# Sri Aurobindo: The Grand Synthesis

By  
**Dr V. Ananda Reddy**

### About the Book

The book presents, in a nutshell, the essence of about ten major works of Sri Aurobindo. The author has highlighted a few ideas from each work and explained them in a crisp but simple manner. Sri Aurobindo stands for a Grand Synthesis of East and West, of Spirit and Matter and of all that seems contradictory in the world.

This aspect has been brought out very clearly by the author in a few pages.

**IGNCA has published this book to commemorate  
Sri Aurobindo's 150th Birth Anniversary**
