MAA - Foundation of Family

Mother or 'Maa' in Hindi, is that entity, not bound by species or races, which gives birth to an offspring, the next generation of life. In this process is so critical to the continuation of life on this planet, she passes on all characteristics, traits and implicit knowledge (both suppressed and repressed) generically and otherwise. She pours her mind, body and soul into creating her progeny and remains the only sentient being to do so till date. While this is overwhelming in itself, we need to look past just the physical manifestations of her contribution and take a moment to appreciate the intellectual, moral, spiritual and behavioural evolution that she affects. From the lesser evolved chordates to the highly complex humans, the mother is the first true teacher of her offsprings. If we imagine new life as a large fresh blank canvas, something which could go on to be anything from a lion's dinner to the Prime Minister of India, we realize the importance of the mother even more. She makes the first scribbles on this canvas, introducing her child to the world from her perspective, and eventually frees them to lead an independent life. It is an amazing journey of motherhood since time immemorial. Today, it seems very different picture of the world on the it' canvas, the mind becomes painful. To study in detail about Mothers, Foundation for Holistic Development in Academic Field (FHDAF) travelled on silk route to London (UK) covering 20 countries and 23657 km in 60 days, conducting meetings with mothers at many places. The countries, travelled, were Nepal, China, Kazakhstan, Uzbekistan, Turkmenistan, Iran, Azerbaijan, Georgia, Turkey, Bulgaria, Serbia, Croatia, Slovenia, Italy, France, Switzerland, Germany, Netherlands, Belgium and UK. The journey started from 10 Sept 2018.

Bharatiya Shikshan Mandal is working with a big concept to establish the concept of '**Parivar Bane Pathshala**' (परिवार बने पाठशाला) on a more powerful and global platform. In Bharatiya Shikshan Mandal, Mahila Prakalpa designs family based programme and activates to infuse Bharatiya values and culture into children's upbringing. The child become a good citizen when his development is holistic that means when his physical, social, emotional, intellectual and spiritual development is proper, they will be a good citizen. In the Indian families, the holistic development of children begins from the home, at a tender age. So we can say that family is the children's first school where they learn languages, alphabets, numbers, tables etc. even they also learn manners, etiquettes, values which are called SANSKARAS.

The International Conference of Global Mother's 2019 is the sequel of **MOTHERS ON WHEELS OUT TO HEAL THE WORLD** campaign.

Foundation for Holistic Development in Academic Field

Foundation for Holistic Development in Academic Field (Section 8 Licence Number 111176) is actively involved in extending its helping hand to the students of border areas like Jammu & Kashmir and North East States through projects like EHSAS (Enhancing Harmony by Serving Above Self), counselling, Mother, First Lady of the Academic Institutions etc. FHDAF strongly believes that our borders will be safe when the people of border areas become an integral part of the country and this can be achieved only through an unconditional motherly approach. The organization works under four projects called EHSAS, Counselling, Gurumata (First Lady Concept) and Mother.

Indira Gandhi National Centre for the Arts

Indira Gandhi National Centre for the Arts was established in 1987 as autonomous institution under the Ministry of Culture, as a centre for research, academic pursuit and dissemination in the field of the arts. IGNCA has 6 functional units- Kala Nidhi, the multi form library; Kala Kosa, devoted mainly to the study and publication of fundamental texts in Indian languages; Janpad Sampada, engaged in in lifestyle studies; Kaladarshan, the exucutive units which transforms researches and studies emanating from IGNCA into visible forms through exhibitions. Under the Nari Samvad Prakalp (NSP) IGNCA seeks to revisit, review & reinterpret Indian intellectual and traditional knowledge sources form the point of view of women.

Bharatiya Shikshan Mandal

Bharatiya Shikshan Mandal founded on the auspicious day of Ramnavami in the year 1969 is working with the objective of national resurgence in the field of education. It aims at evolving National Education Policy, Curriculum, System & Methodology based on integral Bhartiya vision 'Parivar Bane Pathshala' rooted in its eternal ethos and centred at overall development of the country. A number of educational Intellectual and experimental activities are being conducted in all parts of the country both at school and higher education levels to actualized this noble mission of re-establishing Bhartiya Education System.

Vishwagram

The system of living a life inspired by the values of human virtues is called culture. Vishwagram does not, in fact, merely symbolizes the name of another organization. It is essentially a cultural, spiritual and humane concept. The spirit of the Vishwagram, "VASUDHAIVA KUTUMBAKAM" (whole world is one family) with the thinking of everyone's interest is the basic foundation of Indian culture as

"आ नो मद्राः क्रतवो यन्तु विश्वतः" (Let noble thoughts come to us from everywhere) Vishwagram works on the background of *Ekatma Manavad*. This Integral idea was not only done with the whole society, creation or culture, but also as a unit of society, the person also presents the philosophy of integrated elevation.
