ASPHALTE ROOF OUTLET (Cast Iron)

This appliance makes an absolutely reliable water-tight connection to the rainwater pipe from an asphalte roof or floor.

Stocked with spigots to fit 2", 3" and 4" L.C.C. or large socket rain-water pipes.

The asphalte is tuck into the luting flange which holds it securely in position, prevents it curling up and leaving the iron when subjected to the heat of the sun.

Observe provision of tear ducts in case of slight weeping. May be had with domical grating for roofs instead of flat grating as illustrated for foot traffic. Other varieties also stocked.

We hold, we believe, the largest stock and assortment in the United Kingdom of Cast Iron Drain and "PAM" patent Soil, Waste and Rain-water Pipes, also all possible Connections for both classes of Pipes.

Orders received to-day usually delivered to-morrow.

PRICES:—LOWEST CURRENT—ALWAYS.

Borough Architect: P. M. Newton, Esq., A.R.I.B.A.

use
"EXPAMET" and EXPERIENCE

It is more than 35 years since "Expamet" Expanded Steel was first used as a reinforcement for concrete; during that time, the innumerable important works in which "Expamet" has been applied successfully, are conclusive proof of its value as a reinforcement for all forms of concrete construction.

There is real value also in the practical experience acquired during so many years trading; and it is always at the disposal of those who care to take advantage of it.

DULUX
GLOSSY, FLAT AND EGGSHELL FINISHES
'Dulux' Decorative Finishes are made in Glossy, Eggshell and Flat qualities. The glossy finishes have a life of 50% to 100% longer than that of straight oil paints and they retain their original gloss and colour for an unusual period. The Flat and Eggshell Finishes for interior decoration have the same 'Dulux' properties of unusual hardness and durability, and may be washed frequently without detriment to the finish.

PETRUMITE
IMITATION STONE PAINT
Petrumite feels like stone, looks like stone and will prove as durable as many stones. It provides a new means of expression in interior and exterior decorative work as it may be lined to imitate stone, stippled to represent rough cast or combed or tooled to obtain plastic effects.

NOBEL
ENAMEL PAINT
for interior use only
This product should always be used for the interior decoration of shops, theatres, cinemas and public buildings and on contracts where time is of the utmost importance. Undercoats and Finishing Coats dry in 4 to 6 hours and the resulting finish has unusual gloss and durability-

"S. E. G."
SUPER ELASTIC GLOSS PAINT
A first-class general service paint for interior or exterior use. Durable in service, economical in use.

Manufactured by:
NOBEL CHEMICAL
(Associated with Imperial SLOUGH,
FINISHES LIMITED
Chemical Industries Ltd.)
BUCKS.

RIPOLIN
FOR QUALITY
BEAUTY AND
DURABILITY

It is natural that an architect would select Ripolin, for he is eager to have the painstaking care and thought he put into his design preserved and displayed to its best possible advantage. So wherever a surface, inside or out, must retain its charm long—Ripolin is specified and used.

And Ripolin’s economy is as marked as its beauty, for long life is and always will be a deciding factor in its choice. For all exterior and interior decoration, Ripolin ensures every architect a liberal reward in his client’s satisfaction.

Ripolin Ltd. 3/9, Drury Lane, London, W.C.2
Works: Southall, Middlesex.
ARCHITECT: WALLACE MARCHMENT, L.R.I.B.A.

2,000 CUBIC FEET

...first place for a second thought!

When you plan a house, the loft receives scant consideration. It is a "second thought" that depends for its size and shape on all the rooms beneath it. Two thousand cubic feet of space perhaps, wasted—without a Loft Ladder.

For a Loft Ladder, out of sight and out of mind when not in use, brings the loft and the landing as conveniently close as anyone could wish. And its price is very low for such a generous return in space! Make the most of a Loft—with a Loft Ladder.

The MOUNT PLEASANT ARTISTS' REST HOME
RICKMANSWORTH, HERTFORDSHIRE

Trustees:
FRANCIS WILLIAM RECKITT, Esq., Chairman.
ERNEST HADDEN PARKES, Esq., F.R.I.B.A.
ERNEST PROCTOR DAWBARN, Esq.
NORMAN PORTER, Esq.
WILLIAM THOMAS PURNELL, Esq.

This home was built and endowed in 1929 by Mr. F. W. Reckitt as a Convalescent Rest Home for the temporary residence of nine Craftsmen, e.g., painters, sculptors, engravers, architects, musicians and persons engaged in literature, etc.

The requirements necessary for a visit are (1) a Doctor's certificate that the guest is convalescent or requiring rest and (2) a recommendation signed by one of the Trustees, or the Secretary of the Artists' General Benevolent Institution, or by some responsible person.

The inclusive charges are £1 a week, but owing to prevailing depression these charges are waived for the present. (Meals for friends of guests are supplied at reasonable prices).

Full particulars and necessary application form will be supplied on application to the Secretary, Mount Pleasant, Rickmansworth, Herts. Telephone: Rickmansworth 168.
BIRMABRIGHT
FOR
ARCHITECTURAL
METAL WORK

The light metal, unsurpassed for decorative and constructional purposes, employed extensively in many of the most important works of modern architectural design, including:

- Hay's Wharf (Head Office), London, S.E.
- Lilley & Skinner Ltd. (New Extension), Stratford Place, London, W.1.
- The Shakespeare Memorial Theatre, Stratford-upon-Avon.

Birmabright can be supplied in the form of castings and all wrought constructional forms it takes a bright and lasting polish, and may be given a variety of surface finishes to suit all desires.

Birmabright Limited and Associates will gladly help in the working out of designs to suit this metal, and are able to utilise an unequalled store of specialised knowledge concerning light metals.

Write for illustrated descriptive booklet to the suppliers.

I. INTRODUCTION

HISTORICAL SKETCH.

The earliest English architectural society of which we have record was a club called the Architects' Club, which was founded in 1791, and held its meetings at the Thatched House Tavern. The treasurer was Samuel Pepys Cockerell, father of Professor Cockerell (second President of the Institute), and grandfather of Frederick Pepys Cockerell (for many years Honorary Secretary). Among the original members were Sir William Chambers, Robert Adam, Robert Milne, John Soane, Thomas Hardwick, James Wyatt, George Dance, S. P. Cockerell.*

Later we find the London Architectural Society, established in 1806, probably the first institution formed by professional men with aims and objects similar to those of the present Royal Institute. By the rules of this Society members were required to produce annually, according to a rotation and time agreed upon, an architectural design never before in any way made public, consisting of at least one plan, elevation, and section, and accompanied with observations, critical and explanatory, under forfeiture of two guineas; also an essay on some subject connected with civil architecture, under forfeit of half-a-guinea. These designs, observations, and essays were discussed at General Meetings, and every member absenting himself for two successive nights was fined 5s., and also 5s. for every additional night of absence unless prevented by illness or a distance of ten miles from the place of meeting. The Society probably became extinct before the formation, in 1831, of the Architectural Society, which had for its governing body in 1834–35 William Barnard Clarke as President, Thomas Henry Wyatt as one of the Vice-Presidents, George Mair as Honorary Secretary, with Benjamin Ferrey among the ordinary members. The primary objects were the advancement and diffusion of architectural knowledge, and its ultimate intent to form a British School, with Library, Museum, Professorships and periodical exhibitions, the want of which was then beginning to be greatly felt by students. This existed in Lincoln's Inn Fields, when in 1834 it became evident to a few architects of established reputation that the profession required a more influential representative institution than that which already existed, and an Address was circulated among the profession pointing out that though few of the arts and sciences were left without a Body associated for their promotion and cultivation, Architecture, as an art embracing the whole circle of the sciences, was in this country destitute of such an establishment. The R.I.B.A. thus came into being, and the junction of the Architectural Society with it was effected in 1842.

The first meeting of the founders of the Institute was held at the Thatched House Tavern, St. James's Street, on the 2nd July 1834, when the Address setting forth the aims and objects of the proposed Institute was adopted. Endeavour was made to secure as members architects of prominent position and unimpeachable character, educated for and following their profession as an art, and free from those conflicting relations with trade which frequently

*See article by Mr. Harry Sirr, JOURNAL R.I.B.A., 7th January 1911.
existed in the early part of the century and prevented that implicit confidence on the part of the public which should enable a client to regard his architect not only as his agent, but as his friend and adviser. A prominent part in the foundation was taken by Professor T. L. Donaldson, whose letter convening the preliminary Meeting was as follows:

7 Hart Street, Bloomsbury Square: 8th May 1834.

Dear Sir,—Some of the following gentlemen, all of whom, as well as yourself, have received a circular from Mr. Robinson, are anxious to have a preliminary Meeting to talk over and consider the objects and prospects of the proposed Institution of British Architects, and will meet at Mr. Rainy's room, 14 Regent Street, on Tuesday evening next, at half-past seven o'clock, when the favour of your attendance is earnestly desired. The chair will be taken at eight o'clock precisely.—I am, my dear Sir, yours very faithfully,

Thos. L. Donaldson.

A second meeting, for the enrolment of members, was held on the 6th August 1834; and the Council, elected by ballot on the 3rd December following, and consisting of Messrs. Robinson, Kay, and Gwilt as Vice-Presidents, Messrs. Donaldson and Goldicutt as Honorary Secretaries, and Messrs. Barry (afterwards Sir Charles Barry), Basevi, Decimus Burton, Fowler, Philip Hardwick, Kendall, J. B. Papworth, and Rhodes, met for the first time on the 10th December at the Thatched House Tavern. A few weeks afterwards the Earl de Grey was elected President.

The opening General Meeting of the Institute was held on the 15th June 1835. The President's Address, with that afterwards delivered by Professor Donaldson, will be found in the Institute Transactions. Sir John Soane, Professor of Architecture at the Royal Academy, evinced his sympathy with the newly established body by giving a donation of £750 for such purposes as might appear most conducive to its advantage. Professor Donaldson was the last surviving original member of the Institute, and died in 1885.

The Royal Charter was granted by King William IV. on the 11th January 1837. On the 8th August of the same year Queen Victoria became Patron, and was subsequently associated with the Prince Consort, who at all times manifested his interest in the Institute's proceedings, on one occasion, in 1842, acting as Chairman of the Council Meeting and afterwards presiding at the General Meeting.

A further and lasting mark of the Royal favour was shown in 1848 by the foundation by Queen Victoria of the Royal Gold Medal, since annually conferred by the Sovereign on some distinguished architect, or man of science or letters connected with architecture, on the recommendation of the Institute.

On the 18th May 1866 by Royal command the style of the Institute was altered to the "Royal" Institute of British Architects.

King Edward VII., Patron from 1863 till his death in 1910, continued the presentation of the Annual Gold Medal.
Introduction

His present Majesty King George V., on his accession to the Throne, graciously intimated his pleasure to continue the Royal Patronage and the presentation of the Gold Medal.

In 1887, in order to bring the powers of the Institute more into line with the work it aspired to accomplish, and to render the fact of membership to a certain extent a test of proficiency, the Supplemental Charter of the 50th Victoria, conferring among other privileges power to hold examinations and issue certificates or diplomas, was granted, the document receiving the Royal Sign Manual on the 28th March 1887.

A further Supplemental Charter (8th Edward VII.), granted 11th January 1909, provided for a temporary class of Licentiates to be elected by the Council, made fresh provisions respecting the qualifications of candidates for Fellowship and the granting of diplomas, and extended the educational functions of the Institute.

In 1924 the proposals of the Council for the amalgamation of the R.I.B.A. and The Society of Architects with a view to the unification of the profession and the promotion of a Registration Bill were approved by the general body of the R.I.B.A. and by The Society of Architects.

The Supplemental Charter enabling the amalgamation agreement to be carried into effect received His Majesty's sanction in February 1925. Among other important provisions the new Charter also enabled Licentiates to be constituted as full corporate members, gave equal voting rights to all Fellows, Associates and Licentiates, and entitled them to use the title "Chartered Architect." It further provided for the formation of a non-corporate class of subscribers, and gave the Council power to take a Referendum on important issues.

The new Bye-laws were approved at a meeting of the Privy Council on the 4th March 1925, and among certain other improvements in the machinery of the R.I.B.A. provided for the reconstitution of the Council, so as to secure representation for all sections of membership and for the Allied Societies.

Following on the completion of the provisions of the amalgamation agreement The Society of Architects went into voluntary liquidation in June 1925, and thereupon property of the value of over £10,000 was transferred to the R.I.B.A. This included the Society’s leasehold premises at No. 28 Bedford Square, and invested funds amounting to £4,588, of which £3,263 was earmarked for developing and maintaining architectural scholarships.

In 1928 proposals were formulated for obtaining the sanction of the Privy Council to the reopening of the Licentiates Class under the same conditions of admission as existed in 1910–1912, and for certain reforms in the method of government of the R.I.B.A.

Extensive alterations in the existing Bye-laws were necessary in order to bring the proposals into effect, and in June 1929 draft revised Bye-laws embodying the proposals were approved, under the provisions of the Supplemental Charter of 1925, by a postal vote of all the members in the United Kingdom and the Irish Free State, and the revised Bye-laws were sanctioned by the Privy Council on the 2nd July 1930.

Further minor amendments to the Bye-laws were considered in 1930, including provision for the formation of a Class of Retired Associates and Retired Licentiates. These amendments were approved by the Privy Council on the 23rd February 1931.
The Registration Bill was passed in the Parliamentary Session of 1930-1931, and the Royal Assent was given on 31st July 1931. The Act took effect on 1st January 1932.

THE INSTITUTE PREMISES.

The first rooms of the Institute, engaged early in 1835, were at 43 King Street, Covent Garden, better known as Evans's Hotel, a building said to have been designed by Inigo Jones, and immortalised by Thackeray in The Newcomes, in the description of "The Cave of Harmony." In 1837 rooms were taken at No. 16 Grosvenor Street, where for twenty-two years the work of the Institute was carried on. The necessity of acquiring larger and more convenient premises led eventually to the formation of the Architectural Union Company, which was established, in the terms of its articles of association, "for the purpose of providing accommodation for the different societies connected with architecture, and especially for the Royal Institute of British Architects and the Architectural Exhibition." Sir Charles Barry was Chairman of the Company, Mr. (afterwards Sir William) Tite, Deputy Chairman, and a number of prominent members of the Institute were Directors. The then President, the Earl de Grey, presented to the Institute twenty shares in the Company free of all further calls. The Architectural Union Company, having purchased the property No. 9 Conduit Street, constructed the Galleries (afterwards known as the Conduit Street Galleries, and later as the Maddox Street Galleries) at the rear of the house. The Institute was assigned the entire suite of apartments on the principal floor (the present Library rooms), with separate staircase, a large room for casts, models, etc., and apartments for an attendant in the basement and upper floors. The premises were formally opened by Earl de Grey on the 7th November 1859.

In 1890 the Institute took over the ground-floor and basement, now used as the Secretary's offices, and in 1897 acquired the second floor, where are now located the Library store-rooms, and rooms for clerks and typists.

In 1909 the Institute secured the leasehold interest in the Galleries which the then tenants held from the Architectural Union Company, and entered into possession of the entire building. At this date also, the Institute holding a considerable number of shares in the Company, advantage was taken of an opportunity to acquire the remainder, and in 1910 the Institute became tenant of the property under a lease held direct from the Corporation of the City of London, renewable on the periodical payment of a nominal fine. Under the Law of Property Act 1922, the perpetually renewable lease became a lease for 2,000 years as from 25th March 1922 and the fine commuted by the payment of a small additional rent.

In 1922 the freehold of a piece of land adjoining the Maddox Street Corridor was purchased, and the reconstruction of the Great Gallery with a separate corridor from the Conduit Street Entrance direct to the enlarged East Gallery was completed in 1924.

In order to increase the value of the premises, it was considered advisable to secure the freehold of those portions of the property not already held by the Institute. Negotiations with the City Corporation were completed and the freehold purchased in 1931.
Of the three Galleries in the rear of the building, the Great Gallery is used for General Meetings and, with the East Gallery, for the Examinations and for exhibitions of drawings, etc. The West Gallery, which contains the fine collection of portraits of Past Presidents, the work of eminent contemporary artists, serves as a Members' Common Room.

With a view to the further and much-needed extension of premises the Council purchased in 1921 the Corporation leasehold of the adjoining building in Conduit Street, No. 10. The freehold of these premises was also purchased in 1931.

In 1925 the premises of the late Society of Architects at No. 28 Bedford Square came into the possession of the Institute, and the work of the Registration Committee was conducted there. In 1928 the lease was sold to the Architectural Association.

In order to provide sufficient accommodation for the ever-growing activities and expansion of the Royal Institute it became necessary to look for a fresh site on which to erect an entirely new building. After an exhaustive examination of a very large number of possibilities an admirable site on the corner of Portland Place and Weymouth Street was selected, and in 1929 negotiations were satisfactorily conducted with the Howard de Walden Estate whereby an area of about 15,000 square feet has been secured on a 999 years' building lease.

The selection of the architect for the new building was determined by means of a competition open to all Members and Students of the R.I.B.A. and of the Allied and Associated Societies.

The Council appointed Mr. Robert Atkinson [F.], Mr. Charles Holden [F.], Mr. H. V. Lanchester [F.], Sir Giles Gilbert Scott, R.A. [F.], and Dr. Percy Worthington [F.], as the Jury of Assessors who drew up the conditions for the competition.

The conditions were issued in April 1931, and the competition closed on 31st March 1932. Two hundred and eighty-two designs were received from architects in all parts of the Empire, and a public exhibition of the drawings was arranged at the new Thames House, Millbank.

The Jury awarded the first premium for the design submitted by Mr. G. Grey Wornum [F.], who has been appointed architect for the new building.

CODE OF PROFESSIONAL PRACTICE.

[As revised 4th January 1932.]

An Architect in practice, if a Member of the R.I.B.A., is governed by established customs accepted and observed by the architectural profession, and more particularly by the Charter and Bye-laws of the Royal Institute which render him liable in the case of unprofessional conduct to reprimand, suspension or expulsion at the discretion of the Council.

The following may be considered to record in a general way the practice of architects and also to indicate a standard of conduct in any special cases not specifically referred to therein.

1. An Architect is remunerated solely by his professional fees, and is debarred from any other source of remuneration in connection with the works and duties entrusted to him. It is the duty of an Architect to uphold in every way possible the Scale of Professional Charges adopted by the Royal Institute.
2. An Architect must not accept any work which involves the giving or receiving of discounts or commissions, nor must he accept any discount, gift or commission from contractors or tradesmen, whether employed upon his works or not. An Architect employed by a commercial firm must be remunerated only by means of a salary, and this remuneration must not depend upon commissions based on the profits of the firm.

If an Architect own, or have a commercial interest either as a director of a company, or as a consultant or adviser or as a shareholder, in any material, device, or invention used in a building, he must inform his client thereof, and must obtain his sanction before specifying the use of it in works under his direction.

3. (a) An Architect must not advertise nor offer his services by means of circulars or otherwise, nor may he make* paid announcements in the press. He may, however, notify his correspondents by post once of any change of address.

(b) Though there is no objection to an Architect allowing signed illustrations and descriptions of his work to be published in the press, with reference to such illustrations or descriptions, it is contrary to professional ethics—

(1) To give monetary consideration for such insertions.

(2) To allow such insertions to be used by the publishers for extorting advertisements from unwilling contributors.

(c) An Architect may sign his buildings and exhibit his name outside his office, and on buildings in course of execution, including those where he is acting as Architect for alterations and additions, provided it is done in an unostentatious manner, and the lettering of his name does not exceed 2 in. in height. With the Client’s approval any such board may remain for a period not exceeding two months after the completion of the building provided that they do not display “To Let” or “For Sale” or similar notices; but they may indicate that the plans can be seen at the Architect’s office.

(d) Architects who are Surveyors to recognised estates may announce land or sites or premises for sale or letting in connection with their appointments or when they are acting as Architects for the development of land or sites.

* NOTE.—This does not refer to advertisements or letters respecting appointments open or wanted, nor to the insertion of one notice of change of address in the professional press.

4. An Architect must not attempt to supplant another Architect, nor must he compete with another Architect by means of a reduction of fees or by other inducement.

5. An Architect, on receiving instructions to proceed with certain work which was previously entrusted to another Architect, shall, before proceeding with such work, communicate with the Architect previously employed and inquire and ensure the fact that his engagement has been properly terminated.

6. In all cases of dispute between employer and contractor the Architect must act in an impartial manner. He must interpret the conditions of a contract with entire fairness as between the employer and the contractor.

7. An Architect must not permit the insertion of any clause in tenders, bills of quantities, or other contract documents which provides for payment to be made to him by the contractor (except for duplicate copies of drawings or documents) whatever may be the consideration, unless with the full knowledge and approval of his client.
8. An Architect should not take any part in a competition as to which the preliminary warning of the Royal Institute has been issued, and must not take any part in a competition as to which the Council of the Royal Institute shall have declared by a Resolution published in the Journal of the Royal Institute that Members must not take part because the Conditions are not in accordance with the published Regulations of the Royal Institute for Architectural Competitions, nor must he be associated in any way with the carrying out of a design selected as the result of a competition as to which the Council shall have declared by a Resolution published in the Journal that Members must not take part.

9. An Architect must not act as Architect or Joint Architect for a work which is or has been the subject of a competition in which he is or has been engaged as Assessor.

An Assessor must not act as Consulting Architect, unless he has been appointed as such before the inception of the competition, nor in any other professional capacity in any matter connected with the work which has been the subject of the competition, provided always that he may act as Arbitrator in any dispute between the Promoters and the selected Architect.

If an Architect is officially approached by the Promoters for advice as to the holding of a competition with a view to his acting as Assessor, and eventually it is decided not to hold a competition but to appoint an Architect to carry out the work, the Architect originally approached in an advisory capacity is precluded from acting as Architect for the work in question.

10. It is desirable that in cases where the Architect takes out the Quantities for his buildings he should be paid directly by the client and not through the Contractor except with the previous consent of the client.

11. The businesses of Auctioneering and House Agency are inconsistent with the profession of an Architect.

For Scales of Charges and other documents see pp. 658 onward.

PAST PRESIDENTS.

The names of those deceased are printed in italics.

1835-39 E. R. DE GREY.
1860—63 SIR WILLIAM TITE.
1863-65 THOMAS L. DONALDSON.
1865-67 A. J. B. BERESFORD HOPE.
1867-70 SIR WILLIAM TITE.
1870-73 THOMAS HENRY WYATT.
1873-76 SIR G. GILBERT SCOTT, R.A.
1876-79 CHARLES BARRY.
1879-81 JOHN WHICHCORD.
1881-84 GEORGE EDMUND STREET, R.A.
1882-84 SIR HORACE JONES.
1884-86 EWAN CHRISTIAN.
1886-87 EDWARD IANSON.
1888-91 ALFRED WATERHOUSE, R.A.
1892-94 J. MACVICAR ANDERSON.
1894-96 FRANCIS C. PENROSE.
1896-99 GEORGE AITCHISON, R.A.
1899-1902 SIR WILLIAM EMERSON.
1902-06 SIR ASTON WEBB, P.R.I.A.
1907-08 JOHN BELLCHER, R.A.
1908-10 SIR ERNEST GEORGE, R.A.
1910-12 LEONARD STOKES.
1912-14 SIR REGINALD BLOMFIELD.
1914-17 HENRY THOMAS HARE.
1919-21 SIR JOHN WILLIAM SIMPSON.
1921-23 PAUL WATERHOUSE.
1923-25 J. ALFRED GOTCH, F.S.A.
1927-29 WALTER TAPPER, A.R.A., F.S.A.
1929-31 SIR BANISTER (FLIGHT).
1931-33 FLETCHER, M.Arch., F.S.A.
ROYAL GOLD MEDALLISTS.

The Royal Gold Medal for the promotion of Architecture, instituted by Queen Victoria in 1848, and continued by King Edward VII and by his present Majesty King George V, is annually conferred on some distinguished Architect, or man of Science or Letters, who has designed or executed a building of high merit, or produced a work tending to promote or facilitate the knowledge of Architecture or the various branches of science connected therewith. The following is a complete roll of the recipients:

The names of those deceased are printed in italics.

1848 CHAS. ROBT. COCKERELL, R.A.
1849 LUIGI CANINA, Italy.
1850 SIR CHARLES BARRY, R.A.
1851 THOMAS L. DONALDSON.
1852 LEO VON KLENZE, Austria.
1853 SIR ROBERT SMIRKE, R.A.
1854 PHILIP HARDWICK, R.A.
1855 J. I. HITORFF, France.
1856 SIR WILLIAM TITE.
1857 OWEN JONES.
1858 AUGUST STULER, Germany.
1859 SIR G. GILBERT SCOTT, R.A.
1860 SYDNEY SMIRKE, R.A.
1861 J. B. LESUEUR, France.
1862 REV. ROBERT WILLIS.
1863 ANTHONY SALVIN.
1864 E. VIOLET-LE- DUC, France.
1865 SIR JAMES PENNETHORNE.
1866 SIR M. DIGBY WYATT.
1867 CHARLES TIXIER, France.
1868 SIR HENRY LAYARD.
1869 C. R. LEPSIUS, Germany.
1870 BENJAMIN FERREY.
1871 JAMES FERGUSSON.
1872 BARON VON SCHMIDT, Austria.
1873 THOMAS HENRY WYATT.
1874 GEO. EDMUND STREET, R.A.
1875 EDMUND SHARPE.
1876 JOSEPH LOUIS DUC, France.
1877 CHARLES BARRY.
1878 ALFRED WATERHOUSE, R.A.
1879 MARQUIS DE VOGUE, France.
1880 JOHN L. PEARSON, R.A.
1881 GEORGE GODWIN.
1882 BARON VON FERSTEL, Austria.
1883 FRAS. CRAMNER PENROSE.
1884 WILLIAM BUTTERFIELD.
1885 H. SCHLIEIMANN, Germany.
1886 CHARLES GARNIER, France.
1887 EWAN CHRISTIAN.
1888 BARON VON HANSEN, Austria.
1889 SIR CHARLES T. NEWTON.
1890 JOHN GIBSON.
1891 SIR ARTHUR BLOMFIELD, A.R.A.
1892 CESAR DALY, France.
1893 RICHARD MOSER HUNT, U.S.A.
1894 LORD LEIGHTON, R.A.
1895 JAMES BROOKS.
1896 SIR ERNEST GEORGE, R.A.
1897 Dr. P. J. H. CUYPPERS, Holland.
1898 GEORGE AITCHISON, R.A.
1899 GEORGE FREDK. BODLEY, R.A.
1900 Professor RODOLFO AMADEO LANCIANI, Italy.
1901 (Not awarded, owing to the death of Queen Victoria.)
1902 THOS. EDWARD COLLUTT.
1903 CHAS. F. McKIM, U.S.A.
1904 AUGUSTE CHOISY, France.
1905 SIR ASTON WEBB, P.P.R.A.
1906 SIR L. ALMA-TADEMA, R.A.
1907 JOHN BELCHER, R.A.
1908 HONORE DAUMET, France.
1909 SIR ARTHUR JOHN EVANS, D.Litt., F.R.S.
1910 SIR THOMAS GRAHAM JACOBSON, Bart., R.A.
1911 WILHELM DORPFELD, Germany.
1912 BASIL CHAMPNEYS.
1913 SIR REINAGL BLOMFIELD, M.A.
1914 JEAN LOUIS PASCAL, France.
1915 FRANK DARLING, Canada.
1916 SIR ROBERT ROWAND ANDERSON.
1917 HENRI-PAUL SENOT, Membre de l'Institut, France.
1918 ERNEST NEWTON, R.A.
1919 LEONARD STOKES.
1920 CHARLES LOUIS GIRAUT, Membre de l'Institut, France.
1921 SIR EDWIN LANDSEER LUTYENS, R.A.
1922 THOMAS HASTINGS, U.S.A.
1923 SIR JOHN JAMES BURNET, R.A., R.S.A.
1924 (Not awarded.)
1925 SIR GILES GILBERT SCOTT, R.A.
1926 Professor RAGNAR OSTBERG, Sweden.
1927 SIR HERBERT BAKER, R.A.
1928 EDWARD GUY DAWBER, A.R.A., F.S.A.
1929 VICTOR ALEXANDRE FREDERIC LALOUX, France.
1930 PERCY SCOTT WORTHINGTON, M.A.Oxon., Litt.D., F.S.A.
1931 SIR EDWIN COOPER, A.R.A.
1932 DR. HENDRIK PETRUS BERLAGE, Holland.

For other Architecture Medals see p. 715.
II. COUNCIL and COMMITTEES, and STAFF.

THE COUNCIL.
[See Bye-law 28.]

JULY 1932—JUNE 1933.

President.
1931 Sir RAYMOND UNWIN.

Past Presidents.
1931 Sir BANISTER (FLIGHT) FLETCHER, M.Arch., F.S.A.
1932 J. ALFRED GOTCH, Hon.M.A.Oxon, F.S.A.

Vice-Presidents.
1931 E. C. BEWLAY.
1931 L. SYLVESTER SULLIVAN.
1931 Professor C. H. REILLY, O.B.E., M.A.Cantab.
1931 SYDNEY TATCHELL.

Honorary Secretary.
1928 SYDNEY D. KITSON, M.A.Cantab., F.S.A.

Members of Council.
1932 Professor PATRICK ABERCROMBIE, M.A.Liverpool.
1931 Professor S. D. ADSHEAD, M.A.Liverpool.
1931 HENRY V. ASHLEY.
1927 ROBERT ATKINSON.
1927 HERBERT T. BUCKLAND.
1930 Sir EDWIN COOPER, A.R.A.
1929 W. CURTIS GREEN, A.R.A.
1929 E. STANLEY HALL, M.A.Oxon.
1929 P. D. HEPWORTH.
1931 CHARLES H. HOLDEN.
1927 ARTHUR KEEN.
1929 H. V. LANCHESTER.
1929 G. C. LAWRENCE, R.W.A.
1929 OSWALD P. MILNE.
1930 HOWARD ROBERTSON, M.C.
1932 Sir GILES GILBERT SCOTT, R.A., Hon. LL.D.
1929 PERCY E. THOMAS, O.B.E.
1929 MAURICE E. WEBB, D.S.O., M.C., M.A.Cantab.

Associate Members of Council.
1931 CYRIL A. FAREY.
1931 EDWIN GUNN.
1929 R. GOULBURN LOVELL.
1928 J. DOUGLAS SCOTT.
1929 MICHAEL J. TAPPER, M.C.
1930 MICHAEL WATERHOUSE, M.C.
1929 E. BERRY WEBBER.
1931 CHARLES WOODWARD.
Licentiate Members of Council.

1927 A. B. HAYWARD.
1932 G. N. KENT, F.S.I.
1930 Major F. W. REES, R.E.
1931 Captain A. SEYMOUR REEVES.
1929 J. LLEWELLIN SMITH, M.B.E.
1932 FRANCIS R. TAYLOR.

Representatives of Allied Societies in the United Kingdom or the Irish Free State.

(1) Six Representatives from the Northern Province of England:

1931 J. HUBERT WORTHINGTON, O.B.E., M.A.  Manchester Society of Architects.
1932 LEONARD BARNISH ........................... Liverpool Architectural Society.
1931 NORMAN CULLEY .......................... West Yorkshire Society of Architects.
1932 JOHN LANCASTER .......................... Sheffield, South Yorkshire and District Society of Architects and Surveyors.

(2) Five Representatives from the Midland Province of England:

1931 WALTER BRAND .......................... Leicester and Leicestershire Society of Architects.
1932 W. B. STONEBRIDGE .......................... Northamptonshire, Bedfordshire and Huntingdonshire Association of Architects.
1932 CECIL UPCHER .......................... East Anglian Society of Architects.

(3) Six Representatives from the Southern Province of England:

1928 B. PRIESTLEY SHIRES .......................... Devon and Cornwall Architectural Society.
1931 INGALTON SANDERS .......................... Hampshire and Isle of Wight Architectural Association.
1932 JOHN W. LITTLE .......................... South-Eastern Society of Architects.

(4) Four Representatives of Allied Societies in Scotland:

1932 A. H. L. MACKINNON .......................... Aberdeen.
1932 JAMES A. ARNOTT .......................... Edinburgh.
1932 W. ERSKINE THOMSON .......................... Dundee.

(5) One Representative of Allied Societies in Wales:

1931 J. HERBERT JONES.

(6) Two Representatives of Allied Societies in Ireland:

1929 F. G. HICKS .......................... Royal Institute of the Architects of Ireland.

Representatives of Allied Societies in the British Dominions Overseas.

1930 PHILIP J. TURNER .......................... Royal Architectural Institute of Canada.

[Representative in the United Kingdom:

Sir RAYMOND UNWIN.]

The Royal Australian Institute of Architects.

[Representative in the United Kingdom:

MAURICE E. WEBB, D.S.O., M.C., M.A. Cantab.]
REPRESENTATIVES OF ALLIED SOCIETIES IN THE BRITISH DOMINIONS OVERSEAS—continued.

1932 W. M. PAGE .................. New Zealand Institute of Architects.
[Representative in the United Kingdom : ROBERT ATKINSON.]
1932 ROBERT HOWDEN .............. Institute of South African Architects.
[Representative in the United Kingdom : MAURICE E. WEBB, D.S.O., M.C.,
M.A.Cantab.]
1932 T. S. GREGSON ............... Indian Institute of Architects.
[Representative in the United Kingdom : H. V. LANCHESTER.]

Representative of the Architectural Association (London).
1931 A. B. KNAPP-FISHER.

Representative of the Association of Architects', Surveyors' and
Technical Assistants.
1931 L. A. F. IRELAND, M.C.

Chairman of the Board of Architectural Education.
1931 W. H. ANSELL, M.C.

Chairmen of the Four Standing Committees.

THE STANDING COMMITTEES

The functions of the Standing Committees shall be to consider and investigate, either on their own initiative or by the direction of the Royal Institute or the Council, any subject appertaining to the branches of the profession of Architecture for which they are respectively appointed, and to make reports and suggestions thereon to the Council. The publication of such reports or suggestions, or abstracts thereof, shall be left to the discretion and management of the Council. The Standing Committees may make communications at a General Meeting by the direction or leave of the Council or Chairman of the said meeting.

Secretary to the Board of Architectural Education : Everard J. Haynes, B.A. Oxon.
Secretary to the Registration Committee : C. McArthur Butler, F.C.I.S. [L.].

THE COUNCIL DINNER CLUB.
The Council Dinner Club was founded during the presidency of the late Mr. Charles Barry (1876–79), to give Members of Council an opportunity of dining together in the interval between the close of a Council Meeting and the opening of a General Meeting of the Institute. All Members of the Council for the time being and past Members of Council are eligible for membership. One of the functions of the Club is to entertain overseas Architects of distinction visiting England, readers of Papers at General Meetings, and others whom the Institute would desire to honour. The Club is entirely self-supporting.

THE R.I.B.A. CHARTERS AND BYE-LAWS.
As a measure of economy the Council have decided to discontinue for the time being the insertion of the Charters and Bye-laws in the KALENDAR.
These documents can be obtained in pamphlet form on application to the Secretary R.I.B.A.
As a result of resolutions passed at Special General Meetings, held on 21st March and 11th April 1932, the Forms of Declaration to be signed by members on election were amended by an order of the Privy Council dated the 26th April 1932. Full particulars of the amendments were published in the JOURNAL on the 4th June 1932.
ENTRANCE FEES, SUBSCRIPTIONS AND CONTRIBUTIONS.

Fellows: Entrance Fee ... ... ... ... ... ... ... ... ... 6 6 o
If proceeding from Class of Associates ... ... ... ... 3 3 o
Annual Subscription ... ... ... ... ... ... ... ... ... 5 5 o
Associates: Entrance Fee ... ... ... ... ... ... ... ... 4 4 o
Annual Subscription ... ... ... ... ... ... ... ... ... 3 3 o
Licentiates: Entrance Fee ... ... ... ... ... ... ... ... 3 3 o
Annual Subscription ... ... ... ... ... ... ... ... ... 3 3 o
Students: Annual Contribution ... ... ... ... ... 1 1 o
Subscribers: Annual Contribution ... ... ... ... ... 1 1 o
Retired Fellows, Associates and Licentiates: Annual Subscription (except in cases of thirty years' membership) 1 1 o

SUBSCRIPTIONS OF MEMBERS IN THE DOMINIONS OVERSEAS WHO ARE ALSO MEMBERS OF ALLIED SOCIETIES IN THOSE DOMINIONS.

By a resolution of the Council dated 20th July 1931, the subscriptions of R.I.B.A. members in the Dominions overseas who are also members of Allied Societies in those Dominions are reduced to the following amounts as from 1st January 1932:

<table>
<thead>
<tr>
<th></th>
<th>£</th>
<th>s.</th>
<th>d.</th>

</tbody>
</table>

COMPOSITION OF SUBSCRIPTIONS FOR LIFE MEMBERSHIP.

Fellows, Associates and Licentiates of the Royal Institute may become Life Members by compounding their respective annual subscriptions on the following basis:

For a Fellow by a payment of £73. 10s. (70 guineas).
For an Associate or Licentiate by a payment of £44. 2s. (42 guineas), with a further payment of £39. 8s. on being admitted as a Fellow.

In the case of members in the Dominions overseas who are members of Allied Societies in those Dominions, the following basis will operate:

For a Fellow by a payment of £52. 10s. (50 guineas).
For an Associate or Licentiate by a payment of £31. 10s. (30 guineas), with a further payment of £21 (20 guineas) on being admitted as a Fellow.

Provided always that in the case of a Fellow or Associate the above compositions are to be reduced by £1. 1s. per annum for every completed year of membership of the Royal Institute after the first five years, and in the case of a Licentiate by £1. 1s. per annum for every completed year of membership of the Royal Institute, with a minimum composition of £6. 6s. in the case of Fellows and £4. 4s. in the case of Associates and Licentiates.
III. REGISTRATION OF ARCHITECTS
IN THE UNITED KINGDOM.

The Architects (Registration) Bill, which was promoted by the Royal Institute of British Architects, received the Royal Assent on the 31st July 1931, and came into operation on the 1st January 1932.

It has since been extended to Northern Ireland.

The Act establishes an Architects' Registration Council of the United Kingdom (constituted as laid down in the first Schedule), which controls the Register of Registered Architects, being persons who have satisfied the Admission Committee and the Council that they possess the qualifications laid down in the Act or prescribed by the Council. There are three Statutory Bodies set up by the Act, to be appointed annually by the Council, namely the Board of Architectural Education (second Schedule), the Admission Committee (third Schedule), and the Discipline Committee (Section 7-2).

The duty of the Board is to recommend to the Council:

(a) The recognition of any examinations in architecture the passing of which ought, in the opinion of the Board, to qualify persons for registration under this Act; and

(b) The holding of any examination in architecture which ought, in the opinion of the Board, to be passed by applicants for registration under this Act, and to hold examinations in architecture in accordance with this Act.

The duty of the Admission Committee is:
To consider every application for registration and to report thereon to the Council as to whether, or not, the applicant is, in the opinion of the Committee, qualified for registration.

The duty of the Discipline Committee is:
To inquire and report to the Council on any case in which it is alleged that a registered person has been guilty of conduct disgraceful to him in his capacity as an Architect.

The qualifications for registration (Section 6-1) are:

(a) That the candidate is an Architect member of the Royal Academy or of the Royal Scottish Academy.

(b) That his application for registration was made within two years from the commencement of this Act and that at the commencement of this Act, he was, or had been, practising as an Architect in the United Kingdom; or

(c) That he has passed any examination in architecture which is for the time being recognised by the Council; or

(d) That he possesses the prescribed qualifications.

A registered person who is convicted of a criminal offence, or after inquiry by the Discipline Committee is found guilty of conduct disgraceful to him in his capacity as an Architect may be removed from the Register by the Council. There is a right of appeal by the registered person to the High Court or Court of Session.
Registered persons are entitled to take and use the name or title of "Registered Architect," and there are penalties for the improper use of the title, and for obtaining registration by false representation.

Regulations for facilitating the administration of the Act, and prescribing the qualifications and fees, etc., and conditions of entry to the Register of Registered Architects have been drafted by the Council and are under consideration by the Privy Council, whose approval is necessary before the Regulations and forms of application can be issued.

When this approval has been given and the documents are available, the Members of the R.I.B.A. and of its Allied Societies in Great Britain and Northern Ireland will be notified as to the procedure to be followed by applicants for admission to the Register.

The Registrar of the Council and Clerk of the Board and of the Admission Committee is:—Mr. C. McArthur Butler, F.C.I.S., L.R.I.B.A., and the Secretary of the Board is:—Mr. Everard J. Haynes, B.A. Oxon.

The offices of the Council are at 18 Abingdon Street, Westminster, S.W. Telephone: Victoria 4289.

ARCHITECTS (REGISTRATION) ACT 1931
FIRST SCHEDULE
CONSTITUTION OF THE COUNCIL.

Twelve members appointed by the Council of the Royal Institute of British Architects.

Major Harry Barnes [F.].
Mr. L. Sylvester Sullivan [F.].

Mr. L. A. F. Ireland, M.C. [L.]
Mr. J. R. Leathart [F.]
Mr. R. S. Reid [F.]
Mr. J. Douglas Scott [A.]
Mr. L. Sylvester Sullivan [F.]
Mr. A. Randall Wells.

Chairman: Mr. L. Sylvester Sullivan [F.]
Vice-Chairman: Mr. A. Randall Wells.
Clerk: Mr. C. McArthur Butler, F.C.I.S. [L.]
IV. REGISTER OF MEMBERS.
[Additions and Corrections to 17th September 1932]

* Marked thus have been previously members of Council. The names of members of the present Council are printed in full capitals.

† Marked thus have received the Certificate of Competency to act (1) as District Surveyor in London granted by the Institute under the London Building Act, 57 & 58 Vict., cap. cxxxiii, section 140; or (2) as Building Surveyor under Local Acts of Parliament.

‡ Marked thus have entered after passing an Examination qualifying for candidature as Associate.

§ Marked thus have been elected from the class of Licentiates, after passing the qualifying Examination.

¶ Marked thus have been elected from the class of Licentiates under Sec. IV Clause C (ii) of the Supplemental Charter of 1925.

|| Marked thus have been transferred from the Society of Architects under the provisions of the Supplemental Charter of 1925.

The distinctive affixes to names in this Register are restricted to hereditary titles and titles of honour; University degrees; to membership of the Royal Academies of Arts, of the English, Scottish and Irish Royal Societies and Societies of Antiquaries, of the Institutions of Civil Engineers (Great Britain and Ireland) and the Chartered Surveyors' Institution, the Town Planning Institute, and of the House of Commons.

HONORARY FELLOWS

Honorary Fellows shall be members of the Royal Family, persons who hold or have held high office in the Government of the United Kingdom, or of India or of any Colony or Dependency of the United Kingdom, and other illustrious or distinguished persons to be elected as the Royal Institute may from time to time determine.—Extract from the Charter.

Elected.

1929 HOWARD DE WALDEN AND SEAFORD: LORD, Thomas Evelyn Scott-Ellis; 37 Belgrave Square, S.W.1.

Total number of Honorary Fellows: 15.
**HONORARY ASSOCIATES**

The Royal Institute may admit as Honorary Associates any persons not professionally engaged in practice as architects who by reason of their position or of their eminence in art, science, literature or any other matter or of their interest in matters relating to architecture, the Council may consider eligible for that honour.—Extract from the Supplemental Charter, 1923.

FELLOWS (F.R.I.B.A.)

Subject to the provisions of this Our Charter no person shall be admitted a Fellow of the Royal Institute unless he shall at the time of such admission have attained the age of thirty years and be either

(a) An Associate of the Royal Institute or a person who has passed an examination qualifying for admission to the class of Associates or

(b) A Licentiate of the Royal Institute who has passed such examination or examinations as may from time to time be prescribed by the Council as a qualification for the admission of Licentiates to the class of Fellows,

and in either case has been engaged as a principal for at least seven successive years in the practice of architecture or

(c) An Associate or Licentiate as hereinafter mentioned who is qualified to the satisfaction of the Council as follows and who has been approved by the Council for nomination, that is to say:

(i) An Associate not in private practice who is or has been in a position of responsibility for the design of architectural work or who is otherwise by his professional attainments considered eligible.

(ii) A Licentiate over 60 years of age who has been engaged as a principal for at least seven successive years in the practice of architecture or who is or has been in a position of responsibility for the design of architectural work.

PROVIDED however that the Council shall have power to elect and admit as a Fellow any eminent architect who shall have attained the age of 30 years and shall have been engaged as a principal for at least seven successive years in the practiced architecture and as to whom the Council may resolve that it is desirable to elect and admit him as a Fellow.—[Extract from the Supplemental Charter, 1925.]

1931 2888 WRIGHT: ALFRED ROBERT LINUS, Deputy Hon. Secretary R.I.B.A. for Western Australia, 93 Barker Road, Subiaco, near Perth, Western Australia.
FELLOWS RETIRED FROM PRACTICE

Any Fellow, Associate or Licentiate, who has reached the age of fifty-five and has retired from practice may, subject to the approval of the Council, be transferred without election to the class of "Retired Fellows," "Retired Associates," or "Retired Licentiates" as the case may be, but in such case his interest in, or claim against the property of, the Royal Institute shall cease. The amount of the annual subscription payable by such "Retired Fellow," "Retired Associate," or "Retired Licentiate" shall be £1.1s. 6d., or such amount as may be determined by resolution of the Council, excepting in the case of those who have paid subscriptions as full members for thirty years, and who shall be exempt from further payment. A "Retired Fellow," "Retired Associate," or "Retired Licentiate" shall have the right to use the affix of his class with the word "Retired" after it, shall be entitled to receive the Journal and Kalender, shall be entitled to the use of the Library, and shall have the right to attend General Meetings, but shall not be entitled to vote. A "Retired Fellow," "Retired Associate," or "Retired Licentiate" shall not engage in any avocation which in the opinion of the Council is inconsistent with that of architecture. Nothing contained in this Bye-law shall affect the rights of persons who at the date of the passing of this Bye-law are members of the classes of "Retired Fellows," and "Retired Members of the Society of Architects."—Extract from the Bye-laws.

Assoc. Fellow. Retired.

ASSOCIATES (A.R.I.B.A.)

Associates shall be persons engaged in the study or practice of Architecture, who have attained the age of twenty-one years. From the date of this Our Charter [25 March 1887] every person desiring to be admitted an Associate shall be required to pass or to have passed such Examination or Examinations as may be directed by the Royal Institute.—[Extract from the Charter.]

Subject to the Bye-laws for the time being the Council shall formulate and from time to time alter and amend a scheme or curriculum for education in architecture . . . and (subject to such exemptions as may be allowed by or in accordance with the Bye-laws) the Council may require candidates for admission to the Final Examination for Associateship of the Royal Institute to have passed through a course of study under or in accordance with such scheme or curriculum and to have passed such examinations in relation to the subjects comprised in that course of study as shall from time to time be prescribed by or in accordance with the Bye-laws.—[Extract from the Supplemental Charter, 1925.]

ASSOCIATES RETIRED FROM PRACTICE

Any Fellow, Associate, or Licentiates, who has reached the age of fifty-five and has retired from practice may, subject to the approval of the Council, be transferred without election to the class of “Retired Fellows,” “Retired Associates,” or “Retired Licentiates” as the case may be, but in such case his interest in, or claim against the property of the Royal Institute shall cease. The amount of the annual subscription payable by such “Retired Fellow,” “Retired Associate” or “Retired Licentiates” shall be £1.15.0d., or such amount as may be determined by resolution of the Council, except in the case of those who have paid subscriptions as full members for thirty years, and who shall be exempt from further payment. A “Retired Fellow,” “Retired Associate,” or “Retired Licentiates” shall have the right to use the affix of his class with the word “Retired” after it, shall be entitled to receive the Journal and Kalendar, shall be entitled to the use of the Library, and shall have the right to attend General Meetings, but shall not be entitled to vote. A “Retired Fellow,” “Retired Associate,” or “Retired Licentiates” shall not engage in any avocation which in the opinion of the Council is inconsistent with that of architecture. Nothing contained in this Bye-law shall affect the rights of persons who at the date of the passing of this Bye-law are members of the classes of “Retired Fellows” and “Retired Members of the Society of Architects.”—Extract from the Bye-laws.

Assoc. Retired.

1901 1931 Brumell: George, “Maori,” Richmond Park Avenue, Bourne-

mouth.

1898 1932 Collins: Henry Albert, 35 Buckingham Road, Kensington, 
Johannesburg, South Africa.

1902 1932 Dobson: Walter Ernest, C’au Ferragut, Son Roca, Palma de 
Mallorca, Baleares, Spain.

1893 1931 Earle: Lieut.-Colonel Frank, Shrubland Lodge, Horringer, 
Bury St. Edmunds, Suffolk, Surrey.

1905 1931 Ely: George Frederick, 29 South Park Hill Road, Croydon, 
Surrey.

1904 1931 Fowler: Henry Tutty, Merebeck, Cartmel, Grange-over-
Sands. [Cartmel 29.]

1900 1932 Groome: Arthur Reginald, “Ambleside,” Tower Road, 
Hereford.

1897 1931 Hatcher: George William, “Cliftonwood,” 16 St. Helen’s 
Crescent, Hastings.

1891 1932 Hutchings: John, Downend, Claremont Road, Seaford, Sussex.

1894 1931 Jones: Harry Evan, 71 Lordship Road, Stoke Newington, N.16.

1895 1931 King: Vivian Herbert, 13 Eton Road, Haverstock Hill, N.W.3.

1887 1931 Moore: Theodore, “Hayesford,” 50 Strand, Ryde, Isle of 
Wight.
LICENCIATES (L.R.I.B.A.)

Licentiates shall be architects who have attained the age of thirty years and either (a) have been engaged as principals for at least five successive years in the practice of architecture, or (b) have been engaged for at least ten consecutive years in the practice of the study of architecture.—[Extract from the Supplemental Charter, 1909.]

[See also Supplemental Charter, 1925, Section III, clause 3 (d) and (f), also clauses 6, 7 and 8, and Bye-laws 7 and 8.]

Serial Number:

Total number of Licentiates: 2,421

---

**LICENTIATES RETIRED FROM PRACTICE**

Any Fellow, Associate, or Licentiate, who has reached the age of fifty-five and has retired from practice, may, subject to the approval of the Council, be transferred without election to the class of "Retired Fellows," "Retired Associate," or "Retired Licentiate" as the case may be, but in such case his interest in, or claim against the property of, the Royal Institute shall cease. The amount of the annual subscription payable by such "Retired Fellow," "Retired Associate," or "Retired Licentiate" shall be £1 1s. 6d., or such amount as may be determined by resolution of the Council, excepting in the case of those who have paid subscriptions as full members for thirty years, and who shall be exempt from further payment. A "Retired Fellow," "Retired Associate," or "Retired Licentiate" shall have the right to use the affix of his class with the word "Retired" after it, shall be entitled to receive the Journal and Kalendar, shall be entitled to the use of the Library, and shall have the right to attend General Meetings, but shall not be entitled to vote. A "Retired Fellow," "Retired Associate," or "Retired Licentiate" shall not engage in any avocation which in the opinion of the Council is inconsistent with that of architecture. Nothing contained in this Bye-law shall affect the rights of persons who at the date of the passing of this Bye-law are members of the classes of "Retired Fellows" and "Retired Members of the Society of Architects." — Extract from the Bye-laws.

**Licentiates, Retired.**

STUDENTS R.I.B.A.

The Council of the Royal Institute may elect as members of a non-corporate class of Students any persons studying or intending to study with the purpose of becoming professional architects and who have passed or received exemption from the examination or examinations which may from time to time be prescribed by the Royal Institute for admission to such class and who shall have satisfied such other requirements as the Council shall from time to time prescribe in respect of such election.—[Extract from the Supplemental Charter, 1925.]

All Students R.I.B.A. [unless residing overseas] are required to pay an Annual Registration Fee of £1 1s. Students are entitled to use the Reference Library and Loan Collection of Books and to attend the Ordinary Meetings of the Royal Institute. They also receive the R.I.B.A. Journal and Kalendar.

* The asterisk denotes Students who have qualified for Associateship.

Total number of Students: 1,485.

---

**SUBSCRIBERS**

The Council of the Royal Institute may elect as members of a non-corporate class of Subscribers any persons who are not professional architects, but who are interested in the Royal Institute and in architectural matters and are approved by the Council as persons eligible to become Subscribers.—[Extract from the Supplemental Charter, 1925.]

All "Subscribers" are required to pay an Annual Contribution of £1. 1s. 6d. They are entitled to use the Reference Library and Loan Collection of Books, to attend the Ordinary General Meetings of the Royal Institute, and to receive the Annual Report.

Elected.

L. H. Bucknell [F.], Hon. Editor of the "Architectural Association Journal."

Ordinary Members of Council.

H. Chalton Bradshaw, M.Arch. [F.]
G. R. Dawburn [F.]
J. M. Easton [F.]
R. E. Enthoven [F.]
P. D. Hepworth [F.]

Joseph Hill [F.]
C. H. Holden [F.]
J. R. Leathart [F.]
L. G. Pearson [F.]
E. Berry Webber [A.]

Secretary: F. R. Yerbury [Hon. A.].

The Architectural Association (London), founded in 1847, is carried on under the authority of the Literary and Scientific Institutions Act 1854. Its objects are to provide facilities for the study of Architecture, and to serve as a medium of friendly communication between members and others interested in the study and progress of Architecture.

The President for the time being of the Architectural Association, providing he be a Fellow or an Associate of the Institute, is annually nominated as a member of the Council of the Royal Institute of British Architects.

The work of the Association is carried on at 34, 35, and 36 Bedford Square, W.C.1, where the General Meetings are also held. The Association possesses an extensive library which is available to members, arranges an annual excursion abroad and holds a continuous series of exhibitions during the winter months, of modern architecture from other countries, decoration, etc., etc. The premises at No. 36 Bedford Square are equipped as a club, where there is a dining-room, members’ reading-rooms, coffee-room, etc.

The School of Architecture, which is under the sole control of the Council of the Association, is under the direction of Mr. Howard Robertson, S.A.D.G. [F.], Principal, with Mr. Louis de Soissons, O.B.E., S.A.D.G. [F.], and Mr. Verner O. Rees [F.] as Vice-Principals, assisted by qualified masters and staff.

The School provides for five years of study, during which, as well as upon completion, students are advised to enter architects’ offices as Assistants.
The aim of the School is to provide for its students not only theoretical instruction in the Design and Engineering sides of architecture, but so to arrange its curriculum that the students, during their instruction, may find ample opportunity to gain practical experience in outside work or in the offices of practising architects.

The Council of the R.I.B.A. accept the Certificate issued upon satisfactory completion of the first three years of the Day School as granting exemption from the R.I.B.A. Intermediate Examination. The A.A. Diploma, issued under satisfactory completion of the full Five Years' Course, entitles the holder to exemption from the R.I.B.A. Final Examination with the exception of the examination in Professional Practice, and on passing the examination in this subject the holder becomes eligible for nomination for Associateship of the R.I.B.A.

THE ARCHITECTURE CLUB

The purpose of the Architecture Club is to enlarge public appreciation of good architecture and the Allied Arts, and especially of the best work of today.

Members are either (a) architects, or (b) writers, or (c) persons interested in furthering good building, and membership is divided as near as may be equally among these three classes.

Council, 1931-32:—

*J. C. Squire, M.A., F.R.S.L. [Hon. A.], Past President.
Christian A. G. Barman [F.].
Oswald Barron, F.S.A.
James Bone [Hon. A.].
Arthur J. Davis [F.].
*Victor Gollancz.
*Sir Francis Goodenough, C.B.E.
H. Austen Hall [F.].
*Stanley H. Hamp [F.].
E. Vincent Harris, O.B.E. [F.].
*Miss Nora Heald.
*Christopher Hussey, B.A.
H. V. Lanchester [F.].
*A. S. le Maitre, M.C., M.A.

ASSOCIATION OF ARCHITECTS, SURVEYORS
AND TECHNICAL ASSISTANTS

The Association of Architects, Surveyors and Technical Assistants, for salaried Architects, Surveyors, Civil Engineers and Technical Assistants in all branches of the building professions, is open to all over 21 years of age who have had five or more years experience or training. Annual Subscription, £1. 5s. A Probationary Class of membership is open to all under 21 years of age who have had less than five years experience. Annual Subscription, 10s. Entrance Fee, 5s. There is also a Sickness and Unemployment Benefit Fund, Membership of which is optional—12s. per annum additional.

There is a class of subscribers which consists of those who wish to support the Association but who are not eligible for membership. Subscription, 10s. 6d. per annum.

Full particulars and forms of application for membership may be obtained on application to Captain A. Seymour Reeves [L.], Secretary, 26 Buckingham Gate, London, S.W.1 [Telephone—Victoria 9300].

THE ARCHITECTS’ AND SURVEYORS’
APPROVED SOCIETY

NATIONAL HEALTH AND PENSIONS INSURANCE.

(Approval Number 374.)

26 BUCKINGHAM GATE, LONDON, S.W.1.

This Society was formed in 1912, with the approval of the Ministry of Health, and accepts for membership men and women who come within the scope of National Health and Pensions Insurance, i.e., those in receipt of a salary not exceeding £250 per annum.

CONTRIBUTIONS.

The contribution for men is 1/6 per week, 9d. of which is payable by the employer; and for women 1/1 per week, 7d. of which is payable by the employer.

ORDINARY BENEFITS.

The ordinary benefits, as specified in the Acts, include sickness, disablement and maternity benefits; also pensions for widows and allowances for orphans. The Old Age Pension is payable for life at the rate of 10/- per week to an insured person on attaining the age of 65; also to the wife of an insured person after she and her husband have attained that age, irrespective of means.
ADDITIONAL BENEFITS.

The last Government valuation of the Society’s assets having disclosed a large surplus, the following scheme of additional benefits has been brought into operation, with the sanction of the Ministry of Health:

Sickness Benefit: 22/- per week for men, and 19/- per week for women.
Disability Benefit: 11/- per week for both men and women.
Maternity Benefit: 54/-.

Grants are also made to members entitled to “additional benefits” towards the cost of any dental, optical, hospital, and nursing home treatment required. Such members requiring dental treatment should first of all apply to the Society for a “dental letter,” and, in the case of the other treatments, etc., should submit an estimate of cost of same, before treatment is commenced. Grants are also made under this scheme towards the cost of glasses, artificial teeth, and surgical appliances.

As these “additional benefits” are paid out of the profits of past years those now joining the Society cannot expect to receive immediately such benefits.

Further particulars and forms of application for membership may be obtained from the undersigned.

HERBERT M. ADAMSON, Secretary.

Annual Subscriptions are urgently needed.
It is hoped that every Architect in active practice will become a subscriber. Subscribers would greatly assist the Society by each obtaining at least one additional Donor or Subscriber.

A.B.S. INSURANCE DEPARTMENT.

(INAUGURATED FEBRUARY 1923.)

The Architects’ Benevolent Society acts as Insurance Agent for all classes of insurance, the commission thus obtained being added to the funds of the Society in the name of the architect who insures.

The following is a list of the principal insurances which can be negotiated through the Society:—
(1) **Life Assurance**; in which a special rebate is allowed by the Society to the assured.

(2) **Accident and Illness Insurance**; which brings in a regular weekly sum when the insured is incapacitated from earning through illness. This policy is invaluable to a professional man.

(3) **House Purchase**; which helps a man to buy his own house by a loan effected by means of an Endowment Assurance. Special terms are conceded to architects.

(4) The insuring of **Buildings in Course of Erection**. This policy intimately concerns the architect who is in a favoured position for recommending the Architects' Benevolent Society as insurance agent for the buildings for which he is responsible.

(5) **Home Protection**; combining insurance against fire, burglary and accidents to domestic servants.

(6) The insurance of **Motor Cars** and their drivers against the risks of the road.

(7) **Employers' Liability**; which covers the employer in respect of injuries sustained by his employees in the course of their occupation.

Every Insurance effected through the Architects' Benevolent Society means an increase in the funds at the disposal of the Council for distribution among those Members of the Architectural Profession and their Widows and Orphans who are in need of help.

The terms and conditions of any policy will be sent immediately on application to the Secretary, Architects' Benevolent Society, 9 Conduit Street, London, W.1.

**Cover is given pending negotiations.**

---

**THE TRIBUNAL OF APPEAL**

(London Building Act, 1930)

*Clerk of the Tribunal*: Commander H. P. Mead, R.N.

*Officers*: 13 Great George Street, Westminster, S.W.1.

The Tribunal of Appeal, as constituted under sections 196 and 199 of the London Building Act 1930, is composed of three members—one appointed by a Secretary of State, one by the Council of the Royal Institute of British Architects, and one by the Council of the Chartered Surveyors' Institution. The members are appointed for a term of five years, and are eligible for re-appointment. Appeal may be made to the Tribunal under the several sections set out in the London Building Act 1930 (20 & 21 Geo. 5, Chap. cviii), the Tribunal having power to hear the parties interested in person, or by counsel, solicitor, or agent; to administer oaths; to hear and receive evidence; to require the production of documents or books; and to confirm, reverse, or vary any decision appealed against, and to make any such order as they may think fit, also to order costs in their discretion.

When any question of law is involved in any appeal submitted to them, the Tribunal may, on the request of the parties, and if ordered by the High Court, or a Judge thereof, on application in a summary manner made by any party to the appeal, shall state a case for the opinion of the High Court, which shall hear and determine any such question of law, and thereupon reverse, affirm, or amend the decision of the Tribunal, or
remit the matter to them with the opinion of the Court on the case stated, or make such other order as to the matter and as to the costs of the case as the Court sees fit.

Any order of the Tribunal may be enforced by the High Court as if it had been an order of that Court.

Copies of the Regulations made by the Tribunal, with the approval of the Lord Chancellor, as to the procedure to be followed in cases of appeal and as to fees to be paid to the Tribunal by appellants and others, may be obtained from the Clerk of the Tribunal on application (price 1s.).

Appeals are to be lodged at the Office of the Tribunal, and the fee thereon paid, within the periods (if any) prescribed by the Act, and where no period is so prescribed, within the time required by the Regulations.

The Tribunal consists of the following members:

Mr. Arnold Inman, K.C., appointed by the Home Secretary (President of the Tribunal).

Sir Banister (Flight) Fletcher, M.Arch., F.S.A., F.S.I., appointed by the Council of the Royal Institute of British Architects.

Mr. Dendy Watney, F.S.I., appointed by the Council of the Chartered Surveyors' Institution.

All communications should be addressed to the Clerk of the Tribunal. All payments to be made in cash. Office hours, 10 to 4 (Saturdays, 10 to 1).

ROYAL FINE ART COMMISSION

Appointed in May 1924, "to enquire into such questions of public amenity or of artistic importance as may be referred to them from time to time by any of our Departments of State, and to report thereon to such Department; and furthermore, to give advice on similar questions when so requested by public or quasi-public bodies, where it appears to the said Commission that their assistance would be advantageous; and that the said Commission should be known as the Royal Fine Art Commission."

Commissioners:

Professor Stanley Davenport Adshead, M.A., M.Arch., F.R.I.B.A. (Appointed 1927; re-appointed 1931.)
Arthur J. Davis, F.R.I.B.A. (Appointed 1923.)
W. Reid Dick, Esq., R.A., F.R.B.S. (Appointed 1928.)

Secretary to the Commission:

Harold Chalton Bradshaw, M.Arch., F.R.I.B.A., 6 Burlington Gardens, W.I.
Telephone: Regent 4784.
THE ALLIED SOCIETIES
See Map facing.

The non-Metropolitan Societies allied to the Royal Institute of British Architects [see Bye-laws 76-80] are forty-nine in number, thirty being located in Great Britain and Ireland, five in South Africa, one in East Africa, one in Rhodesia, seven in Australia, and one each in New Zealand, Canada, Burma, India and Malaya. Each Allied Society is the accredited centre of a district, and the agent of that district in its relations with the heart of the system in London. (See Presidential Address, 1893-94: Journal Vol. I, 3rd Ser., p. 4.)

ENGLAND.

THE BERKS, Bucks AND OXON ARCHITECTURAL ASSOCIATION.
(Year of Alliance, 1921.)

[Province: The Counties of Berkshire, Buckinghamshire, and Oxfordshire.]

Hon. Secretary,
W. Austin Daft [A.I], 9 New Road, Oxford.

The Berks, Bucks and Oxon Architectural Association was founded in June 1921, its objects being: (a) The advancement of architecture and the promotion and encouragement of its study and appreciation; (b) the care and protection of the interests of the architectural profession; (c) the provision of a medium of friendly communication between its members and others interested in architecture, and of mutual assistance, by consultation, advice or mediation, in professional questions amongst architects in the three counties. The membership consists of Fellows, Associates, Students, Associate Craftsmen, Hon. Members and Retired Fellows.

(a) Fellows must be practising Architects, not combining any other business with their profession of Architecture except that of Land and Quantity Surveying or Civil Engineering, and must be Members of the Royal Institute of British Architects, must either have served Articles to Architects of recognised qualifications, or passed successfully through the Course at a "Recognised School." In any special case the Council may relax this rule.

(b) Associates must be Architects’ Assistants who have been engaged at least six years in the study or practice of Architecture. Associates who are Members of the R.I.B.A. shall be eligible for election as Fellows.

Provision is made in the Bye-laws for the formation of Branches either for the whole or any of the aforesaid counties with the capital town of the county as centre, or for Districts having an important city or town for centre, as may be determined by the localities affected, subject to the Council's approval. Branches already formed are the following:—
- Berks Society of Architects (100 members).
- Oxfordshire Society of Architects (51 members).
- Bucks Society of Architects (50 members).

Each Branch has its own executive. The Council of the Association refunds to the respective Branches half the annual subscriptions received
Maps showing districts of the Royal Institute of British Architects and of the Allied Societies in the United Kingdom and the Overseas Dominions.
from the members of each Branch, these sums to be used for Branch working expenses. Each county may appoint four representatives on the Council, not more than two representatives to be elected from one Branch. Any Branch having a membership of more than thirty (Fellows, Associates or Students) may appoint one additional representative for every fifteen additional members above thirty. The Council meet every three months, or upon request of three Members of Council, at Reading, Oxford or Slough, as arranged by the Council. The Annual General Meeting of the Association is held either in Berks, Bucks or Oxfordshire in the month of April.

Officers and Council of the Berks, Bucks and Oxon Architectural Association.

T. Lawrence Dale [F.], President [Member R.I.B.A. Council].
H. J. Stribling [A.], R. F. Dodd [F.], A. W. Saxon Snell [F.], Vice-Presidents.

BIRMINGHAM ARCHITECTURAL ASSOCIATION.

(Year of Alliance 1890.)

[Province : Warwickshire, South Staffordshire, Shropshire (except Whitchurch), Herefordshire, Worcestershire. Centre : Birmingham.]

Hon. Secretaries.
S. L. Whitehouse [L.], 3 New Street, Birmingham.
S. J. Stainton [F.], 133 Edmund Street, Birmingham.

Secretary : Owen W. Thompson, F.C.A., 11 Waterloo Street, Birmingham.
[Birmingham Midland 5675-5676.]

The Birmingham Architectural Association was founded in 1873 for the promotion of union and professional integrity among its several classes of members; the establishment, as far as possible, of uniformity of practice; the general advancement of architecture, and of the arts and sciences connected therewith. The Association consists of Fellows—architects who have been in practice at least three years; Associates—architects not eligible as Members, architects' assistants and pupils; Honorary Members—persons who are not architects, but interested in architecture and the allied arts; Subscribers—persons engaged in the various crafts connected with the architectural art. The Annual General Meeting is held in April. General Meetings are held fortnightly on Fridays from the months of October to March.

Through the efforts of the Birmingham Architectural Association a School of Architecture has been founded at the Municipal School of Art, Birmingham, under the Directorship of Mr. George Drysdale [F.].

Sketching excursions are arranged for students, visits made to old buildings and to buildings in progress, and prizes offered for reports and sketches of the buildings visited. A permanent room is available for meetings, and the Library is open during the day.

Tippett: R. W., 47 Alexander Road, Acocks Green.
DETON AND CORNWALL ARCHITECTURAL SOCIETY.

(Year of Alliance 1891.)

[Province: Devon and Cornwall. Headquarters: Exeter.]

Hon. Secretary.

John Challice [A], 7 Bedford Circus, Exeter.

The Devon and Cornwall Architectural Society, formerly known as the Devon and Exeter Architectural Society, was founded in 1890. The title was altered in 1926, when rules, in accordance with those suggested by the Royal Institute of British Architects, were adopted to take the place of those formerly in force. The objects of the Society are:
To advance the art and profession of Architecture.
To consider and safeguard matters of Professional Practice.
To maintain and uphold the code of professional charges as laid down by the Royal Institute of British Architects.
To promote and afford facilities for the study of Architecture and to serve as a medium of friendly communication between the members and others interested in the progress of Architecture.

The membership consists of Fellows, Associates, Students and Honorary Members. **Fellows** must be practising Architects, not combining any other business with their profession of Architecture, except those of Land and Quantity Surveying, Land Agency and Valuing and Civil Engineering, and must either have served Articles to Architects of recognised qualifications, or be Members of the Royal Institute of British Architects, or Architects' Assistants who are Associates or Licentiates of the R.I.B.A. unless the Council shall see reason to relax this rule in any special case. **Associates** must be Architects' Assistants over 21 years of age. **Students** must be Architects' Articled pupils, or day Students in any recognised Architectural School. **Honorary Members** must be persons who have rendered or may be in a position to render to Architecture and to the Devon and Cornwall Architectural Society such service as, in the opinion of the Council, entitle them to that distinction.

The area covered by the Society is divided into two districts, each forming a distinct branch. The branches are called “Exeter” and “Plymouth,” and members may elect to belong to either branch. The centres are at Exeter and Plymouth respectively, and each branch has its own executive. Sessional Meetings are held from September to April. The Society is governed by a Council consisting of Officers elected annually and representatives nominated by the branches. The Society possesses a library for the use of members and prizes are offered annually to Associates and Students for Measured Drawings.

A School of Architecture has been established since 1928 at the Central School of Arts and Crafts, Plymouth, by the Plymouth Education Authority and the R.I.B.A. has recognised the school by exempting Students from submission of the prescribed testimonies of study for the Intermediate Examination.

**Officers and Council.**

A. H. Ough [F.], President.

John Bennett [F.].

EAST ANGLIAN SOCIETY OF ARCHITECTS.
(Year of Alliance 1929.)
[Province: Norfolk and Suffolk. Headquarters: Norwich.]

President.
H. Munro Cautley [A.].
Hon. Secretaries.
E. W. B. Scott [F.], 23 Tombland, Norwich.
Miss Hilda Mason [A.], North Cottage, Felixstowe.

The East Anglian Society of Architects was founded in 1929. It is an amalgamation of the two existing bodies, the Norfolk and Norwich Association of Architects, and the Suffolk Association of Architects.

NORFOLK AND NORWICH ASSOCIATION OF ARCHITECTS.
(Year of Alliance 1921.)
[Province: Norfolk (including Lowestoft). Headquarters: Norwich.]

Hon. Secretary.
E. W. B. Scott [F.], 23 Tombland, Norwich.

The Norfolk and Norwich Association of Architects was founded in 1921. The objects of the Association are the advancement of architecture, the promotion of efficiency, and the protection of the interests of the members, the maintenance of a code of professional charges and practice, and the affording of mutual assistance and the promotion of personal intercourse among the members.

The membership, which includes almost all the practising architects in the province of the Association, consists of three classes, viz.—Members: Members of the R.I.B.A. and architects who have been in practice on
their own account for not less than two years. **Associate Members**: Architectural draughtsmen, architects' pupils, and architects engaged on the staffs of business firms. **Honorary Members**: Persons who by interest or ability appear to the Council able to render assistance in promoting the objects of the Association.

The annual meeting is held in January. Other meetings, lectures and outings are arranged by the Council. Students' competitions are held annually.

**Officers and Council.**

Cecil Upcher [F.], President [Member R.I.B.A. Council].
A. G. Berry [F.].
J. O. Bond [F.], Vice-President.
E. H. Buckingham [F.], Ex-President.
J. L. Carnell [F.], Vice-President.
G. Cotman [F.].
E. W. B. Scott [F.], Hon. Secretary.
T. G. Scott [F.], Hon. Editor.
E. H. Skipper [F.], Hon. Auditor.
E. J. Tench [F.].

**Honorary Members.**

Colman: Miss Ethel, Carrow Abbey.
Colman: Miss Helen, Carrow Abbey.
Colman: Russel J., Crown Point.
Cozens-Hardy: A., Oak Lodge, Sprowston.
Cozens-Hardy: B., Albemarle Road.

THE ESSEX, CAMBRIDGE AND HERTFORDSHIRE SOCIETY OF ARCHITECTS.

(Year of Alliance 1928.)

[Province: Essex, Cambridgeshire and Hertfordshire. Headquarters: Cambridge.]

Hon. Secretary.

Assistant Hon. Secretary.

Norman Hurst, p.a.s.i., "Thirlspot," 256 Milton Road, Cambridge.

Hon. Registrar.

The Essex Society of Architects was founded in 1927, and admitted to alliance with the Royal Institute in 1928. It was originally composed of four Chapters situated at Southend, Colchester, Chelmsford and West Essex. In 1929 the title of the Society was changed on the formation of Chapters in Cambridge and Hertfordshire. The Society is governed by a Council composed of representatives from each Chapter. The Bye-laws conform very closely to those enforced by the Berks, Bucks and Oxon Society, and the Society possess the following classes of membership:—Members, Associate Members, Students, Associate Craftsmen and Honorary Members.

Each Chapter has its own executive and the Council of the Society retains a certain proportion of the subscriptions received from members of the Chapters, the balance being reserved for working expenses.
The Council meets four times in the year fourteen days before each General Meeting, and the Annual General Meeting is held in the area or Chapter possessing the President and Honorary Secretary for the year.

Lectures and visits to places of interest form part of the programme, and much interest is taken in the cause of architectural education.

**Officers and Council.**

H. C. Hughes, M.A. Cantab. [F.], President.

Hampshire and Isle of Wight Architectural Association.

(Year of Alliance 1912.)

[Province: Hampshire and Isle of Wight. Headquarters: Southampton.]

Hon. Secretary and Treasurer.

A. L. Roberts [F.] The Castle, Winchester. [Tel.: Winchester 1005, Ext. 70; (House) 510.]

The Hampshire and Isle of Wight Architectural Association, founded in 1912, exists for the promotion of union and professional integrity among its several classes of members, the establishment as far as possible of uniformity of practice, and the general advancement of Architecture and
the various Arts and Sciences connected therewith. The Association consists of three classes of members—(1) Fellows, who must be Chartered Architects, or Architects or Quantity Surveyors who have been engaged in practice for not less a period than three years; (2) Associates, being other Architects, Assistants, or Pupils engaged in architectural work; (3) Honorary Members, being persons other than practising Architects or Quantity Surveyors, who are interested in the art of Architecture.

No person engaged in any of the trades connected with building is eligible for admission as Fellow or Associate.

The Council meets quarterly. Six General Meetings are held during the year, and are usually arranged in connection with visits to places of architectural interest in the summer months and lectures in the winter. The Annual General Meeting is held in April.

Officer and Council.

LEICESTER AND LEICESTERSHIRE SOCIETY OF ARCHITECTS.

(Year of Alliance 1889.)

[Province: Leicestershire and Rutlandshire. Centre: Leicester.]

Hon. Secretary.

C. F. McL. Keay, 6 Millstone Lane, Leicester.

The Leicester and Leicestershire Society of Architects was founded in 1872. The objects of the Society are:

(1) The maintenance of the Alliance with the Royal Institute of British Architects;
(2) The general advancement of Architecture and its kindred arts and sciences, the promotion of union and professional integrity among members of the profession, the establishment of uniformity of practice and the encouragement of Architectural Education; (3) To obtain and consider information respecting competitions and to secure recognition of the R.I.B.A. regulations for competitions and other matters affecting the profession, and, where practicable, to advise Committees or others desiring professional aid, and to endeavour to ensure equitable terms and awards; (4) To afford mutual assistance, by advice or mediation, in cases of misunderstanding, either among Members themselves, or between them and their employers; or between the Members and those employed in works under their superintendence; and
generally to promote personal acquaintance and good feeling amongst the Members of the Society; (5) To maintain an Architectural Reference Library for the use of the Members of the Society, and to advance their professional knowledge and interests in any way that may be deemed expedient.

The members consist of five classes, viz.: Hon. Members—Retired Architects and others; Full Members—Architects who are in practice on their own account as principals or officials in executive positions; Associate Members—Architects not less than thirty years of age who are not eligible as Full Members, or Associates or Licentiates of the R.I.B.A.; Student Members—Probationers of the R.I.B.A. who are taking the certificate course at the Leicester School of Architecture; and Assistant and Pupil Members—Assistants or Pupils not less than sixteen years of age in the office of an Architect within the Province or in the Architectural Department of a Local Governing Body within the Province. The Society possesses a Library to which all its members have access, and has issued a schedule of professional charges and practice. Prizes are awarded by the Council of the Society to pupils and others for the best Architectural Sketches, Measured Drawings, and other Competitions, particulars of which are published in the Society's Annual Report. The Annual General Meeting is held in April or May.

Officers and Council.

THE LIVERPOOL ARCHITECTURAL SOCIETY.

(INCORPORATED.)

Founded 1848. Incorporated 1901.

(Year of Alliance 1889.)

[Province: Parts of Lancashire and Cheshire, North Staffordshire, the town of Wrexham (Salop), with the counties of Flint, Denbigh, Carnarvon, Anglesey, Merioneth, and Montgomery, and the Isle of Man. Centre: Liverpool.

Rooms: Bluecoat Chambers, School Lane, Liverpool.

Hon. Secretary.
J. S. Allen, B.Arch. [A.I.], 45 Hope Street, Liverpool.

Secretaries.

The Liverpool Architectural Society was established in 1848, and incorporated in 1901 under the Companies Acts, 1862–1900, as a limited company, the Certificate of Incorporation bearing date 22nd August 1901. The objects of the Society are:—(a) To undertake and encourage the general advancement of civil architecture, and to promote and facilitate the acquirement of the knowledge of the various arts and sciences.
connected therewith. (b) To promote professional integrity and honourable practice, and generally to promote honourable relations in the profession. (c) To obtain information and to consider and discuss all subjects and questions connected directly or indirectly with the art, science, and professional practice of Architecture. (d) To support and protect the status of architects and of surveyors practising in, or in the vicinity of, the city of Liverpool, and for that purpose to confer with and advise public bodies and others on all matters affecting the interests of the profession, and, if necessary, to take active means to protect such interests. (e) To establish and maintain a library of architectural books and a collection of designs, prints, and other articles of interest to the profession. (f) To advance and encourage professional study by organising classes for study, competitions for prizes to be given by the Society, and the delivery of lectures, and by such other means as may be thought expedient.

The Society consists of two classes of members—viz., Fellows and Associates. The Fellows are architects or surveyors who have attained the age of twenty-eight years, and who for not less than three years have been engaged as principals in professional practice. The Associates are persons who have attained the age of twenty-one years and are engaged in the study or practice of Architecture or Surveying. There are honorary classes for Honorary Fellows and Honorary Associates, and a class for Students.

The Society has a Library and Reading Room, which is open daily for the use of the members and students.

Sessional Meetings are held from October to April inclusive. The Annual General Meeting is held in April.

Officers and Council.

L. Griffiths: William, County Buildings, Mold.
A. Hall: Douglas, National Provincial Bank Chambers, Bangor.
F. Hall: Richard, National Provincial Bank Chambers, Bangor.
The Manchester Society of Architects (originally founded in 1865, and consisting exclusively of architects who at the time of their election had been in practice at least three years) was reconstructed in 1891 and incorporated under Section 23 of the Companies Act, 1867, as a limited company, the Articles of Association bearing date the 16th June 1891. The objects are:

(a) To support and protect the character, status and interests of architects practising in, or in the vicinity of Manchester, and to promote personal acquaintance and good feeling between members of the Society. (b) To establish and maintain an acknowledged code of professional practice and charges, etc. (c) To advance and encourage professional knowledge and study in the younger members of the profession by the foundation of classes for study, competition for prizes given by the Society, delivering of lectures and other means. (d) To obtain and consider information respecting competitions and all other matters affecting the profession, etc. (e) To afford mutual assistance by advice and mediation in case of misunderstanding between members, or between members and their employers or those employed under them, and in any other way to promote honourable conduct in the profession generally. . . . (g) To establish, form, and maintain a Library or other collection of architectural works, and to acquire, by purchase or donation, books, designs, drawings, and other articles of interest in connexion with the profession.
The members consist of Fellows, who have been engaged in practice at least five years, and who are entitled to use the affix F.M.S.A.; Associates, who are at least twenty-three years of age, engaged in the study or practice of Architecture as a profession, and who are entitled to use the affix A.M.S.A.; Students, who are under twenty-three years of age and are engaged in the study of Architecture either as assistants or pupils. The Society possesses a Loan and Reference Library, containing some eleven hundred volumes, which is open to students, other than members, on certain conditions. Students’ meetings are held during the Session, when Papers on architectural subjects are read. A large number of prizes are offered by the Society in competition to members of the Society, or to pupils or assistants in the offices of architects in Manchester or in the offices of members of the Society. The more important include (1) Senior Measured Drawings, hon. degree: Bradshaw Gass Prize, 1st, £8. 8s.; 2nd, £4. 4s.; (2) Junior Measured Drawings: Society’s Prize, £5. 5s.; (3) Sketch Prize: £3. 3s.; (4) Essay Prize: President’s Prize, £5. 5s.; (5) Senior Design Prizes: Society’s Prize, £10. 10s., 2nd Prize, £3. 3s. (J. H. Woodhouse Bequest); (6) Junior Design Prize: Society’s Prize, £4. 4s. The Council meet every month; General Meetings of the Society are held every month from October to April (inclusive), and Sessional Paper Meetings are held during the winter. The Annual General Meeting is held in May.

NORTHAMPTONSHIRE, BEDFORDSHIRE AND HUNTINGDONSHIRE ASSOCIATION OF ARCHITECTS.

(Year of Alliance 1912.)

[Province: Northamptonshire, Bedfordshire and Huntingdonshire. Headquarters: Northampton.]

Hon. Secretary and Treasurer.
C. Croft, F.S.I. [L.], 1 Castilian Terrace, Northampton.

This Association was originally the Northamptonshire Association of Architects and was instituted in 1911. In 1928 the Province was enlarged by the inclusion of Bedfordshire and Huntingdonshire, and the title altered accordingly. Its objects are the promotion of union and professional integrity among members, the establishment as far as possible of uniformity of practice, and the general advancement of Architecture and the various arts and sciences connected therewith. Members are of four classes, viz.:—
1) Members, who must be engaged in practice as principals; 2) Associates, who must be engaged as architects' assistants or articled pupils; 3) Honorary Members; 4) Associated Craftsmen.

Officers and Council.

NORTHERN ARCHITECTURAL ASSOCIATION.

(Year of Alliance 1889.)

6 Higham Place, Newcastle-upon-Tyne.

[Province: Northumberland, Cumberland, Durham, and the County Borough of Middlesbrough. Centre: Newcastle.]

Hon. Secretary.

R. N. Mackellar [A.], 21 Ellison Place, Newcastle-upon-Tyne.

The Northern Architectural Association was founded in 1858, and the rules and constitution were revised in 1885, and again in 1911 and 1921. The objects of the Association, as stated in the new rules, are to promote union amongst the members; the elevation of the profession of Architecture; the establishment of uniformity of practice and professional charges; and the general advancement of the art and science of Architecture. There are 300 Members in the Association, consisting of four classes, viz.:—

Members, architects in practice as principals, or as town or country architects, who have so practised for not less than three consecutive years immediately preceding their nomination; Associates, architects not yet eligible as Members or assistants (over twenty-one years of age) in the offices of gentlemen eligible as Members or Associates; Students, persons engaged in the study of Architecture who are registered as Probationers of the R.I.B.A. and not exceeding the age of twenty-one years, except when they are still pupils and exceed that age; and Honorary Members, gentlemen eminent for distinguished attainments recommended by the Council. Members and Associates only have the right to vote. Under the Glover Trust the Council offer:—

The Glover Travelling Studentship, the Glover Medal, and a Prize of Twenty-five Guineas open to Students or Associates for Architectural Study in the United Kingdom, or abroad.

There is a Students' Club in connection with the Association, and a library. The session commences in October, and meetings, at which Papers are read and professional questions discussed, are held in each month up to and including March of the following year. The Annual General Meeting is held in May or June.

NOTTINGHAM, DERBY AND LINCOLN ARCHITECTURAL
SOCIETY.

[Province : Nottingham and the South part of Nottinghamshire, Derby and the South
part of Derbyshire, Lincoln and the South part of Lincolnshire. Centre:
Nottingham.]

(Year of Alliance 1889.)

Hon. Secretary and Treasurer.
H. H. Goodall [L], Brougham Chambers, Wheeler Gate, Nottingham.

The Nottingham Architectural Society was instituted in 1862. The
Derby Architectural Society was founded in 1908 and amalgamated with
the Nottingham Society in 1913. The Rules were revised in 1914. The
objects of the Society are the promotion of union and professional
integrity among its several classes of members; the establishment as far
as possible of uniformity of practice; and the general advancement of Architecture and the various arts and sciences connected therewith. The members consist of three classes, viz.: Members, architects engaged as principals not less than two years; Associates, architects not eligible as Members, architects' assistants and articled pupils; Students, who shall be under twenty years of age; and Honorary Members, gentlemen distinguished for their attainments. General Meetings are held during the year, besides Special General Meetings which may be convened at any time. The Annual General Meeting is held in April. Students' Competitions are held annually, and in addition the Council offer prizes for the best set of measured drawings of any building of interest, Classical or Mediaeval. The Society possesses an interesting and useful Library.

SHEFIELD, SOUTH YORKSHIRE AND DISTRICT SOCIETY
OF ARCHITECTS AND SURVEYORS.

(Year of Alliance 1889.)

The University, Sheffield.

[Province: Northern Derbyshire, Northern Lincolnshire, and part of South Yorkshire. Centre: Sheffield—The line between the Leeds and Sheffield Provinces has been determined as follows:—The Northern boundary of the Sheffield province will follow the County boundaries of Lancashire and Yorkshire to Penistone, Barnsley, Snaith and Goole (including all those towns) to the mouths of the Ouse and the Don.]

Hon. Secretary.

H. B. S. Gibbs [A.], 15 St. James's Row, Sheffield.

The Sheffield, South Yorkshire and District Architectural Society was founded in 1886 for the advancement of the profession of architect and surveyor; for promoting and facilitating the acquisition of a knowledge of the various arts and sciences connected therewith, and the education of the junior members thereof; and for the consideration of questions of professional practice. The members consist of five classes: Honorary Members, Fellows, Associates, Students, and Lay Members. Fellows are practitioners who have been engaged as principals for not less than five years in their professions; Associates are principals or assistants over twenty-one years of age; Students are articled pupils; Honorary Members are distinguished patrons of the Arts and Sciences; Lay Members are gentlemen not practising but interested in Architecture or Surveying, and not following any of the building trades. Papers are read, and professional questions discussed, on the second Thursday in each month from October to April, both inclusive. The Annual General Meeting is held in April.

Officers and Council.

J. Lancashire [F.], President [Member R.I.B.A. Council].

THE SOUTH-EASTERN SOCIETY OF ARCHITECTS.

(Year of Alliance 1928.)

[Province: The Counties of Kent, Surrey and Sussex.]

Hon. General Secretary.

R. Goulburn Lovell [A.], St. Moritz, The Upper Avenue, Eastbourne.

The South-Eastern Society of Architects was founded in 1928, as one of the Allied Societies of the Royal Institute of British Architects. Its members practise or reside in the Counties of Kent, Surrey, and Sussex. Its activities appeal to both professional and non-professional members. Its main objectives are: The beautifying of our surroundings and the preservation of Rural England. Its functions are:—

(a) To maintain an intensive propaganda to enable the public to appreciate good architecture and to encourage its study and advancement.

(b) To teach architectural design and construction.

(c) To constitute advisory bodies to which local authorities can refer questions of town-planning and architectural design.

Monthly social meetings are held for practising architects in the more important towns, where professional advice is exchanged. Atelier Clubs for developing architectural design are organised in Brighton, Canterbury, Croydon, Farnham, Guildford, Hastings, Margate and Tunbridge Wells. These are intended primarily for assistants and others who are preparing for the R.I.B.A. examinations and who are unable to attend a regular architectural course.

Members are strongly advised to join the Society's Correspondence School of Town Planning, which is obtaining most satisfactory results at the Town Planning Institute examinations.

Officers of the Society.

President: John Walter Little, M.T.P.I. [F.] [Member R.I.B.A. Council].

Past Presidents:

Vice-Presidents:

H. Anderson [F.], T. R. Clemence [F.], Hugh Macintosh [F.], W. H. Robinson [F.], J. Saxon Snell [F.].

Hon. General Treasurer: Cecil Burns.

Hon. General Auditor: J. L. Denman [F.].

Hon. Editor: G. Maxwell Aylwin [F.].
Hon. General Secretary: R. Goulburn Lovell [A.] [Member R.I.B.A. Council].

The Council of the Society consists of the Committees of the five Chapters.

The Executive Committee.

President: John Walter Little, M.T.P.I. [F].
Hon. Secretary: R. Goulburn Lovell [A.].

THE WESSEX SOCIETY OF ARCHITECTS.

(Year of Alliance 1923.)

[Province : Gloucestershire, Wiltshire, Somerset and Dorset. Centre : Bristol.]

Hon. Secretary.
Harold E. Todd [A.], 29 Orchard Street, Bristol.

Assistant Hon. Secretary.
R. S. Redwood [A.], 29 Berkeley Square, Bristol.

The Wessex Society of Architects was founded in 1922 by the Federation of the Bristol Society of Architects and the Gloucestershire Architectural Association. A third branch, viz. the Wilts and Dorset Society of Architects, has now been formed.
The membership of the Society consists of the members (Fellows, Associates and Students) of the constituent bodies and Honorary Members.

The first Honorary Fellow of the Society was the late Thomas Hardy, O.M.

BRISTOL SOCIETY OF ARCHITECTS.

(Year of Alliance 1889.)

Hon. Secretary.
R. S. Redwood [A.], 29 Berkeley Square, Bristol.

The Bristol Society of Architects was established in 1850, and reorganised in 1888. The Society exists for the purpose of maintaining the interests of the profession; for the educational advancement of local students; for the formation of a Library; and for insuring a uniformity and respectability of practice. The Members consist of Fellows—architects who have attained the age of thirty years, and who have been engaged as principals for at least five successive years in the practice of architecture; Associates—persons engaged in the study or practice of architecture who have attained the age of twenty-one years; Honorary Associates—persons not professionally engaged in practice as architects, who, by reason of their interest or ability in art, science, literature, or archaeology, or their experience in matters relating to architecture or building, may appear to the Council to be able to render assistance in promoting the objects of the Society; Students—persons engaged in the study of architecture, and who are not less than sixteen years of age. Students have the privilege of attending ordinary meetings of the Society and of joining in discussions, but have no voice in the control of the Society's affairs. All Students are expected to qualify themselves for passing the Examinations of the R.I.B.A. The Annual General Meeting is held early in February, and monthly meetings are held from October to March, at which Papers are read and the business of the Society transacted. The Society, in collaboration with the Royal West of England Academy, was instrumental during the year 1920-21 in establishing the School of Architecture of that Academy, opened by H.R.H. the Prince of Wales on 10th July 1921. The School is carried on at the premises in Charlotte
Street, Park Street, where the Bristol Society of Architects have their headquarters, and is open to students of Architecture irrespective of sex. It is affiliated with the school of the Architectural Association of London, but is controlled as to its educational policy and curriculum by a Council of which the majority are members of the Council of the Society who are also Artist Members of the Academy. The curriculum closely follows that of the school of the Architectural Association; the general system of education is, however, that of combined apprenticeship to a practising architect and school work, though special cases are dealt with on their merits, and apprenticeship and office work are not compulsory. The four years part-time course is recognised for exemption from the R.I.B.A. Intermediate Examination.

Officers and Council.

G. C. Lawrence, R.W.A. [F.], President [Member R.I.B.A. Council].
B. F. Bruton [A.].
Sir George H. Oatley, LL.D., R.W.A. [F.].
E. H. Button, A.R.W.A. [A.].
R. S. Redwood [A.], Hon. Secretary.
J. Ralph Edwards [A.].
W. J. Stenner [F.], Vice-President.

WEST YORKSHIRE SOCIETY OF ARCHITECTS.

(Year of Alliance 1891.)

[Province : The West Riding and that part of the North Riding west of the railway line. Centre : Leeds. The line between the Leeds and Sheffield Provinces has been determined as follows:—The Northern boundary of the Sheffield Province will follow the County boundaries of Lancashire and Yorkshire to Penistone, Barnsley, Snaith and Goole (including all those towns) to the mouths of the Ouse and the Don. The line between the York and Leeds Provinces has been determined as follows:—From Goole following the south and west bank of the River Ouse to Cawood; thence at a radius of 10 miles from the centre of the City of York, south and west of the City of York, to the L.N.E.R. main railway line at Tollerton Station, thence following that railway line to the county boundary between Yorkshire and Durham.]

Hon. Secretary.

The West Yorkshire Society of Architects was founded in 1876, and registered on the 10th November 1885, under Section 23 of the Companies Act, 1867. The Society consists of Members—architects who have been in practice at least two years prior to election; Associates—architects' assistants, pupils, or architects who are not eligible as Members, or who have not been nominated as Members; and Honorary Members—persons interested in the arts and sciences associated with Architecture.

The Society arranges visits of inspection to old and new buildings periodically during the summer months, and a course of evening lectures is given during the winter session. Several prizes are offered annually by the Society for measured and other drawings, designs, &c.

* * The names of Members of the Royal Institute of British Architects in the foregoing list are printed in small capitals; and, except where otherwise stated, all the addresses are in Leeds.
YORK AND EAST YORKSHIRE ARCHITECTURAL SOCIETY.

(Year of Alliance 1893.)

[Province: The East Riding and that part of the North Riding to the east of the London and North Eastern Railway, including Northallerton. The line between the York and Leeds provinces has been determined as follows:—From Goole following the south and west bank of the River Ouse to Cawood: thence at a radius of 10 miles from the centre of the City of York, south and west of the City of York, to the L.N.E.R. main railway line at Tollerton Station, thence following that railway line to the county boundary between Yorkshire and Durham. Centre: York.]

Honorary Secretary.
R. Jackson [A.], 4 St. Mary's, York.

The York and East Yorkshire Architectural Society was founded in 1882, the objects being to afford facilities for the study of Architecture, sanitary engineering, and other subjects identified with the architectural profession; and to advance the professional interest of the members. It has endeavoured to carry out these objects by means of (1) Papers and discussions upon all subjects and questions connected directly and indirectly with Architecture; (2) The preservation of ancient and historical architectural monuments and buildings; (3) The advancement and encouragement of professional knowledge and study in the younger members of the profession by the foundation of classes for study and the award of prizes for satisfactory work; visits to works in progress, and to buildings ancient and modern; sketching, and such other methods as may be determined from time to time. Further, by supporting and protecting the character and uniformity of practice of the profession, and promoting personal acquaintance and good feeling between the members and honourable conduct in the profession generally. The members consist of four classes, viz., Fellows—architects who have been in practice at least three consecutive years, or hold chief public appointments; Associates—persons who are engaged in the study and practice of Architecture, who are not eligible as Fellows; Students—persons engaged in the study of Architecture as pupils (or assistants not yet twenty-one years of age); Honorary Members—those who have any direct or indirect interest in Architecture, or in some of the collateral arts and sciences. The Annual General Meeting is held in April.

SCOTLAND.

THE ROYAL INCORPORATION OF ARCHITECTS IN SCOTLAND.

Telegraphic Address: "Architects, Edinburgh."

(Year of Alliance 1921.)

Secretary and Law Agent.
A. Nicol Bruce, W.S., 15 Rutland Square, Edinburgh.

Treasurer.

The Incorporation of Architects in Scotland was founded in 1916 and obtained a Royal Charter on 6th May 1922.

The Incorporation maintains local divisions of its members known as Chapters, to each of which a definite portion of the whole territorial area of Scotland is assigned as its sphere of influence and action.

The Incorporation consists of three classes of Active Members: Fellows, Associates, and Students; and two classes of Honorary Members: Honorary Fellows, and Honorary Corresponding Fellows. Fellows must be over thirty years of age, engaged as principals for at least five successive years, or engaged in professional education under an educational body in Scotland, recognised as such by the Council. Associates must be over twenty-one years of age and resident in Scotland, who, having completed a term of pupillage or the equivalent in the Schools, are engaged in the practice of Architecture as principals, or employed as assistants in an architect's office recognised as such by the Council, or are engaged in professional study or education. Students must be over sixteen years of age and resident in Scotland who are pupils in an architect's office or are engaged in the study of Architecture in the Schools or in such other way as the Council recognise as equivalent; candidates for the studentship are recommended to have the Leaving Certificate of the Scottish Education Department or its equivalent. Associates who have been engaged as
principals for five years and who are otherwise eligible for Fellowship must apply for admission as Fellows, failing which the Council may consider they have resigned; in like manner Students on becoming eligible must apply for admission as Associates, or have their names removed from the list. Membership of the Incorporation is conditional on concurrent membership of the Chapter within whose territory the member's office is situated. Each Chapter has its territorial designation as a Chapter of the Incorporation, but it may with the consent of the Council of the Incorporation, retain a proper name or title other than its designation as a Chapter of the Incorporation. The Chapters number five, viz.:

ABERDEEN SOCIETY OF ARCHITECTS.
DUNDEE INSTITUTE OF ARCHITECTS.
EDINBURGH ARCHITECTURAL ASSOCIATION.
GLASGOW INSTITUTE OF ARCHITECTS.
INVERNESS ARCHITECTURAL ASSOCIATION.

Each Chapter has its own President and Council, who manage the affairs of the Chapter and prepare an Annual Report for submission to the Annual Convention of the Incorporation. Each Chapter Council appoints from its own Chapter representatives to serve on the Council of the Incorporation. The Presidents of the several Chapters are Vice-Presidents of the Incorporation. Each Chapter may frame Rules and Regulations for its own government subject to the approval of the Council of the Incorporation. The Annual Convention of all the Members is held in or about the month of June at the place fixed at the preceding Annual Meeting. At the Annual Convention the New President is elected and installed.

Officers and Council of the Royal Incorporation of Architects in Scotland.

John Begg [F.], President.

John Watson, A.R.S.A. [F.], Past President [Member R.I.B.A. Council].

WALES.

THE SOUTH WALES INSTITUTE OF ARCHITECTS.
(Year of Alliance 1893.)
[Province : Glamorgan, Brecknock, Radnor, Cardigan, Pembroke, Carmarthen, and Monmouth. Centre : Cardiff.]
The South Wales Institute of Architects was founded in 1890, and consists of Fellows, Associates, Students and Honorary Members. Fellows must be practising Architects, not combining any other business with their profession of Architecture, except those of Land and Quantity Surveying, Land Agency and Valuing and Civil Engineering, and must either have served articles to Architects of recognised qualifications, or be members of the Royal Institute of British Architects, or Architects' Assistants who are Associates or Licentiates of the R.I.B.A., unless the Council shall see reason to relax this rule in any special case. Associates must be Architects' Assistants or Students of a recognised School of Architecture. They must be twenty-one years of age or over, and after 31st December 1930 shall be Students of the R.I.B.A. Students must be Architects' Articled Pupils, or Day Students in any recognised Architectural School. After 31st December 1927 no one shall be eligible for election as a Student of the South Wales Institute of Architects unless he has been accepted as a Probationer of the R.I.B.A. Honorary Members must be persons who have rendered or may be in a position to render to Architecture or the South Wales Institute of Architects such service as in the opinion of the Council entitles them to that distinction.

** The names of Members of the Royal Institute of British Architects in the foregoing list are printed in small capitals.
IRELAND.

THE ROYAL INSTITUTE OF THE ARCHITECTS OF IRELAND.

INCORPORATED.

(Year of Alliance 1889.)

8 Merrion Square North, Dublin.

[Centre: Dublin.

Hon. Secretary.

Louis F. Giron, 8 Merrion Square North, Dublin.

The Royal Institute of the Architects of Ireland was founded in 1839, and incorporated in 1908. The objects of the Institute are:—(1) The general advancement of Architecture; (2) The maintenance of the interests, status, and uniformity of practice of the profession, and (3) The maintenance of communication and friendly relations with other bodies associated for similar purposes. The Institute consists of Probationers, Students, Members, Fellows, Honorary Members and Honorary Corresponding Members. Fellows and Members are known as "Registered Members." Probationers shall be persons of good repute intending to follow the profession of Architecture, and who shall have (a) signed articles to serve for a period of at least three years as pupil to a Member or Fellow of the Institute, or of the Royal Institute of British Architects, or of any Society for the time being allied to either Institute or to an Architect approved by the Council, or who, being a person pursuing a Degree Course in Architecture (approved of by the Council) shall have been exempted by the Council from serving under Articles of Apprenticeship for the whole or part of said period of three years; and (b) who shall have passed the Preliminary Examination of the Institute, or who shall have been exempted by the Council from passing such Preliminary Examination. Class I. Students, shall be (1) persons who have been admitted as students of the Institute prior to the 1st October 1926, or (2) persons of good repute who have attained the age of nineteen years, and (a) have signed articles to serve for a period of at least three years as pupil to a Member or Fellow of the Institute, or of the Royal Institute of British Architects, or of any Society for the time being allied to either Institute or to an Architect approved by the Council, or who, being a person pursuing a Degree Course or holding a University Degree in Architecture (approved of by the Council) shall be exempted by the Council from serving under Articles of Apprenticeship for the whole or part of said period of three years; and (b) who shall have passed the Intermediate Examination of the Institute, or who shall have been exempted by the Council from passing same. Class II. Members, shall be (1) (a) Students of good repute who shall have attained the age of twenty-three years, and who shall have been students of the Institute for two years commencing not later than 1st October 1926; (b) Students of good repute who have been admitted as Students after 1st October 1926 shall have attained the age of twenty-three years and who shall have passed the Final Examination of the Institute. (2) Persons of good repute who shall have attained the age of twenty-three, and who shall have passed the Associateship Examination of the Royal Institute of British Architects, or who shall have obtained a University Degree in Architecture of a standard approved by the Council. (3) Architects in
actual practice as principals, of good repute and approved of by the Council, who shall have attained the age of twenty-eight years, and who shall have passed a Special Final Examination. (4) Assistants or persons following the profession of Architecture (without being in actual practice as principals), of good repute and approved of by the Council, who shall have attained the age of thirty years, and who shall have passed a Special Final Examination. Class III. *Fellows,* shall be such persons as shall be elected from the rank of Class II by a general vote of Classes II and III, provided they shall be architects of good repute, who have (a) attained the age of thirty-three years, have (b) been members of the Institute for at least ten years, or who are Associates of the Royal Institute of British Architects, and are (c) in the opinion of the Council worthy of that distinction. Persons, not being in practice in Great Britain, Saorstát Éireann or Northern Ireland, who are eminent for their works or scientific acquirements, shall be eligible to be associated to the Institute without any contribution under the designation of *Honorary Members,* if resident within Great Britain, Saorstát Éireann or Northern Ireland; or of *Honorary Corresponding Members,* if resident elsewhere. Meetings of the Council are held the second Friday in the month at 4 p.m., except during July, August and September. The ordinary General Meetings are held on a convenient Thursday in February, April, June and November. The Annual General Meeting is held in December at which meeting the Council for the ensuing year is elected. There are Standing Committees for Professional Practice, Arts and Publication, with Special Committees for Ancient and Historic Buildings, Board of Architectural Education, Registration, Premises and Town Planning. The Annual Subscription for a Student is half a guinea, for a Member two guineas and for a Fellow four guineas. A Journal of Proceedings is published annually.

**Officers and Council.**

THE ROYAL SOCIETY OF ULSTER ARCHITECTS.

(INCORPORATED.)

(Year of Alliance 1923.)

7 College Square North, Belfast.

[Centre : Belfast.]

Hon. Secretary.

J. C. Stevenson [L.I.], 7 College Square North, Belfast.

The Royal Society of Ulster Architects was founded in January 1901, and incorporated on the 6th February 1923, under the Companies' Acts, 1908 to 1917, its objects being:—(a) The general advancement of architecture; (b) The maintenance of the interests, status and uniformity of practice of the profession and standardisation of fees; (c) The maintenance of communication and friendly relations with other bodies associated for similar purposes; (d) To afford mutual assistance, by advice or mediation in cases of misunderstanding, either among members themselves or between them and their clients, or between members and those employed in works under their superintendence and generally to promote personal acquaintance and good feeling among members of the Society; (e) To obtain and consider information respecting competitions and other matters affecting the profession, and where practicable to advise with committees or others desiring professional aid, and to endeavour to ensure equitable terms and awards upon the suggestions for the conduct of competitions issued by the R.I.B.A.; (f) To facilitate and encourage the education of the students connected with the Society.
The membership consists of the following classes:—Members, Associates, Students and Honorary Members. (1) Members shall be architects of good repute, who have been engaged in practice as principals for a period of not less than seven years, or who are Fellows or Associates of the Royal Institute of British Architects, or Fellows or Members of societies allied with the R.I.B.A. (2) Associates shall be architects in practice, but not yet eligible as Members, or assistants (exceeding the age of twenty-one years). (3) Students shall not be less than sixteen years of age and engaged in the study of architecture under articles (having a period of at least three years) in the office of an architect who is a member of this or other society in alliance with the R.I.B.A., and who have been registered as probationers of the R.I.B.A. (4) Honorary Members shall be persons who are eminent for their works or scientific acquirements, or who have rendered services to the Society or Profession.

Officers and Council.

R. H. Gibson [F.], President [Member R.I.B.A. Council].
T. R. Edgar [L.], Hon. Treasurer.
Kendrick Edwards [F.].
W. M. Gamble.

** The names of Members of the Royal Institute of British Architects in the foregoing list are printed in small capitals; and, except where otherwise stated, all the addresses are in Belfast.
OVERSEAS ALLIED SOCIETIES: AFRICA.
THE INSTITUTE OF SOUTH AFRICAN ARCHITECTS.
(Year of Alliance 1928.)

The Architects' and Quantity Surveyors' (Private) Act No. 18 of 1927 provides for the establishment and incorporation of "The Institute of South African Architects," which comprises the four Provincial Institutes of Architects and a Chapter of Quantity Surveyors.

At the time of the passing of the Act, 18th June 1927, there existed in the Union of South Africa the following Institutions:

In the Transvaal, "The Association of Transvaal Architects," incorporated under the Architects' (Private) Act No. 39, of 1909, of the then Colony of the Transvaal;

In Natal, "The Natal Institute of Architects," incorporated under Act No. 10, of 1902, of the then Colony of Natal;

In the Cape of Good Hope, the Cape Institute of Architects and the Port Elizabeth Society of Architects;

In the Orange Free State, an Institute of Architects;

In South Africa, "The South African Institute of Quantity Surveyors," incorporated under Ordinance No. 56, of 1903, of the Transvaal.

These respective enactments were duly repealed under the new Act of 1927, being incorporated in "The Institute of South African Architects," within which is the Chapter of South African Quantity Surveyors.

The provisions of the Act of 1927 centre round the main principle that the titles of "Architect" and "Quantity Surveyor" can lawfully be used only by those persons whose names appear on the Institute's Register and Roll.

The Register (of Architects) and the Roll (of Quantity Surveyors) consist of those members of both professions who at the time of the passing of the Act were either bona fide performing the work of an Architect or Quantity Surveyor, respectively, or who were assistants in the respective professions, who duly made application for membership of the Institute and whose applications were approved by the Inaugural Board appointed by the Minister under the Act; and those who have since qualified for admission.

After the expiration of the time prescribed for such inaugural registration or enrolment, the conditions materially altered inasmuch as no person can now be registered or enrolled unless he passes certain examinations, prescribed by the "examining authority" (i.e. the Universities of Cape Town and of the Witwatersrand) appointed by the Hon. the Minister of Education, and possesses certain training, or was, prior to the passing of the Act, a member of a Society or Institute recognised by the Minister as "of equivalent standing."

In the Act provision is made for the framing of Regulations governing the administration of the Act, which Regulations were duly framed by the Inaugural Board and gazetted, and became law, on the 14th April 1928. These Regulations deal with the management, powers and duties of the Institute, the Provincial Institutes and the Chapter; with the classes and designations of Members and the defining of their rights and liabilities; with the procedure, duties and powers of the Central Council, of the Provincial Committees and the Board of the Chapter; with what in an
architect or quantity surveyor shall constitute “unprofessional conduct”; with the scale of professional fees, etc. Provision is made also in the Regulations for the direction and co-ordination by the Central Council of architectural and quantity surveying education in South Africa.

THE CENTRAL COUNCIL.

The Central Council was created on 14th April 1928, being in the first instance a Council nominated by the Inaugural Board, the Inaugural Board remaining operative until the elected Central Council came into being.

The Central Council is a body representative of both professions in South Africa, elected by the four Provincial Institutes and the Chapter in proportion to their membership. The present Central Council is composed of twelve members, ten being elected by the Provincial Institutes and the Chapter (Transvaal, 4; Cape, 2; Natal, 1; Orange Free State, 1; the Chapter, 2), and two being Government nominees in the persons of the Chief Government Architect and the Chief Government Quantity Surveyor.

In the main the work of the Central Council, as the executive body of the Institute, pertains to the administration of the Act in relation to all architectural and quantity surveying matters throughout the four Provinces of the Union; while each Provincial Institute controls the domestic affairs of its members in its Province, and the Chapter deals with the domestic affairs of quantity surveyors. The work formerly done by the Inaugural Board “in” and “re” registration and enrolment, the framing and amending of Regulations, the issuing of certificates, etc., is now performed by the Central Council.

THE CENTRAL COUNCIL, 1932-1933.

President-in-Chief.

THE CAPE PROVINCIAL INSTITUTE.
(Year of Alliance 1907.)

Secretary.
Major P. Milne Duncan, O.B.E., F.S.A.A., St. George's House, 73 St. George's Street, Cape Town.

The Cape Institute of Architects, founded in 1899, and admitted to alliance with the Royal Institute of British Architects in 1907, was incorporated under the Architects and Quantity Surveyors (Private) Act, 1927, and became known as the Cape Provincial Institute, one of the Provincial Institutes forming the Institute of South African Architects established under the same Act.

The Act provides for three classes of members, viz.:—Practising Members, Salaried Members and Retired Members.

The Act restricts the use of the titles of Architect and Quantity Surveyor to persons who are members of the Institute. Admission to membership (subsequent to Inaugural Registration) is subject to the following conditions: (1) Applicant must not be less than 21 years of age; (2) he must have passed a qualifying examination approved by the Minister, or (3) he must have been a member of one of the Institutes incorporated under the Act or of any other Society of Architects which the Minister may declare by proclamation to be of equal standing.

Office-Bearers and Provincial Committee.

THE NATAL PROVINCIAL INSTITUTE.

[Durban.]

(Year of Alliance 1909.)

Secretary and Treasurer.

T. H. Chaplin, 2, 3, 4 Poyntons Chambers, 339 Smith Street, Durban.

The Natal Institute of Architects was founded in the year 1901, was incorporated by Act of Parliament (Natal) in the year 1902, and admitted to alliance with the Royal Institute of British Architects. When the South African Architects' and Quantity Surveyors' Private Act was passed by the Union Parliament in the year 1927, the Natal Institute of Architects became one of the Provincial Institutes forming the Institute of South African Architects, with its headquarters at Durban, Natal.

Office-Bearers and Provincial Committee

THE ORANGE FREE STATE PROVINCIAL INSTITUTE.

Hon. Secretary.

Miss O. Mosley, 16 National Mutual Buildings, Maitland Street, Bloemfontein, O.F.S.

The first movement for the formation of an Architectural Body in the Orange Free State resulted from an invitation issued by Mr. Fredk. W. Masey to Messrs. John Williams, H. G. de la Cornillere, Cyril Dyer, A. Schultz and Mr. G. A. Stewart—the City Engineer—who met at the Bloemfontein Club to discuss matters appertaining to the interests of Architects on 14th March 1913. Matters dealt with included Government Licenses, Professional Fees, Quantities, Public Works Departmental Work, Town Council Bye-laws.
After the close of the Great War other meetings were held in November and December 1920; June, August, September and October 1921, when a voluntary Association of Licensed Practising Architects of Bloemfontein was changed to the Orange Free State Institute of Architects.

Messrs. Fitt and Masey were appointed Delegates from the Orange Free State to a Congress of Architects from all four Provinces in September 1921, when united action was started for the South African Architects Parliamentary Bill.

The Institute since the passing of the Bill by the South African Union Parliament, changed its title to that which it now possesses.

**Office-Bearers and Committee.**

Fredk. W. Masey [L.], *President.*

H. G. E. de la Cornillere. Norman Harvey [L.].

H. A. C. Wallace, F.S.I., *Vice-President.*

**Retired Member.**

The names of Members of the Royal Institute of British Architects in the foregoing list are printed in small capitals; and, except where otherwise stated, all the addresses are in Bloemfontein.

---

**THE TRANSVAAL PROVINCIAL INSTITUTE.**

(INCORPORATED).

*(Year of Alliance 1923:)*

67 Exploration Building, Commissioner Street, Johannesburg.

**Secretary.**

A. S. Pearse, P.O. Box 2266, Johannesburg.

The Association of Transvaal Architects was incorporated by Private Act No. 39 of the Transvaal, assented to on the 7th July 1909.
The Transvaal Provincial Institute replaces the old Association of Transvaal Architects, now incorporated under the new Institute of South African Architects.

The management of the affairs of the Provincial Institute is conducted by a Committee consisting of a President, two Vice-Presidents and nine other members (of whom four may be in salaried employment).

They are elected annually at the General Meeting of the Institute held in March in each year. Members of the Committee retire annually, but are eligible for re-election.

Special Meetings of members are held as circumstances require or upon the signed requisition of twelve members.

The clerical work of the Provincial Institute is carried out by a permanent Secretary. The work of the Committee is assisted by several advisory committees, viz.: Finance, Practice, Journal, Building Bye-laws, Art and Education, Board of Examiners, etc., whilst it has representatives on several outside Associations in which its members are directly interested.

The Committee, through its Art and Education Committee, has been instrumental in establishing the South African Academy, an annual exhibition of paintings, architectural studies, modelling, sculpture and craft work. By the initiative of the old Association of Transvaal Architects, coupled with monetary contributions from a considerable section of the members, the first Chair of Architecture in South Africa was established at the University of the Witwatersrand, Johannesburg.

The Transvaal Provincial Institute publishes its own quarterly journal, "The South African Architectural Record," which is also the official journal of the Natal and Orange Free State Provincial Institutes and the Chapter of South African Quantity Surveyors.

The Association of Transvaal Architects entered into affiliation with the Royal Institute of British Architects in the year 1923.

EAST AFRICA INSTITUTE OF ARCHITECTS.

(Year of Alliance 1915.)

Hon. Secretary.

S. L. Blackburne [A.], P.O. Box 612, Stanley House, Hardinge Street, Nairobi, Kenya Colony, East Africa.

The East Africa Institute of Architects was founded in 1913. The objects of the Institute are:

For social intercourse amongst Architects and for the upholding of the dignity of the profession.

For the education of the Student and the public in Architecture, and all the arts and sciences pertaining to Architecture, and the encouragement of Civic planning in the Cities or Towns of East Africa and Uganda.

The Institute consists of three classes, viz.: (1) Members, who shall be practising Architects; (2) Associates, who shall be Assistants; (3) Student Members, and (4) Hon. Members, who shall be retired Architects or Sculptors, Craftsmen and persons who follow the Allied Arts.

The Annual Subscription being Two Guineas, One Guinea and Half a Guinea respectively.

The scale of fees and professional charges is identical with that of the Royal Institute of British Architects.

Officers and Council.

H. D. Archer [F.], President.

S. L. Blackburne [A.], Hon. Secretary.

THE INSTITUTE OF SOUTHERN RHODESIAN ARCHITECTS.

(Year of Alliance 1926.)
Hon. Secretary and Registrar.

Edwin Pallett, P.O. Box 272, Salisbury, S. Rhodesia.

The Rhodesian Institute of Architects, founded in 1925, was admitted to alliance with the Royal Institute of British Architects in 1926. The objects of the Institute are the general advancement of Civil Architecture and for promoting and facilitating the acquirement of the knowledge of the various arts and sciences connected therewith; also for the regulation, guidance and protection of those engaged in the practice of architecture, and for educational and benevolent purposes. The members consist of three classes, viz. — (a) Members, architects or persons engaged in the study of architecture who have attained the age of 21 years and can satisfy the Council as to their qualifications; (b) Honorary Members, architects who have retired from actively engaging in their profession; and (c) Students, persons engaged in the study or practice of architecture other than those qualified under Clause (a).

Officers and Council.

J. D. Robertson [L.], President.
D. MacGillivray [F].
Capt. J. R. Hobson, M.C. [F].
Edwin Pallett, Hon. Secretary and Registrar.
A. A. Hotson, P.A.S.I.
W. J. Whiteside [A].
F. A. O. Jaffray [L.], Vice-President.

Hon. Member.

* * The names of Members of the Royal Institute of British Architects in the foregoing list are printed in small capitals.
OVERSEAS ALLIED SOCIETIES: AUSTRALASIA.

THE ROYAL AUSTRALIAN INSTITUTE OF ARCHITECTS.

(Year of Alliance 1922.)

4A Bligh Street, Sydney, N.S.W.

The Royal Australian Institute of Architects was established by the Allied Institutes on 6th September 1929, with the object of securing unified control over matters common to them. The Royal Australian Institute of Architects is supplementary to the State Institutes, and, in territories where an Allied Institute is established, it functions only in respect of matters ceded to it by that Institute. In respect of matters so ceded an Allied Institute has (by specific agreement) no further control; it, however, acts as the representative of, and executive authority for, the Royal Australian Institute, within its particular State.

The matters ceded to the Royal Australian Institute by the Allied Institutes are: (1) Promotion of Commonwealth Acts of Parliament; (2) Examinations; (3) Granting of Diplomas and the right to use initials; (4) Ethics; (5) Scale of Charges; (6) Competition Code; (7) Conditions of Contract; (8) Contracts between Architect and Client; (9) Quantities.

President.
P. R. Claridge [F.].

The South Australian Institute of Architects. [See page 609.]
The Tasmanian Institute of Architects. [See page 616.]
INSTITUTE OF ARCHITECTS OF NEW SOUTH WALES.
(INCORPORATED.)
(Year of Alliance 1892.)
Secretary.

Miss M. Chester, Science House, Gloucester and Essex Streets, Sydney.

The Institute of Architects of New South Wales, which was originally founded in 1871, was reconstructed in 1890, and formed into a corporate body with limited liability under section 54 of the Companies Act, 1874. The Memorandum of Association was amended by special resolution, confirmed by the Supreme Court of New South Wales, in December 1920, and further amended in December 1924, to provide for the fusion of the Institute of Architects, N.S.W., with the Architects Association, N.S.W. In this further amendment one class, "Member," was substituted for two classes, "Fellows" and "Associates."

Among the objects of the Institute are:—

The advancement of Architecture; the examination of applicants for membership; to represent generally the views of the profession, to preserve and maintain its integrity and status, and to suppress dishonourable and unprofessional conduct or practices; to afford means of adjusting professional differences and to decide all questions of usage or courtesy in connection with the profession; to promote professional good feeling and friendly intercourse amongst the members; to watch over, protect and promote the interests of the profession generally; to increase the confidence of the public in the profession; to acquire, form, and maintain Art and Scientific Libraries and Museums; to encourage and reward the study of Architecture by articled pupils and others.

The Institute consists of Life Members, Members, and Honorary Members and such other classes or members, either subscribing or non-subscribing, as may be hereafter established by the Institute. Life Members are Architects who have been Members not less than ten years and who are elected Life Members for eminent services rendered to the Institute. Members are persons whose names appear as Fellows and Associates on the Register of the Institute of Architects, N.S.W., on 1st December 1924, and thereafter persons engaged in the practice of architecture whose names appear on the Register of the Board of Architects, N.S.W., as entitled to practice and who have been duly elected under provisions in the Articles of Association. Honorary Members are gentlemen distinguished by scientific, artistic or literary attainments.

The Institute of Architects of New South Wales also constitutes the New South Wales Chapter of the Royal Australian Institute of Architects.

The Code of "Professional Practice and Charges," is that adopted by the Royal Australian Institute of Architects in 1930.

The Annual General Meeting is held in January, February or March.

Officers and Council.

E. A. Scott, President.

A. W. Anderson [F.], Vice-Chairman.
H. B. Cranna.
J. C. Fowell [F.].

THE QUEENSLAND INSTITUTE OF ARCHITECTS.

(Year of Alliance 1913.)

Hon. Secretary and Treasurer.

J. V. D. Coutts, Kodak Buildings, Queen Street, Brisbane.

The Queensland Institute of Architects was founded in 1888, and its Rules and Regulations were revised in 1904 and again in 1910. The objects of the Institute are the advancement and elevation of Architecture as an art; the promotion of friendly intercourse and maintenance of a uniform system of practice amongst its members; and the protection of the public against unqualified men. There are four classes of members, viz.:—Fellows, who must be architects who have been in regular or responsible official practice for not less than five years; Associates, who must be duly qualified architects who have been not less than five years in practice, and architectural assistants over the age of twenty-one years who have been for five years actually engaged in the study of architecture in an architect's office; Students, who must be actually engaged in the study of architecture in an architect's office; Honorary Members, who must be persons who have distinguished themselves by their researches or practice in science, literature, or art. The Annual General Meeting is held in March, and General Meetings are held as required.

(Year of Alliance 1912.)

Hon. Secretary.

Dean W. Berry, Trustee Building, Grenfell Street, Adelaide.

The South Australian Institute of Architects was founded in 1886. There are three classes of members: Fellows, Associates, and Honorary Members. Fellows must have attained the age of 30 years, and practised as principals for at least ten years. Associates must not be less than 21 years of age and have served at least three years' articles to a practitioner approved by the Institute and have passed such examinations as may be required by the Council. The Articles of Apprenticeship of Pupils have to be registered with the Institute, and the date of registration will be taken as the date of commencement of apprenticeship. No articles will be registered until the Pupil has complied with the University of Adelaide's requirements for the Bachelor of Engineering Course of Architecture or the School of Mines Diploma in Architecture; i.e. by having passed the Leaving Examination in five subjects, including the necessary compulsory subjects. Candidates
for Associateship must submit Testimonies of Study required by the R.I.B.A. and pass an examination following the lines of the R.I.B.A. Intermediate and Final. The Annual General Meeting is held in July or August.

Officers and Council.

F. W. Hocart, President.
W. H. Bagot [F.].
H. I. Barrett.
Dean W. Berry, Hon. Secretary.
P. R. Claridge [F.], Vice-President.
H. H. Cowell, Ex-President.

Yelland: K. M., Young Street, North Unley.

* * * The names of Members of the Royal Institute of British Architects in the foregoing list are printed in small capitals; and, except where otherwise stated, all the addresses are in Adelaide.

ROYAL VICTORIAN INSTITUTE OF ARCHITECTS.
(INCORPORATED.)
(Year of Alliance 1910.)
53-55 Collins Place, Melbourne.

Hon. Secretary.
R. B. Hamilton [A.], 89 Queen Street, Melbourne.

Secretary.
John B. Islip, 53-55 Collins Place, Melbourne.

The Royal Victorian Institute of Architects was founded in 1871, and incorporated under the Statutes of the Parliament of Victoria, Nos. 109 and 764, in 1890. Its objects are the advancement, protection, and elevation of Architecture as an art, and the cultivation of friendly intercourse between members. The Institute consists of Life Fellows, Fellows, Associates, and Honorary Fellows. Life Fellows are architects elected by the Institute for eminent services rendered to the Institute. Fellows are architects who have attained the age of thirty years, and have served articles for at
least three years to a recognised practitioner or have satisfied the Council as to their qualifications and have been engaged as principals for at least seven years in the practice of Architecture and have erected buildings of sufficient importance in the judgment of the Council. The Institute has power to declare that every person desiring to be admitted as a Fellow shall be required to have passed such examination or examinations as may be directed by the Institute. In special cases the Council have power to dispense with such Examination. **Honorary Fellows** are gentlemen not practising as architects, and distinguished by scientific, artistic, or literary attainments. **Associates** must be persons engaged in the study or practice of Architecture who have attained the age of twenty-one years, and have served at least four years' articles, or otherwise can satisfy the Council as to training, and who have passed such examination or examinations as the Institute may direct. Associates of the Royal Institute of British Architects, or of any other incorporated Association of Architects which the Council may from time to time recognise as upholding a sufficiently high standard of membership, may be admitted to ballot without being required to pass an examination. The Institute has power to hold examinations at such times and places within the State of Victoria, or elsewhere, and in such a manner as the Council may determine. The Institute has power to grant diplomas or certificates in connection with examinations as the Council may prescribe.

**Officers and Council.**

- W. A. M. Blackett [*F.*], President.
- T. J. Buchan, 2nd Vice-President.
- F. K. Cheetham, Hon. Asst. Secretary.

TASMANIAN INSTITUTE OF ARCHITECTS.

(Year of Alliance 1925.)

Hon. Secretary.

A. Lauriston Crisp, 109 Collins Street, Hobart, Tasmania.

The Tasmanian Institute of Architects was founded in 1904 as the Tasmanian Association of Architects, and did not change to its present name until 1912.

The Institute consists of Life Fellows, Fellows, Associates and Honorary Fellows.

The Council consists of a President, the Past President, and Vice-President, who shall be Fellows, and an Hon. Treasurer and Hon. Secretary, who may be either Fellows or Associates, and three other Members, one of whom may be an Associate. They are elected annually at the Annual General Meeting of the Institute held in July or August of each year. Members of Council retire annually but are eligible for re-election.

THE ROYAL INSTITUTE OF THE ARCHITECTS OF WESTERN AUSTRALIA INCORPORATED.

(Year of Alliance 1910.)

Professional Societies' Rooms, 333 Murray Street, Perth, Western Australia.

Hon. Secretary.
R. Summerhayes, 53 St. George's Terrace, Perth.

The Royal Institute of the Architects of Western Australia was founded in 1892, incorporated in 1902, and admitted to alliance with the Royal Institute in 1910. The Institute consists of Life Fellows, Fellows, Associates and Honorary Fellows. The Institute has power to grant diplomas or certificates in connection with examinations or otherwise in such manner as the Council may prescribe.

Since the passing of the Architects' Act, 1921, the Statutory Examination for registration has been adopted as the qualifying examination for Associate of the Institute; it embraces all the subjects included in the R.I.B.A. "Intermediate" and "Final" examinations, and is almost at a similar standard.

The objects for which the Institute was established and the qualifications and attainments of candidates for membership are, in general, similar to those of the Royal Victorian Institute—see page 611.

Officers and Council.
E. Le B. Henderson, President.
J. F. Allen, Ex-President.

NEW ZEALAND INSTITUTE OF ARCHITECTS.

(Year of Alliance 1912.)

[Registered Office: 39 Johnston Street, Wellington, N.Z.]

Secretary.

D. G. Johnston, P.O. Box 1527, Wellington.

The New Zealand Institute of Architects was established in 1905 for the following, among other objects:—To represent generally the views of the profession, to preserve and maintain its integrity and status, and to suppress any dishonourable or unprofessional conduct or practices; to afford means of adjusting professional differences, and to decide all questions of usage or courtesy in connexion with the profession; to promote good feeling and friendly intercourse amongst its members; to watch over, protect, and promote the interests of the profession generally; to hold annual conferences in the principal towns of New Zealand; to publish an annual journal, giving an account of the proceedings of the Institute, including Papers read, and illustrations of architectural works in New Zealand; to acquire, form, and maintain an Art and Science Library and Museum; to encourage the study of the profession by articled pupils, and to give prizes and rewards. District Branches of the Institute are located at Auckland, Hawkes Bay, Wanganui, Wellington, Canterbury, Otago and Southland. Each District Branch is governed (subject to the Rules of the Institute) by a Committee of its own election, consisting of a President, Vice-President, Hon. Secretary, and two other members. An Annual Meeting of each Branch is held in the month of December, not less than fourteen days before the Annual Meeting of the Institute, and at this meeting the Committee present a report on the affairs of the Branch. The Annual General Meeting of the Institute is held in February.

Officers and Council.

H. Mandeno, President.

Vice-Presidents.

Members of Council.

Hon. Secretary: F. E. Greenish [A.], 235 Lambton Quay, Wellington.

OVERSEAS ALLIED SOCIETIES: BURMA.
THE BURMA SOCIETY OF ARCHITECTS.
(Year of Alliance 1923.)
[Province: Burma. Centre: Rangoon.]
Hon. Secretary and Treasurer.

The Burma Society of Architects was founded on the 11th May 1923. The objects of the Society are:—

(1) a. The promotion of union and professional integrity among members; the establishment as far as possible of uniformity of practice; and the general advancement of Architecture and the various Arts and Sciences connected therewith. b. To secure an adherence to honourable conduct in the practice of the profession as declared by the council of the Royal Institute of British Architects. c. To establish and maintain the R.I.B.A. Scale of Charges and rules of practice. (2) To obtain and consider information respecting Competitions and other matters affecting the profession, and, where practicable, to advise committees or others desiring professional aid, and to endeavour to ensure equitable terms and awards upon the suggestions for the conduct of competitions issued by the R.I.B.A. (3) To afford mutual assistance by advice or mediation in cases of misunderstanding either between Members and their Clients or between Members themselves, or in any other way deemed expedient. (4) To advance and encourage professional knowledge and study in the younger members of the profession. (5) To establish a library for the use of members. (6) To establish a School of Architecture as soon as practicable.

The Society consists of two classes of members, viz.: Voting members, to be known as Members, Non-Voting members, to be known as Student Members, wholly engaged in the profession of architecture and surveying, and not connected in any way with any of the building trades. Members must be Architects or Assistant Architects who have been employed in the profession of architecture for at least five years and have attained the age of twenty-five years. Student Members to embrace all others who are engaged in the study or profession of architecture but are not eligible for full membership. They shall be entitled to all the rights and privileges of membership except voting. The Council shall have the entire management and direction of all the affairs of the Society. The Meetings of the Society will be held at various dates. Special Meetings may be convened on the requisition of six Members, or on the requisition of the President and Hon. Secretary; or by the wish of the Council. The Annual General Meeting shall be held in June in each year.

Officers and Council.
A. G. Bray [F.], President.
S. P. Bush [A.], Past President.
T. N. J. Catchatoor.
U. On Than [A.], Hon Secretary and Treasurer.

R.I.B.A.

Members.
L. Box: LAWRENCE ASHTON, 70 Phayre Street.
F. Bray: ARTHUR GEORGE, Oriental Assurance Buildings, 545 Merchant Street.
OVERSEAS ALLIED SOCIETIES: CANADA.

THE ROYAL ARCHITECTURAL INSTITUTE OF CANADA.

(Year of Alliance 1909.)

627 Dorchester Street West, Montreal.

Hon. Secretary.

Alcide Chaussé, J.P. [F.], 706 St. Gabriel Street, Montreal.

Secretary.

I. Markus, 74 King Street East, Toronto 2.

The Royal Architectural Institute of Canada was founded as the Institute of Architects of Canada, 19th August 1907; was incorporated by Special Act of the Dominion Parliament, 16th June 1908 (7 & 8 Edward VII, Chap. 82), under the corporate name of "The Architectural Institute of Canada," and was granted Royal permission to adopt the prefix "Royal" to its corporate name, 2nd June 1909.

The Charter of the Institute was amended by a Special Act of Parliament, sanctioned 1st April 1912, and on the 10th June 1929. The Council is composed of the delegates of the various provincial associations of architects in Canada. This completes the Federation of all the Canadian architectural bodies, which has been the aim of the founders of the Institute since the date of its formation on the 19th August 1907.

The Federated Societies consist of the Alberta Association of Architects, the Manitoba Association of Architects, the Ontario Association of Architects, the Province of Quebec Association of Architects, the Saskatchewan Association of Architects, the Architectural Institute of British Columbia, and the Maritime Association of Architects.

The objects of the Royal Institute, as set forth in its Charter, are "to facilitate the acquirement and interchange of professional knowledge
among its members, and more particularly to promote the acquisition of the species of knowledge which has special reference to the profession of architecture, and further to encourage investigation in connection with all branches and departments of knowledge connected with that profession." There are three classes of members—viz.: (1) Honorary Fellows, who are persons eminent in Architecture or kindred sciences; (2) Fellows who are nominated by the Council; (3) Members, who are members of Federated Societies. A Code of Ethics, Schedule of Usual and Proper Minimum Charges, and Regulations for Architectural Competitions, were adopted in the General Annual Assembly on the 21st February 1931, held in Montebello (Lucerne-in-Quebec), Quebec. Revised Bye-laws were adopted on the 28th December 1929, at Montreal, Quebec. The General Annual Meeting is held in February.

OVERSEAS ALLIED SOCIETIES : INDIA.

THE INDIAN INSTITUTE OF ARCHITECTS.

(Year of Alliance 1925.)

[Province : India. Centre : Bombay.]

Joint Hon. Secretaries.

Burjor S. J. Aga, J.P. [F.], Morarba Building, 43 Apollo Street, Fort, Bombay.
C. M. Master, M.A. [A.], Sir J. J. School of Art (opposite Crawford Market), Bombay.

The Indian Institute of Architects was founded as the Architectural Students Association in 1917; its constitution and bye-laws were thoroughly
revised and its name altered in 1922 to the Bombay Architectural Association. In 1929 the constitution was again revised and the name altered to the Indian Institute of Architects. The objects of the Association as set out in its constitution are:

To encourage the study of Architecture, to elevate the standard of architectural practice and, by mutual support, to promote the interests of Architects throughout India.

There are three classes of Members, viz.: (1) **Fellows**: Any person shall be eligible for election as a Fellow who is a Fellow of the Royal Institute of British Architects. A Fellow shall be at liberty to use the abbreviation "F.I.I.A." after his name, but not after the name of his firm; (2) **Associates**: Any person engaged in the profession of an Architect either as a Principal or Assistant shall be eligible for election as an Associate who is an Associate or Licentiate of the Royal Institute of British Architects, or who is at the time of the formation of the Indian Institute of Architects an ordinary Member of the Bombay Architectural Association or who holds the Diploma in Architecture granted by the Government of Bombay, or who has passed the Advanced Examination of the School of Architecture, Bombay, between the years 1909 and 1922. An Associate shall be at liberty to use the abbreviation "A.I.I.A." after his name but not after the name of his firm; (3) **Subscribers**: Any person shall be eligible for election as a Subscriber who was at the time of adoption of this constitution a Member of the Bombay Architectural Association or any person who by reason of his artistic, scientific or literary attainments may appear to the Council as likely to render assistance in promoting the objects of the Institute. A Subscriber shall neither use the full designation of the Institute nor any abbreviation thereof.

The activities of the Institute include Monthly Meetings from June to April, visits to works or places of architectural interest, competitions open to Members with prizes and a medal, the award of an Institute Studentship each year, and the publication of a Year Book.

The Institute also owns and conducts a Library, which is known as The Sohrab F. Bharoocha Architectural Library, so named after the name of the late Mr. Sohrab F. Bharoocha, one of the past Presidents of the former Bombay Architectural Association.

Several Committees are also engaged in deliberations, and report to the Council from time to time, viz.:—A Practice Committee, an Excursion Committee, a Library Committee, a Journal Committee, and a Finance Committee.

**Officers and Council.**

- T. S. Gregson [F.], President [Member R.I.B.A. Council].
- S. J. Narwekar [A.].
- C. M. Master, M.A. [A.].
- S. C. Pastakia, Hon. Treasurer.
- Professor Claude Batley [A.].
- L. V. Sathe.
- Rustum M. Kapadia. Lovji F. Shroff [L.], Vice-President.
- H. Foster King [F.].
- K. B. Taraporvala [L.].
- J. D. Motafram.

**Hon. Auditors.**

Messrs. A. E. Mistri & Co.

**Corresponding Members.**

- R. W. Cable [F.], for London.
- J. H. Horniman [F.], for Calcutta.
- R. Jackson [F.], for Madras.
- Walter S. George [F.], for Delhi.
The R.I.B.A. Kalendar 1932–1933

**Fellows.**

OVERSEAS ALLIED SOCIETIES: STRAITS' SETTLEMENTS.

THE INSTITUTE OF ARCHITECTS OF MALAYA.

[INCORPORATED.] (Year of Alliance 1923.)

[T.A. Architrave, Singapore.]

Secretary.

Oscar Wilson [F.], 32 Chartered Bank Chambers, Singapore.

The Institute of Architects of Malaya was founded as the Singapore Society of Architects in 1923, was admitted to alliance with the Royal Institute in the same year; and was incorporated by special licence of the Governor-in-Council of the Straits Settlements on the 26th April 1928.
In 1930 owing to the increase of membership throughout the peninsular and the formation of a Local Branch of the Society in the Federated Malay States it became necessary to re-incorporate, and to change the name of the Society to the Institute of Architects of Malaya which re-incorporation and change of name was approved by the Governor-in-Council of the Straits Settlements on the 2nd May 1931.

The objects of the Society are: The advancement of Architecture, the promotion of Architectural Education, the facilitation of friendly intercourse between local Architects, and the promotion of the profession generally.

In 1926 the Society obtained the assent of the Straits Settlements Government to the passing of The Architects Ordinance (1926), which came into force on the 1st of January 1927. The Ordinance was passed for the registration of persons practiseing, and for the regulation of the profession of Architecture in Singapore and Penang, to provide a qualification for admission to the Register of Architects, to restrict the use of the title of Architect to qualified persons, and to provide a penalty for wrongful use of the title.

VI. PROFESSIONAL ACTIVITIES

ASSASSEORS IN COMPETITIONS.

Members of the Institute who have been requested to act as Assessors subsequent to the conditions of the Competition having been drawn, should obtain a copy of the conditions and consider their conformity with the Regulations issued by the Royal Institute, and should also notify the Secretary of the Institute that they have been asked to act.

THE R.I.B.A. REGISTER OF ASSISTANTS SEEKING ENGAGEMENTS.

Members and Students of the R.I.B.A. and the Allied and Associated Societies are reminded that a Register of Assistants seeking engagements is kept at the offices of the Royal Institute.

An assistant seeking employment should obtain from the Secretary R.I.B.A., the necessary form (to be filled up in duplicate) on which particulars must be given as to the applicant's age, qualifications, salary required, references, etc.

The application will hold good for one month from the date of receipt, after which it must be renewed on a fresh form unless the applicant has meanwhile obtained employment.

Architects, whether members of the R.I.B.A. or not, will be furnished on application with the names and addresses of persons desiring employment as assistants, improvers or clerks of works as the case may be. Architects applying for assistants should give the following particulars of their requirements:—(1) Whether temporary or permanent engagement; (2) junior or senior assistants; (3) particulars of duties and style of work; (4) salary offered.

OVERSEAS APPOINTMENTS.

Members contemplating applying for appointments overseas are recommended to communicate with the Secretary R.I.B.A., who will supply them with any available information respecting conditions of employment, cost of living, climatic conditions, etc.

REGISTER OF ARCHITECTS WILLING TO TAKE RECOGNISED SCHOOLS STUDENTS IN THEIR OFFICES.

On the recommendation of the Board of Architectural Education, the Council have decided to establish at the office of the R.I.B.A. two registers:

1. A register of advanced students of recognised schools.
2. A register of the names of architects willing to take such students.

The intention is in this way to assist advanced students up to the stage of the completion of their qualifications for exemption from the Final Examination; one of the qualifications for exemption from the Final
Examination being twelve months’ experience in an office during the fourth and fifth years of the school course.

The Council hope that general use will be made of the registers, and that as many architects as possible will place their names upon the register.

For the Code of Professional Practice see p. 23.

SCALE OF PROFESSIONAL CHARGES.

NOTE:—This Scale is at present under revision.

First issued in 1872; Revised in 1898 and 1919.

(To be obtained at the office of the Institute, price threepence.)

CONDITIONS OF ENGAGEMENT.

The Architect is employed subject to the following Conditions founded upon the Customs of the Profession, and his remuneration is payable according to the Scale of Charges hereinafter stated, which Scale is fixed and accepted on the basis of the same Conditions:

(a) That the general supervision which the Architect will give to the work is such periodical inspection by him or his deputy as may be necessary to ensure that the work is being carried out in accordance with his design, but constant superintendence of the works does not form part of the duties undertaken by him and is not included for in the following Scale of Charges.

(b) That in all cases in which constant superintendence is required a Clerk of Works shall be employed for this purpose. He shall be nominated or approved by the Architect and appointed and paid by the Client. He shall be under the Architect’s direction and control, but the Architect shall not be held responsible for any fraud or negligence on the part of the Clerk of Works.

(c) That the issue of a certificate by the Architect for a payment to the Contractor implies only that in the Architect’s opinion work has been done at the date of the certificate to the value stated thereon, and to the best of his belief in accordance with the contract or order. No certificate, however, whether final or otherwise, shall be held to render the Architect responsible for improper execution of the work or for any breach by the Contractor of the terms of the contract or order.

(d) That the Architect has authority to give such orders on behalf of the Client as are necessitated in the Client’s interests by constructional emergencies.

(e) That the Architect is empowered to make such deviations, alterations, additions, and omissions, as he may reasonably consider desirable in the Client’s interests in carrying out the works, provided that no material addition to the cost of the contract or order is caused thereby.
(f) That the fees of any Consultant or Consultants retained for any part of the work with the concurrence of the Client shall be paid for by the Client in addition to the Architect's scale remuneration. The employment of such Consultant or Consultants shall be at the Architect's discretion in consultation with the Client.

(g) That in all cases in which any projected work is not proceeded with for a period of two years after drawings have been prepared the Architect's services shall be paid for as for abandoned work.

(h) That all drawings, specifications, and documents prepared by the Architect shall remain his property, the copyright in the same being reserved to him.

(i) That the cost of the preparation of quantities, the measurement and valuation of variations, additions, omissions, and the preparation of the statement of accounts is not included in the Charges named in Clauses Nos. 1 to 8, but is to be paid in addition thereto.

Clause 1.—For taking the Client's instructions, preparing sketch design, making approximate estimate of cost by cubic measurement, or otherwise, preparing drawings and specifications for the purpose of estimates, obtaining tenders, advising on tenders and in preparation of contract, selecting and instructing Consultants, furnishing to the Contractor one copy of the drawings and specification and such other details as are necessary for the proper carrying out of the works, general supervision as above defined, issuing certificates for payment, and passing and certifying accounts, the charge in respect of new works is to be a percentage on the total cost of all executed works as follows:

(a) If the contract or order exceeds £2,000 the percentage is to be 6 per cent.

(b) If the contract or order does not exceed £2,000 the percentage is to be 10 per cent in the case of works costing £100, graduated to 6 per cent in the case of works costing £2,000 as the special character of such works may render appropriate.

Clause 2.—In the case of alterations of and additions to existing buildings a higher percentage may be charged, not exceeding twice the amount due under Clause 1 for new works of the same cost.

Clause 3.—In works in which designs for fittings, appointments, decorations, or complex detail or construction are main features, special fees may be charged according to the circumstances, and also for designs for furniture.

Clause 4.—In addition to the percentage on the total cost of executed works, the Architect is to be paid in respect of all works included in the tender or order, but not executed, two-thirds of the charge which would have been due upon them had they been carried out.

Clause 5.—If the project or part of it be abandoned, or if the services of the Architect cease or are dispensed with before a contract is entered into or order given, the charges in respect of the works abandoned or for which the Architect was employed (as the case may be) are as follows:
(a) For taking Client's instructions, preparing sketch design, and making approximate estimate of cost by cubic measurement, or otherwise, one-fourth of the percentage stated in Clauses 1 or 2 (as the case may be) on the estimated cost of such works.

(b) For taking Client's instructions, preparing sketch design, making approximate estimate of cost by cubic measurement, or otherwise, and preparing drawings and particulars sufficient to enable quantities to be prepared or a tender obtained, two-thirds of the percentage stated in Clauses 1 or 2 (as the case may be) on the estimated cost of such works.

Clause 6.—On a contract being entered into or order given for the works the Architect shall be entitled to an instalment of two-thirds of the charge calculated on the total amount of the contract or order, and no part of such payment shall be reclaimable from the Architect in the event of the subsequent abandonment of the works. The remainder of the Architect's remuneration shall be payable by instalments from time to time as the work proceeds.

Clause 7.—In all cases where work is executed wholly or in part with old materials, or where material, labour or carriage is provided by the Client, the percentage shall be calculated as if the works had been executed throughout by a Contractor, and with new material.

Clause 8.—The foregoing percentages do not cover the following services, for which, and for any other services not covered by any payment herein provided for, additional charges may be made in accordance with the amount of work involved:

Advising as to the selection and suitability of site. Negotiations relating to the site or building. Surveying the site or building and taking levels, and making surveys, measurements, and plans of existing buildings.

The preparation of further sketch designs necessitated by a material alteration in, or addition to the Client's instructions, or altering the working drawings and specification in consequence thereof prior to the commencement of the works. Altering drawings, or preparing new drawings, and other services involved in consequence of variations or additions desired by the Client after the commencement of the works. Making extra drawings for the Client's or Contractor's use, and making drawings for and negotiations with ground landlords, adjoining owners, public authorities, or others, and making applications for licences and consents.

Making arrangements in respect of party walls and rights of light and other easements, reservations or restrictions. Services in connection with litigation or arbitration. Services consequent upon or resulting from the death or bankruptcy of Contractors or the failure or neglect of Contractors from any cause whatever to carry out the works in accordance with the contract or order or consequent upon the fraud or negligence of the Clerk of Works. Services in connection with fire, flood, or tempest during the execution of the works, and services in connection with the planning of grounds or gardens.
Clause 9.—For approving plans submitted by a lessee and for inspecting the work during its progress so far as may be necessary to ensure the conditions being fulfilled, and certifying for lease when required, the charge is as follows:

For each £100 or part of £100 of the total cost up to £500, 2½ per cent, the minimum fee being £3 3s.

For each £100 or part of £100 from £500 up to £5,000, 1¼ per cent.

For each £100 or part of £100 above £5,000, 1 guinea per cent.

Clause 10.—For qualifying to give evidence, settling proofs, conferences with solicitors and Counsel, attendances in Courts or before Arbitrators or other tribunals, and for other services in connection with litigation and arbitration, the charges are based upon the time occupied and the professional standing of the Architect.

Clause 11.—For surveying and making a plan of a town, village, street or road, estate or grounds, or any part thereof, for taking levels, setting out streets or roads, and for other services in connection with land not otherwise specifically provided for, the charges are by time in accordance with Clause 20.

Clause 12.—For inspecting, reporting and advising on the sanitary condition of premises, the charge is by time in accordance with Clause 20, the minimum fee being £3 3s., in addition to the cost of assistance and appliances.

Clause 13.—

(a) For taking out Quantities and preparing Bills of same, the charge is 2½ per cent upon the estimated cost of the work up to £5,000, and 2 per cent upon the cost above £5,000.

(b) For very small or for elaborate works, or for alterations, an increased percentage is charged according to the circumstances.

(c) For pricing out Quantities, or for preparing approximate estimates, the charge is ¼ per cent upon the amount.

(d) When an Architect is instructed to measure and value for the purpose of arriving at the amount of an interim certificate, the charge is ¼ per cent upon the amount.

(e) Measuring for, and making account of variations upon building works, including pricing, the charge is 2½ per cent upon the gross amount of additions, and 1½ per cent upon the gross amount of the omissions.

(f) For taking particulars on site and writing specifications for alterations, the charge is based upon the time occupied or by way of additional percentage, as may be agreed.

(g) For preparing, pricing, and agreeing a Schedule of Prices the charge is ¼ per cent upon the cost of the work, or, in small matters, according to the time occupied.
(h) For measuring up work executed on Schedule, and preparing account and pricing same, the charge is 2½ per cent upon the total amount of the account, or, in small matters, according to the time occupied.

In all cases where work is executed wholly or in part with old materials, or where material, labour or carriage is provided by the Client, the percentage shall be calculated as if the works had been executed throughout by a Contractor, and with new material.

Clause 14.—For estimating dilapidations and furnishing or checking a schedule of the same, the charge is 5 guineas per cent on the sum agreed, the minimum fee being £5 5s. For negotiating settlement of claim and for other services, the charge is by time in accordance with Clause 20.

Where one Surveyor acts between both parties the minimum charge shall be scale and a half, divisible between them.

Clause 15.—For valuing property for whatever purpose, except as provided in Clause 16, the charge is as follows:—

For each £100 or part of £100 of the value up to £1,000, 1 guinea per cent, the minimum fee being £3 3s.

For each £100 or part of £100 from £1,000 to £10,000, half a guinea per cent.

For each £100 or part of £100 above £10,000, a quarter of a guinea per cent.

Clause 16.—For valuing and negotiating the settlement of claims under the Lands Clauses Consolidation Acts, or other Acts for the compulsory acquisition of property, the remuneration is on Ryde's Scale as follows:

Beyond this half a guinea per cent.

Clause 17.—For negotiating the purchase of estates and property, and advising as to value if required, the charge is as follows:—

For the first £100, 2½ per cent.
For each £100 or part of £100 of the purchase price from £100 to £5,000, 1½ per cent.
For each £100 or part of £100 of the purchase price above £5,000, ¾ per cent.
Where more than one property is dealt with, a separate fee for each may be charged.

Where no purchase is effected, the usual fee for valuation will be charged.

Clause 18.—For negotiating the sale of estates and property, or introducing a purchaser, and advising as to value if required, the charge is double that stated in Clause 17.

Clause 19.—If the work should be at such a distance as to lead to an exceptional expenditure of time in travelling, an additional charge may be made under Clause 20.

Clause 20.—In cases in which charges are based upon the time occupied they will depend upon the professional standing of the Architect, the minimum fee being five guineas per day, exclusive of charges for Assistants’ time.

Clause 21.—The foregoing Scale is, in all cases, exclusive of the cost of copies of documents, lithography, travelling and hotel expenses, and all other disbursements, which are to be charged in addition.

SCALE OF ARCHITECTS’ CHARGES FOR HOUSING WORK.

(To be obtained at the office of the Institute, price threepence.)

With the object of assisting in the solution of the National Housing Problem, and having in view the necessity for the employment of qualified Architects on housing work, the members of the Royal Institute of British Architects assembled in general meeting have resolved to modify their charges in connection with housing schemes for Local Authorities and Public Utility Societies and have agreed to accept the following reduced scale of charges for such work.

The conditions of engagement of architects and surveyors shall be those which are customary in their respective professions, such as the conditions prescribed by the Royal Institute of British Architects in the case of the engagement of architects.

A. Preparation of Lay-out Plans for Cottages or Two-Storey Flats and Tenements.

Note.—In calculating architects’ fees for the preparation of lay-out plans the number of houses shall be understood to mean the number of houses on any one site.

For the preparation of a plan or scheme from existing maps, showing roads, builders’ plots and buildings in block, including:

1. Conference with local authorities and their officials.
2. Lay-out plan (where necessary) to 1/2500 scale.
3. Detailed lay-out plan or plans to 1/500 scale.

But exclusive of the preparation of detailed plans of buildings:

For the first 25 houses £1 0 0 per house.
For the next 75 houses 10 0
For the remainder 7 6

In cases where the number of houses has not been determined the fee shall be based on an average of 12 houses per acre. If a fully contoured plan of the site is not provided by the local authority an extra charge shall be made by the
architect for taking levels of the site based on the time expended. This clause does not apply to the lay-out for flats or tenements exceeding two storeys in height, the charge for which shall be governed by special circumstances.

If the carrying out of a lay-out scheme be abandoned, the architects' fees shall, nevertheless, be paid in full, provided that the preparation of the plans for such scheme has been completed by the architect.

B. Roads and Sewers.

In calculating architects' fees for roads and sewers, the number of houses shall be understood to mean the number of houses on any one site.

1) Executed Works.—For preparing working drawings and specifications for roads and sewers in accordance with the lay-out plans prepared under Section A, advising on the same and on the preparation of contract, furnishing to the contractor one copy of the drawings and specifications, general supervision, issuing certificates, passing and certifying the accounts:—

The charge shall be at the rate of £2 per house.

2) Abandoned Works.—In the event of the work or part of it being abandoned the charge shall be as follows:—

If the preliminary scheme of roads, drains and sewers based on contour levels has been prepared, one-sixth of the full rate for executed works stated in Section B (1) above.

If, in addition, the roads have been pegged out and the levels taken for sections, two-sixths of the full rate for executed works.

If, in addition, the sections have been set up in accordance with the levels taken and embodied in the working drawings of roads and sewers, three-sixths of the full rate for executed works.

If, in addition, specifications have been prepared and all the work necessary for the purpose of obtaining tenders has been done, four-sixths of the full rate for executed works.

C. House Plans (Cottages or Two-Storey Flats).

Note.—In calculating architects' fees for the preparation of plans for cottages or two-storey flats the number of houses shall be understood to mean the number of houses for which any individual architect may be employed. In the event of such houses being erected under a number of separate contracts an additional charge may be made for the extra work involved.

1) Executed Works.—For taking instructions, preparing sketch designs, making approximate estimate of cost, preparing drawings and specifications, obtaining tenders, advising on tenders and on preparation of contract, selecting and instructing consultants, furnishing to the contractor one copy of the drawings and specifications, and such other details as are necessary for the proper carrying out of the works, general supervision, issuing certificates for payment, and passing and certifying accounts:—

The charge shall be six per cent upon the cost of the first pair of houses of approved design, and in addition upon the cost of one house only of each further separate design.

"Cost" shall be understood to mean the average cost of a house, such average being calculated over the whole contract or contracts.
For repetition work the following charges shall apply:

For the next 50 houses ... ... ... £9 0 0 per house.
For the next 50 houses ... ... ... 8 0 0
For the next 100 houses ... ... ... 6 10 0
Over and above 200 houses ... ... ... 5 0 0

The respective numbers referred to include the original designs.

(2) **Abandoned Works.**—If the project or part of it be abandoned, or if the services of the architects cease or are dispensed with before a contract is entered into or order given, the charges in respect of the work abandoned or for which the architect was employed (as the case may be) are as follows:

(a) For taking client’s instructions, preparing sketch design and making approximate estimate of cost by cubic measurement, or otherwise, one-fourth of the charges for executed work stated in Clause C (1) above.
(b) For taking client’s instructions, preparing sketch designs, making approximate estimate of cost by cubic measurement, or otherwise, and preparing drawings and particulars sufficient to enable quantities to be prepared or a tender obtained, two-thirds of the charges for executed works stated in Clause C (1) above.

Charges for abandoned work shall be made in respect of houses up to the number of fifty only, and shall be based upon the average cost or approved estimated cost.

D. **Plans for Flats and Tenements exceeding Two Storeys in Height.**

*Note.*—In calculating architects’ fees for the preparation of plans under this heading, the number of flats and tenements shall be understood to mean the number of flats and tenements for which any individual architect may be employed. In the event of such flats or tenements being erected under a number of separate contracts, an additional charge may be made for the extra work involved.

(1) **Executed Works.**—For taking instructions, preparing sketch designs, making approximate estimate of cost, preparing drawings and specifications, obtaining tenders, advising on tenders and on preparation of contract, selecting and instructing consultants, furnishing to the contractor one copy of the drawings and specifications, and such other details as are necessary for the proper carrying out of the works, general supervision, issuing certificates for payment, and passing and certifying accounts, the charge shall be as follows:

Six per cent upon the cost of 10 flats or tenements.
For a further 40 flats or tenements ... £9 0 0 per flat or tenement.
For a further 50 flats or tenements ... 8 0 0
For a further 100 flats or tenements ... 6 10 0
Over and above 200 flats or tenements 5 0 0

For the purpose of calculating the architects’ fees as set out in the above scale the average cost of a flat or tenement dwelling over the whole contract or contracts shall be taken.

(2) **Abandoned Works.**—If the project or part of it be abandoned, or if the services of the architect cease or are dispensed with before a contract is entered into or order given, the charges in respect of the work abandoned or for which the architect was employed (as the case may be) shall be as follows:
(a) For taking client's instructions, preparing sketch design and making approximate estimate of cost by cubic measurement, or otherwise, one-fourth of the charges for executed works stated in Clause D (1) above.

(b) For taking client's instructions, preparing sketch design, and making approximate estimate of cost by cubic measurement, or otherwise, and preparing drawings and particulars sufficient to enable quantities to be prepared or a tender obtained, two-thirds of the charges for executed works stated in Clause D (1) above.

Charges for abandoned work shall be made in respect of flats and tenements up to the number of fifty only, and shall be based upon the average cost or approved estimated cost.

E. Out-of-Pocket Expenses.—This Scale is exclusive of reasonable travelling and out-of-pocket expenses.

F. Supervision and Administrative Duties.—In the event of a Local Authority or Public Utility Society desiring their officials to co-operate with the architect in supervision and other administrative duties, the architects' fees as set out in this Scale may be reduced accordingly.

16th February 1925.

ARCHITECTS' FEES FOR PRIVATE ENTERPRISE AND MUNICIPAL HOUSING WORK.

Approved by the Council on the recommendation of the Special Committee on the Scale of Charges as a temporary measure during the present unemployment crisis.

The following Scale of Architects' Fees for Private Enterprise and Municipal Housing Work has been prepared by the R.I.B.A. as a temporary measure, in order to provide good design and planning, with a view to preventing the disfigurement that is taking place in the development of districts both Urban and Rural.

This Scale is intended to apply to the fees of Architects instructed to prepare House Plans in cases where the services of the Architect are limited to the preparation of drawings only.

The Council of the Royal Institute recommend all Members of the R.I.B.A. to adopt this Scale as a basis for their fees for the work in question.

HOUSE PLANS. HOUSES UP TO 1,200 FT. SUPER. INSIDE OUTER WALLS.

(1) Detached and Semi-Detached Houses. For preparation of §in. Scale drawings, and providing one copy only to the Builder, together with §in. details (including depositing a set of plans with the Local Authority, in accordance with their Bye-laws and other legal requirements) the charge shall be £12 10s.

(2) Repetition Work and Lay-out Plans. For preparation of drawings, complete as set forth above and including the preparation of lay-out plans to a Scale not less than 1/500 the charge shall be (in addition to the above charge of £12 10s.) £3 per house up to but not exceeding 10 houses, £2 10s. per house up to but not exceeding 25 houses,
and £2 per house up to but not exceeding 50 houses. For each additional type of house the charge shall be £8. For over 50 houses the fees to be by arrangement between the parties based on the above Scale.

(*Lay-out is intended to mean that the Builders' roads and sewer have already been formed.)

13th June 1932.

**REGULATIONS GOVERNING THE PROMOTION AND CONDUCT OF ARCHITECTURAL COMPETITIONS AS APPROVED BY THE ROYAL INSTITUTE OF BRITISH ARCHITECTS AND BY ITS ALLIED SOCIETIES.**

[Re-issue after revision: December 1910, February 1921, March 1924, June 1926, December 1928, and October 1931.]

(To be obtained free of charge at the office of the Royal Institute.)

It is assumed that the object of the Promoters is to obtain the best design for the purpose in view. Where the Promoters desire to achieve this end by means of a Competition experience shows that this object may best be secured by conducting all Competitions upon the lines laid down in the following Regulations, which have been framed with a view to securing the best results to the Promoters with scrupulous fairness to the competitors.

Members of the Royal Institute of British Architects, and Members of its Allied Societies do not compete excepting under conditions based on these Regulations.

The Conditions of a Competition shall contain the following Regulations (A) to (F) as essential:

(A) The nomination for every Competition of an Assessor or Assessors who shall be Architects of acknowledged standing to whom the whole of the design shall be submitted.

(B) Each design shall be accompanied by a declaration, signed by the competitor, or joint competitors, stating that the design is his or their own personal work, and that the drawings have been prepared under his or their own supervision. A successful competitor must be prepared to satisfy the Assessor that he is the bona fide author of the design he has submitted.
(C) No Promoter of a Competition, and no Assessor engaged upon it, nor any partner, associate or employee of either, shall compete or assist a competitor, or act as Architect, or joint Architect, for the proposed work.

This regulation shall also preclude the regular staff and present students of a School of Architecture from taking part in a competition in which a member of the regular teaching staff is acting as sole Assessor, but not in cases where a Jury of three or more Assessors is concerned of whom only one is a member of the regular teaching staff.

The Assessor must not act as Consulting Architect, unless he has been appointed as such before the inception of the competition, nor in any other professional capacity in any matters connected with the work which has been the subject of the competition, provided always that he may act as Arbitrator in any dispute between the Promoters and the selected Architect.

If, under the special conditions referred to above the Assessor is acting as Consulting Architect, it should be clearly stated in the published conditions of the competition.

(D) The premiums shall be paid in accordance with the Assessor's award, and the author of the design placed first by the Assessor shall be employed to carry out the work, unless the Assessor shall be satisfied that there is some valid objection to such employment, in which case the author of the design placed next in order of merit shall be employed, subject to a similar condition. The award of the Assessor shall not be varied for any other reason.

(E) If no instructions are given to the author of the design selected by the Assessor to proceed within twelve months from the date of the award, then he shall receive payment for his services in connection with the preparation of the Competition drawings of a sum equal to $1$ per cent on the amount of the estimated cost stated in the conditions up to £50,000, but if the estimated cost of the work exceeds £50,000 he shall be paid a sum equal to $1$ per cent upon the first £50,000, plus $1$ per cent upon any sum in excess of that amount. The first premium shall be deducted from the sum so paid. If the work is subsequently proceeded with, this sum shall form part of his ultimate commission.

(F) The selected Architect having been appointed to carry out the work shall be paid in accordance with the Schedule of Charges sanctioned and published by the Royal Institute of British Architects, and the premium already paid shall be deemed to be payment on account.

1. The Promoters of an intended Competition should, as their first step, appoint one or more professional Assessors, Architects of acknowledged standing, whose appointment should be published in the original advertisements and instructions. The selection of an Assessor or of two or more Assessors to act as a Jury should be made with the greatest possible care, as the successful result of the Competition will depend very largely upon their experience and ability. The name or names of the Assessor or Assessors should always appear in the conditions governing a Competition or in any advertisement or other announcement relating thereto.
The usual R.I.B.A. Scale of Charges for Assessing Competitions is the sum of Fifty Guineas, plus one-fifth per cent upon the estimated cost of the proposed building.

The foregoing Scale is exclusive of travelling and other out-of-pocket expenses, which are to be charged in addition.

In the event of more than one Assessor being appointed, the remuneration shall be decided by mutual arrangement between the Assessors and the Promoters.

The President of the Royal Institute of British Architects is always prepared to act as honorary adviser to Promoters in their appointment of Assessors.

If an Architect is officially approached by the Promoters for advice as to the holding of a competition with a view to his acting as Assessor, and eventually it is decided not to hold a competition but to appoint an Architect to carry out the work, the Architect originally approached in an advisory capacity is precluded from acting as Architect for the work in question.

2. The duties of Assessors are as follows:—

(a) To confer with and advise the Promoters on their requirements and on the questions of cost and premiums to be offered.

(b) To draw up instructions for the guidance of competitors and for the conduct of the Competition, incorporating the whole of the clauses of these Regulations which are applicable to the particular Competition.

Note.—It is essential in drawing up the Instructions to state definitely which of the conditions must be strictly adhered to, under penalty of disqualification from the Competition, and which of them are optional. Binding conditions should be reduced to a minimum. Instructions to competitors should as far as possible take the form of suggestions, which both they and the assessors may follow as they deem fit.

(c) To answer queries raised by competitors within a limited time during the preparation of the designs, such answers to be sent to all competitors.

(d) To examine all the designs submitted by competitors and to determine whether they conform to the Conditions and to exclude any which do not.

(e) To report to the Promoters on the designs not so excluded and to award the premiums in strict accordance with the Conditions.

(f) To inform the Promoters if necessary that modifications may be made in the winning design by the successful Architect, if so desired by the Promoters.

3. Competitions may be conducted in one of the following ways:—

(a) By advertisement, inviting Architects willing to compete for the intended work to send in designs. For Competitions for Public Works this method is recommended.

(b) By advertisement, inviting Architects willing to compete for the intended work to send in their names by a given day, with such other information as they may think likely to advance their claims to be admitted to the Competition. From these names the Promoters, with
the advice of the Assessor, shall select a limited number to compete, and each competitor thus selected shall receive a specified sum for the preparation of his design.

(c) By personal invitation to a limited number of selected Architects to join in a competition for the intended work. Each competitor shall receive a specified sum for the preparation of his design.

Note.—Where a deposit is required for supplying the Instructions it shall be returned on the receipt of a bona fide design, or if the applicant declines to compete and returns the said Instructions within four weeks of the date for submitting designs.

4. The number, scale, and method of finishing of the required drawings shall be distinctly set forth. The drawings shall not be more in number or to a larger scale than necessary clearly to explain the design, and such drawings shall be uniform in size, number, mode of colouring and mounting. As a general rule a scale of 16 feet to 1 inch will be found sufficient for plans, sections, and elevations, or, in the case of very large buildings, a smaller scale might suffice.

Unless the Assessor advises that perspective drawings are desirable, they shall not be admitted.

5. No design shall bear any motto or distinguishing mark; but all designs shall be numbered by the Promoters in order of receipt.

6. A design shall be excluded from a Competition—
   (a) If sent in after the period named (accidents in transit excepted);
   (b) If it does not give substantially the accommodation asked for;
   (c) If it exceeds the limits of site as shown on the plan issued by the Promoters, the figured dimensions on which shall be adhered to;
   (d) If the Assessor shall determine that its probable cost will exceed by 10 per cent the outlay stated in the Instructions;
   (e) If any of the Conditions or Instructions other than those of a suggestive character are disregarded;
   (f) If a competitor shall disclose his identity or attempt to influence the decision.

7. All designs and reports submitted in a Competition, except any excluded under Clause 6, together with a copy of the Assessor’s Award, should be publicly exhibited for at least six days. Due notice shall be given to all competitors of the date and place of such exhibition. It is desirable that competitors should be furnished with a copy of the Assessor’s Award.

8. All drawings submitted in a Competition, except those of the design selected to be carried out, shall be returned carriage paid to the competitors within fourteen days of the closing of the Exhibition.

9. The Conditions of a Competition issued by a Corporate Body should have the Common Seal of that Body affixed thereto.

10. In the case of small, limited, private competitions, where the Royal Institute are satisfied that special circumstances may exist, modification of these regulations may be approved by the Royal Institute.
Competitions coming within the scope of this Clause are:—

(i) Where the competing architects are limited by selection or invitation, and do not exceed six in number; and

(ii) Where the proposed competition does not involve the expenditure of public funds.

Provided that nothing in this Clause shall prevent two or more members of the Royal Institute from giving advice or preparing sketch plans for the same project for a private client, if the expenditure proposed does not exceed the sum of £12,500, and if each of the members so invited be paid an agreed fee.

11. Provided always that the Council or the President shall be entitled to sanction an exception to the Regulations where, in their or his view, the interests of the Client and the best interests of the profession clearly justify this course.

REGULATIONS FOR INTERNATIONAL ARCHITECTURAL COMPETITIONS.

Settled at Paris, November 1908, by the International Competitions Commission appointed by the VIIth International Congress of Architects (London, 1906).*

1. International Competitions should be reserved for exceptional occasions of a really international character.

2. International Competitions may be either open to all architects without invitation, or limited and by invitation.

   Limited and invited Competitions may consist of a single stage.

   Competitions open to all should be held preferably in two stages.

3. The "Conditions" of International Competitions are to be identical for all competitors.

   No drawing, model or document shall be taken into consideration except those specified in the Conditions, nor shall any other drawing, model or document be exhibited.

4. The Instructions to Competitors should state definitely the Conditions of the Competition, and matters considered desirable should not be left to the option of Competitors.

5. In limited and invited Competitions, the Conditions should be fully detailed and require the scheme to be fully developed.

   In Competitions open to all the Conditions should express the technical requirements in general terms and limit the number and scale of the drawings to the minimum necessary for the jury to understand the design.

   The Conditions should require designs to be submitted anonymously under the motto in the first stage, and to be signed by the Authors in the second stage.

   Competitors are forbidden under penalty of exclusion to act in any way which would tend to disclose their identity.

6. In double Competitions the Conditions in the first stage should be as those for Competitions open to all, and in the second stage as those for limited and invited Competitions.

Designs selected in the first stage only can be admitted to the second stage.

7. The Conditions of a Competition should be published and placed at the disposal of the Competitors as nearly as possible on the same date in all countries.

Any design not dispatched by the date of closing the Competition shall be excluded; the Carrier's receipt shall be accepted as proof.

8. The Conditions should be prepared in consultation with experienced Architects.

They shall be published in the French language.

9. The jury is to be nominated by the Promoters of the Competition; it is recommended that Promoters, before nominating the foreign members, should place themselves in communication with the Comité Permanent.

The jury of an International Competition shall be composed of Architects, each of different nationality, one of whom shall belong to the country which institutes the Competition. A legal authority, nominated by the Administration promoting the Competition, shall preside in order to ensure regular procedure, but shall have no vote.

The members of the jury, by accepting nomination, shall be held to have declared themselves to have no material interest, either directly or indirectly, in the result of the Competition.

10. It is desirable in International Competitions, and especially in the preliminary stages, that the limit of cost shall be only approximately fixed in order to leave some liberty to the artistic conception of Competitors.

When the sum available for carrying out the work is specified, the Conditions of Competition should give the information required for preparing approximate estimates on a uniform basis.

11. The total value of the premiums to be awarded shall be 2½ per cent on the cost for works not exceeding £100,000 in value, 2 per cent on those not exceeding £200,000, and 1½ per cent for works beyond that value.

The principle must be enforced that the carrying out of the work be entrusted to the Architect placed first, subject to the conditions in force in the country promoting the Competition.

The amount of the prize shall not be deducted from the amount of the fees payable.

In the event of the person or Corporation promoting the Competition wishing to reserve the right to pass over the Architect placed first, the Conditions of Competition must state the terms of compensation.

Should the work not be executed, the same compensation shall be due.

In all cases the authors of designs submitted retain the artistic copyright in their design, and in the building which is a reproduction thereof.

12. In single-stage Competitions all the designs shall be exhibited in a suitable place and for a sufficient time to enable all Competitors to visit the Exhibition, which should be advertised beforehand in the professional papers.
Professional Activities

In double Competitions there shall be no Exhibition after the first award; all the drawings shall be placed under seal and exhibited subsequently, together with the designs in the final Competition.

The authors of designs selected in the first stage shall have the right to make tracings thereof for use in preparing their final designs.

The full report of the jury, giving their reasons for the award, shall be published before the opening of the Exhibition and communicated to all the parties interested.

FORMS OF ARTICLES OF PUPILAGE.

(1) Form for Payment of Premium in One Sum.

(2) Form for Payment of Premium by Instalments.

These forms were approved at a General Meeting of the Institute on the 13th January 1890. They are the copyright of the Institute, and are on sale at the Office, price One Shilling and Sixpence.

GENERAL ADVICE TO PROMOTERS AND OTHERS REGARDING THE CONSERVATION AND REPAIR OF ANCIENT BUILDINGS.

[First issued in 1865, revised and enlarged in 1888, and re-cast in 1926.]

(To be obtained at the Office of the Institute, price One Shilling.)

General Principles.

Few subjects are more generally misunderstood than that relating to the repair or conservation of ancient buildings. Whether clergy or laymen, the promoters of the so-called restoration of old buildings, are often more bent upon altering old work or carrying out new works than on preserving what exists. It cannot, therefore, be too strongly insisted that renewal should be avoided, and this even when such a process would be effective from a practical standpoint, for every renewal changes the character of old work. The object should be to preserve carefully an ancient building, be it ecclesiastical or other, by repairs carried out with sympathy and reserve so that it may continue to be an authentic specimen of the ancient art of our country. Every old building has its historical value, and is a physical expression of the craftsmanship of past ages, and it should be remembered that these values are lost when authenticity is destroyed. Above all, no old work should be destroyed, except under the most imperative necessity. The duty, therefore, of all concerned with ancient buildings is conservation, and this embraces every portion of original work.

Ancient buildings, generally, have been altered at various periods. All old work should be preserved to show the history of the fabric. A guard should be kept against the indulgence of individual preference for, or dislike of, particular features or styles, and especially against the theory once commonly held that a building must be purged of all features other than those of a favourite period.
It is upon the broad principles so outlined that the suggestions embodied in this document are based. It is intended that they shall be of use to those who are concerned with the preservation of old buildings and ancient examples of craftsmanship.

General Remarks.—The following suggestions and remarks have been drawn up with special reference to the repair of churches. The same spirit, however, ought to actuate those who have the care or ownership of ancient civil or military buildings, as from their comparative rarity they may be more valuable as historical monuments even than churches.

Old Materials.—It should not be forgotten that the practice of despoiling old buildings of materials, either for the repair of buildings or for other purposes, has resulted in the destruction of many valuable works. This practice cannot, therefore, be too strongly deprecated and should never be countenanced.

Preliminary Steps to be Taken.—Before any work is decided on a competent architect should be consulted. The architect should be one whose training and qualification are such as fit him to deal with work of conservation. He would make careful record drawings of the building, with measurements, of those parts which are likely to be affected, and photographs, including an indication of the scale, should be taken under his directions.

Deposit of Plans.—In the case of churches these photographs and copies of the drawings should be deposited with the Church Authority, and it is also suggested that they should be placed on the inventory to be seen by the archdeacon at his visitation.

Retention of Furniture, etc.—No clearance of objects such as furniture, old wall linings, pavements, flooring, galleries, pews, box-pews, wall partitions or other work of interest should be carried out except under imperative necessity.

Enquiry for Missing Portions of Old Work.—With a view to their preservation in a proper place, careful enquiry should be made for any portions of church furniture including masonry, old glass, stained or clear, brasses or other old works which may at any time have been removed from the building.

Floor Levels.—Ancient floors should be maintained. Only in cases where it appears certain upon investigation that the level of an existing floor is not the original should a change be considered.

Plastered Surfaces, Internal or External.—All plastered surfaces should be carefully examined with a view to discover any remains of painting upon them, and all ancient paint or whitewash cautiously cleaned, so that no injury may be done to any painting, diapering, powdering or other decoration, if such exist. Where it is proposed to repair the roofs, all cleaning should be deferred until after the plastered surfaces are protected from the weather. Ancient plastered surfaces on walls and ceilings should, wherever possible, be preserved; and this often applies to external plastering, harling or rough cast.
Ancient Glass.—Ancient glass with the original leading and iron framework should be carefully preserved, and never allowed to be taken out of the building save for the purpose of necessary repair, and this only by competent workmen. It is seldom desirable to remove ancient glass from the place it occupies even when small fragments only remain. If new glass has to be put in old windows care should be taken to fit it to the irregularities of the tracery. Old clear or Crown glass should also be preserved. The possibility of placing in the windows old glass found during the work should be considered.

Stonework of Windows.—There are various ways of repairing the stonework of tracered windows, each of which is useful according to circumstances. The advice of an architect experienced in conservation work is especially necessary in such cases.

Ironwork of Windows.—Ancient ironwork of windows should be preserved, and if it shows signs of splitting the stone it should be carefully removed, have new copper ends welded on and as carefully reinstated.

Treatment of Stonework.—In the repair of walling no scraping or tooling of the surface should be permitted. The fact that masonry is decayed or damaged is not in itself a sufficient reason for re-building or renewal, and no new stonework should be used unless it is the best material to make the building structurally sound and weatherproof. Those parts only which are thus defective should be cut out and carefully renewed, but it does not follow that stone is the best material for the purpose. The same principles apply to walls of other materials.

Walls Out of Plumb.—Walls can usually be repaired without pulling them down. It is seldom necessary to straighten a wall which is not upright.

Old Roofs.—A new roof is rarely necessary where an ancient one exists; even if defective it can almost invariably be repaired. Often the ends of beams or rafters alone are decayed. Such timbers should not for this reason be discarded, but should be repaired by scarfing or otherwise. Where for some reason a new roof is to be put on ancient walls it should be constructed, preferably in English oak, without attempt to reproduce the forms of any past styles. Tie beams or rods should seldom be omitted in these circumstances.

The pitch of a new roof depends on many considerations. It must be left to the judgment of the architect, but indications of the old roof may be a guide.

Roof Coverings.—Old roof coverings—lead, tile, thatch, slate or stone—should be retained, and if repair is necessary new material of like nature should be procured. Worn-out lead should be re-cast.

Monuments, Effigies, etc.—In no case should anything be done to monumental effigies, brasses, figures, heraldic devices, foliage, or other such works, either under cover or in the open beyond carefully cleaning or, when necessary, re-setting. Care should be taken to protect them from injury.

Fonts, etc.—Pulpits, fonts, piscinae, etc., like other stonework, should on no account be scraped or re-tooled as has been too often the case. If these objects are to be brought into use, repairs for this purpose should be confined to essentials and not be allowed to extend to the renewal of decorative features.
Screens, etc.—Screens, seats and other furniture should not be removed from their original position. In this case, again, repairs should be confined to structural essentials.

Paintings.—Wall or other old paintings should not be touched nor, if covered, should attempt be made to expose them until expert advice has been obtained. Neglect of this precaution has resulted in irreparable damage to much valuable ancient work. For the preservation of wall paintings the first essential is that the wall itself shall be made safe from damp.

Fragmentary Remains.—The specification should contain a clause stipulating that the contractor has no claim upon old materials, excepting any which may be specially exempted. Fragments of sculpture, tiles, glass, metal work, and the like should be preserved in the building, with a record of the place in which they were found.

Contract.—It is nearly always undesirable to enter into a lump sum contract for repair works. It is, however, sometimes convenient to arrange contracts for sections of works of which the nature and precise extent can be determined beforehand. Repair work, because of its nature, must be of a piecemeal or conjectural character, and the danger of a lump sum contract is either that the contractor under-estimates—leading to unsatisfactory work—or he too amply covers himself, which causes a higher expenditure than is actually warranted. The architect will advise as to the best form of contract applicable to each case. A usual form of contract provides that the builder shall render an account of the time and materials, as directed by the architect, at a fixed rate of profit on the net cost of the work.

General Conclusion.—In the principles and methods advocated in this document the Royal Institute has the support of the Society for the Protection of Ancient Buildings, of 20 Buckingham Street, Adelphi, W.C.2. Working in co-operation with that body the Institute is in a favourable position to afford advice to those who may require it on the subject to which this document relates, particularly in those cases where doubt may exist as to the correct procedure to be followed to secure effective protection or preservation of ancient structures or old examples of craftsmanship.

Such enquiries, explaining the special circumstances on which advice is sought, should be addressed to the Secretary of the Royal Institute at No. 9 Conduit Street, W.1.

Note.—Some supplementary information or advice, on points of technical detail, are appended to this document.

Supplementary Advice on Points of Technical Detail.

It is assumed that the work of repair will be directed by an architect and that no action of consequence will be taken without his definite instructions.

Excavation.—In making excavations in or about an ancient building, care should be taken to preserve every fragment of wrought stone, tiles or other ancient objects which may be met with. It is necessary to sift the earth in places where small objects are likely to be found.

Old foundations, bases of pillars, ancient tombs, stone coffins, pavements, or other work which appear to be in their original position should not be removed, but carefully exposed to view, in order that proper records of them
may be made so that if possible they may be left permanently in their places.

In excavating and laying drains round old buildings projecting footings, however rough, should not be cut off and care should be taken in exposing them. Work which was clearly not intended to be exposed should not be left open to view or to the air. Drains should be so managed as to draw water from the foundations and not towards them.

**Scaffolding.**—Wherever scaffolding is necessary it should always be erected independent of the walls, and no support should be obtained from the walls themselves. A greater care should be taken to protect features liable to be damaged than is customary in new building work.

**Stonework.**—If it is necessary to clean off whitewash or paint from internal or other stonework, it should be remembered that the object of so doing is to bring to view the original surface and not to destroy it. The best way of removing the whitewash without in any degree disturbing, much less removing, the ancient surface must therefore be studied. The mode of tooling or working the ancient stone is a subject of interest, and the old tool marks must therefore not be damaged. If indications of ancient colouring be found on the surface of the stone the attention of the architect should be drawn to it before any attempt at exposing the colour is made.

The mode of removing whitewash depends much on the nature of the materials. In each case experiments should be made under direction to ascertain the best mode. It is preferable to leave the whitewash wholly or partially on the stone, rather than to use any tool which would damage the surface of the stone itself; for it is better to leave the old surface of the stone with the whitewash than to risk injuring it.

When in the course of repair traces of ancient string-courses, weatherings, windows, etc., are found, they should not be concealed again without instructions nor yet tooled off. No tool should be used upon the surface of ancient stonework.

Broken or decayed work should never be removed except where it is necessary to do so for the sake of stability, or where leaving it would be a source of danger. On no account should a stone be renewed simply because it has lost its original form; it is better to have broken or half-decayed authentic work than the most perfect reproduction. The cleaning of old work to make it harmonise with the new should be avoided. The old work is better left with its characteristic tone.

Lichen should not be removed from old surfaces except under expert direction.

In repairing walls, great care should be taken of any old mouldings or other wrought stones found embedded in them, and note taken of where they were found, for the fragments have usually been stowed away near to their original place. If windows or other features should be found, they should not be disturbed until they have been seen by the architect. Encaustic tiling or other ancient paving should be preserved in the places where they are found. Ancient monumental remains should nearly always be kept in their old position.

**Carving.**—The same principles as are laid down for stonework apply to carving. The re-dressing or restoration of old carving should never be attempted.
Plaster.—If plastering is to be removed it should first be examined for old painting by carefully removing the whitewash here and there, and if it be found to retain old painting nothing further should be done until the attention of the architect has been called to it.

Ancient plastering, even when defective, should not be removed, but only repaired where necessary.

New plastering on old walls should be thin, and carefully tailed off to meet the stone dressing as in ancient work.

Woodwork.—An ancient roof, or other piece of timber work, should not be condemned simply because it is defective. An ancient roof carefully preserved by splicing and other means is infinitely more valuable than a copy of the same in new timber; and even very serious defects can be repaired if proper methods are employed. By failure to realise this possibility comparatively trifling defects have in the past been made the excuses for destroying some of the finest ancient roofs.

An old roof should never be entirely taken off for purposes of repair, but should be dealt with in its place, bay by bay, and should be kept dry by tarpaulin or other means during the operations. Exposure to wet is very harmful to old timber.

Old timber should not be coated with oil, varnish or stain.

All remains of coloured decoration on old woodwork should be preserved untouched with the greatest care.

Ancient seating should be preserved in its proper place, and any necessary repairs should be carried out on the spot if possible. Every remnant of old woodwork, of whatever description, should be carefully preserved and where possible kept in its place.

Leadwork.—When ancient lead on roofs is to be repaired or relaid, care should be taken to preserve any inscriptions or ornamentations which have been cast on to the old lead. When old lead has to be relaid, the old lead should be re-cast—on the site if possible—to at least seven or eight pounds per foot super, and the rolls should be hollow rolls. Milled lead should not be used on old buildings. It is as well to remember that lead should not be laid on oak boards or cement without some intervening substance as both materials quickly decompose the lead, turning it to whitelead powder.

Glass.—Great care should be taken to preserve ancient stained and clear Crown glass. It should never be removed from the windows in which it is found, however rough and imperfect it may be or however small the fragments, unless under special direction. It should be repaired carefully in its place.

Painting.—All remnants of ancient painting should be protected, and their preservation or cleaning should not be attempted unless under special direction; above all no attempt should be made to touch them up.

Ironwork.—All remnants of ancient metal work such as hinges, locks, casement fastenings, etc., should be preserved in their place if possible and old saddle-bars or stanchions should never be removed from windows except under instructions from the architect. Ordinary iron dowells or clamps should not be used where ancient ironwork, fixed into stone, is likely
to split or has already split the stone. The ironwork should be removed carefully and metal substituted which will not corrode. In the case of ancient stanchions and saddle-bars in windows, copper ends should be welded on to the iron bars and carefully re-fixed.

*Generally* it needs to be borne in mind that the reparation of an ancient church or of any other ancient building, however simple it may be, is a work to be entered upon in a totally different spirit from that in which a new work is approached.

The object is not only to put the work into good repair, but to preserve and perpetuate an authentic specimen of the ancient crafts of our country. Every ancient building has historical value, and even though at first sight its state of disrepair may suggest renewal, or that the work might be better executed if done anew, it must be remembered that *all that value is gone when authenticity is destroyed*, and that not renewal but preservation is the duty of those charged with the work.
SIZES FOR STANDARD BRICKS

(Not intended to apply to facing bricks.)

(The new diagrams have been printed from blocks lent by the courtesy of the publishers of Specification.)

The accompanying diagrams illustrate sizes of standard bricks which have been agreed upon with various bodies. No. 1 (Diagram A) was agreed upon between the Institute and the Brickmakers' Association and was drafted as follows in consultation with these bodies and with representatives of the Institution of Civil Engineers in 1904:

1. The length of the brick should be double the width, plus the thickness of one vertical joint.

ENGLISH BOND.
2. Brickwork should measure four courses of bricks and four joints to a foot.
Joints should be $\frac{1}{4}$ inch thick and an extra $\frac{1}{6}$ inch, making $\frac{1}{2}$ inch for the bed joints to cover irregularities in the bricks. This gives a standard length of 9$\frac{1}{2}$ inches centre to centre of joints.

The bricks, laid dry, to be measured in the following manner:
(a) Eight stretchers laid square end and splay end in contact in a straight line to measure 72 inches.
(b) Eight headers laid side to side, frog upwards, in a straight line to measure 35 inches.

THE
R.I.B.A.
SIZES FOR
STANDARD BRICKS

MAXIMUM SIZE
BRICK TO RISE
13 INCHES

MINIMUM SIZE
BRICK TO RISE
13 INCHES

FLEMISH BOND.

MAXIMUM LENGTH OF 8 STRETCHERS - 72 INCHES.
MINIMUM LENGTH OF 8 STRETCHERS - 71 INCHES.

MAXIMUM LENGTH OF 8 HEADERS - 35 INCHES.
MINIMUM LENGTH OF 8 HEADERS - 34$\frac{1}{2}$ INCHES.
(c) Eight bricks, the first brick frog downwards and then alternately frog to frog and back to back, to measure 21\(\frac{1}{2}\) inches.

A margin of 1 inch less will be allowed as to (a), and ½ inch less as to (b) and (c). This is to apply to all classes of walling bricks, both machine and hand-made.

In the early part of 1919 the Institute was requested to make some variations in the standard, and after consultation with the allied societies a conference was held on 28th June 1919, at which were present representatives of the R.I.B.A., the Institute of Clayworkers, the President of the Northern Federation of Building and Engineering Brick Trades, the Secretary of the Employers' National Council for the Clay Industries, and representatives of the South-Western District and Midland District. It was reported that the Northern Federation, which represents the six northern counties, had come to an agreement with the Government to make the standard size for bricks 2\(\frac{1}{2}\) inches in height. The Conference recommended that a second standard size should be added to the R.I.B.A. standard, all the dimensions to agree with the present standard except that four courses of bricks and four joints are to measure 13 inches. The maximum depth of eight bricks, laid frog to frog and back to back alternately, to measure 23\(\frac{1}{2}\) inches. The minimum depth of eight bricks laid similarly to measure 23 inches. This was approved by the R.I.B.A. Council on 21st July 1919.

The bed joints with the maximum bricks would be \(\frac{3}{4}\) inch, and with the minimum \(\frac{1}{4}\) inch to give 13 inches to four courses of bricks and four joints. This standard will apply to the counties of Northumberland, Cumberland, Durham, Westmorland, Yorkshire and Lancashire.
THE CUBING OF BUILDINGS

On account of the wide divergencies in the systems at present employed by architects for the cubing of buildings, the Practice Standing Committee decided to draw up standard methods of measurement for the guidance of members of the Institute.

In addition to the general advantages to be gained from the cubing of buildings by standard methods, their application would—

1. Simplify the comparison of approximate estimates of cost; and
2. Ensure that the cubic contents of buildings submitted in architectural competitions were all calculated on the same basis.

In order that the Committee should receive as much assistance as possible in the pursuance of its purpose, Members of the Institute were requested in May 1926 to fill in and return to the Secretary the following two forms:

(a) A Questionnaire; and
(b) A Schedule.

A Sub-Committee appointed by the Practice Standing Committee have devoted much care to the scrutiny and analysis of the returns, which have been of considerable value to the Committee in formulating the Standard Methods of Competition here set forth.

No. 1. LENGTH AND WIDTH MEASUREMENTS.

To be taken between the outer faces of the walls.

No. 2. HEIGHT MEASUREMENT.

To be taken from the top of the concrete foundation to (in the case of a pitched roof):

a line midway between the point of intersection of the outer surfaces of wall and roof, and the apex; or

(in the case of a flat roof):

a height of 2 feet above the roof.

In the case of a Mansard roof, its cubic contents are to be calculated separately.

No. 3. PROJECTIONS.

After measuring the main structure an additional cube is to be made for the following projections:

(a) Porches.
(b) Bays and Oriels.
(c) Turrets and Flèches.
(d) Dormers.
(e) Chimney Stacks.
(f) Lantern Lights.
(g) Terraces and External Steps.

The Committee hope that the foregoing rules of procedure will be adopted for recent and current work, and the results entered upon the special forms, which can be obtained from the Institute on application. If this is done and the forms are returned to the Secretary of the R.I.B.A., a valuable source of information will become available, from which classified data can be published from time to time for the benefit of members.

September 1927.
VII. LIBRARY & PUBLICATIONS

THE LIBRARY

The Library of the Royal Institute of British Architects, which contains about 30,000 volumes, is probably the most complete collection of architectural books in the world. The Library also has a large collection of architectural drawings. In the early days of the Institute the Library was able to rely entirely on gifts from Members and Honorary and Corresponding Members to maintain the collection, but latterly the gifts, which still form a large part of our accessions, have been supplemented by purchases both of books of historical importance to fill gaps in the collection and of current works dealing with every side of Architecture.

It is hoped that a list of the more important desiderata may soon be compiled, so that the help of members may be enlisted in enriching the collection.

From the 1st October till the end of June the Library is open from 10 a.m. to 8 p.m. (Saturdays 5 p.m.); in July and September it closes at 7 p.m. (Saturdays 2 p.m.). The Reference Library is closed during the whole of August, but Loan books may be received or issued between the hours of 12 and 2 daily (Saturdays 1 p.m.).

All Probationers, Students, and Qualified Candidates for Associateship on registration in the books of the Institute, are furnished with a card of admission, and such card must be shown by the reader at every visit. Cards are also granted on the recommendation of members of the Institute, professors of colleges, schoolmasters, and others, who are required to certify, on a form to be obtained at the Institute, that the persons they recommend are fit to be admitted to the privileges of the Reference Library and the Loan Collection.

The Council afford facilities to architects and others, not members of the Institute, to consult books in the Reference Library and to have the use of the Loan Collection. Applications should be made in writing to The Secretary R.I.B.A. at the Office of the Institute.

RULES TO BE OBSERVED IN THE LIBRARY.

THE REFERENCE LIBRARY.

1. Everyone using the Library must sign the Attendance Book placed at the entrance.

2. The front and back rooms are reserved for members of the Institute, but non-members are allowed access to any special books of reference there on application to the officer in charge.

3. No book or other work forming part of the Reference Library is allowed to be taken from the premises of the Institute, except by special resolution of the Council.

4. Readers desiring to trace are required to apply to the Librarian or official in charge for a form, which must be duly filled up, giving particulars of the work and specifying the portion it is intended to trace. Soft pencils only may be used in tracing. In the case of rare and other valuable works, in order to preserve the print from injury, isinglass will be supplied for the purpose of tracing.
5. No compasses of any kind may be applied to any of the works, and the use of ink is prohibited at any table on which rare or costly works are placed.

6. Readers are requested to inform the official in charge when they have finished with any work, in order that it may be restored to its place.

7. Silence is necessary in the Library, and all oral communications should be conducted in an undertone.

THE LOAN LIBRARY.

The Library is for the use of members of the Institute, and is open to Students and Probationers and to other persons properly recommended.

From October 1st till the end of June the Library is open from 10 a.m. to 8 p.m. [Saturdays 5 p.m.]; in July and September it closes at 7 p.m. [Saturdays 2 p.m.]. The Reference Library is closed during the whole of August, but loan books may be received or issued between the hours of 12 and 2 daily [Saturdays 1 p.m.].

Not more than one volume at a time is issued to any one borrower, except by permission of the Librarian, and no volume may be retained longer than fourteen days, unless a written renewal from the Librarian has been obtained.

Application for works must be made personally, except in the case of members, students, and probationers of the Institute, who may send a written request by a person authorised to receive and sign for them.

A borrower is required to sign a voucher for each book he takes out, and is responsible for the work so long as the voucher remains unc cancelled. A book will not be accepted as returned unless it be delivered by hand to the official in charge at the Library during Library hours, and the borrower’s receipt obtained in exchange. In the case, however, of a member or student of the Institute borrowing through the post, his letter of request shall be countersigned by the Librarian on the day when the volume is despatched, and shall be regarded as the borrower’s voucher. Volumes shall be despatched at the cost of the Institute and returned at the cost of borrowers. On the return of a book the Librarian shall at once send the member a receipt. Books due for return on days when the Library is closed must be returned on the first following day when it is open.

Application for renewal must be made personally or by postcard in sufficient time to allow of the book being punctually returned if it cannot be renewed; if renewed, a written renewal from the Librarian will be sent, which must be produced when the book is returned.

A fine of 3d. must be paid for every week or part of a week during which any volume is retained beyond the date of return stamped in the volume, or the date authorised after application for a renewal.

A borrower whose fines are unpaid will not be permitted to use the Loan Library, and, if not a member of the Institute, he will also be debarred the use of the Reference Library.

Borrowers are not to trace with ink or with a hard pencil, nor apply compasses of any kind to the works. Marking any book by writing, turning down leaves, etc., is strictly prohibited; this applies even to correction of a misprint, or to a single additional mark in a book however much previously disfigured. Infringement of this rule will render the borrower liable to suspension from the use of the Loan Library. A borrower is liable to be called upon to replace, at his own expense any work lost, marked, or injured while in his possession or to pay a fine.
PUBLICATIONS

Every Paper read or taken as read at General Meetings by any person may be published by the Council in any way and at any time that they may think proper, unless there shall have been a previous engagement with its author to the contrary.—
Extract from the Bye-laws.

THE JOURNAL.

The Journal (now commencing Vol. XL, 3rd Series) is usually published on the Saturday following the previous Monday’s General Meeting. It consists of twenty numbers annually, price 1s. 6d. each. It is also issued in annual volumes, price 3os. Special subscription for members of R.I.B.A. Allied Societies, 12s. per annum (post free).

Communications relating to the literary part of the Journal should be addressed to the Editor. The business connected with the advertisements in both Journal and Kalendar is conducted by the Advertising Managers, Messrs. C. Rowley, Ltd., 53 and 54 Avenue Chambers, Southampton Row, London, W.C.1.

THE TRANSACTIONS. NEW SERIES (1883-1892).

This Series of the Transactions, complete in eight volumes, comprises all the Papers read before the Institute during the Sessions from 1884-85 to 1891-92, Abstracts of Presidential Addresses, the Institute Prize Essays, Travelling Students’ Reports, and other Papers, with Notes and Addenda. The present charge for a complete set bound in paper or linen covers is £6 only, instead of £9 5s. as heretofore.

PAPERS FROM THE TRANSACTIONS AND JOURNAL.

Street Architecture of London. By Howard Robertson, S.A.D.G. [F.]. No. 3.
FORMS OF AGREEMENT AND SCHEDULE OF CONDITIONS FOR BUILDING CONTRACTS (1931).

The new Form of Contract as revised by drafting Counsel and finally approved by the respective Councils of the Royal Institute of British Architects, the National Federation of Building Trades' Employers, and the Institute of Builders, was issued, together with a Form suitably modified for use where quantities do not form part of the contract, on 21st July 1931, on which date all previous forms were withdrawn from circulation. The Forms are obtainable at the R.I.B.A., price 15. 6d. each. A Joint Tribunal has been appointed to watch the working of the new Form and to report as to any amendments which may appear desirable as the result of any difficulties which may be brought to their notice by architects and builders.

NOTICE FORMS, &c., FOR USE UNDER THE LONDON BUILDING ACT.

Form A.—Party Structures.
Form B.—Intention to Build within Ten Feet Of, and at a Lower Level than, Adjoining Owner’s Building.
Form C.—External Walls with Footings Projecting into Adjoining Owner’s Premises.
Form D.—Party Walls on Line of Junction of Adjoining Lands.
Form E.—Appointment of Third Surveyor.

These Forms, prepared by the Practice Standing Committee, and approved by the Institute Council, are the copyright of the Institute, and copies may be obtained, printed on hand-made paper, at the Office, price 4½d. each.

The following publications, the full text of which, except the last, appears earlier in the Kalendar, may also be obtained at the Institute (see note of price attached to each):

Scale of Professional Charges (p. 658).
Scale of Architects' Charges for Housing Work (p. 663).
Architects' Fees for Private Enterprise and Municipal Housing Work (p. 666).
Regulations Governing Architectural Competitions (p. 667).
General Advice on Repair of Ancient Buildings (p. 673).
Forms of Articles of Pupillage (p. 673).

VIII. BUILDING SURVEYING EXAMINATIONS, EDUCATION, ARCHITECTURE MEDALS.

(For particulars of Membership qualification and examinations, formerly included here, see separate pamphlet, Membership of the R.I.B.A., obtainable from the Secretary.)

BUILDING SURVEYING EXAMINATIONS.
EXAMINATION QUALIFYING FOR CANDIDATURE AS DISTRICT SURVEYOR IN LONDON.*

The London Building Act, 1930, cap. clviii, sect. 156, provides:—
The Royal Institute of British Architects may cause to be examined by such persons and in such manner as they think fit all candidates presenting themselves for the purpose of being examined as to their competency to perform the duties of District Surveyor, and shall grant certificates of competency to the candidates found to deserve them, and a person who has not already filled the office of District Surveyor shall not be qualified to be appointed to that office unless he has received a certificate of competency from that Institute or has been examined in such other manner as the Council may direct and been found competent.

The Candidate must be prepared to answer orally, in writing, and by means of drawings, questions upon the following points in order to satisfy the Board as to his competency for the office of District Surveyor.

1. At least two compulsory questions will be set relating to buildings of metal skeleton and reinforced concrete construction. Candidates must, therefore, be intimately acquainted with those provisions of the London Building Act, 1930, that have reference to buildings of metal skeleton construction, and also with the regulations thereunder relating to reinforced concrete buildings.

2. The materials most in use in building, their mechanical properties and composition, distinction between good and inferior materials, nature and prevention of decay to which they are subject, and simple tests for quality such as can be made on the site of works. The bonding of masonry and brickwork, use of mortar and cement, framing of carpentry.

3. The design of arches, retaining walls, the different parts of timber, reinforced concrete, steel and other structures, and the modes of calculating stresses in them, especially such rapid modes as can be employed readily on the site. The testing and fixing of constructional steel work. The force of storms and stability of high structures.

4. Foundations in various kinds of soil, and precautions to be taken, expedients when the bottom is bad or under water. The risks of accident due to interference with foundations after they have been put in, or to increasing the load on them. The foundations of high chimney shafts. Indications of the failure of foundations.

6. The behaviour of various materials and modes of construction with reference to fire. Fire-resisting construction. Precautions necessary in heating and lighting buildings. Precautions to be taken in the storage of water.

The Examination is held twice a year, in the months of May and October. For particulars as to attendance, fees, &c., see page 694.

* Application forms, to be filled up by persons desirous of being examined, can be obtained free of charge at the Office of the Royal Institute.
CONDITIONS OF THE APPOINTMENT.

No person is accepted as a candidate for the appointment of District Surveyor unless he shall have attained twenty-eight years of age and be under fifty years of age, and every candidate must deliver with his application satisfactory evidence of his age.

Every candidate is required to sign a declaration and deliver it with his application that he becomes a candidate, and will accept the appointment if he should be appointed, on the following understanding:

(a) That he will personally discharge the duties of his office, subject to section 158 of the London Building Act, 1930.
(b) That he will give his whole time to the duties of his office.
(c) That he will not during his continuance in office (except in the discharge of the duties thereof) carry on business as an architect, surveyor, or builder, or directly or indirectly, as a partner or otherwise, be interested in such business.
(d) That he will keep his District Office open from Monday to Friday (both inclusive) between the hours of 9.30 a.m. and 5 p.m., and on Saturday from 9.30 a.m. until 1 p.m., and give his personal attendance there daily from 9.30 to 10.30 a.m.
(e) That he will retire on attaining the age of 65 years.

Every appointment of District Surveyor is subject to the person appointed passing satisfactorily a medical examination by the Council’s medical officer.

The County Council reserves to itself the exercise of its powers of dismissal if the District Surveyor so appointed should not act consistently with the understanding above set forth in any of the matters referred to therein, or for other sufficient reason.

EXAMINATION QUALIFYING FOR CANDIDATURE AS BUILDING SURVEYOR UNDER LOCAL AUTHORITIES.

The Candidate must be prepared to answer orally, in writing, and by means of drawings, questions upon the following points in order to satisfy the Board as to his competency for the office of Building Surveyor.

1. At least two compulsory questions will be set relating to buildings of metal skeleton and reinforced concrete construction. Candidates must, therefore, be intimately acquainted with these forms of construction.
2. The materials most in use in building, their mechanical properties and composition, distinction between good and inferior materials, nature and prevention of decay to which they are subject, and simple tests for quality such as can be made on the site of works. The bonding of masonry and brickwork, use of mortar and cement, framing of carpentry.
3. The design of arches, retaining walls, the different parts of timber, reinforced concrete, steel and other structures, and the modes of calculating stresses in them, especially such rapid modes as can be employed readily on the site. The testing and fixing of constructional steel work. The force of storms and stability of high structures.
4. Foundations in various kinds of soil, and precautions to be taken, expedients when the bottom is bad or under water. The risks of accident due to interference with foundations after they have been put in, or to increasing the load on them. The foundations of high chimney shafts. Indications of the failure of foundations.
6. The behaviour of various materials and modes of construction with reference to fire. Fire-resisting construction. Precautions necessary in heating and lighting buildings. Precautions to be taken in the storage of water.
7. The sanitary precautions needed to secure healthiness of site. The materials
used in and the mode of executing house drainage works. and the ventilation of
houses and drains.

8. The Model Bye-laws and general practice and the administration thereof. The
Public Health Act and Allied Acts. Factory and Workshop Act, together with any
other Acts as far as they apply to buildings.

Particulars applicable to both Examinations.

The Examination will last for three days. On the first day the Graphic
Examination will take place from 10 a.m. to 1 p.m., and from 2 to 3 p.m.
The Written Examination will take place from 3 to 5 p.m. On the second
day the Written Examination will be continued from 10 a.m. to 1 p.m., and
from 2 to 5 p.m. Candidates are not allowed to bring or refer to any books
or written memoranda.

Each candidate must provide his own drawing-board (half-imperial size)
and instruments.

On the third day, the Examiners meet to inspect the papers and drawings,
and to put such questions as they may think advisable to be answered orally
by the Candidates; and they will ask for further particulars in those cases
where the written answers are imperfect, insufficient, or incorrect.

The Examination Questions are not published. Copies of the Examination
Questions are on no account to be taken away from the Royal Institute.

Each candidate, on sending in his paper (a form to be previously obtained
at the office of the Royal Institute), duly filled up, must pay a fee of Three
Guineas.

** Statutory Examination for the Office of District Surveyor and the examination for
the Office of Building Surveyor, 3rd, 4th and 5th May 1933 (last day for applications 12th
April); and 11th, 12th and 13th October 1933 (last day for applications 20th September).

LIST OF PERSONS TO WHOM THE ROYAL INSTITUTE OF BRITISH ARCHITECTS HAS
GRANTED CERTIFICATES OF COMPETENCY TO ACT AS DISTRICT SURVEYORS IN
LONDON.

1836.—Thomas Meyer; Robert Booth; George Elkington; Sidney Godwin;
William R. Gritten; Henry Parsons; Henry Hart; Charles J. Badger; Henry
A. Darbishire; W. R. Kinipple; H. S. Ridley; John J. Cole; Samuel S. Markham;
Henry Simpson Legg; Daniel Cubitt Nichols; Charles Stephenson; William
Young.

1837.—John Wooldy Papworth; Chas. Forster Hayward; Sydney Howell;
Sir M. Digby Wyatt; Joseph Lavender; George Aitchison; T. E. Knightley.

1838.—Henry Laxton; John G. Hilton; George Hobson; George Morgan;
Stephen Salter; Robert Kerr; Alfred Williams; Thomas Morris.

1839.—Edward Louis Paraire; Arthur Cates; Frederick Todd; William Lightley;
Henry Dawson; John Hagrave Stevens; Richard Richardson; Josiah Houle.

1860.—Thomas Miller Rickman.

1861.—Alexander Peebles; A. S. Chatworth Baker.

1862.—James Tolley; Edward Adams; George Saunders; Francis Philcox
Hughes;  Richard Smith Lander; William Marshall.

1863.—Cesar A. Long; Thomas Allom.

1864.—William Arthur Baker; T. Hovenden Hendry; John Young; John
Hudson; Frederick Wallen; Newton Edward Jennings; Edward William Power.

1865.—Rowland Plumbe; Vincent John Grose; Henry J. Hansom.

1866.—William Candler Reed; Albert Parkinson Howell.

1867.—Edward Dru Drury; Robert Edward Purchas; T. H. Raiman; J. Light-
foot; George Lansdowne; Charles Innes; Charles Augustus Gould; Benjamin
Tabberer; Henry Jarvis; George Scamell; Sir Alexander Stenning; Thomas
William Willis.

1868.—Frederick Marrable; John Clarkson; Charles Humphreys; J. Douglass
Mathews; Arthur Allom; Robert C. James; Lacy W. Ridge.
1869.—Chas. de Witt Hanbury; Harry Siddon Greaves; Robert Pledge Notley; Wilson T. Piper; William Waine; Chester Foulaham; John S. Quilter; Augustus Wm. Tanner.
1870.—Daniel Robert Dale; Banister Fletcher; James William Forge; Horace Gundry; John Goldicutt Turner; Thomas Blashill; Arthur Hardy; John A. J. Woodward.
1871.—Charles Aldridge; Alfred Bovill; Joseph Hewitt; Ebenezer Gregg; Thomas Henry Eagles; William Fogerty.
1872.—Lewis Solomon; W. Hilton Nash; Thomas Roger Smith.
1873.—Ernest Carritt; William Alfred Large; Thomas Henry Watson; Wm. Chris. Leonard; Alfred Millwood; Alexander Payne; Hyman Henry Collins; George Inskipp; Lewis Karslake.
1874.—Henry Lovegrove; Fred. Richard Meeson; Robert Walker; Thos. Barnes-Williams; George Treacher; Russell B. Bell.
1875.—John Hebb; Fred Charles Notley; Thomas Charles Sorby; John Barlow Badock; William Seymour; Thomas Stone; Edward Street; Frederic Hammond.
1876.—Joseph Benson; Geo. Elkington; Fred. Wm. Hugh Hunt; John M. Ferguson; Gordon T. Legg; George McDonell; W. H. Scyrourg; William Tasker; Alfred Conder; Wm. Holditch Stevens.
1877.—Rob. Lempriere Hesketh; Francis H. Hummel; John C. Nicol; Sydney Turner; Jasper Wager; William J. Buxton; Frederick Stone; Joseph Bromilow; Charles William Brooks; Edwin Rich. Hewitt; Jas. Stanning Edmeston; Robert Henry Burden.
1878.—Horace Cheston; Walter G. Doolin; Henry Hewitt Bridgman; Samuel Flint Clarkson; Percie Cowper; William Grellier; William Smallpeice.
1879.—Percy Hunter; James Walter James; George Ashby Lean; Andrew Thomas Taylor; George Gray Jarvis; Walter Freeman; William Hewson Lees; Ellis Marsland.
1880.—Robert Edward Pownall; Thomas Edward Mundy; Henry Adam Rawlins; Hugh McLachlan; Arthur Ashbridge; Walter Edward Blake.
1881.—Oliver Renton; Henry William Stock; George Jackson.
1882.—Martin Luther Saunders; John Hamilton; Walter Lewis Spiers; Arthur Sutton Gover; Cecil Haden Stock.
1883.—Edward Haslehurst; Reginald F. C. Francis; Francis Grinham Howell; George Edwards; Robert C. Murray.
1884.—Arthur Harland; Thomas Batterbury; Edm. Woodthorpe; Wilfred J. Hardcastle.
1885.—G. W. Hamilton-Gordon; Herbert A. Pelly; Henry York.
1886.—Henry Blackburn; James W. Brooker; Arthur Crow; Frederick E. Eales; Charles Evans-Vaughan; Frederic R. Farrow; Josiah Goodchild; Frederick W. Hamilton; Austin Heyes; Stanley F. Monier-Williams; Edward W. Mountford; Cecil George Saunders; Edward L. Sweatman.
1887.—Clarence T. Coggin; Herbert S. Saunders; John Slater; Henry Heugh Tasker.
1888.—Ralph Nevill; Walter Scott; John Darch; Edward John Tarver.
1889.—Bernard John Dicksee; Ravenscroft Elsey Smith; John William Stevens; W. Henry White; George Lay Crickmay.
1890.—Arthur Herbert Belcher; Augustine Cadie Green; Thomas Henry Hitchin; Frank Cecil Ryde; Cecil Orr; John Hudson.
1891.—Lawton Robert Ford; James McCurrey Cable.
1892.—John Albert Gill Knight; George Arthur Lansdown; Frank John Waldemar Levertion; Robert Williams; Watson Hall.
1893.—Albert William Cleaver; Reginald Molesworth Gruggen.
1895.—Arthur Henry Wharton Glasson; Harold Griffiths.
1896.—Osborn Cluse Hills; George Tolley.
1898.—Arthur Baldwin Hayward; George Henry Blagrove.
1899.—Harold Douglas Eldridge; Henry Hayne Fox; Harry George Leslie; Christopher William Surrey; Charles Archibald Daubney.
1900.—Henry Nathaniel Kerr; Walter Henry Woodward; Ernest Alexander Young; Herbert Alfred Legge; Richard Dominic Hansom.
1901.—Sidney Joseph Halse; Frank Sizer Capon; Clement Osmund Nelson.
1902.—Thomas Handy Bishop, jun.; Arthur Maryon Watson; William George Perkins; Arthur Halcrow Verstage.
1903.—Walter Godfrey Green; Ernest William Lees; Arthur George Morrice; Albert Perkins Stokes.

1904.—Percy John Black; John Moir Kennard; John Todd.

1905.—Albert Anthony Fillary; Edgar Walsh Knight; Edwin Palser; Harry Tom Boden Spencer; Alexander Lionel Woodward.

1906.—Horace William Cubitt; William Robert Davidge; Percie Ion Elton; Herbert Kenchington; Gilbert Henry Lovegrove; William Herbert Rogers; Herbert Shepherd; William George Shipwright; Collings Beatson Young.

1907.—Thomas James Bee; Percy Boothroyd Dannatt; Robert Henry Jewers Mayhew; Henry Blimman Mackenzie; John Douglas Scott; Thomas Percival Tinslay; Stanley Towse.

1908.—Frederick William Charles Barker; Alfred Ernest Biggs; Henry Thomas Bromley; Richard Thomas Grove; George Arthur Turner; William Ernest Watson.

1909.—Baxter Greig; John Hatton Markham.

1910.—Alfred Rowlands Conder; Otto Sigismund Doll; John Frederick Fogerty; Alexander Clark Meston; Frederick Percy Watson.

1911.—Reginald Seymour Andrews; Joseph Edward Mundell; Herbert Henry Young.

1912.—Sidney Walter Bensted; Benjamin Chaikin; John Dovaston; Lawrence Alexander David Shiner.

1913.—William Edward Brooks; John Percival Edwards; Frederic Snowden Hammond; Hubert Clovell Sands.

1915.—Ernest Fiander Ettchells; Frederick Edward Mannie; Walter Stephen Tucker.

1916.—William Doddington; Harold Edward Watkinson.

1917.—Henry Colbeck.

1921.—Horace Raymond Chanter.

1922.—Clifford Cyril Knowles.

1925.—Walter George Whincop.

1926.—Thomas Reuben Leonard Gibson; Thomas Stanley Hosking; Cecil Kennard; Alfred Ernest Mayhew.

1927.—Reginald Arthur Cabel; Eric John Fisher; Geoffrey Murray Hall; Alfred Lane; Richard Bertram Ling.

1928.—Percy Sidney Dixon; Arthur Lonsdale Handley; Harold Walter Humphry; Thomas Harry Nunn.

1929.—David Whyte.

1930.—Gordon Welch; Samuel George Skrimshire.

1931.—Robert Rodolph Sorrell Dean; Walter Albert Scott.

1932.—Edgar Lionel Campbell; Desmond Seeley Jones; Richard Herbert King.

LIST OF PERSONS TO WHOM THE ROYAL INSTITUTE OF BRITISH ARCHITECTS HAS GRANTED CERTIFICATES OF COMPETENCY TO ACT AS BUILDING SURVEYOR UNDER LOCAL AUTHORITIES.

1886.—John C. Lebon Bettridge.

1887.—William Chapman Field.

1888.—Cecil Orr; William Ward, jun.

1889.—Henry Heugh Tasker; Robert Williams.

1890.—Watson Hall; William Mortimer Paton.

1895.—Francis Baugh Andrews; Hugh Davies.

1896.—John Hoy Dunn.

1901.—James Edwin Webb.

1903.—William David Jenkins.

1905.—William John Stainton.

1906.—Harry Prince Healy.

1908.—George Arnall.

1909.—Reginald Guy Kirkby.

1915.—John Denyer; Frederick Willey.

1927.—Percy Dean Scott.

1931.—Leslie Arthur Jones; Norman Smith.

SCHOOLS OF ARCHITECTURE RECOGNISED FOR EXEMPTION FROM THE R.I.B.A. EXAMINATIONS

The courses of instruction in Architecture at the following Schools are recognised by the Council as equivalent to and exempting from the Intermediate Examination and, in the cases of those marked with an asterisk*, as equivalent to and exempting from the Final Examination.

Arranged in chronological order of recognition for exemption.

† Year in which exemption from R.I.B.A. Intermediate Examination was first granted.
‡ Year in which exemption from Final Examination was first granted.

*LIVERPOOL SCHOOL OF ARCHITECTURE, UNIVERSITY OF LIVERPOOL.
† 1902. ‡ 1920. Professor C. H. Reilly, O.B.E., M.A.Cantab. [F.].

*UNIVERSITY OF LONDON: BARTLETT SCHOOL OF ARCHITECTURE.
† 1904. ‡ 1921. Professor A. E. Richardson, F.S.A. [F.].

*VICTORIA UNIVERSITY, MANCHESTER: SCHOOL OF ARCHITECTURE.
† 1904. ‡ 1922. Professor A. C. Dickie, M.A. [A.].

*ARCHITECTURAL ASSOCIATION (LONDON).
† 1906. ‡ 1920. Howard Robertson, M.C., S.A.D.G. [F.].

*GLASGOW SCHOOL OF ARCHITECTURE.
† 1907. ‡ 1921. T. Harold Hughes, A.R.C.A. (Arch.Lond.), F.S.I. [F.].

UNIVERSITY OF SHEFFIELD: DEPARTMENT OF ARCHITECTURE.
† 1911. Stephen Welsh, M.A. [A.].

*EDINBURGH COLLEGE OF ART: SCHOOL OF ARCHITECTURE.
† 1912. ‡ 1925. John Begg [F.].

CAMBRIDGE UNIVERSITY: SCHOOL OF ARCHITECTURAL STUDIES.
† 1914. D. Theodore Fyfe, M.A.Cantab. [F.].

*ROBERT GORDON'S COLLEGES, ABERDEEN: SCHOOL OF ARCHITECTURE.
† 1914. ‡ 1922. R. Leslie Rollo [F.].

*LEEDS COLLEGE OF ART: SCHOOL OF ARCHITECTURE.
† 1915. ‡ 1929. Joseph Addison, M.C. [A.].

*WELSH SCHOOL OF ARCHITECTURE: THE TECHNICAL COLLEGE, CARDIFF.
† 1920. ‡ 1928. W. S. Purchon, M.A. [A.].

SIR J. J. SCHOOL OF ART, BOMBAY: SCHOOL OF ARCHITECTURE.
† 1920. Professor Claude Batley [A.].

*McGILL UNIVERSITY, MONTREAL: SCHOOL OF ARCHITECTURE.
† 1921. ‡ 1923. Professor Ramsay Traquair, Hon.M.A.McGill [F.].
*UNIVERSITY OF TORONTO: DEPARTMENT OF ARCHITECTURE.
† 1921. † 1929. Professor C. H. C. Wright.
ARMSTRONG COLLEGE SCHOOL OF ARCHITECTURE. (UNIVERSITY OF DURHAM) NEWCASTLE-UPON-TYNE.
† 1922. R. A. CORDINGLEY, M.A. [A.].
* BIRMINGHAM SCHOOL OF ARCHITECTURE.
† 1923. † 1930. GEORGE DRYSDALE [F].
ROYAL WEST OF ENGLAND ACADEMY SCHOOL OF ARCHITECTURE, BRISTOL.
† 1924. G. D. GORDON HAKE, R.W.A. [F].
* UNIVERSITY OF SYDNEY: SCHOOL OF ARCHITECTURE.
† 1925. † 1925. Professor LESLIE WILKINSON [F].
NORTHERN POLYTECHNIC (LONDON): DEPARTMENT OF ARCHITECTURE.
† 1925. THOMAS E. SCOTT [F].
LEICESTER COLLEGE OF ARTS AND CRAFTS: SCHOOL OF ARCHITECTURE.
† 1927. GEORGE NOTT [F].
MUNICIPAL SCHOOL OF ARTS AND CRAFTS, SOUTHEND-ON-SEA: SCHOOL OF ARCHITECTURE.
† 1927. D. N. MARTIN-KAYE [F].
UNIVERSITY OF MANITOBA, THE DEPARTMENT OF ARCHITECTURE.
† 1928. Professor MILTON SMITH OSBORNE.

† 1928. † 1928. Professor G. E. PEARSE [A].
NOTTINGHAM SCHOOL OF ARCHITECTURE.
† 1930. F. W. C. GREGORY [F].
THE POLYTECHNIC, REGENT STREET, LONDON: SCHOOL OF ARCHITECTURE.
† 1930. GEORGE A. MITCHELL [F].
* UNIVERSITY OF CAPE TOWN: SCHOOL OF ARCHITECTURE.
† 1930. † 1930. Professor JOHN WHEATLEY.
UNIVERSITY COLLEGE, DUBLIN: SCHOOL OF ARCHITECTURE.
† 1930. Professor R. M. BUTLER, A.R.H.A. [F].
* UNIVERSITY COLLEGE, AUCKLAND, NEW ZEALAND: SCHOOL OF ARCHITECTURE.
† 1931. † 1931. Professor C. R. KNIGHT, M.A., B.Arch. [A].
* UNIVERSITY OF MELBOURNE: SCHOOL OF ARCHITECTURE.
† 1932. † 1932. LEIGHTON F. IRWIN [F].
SYDNEY TECHNICAL COLLEGE: SCHOOL OF ARCHITECTURE.
† 1932. A. H. MARTIN.
TRAVELLING CARDS

Members, Students, and Probationers R.I.B.A. can obtain from the Institute a travelling card, or credential for travel abroad, available for a stated period. Persons requiring the cards for use in Italy must have them visé’d by the Italian Consul of their district. Cards are also available for use in the United Kingdom. Applications for the cards must be made in writing to The Secretary R.I.B.A. at the Office of the Institute; and in the case of non-members, the application must be accompanied by a letter from a member.

REGULATIONS GOVERNING
THE MEASUREMENT OF PUBLIC BUILDINGS
AND MONUMENTS IN EUROPEAN COUNTRIES

FRANCE.—A special permit must be obtained from the Direction des Beaux-Arts, Commission des Monuments Historiques in France. An application for a special permit must be accompanied by a letter from the British Embassy in Paris, to which the R.I.B.A. Travelling Card should be produced.

AUSTRIA.—The Federal Monuments Committee, 1, Auerspergstr., Vienna VIII, will render every assistance to holders of the R.I.B.A. Travelling Card by giving letters of introduction to the responsible authorities.

BELGIUM.—Students should apply for permission to the Town Council of the town in which they wish to pursue their studies.

SWEDEN.—Public buildings may be sketched and measured without any special permission from the authorities.

GERMANY.—Students should apply to the British Embassy in Berlin for letters of introduction to the Ministry of Art who grant the necessary permits.

DENMARK.—Students should apply for permits to the Department of Public Instruction at Copenhagen.

SWITZERLAND.—Students should apply for permits to the Town Council of the town in which they wish to pursue their studies.

HOLLAND.—Students should apply to the Commission of Care for Monuments, The Hague, which will render every assistance to holders of the R.I.B.A. Travelling Card.

ITALY. (A) The entry to all National Museums and Monuments is now free, but the visitor is required to produce his passport for entry in a visitors’ book.

(B) The student who wishes to sketch, measure or photograph must obtain a letter of permission from the Director of Monuments in the particular district where he is working. It is necessary to specify the type of work to be done, and applications to work upon unpublished monuments recently excavated are rarely entertained. Students are advised to communicate well in advance with The Director, British School at Rome, Valle Giulia, Roma (51), who will furnish them with advice.

SPAIN.—Students should apply for permits to the Department of Fine Arts, Madrid, and should state in their applications:

1. The names of the monuments they desire to study.
2. The kind of work they wish to carry out.
3. The number of students in the tour.
4. By whom they are accompanied (where applicable).

HUNGARY.—There are no formalities, but students are advised to apply for permits from the Commission of Historical Monuments, Budapest.

GREECE.—Students are advised to make application for permission to study antiquities in Greece to the Director of the British School at Athens, Rue Spefsippe, Athens, Greece.

If the application is made between June and November it should be addressed to the Director of the British School at Athens, 50 Bedford Square, London, W.C.

Students should be prepared to produce other evidence of identity, e.g., their passports.

REGISTERS OF WINNERS OF R.I.B.A. PRIZES AND STUDENTSHIPS

[A Pamphlet containing full particulars of the R.I.B.A. Prizes and Studentships, together with the names of the Prize Juries, can be obtained at the R.I.B.A., price 1s. per copy.]

ARCHITECTURE MEDALS
(For Royal Gold Medallists, see page 26.)

THE R.I.B.A. LONDON ARCHITECTURE MEDAL.

With a view to encouraging excellence of design in street architecture it has been decided to examine annually the buildings completed during the three years ending 31st December, within a radius of eight miles from Charing Cross, and to award a Medal for the design of a building of exceptional merit.

THE MEDAL.—The architect of the selected building will receive a bronze medal, presented by the Royal Institute, together with a diploma signed by the Jury. A suitable tablet will be affixed to the chosen building.

CONDITIONS.—(a) The building must front to a street, road, square or court, to which the public has access. (b) The architect whose name is submitted must himself be the designer of the building. (c) Any member of the Royal Institute shall be at liberty to nominate any building for consideration by the Jury. Forms of Nomination will be issued with the first two numbers of the Journal in each Session. These forms must be in the hands of the Secretary R.I.B.A. by the end of February. The Jury do not bind themselves to confines their selection to the buildings nominated.

PRESENTATION.—The presentation of the medal to the architect will be made annually at a meeting of the Royal Institute, of which the date will be announced in the Press.

CONSTITUTION OF THE JURY.—(See page 37.)

Register of London Architecture Medallists.
1922 W. Curtis Green, A.R.A. [F], Wolsey House, Piccadilly.

WHEN THE STRUCTURAL FLOORS ARE BEING CONSIDERED

- FIRE RESISTANCE
- LOW DEADWEIGHT
- LARGE SPANS
- SOUND RESISTANCE
- RAPIDITY OF CONSTRUCTION
- READY KEY FOR PLASTER
- ARE THE PROPERTIES PROMINENT IN THE MIND

ALL CAN BE PROVIDED FOR BY INCORPORATING

KLEINE (PATENT) REINFORCED HOLLOW BRICK FLOORS

NEARLY FOUR MILLION SQUARE YARDS LAID IN U.K. SINCE 1905

THE KLEINE CO. LTD
Duromit Surface Floors

When the surface floorings for really hard wear are being considered, resistance to severest traffic, freedom from attrition dust, non-slipping, weather resistance, are the properties prominent in the mind.

All can be provided for by incorporating Duromit Surface Floors.
