### PREFATORY REMARKS.

1. Scope and object of the Report.—This volume deals with "Civil" expenditure of the Government of India, appropriation reports and accounts for Army, Posts and Telegraphs and Railway expenditure being dealt with in separate volumes prepared by other authorities. Its object is to present the audited accounts of the year, with respect to the expenditure with which it deals, in the form of a separate appropriation account for each grant with any important observations which it is considered to make as a result of audit investigation. It is transmitted by the Auditor General in India with his comments thereon, to the Governor General in Council to be laid before the Public Accounts Committee of the Legislative Assembly. A copy is also forwarded by the Auditor General to the Secretary of State through the Governor General in Council, as required by statutory rules, with his comments on the Report and other comments of a general nature.

2. The material is a consolidation of accounts and comments supplied by various audit and accounting authorities in India and England. In order to provide a co-ordinating influence and secure a certain uniformity of treatment, the Accountant General, Central Bevenues has been authorised to edit or omit material furnished to him

in the Reports of other audit authorities,

3. Reviews of certain commercial concerns of the Government of India are dealt with in a "Commercial Appendix" which has been

printed separately.

4. Constitution and Functions of the Committee on Public Accounts.—This Committee is a statutory body constituted in pursuance of Rule 51 of the Indian Legislative Rules, for the purpose of dealing with the Audit and Appropriation Accounts of the Governor General in Council and such other matters as the Finance Department may refer to it. It consists of not more than twelve members, including the Chairman, of whom not less than two-thirds are elected by the non-official members of the Legislative Assembly and the remaining members are nominated by the Governor General. The Hon'ble the Finance Member is the Chairman of the Committee and, in the case of an equality of votes on any matter, has a second or casting vote. The Auditor General in India and certain audit officers are usually invited to assist in the deliberations of the Committee.

In scrutinising the Accounts and the Report it is the duty of the Committee to satisfy itself that the money voted by the Assembly has been spent within the scope of the demand granted by the Assembly. It is also the duty of the Committee to bring to the notice of the

Assembly-

(a) every reappropriation from one grant to another;

(b) every reappropriation within a grant which is not made in accordance with the rules prescribed by the Finance Department; and

(c) all expenditure which the Finance Department has requested should be brought to the notice of the Assembly.

9.6

0 -1 14 C T

The main function of the Committee is to see how far the wishes of the Assembly are carried out in the matter of expenditure incurred. In performing this duty it has also to see that no expenditure is incurred on any new service for which provision was not made either in the original demand or in a supplementary demand voted by the Assembly, that there has been no extravagance, and that money set apart for one purpose has not been directed to another without the sanction of competent authority. It has been the practice for the Committee to take the evidence of departmental authorities to supplement its information on any point.

In dealing with the Accounts and the Report, the Committee is entitled to offer criticisms and recommendations upon any matter discussed therein or in the Anditor General's comments, whether such matter concerns the accounts of expenditure, voted or non-voted, or those of receipts.

The Committee is not an executive body. It has no power, even after the most minute examination and on the clearest evidence, to disallow any item or to issue an order. It can only call attention to an irregularity or to failure to deal with it adequately, and express its opinion thereon and record its findings and recommendations.

Further details of the nature of the duties entrusted to the Committee, the manner in which those duties should be performed and the results which may be anticipated if those duties are performed efficiently, will be found in the "Memorandum on the work of the Public Accounts Committee in India" drawn up by the Auditor General in India, a few copies of which are placed in the Library of the Legislative Assembly for the use of the members of the Committee.

5. General.—It should be borne in mind while considering the Report that, whilst it is framed on the Lest information available and, in the great majority of cases, after communication with the departments concerned, it is necessarily prepared before the departmental witnesses have been examined, and that it does not possess the same degree of authority or finality as the Report ultimately presented to the Legislature by the Committee on Public Accounts after hearing evidence on the points raised herein.

It should also be borne in mind that the cases of financial irregularity, apparently defective administration, etc., which are brought to notice in the Report represent only a small percentage of the total financial transactions of the year. The comments on such cases must not be understood as conveying any general reflection on the administration of public expenditure.

- Distinction between matters relating to voted and non-voted subjects.—Non-voted figures in the appropriation accounts and in the statistics furnished in the Report have been printed in italics.
- 7. Domands for Grants.—Under the Government of India Act the proposals of the Governor General in Council in respect of moneys required for expenditure under certain heads are submitted to the vote of the Legislature. These proposals in connection with the votable part of the budget are presented in the form of demands which, when

accepted, become grants available for expenditure within the scope of the demand. It is for the Hon'ble the Finance Member to settle the form in which the demands should be presented, but ordinarily a separate demand is proposed for each Department of Government.

8. Appropriation Accounts.—For purposes of financial control, the grants sanctioned by the Legislative Assembly for voted expenditure and the appropriations made by the Finance Department for non-voted expenditure are divided into the sub-heads shown in the appropriation accounts. These accounts exhibit in detail the excesses and savings and the transfer of funds (reappropriation) under individual sub-heads with reference to which financial control was exercised during the year.

Explanations of the more important excesses, savings and reappropriations have been inserted immediately below each sub-head of the accounts where necessary and possible. Attention is, however, invited in this connection to the remarks relating to the sub-heads "Pay of Officers," "Pay of Establishments" and "Loss by Exchange" in paragraph 37 of Chapter III. In a few cases Controlling Officers have not accepted the figures for actual expenditure under certain sub-heads as exhibited in the accounts; the Report is based on the booked figures of the Account Offices and the explanations for the variations under the sub-heads concerned may require some modification as a result of information which may be placed before the Committee on Public Accounts by the official witnesses.

## CHAPTER L.-CHANGES OF THE YEAR UNDER REPORT.

- This chapter deals with the following classes of cases provided they are of sufficient importance to justify mention—
  - changes in the form of the Accounts or the Report, or in that of the demands, grants or appropriations;
  - (2) changes in classification which have affected the accuracy of the budget or operated to hamper the control of expenditure (no such cases have come to notice in the accounts for 1931-32); and
  - (3) important account changes.

## Changes in the form of the Accounts or the Report, etc.

- 10. General re-arrangement of the matter in the Report .—In this volume the subject matter has been re-arranged to follow, so far as may be, a general model suggested by the Auditor General for the Appropriation Reports of all Accountants General.
- 11. Change in treatment of the explanations in the appropriation accounts.—In the appropriation accounts the explanatory notes refer, when not otherwise qualified, to the final net savings or excesses shown in column 6 under "Remainder unadjusted", i.e., to the difference between the final allotment at the end of each year and the actual expenditure for each sub-head. Subsidiary explanations where given allude to the reasons for important reappropriations to or from the sub-head after the original or supplementary grants were voted. In previous years the practice was to explain initially the amounts shown under the headings "Excess + Saving —" (column 4), i.e., the difference between the appropriation as voted by the Legislature or sanctioned by the Finance Department (for non-voted expenditure) and the actual expenditure and, where necessary, to furnish subsidiary explanations relating to final uncovered excesses or savings resulting from reappropriation.
- 12. Changes relating to subsidiary accounts.—The pro forma accounts for the Fruit Farm (Experimental Station) at Quetta and matter dealing with the commercialised accounts of various Government of India Presses have been taken to the Commercial Appendix. The account of the Central Museum at Calcutta in a revised form showing the total receipts and expenditure has been appended to the appropriation account of grant No. 55 (see Important Comment under the grant). Where possible a review on the stores position has been appended to each of the store accounts. The pro forma profit and loss account of the Indian Stores Department under grant No. 70 has been supplemented by a financial review by the Chief Controller of Stores.
- Charges in the form of the demands, grants or appropriations.—
   Grant No. 59 "Agriculture" of 1930-31 has been split up into the two grants No. 59 "Agriculture" and No. 60 "Imperial Council of

Agricultural Research Department". The two voted grants No. 76A "Expenditure on retrenched personnel charged to revenue" and No. 96A "Expenditure on retrenched personnel charged to Capital" [See paragraph 16 (1) and (2) below] and the non-voted appropriation for "Excise" have been opened for the first time. The non-voted appropriation account for "Capital Outlay on Bombay Land Scheme" has been discontinued. The accounts of 82 voted grants and 7 non-voted appropriations are in consequence dealt with in this volume, as compared with 79 voted grants and 7 non-voted appropriations in the previous year.

### Important Account changes.

- 14. Changes in classification of expenditure between voted and non-voted, etc., etc.—(1)An amendment to section 67-A (3) (iii) of the Government of India Act effected in 1925 provided that salaries and pensions payable to, or to the dependants of, persons appointed before the 1st April 1924 by the Governor General in Council or by a local Government to services or posts classified by rules under the Act as superior services or posts should be non-voted. This change took partial effect in the accounts of 1930-31, as mentioned in paragraph 8 of last year's Report, and has come into force in full in the accounts of 1931-32.
- (2) Under section 67-A. (3) (v) of the Government of India Act, the Governor General in Council classified as "Political" the contributions payable to the Chiefs' Colleges from Central Revenues with effect from the 1st April 1931. The classification of such charges has thereby changed from voted to non-voted. The original provision in the budget for 1931-32, as voted by the Legislative Assembly under sub-head D. of Grant No. 56-Education, sub-head E. 1 (2), Account III of Grant No. 83, Rajputana, and sub-head E. 2, Account IV of Grant No. 84, Central India was voted. There was no original provision in the budget for 1931-32 for the Chiefs' College in the Central Provinces the charges for which, recorded under sub-head D (non-voted) of Grant 56, Education, were covered by reappropriation of funds.

15. No change of incidence between Central and Provincial took place.

16. Changes in the major, minor and subordinate heads of the General Accounts.—(1) The cost of leave salary and travelling allowance granted to retrenched personnel has been charged to a minor head "Expenditure on retrenched personnel" under the major head "52—Extraordinary charges" except in the case of Commercial Departments for which Capital and Revenue accounts are kept, where charges for leave salary and travelling allowance have been shown under detailed heads subordinate to a separate sub-head opened under "Working expenses" under the major head concerned. The charges relating to the non-Commercial Departments will be found recorded under sub-heads A. 1 and A. 2 of Grant No. 76-A.—Expenditure on retrenched personnel charged to revenue.

- (2) Gratuities paid to retrenched personnel, whether under the ordinary rules or under the special orders of the Government of India, have been shown under a capital major head "61—Payments to retrenched personnel" and will be written back to revenue within the period of five years beginning from 1933-34; interest will not be taken into account for the purpose of the write-back. The charges stand included under sub-head A of Grant No. 96 A.—Expenditure on retrenched personnel charged to capital.
- (3) Charges on account of the Hyderabad Railway Police hitherto adjusted under "Section P.—Deposits and Advances" have, with effect from the 1st April 1931, been debited to the Hyderabad Grant (No. 85) under sub-head E. 3 as a non-voted charge. All such charges are recovered from the parties concerned, the recoveries being treated as revenue.
- (4) From 1931-32 there has been a reversion to the old arrangement in force prior to the 1st April 1928 of treating the Central Publication Branch of the Government of India as a service department, and not as a commercial department, which was the arrangement in force in the two intervening years. In these two years the various non-commercial departments of the Government of India had to pay the Central Publication Branch for publications received, and their allotments for contingent expenditure had to be increased accordingly. This arrangement also threw a good deal of additional work on the Central Publication Branch, necessitating a very substantial increase in its establishment, and led to an increase of work in various departments and accounts offices and in their recorded contingent expenditure. In the office of the Accountant General, Central Revenues alone the difference in contingent charges amounted to about Rs. 7,000.
- (5) The recoveries on account of maps supplied by Map Record and other offices were previously taken as deductions from expenditure under sub-head E, 16 of the grant for the Survey of India. From 1931-32 they have been credited as revenue, and so do not affect the Appropriation Accounts.
- 17. Other cases of change of classification of minor importance are mentioned in the notes under some of the accounts.

# Financial Results of Irrigation Systems.

18. The financial results of the irrigation systems for which capital and revenue accounts are maintained in the North West Frontier Province, Ajmer-Merwara and Baluchistan have been mentioned, for the first time, in the Important Comments under the appropriation account for Grant No. 22—Irrigation, etc.

### CHAPTER II.—REVIEW OF FINANCE.

19. A review of the finance of the Central Government as a whole is prepared by the Auditor General in India when considered necessary. A review of the finances of residential buildings in Delhi will be found in the Important Comments under Grant No. 78 and a review of the finances of irrigation, etc., works for which capital and revenue accounts are kept under Grant No. 22.

### CHAPTER III.—GENERAL REVIEW OF THE RESULTS OF AUDIT.

20. General Statement of grants and expenditure.—The following statement compares the total grants or appropriations for the year under report with the total disbursements

(In thousands of rupees.) Capital Loans and Total. Revenue expenditure, expenditure. advances. Voted. (1) Original grants-(a) Voted by the Assembly 19,18,21 95,40 9,15,70 29,29,31 (net) (b) Certified by His Hucelleney the Governor General (2) Supplementary grants voted by the Legislative Assembly 75,76 5,78,00 7,53,76 (3) Authorised by His Excellency. the Governor General . 15,93,70 36,83,07 (4) Net aggregate grants . 19,93,97 95,40 14,21,47 75,09 33,30,66 (5) Aggregate disbursementa 18,34,10 (6) Less (-) or more (+) than -20.31-1,72,23-3.52.41granted -1,59,87(7) Percentage of 6 to 4 -8.02 -21:29 --10:81 -9:57 Non-voted. (I) Original appropriations (net) . 27,63,56 10,63 27,74.19 (2) Additional appropriations, reappropriations and surrenders annetioned by the Finance De-1,59,86 4,82 1,64,67 pariment (net) 29,23,41 15,45 29,38,86 (3) Net aggregate appropriations . (4) Aggregate disbursomente 28,39,16 15,98 28,55,14 (5) Less (-) or more (+) than ap--84,25+33-83,78 propriated . -2.88 +3:43 -2.85 (6) Percentage of 5 to 3

No authority is competent to reduce a grant voted by the Legislative Assembly but in the case of non-voted appropriations the Finance Department is competent to sanction reductions of or additions to the appropriations and for this reason separate statistics are not exhibited above of additional appropriations, reappropriations and surrenders respectively for non-voted heads.

- 21. Important Savings.—It has been usual in recent years to give tables showing the more important instances of large savings against voted grants and non-voted group appropriations but in the exceptional circumstances of 1931-32 these savings were so large and widely distributed that it has been deemed unnecessary to present such a list in this volume. In this connection a reference is invited to the statistics shown in paragraph 30 below and to the figures of savings shown against the various grants in the "Grand Summary" in Chapter V.
- 22. Surrender of Savings.—The following table shows how the total voted amounts surrendered by Controlling officers and accepted by the Finance Department before the close of the year compare with the actual savings:—

[Figures in columns (2) and (3) in thousands of rupoes.]

9	atego	ry.				Actual	Amount	Percentage
	(t)					savings.	surrendered. (3)	of (3) to (2). (4)
Revenue expenditure Capital expenditure Loans and Advances		4	Ž	2		1,59,87 20,31 1,72,23	1,47,74 17,17 22,95	92 85 13
			To	tal	8	3,52,41	1,87,86	53

The results under revenue and capital expenditure are satisfactory, especially in view of the abnormal conditions of the year. The large savings under loans and advances, with respect to which the amount surrendered was very small, occurred in grant No. 99—Loans and Advances bearing interest, principally under sub-head A. 1—Advances to the Provincial Loans Fund and were due to over-estimation of requirements by the Governments of Bombay, the United Provinces, the Punjab and Assam. Last year the requirements under this sub-head were very much under-estimated (paragraph 34 of the Report for 1930-31).

23. It has to be added, however, that under twelve grants surrenders were made in excess of the savings which accrued (see "Grand Summary" in Chapter V). In two cases (Grants 38 and 54) the resulting excess was trivial. The following are the more important instances of excessive surrenders, for the explanation of which a reference is invited to the respective Appropriation Accounts—

#### (Figures in thousands of rupees.)

No. and Name of Gra	unt.		(	Grant original plus supple- mentary).	Amount surreodered.	Resulting excess.
71.—Currency 75.—Stationery and Printing			- 51	48,38 62,57	7,25 8,54	1,21
77.—Refunds 96.—Commuted value of Pensions		-	2	84,43 29,90	7.53	13,41
97.—Delhi Capital outlay .		é	12	21,63	14,56	4,54

24. Supplementary Grants during the year.—Supplementary grants aggregating Rs. 7,53,76,000 were voted by the Legislative Assembly

under various grants. A list of the larger supplementary grants with brief explanations of their purpose is given below :-

(Serial No.) and No. and name of grunts and sub-heads.	Date of vote.	Amount. Rs.
19.—Opium—     B.—Payments for special cultivation in Malwa	17th Feb. 1932.	3,72,000
C.—Payments to cultivators in the United Provinces. C. 1.—Payments for Opium	1000	3,76,000

The outturn during the 1930-31 season far exceeded the estimated yield.

(2) 26.—Interest on miscellaneous obligations.
F. 1.—Payments to Post Office for savings bank and
each certificate work 17th Feb. 2,30,000
1932.

To cover anticipated excess payments in connection with savings bank and cash certificate work (Rs. 2,16,000) and to compensate for losses incurred on account of frauds committed by the public and the staff in connection with savings bank, Government securities and cash certificate transactions (Rs. 14,000).

(3) 30.—Legislative Assembly and Legislative Assembly Department.

To meet excess expenditure due mainly to the convening of a special session of the Assembly, prolongation of the September session beyond the usual period and increase in railway fares.

(4) 42.—Payments to Provincial Governments on account of administration of Agency subjects.

D.—Burma

17th Feb.
1,91,000

For payment to the Government of Burma on account of the share of the cost of the Burma Secretariat in connection with the administration of Central subjects for the years 1929-30 to 1931-32.

The anticipated imports were 1,49,513 bales instead of 86,000 originally estimated. The entire expenditure is recoverable from importers through the levy of fees.

The latest information available indicated that there would be a net return of coin from circulation, resulting in loss.

(7) 74.—Superanmation allowances and pensions
A.—Superanmation and retired allowances
J.—Commuted value of pensions financed from ordinary
2,39,000

To meet anticipated excesses based on the reports of the various accounts officers.

(8) 76.—Miscellaneous  D. 6.—Other Commissions and Committees		Date of Amount, vote. [Rs.]
D. 6 (3).—Travelling exponses	100	29th Septz. 3,71,300 1 1931, 3rd Oct. 1931, and 17th Feb. 1932.
D. 6 (5).—Other expenses	2	1,80,700

To meet expenditure mainly in connection with the resumption of the Indian Round Table Conference [Rs. 1,84,000 under D. 6(3) and Rs. 1,36,000 under D. 6(5)] and the Retrenchment Office and Retrenchment Committees [Rs. 81,400 under D. 6(3)].

(9) 77.—Refunds under various sub-heads . . . 17th Feb. 13,65,000

Mainly under sub-head 'A—Customs' refunds (Rs. 12,59,000) necessitated by (1) increase in the rates of duty and levy of surcharge, (2) increased re-exports to Kashmir and Afghanistan and (3) payments of refunds in respect of excise duty on motor spirit and kerosene oil exported to Afghanistan.

(10) 86.—Expenditure in England under the control of the Secretary of State.

E. 26-Miscellaneous Civil Charges-

Miscellaneous—Second Round Table Conference . 29th Septr. and 3rd Octr. 1931.

To meet the voted portion of the expenditure incurred in England in connection with the resumed Round Table Conference and its Sub-Committees.

(11) 99.-Loans and Advances bearing interest.

A. L.—Advances by the Central Government.
A. L.—Advances to the Provincial Loans Fund . 27th Feb. 6,78,00,000

Required for making additional advances from the Provincial Loans Fund to various Local Governments to cover overdrawals of balances and for financing certain capital expenditure.

25. Paragraph 24 of last year's Report showed that six supplementary demands were made to the Legislative Assembly in 1930-31 in cases where no supplementary demand was necessary. There have been three such cases in 1931-32 the details of which are as follow—

No. and name of Grant.			Date of supple- mentary Grant.	Amount of Grant.	Final savings in Grant.
				Rs.	Rs.
22.—Irrigation, etc.	10	2	Feb. 1932	69,000	1,08,387
45.—Police	2	- 27	Do.	5,000	12,274
86.—Secretary of State's expenditure	5	-	Do.	23,000	61,296

Possibly in the last case a supplementary demand was made on the consideration that the expenditure, which was for the Burma Round Table Conference, was in the nature of a "new service not contemplated in the budget" but even if this were so a token demand would have sufficed.

26. Voted Excesses.—The following table shows the excesses over voted grants, and the amounts of expenditure in two cases where no money was granted, requiring excess grants of the Legislative Assembly—

(Serial No.) and No. and name Supple-Actual of grant. Original Total mentary expendi-Excess. grant. grant. grant, ture. Rs. Rs. Rs. Rs. (I) 20.—Stamps 1,000 1,000 2,000 5,769

The net amount originally contemplated as being required having been a minus quantity a token demand for Rs. 1,000 was granted. The excess was due to the Security Printing Press having sustained a loss during the year as the result of a fall in the demands for the products of the Press.

(2) 26.-Interest on miscella-

neous obligations . 45,48,000 2,30,000 47,78,000 48,90,338 1,12,238

The voted charges under this grant represent mainly payments to the Posts and Telegraphs Department for savings bank and cash certificate work. The excess is due to an increase in the number of savings bank transactions beyond that anticipated when the supplementary estimate was framed [item (2) of paragraph 24].

(3) 74.—Superannuation Allow-

ances and Pensions . . 41,66,000 5,32,000 46,98,000 56,60,750 9,62,750

As explained in detail in the Important Comment under this grant the excesses are mainly due to adjustment of Posts and Telegraphs Department pensionary liabilities at a lower rate than anticipated, to an abnormally large number of retirements towards the close of the year, and to estimates for additional requirements under another sub-head not being ready early enough for the presentation of a supplementary demand.

(4) 76A.—Expenditure on retrenched personnel .

.. 2,69,155 2,69,155

See paragraph 28.

justment of debits connected with refund of excise duty on motor spirit, and kerosene produced in Burma.

An unanticipated grant-in-aid of Rs. 2,85,252 was made to the New Delhi Municipal Committee to meet expenditure on certain activities transferred to it from the Public Works Department (Sub-head G. 1 of account IX). This was largely counterbalanced by corresponding savings in the Public Works grants.

(7) 96A.—Expenditure on retronched personnel charged to capital

1,42,779 1,42,779

27. Non-coted Excesses. The following statement shows the excesses over non-roted appropriations, which require the sanction of the Finance Department of the Government of India.

-(Serial No.) and No. and name of Grant or Appropriation.	Original Appro- priation.	Supple- mentary Appro- printion.	Total Appro- priation.	Actual Expendi- ture.	Excess.
	Ra.	Rs.	Rs.	Ra.	Rs.
(1) 20.—Stamps		5,145	5,145	5,183	38
The excess is small an	d calle fo	r no com	mon*		

(2) 32.—Home Department . 9,95,000 3,37,808 13,32,808 13,89,317 56,500

The excess was mainly due to an error in accounting in the office of the Accountant General, Central Revenues, a sum of Rs. 40,180 having been debited twice over. The mistake was not detected until the accounts of the year had been closed.

- (3) 40.—Department of Industries and Labour 1,48,000 -12,916 1.35,084 1,36,865 1.781 Due to an unanticipated debit for leave salary.
- (4) 53 .- Archieology - 2,27,000 -71,038 1,55,962 1,69,474 13,512

The Controlling authority has explained that the excessive surrenders were made through oversight.

(5) 64.—Commercial Intelligence and Statistics . 58,000 -6.837 51.163 53,269 2.106

Provision was inadvertently omitted for cost of passages (Subbead ().

#### 

Occurs under Sub-heads A. 1 and D. 1 counterbalanced by savings under Sub-head A. 2. The Military Accounts Department under-estimated and the Accountant General, Central Revenues over-estimated commutations to individuals, while the former Department over-estimated recoveries from Provincial Governments, etc.

### (16) 96-A.—Expenditure on retrunched personnel charged to capital 2,708

### See paragraph 28.

28. Expenditure on retrenched personnel.—The uncovered expenditure, both voted and non-voted, under grants 76A, and 96A, arose under the following circumstances. The Government of India issued orders in November 1931 providing for compensation to Government servants who were deprived of their posts as a result of retrenchment. These concessions took the form of travelling allowance to their residences and gratuities for premature discharge; some relaxations of the ordinary leave and pension rules were also permitted. In December 1931 it was decided that the leave salary and travelling allowance of personnel belonging to non-commercial departments should be provisionally charged to the major-head of account "Extraordinary charges" and gratuities to a new capital head "Payments to retrenched personnel." No supplementary demand was, however, presented to the Assembly and the Finance Department intimated to the Accountant General, Central Revenues on the 29th March 1932 that the case would go to the

Public Accounts Committee and the Legislative Assembly for an excess vote in each case. The Revised Estimates for 1931-32 included the following amounts under these heads (non-commercial departments):—

Expenditure on retrenched personnel charged to revenue-

Voted Rs. 8,65,000. Non-voted Rs. 1,35,000.

Expenditure on retrenched personnel charged to capital-

Voted Rs. 9,00,000. Non-voted Rs. 1,00,000.

The Finance Department later decided that the charges should be dealt with in separate appropriation accounts, and these have been shown under grants 76A, and 96A.

The capital charges for gratuities to retrenched personnel will be written back to revenue over a period of five years, beginning with 1933-34.

In the case of commercial departments the corresponding charges have been debited to the commercial grant concerned, cf. sub-head A. 11 of Grant No. 18—Salt, etc.

29. Statistics of excesses for various grants and appropriations.—
The following table shows the number of cases in which excesses over complete grants or appropriations have occurred in the past 5 years for the various categories of expenditure as well as the total amount of these excesses for each category:—

Year.		10				evenue aditure.		pital nditure.	Disbursements of loans and advances.		
X ear.			Number amount N		Number	Total amount.	Number	Total amount,			
						Ra.		Ra.		Rs.	
		Voted.									
1927-28		180			4	1,61,152	1	1,06,529	1	6,12,971	
1928-29		181			5	81,291	1.	3,03,702	1	23,36,479	
1929-30	71	41			8	86,07,375	2	1,27,116	1	8,95,036	
1930-31				2)	4	19.03,678	1	3,20,354	1	2,30,88,871	
1931-32	6	381		2	6	20,43,909	1	1,42,779		-	
	N	on-voted.									
1927-28					14	24,02,636	4	24,89,195	44	-	
1928-29		101			12	21,14,165	2	7,704	**		
1929-30			×	40	17	1,52,129	3	2,82,727	7.5	-	
1930-31					10	35,74,046	2	408	-	=	
1931-32				- 8	14	2,30,459	2	66,824	24	F4.	

It is not considered that the variations in the results of 1931-32 from those of the previous year are marked enough to justify any definite deduction being made as to deterioration or improvement in estimating and control of expenditure. 30. The following table gives an indication of the closeness of the estimating for recent years—

Percentage of savings (-) or excesses (+) for a series of years under various categories of expenditure as compared with final grant or appropriation.

Year.		eans.						Revenue expendi- ture.	Capital expendi- ture,	Loans and Advances.

\*Owing to the adjustment of Rs. 20,74,500 on account of the Bombay Land Scheme without any appropriation.

These percentages are not comparable as between voted and non-voted as in the former case the saving is calculated against the original plus supplementary grants voted by the legislature, without reduction, whereas in the case of non-voted the saving is calculated against the net appropriation, which takes into account additions, reductions and surrenders sanctioned by the Finance Department.

Generally the savings in 1931-32 were on a much larger scale than those in previous years owing to the extensive retrenchment and economies effected after the budget was framed under the circumstances narrated in paragraph 32. As noted in that paragraph this is not an indication of deterioration in estimating.

- 31. Reductions made by the legislature in demands for grants.—
  Nominal reductions of Rs. 100 each were made by the Legislative
  Assembly in the following demands for 1931-32 presented to it for
  vote:—
  - 16. Customs;
  - 17. Taxes on Income;
  - 28. Executive Council; and
  - 39. Army Department.

There were no excesses under these grants.

32. Special features of estimating and control of expenditure in 1931-32.-Various factors have operated in 1931-32 to make the estimating and current control of expenditure more difficult than usual. In the first place, owing to the severity of the financial stringency the Finance Department had to make heavy reductions in the estimates of the various departments, particularly under supplies and services and contingencies, and as this had to be done at short notice summary methods were adopted. Secondly, after the budget was passed various retrenchment sub-Committees got to work and a very large number of schemes of retrenchment and economy were brought into force from time to time during the year, mostly at short notice. In many cases it was difficult to forecast exactly in advance what savings might be expected to accrue during the year from such schemes. In Septembe 1931 the Hon'ble the Finance Member intimated to the Legislative Assembly the results of his special review of the financial situation, which had deteriorated since the budget was framed, and announced the adoption of retrenchment measures estimated to yield 30 lakhs for civil expenditure during the year. The imposition was also then announced of a general 10 per cent, cut in pay which would be applied with effect from the 1st December 1931 and from which only those on very low scales of pay and a few specially protected individuals would be exempt, The special concessions relating to leave and travelling allowance of retrenched personnel are described in paragraph 28, but it was uncertain until late in December under what grants and heads these charges would be shown. Throughout the year the primary responsibility of every controlling and disbursing officer was to reduce expenditure as far as possible and not merely to keep his expenditure within his allotment. The task of reappropriating funds from sub-heads where savings might be expected to those where excesses seemed possible was, under the circumstances, of secondary importance and if the "current control" as measured by the amounts of final excesses and savings under subheads, did not come up to the standard of previous years these defects need not be subject to the same criticism as would be applicable in ordinary times.

33. The amalgamation of certain accounts offices with the audit offices was brought into effect towards the end of the financial year as a measure of retrenchment and, for the time being in some cases, it reacted adversely on current estimating of requirements as it had been a function of the old Pay and Accounts offices to assist their controlling officers in this respect, but after amalgamation the changes in personnel and reduction in numbers of the accounting staff brought in their train a certain amount of dislocation of work and it was not found possible for the staff to render the same assistance as had previously been given. These remarks apply more particularly to the Delhi Civil Administration and the headquarters offices of the Government of India. As a result of this dislocation also some errors in accounting have occurred in the accounts maintained by the Accountant General. Central Revenues [cf. item (2) in paragraph 27]. These mistakes were not detected until the accounts of the year had been closed.

- 34. Certain difficulties are being experienced by those controlling officers who were previously served by the separated Pay and Accounts offices in the maintenance of their departmental accounts for the purpose of control of expenditure but as these difficulties relate more particularly to control in 1932-33 and subsequently, it is intended to explain the position in next year's Report.
- Lump sum deductions for probable savings and lump sum cuts.— As noted in paragraph 32 the Finance Department made large reductions in the estimates for contingencies and supplies and services under numerous grants and as a result there was less scope for making "lump sum deductions for probable savings" under a grant as a whole or under particular sections of a grant. For this reason the total amount (Rs. 5,11,000) of the original lump sum deduction shown in the Appropriation Accounts is much less than the similar total for the previous year (Rs. 15,18,000). During the budget session amendments were made in the Indian Finance Act which had the effect of reducing the forecast of income-tax revenue for 1931-32 and the Finance Department accordingly made special reductions of 1 lakh under Grant No. 43-Audit, 1 lakh under Grant No. 63-Aviation, 8 lakhs under major-head 37-Miscellaneous Departments (Grants No. 65-Census, Rs. 5,74,000 and No. 64-Commercial Intelligence and Statistics In the case of the Census expenditure it was, how-Rs. 2,26,000). ever, later intimated that as it appeared that a reduction of expenditure to this extent would probably not be feasible it should not be treated as a "lump sum cut". All the other reductions were realised. With reference to control in 1932-33 the Finance Department in May 1932 requested Departments to extinguish lump sum cuts by distributing the amounts over sub-heads, in view of the recommendation made by the Public Accounts Committee in paragraph 173 of its Proceedings for 1929-30 that "the Budget Officer might go into the question of devising some detailed procedure in order to make effective in practice any lump sum deduction which it might be decided to make from a grant or appropriation ".
- 36. General conclusions relating to the control of expenditure.—The results of the year set forth above do not seem to indicate that, taking into consideration the special difficulties encountered, there has been any marked deterioration in the control of expenditure. This also is the impression gained by the Accountant General, Central Revenues from his scrutiny of the various appropriation accounts. In various cases there is evidence of a deterioration as compared with previous years, to which he has drawn attention in the notes under the accounts, but when the present difficulties have been removed there seems no reason why the control should not be still further perfected in the future. The changes in control which have been noticed have not all been retrograde. There are numerous indications that many errors which in the past seemed to be of a recurring nature have been eliminated and that controlling authorities now give more attention to the centrol of expenditure than they did even a few years ago.

37. Savings under pay of officers and pay of establishments and variations in loss by exchange.—As in the previous two years, explanations for savings on the original appropriations relating to pay of officers and pay of establishments have been omitted from the Appropriation Accounts in many cases when they are due to changes of personnel, to posts not having been filled and to part utilisation or non-utilisation of the provision for leave salary. The cuts in pay imposed with effect from 1st December 1931 brought about a further reduction in the expenditure for these sub-heads concerning which it has not been considered necessary to offer detailed comment in the appropriation accounts. The following table shows the total initial appropriations for pay of establishment for the five years ending 1930-31, the total actual expenditure and resulting savings expressed as a percentage of the original appropriations:—

LIGHT TO THE			120		COST N
I Fee	in her	THE PERSON NAMED IN	AT.	PURE	nees,
1.845	FEREN	am.	50'A	5.44	No comment &

Year.					Appropriation	Actuals.	Savings.	Percentage.
1926-27				-	4.67	4,38	29	6:3
1927-28				-	5,19	4,99	20	3:9
1928-29	٦,	- 1			5,35	5,20	15	2.8
1929:30	0				5,53	5,39	34	2.6
1930-31		10.1	12	14	5,09	5,61	8:	1.4

The table shows in a striking manner the progressive improvement which had taken place in the preparation of the initial estimates. Further improvement should, however, still be possible as, with the recurring expenditure of this nature, it should not be difficult to arrive at a closer estimate if a detailed study is made in each case of the results of estimating in previous years. (The percentages were quoted in evidence before the last Public Accounts Committee, which noted the results with satisfaction; the fuller results are given above for purpose of record). Figures for 1931-32 have not been compiled owing to the exceptional circumstances of the year—cuts in pay and retrenchment.

As regards loss by exchange, following the practice of previous years, no explanation has in general been recorded. This sub-head is required only when the rate of exchange departs from 1s. 6d. and as the rate is difficult to forecast in advance no original provision was made against the sub-head. Actually the average rate for the year was about 1s. 5-31/32d.

- 38. Deterioration in accounts, control, etc., due to retrenchment.— No cases of deterioration in accounts, control, etc., which might be ascribed to retrenchment, came to light in the year under report beyond those alluded to in paragraphs 33 and 34 ante.
- 39. General remarks relating to "Important Comments" under the Appropriation Accounts.—(a) Three cases of defaication or fraud and one case of a deficiency in the currency chest of a sub-Treasury (total amount involved in all four cases Rs. 11,310) are mentioned in the

Important Comments under grant No. 71-Currency, and one case (Rs. 438) under grant No. 82-Andamans and Nicobar Islands. No. defects in the rules have been disclosed, the frauds having been facilitated by laxity of control. Two of the cases of fraud occurred in Burma treasuries.

- (b) Under grant No. 73-Civil Works will be found a review of the administration of residential buildings in Delbi based on the returns for 1929-30 and indicating that, as far as can be readily ascertained, the net cost to Government for providing these residences amounted to about 7 lakhs in that year.
- (c) Under this grant also there is a note relating to temporary diversions of allotments from the Road Development Account sanctioned in accordance with the resolution adopted in the Legislative Assembly on the 3rd October 1931.
- (d) The arrangements for appropriation accounts of the North-West Frontier Province under its new constitution (from 18th April 1982) are explained in the Important Comment under grant No. 78.
- (e) The important comment under the group appropriation for Frontier Watch and Ward draws attention to the failure to anticipate (1) large enhancement which took place in the percentage of works charges taken as the cost of establishment and (2) the debit on account of working pay of troops employed on the construction of roads in the Khajuri Plain, resulting in an excess over the group appropriation.
- (f) Under Grant No. 97-Delhi Capital Outlay, a table is furnished showing the expenditure under different heads up to the 31st March 1931, when the project was closed against the various estimates relating to the cost of construction of the New Capital.

The remaining "Important Comments" deal with the following points:-

- (g) Grant No. 53—Archeology. There has been a very great delay in the preparation of the Sanchi Monograph; the work was started in 1914, interrupted by the war, but still, as far as the latest information available goes, is not quite complete.
- (h) Grant No. 73-Civil Works. Overpayment detected in audit to a contractor of Rs. 2,502, owing to cement and mortar not having been utilised to the extent provided for in the specifications.
- (i) Grant No. 74-Superannuation allowances and pensions. The Important Comment under this grant furnishes explanations as to the excesses under the principal sub-heads contributing to the total excess against this grant.
- (j) Grant No. 77-Refunds. Large variations between appropriation and expenditure still continue. Two instances of defects in control have been brought to light, namely the facts that some controlling officers assumed that the figures shown in the budget notes represented their allotments and that the existence of a provision of 53 laklis for income-tax refunds appeared to have remained unnoticed.

2 4

- (k) Grant No. 78—North-West Frontier Province. Loss of Rs. 7,940 worth of timber by fire, the Range Officer having exempted the chowkidars from watching timber at night.
- (I) Grant No. 79—Baluchistan. (I) Omission of Sub-Treasury Officers to sign pay orders at the time payments were made.
  - (2) Cases of officials working in posts other than those of which they drew pay.
- (m) Grant No. 80—Delhi. (1) Cheque for Rs. 8,752 drawn on the 31st March 1930 "to save the grant from lapsing", cashed in October 1930 and the amount retained in the hands of the accountant till April 1931 when it was placed in deposit and not finally utilised till July 1932.
- (2) Payments in March 1930 and 1931 towards grants-in-aid for compulsory primary education for boys and girls not in accordance with the Code concerned. The sanction of the Government of India is apparently necessary to these payments, but such sanction has not been obtained. It also seems that a final decision is still pending on the procedure to be adopted for calculating grants-in-aid towards primary education in Delhi—a question which has been outstanding for some years.
- (3) Payment in March 1930 of an educational grant-in-aid of Rs. 5,000 for equipment, subject to the production of payees' receipts which were not produced until September 1931, and then indicated that the amount contemplated had not been spent by the institution.
- 40. The debt redemption scheme of the Government of India.—
  The debt redemption scheme instituted with effect from the 1st April
  1924 provided that there should be an annual charge against the
  revenues of Government of 4 crores plus one-eightieth of the excess of
  total debt outstanding, expressed in rupees, at the end of the preceding
  year over that outstanding on the 31st March 1923; sterling loans raised
  on or after the 1st April 1923 are for this purpose converted at 1s. 6d.,
  those raised prior to this date being converted at 1s. 4d. The following calculations working out the total charge for 1931-32 have been
  audited and found correct:—

		ESS. 7
Total debt outstanding on 31st March 1931 Total debt outstanding on 31st March 1923	0 1 5	10,28,53,00,000 7,97,03,00,000
One-eightieth of the above difference Add four crores	Difference .	2,31,50,00,000 2,89,38,000 4,00,00,000
Total	provision ,	6,89,38,000

41. The last figure of Rs. 6,89,38,000 thus represents the total charge to revenue during 1931-32 for reduction or avoidance of debt. It is shown in the appropriation account of grant No. 25—Interest on Ordinary Debt and Reduction or Avoidance of Debt against sub-heads F. and G. The amount shown under sub-head F. represents, as

detailed in paragraphs 42 (a) and 43 below, the expenditure in India towards the depreciation funds of certain 5 per cent. leans, while that shown in sub-head G is arrived at by difference.

42. The annual charge has, according to the scheme, to be applied towards meeting the following charges of an obligatory character in-

volving the actual redemption of debt :-

(a) Rupee payments.—Payment into depreciation funds of 5 per cent. War Loans 1929-47, 5 per cent. Loan 1945-55 and 5 per cent. Loan 1939-44. (Sub-head F.).

(b) Sterling payments-

(1) Railway sinking fund:

(2) the capital portion of railway annuities; and

(3) the capital portion of the annual payment in redemption of India's outstanding liability in respect of the British War Loan.

The balance, if any, remaining after making the above payments may be applied either to the avoidance of new borrowing or to the reduction or repayment of other debts as the Governor General in Council may think fit.

43. The notifications relating to the 5 per cent. loans mentioned in category (a) of the previous paragraph provide that 1½ per cent. of the amounts of the loans will be taken each year to a depreciation fund, except in the case of the 1939-44 Loan for which the provision is the same percentage on the outstanding on the 31st March of the previous year. The actual charge made to sub-head F, was somewhat in excess of 1½ per cent, and has not been objected to in audit as this does not appear to be contrary to the spirit of the undertakings given by Government.

44. The balance standing in the depreciation fund for these loans, to which the charge shown against sub-head F is credited, stood at Rs. 6,67,13,409 on the 31st March 1931. In 1931-32 the fund was debited with Rs. 3,41,28,996 representing the cost of purchase of securities of the loans concerned (the permanent debt being at the same time reduced by the face value of the securities) and with a net loss of Rs. 1,61,525 accrued on the sale of securities of the sinking fund investment account; it was also credited with Rs. 18,21,186 from interest on securities in the latter account. The purchases were made at rates below the issue rates of the respective loans, in accordance with the terms of the notifications relating to these loans.

45. As the total charge for the reduction or avoidance of debt is made in the Indian section of the accounts the sterling payments referred to in category (b) of paragraph 42 above are accounted for in the debt section of the English accounts. The Auditor of the Indian Home Accounts has certified that the sums of £200,000 and £1,597,462 were correctly paid during the year on account of railway sinking fund and capital portion of railway amuities respectively. No payment was made in respect of the British War Loan on account of remittance difficulties. This, however, did not affect the total amount provided in India as it merely increased the amount which merged in the general

balances of Government and thus in effect was utilised in the avoidance of new debt in India of a corresponding amount.

- 46. The undertakings given by Government in regard to the programme of debt redemption have therefore been carried out in full, and amortisation of debt has been effected at the rates and on the lines contemplated in the debt redemption scheme.
- 47. Secret service expenditure.-The Government of India have laid down rules which came into effect from 1931-32 for the regulation of secret service expenditure. Under these rules the items which should be treated as secret service have been specified and procedure for their accounting and check by the departmental officers has been prescribed. The accounts of such expenditure will not be subject to scrutiny by audit authorities and the controlling officers will furnish an annual certificate to the Audit Officer in a certain form. It is reported that all certificates required by the rules were duly received in the Accounts Offices concerned, except as noted below. The North-West Frontier Province Government reports that owing to prolonged correspondence between it and the Government of India on the subject orders were not issued to the various officers concerned until May 1932 and consequently the accounts for 1931-32 were not kept in the prescribed form. The Accountant General, Punjab, reports that the certificate is awaited in respect of one case only.
- 48. Local audit.—The Outside Audit Department of the office of the Accountant General, Central Revenues was constituted in July 1932 and made responsible for the conduct of all audits which cannot be carried out at headquarters, such as the audits of local funds, Public Works divisions, treasuries, commercial concerns, and various Government activities such as insolvency accounts and civil court deposits in Delhi. It also took over the work of co-ordination of Customs audit, as the most suitable arrangement which could be made at the time. As a measure of economy, the local inspections of various Government offices and Public Works inspections were relaxed to the extent of arranging for inspections once in three years only.

During 1931-32 the accounts of 27 civil offices and 5 Public Works Divisions were test audited locally and the grants-in-aid to local bodies were audited in the course of the audit of their accounts.

# CHAPTER IV.—POINTS OUTSTANDING FROM PREVIOUS REPORT.

- 49. The Finance Department of the Government of India will, as usual, present to the Committee on Public Accounts a statement showing the action taken or proposed to be taken on various outstanding points raised by previous committees.
- 50. There are no important outstanding points which, from an audit point of view, merit special mention in this chapter. It is understood that excess demands, relating to 1930-31 will be submitted to the Legislative Assembly on the 30th March 1933.

# CHAPTER V.-APPROPRIATION ACCOUNTS WITH COMMENTS THEREON.

Note.—In the Accounts " O " stands for Original Grant or Appropriation. " S " stands for Supplementary Grant or Appropriation.

### Audit Certificate.

I certify that in respect of the transactions included in the Appropriation Accounts, I have either applied the necessary test audit myself or have received assurance from the other audit authorities to that effect. The accounts are correct (subject to the observations in the Report) according to the best information available to the audit authorities concerned.

J. F. MPTCHELL, I.C.S.,

Accountant General, Central Revenues.

### GRANT No. 16 .- CUSTOMS.

ACCOUNT of the Sum Expended, in the Year ended 31 March 1932, compared with the Sum Granted, to defray the Expenses in connection with the collection of Customs Revenus.

Final Actual Excess + Net Remainder Major Head and Sub-head. Appro- Expendi-Saving -. теаригоmnprintion. ture. priation adjusted or surrender. +or-Ra. Rs. Rs. Re. Rs.

Major Head "1—Customs".

A.—Sea Customs Charges at the Ports:

A. 1.—Pay of Officers

Non-voted O. 3,53,500 \ S. (a) - 54,537 \ 2,98,963 3,12,011 +13,048 +15,513 -2,465

Additional funds provided as an excessive deduction had proviously been made for probable savings.

A. 3.—Overtime and Holiday Allowances - 9,70,800 6,36,813 - 3,33,987 - 2,93,176 - 40,811

Reduction [mainly in Bengal (Rs. 1,75,720) and Bombay (Rs. 85,512)], owing to decline in shipping activities as a result of trade depression. Final savings, mainly in Burma, were not fully surrendered as heavy shipping was anticipated in the open season in Burma i.e. in January and February 1932. See Note 3.

A. 4.—Other Allowances, Honoraria, etc.

Non-voted O. 92,500 8.(b) 6,630 85,870 65,769 -20,101 -18,333 -2,768

Reduction in appropriation due mainly to payment of house rent allowance at lower rates, less expenditure on passages and cuts in compensatory and convenyance allowances. Final saving mainly in Bombay (Rs. 3,092) owing to less expenditure on travelling allowances and passages.

Voted . . . 2,33,100 1,77,925 -55,175 -44,717 -10,458

Mainly in Bombay (Rs. 3,800) and Bengal (Rs. 4,800). Less payment of rewards due to suppression of smuggling (Rs. 4,781) and smaller expenditure on passages, rewards and house rent allowances (Rs. 3,783) account for the greater part of the saving. See Note 1.

Due mainly to smaller charges on repairs in Bengal as a measure of economy. See Note 1 and Important Comments.

A. 7.—Special Payments in connection with the detection of offences under the Sea Customs and Allied Acts.

A fluctuating item depending upon the number of cases requiring payment. No cases were detected in Burma during the year, hence (mainly) the saving.

A. 8.—Other Supplies and Ser-

vices . . . 1,44,100 93,963 -50,137 -36,645 -13,492

Mainly in Burma, as a result of inadequate surrender (Rs. 9,782). Reduction in appropriation chiefly in Bengal (Rs. 43,500) owing to reduction in expenditure on rewards. See Note 1.

A. 9.—Contingencies . . 2,49,800 2,55,857 +6,057 +11,977 —5,920
Additional funds mainly for purchase of books and publications in Bombay not originally
provided for.

(a) Sanctioned in February—March.
 (b) Sanctioned in May—Rs. 5,645 and March—Rs. 688.

### NOTES

Following instances of wrong provision have been brought to the notice of Controlling
officers for correcting the estimates from 1932-33 onwards.

Bombay.—Provision for Uniform allowance included under Sub-head A. 4 (Voted) instead of sub-head A. 8 (Rs. 14,200).

Burma, —Share of cost of launch for the combined Ports and Customs Department, Mergui provided under sub-head A. 5 instead of A. 10 (Rs. 7,000).

Bengul.—Cost of police guard supplied to the Chittagong Custom House provided under sub-head A. 2 instead of A. 10 (Rs. 800).

Sub-head A. 11.—Veted.—The total expenditure under "Grants-in-aid, Contributions and Donations" is made up of contributions to the following institutions:—

William Co. All		Ba.
Bombay-		
(1) Prince of Wales Scamen's Institute	· 1	2,390

3. The actual receipts realised and expenditure incurred during the year on account of overtime and holiday allowances and grants-in-aid, contributions and donations, (i.e., sub-head A. 3 plus sub-head A. 11, voted) are detailed below:—

									Receipts.	Expenditure.
									Rs.	Rs.
Bengal		41	100	12	- 83		1+		1,00,769	2,18,543
Bombay	25	*	100	- 17	- 5	X	7.7		2,12,503	76,629
Burms	8	2	185	10	- 2	4		4	2,32,142	3,58,185 1,52,336
									E POUR DE	MREALING.
									7,12,128	8,05,693

In previous years the corresponding totals have been-

									Receipts. 1	Expenditure.
1927-28									12,53,776	10,46,059
1928-29	5	A	- 63	100			(9)	100	12,61,034	11,48,852
1929-30	9		- 2	-	-	-	100	10	11,72,658	10,55,850
1930-31	100		-	1.0	181	41	100	-	9,58,235	9,27,429

The special grant of Rs. 88,000 made in Bombay for the Indian Sailor's Home was made from accumulations in the Sunday Penalty Fees Fund.

### IMPORTANT COMMENTS.

The total Customs receipts and the net expenditure of the Department have been as follow in recent years:—

									(Figures in laklas of rup			
Your.									H	Leceipts.	Expenditure.	
1927-28		30	11	190	06		100			48,21	85	
1928-29			-	152	- 2		- 1	(%	4	49,28	94	
1929-30		12	21	1957	68	100	100	13	10.	51,28	98	
1030-31			At	1.6	18	- 2		5	1	46.81	92	
1931-32	4	-	-	-	12		-		- 4	46,44	88	

The decrease in expenditure in 1931-32 as compared with the previous year is due to the extent of 3 lakhs to reductions under pay (officers and establishment) and to the extent of 2 lakhs to reductions under A.-3—Overtime and holiday allowances. There was an increase under sub-head B.—Assignments and Compensations for arrear contributions to the Cochin Durbar under the Interportal Trade Convention.

2. Abolition of contract grant.—In connection with the overbudgeting observed under the heads "Purchase and Repairs of Boats" and "Stores and Equipments of Boats", the Public Accounts Committee in their Report on the accounts for 1929-30 observed that the contract grants for the expenditure under those heads had been fixed too high and that the matter should be looked into in connection with the next budget. As a result of this recommendation the Government of India have abolished the fixed Contract grant for "Purchase and Repairs of Boats" with effect from the 1st April 1933 and in future the budget provision under that head will be made on the basis of actuals and probable requirements of the year. The Collectors of Customs have been authorised to incur such expenditure within the budget provision subject to a certain monetary limit in the case of each vessel. The expenditure under the head "Stores and equipments of Boats" is not incurred on a system of contract grants but provision under the head is made on the basis of actuals and probable requirements of the year.

\*Accountant General, Bombay.

## GRANT No. 17.-TAXES ON INCOME.

ACCOUNT of the Sum Expended, in the Year on led 31 March 1932, compared with the Sum Granted, to defray the Expenses in connection with the College TION of INCOME-TAX.

#### NOTES.

 Attention of Controlling officers has been separately drawn to the following instances of wrong provision noticed in the grant.

Madras—Provision for the purchase of the military Building for the Income-Tax Officer, Bellary, included under sub-head A. 6 instead of A. 5.

Central Provinces.—Appropriation for additional officers in connection with the assessment of lower incomes was incorrectly provided under A. 2 (voted) instead of under A. 1 (Voted).

2. The large voted savings under sub-heads A. I. A. 2, A. 3, and A. 6 contribute mainly to the large saving under the grant, and are attributable chiefly to the uncertainty about the additional staff that would be required to cope with work in connection with the assessment of lower incomes, necessitated by the coming into force of the Supplementary Finance Act. It is a common feature of administration that when increases of establishment are contemplated insufficient allowance is frequently made for the inevitable delays which are apt to occur.

#### NOTE.

- 1. The current control under Account I Northern India Salt Revenue Department—does not quite reach the standard of control under some other grants. The final amount unadjusted, voted, (col. 6.) was 2½ per cent, of the appropriation and there seems to have been some failure to anticipate debits and credits under sub-heads A. 2(4) (6), A. 4 (6), D. 2 and D. 3. while there was a final excess of Rs. 15,989 under sub-head D. 4.
- Salt Purchase and Freight—Sub-head I of Account II—The original appropriation and the actuals under this sub-head for the three years ending 1931-32 are compared below:

	Year.		0	riginal	Appropriation.	Actuals.	Savings.
					Ra.	Ra,	Ra.
1929-30	2 (4)	79	92	20	10,58,500	8,29,219	2,29,281
1930-31	72 (73)				12,06,000	9,33,792	2,73,208
1931-32		191	19		9,89,500	7,85,070	2,04,430

The large savings occur mainly in Madras each year and have been explained as due to unfavourable sessons which affected the manufacture of salt to the extent greater than was contemplated in the budget of each year. It is, however, understood that the Madras estimates under this sub-head from 1935-34 onwards will be made on a more conservative basis.

#### OTHER SALT SOURCES-STORE ACCOUNT FOR 1931-32.

	Madras Maunds.	Bombay Maunds,	Buema. Maunds,
Salt in Store on 1st April 1931, (including wastage to be written off)	1,93,856	(a)29,45,663	12,357
Manufactured, excavated or pur- chased during the year	10,98,374	28,44,382	3,783
Total	12,02,230	57,90,045	16,170

<sup>(</sup>a) 9 maunds of Salt remained unaccounted for in 1930-3) through some misapprehension-Hence the increase in the opening balance.

	Made Maune		Burma. Maunda,
Removed by Purchasers during the year	5,33,97	9 31,22,430	744
Wastage, etc., written off	23,69	2 2,13,100	
Total	5,57,67	0 33,35,626	744
Balance in Store on 31st March 1932 .	7,34,560 Bs. 1-15-1-8 per maund.	For 21,15,186	Rs. 2-5-0 · 8 per mannd
Value	Rs. 14,30,09	Re. 1-11-4	

#### OBSERVATIONS.

The value of the closing balance represents the gross value inclusive of duty calculated at Rs. 1-9-0 per maund. The net value therefore is :-

Madras Rs. 2,82,347; Bombay Rs. 6,33,574 and Burma Rs. 11,634.

Madrus .- It has been certified by the Collector of Salt Revenue, that the Stocks of Salt in several factories have been verified by the Factory officers concerned monthly and by Inspectors and Assistant Commissioners during their inspections and reported to be correct both in quantity and value. It has also been certified by the Accountant General, Madras that the stock account of Government owned salt at seven factories in Madras were test-examined during the year under report and the results were satisfactory.

Bomboy.— For the salt works in the Presidency proper the stock of salt actually manufactured during the year was verified by the manager, Main Salt Sources, Kharagodha, who is in charge of the stores. The balance in stock on the 31st March 1932 was not verified. It is stated that the stock of salt is not verified or revalued every year and it is practically impossible to verify stocks; unless the entire stock is reweighed. Only wastage is written off from time to time. In Sind, no stock verification was done. The salt at Dilyar was however, revalued, as the Sali Works were leased to a private company from the 14th January 1932, The store accounts of Kharagodha and Manryapur Salt stores for 1931-32 have been audited by the Accountant General, Bombay and found correct subject to the following remarks. The quantity manufactured during the year in Kharagodha as also the quantity of wastage are exclusive of the loss and wastage of 46,375 maunis from Salt manufactured and received into stores during 1931-32. The balance in Mauryapur Store (2,900 maunds) was only a book balance, there being no actual balance in stock, and was subsequently written off the books under orders of the Commissioner in Sind.

Burma, ... This Superintendent of Salt Revenue personally inspected and verified the stock atleast once a quarter. The method of verification was by muleuroment and calculation of the approximate weight in relation to the cubic content of the store. The stock was stemped and each compartment was inspected to ascertain whether stamp marks were intact. The revaluation was made by him at the close of the year and was based on the sale price current at the time of valuation. No discrepancies were found in course of verification. The Accountant General, Burma has certified that the Government Salt Factory at Sami for the years 1930-31 and 1931-32: were audited and found correct.

Bie, 30,429.

The larger 1,388 mounds issued free to Indian States under Treaty obligations; \$1,760 mounds issued to Settinerias 5,766 mounds emplied to his Highness the Mir of Khairpur, and 71,373 mounds transferred to Calcutta from Sind under bond, Total quantity of sale actually reduced during the year was 10,025 mounds to 9 out of the bolance in the Presidency proper, 1,02,258 mounds of anti-sir close sait, the sale price of which is fixed by Government at Re. -1-2 per mannel. Taking into account this creduction is rate the cress value of sait will be reduced by

## REVIEW OF THE STORES POSITION OF THE MADRAS SALT DEPARTMENT.

The figures relating to the sales of Government salt during the six years ending 1931-32 and the stock at the end of each year are given below :—

Year.									Sale in maunds.	Stock at the close of the year. Maunds.
1926-27		ž.	120	2	2	G.	-2	1	24,71,685	24,89,979
1927-28	4		No.		-	-	10	74	18,52,683	25,33,137
1928-29				0.0	97	N.		163	17,84,058	9,42,716
1929-30				(4)	45	24	V.	(4)	11,97,503	3,19,484
1930-31	(9.7	100	9.5			3		(4)	4,47,382	1,93,856
1931-32	100	3						383	5,33,978	7,34,560

The decline in sales from 1926-27 to 1929-30 was due to the gradual conversion of many of the monopoly (Government) factories into those under the modified excise system. The further decline in 1930-31 was due to the failure to manufacture up to the maximum output owing to unfavourable seasonal conditions and the consequent diversion of the salt trade from the Government depot at Madras to adjacent excise factories.

Though the stock at the close of 1931-32 appears large it is explained that it was not in excess of requirements in view of the necessity for keeping a reserve against the contingency of failure in the succeeding year.

Since 1931-32, however, sales at the Government depot, Madras have fallen owing to the diversion of trade to neighbouring excise factories and the stock appears to be excessive. With a view to increase sales and reduce stocks the issue price of salt at this depot has been lowered, and since then the sales have begun to improve.

## REVIEW OF SALT STORES IN THE BOMBAY PRESIDENCY.

Presidency Proper.—The closing book balance is 24,18,564 maunds and is much less than that in the preceding year. This is due to restricted manufacture as a measure of economy.

Kharagodha.—The closing book balance of 21,15,186 maunds included 1,62,288 maunds of 1921-1922 heaps, the accounts of which have been ordered to be closed. Out of the remaining balance of 19,52,898, 1,47,290 maunds were written-off as loss and wastage and 4,000 maunds were transferred as crust salt, leaving a final balance of 18,01,608.

Kuda.—Out of the closing book balance of 3,03,378, 2,11,813 maunds has been written-off as it was found that the heap contained 91,565 maunds only on its removal for sale.

Sind.—No important feature is noticeable. The closing book balance at the Maurypur Salt Works shown as 2,000 maunds is really 'Nil' and the wastage has been written-off.

## I.-English Charges (High Communicationer):

#### L 1.-Establishment

Contingent provision for leave salaries not utilised, no officers having arrived on leave during the second half of the year.

Large reduction in expenditure as compared with recent years, in which payments averaged about Rs. 89,333, due mainly to heavy swing-over from "Voted" to "Non-Voted" owing, presumably, to reclassification of posts under the Superior Services and Posts (Reclassification) Rules. Final excess due to a sum of Rs. 6,693 reappropriated by Government in July 1931, advice of which was not furnished to the High Commissioner until after the close of the year.

Saving made up of reduction in indents (Rs. 1,387) and reduction in prices (Rs. 1,080). Final excess due to a sum of Rs. 800 reappropriated by Government in July 1931, advice of which was not furnished to the High Commissioner until after the close of the year.

NOTE.

Surrenders and savings are generally explained as due to curtailment of sctivities as a measure of economy. It appears that under Sub-head B. I (Forest Research Institute, Establishments—pay of officers) there was a failure to take into account liabilities connected with adjustment of share of leave salaries of certain officers transferred to Provinces. The Controlling authorities have explained that these liabilities could not be foregoen. The matter is under investigation. In some cases larger sums might have been surrendered, for example under voted sub-heads B. 2, B. 3 B. 4 and C. 4 (1).

## GRANT No. 22.—IRRIGATION, NAVIGATION, EMBANKMENT AND DRAINAGE WORKS—CHARGED TO REVENUE.

ACCOUNT of the Sum Expended, in the Year ended 31 March 1932, compared with the Sum Granted, for Expenditure on Indigation, Navigation, Embankment and Drainage Works.

Remainder Net Actual Excess + Final теарргоadjusted Appro- Expendi- Saving -. Major Head and Sub-head. priation or surrender. + or -. priation. ture. Ru. Ra. Ra. Rs. Rs.

A .- Interest on works for which Capital Accounts one kept -- Mojor head " 14"

Deduct—Amount allotted to :-		
(1) North-West Frontier Province :-		
Probable savings . 15.—Other revenue expenditure financed from	1,17,000	121
ordinary rovenue	**	3,000
(2) Rejputana :— Probable savings	14,000	
(3) Delhi :	398.1.7	
15.—Other revenue expenditure financed from		
ordinary revenue	100	764
Totals .	1,31,100	3,000
Balance .	12,507	34,398
Amount surrendered to Government .	47	30,000
Balanced lapsed .	12,507	4,398

Observation.—Final savings indicate that the allotment to North-West Frontier Province to extinguish "Probable Savings" was excessive.

<sup>3.</sup> Pro rata distribution of Establishment and Tools and Plant Charges:—The general principle regulating the adjustment of establishment charges is that establishment employed solely on a particular work is debited to that work and the remaining charges are distributed over the heads of account in proportion to the works expenditure concerned. For this purpose, however, in the North-West Frontier Province and Baluchistan, irrigation revenue works expenditure is doubly weighted to allow for the fact that establishment to be charged to revenue spends a good deal of its time on supervision not entirely represented by works expenditure. In Rajputana, where the establishment employed on irrigation and eavil works is joint, various civil works heads are concerned so the charges are debited initially to the civil works grant; in this area also the establishment which collects irrigation revenue is under the Land Revenue Department and a share of this expenditure is debited to irrigation revenue expenditure. In the North West Frontier Province and Baluchistan the establishment charges have merely to be distributed between revenue (this grant) and capital (grant No. 90) and the initial debit is made to the former. Similar adjustments are made with respect of tools

and plant except that for this purpose the irrigation revenue expenditure is not given any additional weight. The system of distribution of establishment charges on the basis of works expenditure is known as the pre-rate method, and the excesses and savings under sub-heads D. 5 and E. 1, 2 and 3 are attributable to the difficulty of working out during the year what the exact share of establishment or tools and plant charges to any particular sub-head will be. The total expenditure for establishment and tools and plant debited to irrigation revenue is given below:—

					Works.	Establish- ment. Rs.	Tools and Plant. Rs.

### 1. North-West Frontier Province :-

(i) Lower Swat Canal Division . . 37,135 11,760 15,305 27,308(a)

The difference of Rs. 6,222 was due to losses of Rs. 160 for depreciation and Rs. 6,062 for other reasons. The stock has been verified by the Sub-divisional Officer concerned and found to be in order except 30 barrels which are unserviceable.

(ii) Malakand Division . . . 83,101 7,254 13,265 60,529

Loss Rs. 16,561 on account of depreciation. Stock was verified by Sub-divisional Officer concerned and found correct but surplus to requirements to the extent of Rs. 10,760.

Stock was verified by Sub-Oversear, Overseer and Sub-divisional Officer and reported to be surplus to requirements to the extent of Rs. 19,298. Every effort, it has been reported, is being made to dispose of the surplus. Losses of stock amounted to Rs. 2,199 of which Rs. 2,000 was due to depreciation.

(iv) D. I. Khan Civil Canal Division . 352 14,846 14,615 583

The stock was verified by Sub-divisional Officer and subordinate concerned during the year and was found correct.

(v) Peshawar Civil Canal Division . . . 4,034 4,500 —486

The stock was verified and found correct,

The stock was verified half yearly and revalued during the year under the supervision of the Irrigation Officer in Baluchistan. There was a profit of Rs. 332 on revaluation which was utilised in reduction of prices of articles in order to conform to current market unter-

See also note on stores accounting under Grant No. 73 for stores procedure.

## IMPORTANT COMMENT.

Financial Results of Irrigation Systems.—The tables below show the financial results of the irrigation systems for which capital and revenue accounts are maintained in the North-West Frontier Province, Ajmere-Merwara and Baluchistan for a series of years.

The figures of capital at end of the year [item (1)] and working expenses [item (3)] include certain indirect charges and the working expenses exclude interest charges, which are shown separately [item (6)]. The net revenue [item (4)] represents the difference between gross receipts [item (2)] and working expenses [item (3)]. It will be seen that the only case in which the net revenue is sufficient to cover interest charges is in the North-West Frontier Province, and that for the year 1931-32 only, these irrigation systems being for the most part essentially protective in their nature.

(All figures except percentages in thousands of rupesa.)

1927-28, 1928-29, 1929-30, 1930-31, 1931-32,

## NORTH-WEST PROVINCE PROVINCE

(1) Capital at end of year , ,	2,88,03	2,90,10	2,93,66	2,94,22	2,94,46
(2) Gross receipts of the year	17,53	15,70	19,97	14,72	20,07
(3) Working expenses of the year .	9,41	7,58	10,58	10,66	8,37
(4) Net revenue surplus or deficit ()	8,12	8,12	9,39	4,07	12,60
(6) Percentage (4) to Capital (1)	2+82	2.80	3 - 20	1-38	4-28
(6) Simple interest for the year .	9,72	9,87	9,94	10,16	10,17

The curtailment of working expenses in 1931-32 is explained as due to financial stringency.

## AJMER-MERWARA

(1) Capital at end of year	35,48	35,48	35,35	35,35	35,48
(2) Gross receipts of the year	1,37	1,47	1,18	1,45	92
(3) Working expenses of the year .	81	74	9.5	85	72
(4) Net revenue surplus or deficit ()	56	73	23	61	20
(5) Percentage (4) to Capital (1) ,	1:58	2.05	0.66	1-71	0-55
(6) Simple interest for the year .	1,15	1,15	1,14	1,14	1,15

These works are all irrigation tanks and shortage of rain reacts unfavourably on the revenue. In 1931-32, this shortage seems to have been very marked as reflected in the receipts for the year. 1929-30 was another bad year but some arrears with respect to it were collected in 1930-31. The reduction in expenditure in 1931-32 is stated to be due to postponement of works on account of financial stringency.

## BALUCHISTAN.

(1) Capital at end of year	32,18	32,99	34,03	36,48	38,37
(2) Gross receipts of the year	73	70	55	-53	39
(3) Working expenses of the year .	50	37	34	45	49
(4) Net revenue surplus or deficit ()	:23	42	21	8	-10
(5) Percentage (4) to Capital (1) ,	0.71	1-27	0.62	0-22	-0.24
(6) Simple interest for the year .	31,16	1,20	1,23	1,36	1,48

The fall in receipts of 1929-30 and 1930-31 was due to shortage of water during the winter sowing season and that in 1931-32 to the general fall in prices, working expenses in 1930-31 increased owing to expensive flood damages and in 1931-32 owing to the replacement of an existing sluice valve in a reservoir.

## GRANT No. 25.-INTEREST ON ORDINARY DEBT. AND REDUCTION OR AVOIDANCE OF DEBT.

is sanctioned in March.

#### Norms.

 The final non-voted saving occurs mainly under sub-heads A. 1 and A. 3 which is due to non-drawal of interest in certain cases and delay in settlement of lean applications received through Post Offices. See Note 2.

2. Sub-head A. 3.—The Controller of the Currency explained that of the saving of Rs. 21,90,016 under this sub-head, Rs. 20,13,600 was due to exceptional circonstances. Although the 6‡ per cent. Treasury Bonds were closed to subscription on the 12th December 1931, the reports from the Accountant General Posts and Telegraphs regarding the subscription of Savings Bank Depositors were received as late as March and the final figure of applications through the Post Office was not ready at the time of the preparation of the Revised Estimate. On the information available it was hoped that before the close of the financial year the matter would be settled and that the relative stock-curtificate would be issued to the Accountant General, Posts and Telegraphs to enable that officer to draw the interest on the Bonds before the 31st March 1932. Contrary to expectation, there was a delay in the settlement of certain irregularities in regard to some of the applications tendered at the Post Offices and consequently the issue of the stock-certificate to the Accountant General, Posts and Telegraphs was delayed.

The remaining portion of the saving was due to interest on the 6½ per cent. Bonds being drawn less than anticipated. Against Rs. 5,05,000 assumed as undrawn in the Revised Estimate, the actuals were Rs. 6,81,326.

3. An audit review of the working of the Debt Redemption scheme for the year with which sub-heads F and G under "Appropriation for Reduction or Avoidance of Debt" are concerned will be found in paragraphs 40 to 46 of the Report.

0, 45,38,000 ) 8. (c)2,30,000 ) 47,68,000 48,86,221 +1,18,221 +5,600 +1,12,621

Under-estimated originally. Supplementary grant (proveding equate, as the actual number of Savings Bank transactions during the year was more than that] anticipated inthe Revised Estimates. The resultant crosss was Rs. 1,38,000 counterbalanced by saving of Rs. 26,900 owing to decrease in cash certificate transaction.

F. 2.—Interest O. 17,25,000 on Provincial S.(a)—19,75,000 6,50,667 +667 +667 +667

Reduction in appropriation mainly on account of heavy drawals by Provincial Governments on their balances deposited with Central Government, to meet revenue deficite.

F. 3.—Interest on O. 16,13,400 | Famine Insurance Fund Balance S. (a)—19,500 | 15,53,000 15,47,004 —45,896 ... —46.896

Mainly in the United Provinces (Rs. 51,435), owing to less balance in the Fund.

F. 4.—Other 1 O. 1,59,89,300 nterest Charges S.(a)—28,11,700 1,11,77,600 1,08,94,712 —2,82,888 ...—2,82,888

Surrender mainly in Railway accounts, owing to withdrawals from the Depreciation Fund to meet the loss in working (Rs. 28,33,000). Major portion of the final saving accrued also in Railway (Rs. 2,44,427), the rate of interest having been lower than anticipated in the revised estimate. In Bombay 8 saving of Rs. 17,713 accrued owing to reduction in balance on account of repayment of debts due to Home Government and the Government of India from the balances of the Kameron quarantine Station Fund. The saving in Posts and Telegraphs Department (Rs. 16,381) is due to reduction in Capital expenditure in 1930-31 and decrease in the rate of interest.

#### NOTES.

- Savings under sub-heads D. 1, D. 2, F. 3 and F. 4 are mainly responsible for the total non-voted saving under this Grant. The voted excess occurred under sub-head F. 1.
- 2. Sub-heads D. I. D. 2 and D. 6.—The final savings under these heads accrued as a result of retirements under the Retreachment Scheme and the concessions granted in the matter of temperary withdrawels of amounts at credit and the discontinuance of subscriptions during the currency of the cut in pay. The effect of these factors could not be fully gauged before the close of the year. Hence, savings were not fully surrendered in all Provinces.
- 3. Sub-head D. 3 .- This sub-head was opened in accordance with instructions issued in May 1931 to record charges for interest on smounts at credit of subscribers to the newly formed Indian Civil Service (Non-European Members) Provident Fund, created from lat January 1931. There was no transaction of this nature in 1930-31.

The aeroplane taken over for the use of the His Excellency the Viceroy formed part of the aircraft originally intended for the Indian State Air Service. The whole cost of this aircraft, with spare parts, including delivery charges, etc., was provided for in the budget under Grant No. 63, Aviation, but in accordance with instructions from Government during the year the cost of certain space parts specially purchased for His Excellency's aeroplane and the delivery charges thereon were debited to this grant. No allotment of funds on this account has, however, been advised.

### NOTE.

The Controlling Officer apparently relied entirely on monthly statements of expenditure and advice tendered by the Pay and Accounts Office, Secretariat, and the corresponding Section of the office of the Accountant General, Central Revenues, with which the former was amalgamated from 1st January 1932. The latter office suggested that there would probably be no savings undersub-head B and that Rs. 7,000 might be surrendered undersub-head C(Rs. 6,100 having already been surrendered in July 1931) and action was taken accordingly. These estimates were very inaccurate, a fact which may be attributed in part to the Section of the office of the Accountant General having at the time been in a state of some confusion owing to the amalgamation and partly an accounts office not being in a position readily to assess accruing liabilities.

<sup>(</sup>a) Sanctioned in August Rs. 2,119 and February—March—Rs. 18,200. (b) Sanctioned in March,

### GRANT No. 29 -COUNCIL OF STATE.

### Nore.

In the previous three years also there have been final savings under Sub-head B for which the same explanation was given namely that the Session of the Council of State was extended beyond the 31st March. It would therefore seem that the estimates should be framed on the assumption that such extensions will occur also in the future unless there are very strong grounds for anticipating otherwise.

<sup>(</sup>a) Sanctioned in December, (b) Sanctioned in March. (c) Voted in February.

#### Nore.

The excess in the Non-voted appropriation occurs mainly under Sub-head C. 4 as the result of faulty accounting in the office of the Accountant General, Central Revenues. An amount of Rs. 40,180 at debit of suspense was debited to the sub-head by credit to suspense in the accounts for "March Final". A similar adjustment was also affected in the accounts for "March Supplementary" so that the sum of Rs. 40,180 has been debited twice over to this head and there remains a credit of Rs. 40,180 under suspense which will be adjusted in the accounts of 1932-33.

 <sup>(</sup>a) Sanctioned in July.

#### Norg.

The closing of the Pay and Accounts Offices during the later part of the year, as also the closing of the office of the authority controlling the Grant from 1st March 1932, created some difficulties in the matter of current control, and was responsible for the large savings against the original grant. About 93 per cent, of these savings was surrendered to Government.

<sup>(</sup>a) Sauctioned in February .

### IMPORTANT COMMENTS

Discontinuance of the experiment of separation of audit from accounts:—
The experimental scheme of separation of audit from accounts was inaugurated in certain Central (Civil) departments and areas from 1924-25. In reviewing the working of the experiment the Government of India decided in May 1928 that the scheme should remain on a provisional basis until the matter could be considered in the light of the Report of the Statutory Commission on Constitutional Reforms. This Commission accepted the principle of the separation of audit from accounts and their recommendation to this effect was accepted by the Government of India in September 1930. The Government of India were later, however, constrained to reconsider the position in view of the extra cost of the experiment at a time when economy was essential, and with the concurrence of the Secretary of State, the audit and accounts offices which had been separated were reamalgamated in the closing months of the financial year. This explains the large savings in the grant. As the office of the Officer on Special Duty, Finance Department, who was responsible for the control of the grant, has been abolished it has not been possible to ascertain definitely why a larger proportion of the savings could not have been surrendered, but presumably the greater part of his time was taken up with the labour of closing down and amalgamation.

#### NOTES.

1. Sub-Head F.—Out of the lump sum provision of Rs. 1,00,000 for temporary establishment in all Audit and Account Offices, allatments aggregating Rs. 42,000 were made as below and the balance was surrendered to Government. The statement also shows the final saving which ultimately accrued under the sub-heads for which the allotments were made—

Rs. Rs. 27.248 2.040	Name of office or Province,	Sub-heads under which the al- lotments were sanctioned.	Amount.	Final aaving() or excess (+).
Madras			37,248	-3,040 -151
Office of the Director of Commercial		C. 1.—Pay of Establishments .	2,100	-4,788
Audit. Office of the Director of Army Audit C. 1.—Pay of Establishments . 652 —1,261		C. LPay of Establishments .	652	-1,261
Total . 42,000 -9,240		Total .	42,000	-9,240

It will be seen that in the last two cases there was no need for any ellotment from the Reserve.

The savings under sub-heads B. 1, B. 2 and C. 2 account for the greater part of the total non-voted saving of Rs. 68,665 which are in general attributed to retrenchment and decentralisation of the Commercial Audit Office.

<sup>3.</sup> The final voted saving is 0.4 per cent, of the original provision under the grant,

A note relating to the discontinuance of the experiment of the separation of audit from accounts will be found in the Important Comment under Grant No. 37.

#### NOTE.

Though the final saving is less than 1 per cent, of the final voted appropriation, there was room for improvement in the current estimating. In eleven cases excesses remained uncovered by grants or appropriations and in six cases the reappropriations had the effect of increasing the difference between original appropriation and actuals,

#### NOTE.

On the 10th of March 1932, further savings to the extent of Rs. 25,000 in the non-voted section of this grant were offered for surrender but were not accepted as the proposal resched the Government of India too late.

The large savings under the various sub-heads in the voted section were mostly due to

the abolition of survey circles and parties as the result of the economy campaign.

The estimating and control have been satisfactory and show an improvement over the results of previous years.

## IMPORTANT COMMENT.

Loss of Rs. 2,613.—An Officer in charge of a Survey Camp could not account at the end of 1929-30 for Rs. 2,613 out of the sums advanced to him from time to time for the prosecution of his work. A Committee of inquiry dealing with the case came to the conclusion that the officer was guilty of a gross breach of departmental regulations in not maintaining a cash book and that he showed negligence in not balancing his accounts periodically. He was dismissed from service. The Government of India also considered that the officer in charge of the party (who was a comparatively junior officer) was guilty of an error of judgment in not having taken serious notice of the Camp Officer's failure to maintain a cash book and that he should be warned to be more careful in future. Further steps have been taken which should tend to stop such irregularities in future.

Rs. 165 was recovered from the officer concerned and the balance of the loss written off by the Government of India.\*

<sup>\*</sup> Deputy Accountant General, Central Revenues, Calmitte.

#### Nozz.

The large saving under sub-head B has, as in the previous year, contributed principally to the noteworthy saving in the total voted grant.

It has been explained that the savings under sub-head B are mostly due to Posts and Telegraphs Department charges being considerably less than anticipated. The debit raised by the Posts and Telegraphs Department is based on two weeks' count, while the estimate is said to be based on past actuals and new commitments.

Norm.

The control of expenditure as evidenced by the figures shown in the last column of the account shows improvement over the previous year (when it was not very good) but is still not so good as for 1929-30. It has been explained that owing to heavy retrenchments in the Department towards the close of the year, the large savings could not be offered in time for surrender.

## IMPORTANT COMMENT.

Failure to maintain cash accounts on a basis of facts.—The cash accounts maintained by the cashier of an office did not represent facts, receipts in many cases having been posted long after the actual dates of receipts and expenditure prior to the actual disbursements. Many transactions were not accounted for at all and some cases of temporary misappropriation were also detected. Outstanding amounts temporarily misappropriated by the cashier were recovered from him and he was dismissed. The supervision exercised by the officer in charge was apparently unsatisfactory but as there was no loss, the Government of India considered that the circumstances did not call for disciplinary action against him. It is stated that departmental rules have been framed to provide for more efficient supervision in future.

<sup>\*</sup> Deputy Accountant General, Central Revenue, Calcutta.

Naduvattam			4,612	
			2,90,149	

Certified that the stock of quinine during 1931-32 at Mungpoo was verified by the Quinologist to the Government of Bengal.

No shortage, depreciation, etc. of quinine sulphate was appreciable.

No revaluation was made, nor was any agency employed for the verification of the stock

at the Indian Museum and Mungpoo.

The Stock of quinine sulphate at the Indian Museum for 1931-32 was verified by the Assistant Curator without actual weighing and was checked by the Director, Botanical Survey of India.

The total stock amounts to 67,353 lbs. and was worked out as below :-

Contents of 1,906 old cases (each containing 25 lbs.) Contents of 447 new cases (each containing 44 lbs.)		Lbs. 47,650 19,709
Deduct-Contents of 1 tin issued from 25 lbs. case		67,359 6
ALCUTTA:		C. C. CALDER, Director,

Botanical Survey of India.

NOTES.

 Sub-head D. I.—The detailed estimates did not specify the various works concerned, but the following important major work was executed during the year.

Special repairs to the Malay Tank at Dhelka :—Estimate Rs. 26,666; Expenditure to end of March 1932, Rs. 10,000; balance Rs. 16,666, in progress.

(a) Sountioned in July-Re. 9,000 and February -Re, 10,642.

There is still room for improvement in the control of expenditure. Excess in the Non-voted Section is due mainly to excessive surrenders under Sub-heads A, and J. 1. Surrenders and reappropriations under Voted Sub-heads A., D. 1, F. 2, F. 3 and J. 2 were excessive. Final savings in the Voted grant were 1.7 per cent. of the final appropriation.

## IMPORTANT COMMENT.

Publication of the Sanchi Monograph.-The explanations relating to sub-head E.-1 (Library and Publications-gross charges) in various appropriation accounts of previous years contain a reference to the non-utilisation of, or failure to use in full, the provision for the publication of the Sanchi monograph. The Public Accounts Committee heard some evidence regarding the delay in publication when dealing with the Appropriation Reports for 1925-26 and 1927-28. The work of preparing 140 plates for the monograph was entrusted to a firm in Paris in 1913 under an agreement arranged by the Director General of Archæology. Very little progress was made before the war and during the war the work was suspended. In 1921 the rates were enhanced but scarcely any progress was made in the next few years owing to the firm having lost most of its original workmen. In December 1925 the Government of India authorised a further enhancement of rates expressed in francs owing to the devaluation of the franc and increased cost of living and stipulated that the work should be completed within 20 months from the date of payment for the first batch of 25 plates. In August 1926 the Director General of Archeology effected a supplementary agreement with the firm providing that, in view of the continued depreciation of the franc, payment would be made in sterling with francs converted at 132 to the £; and that in the event of an increase in the cost of labour, materials, etc., there would be a corresponding increase in rates, subject to the approval of the British Embassy in Paris in respect to rates of costs. The firm then agreed to finish the whole series within 18 months from the date of receiving payment for the first batch. Payment for this batch was actually made in November 1926 and for the second batch in January 1927.

2. In January 1928, the Government of India agreed to a payment of 4,808 francs (then about Rs. 590) against a claim made by the firm that it was entitled under the 1926 agreement to payment in francs and not in sterling when the franc appreciated in value over the rate of 132 francs to the £. It was at the same time stipulated that future payments should be

made in francs at the agreed franc rates.

3. The third batch of plates was completed in 1928. The fourth batch was paid for in November 1930 and the fifth in August 1931. The final batch of 15 plates has not yet (February 1933) been received and part of the letterpress remains to be prepared, after which the letterpress has to be printed and the volumes bound.

4. The original estimate of 1913 and the revised estimate of 1921 of cost

of 600 copies of the finished monograph were-

						1913. Ra.	1921. Rs.
	- 27	22				21,300	33,600
Preparation of plates Printing and binding	2		×			1,500	1,500
Honorarium .	à))		80		14	-	44,350
				Total	7.4	28,800	44,300

These estimates do not include anything for incidental charges, such as freight and packing. There is some prospect of the total rupee cost of plates (exclusive of incidental charges) approximating closely to the figures of the 1921 estimate. An Indian State has agreed to take 300 copies of the monograph and bear half the cost of production.

- 5. There are many features of the series of transactions described above at which criticism may be directed. The original mistakes occurred in 1913 or 1914 when numerous valuable photographs were handed over to the firm and about 1922 when payments were made to the firm for the special paper it would use in the preparation of the reproductions. The 1926 agreement was manifestly defective and it was not within the competence of the Director General to enter into such an agreement (such powers have not so far been delegated to the Director General). It may, however, be remarked that it was not till August 1929 that the Government of India formulated a set of fundamental principles for the guidance of authorities who have to enter into agreements. Amongst these principles the following are applicable to a case like this one—
  - (1) The terms of an agreement must be precise and definite, and there must be no room for ambiguity or misconstruction therein.
  - (2) As far as possible, legal and financial advice should be taken in the drafting of contracts and before they are finally entered into.
  - (4) The terms of a contract once entered into should not be materially varied without the previous consent of the competent financial authority.
  - (5) No contract involving an uncertain or indefinite liability or any condition of an unusual nature should be entered into without the previous consent of the competent financial authority.
  - (9) Provision must be made in contracts for safeguarding Government property entrusted to a contractor.

Total	16,665	10,272	28,094	7,503	19,638	63,356	1,45,528

#### NOTES.

The details of the expenditure are as below :-

The Archeological Section is engaged solely on museum work carried on by the Superintendent, Archeological Section, Indian Museum; it is not concerned with any item of work relating to any other branch of the Archeological Department.

Heads I and 2.—The charge shown under "Geological Section" represents special pay drawn by an officer for doing museum work in addition to his own duties. This has, however, been discontinued from 10th November 1931. The charges shown under "Botsnical Section" represent the pay of the Curator, Industrial Section, whose work is wholly confined to massum activities while those under the "Zoological Section" represent share of pay of officers of the Zoological Department who spend some portion of their time on museum work.

Head 2.—The charges shown under the different sections of the museum represent pay charges of assistants and inferior establishments wholly engaged on nuseum duties.

Head 5.—The expenditure of Rs. 1,500 shown under "Botanical Section" represents housegent allowance drawn by the Curstor.

Head 6.—The charges shown under the different sections are inclusive of the cost of electricity, the allocation of which amongst the different sections is shown below :—

								Rs.
Trustees' Office	(6)		*	-	39		- 40	609
Art Section and Art Gallery		9	8	*	0	4		118
Archmological Section .	40	24.2	36.1	-	(4)		*	232
Geological Section .	+	197	1	-	100	12		265
Botanical Section .		*6	3.5		10	391		99
Zoological Section		18	94.7	*	F#S	14		1,058

Out of Rs. 10,000 shown under Zoological Section, Rs. 9,000 (round) represents the cost of stores which is only a rough estimate based on the average amount of stores consumed in connection with museum activities.

## IMPORTANT COMMENT.

Central Museum at Calcutta.—In paragraph 155 of Volume I of the Report of the Public Accounts Committee on the accounts of the Central Government for 1929-30, the Committee desired that a statement including the whole receipts and expenditure of the Central Museum should be appended to the appropriation accounts in future. In regard to the question of allocation of the cost between the Central Museum (Trustees' Office and Art Gallery and Art Section) and the various other scientific departments, which are engaged partly on museum work and partly on research work, it was suggested by the Committee that either these special items should be excluded or the allocation explained by means of footnotes.

A statement for 1931-32 prepared on the lines of these suggestions is appended. It shows the whole of receipts and expenditure of the Central Museum including the allocation of the charges of the various scientific departments employed wholly or partly on museum work.

#### NOTE.

The result of the final disposal of stocks of the X-Ray Institute, Dehra Dun, which was elected down on the 31st March 1932, have been brought to the notice of the Public Accounts Committee in its Session of August 1932, vide Appendix XIV of the Report of the Public Accounts Committee for 1930-31. It has not therefore been considered necessary to publish in this Report the statements of financial results of the Institute, of the Store Account and of expenditure incurred as indirect charges which have been included in previous Reports.

#### Norms.

Sub-head A. I (Non-coted). Attention of the controlling officer has been separately
drawn to the fact that provision for overseas pay should have been made in Grant No. 87—
Expenditure in England, etc., and that for compensatory allowances under Sub-head A. 4.

Sub-head C. S.—New sub-head opened to record charges incurred by the Government
of India for the supply of 2,000 doses of anti-plague vaccine delivered free at Nanking as assistance
to China in connection with the floods of 1931.

Statement showing the financial result of the sale of vaccines, sera, etc., manufactured at the Central Research Institute, Kasaull, during the year 1931-32.

#### (a) Transferred from Stores to the Vacuumising department,

The stocks of (1) empty capsules not vacuumised (2) filled up capsules of sera and vaccines and vacuumised capsules and (3) vaccine finished but not bottled are regularly checked as follows:—

In the case of (1) by sample check along with that of all other stores, quarterly by the store clerk, half yearly by the Assistant to Director and annually by the Director who records the result in the several stock registers and submits a certificate of this to the Director General, Indian Medical Service.

In the case of (2) and (3) yearly and monthly respectively by the Assistant Director in charge of Sera and Vaccine manufacture, the result of verification being recorded in the registers at the time of check.

The result of the checks exercised is always satisfactory and the last check was made on the 31st December 1931 in respect of (1) and on the 31st March 1932 and 4th November 1932 respectively in respect of (2) and (3).

The position of the stores is satisfactory and the closing balances are not unnecessarily large.

J. TAYLOR, Lt.-Colonel LM.S., Director.

FATEH CHAND, Head Clerk.

## IMPORTANT COMMENT.

Pro forma accounts of the Central Research Institute, Kasauli.—The proforma accounts of the Central Research Institute have not been audited for the last two years, the local audit inspections having been held in abeyance for the period. These accounts are not in strictly commercial form as they do not take into consideration interest on and depreciation of capital value of assets,, i.e., the plant employed in the manufacture of sera and vaccines. The charges, however, include rent payable for the use of the buildings in which the manufacture is carried out.

The value of the plant, it has been ascertained, is comparatively small compared with annual turnover, and the depreciation and interest charges would not amount to more than Rs. 10,000 per annum. In view of this fact it is not considered worth while to elaborate the accounting by maintaining full commercial accounts. The combined trading and profit and loss accounts for the year might then be thrown into the following form—

Rs.					Rs.
64,509	Value of products sol	d e	lur	ing	2,81,035
77.37.0	Closing stock	31		*	43,985
1. WEST 255 CHT					
1,20,079					
3,25,020					3,25,020
	64,500 1,15,433 14,999 10,000 1,20,079	64,500 Value of products sol the year 1,15,433 Closing stock . 14,999 10,000 1,20,079	64,509 Value of products sold of the year 1,15,433 Closing stock : 14,999 10,000 1,20,079	64,509 Value of products sold duri the year	64,509 Value of products sold during the year 1,15,433 Closing stock

The profits for the year (Rs. 1,20,079), according to this account, come to approximately 85 per cent, of the cost of production (Rs. 1,40,432). The Government of India reduced the selling rates for anti-cholera vaccine in July 1932, and for mixed typhoid and paratyphoid and mixed influenza vaccines in January 1933, and ordered that no reduction should be made in the prices of other prophylactic and curative vaccines made at the Institute until the effect of the reduction in the price of anti-cholera vaccine on the finances of the Institute was known. The matter will be considered after two years in the light of the experience gained during this period.

#### Norms.

- Saving accruing under Sub-head L. 2 accounts mainly for the voted saving under this
  grant.
- 2. Sub-head N.—In 1930-31, the work of construction of buildings for a botanical substation at Karnal was commenced and provision was made in the budget of that year for its completion. The construction, however, was delayed, and as there were no funds for the purpose in the grant for 1931-32 and it did not seem likely that funds could be made available, it was agreed by the Government of India that the completion of the work should be financed by a loan of Rs. 48,700 from the Imperial Council of Agricultural Research. Towards the close of the year, however, it became apparent that owing to the decision to close down the Anand Creamery and for other reasons funds would be available within the grant to meet the expenditure. It was therefore decided by the Government of India, after the close of the year, that the loan from the Imperial Council should be repaid and the cost of construction during the year debited to the sub-head N.—Works. This decision was arrived at too late to permit of the necessary reappropriation of funds to cover the excess under the sub-head.

The total revised estimate for the project as a whole is Rs. 64,200; expenditure up to March 1932 is Rs. 59,180 (including Rs. 9,990 incurred in 1930-31); balance, Rs. 5,020. In progress.

3. Sub-bred K.—The refunds made by the Indian Central Cotton Committee correspond to the drawings from the treasury, less cost of passages and leave salary which are borne by Government against leave and pension contributions paid by the Committee. Under nonvoted and voted heads the appropriation and expenditure compare as below :-

				Non-voted.		Voted.		
Gross Recoveries		4		Appropriation. Rs. 46,985 -46,985	Expendi- ture. Rs. 48,051 45,332	Appropriation. Rs. 20,900 —19,700	Expendi- ture. Ra. 18,851 —18,215	
Net ,	ř	3	27		719	1;200	636	

(i) Rs. 719 non-voted represents payment towards the close of the financial year of travelling expenses which could not be refunded by the committee before the expiry of the year, but were refunded in April 1932.

(ii) Against the provision of Rs. 1,200 (voted) made by Government for leave salary, the actual expenditure amounted to Rs. 636 owing to restricted grant of leave.

4. It was decided by the Auditor General in 1931-32 that expenditure against grants-inaid to the Central or to a provincial Government made by the Imperial Council of Agricultural Research for the furtherance of an agricultural research scheme should be definitely budgeted for along with the ordinary expenditure of the Agricultural Department. He therefore suggested that the grant-in-aid might be credited to a deposit head to be taken, at the end of the year, in reduction of the expenditure under the service head concerned. This procedure was not followed in 1931-32 in respect of graints-in-aid made by the Council to the Botanical and Sugarcane sub-stations at Karnal, but has been introduced from 1932-33.

### GRANT No. 60.—IMPERIAL COUNCIL OF AGRICULTURAL RESEARCH DEPARTMENT.

A .- Direction:

A. 1 .- Pay of Officers

Non-voted, O. 13,0007 14,345 79,200 83,500 8. (a) 1,345 } 14,804 +459 +650-191 Voted 70,611 8,589 8,606 +17A. 2.—Pay of Establishments 62,597 -20,903-20.848-55

Provision for certain staff was originally overestimated to the extent of Rs. 6,383. Reduction in appropriation partly on that account.

A. 3.—Allowances, Honorarie, etc.

S.(b) -500} Non-voted O. 3,900 2.674 -1.926-650 -570 Less expenditure than originally anticipated.

Voted 33,200 27,271 -5.929-5.675 -254A. 4.—Supplies and Services 4,969 5,000 -31 +1,400-I:431

Expenditure on flights across India and Burma was less than originally anticipated. Additional appropriation proved unnecessary.

A. 5.-Contingencies 9,000 19,954 +10,954 +11,730

Provision increased on account of expenditure on conservancy managements at civil Aerodromes originally provided for under C. 2. (Rs. 2,230), purchase of technical publications and certain special articles of stationery (Rs. 3,000) and increased activities of the Civil Aviation Directorate (Rs. 6,500).

A. 6.-Operation of the Indian State

Air Service :

A. 6 (1).- Pay of Officers . 25,000 2,602 -22,398 -22,530 +132

Provision reduced owing to the decision of the Government of India not to operate the Indian State Air Service between Karachi and Calcutta as a measure of retrenchment.

A. 6 (2). - Pay of establishments 38,100 5,554 -32,546 See A. 6 (1).

A. 6 (3).—Other charges 3,84,000 6,304 -3,77,696 -3,76,490 -1,206 See A. 8 (1).

A. 7. Payments to the Posts and Telegraphs for wireless facili-

4,13,000 2,32,293 -1,80,707 -2,13,000 +32,293

Provision reduced owing partly to retardation of the original programme of works relating to wireless facilities provided for civil aviation purposes and partly to curtailment of expendi-ture as a measure of retrenchment. Final excess due to figures of ineterest and depreciation on wireless facilities for air services having been under estimated by the Posts and Telegraphs Department.

A. S .- Grants-in-aid, Contributions, etc . 600 600 B .- Grants for Aviation purposes 1.88,000 1,73,950 -14,050 +4,300

Less expenditure on bonus payments (Rs. 5,350) and less expenditure against grants for the helium research and for treatment of Delhi Acrodrome (Rs. 5,557). See also BB. BB.—Special grants in aid from the

additional tax on petrol con-numed for svistion purposes. 1,443 -8,000Rs. 8,000 was inadvertently surrendered from this sub-head in February 1932 instead of from sub-head B, as intended.

(a) Sunctioned in August Sa. 1,700 and January—Bs. 255.
(b) Sanctioned in March.

Mainly in Punjab (Rs. 16,611). Explained as due to non-payment of honoraria to.

Patwaris and non-payment of certain bills before the end of the year.

C. 4.—Contingencies . . 1,79,200 6,14,956 +4,35,756 +4,48,311 -12,555

Additional appropriation mainly for reasons under sub-head C. 2—Voted. Provision for cost of paper for printing Schedule transferred to sub-head E. (Rs. 14,200). Final saving mainly in Bengal (Rs. 5,554) which is explained as due to non-adjustment of rent of provincial buildings occupied by copying branches, in the absence of final orders.

D .- Miscellaneous Staff

Reappropriated to meet expenditure on travelling allowance of a military officer performing the duties of a Census Officer. The claim was subsequently held inadmissible.

Voted . 52,600 28,350 -24,240 -19,912 -4,328

Reduction in appropriation mainly for reasons under C. 1.—Voted (Rs. 6,000), non-entertainment of staff in Bombay, the work being paid by bonus (Rs. 4,400) and smaller leave salary than anticipated (Rs. 7,000). Final saving due to carry-over of expenditure to next year (Rs. 1,380) and secondary.

Additional appropriation mainly for reason under C. 4—Voted. Final saving occurs mainly in Bombay (Rs. 30,783) which is explained as due to delay in printing of census Volumes at the Provincial Press. In Punjab, additional appropriation of Rs. 6,000 for the preparation of a separate report for Delhi proved excessive to the extent of Rs. 5,850.

- Sub-heads I. 3. I. 4 and I. 5.—The original estimates made provision for allowances to artists (Rs. 85,200) under subhead I. 3 (Allowances, etc.) and for expenditure on equipment and furniture and repairs to buildings (about Rs. 7,300) under sub-head I. 5 (Contingencies) but it was decided after the estimates were framed that these charges were correctly debitable to sub-head I. 4 (Supplies and Services). This accounts for the main part of the reappropriations ordered under these heads. Subsequent savings were principally due to economies.
- 2. Sub-heads J. 1. to J. 4.—The necessity for the appointment of a Court of Inquiry or a Board of Conciliation under the Trades Disputes Act, 1929, was not satisfied at the time of preparing the budget and a token sum of Rs. 500 only was included in the estimates. During the course of the year a trade dispute arose between the Railway Administrations and their workmen on the question of staff retrenchment, necessitating the appointment of a Court of Inquiry in August 1931 and the amount required was met partly by supplementary allotment and partly by re-appropriation.
  - 3. The receipts on account of Patent Fees realised during 1931-32 amounted to Rs. 1,03,439. The total expenditure under sub-heads D. 1 to D. 5 (Controller of Patenta and Designs) was Rs. 90,884.
  - 4. The total fees realised during |931-32 in respect of examinations conducted by the Public Service Commission amounted to Rs. 62,047. See sub-head B.

#### Nows.

Some of the defects noticed last year under Sub-head I have been partially cured and there has been improvement in the current control. The possibility of effecting further improvement under the sub-head seems however to require consideration.

The explanations of big variations are given below :-

Debit side-

Head I .- The decrease is due to certain posts having been kept vacant as a

Head 2.- The increase is chiefly due to increments,

Head 3.—The decrease is mainly due to (i) temporary cuts in the rates of com-economy and (iii) smaller expenditure on transfers.

Head 4.—The variation is due to a large adjustment on account of cost of passages

Head 5 .- The decrease is mainly due to (6) smaller expenditure on inspection of ture on the purchase of chemicals and apparatus for the Government

Head 6.—The decrease is due to curtailment of expenditure as a measure of Head 8.—The increase is due to larger payment of leave salaries to officers on Head 9.—The decrease is due to a change in the method of calculation of pen-Head 10.—The increase is due to the adjustment of a sum of Rs. 40,016 repre-

rules regulating the contributory Provident Fund instituted from the

regulating the Special Provident Fund which were applicable prio-Head 14.—The decrease is due to reduction in the establishment of the Audit Credit side-

Heads 1, 2 and 3.-The fall in revenue is due to reduction in the inspection and by (i) economic depression, and (ii) financial stringency.

Head 4 .- Increase due to larger proceeds from the sale of tender forms.

Note I.—The figures included in the above statement represent audited figures.

Note 2.—The suries receipts and expenditure of the Metallurgical Impectorate have been treated as commercial by the Chief. Controller of Stores, Indian Stores, Indian Stores, Indian Stores. Department and with the approval of the Government of India.

R. W. TARGETT, Chief Controller of Stores, Indian Stores Department.

S. C. GUPTA, Audit Officer, Indian Stores Department, Financial Review of the Chief Controller of Stores on the pro-forms Profit and Loss Accounts of the Indian Stores Department.

The Indian Stores Department consists of the following organisations:-

- (i) Four main branches at headquarters, viz., the Administration, the Purchase, the Intelligence and the Inspection branches.
- (ii) The Provincial Purchasing Agencies.
- (iii) The Provincial Inspection Circles.
- (iv) The Government Test House at Alipore (Calcutta).
- (v) The Metallurgical Inspectorate.

The Government of India have decided after careful consideration that the department cannot for the present be declared to be a Commercial department as some of its activities, particularly those relating to the development of Indian industries, are admittedly of a non-commercial character. The ideal would no doubt be to disentangle the two sets of activities, as suggested by the Public Accounts Committee in paragraph 22 of its Report on the accounts for the year 1925-26, and to keep commercial accounts of the Commercial operations. Such a division of the activities of the department and of its accounts is, however, at present impracticable. Each one of the organisations mentioned above renders service of some sort either directly or indirectly connected with the development of industries but it would be difficult, if not impossible, to work out accurately for accounts purposes the value of such services rendered by each organisation or by the department as a whole.

- 2. At the same time the Government of India have decided not to abandon altogether the ideal they have always placed before themselves of making the Indian Stores Department self-supporting. A pro forma Profit and Loss Account of the department is accordingly prepared in order to enable the Government of India to review the position annually and to watch the growth of the various activities of the department.
- 3. As a service department, the Indian Stores Department is not authorised to make any charge for its services to non-Commercial Civil Departments of the Cenral Government. Charges are levied at prescribed rates for services rendered to other authorities. The figures on the credit side of the account include the recoveries actually made from paying departments as well as a pro forma credit, calculated at the rates prescribed for paying departments for work done on behalf of departments entitled to free service. The debit side of the account includes the expenditure chargeable to the Revenue account and adjusted directly against grant No. 70 (Indian Stores Department) as well as indirect charges usually incorporated in the Profit and Loss Accounts of Commercial undertakings. The Account also includes a pro-forma adjustment for services rendered by one organisation within the department to another which are made in order to exhibit the result of the working of the different organisations as accurately as possible.

The expenditure and receipts are divided over 'Commercial' and 'Non-Commercial' sections with due regard to the nature of each item and in accordance with principles approved by the Government of India in consultation with the Audit Officer, Indian Stores Department and the Director of Commercial Audit.

4. The result of the working of the year 1931-92 calculated on the lines explained in the preceding paragraphs is summarised below. The figures for the year 1930-31 are also shown.

1930-31.

1931-32

	Commercial.	Non- commercial.	Commercial.	Non- commercial.
	Re.	Rs.	Re.	Rs.

Total credit side of the account.	21,58,551	5,19,139	20,33,592	5,40,972

<sup>5.</sup> The causes for the deterioration of the financial position of the department as shown in the accounts for the year 1931-32 are described in detail in the annual Administration Report of the Department. In the first place,

while the value of orders placed during the year 1930-31 amounted to Rs. 3.76,82,696, the departmental charges on which amounted to Rs. 3.76,846, the amount actually realised during the year and accounted for in the Profit and Loss Account of that year was Rs. 4,52,794. The balance sheet for the year 1930-31, therefore, received a credit amounting to Rs. 75,948 for work done by the purchase branch in a previous year. The value of orders placed during the year 1931-92 on the other hand amounted to Rs. 3,60,00,006 on which a fee of Rs. 3,60,010 was earned by the Department. The amount actually realised and accounted for in the Profit and Loss Account, however, is Rs. 3,56,528 only, showing a carry over of Rs. 3,428. The cumulative effect of these accounts adjustments in the balance sheet of the year under review is an additional debit of Rs. 79,430. Further, the account for the year 1931-32 includes adjustment for Government contribution on Provident Fund accounts of officers admitted to the benefits of the Contributory Provident Fund Rules (India) for two years (1930-31 and 1931-32), as a result of a change in the method of carrying out such adjustments which were in the past made on the 1st April following the year to which they related but are now carried out within the year. This explains an excess debit of Rs. 40,916. Omitting these two sums, the deficit on the working of the year 1931-32 exceeded that of the year 1930-31 by a sum of Rs. 51,028 only. The expenditure of the Department was on the other hand below what it would have been in normal circumstances by Rs. 37,000 as a result of the application of the 10 per cent. emergency cut on salaries of the staff during the last quarter of the financial year. But for this measure the excess over the last year would have amounted to Rs. 88,028. This was entirely due to the world-wide financial stress and trade depression prevailing during the year. The rigorous curtailment of work and activities of spending departments imposed by these conditions and the unprecedented low level in commodity prices, which in some cases receded to below pre-war rates, explain the diminution of the credit side of the account by about 3 lakhs.

- 6. The reduction which would have occurred in the work of the purchase branch of the Department owing to these causes was to a large extent set off by the increased utilisation of the services of the Department by various old clients who during the year entrusted the Department with a considerable amount of new business and by work undertaken on behalf of new indentors. The resulting deficit is thus almost entirely due to a diminution in the demands for inspection of stores purchased by other departments direct, mainly in the orders for rails and fish plates, rolling stock and bridge and structural work received from Railway Administrations.
- 7. Several measures of retrenchment were adopted during the year to maintain financial equilibrium, in close consultation with the Stores, Printing and Stationery Retrenchment Sub-Committee, but the full effect of these measures is not apparent in the account under review since it was not possible to give immediate effect to all the measures of economy decided upon. These measures are estimated to result in a direct saving exceeding Rs. 3,00,000 per annum plus consequential reduction in indirect charges.
- 8. It will be observed that the total expenditure on the commercial side of the Department during the year under review aggregated 1-59 per cent. of the 'recoveries'. This excess of expenditure over recoveries, exaggerated during the year owing to the general financial depression and other reasons

which are explained in paragraph 5, is chiefly due to the fact that the present scales of departmental charges are not based on any commercial principles. During its investigation the Stores, Stationery and Printing Retrenchment Sub-Committee received evidence that no business concern would be satisfied with so low rate of remuneration as one per cent. on the value of stores purchased or inspected.

9 The pro forma Profit and Loss statement printed in the Appropriation Accounts does not by any means give a complete picture of the financial results of the working of the Department. A correct picture of the financial position could only be obtained if on the receipt side of the account credit is taken for the large savings in the expenditure budget of the consuming departments on the cost of stores purchased through the Indian Stores Department. The question was examined in detail by the Stores, Stationery and Printing Retrenchment Sub-Committee in the course of their deliberations and they stated that "if this is done the Department far from showing a loss will show a profit". They also stated that "an account drawn up in this form would still be incomplete as it was impossible to assess in rupees, annas and pies the value of the services rendered by the Department in connection with the promotion and encouragement of Indian industries".

R. W. TARGETT,-23-1-1933.

Audit Comments-The Audit Department has no comments to offer.

The final excess is due mainly to the belated adjustment of Rs. 1,83,358 under sub-head A. 4, on account of cost of forms supplied in 1930-31 by the Master, Security Printing to the various Currency offices. (There was a final saving of Rs. 1,0,312 in 1930-31 under this sub-head error cousty explained as due to smaller consumption of note forms, but evidently due to carry-over of charges). The Controller of the currency bases his estimates under the sub-head on information supplied by the Master, Security Princing Press, who assumed that all issues made in a year are charged off in that year. Actually in the present case the accounts adjustments were made in August and September 1931 and the Master did not take them into consideration. To avoid such misunderstandings in future the Controller of the Currency has requested the Accountant-General, Bombey, to have similar debits adjusted in the year in which the notes are supplied. which the notes are supplied.

### IMPORTANT COMMENTS.

The Governor General in Council is the custodian of the treasury Lalances in India, and in this capacity has to bear losses incidental to such administration. Four cases of loss are reported below—two from Burma, one from the North-West Frontier Province and one from Baluchistan, the total amount involved being Rs. 11,310, out of which Rs. 7,100 was recovered and Rs. 2,000 ordered to be recovered and the balance of Rs. 2,210 ordered to be written-off. No defects in the rules have been disclosed, the frauds having been facilitated by laxity of control of the treasury work.

Misappropriation of Rs. 1,000 from a sub-treasury.—A misappropriation of Rs. 1,000 took place in 1930 from the balances of a sub-treasury, the accounts records being falsified to cover the fraud.

The sub-Accountant concerned was criminally prosecuted and sentenced to one year's rigorous imprisonment and to pay a fine of Rs. 1,000 or in default to suffer one year's rigorous imprisonment. The fine was not realised. The local Government also ordered the recovery of Rs. 900 from the Treasury Officer, the sub-Treasury Officers and the Head Accountant concerned. The balance of Rs. 100 has been recovered from the sub-Accountant's surety.

The defalcation was not due to any defect in system or rules, but to a gross failure to observe ordinary precautions and the rules on the subject."

Misappropriation of Rs. 3,310 from a treasury.—About Rs. 22,800 was taken out of the strong room and currency chest of a sub-Treasury in the morning and handed over to the shroff who worked in the Treasurer's room and attended to the cash transactions. Normally the shroff worked under the Treasurer's supervision, but on the day in question the Treasurer was otherwise occupied. In the evening it was discovered that Rs. 3,310 in notes were missing.

The shroff was convicted and sentenced to three years' rigorous imprisonment and a fine of Rs. 3,310 or, in default of payment, further imprisonment for two years. The local Government have directed the recovery of Rs. 1,100 from the Treasurer and the balance of Rs. 2,210 has been written off by the Government of India. Steps have also been taken to prevent the shroff having control of large sums of money in future.

Deficiency of Rs. 4,000 in the currency chest of a sub-treasury.—A deficiency of Rs. 4,000 was found in the currency chest of a sub-treasury by, a relieving Sub-Treasury Officer. It was made good by the cashier. Investigations showed that Sub-Treasury Officers had failed to verify the balances properly and that one Sub-Treasury Officer, contrary to the rule on the subject, had entrusted the cashier with his key of the double lock. The local Administration degraded one Sub-Treasury Officer and reprimanded the other. The cashier was removed from his post.

Theft of Rs. 3,000 from a sub-treasury.—A Sub-Treasury Officer in Baluchistan, who had to carry out an inspection in the district, handed over his set of sub-treasury keys to a chaprassi to take to the sub-Treasurer for the day. The latter had himself to leave the sub-treasury on one occasion

<sup>\*</sup> Accountant General, Barms,

<sup>+</sup> Compression, North-Wast Frontier Prevince.

for a few minutes while he was about to make payments and alleges that be told the chaprassi to put the money into the office and lock the door. In the evening the Sub-Treasurer found that a sum of Rs. 3,000 was missing.

It was apparent that a theft had been committed but it was thought by the police that the chaprassi had no hand in it. The Sub-Treasurer made

good the loss at once.

On the findings of the judicial enquiry held on the case the Revenue Commissioner concluded that irregularities committed by the Sub-Treasury Officer, the Sub-Treasurer and the police guard had contributed to the loss and directed that the strict observance of the rules in the Treasury Manual should be impressed on all officials connected with the administration of treasuries.

The Administration did not consider that any further action, departmental or otherwise, against the Sub-Treasury Officer need be taken as the Treasurer had made good the loss.

(a) Sanctioned in April -Rs. 450 and January Rs. 380, (b) Voted in February.

NOTES.

1. The large saving in the voted section occurs mainly under Sub-heads D and E which is due to the exceptionally heavy absorption of Nickel and Bronze coins that occurred during the last quarter of the year against a modest return assumed in the estimates on the basis of actuals up to December 1931. It has been explained that the actuals became available only after the close of the year and on the basis of information available in February, it was not considered safe to surrender the provision adopted on this account.

 Sub-head G—Works was opened in accordance with instructions issued in January 1931 after the budget had been framed, to incorporate charges on works which had previously been met from some other head of the grant and then finally debited to the Public Works Grant by credit to the Mint receipt head.

### GRANT No. 73.-CIVIL WORKS.

ACCOUNT of the Sum Expended, in the Year ended 31 March 1932, compared with the Sum Granted, for Expenditure on Civil Works.

Final Actual: Excess + Net Remainder Major Head and Sub-head. Expendi- Saving -. reappro-Appro priation adjusted priation. ture. or surrender. + or -. Rs. Re. Rs. Ra. Rs.

Major Head "41-Crvn. Works", A.-Original Works-Buildings:

> A. I.—General Administration Non-voted . 8,000 19,536 +11,536 +11,576 —40

Addition in appropriation mainly in Western India States Agency (Rs. 9,626) for the purchase of certain buildings originally meent for the Police Department, but subsequently allotted to other Departments.

Voted 4,51,200 (3,37,483 -1,13,717 -1,02,640 -11,077

Reduction in appropriation was made in Delhi Province on account of curtailment of expenditure, unjoy works (Rs. 81,000) and minor works (Rs. 16,000).

A. 2.-Jails and Convict Settlements

Reduction in appropriation chiefly in North-West Frontier Province on account of saving accruing in the construction of Haripur Jail (Rs. 1,26,232) counterbalanced to the extent of Rs. 47,415 by excess expenditure on renewals and in improvements in the Central Jail, Peshawar.

A. 3,—P clice Non-voted . 1,67,500 1,32,477 —35,023 —25,321 —9,703

Mainly in Western India States Agency on account of low tender rates and non-utilisation of provision for works contingencies.

Voted . . 39,400 70,428 +31,028 +30,396 +632

Additional appropriation (Rs. 21,396) in North-West Frontier Province, chiefly for the construction of a bungalow for the Superintendent of Police at Bannu and (Rs. 8,292) in Rajputana for the essential works needed for Mewar Bhil Corps Lines at Kherwara.

A. 4,-Other heads

Non-world . . . 1,62,300 1,10,285 -52,017 -19,852 -32,165

Reduction in appropriation mainly in Persian Gulf Sub-Division (Rs. 1,04,000) as the work on new Kuweit Agency Building was not sanctioned; counterbalanced by provision for new works, etc. electrification of Kuweit Agency buildings (Rs. 19,313), purchase of a new Electric Plant for Bushire (Rs. 13,500), Medical works for Mahi Kantha Agency, Bombay (Rs. 11,243), construction of a church at New Cantement, Delhi (Rs. 14,220) etc. Non-tuilisation of provision for the Electric Plant at Bushire and electrification of Kuweit building account for the saving which was offered for surrender but too late for acceptance.

Voted . . 5,19,500 2,71,281 -2,48,219 -2,48,286 +67

Reduction in appropriation mainly in North-West Frontier Province for non-utilisation of provision for a school building at Mardan (Rs. 59,000) and saving in provision for Normal Women School building at Peshawar (Rs. 46,000) and in Delhi Province for curtailment of expenditure and postponement of certain works (Rs. 1,14,900).

A. 5 .- Civil Works :

Beduction in appropriation mainly in Baluchistan on account of less expenditure on several minor works.

A, 5 (2).-Losses on Stock . 1,700 4,354 +2,654 +2,976 -322

Additional appropriation mainly for un-anticipated losses in Delhi Province.

Connected with adjustment in I	ndia of lea serving in	ve salaries various Pr	and overses ablic Works	Division-	Adjustment

of officers belonging to or previously serving in various Public Works Divisions. Adjustment is made in India usually by debiting this sub-head and crediting sub-head M. Final charges appear under sub-head N. 2. Excesses occurred in Persian Gulf Sub-Division (Rs. 17,825) and Central India (Rs. 16,150) owing to leave salaries, etc., not provided for. These are covered by savings under M. and provision under N. 2. Expenditure includes also Rs. 2,346 connected with Road Engineer, which is recoverable from Road Development Fund. See R. 1 and R. 2. --5,200 -5,2005,200

No necessity arose for the payment.

        Grant based on forecast from India apparently provided for certain leave salaries which
   however, proved chargeable to Grant No. 97 in accordance with the payment authorities.
   Leave salary of only one officer who arrived on leave during the year was charged here in
    addition to a small sum paid to an officer in respect of a short period of leave continued from
    the previous year.

#### (a) Sunrtibued in March,

#### NOTES.

The final saving in the non-voted appropriation occurred mainly under Sub-head L. 2. (2) (Rs. 1,54,016) owing to adjustment of amount lying in deposit on account of receipts of E. and M. Plant against the expenditure outstanding under Miscellaneous Public Works Advances.

Final voted excess is mainly the result of under-estimation of block grant Sub-head Q. (Rs. 1,00,768).

2. Sub-head P.—Represents the "Reserve" with the Government of India. The operations on the "Reserve" during the year were as follow:—

he "Reserve" during the year were as follow:	Voted. Rs.	Non-voted. Ra.
Original provision for "Reserve"  Add.—Amount withdrawn to "Reserve" from Provinces and Areas—	2,96,700	80,200
(a) At the time of communicating the annual allotments (b) From time to time	11,59,051 20,41,245	1,75,668 3,14,769

Aden Other allotromits of less than Rs. 1,000 each	4,183	IP NOTE A

<sup>4.</sup> Pro rata Distribution—Civil works relating to the Central Government are generally carried out through the agencies of Provincial Governments and the Military Department by the establishments employed under those Governments and that Department. The total expenditure on account of establishment charges is distributed between the Central Government, Provincial Government and the Military Department usually on the basis of actual outlay of the year on the works of the respective authorities. This is known as provide distribution. Any special establishment, wholly employed on a work is, however, entirely charged to that work and is not included in the provide calculation.

Pro rata share varies with works expenditure and cannot be accurately estimated until the work charges for the year are definitely ascertained. It is this difficulty in estimating which is responsible for the large variations under sub-heads "I. 6 (I) to I. 6 (I5)".

Similar remarks apply to the charges on account of ordinary tools and plant used in the Public Works Department. The cost of special tools and plant, machinery, etc., required for a particular work or project is treated as a direct charge to the work or project concerned.

The following table shows the expenditure on Works, Establishment and Tools and Plant for the last four years—

The stores were counted departmentally and no discrepancies were reported. The stock in hand was priced within the market rates and a profit of Rs. 54 was adjusted in the account for 1931-32. The stock surplus to the requirements which, in the opinion of the Divisional Officer, would be utilised on sanction of a big construction work amounted to Rs. 7,320.

Ajmer Division . . 6,052 8,930 9,846 5,148

The stock was verified departmentally and no discrepancies were reported. The stock in hand on 31st Murch 1932, none of which was unserviceable or surplus to the requirements, was priced within the market rates and the profit of Rs. 385 was adjusted in the account for 1931-32.

Central India Division . 1,427 9,048 5,411 5,064

The stores were counted departmentally and no notable discrepancies were found. The stock in hand on 31st March 1932 reported to consist of serviceable materials and for the reasonable requirements of the department, was priced within the market rates and resulted in a loss of Rs. 76 adjusted in the account for 1931-32.

Stock registers for the division are audited locally. Review of register of stock for the half year ending 31st March 1932 and that of the previous year was not received for audit nor was any report of actual counting of atores made to audit. Stores reported surplus to the requirement of the department amounted to Bs. 10,000 a list of which is being circulated to all departments with a view to utilise the same. Stock in hand consisted of unserviceable stores worth Rs. 1,500 and serviceable stores in excess of requirements Rs. 5,000.

Bengal (Sikkim) . . . 0,700 15,813 17,622 7,891

The stock was verified by the Assistant Engineer in charge and found correct. There was no loss of stock due to depreciation or otherwise, on the contrary there was a profit of Rs. 114 after revaluation according to future issue rates and is included in the receipts. See Review below.

Assam 9,620 1,939 2,104 9,369
The stock was verified by the Executive officers of the Departments and a loss of Ra. 86
was reported as due to depreciation by which the closing balance was reduced. The returns

of stock for the year ending 30th September 1931 were audited by the Audit Officer.

The total closing balance was further reduced by Rs. 675 at the end of July 1932,

Review of Stock in Sikkim.—The review was made by the Pointical Officer. Sikkim. The
entire receipts of stock during the year 1931-32 aggregating Rs. 15.813 were obtained only by
parchase of the explosives (Rs. 12.310) for special repairs to certain roads and other materials
(Rs. 3,603). The necessity for keeping heavy balance of stock in reserve is due to the remoteness
of the Division from the market. The stock limit was reduced to Rs. 8,000 with effect from
lat April 1932, and endeavours are being made by the Engineer in charge to reduce further the
reserve of stock. The stock accounts were test audited by the Inspecting staff at the last
inspection of the Division in May 1932 but no important defects were noticed.

## Note on Stores Accounting.

Stores precedure.—Public Works Department stores comprise the following classes :-

- (1) Stock, or general stores,
- (2) tools and plant.
- (3) road motal and
- (4) materials charged direct to works.

For these, as a general rule, quantity accounts are maintained and in some cases, as for stock, or general stores, accounts in money values are also kept. The stores accounts given above relate only to the first entegory. As far as possible, material specially purchased for particular works is transferred to these works and the cost debited direct to them. Divisional Officers are to have stock taken throughout their divisions at least once a year, and it is prescribed that important stores should as a rule be counted by an officer not below the rank of a Subdivisional Officer. The Divisional Officer in conducting his half yearly (or annual) review of the stock returns has to see that stores are priced in accordance with rules, that stocks are taken periodically by responsible officers and that additions to stock are regulated by the requirements of the near future. The half yearly (or annual) returns and the review are audited either locally or at the Audit head-quarters office. There is also a concurrent monthly check in the Divisional office of the stock transactions of the month. Once a year the Divisional Officer has to furnish a statement to the Audit Office certifying the details of closing balances of his stock and that, subject to exceptions to be stated, none of the materials stocked are in excess of the probable requirements of the works of the Division for the subsequent twelve months. Local Governments fix the money limit (the "reserve stock limit") beyond which stock may not be purchased or manufactured without specific stantion. Deficiencies in the final verification are brought to account at once and if there has been any fall in the market value, the balances of stock are written down accordingly. The accounts, however, are not maintained in a form from which it is possible to ascertain readily except in special cases, (2) deterioration and (3) depreciation through a fall in market values.

# IMPORTANT COMMENTS.

# Administration of Residential Buildings.

1. General.—The financial results of the administration of residential buildings have not been mentioned in Appropriation Reports of recent years owing to the fact that rents were under revision as a result of the amendment in August 1927 of the Secretary of Stafe's rule on the subject (Fundamental Rule 45). The matter was further held up pending the framing of Government of India rules within the Secretary of State's rule and Government ordered that in consequence financial accounts for the residences in New Delhi should be prepared from 1929-30.

The practical result of the changes may be expressed in general terms as follows. Under the previous rule standard rent was fixed at 31 per cent, of capital cost (for interest) for buildings built and occupied before 1922 and higher rates for later buildings, plus an allowance for maintenance and repairs which might be based on experience. Sanitary and other fittings were separately assessed. The revised rule fixed a maximum rent limit of fi per cent. of capital cost which, for this purpose, would include the cost of sanitary, water supply and electric installations or fittings but exclude the cost of the site and expenditure on its preparation. In New Delhi the cost of boundary walls, and of roads and drains within compounds has not been included in capital cost for the purpose of working out standard rent, nor does the capital cost include any share of Public Works Departmental charges involved in construction, such as cost of establishment or tools and plant utilised. To determine the commercial cost to Government of supplying residences, the cost of acquiring and preparing the site and the departmental charges should be taken into consideration.

#### NEW DELHI.

2. General results for New Delhi.—The only accounts which have been so far prepared to exhibit the financial results of the administration of residential buildings in New Delhi have been those for 1929-30 prepared by the late Central Accounts Officer, Public Works Department. The accounts for 1930-31 and 1931-32 have not so far (February 1933) been prepared, and the question is under consideration whether in the meantime the 1929-30 accounts provide sufficient information regarding the administration of residential buildings in New Delhi for the purpose of exhibiting the general results and of drawing attention to such apparent defects of administration as may be remediable for the time being. The following table gives the general results for the year extracted from these accounts:—

### NEW DELHI RESIDENTIAL BUILDINGS, 1929-30.

Category,	Capital cost (including site, etc.)	Actual Realisa- tions.	Actual cost of mainten-	Net Receipta.	Percentage of 5 on 2.
1	2	3	- 4	5	6
	Lakha of Rs.	Re.	Rs.	Ra.	
(1) Presidents of Legislature (2) Members of Executive Council* (3) Officers Houses** (4) Members of Legislatures (5) Western Hostel (6) Unorthodox Clerks (7) Orthodox Clerks	1.3 7.4 61.3 9.1 5.2 21.9 43.7	2,707 13,546 1,42,455 9,621 7,588 53,524 1,84,243	2,495 9,425 80,876 12,460 9,770 33,861 78,288	212 4,121 52,579 2,839 2,182 10,663 1,05,955	0·16 0·56 0·86 -0·31 -0·42 0·89 ± 42
Total .	. 1,49-9	4,13,684	2,36,175	1,77,509	1-18

\*Exclusive of residences of His Excellency the Commander-in-Chief, which is rent free, and residences of his staff, which were occupied for about 2 months only.

\*\*Exclusive of three residences which were occupied rent free; also excludes 8 new residences for which capital cost and standard rent had not been determined and for which Re. 387 rent was received.

3. The figure of capital cost (1,50 lakhs) includes cost of site and certain other charges not taken into account in assessing standard rent. It does not include departmental charges on establishment and tools and plant incurred on construction, which would come, at say 14 per cent., to 21 lakhs. Similarly, the expenditure on cost of maintenance does not include departmental charges which would come, at say 20 per cent., to Rs. 47,000.

4. Net cost to Government.—The total cost to Government on a commercial basis of housing its servants in New Delhi (other than those supplied with rent free residences) for 1929-30 may therefore be taken to be—

											Lakhs of Rs.
Interest at say 5 Cost of maintens Less receipts	per e	cent. on	1,71	lakhs	 D		4	***	2		8·5 2·8 —4·1
=======================================			N	et eost		100	1	riig.	-7	3	7-2

This figure does not include anything for the cost of planting or maintenance of trees, grass, hedges and shrubs: which is carried out by Government free of cost to the tenant.

It is doubtful if the results for the next two years will show any significant variation from this figure. Retrenchment and cuts in pay would tend to increase the cost, while improvements in details of administration, the changes alluded to in paragraph 9 below and increased letting out of residences to private individuals during the summer season will effect a decrease. The figure represents of course only the direct cost and does not take into consideration any set-off for allowances which might have had to be sanctioned if residences had not been provided.

5. Cost of maintenance and repairs.—In making estimates for cost of annual and special repairs to residences 1% per cent, of gross capital cost is generally allowed for the buildings themselves, 3% per cent, for water installations and 4% per cent, for electrical installations. These allowances should be more than ample when the buildings are still young and special repairs are few; a general fall in prices, such as has occurred since the construction of most of the New Delhi buildings should also increase the disparity between these estimates and the actual cost. The comparative figures for 1929-30 are—

								Es:
(1) Estimate for annual cost	of mi	inten	ance a	6 stan	dard r	stee		3,19,892
(2) Actual cost in 1929-30					,	,		2,36,175
(3) Percentage of (2) to (1)						4	14	74

The percentage corresponding to the last figure for orthodox clerks' quarters alone is the high one of 84 (see table in paragraph 8 below).

6. Losses on orthodox chummeries.-From the table in paragraph 2 it will be seen that residences for orthodox clerks are the most remunerative of all, bringing in a return of 2.4 per cent. (not taking into account interest charges) on the gross capital cost. Within this category, however, there is an unremunerative class of buildings, the chummeries for orthodox clerks costing 31 lakhs, of which the cost of maintenance (Rs. 5,420) has exceeded the realisations (Rs. 3,192). The 1926-27 Report (paragraph 103) mentions the poor return for these chummeries. Their unpopularity was then considered to be due to their high rents and defective catering arrangements. The Public Accounts Committee recorded that it was admitted that the cost of construction was excessive in comparison with the probable return but that they were being let out in the best way possible having regard to circumstances. Apparently the demand for this class of accommodation is small and it is doubtful if its conversion into any other type of accommodation would result in additional yields commensurate with the cost of conversion. If, however, the standard rents of all orthodox clerks' quarters, including these chummeries were pooled and redistributed on a plinth area basis the result would be a slight enhancement of the rents of the nonchummery quarters, which would then cover some of the loss on the chummeries.

- 7. In the case of residences for members of the Legislature and the Western Hostel also the realisations have been insufficient to cover the cost of maintenance for the year. The Audit Department has no constructive suggestions to make to improve the results.
- 8. Reduced realisations owing to move of Government of India.—The following table shows the relation between the total standard rent of each category or residence and the actual realisations, rent free residences again being excluded. (For convenience figures showing the percentage which the actual cost of maintenance bears to the estimates for maintenance alluded to in paragraph 5 are also included here).

# NEW DELHI RESIDENTIAL BUILDINGS, 1929-30.

Category.			Actual realisations.	Total Standard Rent.	Percentage of (2) to (3),	Percentage; of actual cost of maintenance to estimates.	
(1) Presidents of Legislatm	res			2,707	7,541	36	87
(2) Members of the Execu		Counci	1	13,546	39,390	- 34	
(3) Officers	*****	- Marine		1,42,455	3,28,050	43	73
(4) Members of Legislature			-7	9,621	49,840	1.0	- 64
(5) Western Hostel .		-3		7,588	31,524	24	58
(6) Unorthodox clerks		3	- 7-	53,524	1,17,716	43	75
(7) Orthodox clerks .	100		-	1,84,243	2,55,958	72	. 64
Total				4,13,684	8,30,925	50	76

Thus realisations amounted to only 50 per cent. of the standard rent. The principal reason for this is the move of the Government of India to Simla for the greater part of the year. Rough calculations seem to indicate that the additional revenue which would accrue to Government if the Government of India were to extend the period of its stay in Delhi would amount to something of the order of half a lakh per month. This, however, is only one facet of a wider question, namely the cost of the move of the Government of India.

9. Operation of the 10 per cent. rule.—No Government servant can be required to pay more than 10 per cent. of his emoluments as rent. This limitation had no application in 1929-30 for categories, (1) and (2) of the table in the previous paragraph. For category, (3) a test check has been made to ascertain to what extent Government might be considered as having suffered a loss through occupation of its residences by individuals subject to the 10 per cent, rule if tenants on higher pay had been available. The results indicate that the loss on this account was roughly between Rs. 15,000 and Rs. 25,000 in the year. With regard to a certain amount of this, however, it is apparent that the loss is unavoidable to the extent that it relates to the operation of the 10 per cent, rule during the summer season when there is a great shortage of tenants. Further analysis seems

to show that the greater part of the loss under this head occurs with respect to the cheapest class of officers' quarters, namely class D, of which the standard rent is from Rs. 70 to Rs. 106 per month. Previously there was no inferior limit to the rate of pay of gazetted officers who might occupy these quarters and all non-gazetted Government servants, no matter how large their emoluments, were restricted to residences in categories, (6) and (7), the highest rents of which are Rs. 56 and Rs. 40 per month respectively. In 1931 the rules were amended sub-dividing the lowest class of gazetted officers into two, separating off those whose emoluments were less than Rs. 600 per month, for whom a separate set of residences would be allocated, and in January 1933, a further amendment was introduced making non-gazetted Government servants whose emoluments were Rs. 600 or more per month eligible for the lowest class of residences in category (3). These changes will reduce the losses through the operation of the 10 per cent. rule.

10. As detailed accounts have not been prepared for each residence coming under categories (6) and (7) it is not possible to state to what extent the application of the 10 per cent, rule has resulted in reduced rents being received under these categories. For the important category (7) of orthodox clerks' quarters there should, however, in ordinary years, i.e., when the 10 per cent, cut in pay is not operative, be little or no loss as the rules of allocation provide for the allotment of quarters in such a way that the 10 per cent, rule will not operate except for some of those whose

emoluments are less than Rs. 160 per month.

clerks' quarters, class C, which are intended to be occupied by Government servants receiving emoluments between Rs. 225 and Rs. 350 is Rs. 52 a month while the rent of the higher class (class B) of quarters is Rs. 42 a month only. There has been a considerable loss every year on unorthodox clerks' quarters, C class, as the rent liability of a Government servant is limited to 10 per cent. of his emoluments. It is a question for consideration if this loss cannot be avoided or at least reduced by pooling the rent of all classes of unorthodox clerks' quarters and redistributing it on the basis of the floor area occupied by each class of quarters.

12. Occupation by private persons.—Many residences are let out during the summer season to private individuals. It would be of interest if statistics could be furnished showing the realisations on this account from year to year. There is possibly some scope for the enhancement of revenue on this account, rents being adjusted for the purpose to a scale which will attract the maximum total realisations consistent with the ability of Government and the Municipal Committee to maintain essential services during the sum-

mer season.

13. It is not intended that a review at such length will be submitted in future Reports unless the Public Accounts Committee specially request that

this should be done.

14. The original draft of these paragraphs was sent to the Chief Engineer in September and to the Government of India in November 1932 but as no replies have so for been received (February 1933) it has not been possible to incorporate their views on the subject.

Temporary diversions of allotments from the Road Development Account.

14. A resolution was adopted in the Legislative Assembly on the 3rd October 1931 to the effect that, in view of the financial stringency, the apportionment made among Governors' Provinces and Minor Administrations in the road development account might, in special circumstances and upon the advice of the Standing Committee on Roads, be made available as a temporary measure for expenditure on the ordinary maintenance of roads, provided that the local Government or the Administration concerned undertook to restore such sums at a later stage, when conditions rendered this possible, for approved schemes of development. The Government of India have not issued any general orders on this Resolution, but proposals for the temporary diversion from provincial shares in the road development account are considered by Government and orders passed in individual cases upon the advice of the Standing Committee of the Central Legislature and subject to the conditions specified in the Resolution. The following diversions have been sanctioned in 1931-32.

In Bombay a diversion of Rs. 16 lakhs to ordinary maintenance, being approximately the share of the provincial Government for one financial year, was sanctioned in October 1931. This amount was applied to maintenance during the year 1931-32 in addition to a sum of Rs. 16.80,516 from provincial revenues. On the motion of the Standing Committee on Roads sanction to this diversion was, in the first instance, made conditional upon submission by the local Government of a programme of the works which they would propose to undertake when, in due course, the diversion was restored to development. The local Government subsequently submitted this programme, but on reconsideration the Government of India decided with the advice of the Standing Committee that the conditions under which such a deferred programme would fail to be carried out were so hypothetical that its sanction at the present stage would be of little practical value and they have, accordingly, since waived this condition.

In the Punjab in March 1932 sanction was accorded to a diversion from the provincial share of a total sum of Rs. 8-26 lakhs during the financial years 1931-32 and 1932-33. Up to the end of 1931-32 Rs. 4-02 lakhs was diverted to ordinary maintenance and in addition a sum of Rs. 41-19 lakhs was applied to maintenance from provincial revenues. No condition regarding the submission of a deferred programme was made in this case.

In the case of the Central Provinces, a diversion was sanctioned in January 1932 of a sum of Rs. 2.5 lakhs from the provincial share in the road development account for expenditure upon the completion of certain roads, being works in progress before the institution of the road development account. No condition regarding the submission of a deferred programme was made in this case also.

Finally, in the case of Assam, sanction was accorded in February 1932 to the diversion of a sum of Rs. 87,000 from the provincial share towards the completion of the Shillong-Jaintiapur Road, being a work previously in progress in the provincial loan development programme and undertaken before the institution of the road development account. In this case the condition of the submission of a deferred programme was imposed and the

local Government submitted a programme accordingly which was approved by the Government of India. There was no expenidture against the diversion sanctioned as above during the year 1931-32.

# Overpayment of Rs. 2,502 to a contractor.

15. According to the specification in the schedule of rates, which formed the basis of a certain contract, 30 cubic feet of cement mortar should have been used for every 100 cubic feet of cement masonry work, but it was noticed in audit that the contractor had actually used much a smaller proportion. The audit objection resulted in the rates of masonry work being revised according to the actual ratio of cement mortar to cement masonry work and the recovery of a sum of Rs. 2,502 in respect of the entire quantity of cement masonry work already done by the contractor.

\* Director of Army Audit,

### GRANT No. 74.—SUPERANNUATION ALLOWANCES AND PENSIONS.

ACCOUNT of the Sum Expended, in the Year ended 31 March 1932, compared with the Sum Granted, to defray the Expenses in connection with SUPER-ANNUATION ALLOWANCES AND PENSIONS.

Net Remainder Final Actual Excess + resporeun. Major Head and Sub-head. Saving -. Appro-Expendiprintion adjusted printion. ture. or surrender. + ar -. Ra. Re. Ra. Rs. Ra.

MAJOR HEADS "45—SUPEBANNUATION ALLOWANCES AND PENSIONS", AND "45-A.—COMMUTA-TION OF PENSIONS FINANCED FROM ORDINARY REVENUE".

#### PAYMENTS IN INDIA-

A .- Superannuation and Retired Allow-BDO

The supplementary appropriation was sanctioned to meet the normal increase in pensions and pensions to retrenched personnel and also in view of the transfer of certain existing pensions from voted to non-voted category. See paragraph 14(1) of the Report.

The supplementary grant sanctioned to meet the anticipated increase in pension to retrenched personnel proved inadequate. The reduction of the provision in certain provinces mainly in Madras and Bengal was not fully realised owing to numerous retirements due to retrenchment towards the close of the year.

#### B .- Compassionate Allowances

Abnormal increase in the number of pensioners mainly in the Frontier Irregular Corps.

#### C .- Gratuities

Mainly in Bombay (Bs. 8,760). It has been explained that the payments being of a fluctuating nature, accurate estimate is difficult.

E .- Transfer to the Indian Civil Service (Non-Europ-can Members) Provident Funds

In Madras (Rs. 96,881), provision having been made under a misapprehension under subbend L counterbalanced by savings elsewhere owing to fewer transfers. See Note 3.

The supplementary grant of Rs. 2,39,000 was obtained to cover excess anticipated on the basis of recorded expenditure for first seven months of the year, i.e., up to October 1931. On the basis of expenditure recorded up to December 1931, a further additional appropriation of Rs. 2,01,000 was applied for on 13th February 1932, but funds to the extent of Rs. 1,62,223 could not be provided owing to the lateness of the application.

K.-Missellaneous Pensionary Payments:

Reduction in appropriation mainly in North-West Frontier Province (Rs. 9,790) owing to non-drawal of pensions by certain pensioners.

L.—Concession Grants
in respect of past contributions to annuities:

See sub-head E. Actual expenditure was connected with an unanticipated retirement in the United Provinces.

#### PAYMENTS IN ENGLAND-

M.-Superannuation and Retired Allowances

M. I.—India Office and High Commissioner's Establishments:

Estimate leading to final appropriation was based on the experience of the first half of the year.

In view of the variability of expenditure under this head, the grant always include substantial contingent provision for gratuities payable on termination of service. This provision was, however, not wholly required.

M. 2.-High Court Judges :

Continued decline in expenditure due to provincialisation which had tended to slow down in the last two years, again approached the higher rate of previous years.

M. J .- Indian Civil Service-

Anticipated decrease in the rate of annual decline in expenditure as a result of provincialisation did not materialise. Expenditure during this year fell by nearly Rs. 53,332 more than in 1939-31.

Notes.

 Non-voted savings occur mainly in the English portion of the Accounts—under subheads M. 1 (Rs. 32,524), M. 3 (Rs. 38,854), M. 4 (Rs. 1,73,463)—and under sub-head U.—Loss

or Gain by Exchange (Rs. 1,44,356).

2. System of accounting under sub-heads I and J.—The method of transferring charges, from Capital to Revenue under these sub-heads is explained in the Notes under Grant No. 96.—Commuted Value of Pensions. The difference between the figures shown in columns 5 and 6 against sub-head J—Voted of this grant and those shown in columns 5 and 6 against sub-head E of Grant No. 96 are due to the fact that the additional funds saked for under the former grant could not be arranged when the application was made (13th February).

3. Sub-head E.—This sub-head was opened in accordance with instructions issued in May 1931 for the record of transfer of amounts at credit of a subscriber under the Indian Civil Service Family Pension Rules or the Indian Civil Service (Non-European Members) Family Pension Rules to the new Fund named the Indian Civil Service (Non-European Members) Provident Fund, created from the 1st January 1931. There was no transaction of this nature in 1930-51.

<sup>(</sup>a) Sauctioned in March.
(b) Voted in February.

#### IMPORTANT COMMENTS.

- Excess over the Grant.—The principal voted excesses occur under subheads A, G, J, V. 1 and V. 3.
- 2. There is an excess of Rs. 1,43,654 under sub-head A voted (superannuation and retired allowances). The estimates in most accounts circles seem to have been upset by the large number of retirements towards the close of the year, as the result of retrenchment, the principal contributors to the excess having been Bengal (Rs. 36,000), North West Frontier Province (Rs. 38,000), Madras (Rs. 30,000), Punjab (Rs. 19,000) and the United Provinces (Rs. 18,000). The supplementary grant of Rs. 2,40,000 was based on the progress of actuals in the earlier part of the year and proved inadequate. The following table exhibits the progress of expenditure under this sub-head for the past five years and also shows how the original budget estimates have always been unduly conservative, though it has to be added that the actuals of 1929-30 and 1930-31 included abnormal amounts of 11 and 2 lakhs respectively.

						In thousand	is of Rupess.
						Original estimate.	Actual expenditure.
1927-28	10	1	2			56,52	59,21
1928-29	41	4		4		60,33	61,14
1929-30	40	) ii	25		4	64,16	75,79
1930-31			-	1647		67,64	71,92
1931-32	•	30	*	(0)		72,84	76,05

- 3. A moderately close estimate was made, on the basis of actuals to end of December, of the requirements under sub-head J, voted Commuted value of Pensions financed from ordinary revenue (this sub-head being the counterpart of sub-head E, of Grant 96) but it was not found possible at the time the application for additional funds was made (13th February) to submit a supplementary demand to the Legislative Assembly and so there remained a final uncovered excess of Rs. 1,72,922 under the sub-head.
- 4. The excesses under sub-heads V. 1 and V. 3 (Deduct—pensionary charges transferred to accounts of commercial departments—Posts and Telegraphs Department and Irrigation) have been explained in the notes under these sub-heads and are principally due to reductions of the percentages applied to establishment charges in working out pensionary liabilities, in both cases the decision regarding the change having been announced after the close of the financial year.
- The excess under sub-head G—Pensions and Allowances paid in respect of other provident funds—has been explained in the note under that sub-head.

```

#### NOTES.

- 1. The final non-voted excess (Rs. 2,021) occurs mainly under sub-head A. 3 (Rs. 398), G. 1 (Rs. 1,120) and G. 3 (Rs. 508) and has been attributed to unforeseen expenditure under cost of passages and leavesalary. The final not excess in the voted portion of the grant occurs in the deductions portions of the grant, the final savings (after surrender of about 15 lakks) in the gross voted grant having been 0.4 per cent.of the original gross voted grant. These excesses occur mainly under sub-heads Y 1 (1) (Rs. 1,08,325) and Y. 1 (2) (Rs. 1,21,444) and are due to smaller demands than were anticipated during the course of the year on the pert of the Posts and Telegraphs and Railway Departments.
- 2. Sub-heads E. 7 and E. 9.— (Central publication Branch—English charges on publications). The Government of India having agreed in November 1931 to the retention of the practice of the final adjustment in the Indian Accounts of the cost of all publications purchased in England, these sub-heads will no longer be operated upon.
- Sub-heads under F.—Central Forms Press, Calcutta—These are new sub-heads for the record of charges of the Central Forms Press, Calcutta, which were previously provided for under the sub-heads subordinate to "Central Forms Stores".
- 4. The Government of India sanctioned the temporary suspension of the operation of Rules I to 3 of the Rules for the Depreciation Fund in the Government of India Presses for five years with effect from 1931-32. Accordingly, the amounts of depreciation on plant, etc., calculated at percentage rates have not been charged to the sub-heads concerned, viz., G. 8, J. 8, N. 8 and P. 8. The total saving on this account during the year was 2:25 lakins (see also comments on the Depreciation Fund for Government Presses in the Commercial Appendix).

### IMPORTANT COMMENT.

The commercial accounts of the Presses, etc., have now been transferred to the Commercial Appendix.

# GRANT No. 76 .- MISCELLANEOUS.

Unforescen adjustments in the closing months of the year owing to fluctuations in the rate of exchange of krans in Persia caused the final excess.

> Voted 48,600 } S(a) 2,000 f 30,713 -19,887 -10,738 -9,149 50,600

Savings occurred mainly in Punjab, on account of restricted expenditure on the Institute for disabled soldiers.

L.—Payments arising out of the Military

Land Scheme

Mainly under municipal tax (Rs. 6,310) as tax for 1931-32 is payable in 1932-33 and under Azonny charges payable to the Government of Hombay. See Note 4.

#### NOVES.

- 1. The percentage of final voted savings to final appropriation (col. 2) shows slight improvement over last year's figures, being 6.6 against 7.3 last year but the overestimation of recurrements of certain Commissions and Committees, noticed at page 223 of last year's Report, continued this year also vide Sub-heads D. 6 (1). D.6 (2) and D. 6 (3). These over—budgetings account mainly for the final savings in the grant. Supplementary grants obtained under Sub-heads D. 6 (2), D. 6 (3) and J. 6 (3) were excessive and under Sub-heads F and K supplementary grants were unnecessary.
- 2. Sub-head B. 2.—The provision under this sub-head is intended to cover the cost of all Indian newspapers and periodicals supplied to the India Office and the High Commissioner for India, including charges for transmitting them by air mail,
- 3. Sub-heads J. 1 (1) and J. 1-(2).—The voted provisions under these sub-heads were withdrawn by reappropriations sanctioned and surrender accepted by Government. Subsequently on the 10th March 1932. Government, through an oversight, accepted a further surrender of Rs. 3,958 from the former sub-head and of Rs. 1,000 from the latter, and on the same date sanctioned also a reappropriation of Rs. 42 from the former sub-head, with the result that the sums of Rs. 4,000 and Rs. 1,000 respectively were withdrawn in excess of the provisions available under the sub-heads. The excesses shown against the sub-heads are due to this cause.

(a) Voted in February.

(b) Sanctioned in October Rs. 1,184; January Rs. 100 and February—March Rs. 67,410.

(c) Sanctioned in Jonuary Rs. 7,808 and March Rs. 46,735.

(d) Sanctioned in January.

- 4. The new sub-head " L.—Payments arising out of the Military Lands Scheme" was opened for recording charges payable to the Government of Bombay for the management of the properties forming assets of the defunct Military Lands Scheme. Similar charges were recorded last year under the sub-head " K.—Other charges ".
- 5. D. 6.—Other Commissions and Committees.—The consolidated charges (voted and non-voted) recorded under the heading during 1931-32 are:—

		100	Rs.
	The state of the s		1,079

	Total		9,55,362

Subhead D.—Voted and Non-coted.—The following statement shows the progressive expenditure up to 1931-32 on those committees, etc., on which there was previous expenditure also:—

	100	Rs.
(1) Tariff Board (2) Indian Statutory Commission (3) Royal Commission on Labour (4) Drugs Committee (5) Indian Central Banking Enquiry Committee (6) Salt Survey Committee (7) Indian Round Table Conference (8) North-West Frontier Defence Committee (9) Madras—Provincial Banking Enquiry Committee (10) Bengal—Provincial Banking Enquiry Committee (11) United Provinces Banking Enquiry Committee (12) Bihar and Orissa—Provincial Banking Enquiry Committee (13) Central Provinces—Provincial Banking Enquiry Committee	1	18,91,953 9,11,902 8,44,662 50,945 5,60,361 40,778 4,82,279 26,388 38,013 78,128 44,224 70,241 1,08,534
Total		51,48,408

<sup>7.</sup> The arrangement regarding the incidence of the cost of the Burma Round Table Conference was that the cost not borne by His Majesty's Government should be shared equally by the Government of India and the Government of Burma. Funds were provided not under Sub-heads D. 6(3)—Travelling expenses (voted) and D. 6(5)—other expenses (voted) to cover the portion of the cost chargeable to Central Revenues, whereas provision should have been made for gross expenditure not borne by His Majesty's Government, the Burma portion being shown as recovery of the expenditure.

# GRANT No. 76A.—EXPENDITURE ON RETRENCHED PERSONNEL CHARGED TO REVENUE.

ACCOUNT of the Sum Expended, in the year ended 31 March 1932, compared with the Sum Granted, to defray Expenses in connection with the Leave Salary and Repatriation charges of Retrenched Personnel Charged to Revenue.

#### NOTE.

This is a new account opened as described in paragraph 28 of the Report to record expenditure on loave salary and repatriation charges of Government servants discharged on the abolition of their posts as a result of retrenchment.

#### GRANT No. 77 .- REFUNDS.

ACCOUNT of the Sum Expended, in the Year ended 31 March 1932, compared with the Sum Granted, to defray the Expenses on account of REFUNDS.

Major Head and Sub-head, Final Actual Excess + reappro- Remainder Appro- Expendi- Saving -, printion unprintion, ture, or surrender, adjusted + or ---

Ra. Ra. Ra. Rs. Rs.

(Various major heads are involved.)

A .- Customs

Non-voted O. 33,70,800 \ B.(a) 9,42,000 \ 43,12,800 44,46,885 +1,34,085 - +1,84,085

Mainly in Bombay (Rs. 1,49,613), owing to incressed rates of duty and levy of surcharge and payments of drawbacks on silver,

Voted O. 66,19,000 78,78,000 83,63,717 +4,85,717 -8,07,150 +12,02,867 8, (b) 12,59,000 }

Supplementary Grant obtained on account of increase in the rates of duty and levy of surcharge, increased re-exports to Kashmir and Afghanistan and payments of refunds in respect of excise duty on motor spirit and Korceine oil exported to Afghanistan. The final excess—mainly in Bombay (Rs. 9,87,163) and in Burma (Rs. 4,19,149) was due to unanticipated adjustments of debits after the close of the year, when the appropriation had already been reduced in view of trade depression.

#### B .- Taxes on Income :

B. 1 .- Income-tax

O. 1,58,17,600 \ 1,64,17,084 1,34,39,181 -29,77,903 +40,600-30,18,503 8. (a)5,99,484 }

Non-utilisation of a lump provision of Rs. 53,00,000 in India Circle, counterbalanced by excesses in other provinces owing to discontinuance of business, increase in number of appeals, etc. vir., in Bongal (Rs. 11,73,671), Punjab (Rs. 1,41,493), Madras (Rs. 3,91,122), Central Provinces (Rs. 1,66,441), Burma (Rs. 1,67,323) and Bombay (Rs. 4,10,426)—See Important Comments.

B. 2. Super-tan

O. 11,65,000 \\ S. (a) 13,73,990 \\ 25,38,990 \\ 20,63,393 \ldots 4,75,597 \ldots 44,366 \ldots 4,31,232

Supplementary appropriation, obtained to meet anticipated excess, proved high. Saving occurred mainly in Bengal (Rs. 4,36,808). It has been explained that the expenditure being of a fluctuating nature no accurate estimate of requirements could be made for appeals and refunds.

C .- Salt

 +37,100
 +46,072

Supplementary Grant obtained to meet refunds of revenue in respect of unallotted indents deposited in the Treasury prior to the introduction of suspense account in the Northern India Salt Revenue Department from 1st February 1931. Adjustment of a debit raised against the Department by another Accounts officer after the close of the year (Rs. 52,204) caused the final excess.

D.-Stamps

(a) Sanctioned in March.

(b) Votal in February.

#### IMPORTANT COMMENTS.

The table below shows the percentages of savings (-) and excesses (+) both under Voted and Non-voted sections of the Grant for the last five years.

	Year						Voted.	Non-voted.
1927-28	100	-		741	4	160	. +2	-1
1928-29		6		100	16		11	-6
1929-30	1 42	197	v	140		0.00	> -17	6
1930-31	-	(41)		100	3	8.7	+16	-5
1931-32				-	7.0	**	+16	-14

The total voted excess occurs principally under sub-head A (Customs) and the non-voted savings under sub-head B (Taxes on Income).

As recorded in the Reports of previous years large variations principally, responsible for the savings or excesses in the grant as a whole had generally accrued under the sub-heads A.—Customs (voted and non-voted) and B.—Taxes on Income (non-voted) and these features are again prominent in the accounts for 1931-32. The opinion was expressed that it was doubtful

<sup>(</sup>a) Sanctioned in January Rs. 8,896 and February-March Rs. 13,250.

<sup>(</sup>i) Sanctioned in February.

<sup>(</sup>c) Sanctioned in January.

whether it would be possible to improve substantially the estimating under the voted portion of sub-head A, owing to the nature of the charges but that a closer estimate should apparently be possible during the course of the year in the non-voted sections, especially under B.—Taxes on Income (see page 240 of the 1930-31 Appropriation Report.)

A curious feature of the accounts for 1931-32 is that under the sub-head B.—Taxes on Income in Madras, Punjal and Bengal (the Deputy Accountant General, Central Revenues, Calcutta being the accounting officer in the case of Bengal) the controlling officers assumed that the amounts shown for refunds of Income-tax in the budget notes estimates represented the allotments at their disposal for this purpose. These amounts exceeded the allotments shown in the Demands for Grants by 15 lakhs. The budget estimates are not, of course, authoritative as regards allotments for expenditure and the figures shown in the Demands for Grants should have been adopted, but in these cases the misunderstanding persisted throughout the year and vitiated all proposals for reappropriation and surrender of funds. Controlling officers now seem to be aware of the correct position and this mistake is not likely to be repeated.

Another peculiar feature of the year was that the allotments shown in the Demands for Grants for 1931-32 included 53 lakhs (non-voted) to be taken under sub-head B against the India circle of account, which generally means against expenditure booked by the Accountant General, Central Revenues. This amount was perhaps intended as a reserve against excesses in the Provinces but no reappropriation was made from it—in other words, the fact of the existence of this provision seems to have been overlooked by the controlling authorities. Possibly a partial explanation of the oversight is that the Accountant General, Central Revenues reported to the Finance Department in December 1931 (in the annual Statement of savings and excesses) that no modification of this provision was proposed as the details of the provision were not known and this reference was misunder-stood.

These mistakes would probably not have occurred if the new system of control of expenditure for sub-heads A and B had been in force. Under this system, which will come into effect from the 1st April 1933, the appropriations for refunds will not be distributed to various circles but control will be exercised by the Central Board of Revenue on the basis of returns of expenditure and estimates from the various disbursing officers. It is recognised that refunds are inevitable payments which should be disbursed whether funds are available or not; it should also be possible under this system for the Board to receive later information than would otherwise be possible and to propose reappropriations and surrenders on the basis of this information.

#### GRANT No. 78.-NORTH-WEST FRONTIER PROVINCE.

SUMMARY by Accounts of the Sum Expended, in the year ended 31 March 1932, compared with the Sum Granted, to defray the Expenses in connection with the North-West Frontier Province.

Ascounts,	Appro- priation.	Actual Expendi- ture.	Excess + Saving	priation adjusted
LDirect Demands on the Revenue-	Ra,	Ra.	Ra.	or surrender. + or — Rs. Rs.
Land Revenue ( Non-coted .	18,000 3,27,000	17,701 3,55,977	-299 +28,077	+43,939 —14,962
Sub-head C. 1.—The original ex-	cess of Rs.	31,379 und	er Voted o	ver the original appro-

Sub-head C. 1.—The original excess of Rs. 31,379 under Voted over the original appropriation of Rs. 2,66,600 is mainly due to pay of Patwaris being disbursed monthly instead of quarterly.

H.—Direct Demands on the Revenue — Forest [ Non-noted . 58,050 56,377 —1,673 —380 —793 [ Voted . 8,32,000 6,97,522 —1,34,478 —1,14,254 —20,224

Sub-head B. Vetel.—The original saving of Rs. 1,16,546 against the appropriation of Rs. 6,47,300 is mainly due to economy (Rs. 82,400) and to the decreased output of timber (Rs. 25,600).

Final savings occur mainly under sub-heads B, (Rs. 23,758), C. 2 (Rs. 6,269) and C. 4 (Rs. 8,085) which are due to more savings having been retained against Probable savings (F.) than were necessary.

III.—Other Direct Demands on the Revenue

11,427 Non-roted . 14,000 -2.573-3.327+754 Voted 6,19,000 5,96,996 --22,004-18.186-3,818IV .- Other Expenditure financed from Ordinary Revenues 5,710 +5,710+5,775-85

V.—General Administration (Non-voted . 4,58,100 4,81,509 +25,409 +57,822 -12,413 (Voted . 14,00,000 13,36,960 -63,040 -27,595 -35,445

The Non-voted saving occurs under sub-head E. 1 (Rs. 12,133) which is due to the post of Development Commissioner having remained vacant longer than anticipated.

Voted saving occurs mainly under Sub-heads AA 1 (Rs. 5712) AA 4 (Rs. 11,720)

Voted saving occurs mainly under Sub-heads AA. I (Rs. 5,712), AA. 4 (Rs. 11,720), F. 2 (Rs. 7,679), F. 7 (Rs. 3,511) and F. 9 (Rs. 2,479) and is due to over-estimation generally.

VI.—Administration of Justice

1,02,775 89,507 -13:268 -12.878(Non-roted . -390 Voted 6,70,000 6,42,088 -27,912-28,079+167VII.—Jalis and Convict Settlements 1,000 -120Non-woted 880 -120

Original savings to the extent of Rs. 91,000 occurred under sub-heads A: 4 and .2 owing to economy (Rs. 63,000) and cheaper food grains (Rs. 28,000).

VIII.-Police

Sub-heads B. 3 and B. 6 Voted.—The original excesses of Rs. 1,83,047 and Rs. 56,394 over the original appropriations of Rs. 19,73,500 and Rs. 1,04,000 respectively are due chiefly to the entertainment of additional police to combat civil disturbances.

The principal items of original savings are under sub-heads C. 7 (Rs. 52,000) owing to postponement of certain works and D (Rs. 1,14,114) due mainly to the forfeiture of Africi allowances.

Accounts.	Final Appro- priation.	Actual Expendi- ture,	Excess + Saving	reappro- pration	Remainder un- adjusted r. + or —.

Sub-head A. # (2).—The excess of Rs. 1,14,268 over the original appropriation is due to the entertainment of levies for the protection of roads (Rs. 43,000), temporary additional Mohmand Khassadars (Rs. 60,000) and provision for certain establishment having erroneously been made under Allowaness, Honoraria, etc., (Rs. 17,000).

The principal counterbalancing item of saving was under sub-head A 6 (4) for the Tochi Scouts (Rs. 57,176) principally due to reduction in rates for the carriage of stores.

XII.—Education (Non-voted . 46,965 37,201 —9,764 —4,910 —4,854 Voted . 21,68,000 18,38,305 —3,19,695 —2,90,447 —29,248

Large reduction in voted appropriation occurs under sub-heads D. E. 1 and E. 2, (Rs. 2,50,000) collectively, against the original appropriation of Rs. 14,65,000 (round) and was the result of economy campaign.

XIII.—Medical (Non-voted . 95,850 93,115 -2,735 -2,734 -1, Voted . 7,11,000 5,32,506 -1,78,494 -1,72,643 -5,851

The original saving of Rs. 1,78,494, under voted, occurred mainly under sub-heads B. 1 to B. 6 (Rs. 1,49,000, round) on account of economy and carry forward of payments and under sub-head C. (Rs. 18,564), due to the payment of contribution to the Punjab Government in respect of nominated students only.

Voted saving occurs mainly under sub-heads C, 2 (Rs. 1,081) and C. 5 (Rs. 629) and is due chiefly to non-prevalance of epidemic diseases.

XV.—Agriculture, Scientific Departments, Miscellaneous Departments and Famino.

{ Non-voted . 18,480 17,624 -856 +2,229 -3,085 | Voted . 2,73,000 2,21,151 -51,849 -34,004 -17,845

Voted saving occurs mainly under sub-heads A. 3 (Rs. 1,677), B. 1 (1) (Rs. 1,917), F. 2 (Rs. 2,096) and F. 3 (Rs. 3,008) and is due principally to economy.

XVI.-Miscellaneous . . . 79,000 69,181 -9,819 -9,002 -817

Sub-head C.—The original saving of Rs. 4,781 represents unspent balance out of the reserve of Rs. 5,000 provided for regrant of savings in contract grants.

#### NOTE.

There is some scope for improvement in the control of expenditure. Although the final surrendered savings in the grant as a whol, are 4.5 per cent, voted and 0.8 per cent, non-voted, the conseponding figures for Account No. XV. (Agriculture, Scientific Departments, Miscellaneous Department and Famine) are 16.7 per cent, non-voted and 0.5 per cent, voted, for Account XII (Education) non-voted 10.3 per cent, for Account V (General Administration) 2.7 per cent, non-voted and 2.5 per cent, voted, Account I (Land Revenue) 4.6 per cent, voted and Account II (Forest) 2.4 per cent, voted. In the case of the Sub-backs the reservoyment and were in the wrong direction. It Sub-heads the re-appropriations were in the wrong direction,

### IMPORTANT COMMENTS.

- 1. The North-West Frontier Province was constituted a separate Governor's Province from 18th April 1932, in consequence to which the expenditure relating to that province will not in future form part of the Government of India's Central Accounts or come within the purview of the Degislative Assembly except in respect of certain Central Subjects, viz., portions of Account III-Excise, and the whole of Accounts IX-Ecclesiastical, X-Political, XI-Frontier Watch and Ward and XVII-Subvention, which will remain in a separate Central Grant for the Province.
- 2. Loss of Rs. 7,940 by fire.—A fire in June 1931, in a Forest depôt resulted in the loss of timber valued at about Rs. 7,940. The police enquiry showed that the fire was accidental, but departmental enquiries revealed that the Range Officer had exempted the chowkidars from watching the This action was held to be most objectionable timber during the night. and disciplinary action was taken against the officer."

#### GRANT No. 79.-BALUCHISTAN.

#### See also Commercial Appendix.

#### NOTE.

The central of expenditure is, on the whole, fairly satisfactory, though under individual ub-heads there is still some room for improvement. In several cases, savings were not fully surrendered and in tonesses [Sub-head B. in Account II, A. 4 in Account V, A. 2 (2) in Account VII, A. 3 and A. 4 in Account VIII and A. 3. B. 1, C. 1, D. 1 and E. 3 (2) in Account IX] reappropriations were unnecessary and had the effect of enhancing the existing savings.

# IMPORTANT COMMENTS.

Payment of bills at a sub-treasury before scrutiny.- A Treasury Officer noticed that two bills were paid at a sub-treasury without the pay order having been signed by the officer in charge of the sub-treasury. Enquiries made by Audit elicited the information that the procedure in vogue at the sub-treasury was to have the pay orders signed at the close of the day and after the payment had actually been made. The Sub-Treasury Officer explained that this was also the practice in other sub-treasuries of the province. The matter was brought to the notice of the District Officer who administered warnings to the officials concerned. Since the case revealed that the fundamental scrutiny in respect of payments enjoined by the rules in the Civil Account Codes was not exercised by the Sub-Treasury Officer and as the omission was deliberate the matter was brought to the notice of the Revenue Commissioner who, however, decided that no further action in the particular case was necessary. With regard to the general question also, viz., the practice in vogue in other sub-treasuries, the Revenue Commissioner considered no further action necessary as, according to his enquiries, the irregularity had not occurred at any other sub-treasury. Another case of the same nature occurring in October 1932 and pertaining to another sub-treasury, has however been detected and brought to the notice of the Revenue Commissioner (December 1932).

Fictitious transfers of Government screams in Baluchistan.—Arising out of two sets of cases which accidentally came to the notice of Audit, the Baluchistan Administration passed general orders in the following terms, which were circulated to all Heads of Offices:—

"It has been brought to notice of the Agent to the Governor General that, in some offices in Balachistan, officials have been allowed to work in posts other than those for which they drew pay. This is highly objectionable, is opposed to all account rules and liable to serious irregularities if permitted to continue. It also appears that in certain cases special pay and other allowances attached to particular posts have been drawn by Government servants not actually working in those posts. The Hon'ble the Agent to the Governor General has, therefore, directed that such practice should cease forthwith, if still in existence in any Civil office in Baluchistan.".

It is a fundamental requirement of efficient audit that the document submitted to it should represent facts and for this reason the Audit Department ventures to agree with the local Administration that the practice alluded to was "highly objectionable".

The officer who was held responsible for one of the irregularities mentioned above has since retired, and as the local Administration considered that he had acted in what he considered the best interests of the Administration, it proposed to take no action with respect to him.

#### GRANT NO. 80.—DELHI.

SUMMARY BY ACCOUNTS of the Sum Expended, in the Year ended 31 March 1932, compared with the Sum Granted, to defray the Salaries and other Expenses of the Delhi Administration.

Accounts.	Final Appro- priation, Rs.	Actual Expendi- ture. Rs.	Excess + Saving -	reappro- priation surrender	
Account L.—Direct De- mands on the Re- venue Gross Deductions Net .	4,58,700		-32,078	Ra. -21,470	a management

Sub-head D. 2.—The excess of Rs. 1,087, over the modified appropriation of Rs. 3,300, was due to arrear adjustments.

Sub-head A. 4.—Partly to non-receipts of debits from the Punjab Jail Department for Stores Supplied (Rs. 14,000).

Sub-head F. 2.—The saving of Rs. 6,322, against the modified appropriation of Rs. 23,637, is due to stricter control over demands for grants-in-aid to schools.

#### Nove.

There is a final voted excess of Rs. 1,05,697 for which an excess grant is necessary, largely owing to the decision to make a grant-in-aid of Rs. 2,85,252 to the New Telhi Municipal Committee in connection with ceriam activities transferred from the Central Public Works Department (sub-head G. I of Account IX). This grant was sanctioned by the Government of India on the 4th March 1932 when IX). This grant was sanctioned by the ment of India for a supplementary grant. As against this grant-in-aid a sum of Rs. 2,65,245 was surrendered under Grants No. 73—Civil Works (Rs. 1,70,475) and No. 97—Delhi Capital Capital (Ps. 94,720).

There seems to be some scope for the improvement of current control. In four cases the reappropriations had the effect of widening the difference between appropriations and exreappropriations and in elect of widening the difference between appropriations and expenditure and in many instances the final savings were unduly large and might have been reappropriated to sub-head G. 1 of Account No. IX, when it was known that the New Delhi Municipal Grant-in-aid would be debited to that sub-head. Also there are certain small final excesses (cf. sub-heads B. 1., B. 3, B. 4 and B. 5 of Account VII) which should apparently

# IMPORTANT COMMENTS.

Money drawn in advance of requirements.- An appropriation of Rs. 8,752 was sanctioned by the Chief Commissioner, Delhi, in March 1930 for the purchase of court fee stamps required for filing suits against some lessees of nazul land and a cheque for the amount was obtained by the Nazul Officer on the 31st March 1930 from the Pay and Accounts Officer "to save the grant from lapsing". The cheque was not cashed till October 1930, when it was supposed that the papers were ready and the suits could be filed forthwith. The amount, bowever, remained in the hands of the Accountant till April 1931 when it was placed in deposit and, in spite of the request of the Audit office to credit the amount to the receipts of the Department concerned, was allowed to remain in deposit till it was finally utilised in July 1932.

The procedure followed constituted a serious infringement of the well known financial rule "No money should be withdrawn from the treasury unless it is required for immediate disbursement. It is not permissible to draw advances from the treasury to prevent the lapse of budget grants." (Article 88, Civil Account Code, Volume I). The local Administration issued a warning to the persons concerned.

2. Irregular payments of grants-in-aid.—In March 1930 the local Administration sanctioned a payment of Rs. 1,31,000 to the Municipal Committee, Delhi, as a grant-in-aid for expenditure on compulsory primary education for boys and girls for 1929-30. The payment was stated to be provisional subject to readjustment later, if necessary, when a final decision had been arrived at on the procedure to be adopted for calculating grants-in-aid towards primary education.

It was pointed out by the Pay and Accounts Officer in November 1930, that unless the sanction was in accordance with any particular rule of the Punjab Educational Code, which did not appear to be the case, sanction of the Government of India seemed necessary. A similar payment was made

in March 1931 to which the same objections apply.

So far (January 1933) the sanction of the Government of India has not been obtained to these payments but it is understood that a scheme for calculating grants-in-aid to the Delhi Municipal Committee for compulsory primary education has been under correspondence for a long time and has recently been submitted to the Government of India.

3. A grant-in-aid of Rs. 5,000 was paid to a college in March 1930, for equipment, subject to the production of suppliers' receipts. These receipts were not produced until September 1931, when it came to notice that the actual amount paid to the suppliers was Rs. 7,257 only, so that the grant-in-aid exceeded the ordinary limit of 50 per cent, of actual expenditure imposed by the Punjab Educational Code. The Government of India sanctioned the excess payment of Rs. 1,371 in September 1932, and requested that the condition normally attaching to an equipment grant, namely, that it would be limited to 50 per cent, of the actual expenditure, should be specifically mentioned in any orders that might issue in future.

	Nora.				

The current control of expenditure has deteriorated alightly as compared with the previous year. There were, in 25 cases, unadjusted excesses (mostly of very small amounts) under individual sub-heads and in case of sub-heads C and G-3 in Account I the modifications had the effect of increasing the difference between appropriation and actual. Even so the control of expenditure under this grant remains markedly efficient.

### GRANT No. 82 -ANDAMANS AND NICOBAR ISLANDS.

### See also Commercial Appendix.

SUMMARY BY ACCOUNTS of the Sum Expended, in the Year ended 31 March 1932, compared with the Sum Granted, for Expenditure in respect of the ANDAMANS AND NICOBAB ISLANDS.

Account I.—Convict Settlement Charges					
Non-rotal	1,74,402	1,88,089	+23,687	. 22	+13,687

Sub-head J.—Final excess of Rs. 15,957 against modified appropriation of Rs. 13,740 is on account of share of Chief Engineer's Establishment including leave charges in England and leave and pensionary charges of officers and establishment countried to Andenan Reclamation Works.

Sub-head D. 4. (1)—Saving of Rs. 49,004 against modified appropriation of Rs. 1,30,950 is due to non-adjustment of certain Stores Department bills anticipated during 1931-32.

Sub-head H. 6.—Excess recovery of Rs. 14,568 against modified appropriation of minus Rs. 4,00,000 is on account of increased earnings of S. S., Mahazaja.

Sub-head I. 5.—Final saving of Rs. 22,203 against modified appropriation of misus Rs. 1,95,000 is due to underestimation.

#### Account 11,-Forests

The large reduction in appropriation is due in the main to the closing down of the North Andaman Forest Division early in 1931-32 [sub-heads A. I. A. 3 (2), and A. 3 (3)] as the result of trade depression, making extraction unremanerative.

Reduction under Sub-head C. (Miscellaneous) was excessive.

#### NOTE.

Account I. Sub-head E. 5.—Revenue Stores Suspense.—A new sub-head opened to record charges on account of feed of eattle, purchased in the Commissariat Department for a dual purpose, viz., for the Dairy Farm and the Slaughter House—the correct allocation of which cannot be determined until the fedder is actually issued to these two institutions. The suspense head accordingly receives debit for the cost of fedder purchased and is relieved by per contra credit (and debit to the two heads concorned) with the value of fedder actually issued from time to time to the two institutions.

During the year under review the total value of fodder purchased and issued to the two institutions was Rs. 10,209.

#### STATEMENT OF EXPENDITURE ON IMPORTANT NEW WORKS.

#### IMPORTANT COMMENTS.

1. Control of expenditure.—The improvement in budgetting and control noticed at page 308 of the Appropriation Report for 1930-31 has not been maintained in 1931-32. Though the persistent over-estimating noticed under sub-head D. 4 (Marine Supplies) in Account I has been partially cured, there are 23 cases in Account I alone of excesses uncovered by appropriation. The percentage of final savings and excesses to final appropriation (Column 2) for 1931-32 compare unfavourably with that for 1930-31 (6.3 per cent. final excess under Non-voted and 3.1 per cent. final savings under voted against corresponding percentages of 4.8 and 2.3 for 1930-31). The proposal to depute an Accounts Officer to the Andamans to do the work of the Treasury Officer and give financial advice to the head of the Administration has been accepted by Government, but in view of the present financial stringency which compels Government to refrain from incurring any expenditure which is not immediately productive, the scheme has been deferred for one year.

 Loss of Steam Tug "David".—The steam tug "David" was lost in January 1931 and is believed to have sunk while it was being taken in tow by the "S. S. Shahjelian" from Madras to the Andamans.

The tag was towed after inspection from Bembay to Madras but no steps were taken to secure expert technical advice at Madras in regard to the further towing arrangements for the tag. An enquiry into the circumstances of the loss was held by the Principal Officer, Mercantile Marine Department, Rangoon District and the Technical Advisers to the Government of India in matters of mercantile marine administration, who were satisfied that both the master of the "S.S. Shahjehan" and his officers behaved in a seaman like manner and that there was no reasonable doubt that stress of weather was responsible for the loss of the tag. The total loss involved amounted to Rs. 58,000 which was written off by the Government of India in December 1931.

As a remedial measure, the Government of India issued orders in December 1931, that in future, before a tug is actually towed, one of the Shipsurveyors of the Government of India should be asked to inspect the tug and the towing arrangements and that when towage takes place during the monsoon, when risks of loss are far greater, the advisability of insurance should be specifically considered with reference to each case that may occur.

3. Defalcation with respect to subsistence money of convicts.—The numerous convicts employed in the Andamans in connection with the Dredger Reclamation Scheme were paid subsistence allowance by a Deputy Jailor, who was supposed to keep proper accounts of these disbursements. On his transfer to another post in November 1930 this officer himself brought to light the fact that there was a shortage in his cash and further investigation showed that his accounts had been very hadly maintained and that he had not submitted his cash book monthly to the officer in charge, as required by instructions issued in this connection. The officer in charge failed to notice this omission. The Deputy Jailor was prosecuted and sentenced to imprisonment till the rising of the court and to a fine of Rs. 1,000, or in default of payment six months' imprisonment.

The amount of loss could not be definitely ascertained, owing to changes among the convicts, but it is known to have been at least Rs. 488 and somewhat less than Rs. 1,600.

It has been explained that a tremendous and sudden strain was thrown upon the system of administration and all officials concerned owing to the magnitude and rapid introduction of these reclamation operations, in addition to which the administration was one officer short; the best possible arrangements were made under the circumstances, and it was not surprising that it proved impossible to provide as strict a check on all the accounts as was desirable. Certain local rules providing for a fuller financial control have been introduced, but it would appear that a stricter supervision should have brought the irregularities to light at an early stage.

### IMPORTANT COMMENTS.

The estimating and current control of expenditure under this Grant continue to be very good, though the debits raised by the Army Department for Military Stores under Sub-head B.-2, of Account II were not anticipated. The question as to whether better control under this sub-head can be exercised is under separate consideration.

The total voted amount surrendered (Rs. 1,05,810) was a remarkably close approximation to the actual savings (Rs. 1,06,666).

### IMPORTANT COMMENTS.

The final saving, after surrenders, in the voted section, as compared with the original grant is 2-2 per cent. against 7-6 per cent. in 1930-31, and shows improvement in control of expenditure. The excess in the Non-voted section, which is 1.5 per cent. of the final appropriation, points to a need for greater control, as the charges in respect of the Assistant Political Agent, Manpur should have been anticipated and provided for. The explanations for the excesses under sub-heads A-3 and B in Account III indicate that provision for accrued liabilities was not arranged for.

## GRANT No. 85,-HYDERABAD.

SUMMARY by Accounts of the Sum Expended, in the Year ended 31 March 1932, compared with the Sum Granted, to defray Salaries and other Expenses

1932, compared with the St of the Hyderabad Reside

#### NOTES.

1. Account II.—Sub-head E. 2.—The local Administration has stated that the question of abolishing the Frontier Chewkidary Force was under correspondence with H. E. H. the Nizam's Government. The pay of the Force was left undrawn from October 1931, as information was received by the local Administration from the Government of India that the Force in question was not in existence. But as no information about the possibility of abolishing the Force was received from the H. E. H. the Nizam's Government by the local Administration the saving of Rs. 4,444 under this head was not surrembered.

2. Account II.—Sub-head E. 3—There would appear to be scope for improvement in the estimating under sub-heads E. 3 (2) to (4) relating to the Hyderabad Railway Police but it is explained that the final savings undersub-heads E. 3 (2) and E. 3 (3) could not be foressen in time as it was ordered that retronchment should be effected as vacancies arcse. As regards the excess under sub-head E. 3 (4) it is explained by the Superintendent that he did not receive intimation of certain debits incorporated in the accounts for March until May, June and July 1932. The possibility of these debits being incorporated in the accounts for March should apparently have been foressen by the Superintendent of Railway Police. This is the first year in which transactions relating to the Hyderabad Railway Police have been incorporated in the appropriation accounts.

Recoveries from His Exalted Highness the Nizam's Government and certain Railways on account of the Hyderabad Railway Police for the half-year ending September 1931 have been made in full. Regarding recoveries for the next half-year ending March 1932, six monthly bills have been received from the Superintendent, Hyderabad Railway Police, Secunderabad and debits have been proposed to the G. I. P. and M. and S. M. Railways, and other parties have been requested to pay their shares in cash.

# GRANT No. 86,—EXPENDITURE IN ENGLAND UNDER THE CONTROL OF THE SECRETARY OF STATE.

			Note	8.			

1. The expenditure recorded against certain heads of account in this Grant includes charges for leave salary. These charges cannot usually be forecasted when the budget is framed, as in

most cases information regarding officers who may take leave is not available in England.

2. Out of the savings of Rs. 1,42,000 (Voted) offered for surrender, Rs. 13,000 was utilised to meet excess under 'Exchange' (voted) in the Indian portion of the Account and the balance of Rs. 1,29,000 was finally accepted by Finance Department as surrendered. The distribution of the amount surrendered by sub-heads has not however been specified in the order accepting the surrender or in the appropriation account from the Accountant General, India Office, London.

a) Sanctioned in Murch.
5) Voted in September.
(c) Vered in February.

## GRANT No. 87.—EXPENDITURE IN ENGLAND UNDER THE CONTROL OF THE HIGH COMMISSIONER.

#### See also Home Auditor's Report.

ACCOUNT of the Sum Expended, in the Year ended 31 March 1932, compared with the Sum Granted, for Expenditure under the control of the High Com-

Major Head and Sub-head.	Final Appro- priation.		Excess + Saving —,		Remainder un- adjusted . +or
	Rs.	Re.	Rs.	Re.	Ra.

A.—High Commissioner's Establishment (other than the Store Department and the Education Department):

A. I.-Salaries-General

Non-poted 0, 1,57,000 8 (a) -4,000 }

1,53,000 1,53,600 +600 -1,000 +1,600

Excess due to March instalment of salary of an officer whose salary for the corresponding month last year was paid in April having been brought to account in March this year. Owing to this unexpected payment in 1931-32, certain savings anticipated as a result of the emergency cut in salaries of certain officers, part of which had been utilised for reappropriation, were entirely absorbed under this head.

A. 2.—Salaries - Accounts

Department-

Non-voted O. 1,85,000 ; S. (a) - 8,000 ; 1,77,000 1,72,787 -4,213 .. -4,213

As a result of reduction in the cost-of-living bonus there was a saving of about Rs. 9,333 in the original grant, which was reduced on that account by Rs. 8,000. The further saving of Rs. 2,880 was caused by the death of an officer.

Voted . . . 2,83,000 2,68,680 -14,320 -13,000 -1,320

Saving due mainly to reduction in the cost-of-living bonus (about Rs. 16,000) and to to a post vacated by retirement remaining unfilled, partly off-set by a swing over of about Rs. 3,000 from Non-voted owing to the death of the officer referred to there under.

A. 4. Mural Paintings at India

The scheme originally sanctioned was considerably curtailed, as a measure of economy.

B.-High Commissioner's office Expenses:

B. 1.—Postage and Telegrams to India . 28,000 20,334 —7,666 —3,000 —4,666

Substantial reduction in the expenditure on cables, due to extended use of air mail accounts for practically the whole of the saving. The financial effect of this substitution could not be fully gauged when the grant was framed.

Additional expenditure on account of voyage and equipment allowances of the High Commissioner sanctioned after the budget was proposed.

Voted . . . 2,13,000 1,84,493 -28,507 -23,000 -5,507

Saving consists mainly of certain stems of expenditure included in the budget, chiefly under "Furniture, Repairs and Maintenance" (e.g., closing of exterior stone work of India House, provision of certain supplies of shelves, etc.), which were postpaned for reasons of economy, and partly of minor savings under various sub-heads, including Rs. 4,000 on account of rates on India House and Rs. 2,440 on account of office postage charges.

	Ra.	Rs.	Ra.	or surrender. Rs.	Ra.

C .- Education Department : C. L.-Salarina

-9,000 71,387 -8,613 80,000 -Part of the saving due to the fall in the cost-of-living index figure and part (Rs. 4,800) results from a revised arrangement whereby the salary of the Warden, Cromwell Road Hostel. hitherto charged and provided for here, is now being debited to sub-head C. 2. Final excess due to March instalment of salary of an officer being unexpectedly brought to account in

that month.

C. 2.—Other Expenses 53,000 48,600 —5,400 —1,000 —3,400 Allowing for the additional charge of Rs. 4,800 on account of the salary of the Warden. Cromwell Road Hostel, referred to under C. 1, the gross saving in the expenditure provided for in the original grant is Rs. 9,200, which is mainly the result of special economy cuts. the more important of these being the postponement of expenditure under 'Repairs and Removations in connection with the Cromwell Road Hostel (Rs. 4,000) and reduction of expenditure on account of travelling (about Rs. 1,333).

D .- Colonial Departmental Charges for

7,480 -2,520 -2,520 issue of Leave Pay, etc. . I0,000

Reduction in departmental charges consequent on decrease in payments on account of leave salaries and pensions made on behalf of the Government of India through Colonial Treasuries.

E .- Store Department :

E. 1. -Salaries

Non-coted O. 7,50,000 7,01,120 -9.880 S. (a)-39,000 } 7.11,000

Saving mainly due to illing of post vacated by retirement being held in abeyance,

5,49,693 -57,307 -55,000 -2,3076,07,000

Saving mainly due to reduction in the cost-of-living bonus element of salaries and partly to reduction of staff in pursuance of retrenchment.

E. 2.-Wages of Artifleers,

2,10,000 1,97,893 -22,107 -21,000 Labourers, etc. .

Saving due mainly to reduction in the number of labourers employed and partly to reduction in the bonus element of wages owing to fall in the Industrial Borns,

E. 3.—Professional Inspection of

-95,947 -94,000 7,38,000 6,47,053

Saving due to reduction in the charges of the Consulting Engineers consequent on the decrease in the amount of inspection, etc. work carried cut by them.

E. 4 .- Office contingencies, etc.

48,000 34,613 -13,387 -2,000 -11,387 Non-poted Saving entirely in travelling expenses of the Stores Imspectorate.

2,99,840 -61,160 -58,000 -3.1603,61,000

Rs. 38,666 of the saving relates to miscollaneous charges connected with the supply of stores and is due mainly to reduction in expenditure on account of packing materials and carriage of stores consequent on the general reduction in indeuts for stores, Bernainder of the saving largely the result of special economy cut in the contingent expenses of the Department, including Bs. 12,000 on account of postponement of all repair and renewal work not absolutely necessary, and minor savings under various sub-heads.

F .- Trade Department:

F. L .- Salaries

40,000 41,667 +1,667

Excess due to March instalment of the salary of one officer being brought to account in that month instead of in April as expected.

> 50,000 52,480 +2,480 +1,000

Excess partly due to salary of an additional temporary clerk engaged on Publicity work met by reductions of expanditure chargeable against the grant for Publicity Expanditure under F. 2, Voted, and in respect of which the additional provision was sanctioned by reapproprintion from that sub-head, and partly to larger proportion of salaries for March being drawn in that month than was anticipated, which latter caused the final excess.

Major Head and Sub-head.	Final Appro- priation.	Actual Expendi- ture.	Excess + Saving -,	Net reappro- priation or surrends	Remainder un- adjusted er. + or —.
F. 2.—Other Expenses	Rs.	Ra.	Ra.	Rú.	Ra.
Non-voted	. 3,000	1,387	-1,613	**	-1,613
	Saving in tr	avelling exp	ormer,		

53,000 Special economy cut, which resulted in a reduction of nearly Rs. 8,000 in Publicity Expenditure and a saving of about Rs. 3,333 in provision for the Mineral Advisor, caused most of the saving.

F. 3.-Trade Commissioner in Europe

Voted

Non-roted 27,000 29,613 +2,613 +1,000+1,613

Excess mainly March instalment of salary and allowances of the Trade Commissioner Hamburg, which it was anticipated would be brought to account in April, and partly special allowances granted to him during the year to compensate for less due to depreciation in exchange. Funds for the latter were provided by reappropriation.

> Voted 36,000 :5,867 -4,133-1,000 -3.133

Saving mainly reduction in the contingent expenses and publicity expenditure of the Hamburg office.

G .- India Office Audit Establishment (portion relative to High Commissioner's work). .

1,03,000 1,03,333 +333 +333

40,867 -12,133 -4,000

-8,133

Grant was a rounded figure.

H .- Deduct .- Recoveries :

H. I.—Surcharges on Stores supplied to Commercial Departments of the Central Government

. -2,61,000 -2,52,320 +8.680 $\pm 7,000$ +1,680

Decrease in recoveries consequent on reduction in indents was not fully allowed for.

H. 2.—Surcharges on Stores sup-plied to Provincial Government-

-2,41,000 -2,07,653 +33,347 +33,000+347

Decrease in recoveries due to payments for stores being carried over to 1932-33.

H. 3.—Provincial Governments' share of the cost of the High Commissioner's Establishment for issue of leave salaries, pensions,

-2,88,000 --3,19,200 --31,200 --28,000

Grant was based on the Revised Estimate 1930-31, with a small addition to allow for recovery from Provincial Governments of part of the increasing cost of establishment. This allowance was, however, inadequate, the actual recoveries in 1930-31 having exceeded the estimate by more than Rs. 36,000 as a result of the increased recoveries towards the additional cost of office expenses and interest charges in connection with India House.

H. 4.—Provincial Governments share of the cost of the Commissioner's High

Education Department . -1,91,000 -1,95,413 -4,413 -21,000 +16,587

In the case of this head also the grant was based mainly on the Revised Estimate, 1930-31; On the basis of actuals for 1930-31, which exceeded the Revised Estimate by more than Rs. 22,667, provision was made during the year for an increased recovery of Rs 21,000 over the budget figure. This increase was, however, not fully realised, owing mainly to revision of the basis of distribution of establishment costs involving a reduction in the cost of this Department with consequent reduction in the proportion recovered, and partly to a decrease in the number of Provincial students on which the calculation of the recovery is based.

Final Actual Remainder Excess + Net Expendi- Saving -- reappro-ture. priation Major Head and Sub-head. Approtmadjusted printion. or surrender, +or-. Re. Ra. Rit. R. Re.

I .- Miscellaneous Civil Charges :

I. 1.—Leave salary, etc., of Indian Establishments

Non-coted O. 28,04,000 } 29,53,000 29,00,733 -52,267 . -52,267

Saving mainly contingent provision for unforescen payments.

Voted . 6,62,000 5,85,480 -76,520 -39,000 -37,520

The grant for leave salary payment was based on the Revised Estimate for 1930-31. Expenditure however fell considerably below that figure. There was elso some decrease in expenditure on account of Sterling Overseas Pay. These decreases are presumably due largely to reclassification of the pay of certain posts as "Non-voted" in accordance with the Superior Services and Posts (classification) Rules.

I. 2.—Allowances and fees to Scholars and Probatismers . 82,000 89,253 +7,253 +13,000 -5,747

Excess caused entirely by fees for flying of three Civil Aviation Scholars being brought forward from last year. Additional provision sanctioned to cover the full excess on this account was not wholly utilised owing to savings in the provision for Mercantile Marine Scholarships.

1, 3.—Expenditure in connection with appointments to the Indian Services

Non-voted O. S. (a)1,000 J 1,000 787 —213 .. —213 Voted . 56,000 5,547 —50,453 —47,000 —3,453

Grant included Rs. 43,000 on account of recruitment for the proposed Indian States Air Service, but practically the whole of this provision was mustlised owing to temporary abandonment of the proposals. In addition, few recruitments were made on account of other services.

I. 4. Payments to Imperial Airways, Ltd. for Karachi-Delhi Air

Service . 3,46,000 3,24,667 -21,333 .. -21,333

Grant was forecast of Government, Savings due apparently to fewer flights in connection with the service than anticipated.

I. 5.—Stationery and Printing:

(i) Stationery Printing and Book binding Charges. 80,000 52,027 —27,973 —26,000 —1,973

Saving mainly due to curtailment of expenditure on the grounds of economy and partly reduction in requirements of Store Department.

(ii) Leave salaries, etc. Non-veted . 16,000 5,053 —10,947 —1,000 —9,947

Expenditure on leave salaries has been steadily decreasing in the last few years.

Voted . . 25,000 25,893 -9,107 -8,000 -1,10

Saving mainly provision for Sterling Overseas Pay of an officer who retired before the commencement of the year (Rs. 5,000) and for leave salary payments, which were below the average (Rs. 3,666).

I. 6.—Grants-in-aid . . 13,000 10,013 —2,987 . . —2,98

Saving mainly in the provision for grants-in-aid to Indian Students. Grant included Rs. 5 000 on this account, but only Rs. 2,333 was utilised.

(a) Sanctioned in March.

Increased expenditure under "cost of books published in England", due mainly to the payment of Rs. 20,000 on secount of the publication of Brown and Pearson's "Commercial Timbers" brought forward from 1930-31, which was, however, partly off-set by carry-forward to next year of the cost of publication of Andrew's "Descriptive Text", for which Rs. 4,290 was provided in the grant, caused practically the whole excess. The excess on that account was, however, substantially reduced by savings in the provision for payments on account of "Relief and Repatriation" due in the main to the continued slump in shipping.

Exchar	Voted .	(a) 50,000 }	30,000	23,896 19,294	-6,194 + 19,294	+21,000	-6,194 -1,706

Mainly in the Punjab (Rs. 1,801). See D. 2 and Note 1.

R .- Miscellaneous Ecclesiastical Charges :

E. 1.—Grants-in-aid . . . 300 1,534 +1,235 +1,617 -388

Additional appropriation for special repairs to a church but actual rates proved less than anticipated.

E. 2 .- Other Charges

0. 25,900 } 8. (j) -300 } 25,600 25,258 -344 +236 -580

Reappropriations in the United Provinces (Rs. 215) and in Bengal (Rs. 21) were unnecessary.

P.—Works O. 69,700 } S. (j)—5,240 } 64,460 53,891 —10,569 —2,494 —8,075

Mainly in the United Provinces (Rs. 4,715) and Punjab (Rs. 3,260) as a result of economy G.—Expenditure in England:

G. 1,-Leave and Deputation

Salaries

S. (k) -81,000 \ 3,19,000 \ 2,83,796 \ -35,204 \ . \ -35 204

Smaller expenditure than in previous years. Further sum of Rs. 13,000 was offered for surrender but was not accepted. See sub-head G. 2.

G. 2.—Other Charges . 4.46,000 4,57,528 +11,928 . +11,928

Increase in expenditure on account of sterling oversess pay over the average of the past few years, on which the appropriation was based, consequent on reduction in the leave programme, as indicated by decrease in payments under sub-head G. I. No responsition to cover the excess was sanctioned by the High Commissioner in the expectation that the savings offered for surrender under G. I. would be utilised by Government to meet the excess under this sub-head, but no such reappropriation was sanctioned.

II .- Loss or Gain by Exchange :

O. (k) 9,000 } 9,000 4,091 -4,909 . -4,909

Total . 28,45,612 28,00,085 -46,557 .. -46,557

NOTES.

- Attention of Controlling officers has been separately drawn to certain instances of wrong provision noticed in the Account.
- 2. The final saving in this total appropriation is about 1.7 per cent, and a large part of it occurs in the English expenditure (sub-heads G. L., G. 2) and under Sub-Head H for reasons explained under sub-heads G. 1 and G. 2. The current estimating has on the whole improved over previous years.
  - (i) Sanctioned in Asgnst.
    (ii) Sanctioned in March.

Economy under various heads. Savings not fully surrendered.

B. 2. - Medical and Steam Launch Establishments :

Original excess on account of replacement of certain parts of a motor launch. The reappropriation made on the progress of actuals proved excessive.

C .- Charges on account of Diplomatic and Consular Services in Persia:

C. 1.—Pay of Officers

Rs. 4,746 was offered for surrender but too late for acceptance.

C. 2.—Pay of Establishments

Mainly in Bushire (Rs. 5,472), junior clerks officiating in higher posts were allowed lower rates of pay. Abolition of Indian Escort and creation of Persian Chulams also contributed to the saving. Rs. 6,000 (round) was offered for surrender but was too late for acceptance.

C. 2 .- Alloumnes, Honoraria, etc.

Additional appropriation mainly in Bushire owing to Political Resident's frequent tours to Trocial coasts and Nedge territory, etc., in consequence of political situation.

C. 4. Supplies and Services

The additional appropriation was sanctioned to meet expenditure on the R. and M. Plant which had, pending allocation, been adjusted under "41-Civil Works-Suspense" (Grant No. 73).

The final saving is due mainly to less expenditure on plant than anticipated owing to non-purchase of spare parts as new plant was shortly expected. Owing to scarcity of water, the revenue realised from the sale of water was also more than estimated.

Non-adjustment of the leave salary of the Protector of Indian Pilgrims, Imq (Rs. 2,500) and postponement of certain boundary works and other similar causes in Madras (Rs. 3,700). account mainly for the final saving.

Final excess due mainly to payment of Rs. 50,000 to the Government of the French India for maintenance of certain British Post offices in French Indian Territory.

Savings in various provinces especially in Punjab (Rs. 6,670) owing to no expenditure on Khillat to Indian Chiefs on succession, smaller payments of rewards to Indian Chiefs for political services and for other causes, and in India circle (Rs. 12,720) owing to non-receipt of anticipated debits for repatriation of destitute pilgrims for Jeddah, contributed to reduce the final excess.

#### NOTE.

Sub-head D.—It has been explained that the Legation budget estimates were framed at a time when conditions in Afghanistan were very unsettled and there were no reliable statistics showing past actuals which could be taken as a basis for framing the estimates. The result was that reappropriations were found necessary under several sub-heads and most of the attendant savings and surrenders are due to these causes.

<sup>(</sup>u) Sauctioned in March. (c) Sanctioned in August Rs. 1,107; October Rs. 1,200 and March Rs. 146.

## FRONTIER WATCH AND WARD (All Non-voted).

ACCOUNT of the sum Expended, in the year ended 31 March 1932, compared with the Sum Appropriated, to defray the Salaries and Expenses in connection with FRONTIEB WATCH AND WARD.

Remainder Nut Final Actual Exces + reappro-Saving -. printion adjusted Expendi-Major Head and Sub-head, approor surrender.+or-. priation, ture. Rs. Rs. Res Re. Re-

## IMPORTANT COMMENT.

Of the final excess of over 1 lakh, Rs. 65,188 occurred in Burma and Rs. 39,119 under the Agency of the Military Engineering Service, Northern Command, under sub-head B 5-Establishment and Audit charges. explanation has been given that these excesses were mostly due to unanticipated changes in the amount of pro rata establishment charges adjusted after the close of the year in accordance with the system mentioned in the note under grant No. 73 Civil Works. In the case of Burma, this pro rata rate assumed was 21-65 per cent. based on the rate actually charged for 1929-30, but actually the final rate adjusted rose to 41.25 per cent. The variation of percentages in the case of the Northern Command has not been stated. It will be seen also that the minus supplementary appropriations of Rs. 1,21,022 were sanctioned in February and March 1932 under sub-head B. 5 It seems to be a point for serious consideration whether at a late stage in the year a more accurate estimate cannot be obtained as to what is likely to be the final percentage of works expenditure which will be adopted for the purpose of these pro rata adjustments, so as to avoid the fairly large excess over final appropriation which has occurred in the present case. It will also be seen that there is a fairly large final excess (Rs. 75,825) over the final appropriation under sub-head B. 2 for expenditure on Roads of Military Importance under the agency of the Military Engineering Service owing to the failure to take into account the cost of working pay, etc., of troops employed on the construction of roads in the Khajuri Plain, which was adjusted late in the year. It is not clear why the possibility of this debit arising within the year was not foreseen.

## IMPORTANT COMMENT.

As explained at page 346 of the Appropriation Report of 1930-31, the large saving of over a lakh is due, in the main, to some pensions not being drawn when they become due but after an interval. To guard against similarly large savings in future, the Finance Department have since issued instructions to all Accounts officers controlling the appropriation to make their estimates as accurate as possible. The effect of these instructions will not be apparent till after the close of the accounts for 1932-33.

#### BANGALORE.

#### (All Non-voted.)

SUMMARY BY ACCOUNTS of the Sum Expended, in the Year ended 31 March 1932, compared with the Sum Appropriated, to defray Expenses in connection with the BANGALORE ASSIGNED TRACTS.

Acc	ounts.		Final Appro- priation.	Actual Expendi- ture.	Excess + Saving	Net 1 reappro- priation or surrender	Remainder un- adjusted . + or —
			Rs.	Rs.	Ra.	Rs.	Re.

	Gross .	22	4,18,628	4,22,646	+4,018	-1,848	+5,866
Account II.—Educa-	Deductions		-8,700	-7,850	+850	+600	+250
1000	Net .		4,09,928	4,14,796	+4,868	-1,248	+6,116
Account III.—Medica	l and Public	Health	3,37,506	3,32,883	-4,628	+7,650	-12,273

Sub-head B.—The final saving of Rs. 5.974 against provision of Rs. 17,950 is due mainly to non-payment of claims of the Mysore Government for maintenance of patients in their Mental Hospital—the matter being under correspondence.

Sub-head B. J.—The final saving of Rs. 7,328 (col. 6) against provision of Rs. 71,047 is due mainly to less consumption of arrack, opium and ganja.

#### ACCOUNT IV .- OTHER EXPENDITURE HEADS-concld.

BANGALORE

Major Head and Sub-head.	Final Appro- printion.	Expendi-	Excess + Saving	reappro- printion	Remainder un- adjusted
	Ra.	Rs.	Rs.	or surrende Rs.	Rs.
G Jails and Convict Settlements	. 13,66	0 15,8	16 +2,24	6 +1,950	+296

Additional funds which were under estimated for revised rates for maintenance of prisoners.

Cost of printed forms supplied by the Madras Government not provided for or antisipated during the year.

#### NOTE.

The current control of expenditure has deteriorated as compared with the previous year, the final savings not surrendered having been 2 per cent (0.9 per cent in 1930-31) of final appropriation. There were final uncovered excesses for 14 sub-heads; in the case of 6 sub-heads additional appropriations were sanctioned which merely increased the original savings; there was also room for a surrender of funds under the following sub-heads—

Account L-Sub-head A. 6.

Account III .- Sub-head B.

Account IV .- sub-head B. 3 and F. 3 (2).

It has been explained that the revised procedure laid down by the Government of India in August 1926 was, in consequence of the abolition of the Pay and Accounts office, adopted at the end of the year and this mainly accounts for the deterioration in the current control. Savings to the extent of Rs. 11,068 were offered for surrender but at too late a stage for acceptance.

(a) Sanctioned in February.

#### STORE ACCOUNT OF OFTUM.

The following statement shows the transactions relating to opium in the Government Transuries in the Western India States Agency during 1931-32.

Particulars.			Rajk	ot and Treas	Palaupur urios.
				Mdn.	Seers.
Opening balance on 1st April 1931		24		189	3
Received from Ghazipur during 1931-32.	65	Tall	16	198	0.
Transfer from other Depôts, excesses found in sto- eations	ek a	nd con	ñs-	i	**
		Total		387	3
Sales during the year	6	10.5		326	27
Transfer to other Depôts and loss and wastage	17	$ \langle x \rangle $	9		10
		Total	32	320	27
Closing balance on 31st March 1932	2	(6)	9	66	16

The above account is a joint account of the opium Depots at Rajkot and Palanpur. The stock was verified by the Secretary to the Honourable the Agent to the Governor General in the States of Western India and the Political Agent, Banaskantha. The price charged by the Government of India for the supply was Rs. 18-9-0 per seer throughout the year. The rates of selling price adopted at Rajkot depot was Rs. 25-7-0 per seer, and that at Palanpur Rs. 18-9-0 exclusive of freight charges. The value of the closing balance may, therefore, be taken at Rs. 49-302.

Certified that the total receipts and issues of opium in the Western India States Agency during 1931-32 have been verified with the accounts received in this office.

N. B. DEANE, Accountant General, Bombay.

#### GRANT No. 88-CAPITAL OUTLAY ON SECURITY PRINTING.

#### See also Commercial Appendix.

ACCOUNT of the Sum Expended, in the Year ended 31 March 1932, compared with the Sum Granted, to meet Expenses in connection with Capital Outlay on Security Printing.

Major Head and Sub-head.	Final Appro- priation.		Excess + Saving -	Net reappro- priation or surrender.	Remainder un- adjusted +or—,
	Rs.	Ra.	Re.	Rs.	Rs.

Major Head "52-B,—Capital expenditure on the Security Printing Press ".

A.—Security Printing Press charges:

Capital Expenditure:

Investments in Government

Commercial Undertakings . —3,94,000 —3,81,991 +12,009 ... +12,009

Corry over of expenditure on a plate-making plant from 1930-31.

Total . 1,000 — 3,81,991 — 3,82,991 .. — 3,82,991

#### NOTE.

This grant covers increases or reductions in the capital invested by Government in the Security Printing Press (including Central Stamp Store) at Nasik Road, the commercial accounts of which will be found in Chapter II of the Commercial Appendix. When the Government capital is increased, as was the case in 1930-31, a demand is made for the anticipated increase. When there is a decrease, as in 1931-32, a token demand for the nominal amount of Rs. 1,000 is made, although the recorded expenditure is then a minus figure. During the year the Finance Department authorised the refund of capital being reduced from Rs. 3,94,000 to Rs. 3, 74,000, so that in effect there was a final saving of Rs. 7,991 and not an excess of Rs. 12,009 as shown in the details of the account.

## GRANT No. 89 .- FOREST CAPITAL OUTLAY.

ACCOUNT of the Sum Expended, in the Year ended 31 March 1932, compared with the Sum Granted, for Expenditure in respect of Capital Outlay on Forests-Not Charged to Revenue.

Major Head and Sub-head.	Final Appro- priation.	Actual Expendi- ture.	Excess + Saving —	priation	Remainder un- t, adjusted + or —.
	Rs.	Re.	Ra.	Re.	Ra.

MAJOR HEAD "52-A.—CAPITAL OUTLAY ON FORESTS".

Economy and abandonment of the project of fitting Divisional Forest Officers' office in Andamans with electric lights and fans. Reduction due mainly to abandonment of new projects in Andamans.

Reduction mainly in Forest Research Institute (Rs. 20,200) and Andamans (Rs. 7,125) due to economy. New projects were abandoned, and stores, machinery and furniture were not purchased.

Mainly in Andamans. Half the pay of the officer in charge of the working plans was debited to this head instead of the whole as he was employed part time on other duties. Rs. 3,500 was offered for surrender but too late for acceptance.

F .- Share of Establishment Charges transferred from Major Head 'S':

Mainly in North-West Frontier Province. Funds not provided for share debitable to capital head on pro rate basis. As the total capital expenditure is ultimately debitable to Revenue head the net grant is not affected. See Note.

K .- Deduct .- Share of Capital charges financed from Ordinary Revenues :

Decreased expenditure on Capital works, both voted and Non-voted.

	Non-voted	$\begin{cases} Gros* \\ Deductions \\ Nst \end{cases}.$	2,800 -2,800	1,052 -1,052	-1,748 +1,748	-1,500 +1,500	-248 +248
Totals	Voted .	Gross Deductions – Net	1,11,200 -1,11,200 1,000*	61,972 61,972	-49,228 +49,228 -1,000	-41,929 +41,929	-7,299 +7,299 -1,000

NOTE.

No provision was made in the North-West Frontier Province for share of establishment charges under sub-head F. voted owing to a misapprehension. It has been reported that this defect will be remedied in future.

<sup>\*</sup> The anticipated net amount having been nil a numinal demand for Bs. 1,000 was voted by the Legislative

## GRANT No. 90,-IRRIGATION WORKS-NOT CHARGED TO REVENUE.

ACCOUNT of the Sum Expended, in the Year ended 31 March 1932, compared with the Sum Granted, for EXPENDITURE ON IRRIGATION WORKS-NOT CHARGED TO REVENUE.

#### VIZAGAPATAM HARBOUR STORES ACCOUNT FOR 1931-32.

			Opening Balance.	Value received.	Values sold or dis- posed of.	Depreciation or Write off	Closing Balance
Stores		4	Rs. 4,88,306	Rs. 5,26,998	Rs. 5,52,677	Rs. * —1,471 -	Ra. +4.64,098

A yearly verification of the whole stock was carried out by a temporary stock verifier appointed for 5 months. The result of the stock verification during the year disclosed shortages valued at Rs. 5,045 and excesses valued at Rs. 5,049.

The stock aboves are under disposal and necessary adjustment will be carried out clearing these shortages and excesses in the accounts for the year 1932-33.

Review:—The Balance of stores on 31st March 1932 is Rs. 4,64,098 as compared with Rs. 4,88,306 on 31st March 1931, thus showing a decrease of Rs. 24,208. It is still considered that the closing stock on 31st March 1932 is excessive. The desirability of reducing the stores balance to a low a figure as possible has been represented to the Engineer-in-Chief, Vizagapatam Harbour Construction who has stated that the Electrical Plants will be issued this year and thus the stores balance will be reduced considerably.

Certified that the Vizagapatam Harbour Stores Account for 1931-32 compiled by me is to the best of my knowledge and belief correctly prepared and that the Account has been sudited in accordance with the rules in force.

D. BLAKE.

## STATEMENT OF EXPENDITURE ON IMPORTANT NEW WORKS.

			Balane		Net modi- fleation	
Service.	Grant or Appro- priation.	Expen- diture.	Unexpended	Excess,	The state of the s	unadjusted + or —
de la companya de la	Ra.	Re.	Rs.	Rs.	Rei	Ra.
Vizagapatam Harbour Construction	43,18,000	36,48,367	6,69,633		134	-6,69,633

#### OBSERVATIONS.

The original estimate of the project as sanctioned by the Secretary of State was Rs. 2,23,00,000. Estimate for additional works since sanctioned amount to Rs. 25,13,687 increasing the total sanctioned outlay on the scheme to Rs. 2,48,13,687. Expanditure to end of 1931-32 is Rs. 2,65,60,342, excess Rs. 17,46,655, the work is in progress.

A Revised Estimate in two parts for Rs. 3,08,54,221 and 1,98,58,122 respectively has since been certified in sudit and submitted to the Railway Board for necessary anction.

#### NOTE.

In paragraph 3 of the Important Comments on this grant on page 581 of the 1929-30 Report it was stated that there was no proper concordance between the accounts heads under which the expenditure was booked and the budget heads under which funds had been sanctioned. This has been rectified in the accounts for 1931-32 and the above appropriation account follows these revised heads.

## IMPORTANT COMMENTS.

Vizagapatam Harbour Project.—The state of over-capitalisation on the Vizagapatam Harbour Project was set out in paragraph 7 under Grant 92 of the Report for 1929-30. The position as regards the Harbour construction was explained by the Railway Board in a Memorandum which formed Appendix XXXIV to Volume I of the Report of Public Accounts Committee for the same year. The memorandum inter alia included a report on the progress of the Project, together with estimates of cost and expenditure. The following are the more important subsequent events:—

- (a) With regard to paragraph 15 of the memorandum referred to above the Government of India at the instance of the Audit Department have agreed that after the opening of the harbour in 1934-35 the part of the interest charges which cannot be met from the revenues of the Port will be provided for in the revenue budget of the Government of India and not debited to capital; a pro forma account will, however, be kept in case at any future date the Port is in a position to be able to reimburse general revenues.
- (b) The defalcations in connection with the awards, etc., involving excess payments in the price of the land for the construction of the harbour were explained in paragraph 8 under Grant 92 of the Report for 1929-30. The sum of Rs. 9,19,904 representing the estimated amount paid in excess of the proper value of the land (including interest up to 31st March 1932 amounting to Rs. 3,70,891) has now been written off by the Government of India without financial adjustment by simply reducing the total progressive expenditure to the end of 1931-32 by that amount. This has had the effect of adding about Rs. 9 lakhs to the unproductive debt of the Government of India.\*

· Director of Railway Audit.

## GRANT No. 95.—CAPITAL OUTLAY ON LIGHTHOUSES AND LIGHTSHIPS.

(NOT CHARGED TO REVENUE.)

#### See also Commercial Appendix.

ACCOUNT of the Sum Expended, in the Year ended 31 March 1932, compared with the Sum Granted, for Expenditure on Capital Outlay on Light-Houses and Lightships.

#### GRANT No. 96 .- COMMUTED VALUE OF PENSIONS.

ACCOUNT of the Sum Expended, in the Year ended 31 March 1932, compared with the Sum Granted, to pay Expenses in connection with COMMUTED VALUE OF PENSIONS.

Remainder Net Final Actual Excess + reappro-1222-Major Head and Sub-head. Appro-Expendi-Saving - printion adjusted printion. ture. or surrender. + or - 1 Ra. Ra. Rs. Re. Re.

Major Head "60-B.—Commuted Value of Pensions". A.—Payments of Commuted Value of Pensions:

A. I .- Departmental :

Non-voted O. 7,98,000 } 9,80,000 10,55,497 +75,497 ... +75,497

This relates principally to commutations dealt with by the Military Accounts Department and it is explained that the number of applications for commutation and the amount commuted exceeded expectations.

Voted . . . 3,00,000 84,625 -2,15,375 . . -2,15,375

This relates to pensions dealt with by the Railway Accounts Department and it is explained that in the absence of details by disbursing efficers the original estimate was based on previous year's actuals, also expenditure did not accrue in the later months of the year to the extent that it did in 1930-31 and so expectations were falsified.

A. 2.-Non-Departmental :

Non-voted O. 3,50,000 S. (a) 3,00,000 S. (56,000 S.55,535 -1,00,462 - -1,00,462

The actual expenditure for the first nine months was Rs. 5,06,200 and the actuals for the last three months of 1930-31 had been Rs. 1,49,513. It was estimated, largely on the basis of these figures, that the expenditure of the last three months of 1931-32 would be about Rs. 1,50,000, and funds were obtained accordingly. In the event, there was a remarkable decrease in applications for commutation and the actuals of the last three months came to under half a lash.

Voted . . 34,50,000 35,01,228 +1,51,226 -2,20,000 +3,71,226

In this case the actuals for the first nine months of 1931-32 were Rs. 21,79,544 and for the last three months of 1930-31 Rs. 9,50,133. On the basis of these figures the requirements for the year were estimated at Rs. 32,30,000. In the event, the actuals of the last three months of 1931-32 came to over 14 lakhs—an abnormal increase which could not have been anticipated.

B-Payments of Commuted value

to Provincial Governments:
Non-voted O. 8,25,000

S. (a) 5,000 ] 3,30,000 1,75,489 -1,56,511 .. -1,56,511

The actual figures of expenditure on which the final estimate was based were—last three months of 1930-31, Rs. 2,21,392; first nine months of 1931-32, Rs. 1,06,939. The abnormal drop of expenditure in the last three months of 1931-32 to about Rs. 67,000 was not anticipated.

Voted . . . 8,75,000 12,67,144 +3,02,144 +3,25,000 +67,144

In this case actuals on which the latest estimates were based were—last three months of 1930-31 (excluding an abnormal charge connected with irrigation pensions) Rs. 7,88,287; first nine months of 1931-32 Rs. 3,27,241. In addition about Rs. 85,000 was anticipated for certain abnormal charges. Actually the expenditure of the last three months of 1931-32 was about Rs. 9,40,000.

C.—Deduct.—Equated Payments of Commuted Value of Pensions charged to Capital: C. L.—Departmental:

This relates to pensions dealt with by the Railway Accounts Department. The original estimate was based on rough calculations, details not then being available.

C. 2. - Non-Departmental :

Non-voted . . . -61,000 -60,480 +520 - +520 Voted . . . -7,24,000 -7,23,609 +291 - +391

Final Actual Excess + Net Remainder Major Head and Sub-head. Appro-Expendi- Saving -, reapprounprintion adjusted priation. ture. or surrender. + or -. Re. Ra. Ra. Ru. Rs.

D .- Definet-Commuted Value of Pensions recovered from Provincial Governments, etc. 1

D. 1 .- Departmental O. —1,15,000 } S. (b) —9,000 } -1,24,000 -30.042 +87,958 +87,958

This relates to recoveries dealt with by the Military Accounts Department. The recuteffer were overestimated.

D. 2.-Non-Departmental:

Non-voted O. —1,00,000 \ S. (b) —1,43,000 \ -2,43,000 -1,45,077 +97,928 +97.923

The actuals of past years have not been of much help in framing the estimates under this sub-head there being a very wide difference between the figures for various years. The supplementary appropriation of Rs. 1,43,000 obtained on the basis of progressive expenditure for the first nine months of the year (Rs. 84,150) proved high.

-10,50,000 -9,88,445 +61,555 +1,18,000 -55,445Voted Modification was based on the first nine months' actuals (Re. 4.26,788) gir s setuels of late three months of previous year (Rs. 4,95,462).

E. - Deduct. - Commuted value of pensions financed from Ordinary

Revenue :

Non-voted O. -2.25,000 8, (b) +1,38,000 5 -87,000 -28,412 +58,588 +58.588 1,75,000 -2.78,699 -4.53,699 -4.43,000 -10.699

In both these cases, represents difference of the figures recorded under sub-heads B and D. 2; finally adjusted under Grant No. 74- Sub-head J. (q. v.)

Norms. System of accounting .- The net charge under this grant is treated as a debit to repital cut-side the ordinary revenue accounts of the Government of India. All payments on account of commuted value of central civil pensions are brought together in the books of the Accountant General, Central Revenues, under sub-head A .- 2 in the first instance and subsequently transferred in equated payments spread over 15 years through sub-head C. 2 of this grant to sub-head I. 1

of the charged-to-revenue grant No. 74.

Special arrangements have been made between the Central Government and certain provincial Governments with respect to the adjustment of pensions payable at trasquies under the administrative control of one of the parties, but chargeable to another. In the case of the Government of India on the one hand and the Central Provinces, Burma and the Punjab on the other, the arrangement has been that the commuted value of a pension chargeable to one party but paid from a treasury of the other party is paid by the first party to the second, which thereupon undertakes full hability for the pension. The net total of these receipts and payments relating to any two of the parties arising in a conventional year ending with the 30th November is adjusted between the Governments concerned. If this net total between the Central Govern-ment and a provincial Government results in a debit to the former, the charge is shown under sub-head B, and if it represents a not credit it is accounted for as a deduct entry under sub-head D. 2. For transactions of the Government of India with certain other Governments (Bombay, United Provinces, Madras -- in respect of composite pensions and Military) the conventional year is not observed and payment of commuted values is made as each case arises. For the remaining provincial Governments, no system of commuting a pension obtains, the actual charges being debited against the Government concerned as they size. The actual persionary charges, for example of a Bengal pensioner payable in Delhi, would be passed on to the Accountant General, Bengal, each month for debit in his books under grant for Superannuation. From the lat April 1932, the Central Provinces Government has decided to adopt the last form of adjustment.

The total net dehit under sub-heads B and D. 2 of this grant is taken to sub-head J of grant No. 74 through sub-head E of this grant. Variations in the amounts debited to sub-heads B.

D. 2 and E do not therefore affect the not charge against this grant,

## IMPORTANT COMMENTS.

It was stated in the Important Comments under this grant in last year's Report (page 367) that the expenditure under various sub-heads was of a fluctuating nature and difficult to estimate in advance, but that attempts were being made to improve the system of control. Changes of procedure have been introduced which it is hoped will improve the current estimating from 1932-33 but the inherent difficulties of the subject are such that it will not be possible to reach the same degree of accuracy as is attained in other grants.

- 2. A large excess under sub-head A.-2 voted—Payments of commuted value of pensions, non-departmental is responsible for the excess over the voted grant as a whole. For this sub-head estimates made during the course of the year are based on the progress of actuals. This method proved reliable in 1930-31, but was not so in certain other years when insufficient allowance was made for the tendency of the figures to increase. The difficulties of the case are illustrated by the results shown against the non-voted portion of the sub-head, where there was an inexplicable decrease in the demands for commutation of pensions during the last three months of the year as compared with a large increase in the voted portion. Part of latter increase is probably due to retrenchment having increased the number of retirements. On the whole, however, it may be said that in the past (except in 1930-31) the procedure has been defective in not making sufficient allowance for the progressive increases in commutation; due consideration will be given to this point in future as well as to conditions of a general nature which may influence the amount of commutations.
- 3. At the same time it has to be added that this sub-head is not one under which the expenditure is limited by the funds available. It is the policy of Government freely to permit commutations and these are sanctioned whether funds are known to be available or not. Moreover, as the charges appear under a capital head outside the revenue account, fluctuations do not affect the revenue position of the Government of India for the year which is current.
- 4. The system of adjustment under sub-heads B and D.-2 (commuted values of pensions payable to or recoverable from Provincial Governments) is described in the second paragraph of the notes under the Account. If the payment of these commuted values were made with reference to a conventional year ending on the 30th November in all cases the current estimating would be a comparatively simple matter, but as this is not the case recourse has had to be made to the method of estimating on the basis of the progress of actual expenditure. Payments made by provincial Governments to the Government of India under these sub-heads arise in connection with pensions dealt with by other accounts offices and in the past it proved difficult for these offices (other than those which use the conventional year system) to frame estimates of commitments for the closing months of the year.

Smaller transfer of share to Gran					

Smaller transfer of share to Grant No. 73.—Givil Works owing to less works outlay in that grant necessitated the additional appropriation which proved excessive. Corresponding excess occurs in grant No. 73.—Civil Works under sub-head J 3.

There is no excess over the grant voted by the legislature and so no excess grant will be necessary but an unduly large amount was surrendered leaving a final uncovered excess of over 4½ lakhs. This mainly occurred under sub-head E (short recovery of Rs. 90,000 in establishment charges owing to curtailment of works in certain directions), V. 3 (2) (non-receipt of Rs. 92,000 due from the Imperial War Graves Commission) and BB. 1 (Smaller receipts from sale of land owing to postponment of some auctions—Rs. 2,67,000).

The total expenditure for Works, Establishment and Tools and Plant for 1931-32 is given below:-

	Re.
Works expenditure (including Suspense, Tools and Plant, etc.).	22,25,892
Acquisition of land taken up for the Project	19,673
Other Miscellaneous Expenditure	958
Refunds	16,794
Establishment—	WILL DELICATION
(i) Direct charges	7,822
(ii) Joint establishment charges	7,11,162
Deduct-Receipts and recoveries on Capital Account	-15,21,638
ALC: 1	
Total .	14,60,663

#### STORES ACCOUNT FOR THE YEAR 1931-32.

	Ba.
Amount of opening balance	12,23,458 6,49,183
Value of stores utilised, sold or otherwise disposed of Amount of closing balance	18,72,641 0,57,507 0,15,134

#### Observations,

(a) The stock in hand on the 31st March 1932 was revalued to accord with the market prices. The total loss during the year under review comes to about Rs. 1,91,100 and consists of the oll o wing:—

Married States States and the latest states	Re.
Due to the disposal of surplus or unserviceable stores     Due to revaluation of fans and regulators borne on stock	24,790 1,57,400
3. Due to the writing down of the issue rates so as to accord with the market prices 4. Due to other auses	8,600 400
Total	1,91,100
(b) Stores were verified departmentally and no notable differences were	re reported.
(c) The stock in hand is certified to include the following stores:	Rs.
(1) Serviceable stores in excess of the requirements for the next	
(2) Unserviceable stores	7,200
(3) Stores surplus to the requirements of the Department (4) Electric fans and regulators home on stock but in use of the	1,81,200
residential and non-residential buildings	4,10.462

See also note on stores accounting under Grant No. 73 for stores procedure.

#### IMPORTANT COMMENT.

The Government of India have decided, on the recommendation of the Public Works Account and Audit Sub-committee of the Retrenchment Advisory Committee, to close the project estimate for the New Capital at Delhi—Grant No. 97—with affect from 1932-33. In pursuance of these orders, works in progress at the close of the year under report will be carried out in 1932-33 from the grant under "41 Civil Works" and a separate grant for Delhi Capital Outlay will cease to exist. A table showing the total expenditure on the Delhi New Capital Project as compared with the corresponding provisions in the estimates sanctioned from time to time is given below.

Nors 1.—VIII Stock and Suspense: Balances under Suspense amounting to Rs. 11,60,000 at the end of 1931-32 were transferred to '41 Civil Works' on the closure of the project estimate and the residual sum at charge aguss the Project estimate is Rs. 9,95,638 which

represents losses on stock.

Nors 2.—The above figures include the unliquidated balance of loan to the Delhi Joint Water Board amounting to Rs. 17,08,452 at the end of 1931-32. This balance will appear under "Loans and Advances" in the accounts for 1932-33.

NOTE 3.—Excluding the two transfers, vide notes 1 and 2 above, the total net cost of the Project up to the end of 1931-32 may be taken at Rs. 14,49,80,783.

## GRANT No. 98.-INTEREST FREE ADVANCES.

ACCOUNT of the Sum Expended, in the Year ended 31 March 1932, compared with the Sum Granted, for the INTEREST FREE ADVANCES.

Actual Excess + Net Remainder Final Expendi- Saving -. resppro-Appro-Major Head and Sab-head. adjusted priation printion. ture. or surrender. + or -.

Rs. Ra. Ra. Rs. A .- Advances Repayable, India -- Excluding all book-keeping adjustments and advances on which interest is charged :

A. L.-Civil Advances 59.74,000 54.11.682 -5.62,318 -5.37,000 -25,318 Savings partly on account of restricted transfers of Government servants as a measure of economy and partly for grant of advances on the basis of reduced pay coupled with smaller demand for Passage Advances.

A. I.—Advances Recoverable, Posts and Telegraphs 15,00,000 6,76,656 —8,23,344 —5,00,000 —23,344

The original estimate included a provision for book-keeping adjustments which was later eliminated by surrender. The final savings were for the same reasons as in A I.

A. 3.-Advances Recoverable, -2.000 -2.85043,000 38,150 -4.850Military and Marine

A. 4. -Advances Recoverable, +1,000 -1,000 Railways

The re-appropriation from A(1) to cover anticipated expenditure proved unnecessary.

B .- Advances Repayable, Englandexcluding all book-keeping

adjustments . 13,000 18,485 +5,485+5,495

Expenditure much above normal, increase being largely due to payments on account of repatriation which are to be recovered and credited in the accounts subsequently.

C .- Bronze Coinage Account :

C. 1,-Bronze Mintage Ac--46 count-Purchase of metal 25,000 954 -24,046 -24,000

Due to the cessation of coinage operations as a result of depressed economic conditions. The anticipated saving of Rs. 24,000 was surrendered to the Government of India.

C. 2.-Profit on Bronze Coinage Account—Charges for destruction of Coins

1,21,000 -1,21,000 -1,21,000

Profits arising out of the circulation of copper and nickel coins after deducting the loss on the dostruction of uncurrent coins returned from circulation are credited to the Mint Revenue. head. Budget was framed on the assumption that there would be profit on copper and nickel comage. At the time of preparing the Revised Estimates it became evident that there would be a loss instead of profit. There was a teturn of coin from circulation instead of absorption. The provision for the less was accordingly made under the service head 39-Mint and the provision entered under this head was surrendered to the Government of India as it became redundant. The actual loss under the head was Rs. 1,71,801 which for the reasons stated above has been emitted from the Appropriation Accounts under this head.

D .- Nickel Coinage Account :

D. 1.-Profit on Nickel Coinage Account

D. I.(1).-Charges for destruc-

tion of coins 2,25,000 -2,26,000 -2,26,000

See C. (2). The actual charge on this account, viz., Rs. 2,69,860 has been omitted for the reasens stated above.

D. 1. (2).-Loss on sale of 27,000 surplus metal -27,000 -27,000

There was no sale of surplus nickel during the year as originally anticipated when framing the estimates and the entire provision was surrendered to the Government of India.

> Total 79,29,000 61,45,927 -17,83,073 -17,36,000

#### GRANT No. 99 .- LOANS AND ADVANCES BEARING INTEREST.

ACCOUNT of the Sum Expended, in the Year ended 31 March 1932, compared with the Sum Granted, for LOANS AND ADVANCES BEARING INTEREST.

Remainder Net Final Actual Excess + reapproadjusted Expendi-Saving priation Major Head and Sub-head. Approor surrender. +or -. pristion. ture. Rs. Ra. Ra. Re. Ru

A .- Loans and Advances by the Central Government:

A. 1.—Advances to the Provincial Loans Fond

0. 6,29,00,000 } 13,07,00,000 11,79,42,000 —1,27,58,000+5,00,000 —1,32,58,000

The supplementary provision was obtained for making additional advances from the Provincial Loans Fund to several Governments to cover overdrawals of balances and for financing certain capital expenditure. The addition of Rs. 5,00,000 sanctioned by reappropriation in March proved unnecessary, as the actual overdraft fell much short of the estimates in the case of Bombay, United Provinces, Punjab and Assam.

A. 3.-Loans to Indian States, Local Funds, etc. :

The additional appropriation was made to cover anticipated excess expenditure on the Sutlej Valley Project. Saving in the modified allotment was due to curtailment of expenditure as a result of the recommendation of the Sutlej Valley Project Enquiry Committee which was not available at the time of preparation of the Bevised Estimate.

Reappropriation on account of smaller advances to Political pensioners than anticipated.

Unforcescen expenditure in the Punjab (Rs. 5,000) caused the final excess.

A. 3 (3).— Loans to Mofussil Municipalities 1,00,000 2,50,000 +1,50,000 +1,50,000 ...

A provision of Rs. 1 lakh only was made in the estimates for part payment of the loan of Rs. 2,50,000 to the Quetta Municipality annetioned by the Government of India. As the balance of Rs. 12 lakhs was also required during 1931-32 if was met out of the Reserve of 10 lakhs at the disposal of Government of India, Finance Department. See Note 2.

A. 3 (5).—Advances under special laws . . 2,000 .. —2,000 —2,000 —

The provision made for the loans to the Istimardars of Ajmer was not utilized.

A. 3 (6).—Advances to cultivators . 5,28,000 2,31,141 —2,96,859 —1,84,000 —1,12,859

Due to smaller payments. Savings occurring chiefly in Delhi, Peluchistan and the North West Frontier Province were not fully surrendered.

A. 3 (7).—Miscellaneous Loans and Advances . 2,97,505 +2,97,505 +3,12,000 —14,495

The expenditure includes grant of a loan of Rs. 95,400 to the Notified Area Committee, Shahdara for water supply scheme, and for the relief of sufferers from the earthquake in Baluchistan and Rs. 2,00,000 to the Aden Settlement Fund for water supply and drainage scheme. The final saving is due to partial utilisation of the appropriation for loan in connection with the earthquake in Baluchistan.

A. 3 (8).—Loans to Port Funds 7,52,000 4,52,052 -2,99,948 -3,00,000 #52

The Port of Chittagong did not require the full amount of the loan provided for. Hence the reduction in appropriation.

Major Head and Sub-head.	Final Appro- pristion.	Actual Expendi- ture.		- reappro	Remainder un- adjusted ler.+ or —.
	Ra.	Re.	Rs.	Rs.	Rs.

A. 4.—Loans to Government Servants :

The local estimates which were based on past actuals proved too generous. The saving is partly due to fewer applications and partly to the fact that the ancunts certified by the audit officers were not drawn on as the legal formalities were not completed before the close of the year. Steps have been taken to minimise such savings in future.

The local estimates were based on past actuals. There was however a much smaller demand than anticipated due to the cut in salaries of officers.

For advances for the purboase of type-writers in Madras. The additional allerment which was based on the progress of actuals of the earlier months was not utilised in full ewing to the cut in salaries.

#### NOTES.

1. The large saving under Sub-head A. 1. contributes mainly to the large saving in this Grant.

2. Amounts totalling Rs. 9,69,000 were sanctioned out of the Reserve provision (Subhead B) to meet excesses under the following sub-heads:

										Ba.
A. 8 (1)	141				44	- 17		٠,		5,03,000
A. 3:(3)		4		100			-			1,50,000
A. 3 (7)						-		٠.	1.5	3,10,000
A. 4 (I)			1.			10.0	60		(4)	5,000
A. 4 (4)			7.0			9	*	1	74	1,000
				Tota	d ¥	1917	4.1	12	:41	9,69,000

The final savings that accrosed under Sub-heads A. 3 (1), A. 4 (1) and A. 4 (4) indicate that there was no need for transfer to these sub-heads.

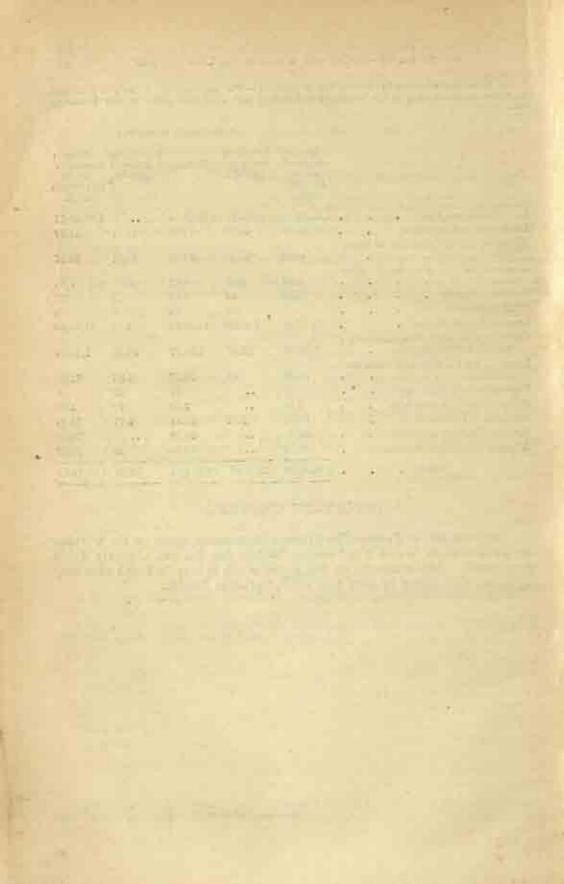

3. Loans and advances by the Government of India.—The transactions under this head and the balances outstanding at the beginning and end of the year are given in the following table:—
