

**śrīmad-bhāgavata-śrīdhari-ṭīkā**

**bhāvārtha-dīpikā**

The following text is a transcription of Śrī Paṇḍita Rāmateja Pāṇḍeya's edition of *Bhāvārthatāpikā* published by Caukhambā Saṁskṛta Pratiṣṭhāna in Vraja-jīvana Prācyā-bhāratī Grantha-mālā series (28), reprinted in 1987. Alternative readings in the footnotes are almost entirely only those given by the Paṇḍita. I haven't included his other notes on the text of the Bhāgavata and of the *ṭīkā*. Needs proofreading. <sup>105</sup> In the Gītāpress editon and translation of the Bhāgavata Purāṇa by C. L. Goswami it is stated that verses 34 and 35 are missing in the oldest manuscript yet found of Śrīmad Bhāgavata, existing in the Saraswati Bhavana Library attached to the Queen's College at Vārāṇasī. Vijayadhvaja rejected these two verses as well as the one immediately preceding them as interpolated.
