges are based upon the time occupied and the professional standing of the Architect.

Clause 12.—For surveying and making a plan of a town, village, street or road, estate or grounds, or any part thereof, for taking levels, setting out streets or roads, and for other services in connection with land not otherwise specifically provided for, the charges are by time in accordance with Clause 21.

Clause 13.—For inspecting, reporting and advising on the sanitary condition of premises, the charge is by time in accordance with Clause 21, the minimum fee being £3 3s., in addition to the cost of assistance and appliances.

Clause 14.—

(a) For taking out Quantities and preparing Bills of same, the charge is 2 1/2 per cent. upon the estimated cost of the work up to £5,000, and 2 per cent. upon the cost above £5,000.

(b) For very small or for elaborate works, or for alterations, an increased percentage is charged according to the circumstances.

(c) For pricing out Quantities, or for preparing approximate estimates, the charge is 1/2 per cent. upon the amount.

(d) When an Architect is instructed to measure and value for the purpose of arriving at the amount of an interim certificate, the charge is 1/4 per cent. upon the amount.
(e) Measuring for, and making account of variations upon building works, including pricing, the charge is 2½ per cent. upon the gross amount of additions, and 1½ per cent. upon the gross amount of the omissions.

(f) For taking particulars on site and writing specifications for alterations, the charge is based upon the time occupied or by way of additional percentage, as may be agreed.

(g) For preparing, pricing, and agreeing a Schedule of Prices the charge is ½ per cent. upon the cost of the work, or, in small matters, according to the time occupied.

(h) For measuring up work executed on Schedule, and preparing account and pricing same, the charge is 2½ per cent. upon the total amount of the account, or, in small matters, according to the time occupied.

In all cases where work is executed wholly or in part with old materials, or where material, labour or carriage is provided by the Client, the percentage shall be calculated as if the works had been executed throughout by a Contractor, and with new material.

Clause 15.—For estimating dilapidations and furnishing or checking a schedule of the same, the charge is 5 guineas per cent. on the sum agreed, the minimum fee being £5 5s. For negotiating settlement of claim and for other services, the charge is by time in accordance with Clause 21.

Where one Surveyor acts between both parties the minimum charge shall be scale and a half, divisible between them.

Clause 16.—For valuing property for whatever purpose, except as provided in Clause 17, the charge is as follows:—

For each £100 or part of £100 of the value up to £1,000, 1 guinea per cent., the minimum fee being £3 3s.

For each £100 or part of £100 from £1,000 to £10,000, half a guinea per cent.

For each £100 or part of £100 above £10,000, a quarter of a guinea per cent.

Clause 17.—For valuing and negotiating the settlement of claims under the Lands Clauses Consolidation Acts, or other Acts for the compulsory acquisition of property, the remuneration is on Ryde’s Scale as follows:—

On Amount of Settlement, whether by Verdict, Award, or otherwise.

Beyond this half a guinea per cent.
Clause 18.—For negotiating the purchase of estates and property, and advising as to value if required, the charge is as follows:—
For the first £100, 2½ per cent.
For each £100 or part of £100 of the purchase price from £100 to £5,000, 1½ per cent.
For each £100 or part of £100 of the purchase price above £5,000, ¾ per cent.
Where more than one property is dealt with, a separate fee for each may be charged.
Where no purchase is effected, the usual fee for valuation will be charged.

Clause 19.—For negotiating the sale of estates and property, or introducing a purchaser, and advising as to value if required, the charge is double that stated in Clause 18.

Clause 20.—If the work should be at such a distance as to lead to an exceptional expenditure of time in travelling, an additional charge may be made under Clause 21.

Clause 21.—In cases in which charges are based upon the time occupied they will depend upon the professional standing of the Architect, the minimum fee being five guineas per day, exclusive of charges for Assistants’ time.

Clause 22.—The foregoing Scale is, in all cases, exclusive of the cost of copies of documents, lithography, travelling and hotel expenses, and all other disbursements, which are to be charged in addition.

REGULATIONS* OF THE ROYAL INSTITUTE OF BRITISH ARCHITECTS FOR ARCHITECTURAL COMPETITIONS.

[Re-issue after revision: December 1910 and February 1921.]

It is assumed that the object of the Promoters is to obtain the best design for the purpose in view. This object may best be secured by conducting all Competitions upon the lines laid down in the following Regulations, which have been framed with a view to securing the best results to the Promoters with scrupulous fairness to the competitors.

Members of the Royal Institute of British Architects and Allied Societies do not compete excepting under conditions based on these Regulations.

The conditions of a Competition shall contain the following Regulations (A) to (F) as essential:—

(A) There shall be appointed for every Competition one or more fully qualified professional Assessors, to whom the whole of the designs shall be submitted.

(B) No Promoter of a Competition, and no Assessor engaged upon it, or any employee of either, shall compete or assist a competitor, or act as architect, or joint architect, for the proposed work.

(C) Each design shall be accompanied by a declaration, signed by the competitor, or joint competitors, stating that the design is his or their own personal work, and that the drawings have been prepared under his or their own supervision. A successful competitor must be prepared to satisfy the Assessor that he is the bona fide author of the design he has submitted.

(D) The premiums shall be paid in accordance with the assessor’s award, and the author of the design placed first by the Assessor shall

* The Regulations are not intended to apply to small limited private Competitions.
be employed to carry out the work, unless the Assessor shall be satisfied that there is some valid objection to such employment, in which case the author of the design placed next in order of merit shall be employed, subject to a similar condition. The award of the Assessor shall not be set aside for any other reason.

(E) If no instructions are given to the author of the design selected by the Assessor to proceed within twelve months from the date of the award, then he shall receive payment for his services in connection with the preparation of the Competition drawings of a sum equal to \(\frac{1}{2}\) per cent. on the amount of the estimated cost. If the work is subsequently proceeded with, the \(\frac{1}{2}\) per cent. previously paid to him shall form part of his ultimate commission.

(F) The selected Architect shall be paid in accordance with the Schedule of Charges sanctioned and published by the Royal Institute of British Architects.

1. The Promoters of an intended Competition should, as their first step, appoint one or more professional Assessors, architects of established reputation, whose appointment should be published in the original advertisements and instructions. The selection of an Assessor should be made with the greatest possible care, as the successful result of the Competition will depend very largely upon his experience and ability.

The President of the Royal Institute of British Architects is always prepared to act as honorary adviser to Promoters in their appointment of Assessors.

2. The duties of an Assessor are as follows:

(a) To confer with and advise the Promoters on their requirements and on the question of cost and premiums to be offered.

(b) To draw up instructions for the guidance of competitors and for the conduct of the Competition, incorporating the whole of the clauses of these Regulations which are applicable to the particular Competition.

Note.—It is essential in drawing up the Instructions to state definitely which of the conditions must be strictly adhered to, under penalty of disqualification from the Competition, and which of them are optional.

(c) To answer queries raised by competitors within a limited time during the preparation of the designs, such answers to be sent to all competitors.

(d) To examine all the designs submitted by competitors and to determine whether they conform to the Conditions and to exclude any which do not.

(e) To report to the Promoters on the designs not so excluded and to award the premiums in strict adherence to the conditions.

3. Competitions may be conducted in one of the following ways:

(a) By advertisement, inviting architects willing to compete for the intended work to send in designs. For Competitions for Public Works of Great Architectural Importance this method is recommended.

(b) By advertisement, inviting architects willing to compete for the intended work to send in their names by a given day; with such other information as they may think likely to advance their claim to be admitted to the Competition. From these names the Promoters,
with the advice of the Assessor, shall select a limited number to compete, and each competitor thus selected shall receive a specified sum for the preparation of his design.  

(c) By personal invitation to a limited number of selected architects to join in a Competition for the intended work. Each Competitor shall receive a specified sum for the preparation of his design.

Note.—Where a deposit is required for supplying the Instructions, it shall be returned on the receipt of a bona fide design; or if the applicant declines to compete and returns the said Instructions within a month after the receipt of replies to Competitor's questions.

4. The number, scale, and method of finishing of the required drawings shall be distinctly set forth. The drawings shall not be more in number or to a larger scale than necessary clearly to explain the design, and such drawings shall be uniform in size, number, mode of colouring, and mounting. As a general rule a scale of 16 feet to 1 inch will be found sufficient for plans, sections and elevations, or in the case of very large buildings a smaller scale might suffice.

Unless the Assessor advises that perspective drawings are desirable, they shall not be admitted.

5. No design shall bear any motto or distinguishing mark; but all designs shall be numbered by the Promoters in order of receipt.

6. A design shall be excluded from a Competition—

(a) if sent in after the period named (accidents in transit excepted);

(b) if it does not give substantially the accommodation asked for;

(c) if it exceeds the limits of site as shown on the plan issued by the Promoters, the figured dimensions on which shall be adhered to;

(d) if the Assessor shall determine that its probable cost will exceed by 10 per cent. the outlay stated in the Instructions, or the estimate of the Competitor should no outlay be stated. If the Assessor be of opinion that the outlay stated in the Instructions is inadequate, he shall not be bound in the selection of a design by the amount named in such Instructions, but the question of cost shall nevertheless be a material element in the consideration of the award;

(e) if any of the Conditions or Instructions other than those of a suggestive character are violated;

(f) if a Competitor shall disclose his identity or attempt to influence the decision.

7. All designs and reports submitted in a Competition for a public building, except any excluded under Clause 6, shall be publicly exhibited after the award has been made, which award shall be published at the time of exhibition; and all designs and reports submitted in a Competition for a private building shall be similarly exhibited to the Competitors.

8. All drawings submitted in a Competition, except those of the design selected to be carried out, shall be returned to the Competitors.

In the case of a Competition for a Housing Scheme the Conditions shall be in accordance with the "Model Conditions for Housing Competitions" approved and issued by the Royal Institute of British Architects. The usual R.I.B.A. Scale of Charges for Assessing Competitions, whether by jury or otherwise, is the sum of Thirty Guineas, plus one-fifth per cent. upon the estimated cost of the proposed building.
REGULATIONS FOR INTERNATIONAL ARCHITECTURAL COMPETITIONS.

1. International Competitions should be reserved for exceptional occasions of a really international character.

2. International Competitions may be either open to all architects without invitation, or limited and by invitation.

Limited and invited Competitions may consist of a single stage.

Competitions open to all should be held preferably in two stages.

3. The "Conditions" of International Competitions are to be identical for all competitors.

No drawing, model or document shall be taken into consideration except those specified in the Conditions, nor shall any other drawing, model or document be exhibited.

4. The Instructions to Competitors should state definitely the Conditions of the Competition, and matters considered desirable should not be left to the option of Competitors.

5. In limited and invited Competitions, the Conditions should be fully detailed and require the scheme to be fully developed.

In Competitions open to all the Conditions should express the technical requirements in general terms and limit the number and scale of the drawings to the minimum necessary for the jury to understand the design.

The Conditions should require designs to be submitted anonymously under the motto in the first stage, and to be signed by the Authors in the second stage.

Competitors are forbidden under penalty of exclusion to act in any way which would tend to disclose their identity.

6. In double Competitions the Conditions in the first stage should be as those for Competitions open to all, and in the second stage as those for limited and invited Competitions.

Designs selected in the first stage only can be admitted to the second stage.

7. The Conditions of a Competition should be published and placed at the disposal of the Competitors as nearly as possible on the same date in all countries.

Any design not dispatched by the date of closing the Competition shall be excluded; the Carrier's receipt shall be accepted as proof.

8. The Conditions should be prepared in consultation with experienced Architects.

They shall be published in the French language.

9. The jury is to be nominated by the promoters of the Competition; it is recommended that promoters, before nominating the foreign members, should place themselves in communication with the Comité Permanent.

The jury of an International Competition shall be composed of Architects, each of different nationality, one of whom shall belong to the country which institutes the Competition. A legal authority, nominated by the Administration promoting the Competition, shall preside in order to ensure regular procedure, but shall have no vote.

The members of the jury, by accepting nomination, shall be held to have declared themselves to have no material interest, either directly or indirectly, in the result of the Competition.

x. It is desirable in International Competitions, and especially in the preliminary stages, that the limit of cost shall be only approximately fixed in order to leave some liberty to the artistic conception of Competitors.

When the sum available for carrying out the work is specified, the Conditions of Competition should give the information required for preparing approximate estimates on a uniform basis.

xi. The total value of the premiums to be awarded shall be 2½ per cent. on the cost for works not exceeding £100,000 in value, 2 per cent. on those not exceeding £200,000, and 1½ per cent. for works beyond that value.

The principle must be enforced that the carrying out of the work be entrusted to the Architect placed first, subject to the conditions in force in the country promoting the Competition.

The amount of the prize shall not be deducted from the amount of the fees payable.

In the event of the person or Corporation promoting the Competition wishing to reserve the right to pass over the Architect placed first, the Conditions of Competition must state the terms of compensation.

Should the work not be executed, the same compensation shall be due. In all cases the authors of designs submitted retain the artistic copyright in their design, and in the building which is a reproduction thereof.

x2. In single-stage Competitions all the designs shall be exhibited in a suitable place and for a sufficient time to enable all Competitors to visit the Exhibition, which should be advertised beforehand in the professional papers.

In double Competitions there shall be no Exhibition after the first award; all the drawings shall be placed under seal and exhibited subsequently, together with the designs in the final Competition.

The authors of designs selected in the first stage shall have the right to make tracings thereof for use in preparing their final designs.

The full report of the jury, giving their reasons for the award, shall be published before the opening of the Exhibition and communicated to all the parties interested.

CONSERVATION OF ANCIENT MONUMENTS.*
GENERAL ADVICE TO PROMOTERS OF RESTORATIONS.
[First issued in 1865; revised and enlarged in 1888.]

1. Before any alteration is decided on, a competent architect should be consulted and be requested to make careful drawings of the building,

* To be obtained at the Office of the Institute, price Ninepence.
with accurate measurements. Photographs should then be taken of all objects of interest, especially such as are so dilapidated and decayed that it becomes absolutely necessary to renew them either wholly or in part. In the case of Churches, these photographs and copies of the drawings should be deposited in the Vestry, Parish Registry, or any public office in the Diocese suitable for the purpose, and the date of their consignment noted.

Any clearance of wall linings, pavements, flooring, galleries, high pews, modern wall partitions, or other encumbrances (provided that they be clearly modern), necessary before detailed arrangements are made for the restoration, should only be carried out under the direction of the architect, and after his inspection of the church; and such clearance should not include works of artistic or other interest which it is often most important to preserve. No memorial slabs, tiles, steps, or other pavements, should be removed without his special permission.

2. Careful enquiry should be made for any portions of church furniture—stained glass, sculpture, brasses—or other old work which may at any time have been removed from the building, with a view to their restoration to their proper place.

3. Buildings of the same style and character in the neighbourhood should be examined when any doubts arise as to the original design in any part.

4. Diligent search should be made for indications of ancient doorways, window openings, reredoses, aumbries, piscine, sedilia, Easter sepulchres, altar stones, stoups, rood staircases, hagioscopes, low side-windows, recessed tombs, brasses, incised stones, encaustic tiles, or any other features of ancient character. Should any part be altogether destroyed, careful search should be made for any traces of old foundations or any detached pieces of masonry, etc., built in with the modern walls, so as to obtain a key to the original design of parts which have been defaced or destroyed. When any such stones are discovered the architect should be at once informed, in order that he may personally visit and examine the work.

5. All plastered surfaces should be carefully examined with a view to discover any remains of painting upon them, and all painted or white-washed stone or wood work cautiously cleaned, so that no injury may be done to any painting, diapering, powdering, or other coloured design, if such exist. Where it is proposed to renew the roofs, all cleaning of the walls should be deferred until after they are protected from the weather by the erection of new roofs. Plastered surfaces of ancient date are often found, and should be preserved if possible.

6. Ancient painted glass, with the original leading and iron framework, should be carefully preserved, and never allowed to be taken out of the building, save for the purpose of re-leading when absolutely necessary, and this only by competent workmen. It is not generally desirable to remove ancient stained glass, even when small fragments only remain, from the place it occupies, without first of all learning with certainty that it is not in its original position. If new stained glass be inserted in old windows, care should be taken that the glass be fitted to the old tracery,
and that the latter be not replaced by new, as is too often the case. Old clear glass may, for the sake of its superiority of tint, often be re-used with advantage.

The external halves of mullions, sills, tracery, and jambs should, where practicable, have such parts as are decayed restored by dowelling new stone on to the old internal halves, which may be frequently done without taking down the unjured part of the window.

The ancient ironwork of windows should not be taken out, even when the outer half of the stonework is removed, and it should be retained when new stained glass is put in: the glass, if needful, being designed with regard to it. So much mischief has been done by the destruction of old ironwork throughout the country that this requirement should be most rigidly enforced.

7. Any remains of churchyard walls, with their buttresses, copings, or piers, churchyard or other crosses, lichgates, external monuments, headstones, stone coffins, etc., should be preserved.

Marks of foundations, trenches, moats, etc., should be examined and noted.

8. Where it appears certain upon investigation that the earth has accumulated above the ancient level it should be removed; but even this should not be done without professional supervision, as it is often attended with risk. Great care must be exercised, where several ancient levels exist, in determining which shall be retained, and when the floors are set on a slant, as is often the case, the original lines should, as far as possible, be carefully maintained.

9. In the restoration of stonework, no scraping or tooling of the surface of the stone should take place under any circumstances. As a general rule, no new stonework should be inserted, unless under very strong evidence that it is a renewal of the ancient design and necessary to be done. If any part of the masonry be damaged or decayed, it should not necessarily on that account be wholly rebuilt or renewed, but those parts only which are thoroughly defective should be cut out and carefully renewed with stone of similar character, and always the best of its kind.

No wholesale pulling down should be done unless unavoidable.

In many cases walls which are in themselves sound, but out of plumb, may be restored to the perpendicular without difficulty by use of screw-jacks, and without disturbance of the external face.

10. If it be found absolutely necessary to construct a new roof, owing to the existing roof being extremely decayed or modern, one of the two following courses should be adopted: either the old roof where it exists should be carefully reproduced, or the new roof should be made of the same pitch as the original roof, which may generally be discovered by the dripstone against the tower or other walls. Where the driplstones of two or three periods exist against these walls, the question of the pitch of the roof will be one of some difficulty; but as a rule, it may be said that where there is a clerestory it will be well to keep to the pitch of the roof erected at the time it was built, and where there is none, then to the pitch of the earliest roof. Where lead is taken off it ought in all cases to be replaced. Flat roofs are by no means always to be condemned.
The question of the pitch of a new roof depends on so many circumstances that it must be left to the judgment of the architect, but the shape of the old roof should not be lightly altered. In some peculiar cases where there are objections to the external appearance of the flat pitch of an old roof, the flat roof may be retained internally, and the high pitch roof erected over it. Flat roofs are quite as worthy of preservation as any others.

In districts where stone slates are used for the old churches it is most desirable that they should be retained in preference to plain tiles or other covering.

Frequently the ends alone of beams and rafters are decayed through leakages of gutters. An old roof should not for this reason be discarded but new ends should be scarfed on.

11. Ancient buildings will generally be found to have been altered at various periods; when this is the case the whole of the old work should be preserved and exposed to view, so as to show the history of the fabric, with its successive alterations, as distinctly as possible. This may of en be accomplished by showing all the stone and rubble work internally, and leaving it unplastered. It should, however, be understood that this is for the purpose of showing constructional features of interest, and is not intended as a recommendation that old plaster should be stripped off, or that rough stone rubble work should be exposed to sight where originally plastered.

12. In no case should anything be done to monumental effigies, brasses, sculpture of figures and foliage, or other ornamental work, beyond carefully cleaning, or resetting them if necessary, and taking care that they shall be protected from further injury and restored, where requisite, to their original place. In all church restorations one main object should be to get rid of modern additions put up without regard to architectural propriety; but on this account the church restorer should not set up an ideal model, but regard the productions of every age with as much respect as is compatible with the restoration and use of the building. Still, if monuments deface good old work, they should be refixed in some spot where they can mutilate nothing.

Fonts, piscinae, &c., may be carefully repaired, if necessary, to fit them for use, but all features not involved in the stability of the building should be left as far as possible untouched. Fonts, for instance, should on no account be scraped, or retooled, as has been too often the case. Features not in use, such as stoupes, aumbries, &c., should be left untouched.

13. Mediaeval chancel screens should on no account be moved from their old places, but be carefully restored. They seldom present any obstruction to sight or sound. Ancient seats in the body of a church should, where practicable, be retained in their old arrangement. Jacobean and later woodwork is often quite as valuable artistically, and interesting historically, as mediaeval work.

14. Where curiosities, fragments of sculpture or wrought stone or woodwork, of tiles or glass too small for re-use, are discovered in course of the work, it is desirable that they should all be carefully kept in some case or chest in the church, arranged and labelled with a short description of their history. This case should be under lock and key.
Care should be taken that the architect's Specification gives the contractor no claim upon any such things as old materials.

15. In the above suggestions it has been assumed that the promoters of the work have a proper appreciation of what is due to an ancient building, and are anxious to carry out its restoration in the most conservative manner possible; such, however, is unfortunately not always the case. The promoters of restorations, whether clergymen or laymen, are sometimes more bent upon carrying out new works than preserving old; it cannot be therefore too strongly insisted upon, that in dealing with an ancient church or other building, the object should not simply to put it in good repair, but to preserve it as an authentic specimen of the ancient arts of our country. Every old building has historical value, and it should be remembered that this is gone when its authenticity is destroyed.

The duty, therefore, of all those having charge of ancient buildings should be not so much the renewal of what remains as its preservation; and this should embrace every portion of original work which it is in any way possible to save, for it must be remembered that new work is of no value or interest except so far as it serves to preserve the ancient design, and that no interest will ever be attached to it unless original parts remain to attest its authenticity.

There is ample scope for original design in additions which are necessarily made to the size of old buildings, and in these it is usually best to allow the architect to be independent. His work will then have its due historical value; whereas, if he only make a very good copy of the old work to which he is adding, great confusion will be felt hereafter as to which part of the work is old and which modern.

16. A vigilant guard should be kept against the indulgence of individual fancies for or against particular features or styles; and especially against the theory sometimes held, that a restored church must be purged of all features subsequent to some favourite period. All such ideal notions are in the highest degree dangerous, and have rendered many a restored church actually worthless as an historical monument.

17. In vain are all the efforts of Central or Diocesan Architectural or Archaeological bodies, with their several visits to buildings of historic interest, if those having charge of precious remains do not cordially embrace such advice as is here laid down for their conservation, embodying principles impossible to controvert, and the neglect of which has been the cause of many districts being robbed of their antiquities through rash and unskilful operations. Influential landed proprietors, the clergy, churchwardens, and others, are earnestly reminded of the responsibility which rests upon them to resist all needless destruction of ancient work, and to seek competent professional aid in cases of interference with an ancient building. Questions of considerable embarrassment constantly arise in connection with edifices of mixed dates, involving constructional and chronological difficulties, points requiring the judgment of the most experienced architect and antiquary. Moreover, the successful preservation of old work must largely depend upon the builder. Care, therefore, should be taken to select a man who will take an interest in the work, and who can be trusted to carry out faithfully the instructions of the
architect. To prevent the mischief that may otherwise be done in the absence of the architect, it is always desirable, and generally essential, that there should be a resident clerk of the works, familiar with church restoration, appointed by the architect.

18. Vigilance is required to stop injuries to ancient buildings; the utmost watchfulness should be shown by those residing at or near the spot where even well-considered works are in operation, to see that they are really executed in a conservative manner. However frequently the architect may visit the works under his superintendence, he cannot at all times prevent his orders being disobeyed, and a daily and almost hourly inspection is often necessary. Intelligent interposition will always be welcome to a zealous architect, and, by gaining time, will often prevent irreparable mischief. Lovers of antiquities, ecclesiologists, and antiquaries, in the locality, will always do good service by carefully watching works in progress in old buildings.

19. The foregoing suggestions and remarks have been drawn up with special reference to the Restoration of Churches: the same spirit ought to actuate those who have the care or ownership of ancient civil or military buildings, because from their comparative rarity they are even more valuable as historical monuments than the churches.

HINTS TO WORKMEN ENGAGED ON THE REPAIRS AND
RESTORATION OF ANCIENT BUILDINGS.*

* [First issued in 1865; revised and enlarged in 1888.]

Excavator.—In making excavations in or about an ancient building, be careful to preserve every fragment of wrought stone, tiles, or other ancient objects, which you may meet with.

If you find old foundations, bases of pillars, ancient tombs, stone coffins, pavements, or other work, which appear to be in their original place, do not remove, but carefully expose them to view, in order that proper notes may be taken of them; and that, if possible, the work may be left permanently in its place.

In making drains or excavations around old buildings, do not cut off any of the projecting footings, however rough, and be careful how you expose them, unless they are examined and underpinned by the mason. Do not permanently expose to view, or to the air, work which clearly was not intended to be so exposed. See that your drains are so managed as to draw the water from the foundations and not towards them.

Mason.—If directed to clean off whitewash, or paint, from internal or other stonework, recollect that the object of so doing is to bring to view the original surface, not to destroy it. You must, therefore, avoid the use of the tool, and study what is the best way of removing the whitewash without in any degree disturbing, much less removing, the ancient surface. Remember that the mode of tooling or working the ancient stone is a subject of interest and curiosity, and that the old tool-marks must therefore not be disturbed: more especially does this caution apply to early Romanesque work, where the very coarseness of the stone, and rudeness of execution, are important evidences of date. If indications of

* To be obtained at the Office of the Institute, price Ninepence.
ancient colouring be found on the surface of the stone, they should be carefully preserved.

The mode of removing whitewash depends much on the nature of the material. With some materials nothing is so good as the Manchester card, but in each case experiments should be tried to ascertain the best mode. *It is better to leave the whitewash wholly or partially on the stone, than to use any tool which would disturb the surface of the stone itself* ; for it is far better to have the old surface with the whitewash than not at all.

When the removal of plaster shows the marks of ancient string courses, weatherings, windows, &c., do not conceal these again, nor yet tool them off; indeed, as a general rule, *no tool should be used upon the surface of ancient stonework.*

In removing broken or decayed work, do not take out any but such as is so far gone as to have lost *all* its original form; better have broken or half-decayed original work than the smartest and most perfect new work.

Especially avoid using a brush with colours to harmonise the new and old work; the old work should be left in all its characteristic tone, and no attempt should be made to harmonise the hue in tint.

Never remove or clean the old mossed surfaces.

In obtaining the true sections of mouldings, &c., for new portions, the most scrupulous accuracy is necessary, as the more delicate features are often to be traced only in a few of the more protected parts.

In taking down portions of walls, be most careful of any old mouldings, or other wrought stone, found embedded in them, and note *where* they were found, as the fragments have usually been stowed away near to their original site. If any windows or other features are found which have been before concealed, do not disturb them till seen by the architect. Encaustic tiles, or other ancient paving, should be preserved where found, when possible, and the patterns should guide the design of new paving. Ancient monumental remains are never to give way to new encaustic tile flooring, but are in every case to retain their old position.

**Carver.**—The same principles as are laid down for the mason apply to the carver, but in a higher degree, inasmuch as ancient *carving* is still more valuable than ancient *masonry*. When engaged on an old building, bring your own talent and fancy wholly into subjection to the work in which you are engaged, and only seek to preserve and perpetuate the ancient design. Never attempt to dress up or restore old carving.

**Plasterer.**—If directed generally to remove the plastering, first examine it carefully by removing the whitewash here and there, and if it be found to contain oil painting, &c., do not disturb it without calling the attention of the architect, clerk of the works, or other persons capable of judging it.

If it be absolutely necessary to take down the wall so covered with old paintings, it might be preserved in the following manner:—the backing of the wall might be carefully taken away, leaving only a thin piece behind the painting; this might then be backed up with cement and pieces of large size enclosed in wooden frames. The painting might then be removed and deposited in a museum.

As a general rule, ancient plastering should not be removed, but only repaired where necessary. Let new plastering on old walls be thin, and
carefully thinned off to meet the stone dressings, as in ancient work. All plasterings should be of a kind suited to receive decorative painting.

**Carpenter.**—Do not be too ready to condemn an ancient roof, or other piece of timber work. Remember that it has a value quite independent of the cost of renewing it. An ancient roof, carefully preserved by splicing and other means, is infinitely more valuable than a copy of the same in new timber. Very serious defects may be repaired, if you view the roof as a thing of value, and apply your mind to ascertain the best way of securing and preserving it. If you do not do this, very trifling defects may be made the excuses for destroying the finest ancient roof. Do not as a general rule take an old roof off to repair it, but rather repair it in its place, bay by bay; and only in the Spring or Summer months. By a good system of tarpaulins, or other means, keep the roof dry during the operation: exposure to wet is fatal to old timber.

Do not disturb ancient surfaces of timber, nor coat old timber with oil or varnish. Generally (as directed to the mason) remember that your great object is preservation rather than renewal. Preserve with the utmost care all remains of coloured decoration on old woodwork.

**Joiner.**—The same general rules as are laid down for the carpenter apply to the joiner.

Preserve ancient seating in its proper place if possible, and where practicable avoid removing it for repairs, except by special direction. Every remnant of old woodwork, of whatever description, should be carefully preserved, and, where possible, in its place; or, if it has already been removed, it should be brought back to its place if possible.

**Glazier.**—Be most careful in preserving ancient stained glass. Never remove it from the windows in which it is found (unless under special direction of the architect), but preserve it carefully in its place, however rough and imperfect, or however small the fragments.

**Painter.**—Preserve all remnants of ancient painting, but do not attempt their restoration unless under special direction.

**Smith.**—Preserve all remnants of metal-work in their places if possible; and never remove old saddle-bars or stanchions from windows except under direct instructions from the architect.

**To Contractors and Workmen in General.**—Never forget that the reparation of an ancient church, or other remnant of ancient architecture, however humble, is a work to be entered upon with totally different feelings from a new work, or from the repairs of a modern building.

The object is not simply to put the work in good repair, but to preserve and perpetuate an authentic specimen of the ancient Arts of our country. Every ancient building has historical value, and though you may feel that its state of repair would at first sight suggest its renewal, or that you could execute the work better anew, never forget that all its value is gone when its authenticity is destroyed: and that your duty is not its renewal but its preservation.

Be careful, therefore, never lightly to condemn an ancient object as being too far gone to be preserved; as every such work destroyed is a national loss.
R.I.B.A. STANDARD SIZES OF BRICKS.

The accompanying diagrams illustrate standard sizes of bricks which have been agreed upon with various bodies as indicated below. No. 1 (Diagram A) was agreed upon between the Institute and the Brickmakers' Association and was drafted as follows in consultation with these bodies and with representatives of the Institution of Civil Engineers in 1904:

1. The length of the brick should be double the width, plus the thickness of one vertical joint.

Diagram A.
2. Brickwork should measure four courses of bricks and four joints to a foot. Joints should be \( \frac{1}{2} \) inch thick and an extra \( \frac{1}{8} \) inch, making \( \frac{1}{4} \) inch for the bed joints to cover irregularities in the bricks. This gives a standard length of 9\( \frac{1}{4} \) inches centre to centre of joints.

The bricks, laid dry, to be measured in the following manner:

(a) Eight stretchers laid square end and splay end in contact in a straight line to measure 72 inches.

(b) Eight headers laid side to side, frog upwards, in a straight line to measure 35 inches.
(c) Eight bricks, the first brick frog downwards and then alternately frog to frog and back to back, to measure 21\(\frac{3}{4}\) inches.

A margin of 1 inch less will be allowed as to (a), and \(\frac{3}{4}\) inch less as to (b) and (c). This is to apply to all classes of walling bricks, both machine and hand-made.

In the early part of 1919 the Institute was requested to make some variations in the standard, and after consultation with the Allied Societies a conference was held on 28th June 1919, at which were present representatives of the R.I.B.A., the Institute of Clayworkers, the President of the Northern Federation of Building and Engineering Brick Trades, the Secretary of the Employers' National Council for the Clay Industries, and representatives of the South-Western District and Midland District. It was reported that the Northern Federation, which represents the six northern counties, had come to an agreement with the Government to make the standard size for bricks 23\(\frac{1}{8}\) inches in height. The Conference recommended that a second standard size should be added to the R.I.B.A. standard, all the dimensions to agree with the present standard except that four courses of bricks and four joints are to measure 13 inches. The maximum depth of eight bricks, laid frog to frog and back to back alternately, to measure 23\(\frac{1}{8}\) inches. The minimum depth of eight bricks laid similarly to measure 23 inches. This was approved by the R.I.B.A. Council on 21st July 1919.

The bed joints with the maximum bricks would be \(\frac{1}{8}\) inch, and with the minimum \(\frac{3}{4}\) inch to give 13 inches to four courses of bricks and four joints. This standard will apply to the counties of Northumberland, Cumberland, Durham, Westmorland, Yorkshire and Lancashire.
